**NOTICE OF ANNUAL MEETING OF SHAREHOLDERS**

**To Be Held On May 28, 2015**

Dear Shareholder:

You are cordially invited to attend the 2015 annual meeting of shareholders of Zumiez Inc., a Washington corporation. Zumiez is also referred to as we, our, us and the Company. The meeting will be held on Thursday, May 28, 2015 at 1:00 p.m. (Pacific Time) at our headquarters located at 4001 204<sup>th</sup> Street SW, Lynnwood, Washington 98036 for the following purposes:

1. To elect three directors to hold office until our 2018 annual meeting of shareholders;
2. To consider and act upon a proposal to ratify the selection of Moss Adams LLP as our independent registered public accounting firm for the fiscal year ending January 30, 2016 ( fiscal 2015 ); and
3. To conduct any other business properly brought before the meeting.

These items of business are more fully described in the Proxy Statement accompanying this Notice.

Our board of directors recommends a vote **For** Items 1 and 2. The record date for the annual meeting is March 16, 2015. Only shareholders of record at the close of business on that date may vote at the meeting or any adjournment or postponement thereof.

Under the Securities and Exchange Commission ( SEC ) rules that allow companies to furnish proxy materials to shareholders over the Internet, we have elected to deliver our proxy materials to the majority of our shareholders over the Internet. The delivery process will allow us to provide shareholders with the information they need, while at the same time conserving natural resources and lowering the cost of delivery. On or about April 17, 2015, we mailed to our shareholders a Notice of Internet Availability of Proxy Materials (the Notice ) containing instructions on how to access our fiscal year ending January 31, 2015 ( fiscal 2014 ) Proxy Statement and 2014 Annual Report to Shareholders. The Notice also provides instructions on how to vote online or by telephone and includes instructions on how to receive a paper copy of the proxy materials by mail.

**YOUR VOTE IS IMPORTANT!**

Whether or not you attend the annual meeting, it is important that your shares be represented and voted at the meeting. Therefore, we urge you to promptly vote online, by telephone, or if you received a paper copy of the voting card, submit your proxy by signing, dating and returning the accompanying proxy card in the enclosed prepaid return envelope. If you decide to attend the annual meeting and you are a shareholder of record, you will be able to vote in person even if you have previously submitted your proxy.

**PROXY STATEMENT**

**FOR THE ANNUAL MEETING OF SHAREHOLDERS**

**TO BE HELD MAY 28, 2015**

**QUESTIONS AND ANSWERS**

**Why am I receiving these proxy materials?**

We are making available to you this proxy statement and the accompanying proxy card because the board of directors of Zumiez Inc. ( Zumiez, we, us and the Company ) is soliciting your proxy to vote at our 2015 annual meeting of shareholders. You are invited to attend the annual meeting to vote on the proposals described in this proxy statement. Should you choose to attend, you must be ready to present proof of your ownership of Zumiez stock as of the record date, March 16, 2015, to attend the meeting. However, you do not need to attend the meeting to vote your shares. For more information on voting, see information below under the section heading How do I vote?

We intend to mail or otherwise make available this proxy statement and the accompanying proxy card on or about April 17, 2015 to all shareholders of record entitled to vote at the annual meeting.

**Who can vote at the annual meeting?**

Only shareholders of record at the close of business on March 16, 2015, the record date for the annual meeting, will be entitled to vote at the annual meeting. At the close of business on the record date, there were 29,507,918 shares of common stock outstanding and entitled to vote.

*Shareholder of Record: Shares Registered in Your Name*

If, at the close of business on the record date, your shares were registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, then you are a shareholder of record. As a shareholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you vote your proxy to ensure your vote is counted.

*Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Agent*

If, at the close of business on the record date, your shares were not held in your name, but rather in an account at a brokerage firm, bank or other agent, then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by your broker, bank or other agent. The broker, bank or other agent holding your account is considered to be the shareholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct your broker, bank or other agent on how to vote the shares in your account. You are also invited to attend the annual meeting. Should you choose to attend, you must be ready to present proof of your ownership of Zumiez stock as of the record date, March 16, 2015, in order to attend the meeting. However, since you are not the shareholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid legal proxy issued in your name from your broker, bank or other agent. For more information about a legal proxy, see the information, below, under the section heading How do I vote? *Beneficial*

*Owner: Shares Registered in the Name of Broker, Bank or Other Agent.*

## What am I voting on?

You are being asked to vote on the following matters:

Election of three directors (Proposal 1); and

To consider and act upon a proposal to ratify the selection of Moss Adams LLP as our independent registered public accounting firm for the fiscal year ending January 30, 2016 ( fiscal 2015 ) (Proposal 2). When you vote your proxy, you appoint Chris K. Visser and Richard M. Brooks as your representatives at the meeting. When we refer to the named proxies, we are referring to Mr. Visser and Mr. Brooks. This way, your shares will be voted even if you cannot attend the meeting.

## How do I vote?

For Proposals 1 and 2, you may vote For, Against or Abstain from voting (for the election of directors, you may do this for any director nominee that you specify). The procedures for voting are as follows:

### *Shareholder of Record: Shares Registered in Your Name*

If you are a shareholder of record, you may vote in person at the annual meeting, via the internet, by telephone or by proxy card. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person if you have already voted by proxy.

To vote in person, come to the annual meeting and we will give you a ballot when you arrive. Please be prepared to present proof of your ownership of Zumiez stock as of March 16, 2015.

To vote via the internet You may vote online at [www.proxyvote.com](http://www.proxyvote.com). Voting on the internet has the same effect as voting by mail or by telephone. If you vote via the internet, do not return your proxy card and do not vote by telephone. Internet voting will be available until 11:59 p.m. Eastern time, May 27, 2015.

To vote by telephone You may vote by telephone by calling 1-800-690-6903 and following the automated voicemail instructions. Voting by telephone has the same effect as voting by mail or via the internet. If you vote by telephone, do not return your proxy card and do not vote via the internet. Telephone voting will be available until 11:59 p.m. Eastern time, May 27, 2015.

To vote using the proxy card, simply complete, sign and date the proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the annual meeting, we will vote your shares as you direct.

### *Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Agent*

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, you should have received a proxy or voting instruction form with these proxy materials from that organization rather than from us. You

Edgar Filing: Zumiez Inc - Form DEF 14A

can vote by using the proxy or voting information form provided by your broker, bank or other agent or, if made available, vote by telephone or via the internet. To vote in person at the annual meeting, you must obtain a legal proxy from your broker, bank or other agent. Under a legal proxy, the bank, broker, or other agent confers all of its rights as a record holder (which may in turn have been passed on to it by the ultimate record holder) to grant proxies or to vote at the meeting. Follow the instructions from your broker, bank or other agent included with these proxy materials, or contact your broker, bank or other agent to request a legal proxy. Please allow sufficient time to receive a legal proxy through the mail after your broker, bank or other agent receives your request.

### **How many votes do I have?**

On each matter to be voted upon, you have one vote for each share of Zumiez common stock you own as of the close of business on March 16, 2015, the record date for the annual meeting.

### **What if I return a proxy card but do not make specific choices?**

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted in the following manner:

For the election of all nominees for director (Proposal 1); and

For the ratification of the selection of Moss Adams LLP as our independent registered public accounting firm for fiscal 2015 (Proposal 2).

If any other matter is properly presented at the meeting, one of the named proxies on your proxy card as your proxy will vote your shares using his discretion.

### **Who is paying for this proxy solicitation?**

We will pay for the entire cost of soliciting proxies. In addition to mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners. We have retained Advantage Proxy to act as a proxy solicitor in conjunction with the annual meeting. We have agreed to pay Advantage Proxy approximately \$4,000 for proxy solicitation services.

### **What does it mean if I receive more than one proxy card?**

If you receive more than one proxy card, your shares are registered in more than one name and/or are registered in different accounts. Please complete, sign and return **each** proxy card to ensure that all of your shares are voted. Alternatively, if you vote by telephone or via the internet, you will need to vote once for each proxy card and voting instruction card you receive.

### **Can I change my vote after voting my proxy?**

Yes. You can revoke your proxy at any time before the applicable vote at the meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

You may submit another properly completed proxy with a later date.

You may send a written notice that you are revoking your proxy to our Secretary, Chris K. Visser, at 4001 204<sup>th</sup> Street SW, Lynnwood, Washington 98036.

You may attend the annual meeting and vote in person (if you hold your shares beneficially through a broker, bank or other agent you must bring a legal proxy from the record holder in order to vote at the meeting).

If your shares are held by your broker, bank or other agent, you should follow the instructions provided by them.

**What is the quorum requirement?**

A quorum of shareholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the outstanding shares as of the close of business on the record date are represented by shareholders present at the meeting or by proxy.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other agent) or if you vote in person at the meeting. Generally, abstentions and broker non-votes (discussed below in *How are votes counted?*) will be counted towards the quorum requirement. If there is no quorum, a majority of the votes present at the meeting may adjourn the meeting to another date. **Your vote is extremely important, so please vote.**

### **How are votes counted?**

Votes will be counted by the inspector of election appointed for the meeting, who will separately count For, Against and Abstain and broker non-votes (described below, if applicable) for Proposals 1 and 2. Abstentions and broker non-votes will not be counted as votes cast for any proposal.

If your shares are held by your broker, bank or other agent as your nominee (that is, in street name), you will need to obtain a voting instruction form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker, bank or other agent to vote your shares. If you do not give instructions to your broker, bank or other agent, they can vote your shares with respect to discretionary items, but not with respect to non-discretionary items. Under the rules of the New York Stock Exchange, the election of directors (Proposal 1) is considered a non-discretionary item while the ratification of the selection of Moss Adams LLP as our independent registered public accounting firm (Proposal 2) is considered a discretionary item. Accordingly, if your broker holds your shares in its name, the broker is not permitted to vote your shares on Proposal 1 but is permitted to vote your shares on Proposal 2 even if it does not receive voting instructions from you because Proposal 2 is considered discretionary. When a broker votes a client's shares on some but not all of the proposals at the annual meeting, the missing votes are referred to as broker non-votes. Broker non-votes will be included in determining the presence of a quorum at the annual meeting but are not considered present or a vote cast for purposes of voting on the non-discretionary items. **Please vote your proxy so your vote can be counted.**

### **How many votes are needed to approve each proposal?**

Under Washington corporation law, our Articles of Incorporation and our bylaws, if a quorum exists, the approval of any corporate action taken at a shareholder meeting is based on votes cast. Votes cast means votes actually cast For or Against Proposals 1 and 2, whether by proxy or in person. Abstentions and broker non-votes (discussed previously) are not considered votes cast. Each outstanding share entitled to vote with respect to the subject matter of an issue submitted to a meeting of the shareholders shall be entitled to one vote per share.

*Proposal 1.* As described in more detail below under Election of Directors, we have adopted majority voting procedures for the election of directors in uncontested elections. As this is an uncontested election, the director nominees will be elected if the votes cast For a nominee's election exceed the votes cast Against the director nominee. There is no cumulative voting for the election of directors.

*Proposal 2.* For the ratification of the selection of our independent registered public accounting firm for fiscal 2015, if the number of For votes exceeds the number of Against votes, then Proposal 2 will be ratified.

If you abstain from voting on any of the proposals, or if a broker or bank indicates it does not have discretionary authority to vote on any particular proposal, the shares will be counted for the purpose of determining if a quorum is present, but will not be included in the vote totals as a vote cast with respect to the proposal in question. Furthermore, any abstention or broker non-vote (a broker non-vote is explained previously in *How are votes counted?*) will have no effect on the proposals to be considered at the meeting since these actions do not represent votes cast by shareholders.

### **How can I find out the results of the voting at the annual meeting?**

Preliminary voting results will be announced at the annual meeting. Final voting results will be published on Form 8-K with the Securities and Exchange Commission ( SEC ) within four business days after the annual meeting.

### **Director Qualifications**

The board of directors believes that it is necessary for each of the Company's directors to possess many qualities and skills and the composition of our board of directors has been designed to allow for expertise in differing skill sets. The governance and nominating committee is responsible for assisting the board in matters of board organization and composition and in establishing criteria for board membership. A detailed discussion of these criteria and how they are utilized is set forth below under Membership Criteria for Board Members. Also, the procedures for nominating directors are set forth below under Director Nomination Procedures.

Information as of the date of this proxy statement about each nominee for election this year and each other current director is included below under Election of Directors. The information presented includes information each director has given us about his or her age, all positions he or she holds, his or her principal occupation and business experience for the past five years and the names of other publicly-held companies of which he or she currently serves as a director or has served as a director during the past five years. In addition, information is also presented below regarding each nominee's and current director's specific experience, qualifications, attributes and skills that led our board to the conclusion that he or she should serve as a director. We also believe that all of our director nominees and current directors have a reputation for integrity, honesty and adherence to high ethical standards.

Information about the number of shares of common stock beneficially owned by each director appears under the heading Security Ownership of Certain Beneficial Owners and Management. There are no family relationships among any of the directors and executive officers of the Company.

### **Board Leadership**

We separate the roles of Chief Executive Officer ( CEO ) and Chairman of the Board ( Chairman ) in recognition of the differences between the two roles. Our CEO, Richard M. Brooks, is responsible for setting the strategic direction for the Company and the day to day leadership and performance of the Company, while our Chairman, Thomas D. Campion, provides guidance to the CEO and sets the agenda for board meetings and presides over meetings of the full board of directors. Because Mr. Campion is an employee of the Company and is therefore not independent, our board has appointed the chairperson of our governance and nominating committee, Sarah G. McCoy, as the Company's lead independent director. The lead independent director has responsibility to:

call, lead and preside over meetings of the independent directors, which meet in private executive sessions at each board meeting;

call special meetings of the board of directors on an as-needed basis;

set the agenda for executive sessions of meetings of the independent directors;

facilitate discussions among the independent directors on key risks and issues and concerns outside of board meetings;

brief the Chairman and CEO on issues that arise in executive session meetings;

serve as a non-exclusive conduit to the Chairman and CEO of views, concerns and issues of the independent directors; and

collaborate with the Chairman and CEO on setting the agenda for board meetings.

## **Membership Criteria for Board Members**

The governance and nominating committee of the board is responsible for establishing criteria for board membership. This criteria includes, but is not limited to, personal and professional ethics, training, commitment to fulfill the duties of the board of directors, commitment to understanding the Company's business, commitment to engage in activities in the best interest of the Company, independence, industry knowledge and contacts, financial and accounting expertise, leadership qualities, public company board of director and committee experience and other relevant experience and qualifications. These criteria are referenced in the Company's Corporate Governance Guidelines and in Exhibit A to the governance and nominating committee's charter, both available at <http://ir.zumiez.com> under the Governance section. The board also has the ability to review and add other criteria, from time to time, that it deems relevant. Specific weights are not assigned to particular criteria and no particular criterion is necessarily applicable to all prospective nominees.

The criteria referenced above are used as guidelines to help evaluate the experience, qualifications, skills and diversity of current and potential board members. With respect to diversity, we broadly construe it to mean diversity of race, gender, age, geographic orientation and ethnicity, as well as diversity of opinions, perspectives, and professional and personal experiences. Nominees are not discriminated against on the basis of race, religion, national origin, sexual orientation, disability or any other basis proscribed by law. The board believes that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the board to fulfill its responsibilities.

## **Risk Oversight**

The board takes an active role, as a whole and also at the committee level, in helping the Company evaluate and plan for the material risks it faces, including operational, financial, legal and regulatory and strategic and reputational risks. As part of its charter, the audit committee discusses with management the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management policies. The compensation committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The governance and nominating committee manages risks associated with corporate governance, including risks associated with the independence of the board and reviews risks associated with potential conflicts of interest affecting directors and executive officers of the Company. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire board is regularly informed through committee reports about such risks. Furthermore, at least annually, the board conducts an independent session where they outline the risks that they believe exist for the Company and the broader retail industry and compares these with the risks outlined by management. Subsequent to this evaluation, management prioritizes the identified risks along with strategies to manage them or address how the Company intends to mitigate these risks. Additionally, the board exercises its risk oversight function in approving the annual budget and quarterly re-forecasts and in reviewing the Company's long-range strategic and financial plans with management. The board's role in risk oversight has not had any effect on the board's leadership structure.

## **Director Compensation**

The goal of our director compensation is to help attract, retain and reward our non-employee directors and align their interests with those of the shareholders. Our desired goal for total director compensation (cash and equity) is to be at the 50th percentile of comparable companies based on our compensation consultant's competitive survey results.

The Company pays its non-employee directors an annual fee for their services as members of the board of directors. Each non-employee director receives an annual cash retainer of \$38,100 and the lead independent director receives an additional \$23,500. The audit committee members receive cash compensation of \$12,700 with the chairperson receiving \$25,400 per year. The compensation committee members receive cash compensation of \$9,500 with the

chairperson receiving \$19,000 per year. The governance and nominating

committee member receives cash compensation of \$6,400 with the chairperson receiving \$12,800 per year. Directors appointed in an interim period receive pro-rata retainer fees based on the number of meetings they attend between annual shareholder meetings. The committee chairperson and the respective committee members are paid rates commensurate with the duties and responsibilities inherent within the position held.

Additionally, the Company issues restricted stock awards to its non-employee directors. The board believes such awards provide alignment with the interests of our shareholders. Directors appointed in an interim period receive pro-rata restricted stock awards based on the number of meetings they attend between annual shareholder meetings.

The Company reimburses all directors for reasonable expenses incurred to attend meetings of the board of directors. Non-employee directors may elect to have a portion, or all, of their annual retainer be used for the reimbursement of travel expenses in excess of those that the Company considers to be reasonable.

The following table discloses the cash and stock awards earned by each of the Company's non-employee directors during the fiscal year ending January 31, 2015 ( fiscal 2014 ).

Name	Fees Earned or Paid in		Total (\$)
	Cash (\$)	Stock Awards (1) (\$)	
Matthew L. Hyde	54,000	85,300	139,300
Ernest R. Johnson	63,500	85,300	148,800
Sarah (Sally) G. McCoy	87,100	85,300	172,400
Gerald F. Ryles (2)	69,800	85,300	155,100
Travis D. Smith	57,925	85,300	143,225
James M. Weber	54,000	85,300	139,300
Kalen F. Holmes (3)	42,900	63,900	106,800

(1) This column represents the aggregate grant-date fair value of restricted stock awards calculated in accordance with FASB ASC Topic 718, excluding the impact of estimated forfeitures related to service based vesting conditions. For assumptions used in determining these values, please see Note 2 (listed under Stock Compensation) in the Notes to Consolidated Financial Statements in our fiscal 2014 Form 10-K.

On May 21, 2014, the day of the annual shareholder meeting, the Company awarded 3,193 shares of restricted stock to each of the then current directors with a grant-date fair value of \$85,300. This excludes Kalen Holmes who was subsequently appointed, as noted below. The stock awards will vest on May 21, 2015.

(2) Mr. Ryles passed away on March 5, 2015.

(3) Ms. Holmes was appointed to the board of directors on December 2, 2014. Ms. Holmes was awarded 1,814 shares of restricted stock with a grant date fair value of \$63,900. This stock award will vest on May 21, 2015.

## PROPOSAL 1

### ELECTION OF DIRECTORS

The Company currently has eight director positions. The directors are divided into three classes so that approximately one-third of the directors are elected each year for three-year terms. Directors are elected to hold office until their successors are elected and qualified, or until resignation or removal in the manner provided in our bylaws. Three directors are nominees for election this year and each has consented to serve a three-year term ending in 2018. The remaining directors will continue to serve the terms set out below.

On March 5, 2015, Zumiez was informed of the death of director Gerald F. Ryles, who passed away on March 5, 2015. Mr. Ryles served as a director of the Company since 2005 and will be greatly missed. Mr. Ryles served as the Chair of the Compensation Committee and also served on the Audit Committee. On March 11, 2015, at a regularly scheduled Board of Directors meeting, the Company named director Mr. Travis Smith to serve as the new Chairperson of the Compensation Committee.

The nominees for director in an uncontested election, such as this one, will be elected if the votes cast in favor of a nominee's election exceed the votes cast opposing such nominee's election. Abstentions and broker non-votes are not considered votes cast. Likewise, a share otherwise present at the meeting as to which a shareholder gives no authority or direction to vote is also not considered a vote cast.

In a contested election, the directors shall be elected by a plurality of the votes cast. A contested election means an election of directors of the Company in which the number of nominees for any election of directors nominated by (i) the board of directors, or (ii) any shareholder pursuant to Article 1, Section 10 of the Company's bylaws, or (iii) a combination of nominees by the board of directors and any shareholder pursuant to Article I, Section 10 of the Company's bylaws, exceed the number of directors to be elected.

A nominee for director in an uncontested election who does not receive the requisite votes for election, but who was a director at the time of the election, shall continue to serve as a director for a term that shall terminate on the date that is the earlier of: (i) ninety (90) days from the date on which the voting results of the election are certified, (ii) the date on which an individual is selected by the board of directors to fill the office held by such director, which selection shall be deemed to constitute the filling of a vacancy by the board of directors, or (iii) the date the director resigns. Except in the foregoing sentence, a director who failed to receive a majority vote for election will not participate in the filling of his or her office. If none of the directors receive a majority vote in an uncontested election, then the incumbent directors (a) will nominate a slate of directors and hold a special meeting for the purpose of electing those nominees as soon as practicable, and (b) may in the interim fill one or more offices with the same director(s) who will continue in office until their successors are elected. If, for any reason, the directors shall not have been elected at any annual meeting, they may be elected at a special meeting of shareholders called for that purpose in the manner provided by the Company's bylaws.

We invite and recommend all of our directors and the nominees for director to attend our annual meeting of shareholders.

### Nominees for Election for Terms Expiring in 2018

*Richard M. Brooks, 55*, has served as our CEO since June 2000. From August 1993 through June 2000, he served as a Vice President and our Chief Financial Officer. From November 1989 until February 1992, Mr. Brooks was with Interchecks, Inc., a subsidiary of Bowater PLC, as a finance officer. Mr. Brooks was with Deloitte, Haskins & Sells, currently known as Deloitte LLP, from July 1982 to March 1989. Mr. Brooks holds a B.A. in Business from the University of Puget Sound. Mr. Brooks has served on the University of Puget Sound Board of Trustees from May

2002 to the present and he currently chairs its Board of Trustees as well as its Compensation and Executive Committees.

*Director Qualifications:* Mr. Brooks' day to day leadership as our CEO provides him with detailed knowledge of our business and operations. Mr. Brooks provides generational leadership, sales, marketing, merchandising and brand building experience and expertise. Mr. Brooks has demonstrated a record of innovation, achievement and leadership. This experience provides the board with a unique perspective into the operations and vision of Zumiez. Mr. Brooks' particular knowledge and experience with Zumiez and its competition helps the Company formulate short and long-term strategies that have helped Zumiez differentiate itself in the specialty niche of the action sports retail business. As one of the Company's largest shareholders, Mr. Brooks' interest is aligned with other Zumiez shareholders' interests to increase the long-term value of the Company.

*Matthew L. Hyde, 52,* was appointed to our board in December 2005 and is the Chief Executive Officer and President at West Marine, Inc. where he joined in June 2012. He also serves on the Board of Directors at West Marine, Inc. Previously he served as an Executive Vice President of Recreational Equipment Inc. (REI), where he had been since 1986, responsible for Marketing, Direct Sales, Real Estate and Retail operations. Mr. Hyde previously led REI's online division, championing its award-winning multi-channel strategy. He currently serves on the board of the YMCA of the USA, and holds a Bachelor's of Science degree from Oregon State University.

*Director Qualifications:* Mr. Hyde's background in a retail company, including his online retail and brand marketing experience, is of critical importance to the board. Mr. Hyde also provides critical merchandising and brand building expertise because of his long tenure in specialty retail. Mr. Hyde's successful expertise in building a retail brick and mortar, direct and multi-channel strategy provides insight and experience as the Company plans its growth in these channels of distribution.

*James M. Weber, 55,* was appointed to our board in April 2006 and is the Chairman and CEO of Brooks Sports Inc., a leading running shoe and apparel company, where he has been since 2001. Mr. Weber's experience also includes positions as Managing Director of U.S. Bancorp Piper Jaffray Seattle Investment Banking practice, Chairman and CEO of Sims Sports, President of O'Brien International, Vice President of The Coleman Company and various roles with the Pillsbury Company. Mr. Weber earned an M.B.A., with distinction, from the Tuck School at Dartmouth College and is a graduate of the University of Minnesota.

*Director Qualifications:* Mr. Weber's role as the CEO of a sports related company and his international business experience, extensive brand building, marketing and CEO experience provide our board with a very useful perspective as the Company plans its growth strategies.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF EACH NOMINEE PREVIOUSLY NAMED**

**Continuing Directors Whose Terms Expire in 2016**

*Kalen F. Holmes, 48,* was appointed to our board in December 2014. Ms. Holmes served as an Executive Vice President of Partner Resources (Human Resources) at Starbucks Corporation from November 2009 until her retirement in February 2013. Prior to her employment with Starbucks, Ms. Holmes held a variety of leadership roles with HR responsibility for Microsoft Corporation from September 2003 through November 2009. Prior to joining Microsoft, Ms. Holmes served in a variety of industries, including high-tech, energy, pharmaceuticals and global consumer sales. She also serves on the Board of Directors for the YWCA King and Snohomish counties and on the Board of Trustees for the Pacific Northwest Ballet. Ms. Holmes holds a Bachelor of Arts in Psychology from the University of Texas and a Master of Arts and a Ph.D. in Industrial/Organization Psychology from the University of Houston.

*Director Qualifications:* Ms. Holmes' extensive expertise in human resources and people development adds important and relevant experience to the Company's board of directors. Her background in a variety of industries, including retail, provides insight and experience in successfully developing and executing long term

strategy related to operations and human resources. In addition, she has experience with large international organizations as they grew in scale to become large multinational corporations and this experience will be beneficial to the Company as it grows in size and scale.

*Travis D. Smith, 42*, was appointed to our board of directors in August 2012 and was the CEO and President of Jo-Ann Fabric and Craft stores until August 2014. Mr. Smith began his career with Jo-Ann in 2006 serving as the Executive Vice President, Merchandising and Marketing. In February 2009, Mr. Smith was named Chief Operating Officer and added the duties of President in February 2010, then Chief Executive Officer in August 2011. Prior to his employment with Jo-Ann, Mr. Smith held merchandising and marketing positions of increasing responsibility with Fred Meyer Stores, a division of the Kroger Company, ultimately serving as Senior Vice President, General Merchandise. Mr. Smith is a graduate of the University of Notre Dame with a Bachelor's Degree in Business Marketing and Communications.

*Director Qualifications:* Mr. Smith's background in retailing and in particular merchandising, marketing and leadership roles adds important and relevant experience to the Company's board of directors. Mr. Smith also brings experience in brand building, retail brick and mortar and direct to customer operations.

#### **Continuing Directors Whose Terms Expire in 2017**

*Thomas D. Champion, 66*, is one of our co-founders and has served on our board of directors since our inception in 1978. Mr. Champion has held various senior management positions during this time, including serving as our Chairman since June 2000. From November 1970 until August 1978, he held various management positions with JC Penney Company. Mr. Champion holds a B.A. in Political Science from Seattle University. Mr. Champion serves on the Board of the Alaska Wilderness League, a Washington, D.C. based environmental group. He is also the trustee of the Champion Foundation, a nonprofit organization focused on ensuring that biologically important ecosystems in Northwestern North America are preserved. The Foundation also works on homelessness issues in the Pacific Northwest.

*Director Qualifications:* Mr. Champion's knowledge as a retailer and as the co-founder of the Company provides the board with invaluable insight into the Company's business and its unique culture. Mr. Champion provides generational leadership, sales, marketing, merchandising and brand building experience and expertise. Mr. Champion's particular knowledge and experience with Zumiez and its competition helps the Company formulate short and long-term strategies that have contributed to Zumiez differentiating itself in the specialty niche of action sports retailing. As one of the Company's largest shareholders, Mr. Champion's interests are aligned with other Zumiez shareholders' interests to increase the long-term value of the Company.

*Sarah (Sally) G. McCoy, 54*, was appointed to our board of directors in October 2010 and is the CEO and President of CamelBak Products, a company that originated hands free-hydration and is the leader in hydration products. Ms. McCoy has been the CEO and President of CamelBak since September of 2006. Prior to joining CamelBak, Ms. McCoy co-founded Silver Steep Partners in 2004, a leading investment banking firm catering to companies in the outdoor and active lifestyle industry. Before Silver Steep, McCoy served as president of Sierra Designs and Ultimate Direction and as vice president at The North Face. Ms. McCoy is a graduate of Dartmouth College.

*Director Qualifications:* Ms. McCoy's background in sales, merchandising, sourcing, marketing and executive management of outdoor and action sports consumer brands provides strategic insight and direction for Zumiez as we plan our branded and private label growth strategies. Additionally, her experience in investment banking and valuation experience in our industry is valuable as we formulate our growth strategies.

*Ernest R. Johnson, 64*, was appointed to our board of directors in July 2011 and has served as the Chairman of Cutter & Buck Inc. and President and Chief Executive Officer for New Wave USA Inc. since November 2009. From

February 2006 to November 2009, he served as Chief Executive Officer of Cutter & Buck. Mr. Johnson

was also a Senior Vice President and Chief Financial Officer for Cutter & Buck from November 2002 to February 2006. Prior to joining Cutter & Buck, he worked 29 years in several commercial banks holding various senior accounting and financial positions. Mr. Johnson holds a B.A. in Business Administration Accounting from Washington State University.

*Director Qualifications:* Mr. Johnson's background as a CEO for an apparel company and as a CFO for an apparel company and commercial banks provides relevant leadership and financial expertise to the Company's board of directors. Mr. Johnson also has experience in international business and in mergers and acquisitions.

## CORPORATE GOVERNANCE

### Independence of the Board of Directors and its Committees

As required under Nasdaq listing rules, a majority of the members of a listed company's board of directors must qualify as independent, as affirmatively determined by the board of directors. Our board of directors consults with our counsel to ensure that the board's determinations are consistent with all relevant securities and other laws and regulations regarding the definition of independent, including those set forth in applicable Nasdaq listing rules, as in effect from time to time.

Consistent with these considerations, after review of all relevant transactions or relationships between each director or any of his or her family members and the Company, our senior management and our independent auditors, our board of directors has affirmatively determined that all of our directors are independent directors within the meaning of the applicable Nasdaq listing rules, except for our Chairman, Mr. Campion, and CEO, Mr. Brooks.

As required under applicable Nasdaq listing rules, our independent directors meet in regularly scheduled executive sessions at which only independent directors are present. All of the committees of our board of directors are comprised of directors determined by the board to be independent within the meaning of the applicable Nasdaq listing rules.

### Certain Relationships and Related Transactions

The Company committed to make charitable contributions to the Zumiez Foundation of \$0.7 million in both fiscal 2014 and the fiscal year ending February 1, 2014 (fiscal 2013). Our Chairman, Thomas D. Campion, is a trustee of the Zumiez Foundation.

#### *Policy and Procedures with Respect to Related Person Transactions*

The Company recognizes that Related Person Transactions (defined as transactions, arrangements or relationships in which the Company was, is or will be a participant and the amount involved exceeds \$10,000, and in which any Related Person (defined below) had, has or will have a direct or indirect interest) may raise questions among shareholders as to whether those transactions are consistent with the best interests of the Company and its shareholders. It is the Company's written policy to enter into or ratify Related Person Transactions only when the board of directors, acting through the audit committee of the board of directors, determines that the Related Person Transaction in question is in, or is not inconsistent with, the best interests of the Company and its shareholders, including but not limited to situations where the Company may obtain products or services of a nature, quantity or quality, or on other terms, that are not readily available from alternative sources or when the Company provides products or services to Related Persons on an arm's length basis on terms comparable to those provided to unrelated third parties or on terms comparable to those provided to employees generally. A summary of the Company's policies and procedures with respect to review and approval of Related Person Transactions are set forth below.

Related Persons are defined as follows:

1. any person who is, or at any time since the beginning of the Company's last fiscal year was, a director or executive officer of the Company or a nominee to become a director of the Company;

2. any person who is known to be the beneficial owner of more than 5% of any class of the Company's voting securities;
  
3. any immediate family member of any of the foregoing persons, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the director, executive officer, nominee or more than 5% beneficial owner, and any person (other than a tenant or employee) sharing the household of such director, executive officer, nominee or more than 5% beneficial owner; and

4. any firm, corporation or other entity in which any of the foregoing persons is employed or is a general partner or principal or in a similar position or in which such person has a 5% or greater beneficial ownership interest.

Directors and executive officers are required to submit to the audit committee a list of immediate family members and a description of any current or proposed Related Person Transactions on an annual basis and provide updates during the year.

In its review of any Related Person Transactions, the audit committee shall consider all of the relevant facts and circumstances available to the audit committee, including (if applicable) but not limited to: the benefits to the Company; the impact on a director's independence in the event the Related Person is a director, an immediate family member of a director or an entity in which a director is a partner, shareholder or executive officer; the availability of other sources for comparable products or services; the terms of the transaction; and the terms available to unrelated third parties or to employees generally. No member of the audit committee shall participate in any review, consideration or approval of any Related Person Transaction with respect to which such member or any of his or her immediate family members is the Related Person. The audit committee shall approve or ratify only those Related Person Transactions that are in, or are not inconsistent with, the best interests of the Company and its shareholders as the audit committee determines in good faith. The audit committee shall convey the decision to the CEO, General Counsel or the Chief Financial Officer, who shall convey the decision to the appropriate persons within the Company.

#### **Policy on Derivative Securities and Hedging Activities.**

The Company maintains a policy related to derivative securities and hedging activities as these securities and activities may put the personal interests and objectives in conflict with the best interests of the Company and its shareholders. Absent the prior written consent of the CFO or the General Counsel, individuals who are subject to this policy (including immediate family members), may not purchase, sell and trade-in options, warrants, puts and calls, or similar instruments, or engage in derivative securities involving or relating to the Company's securities. In addition, without the prior written consent of the CFO or the General Counsel, hedging or monetization transactions such as zero-cost collars and forward sale contracts that allow a person to lock in a portion of the value of his or her shares, often in exchange for all or part of the potential for upside appreciation in the shares, are prohibited.

#### **Information Regarding the Board of Directors and its Committees**

Our board has established an audit committee, compensation committee and governance and nominating committee. The board has adopted a written charter for each committee. The charters of these three committees are posted on the Company's website and can be accessed free of charge at <http://ir.zumiez.com> and are available in print to any shareholder who requests them. The composition of our board committees complies with the applicable rules of the SEC and Nasdaq. The board has determined that Ernest R. Johnson is an audit committee financial expert as defined in the rules of the SEC.

- (2) Mr. Smith was appointed to the Compensation Committee on December 10, 2014 and appointed as Chairman of the Compensation Committee on March 11, 2015.
- (3) Ms. Holmes was appointed to the Audit Committee and Governance & Nominating Committee on December 2, 2014.

*Audit Committee*

As more fully described in its charter, our audit committee has responsibility for, among other things:

the sole authority to appoint, determine the funding for and oversee the independent registered public accounting firm;

assisting our board in monitoring the integrity of our financial statements and other SEC filings;

discussing with our management and our independent registered public accounting firm significant financial reporting issues and judgments and any major issues as to the adequacy of our internal controls;

reviewing our annual and quarterly financial statements prior to their filing with the SEC and prior to the release of our results of operations;

reviewing the independence, performance and qualifications of our independent registered public accounting firm and presenting its conclusions to our board and approving, subject to permitted exceptions, any non-audit services proposed to be performed by the independent registered public accounting firm;

oversight of the performance of the Company's internal audit function; and

reviewing its charter at least annually for appropriate revisions.

The audit committee has the power to investigate any matter brought to its attention within the scope of its duties and to retain counsel for this purpose where appropriate.

*Governance and Nominating Committee*

As more fully described in its charter, our governance and nominating committee has the responsibility for, among other things:

recommending persons to be selected by the board as nominees for election as directors and as chief executive officer;

assessing our directors' and our board's performance;

making recommendations to the board regarding membership and the appointment of chairpersons of the board's committees;

recommending director compensation and benefits policies;

reviewing its charter at least annually for appropriate revisions; and

recommending to the board other actions related to corporate governance principles and policies.

*Compensation Committee*

As more fully described in its charter, our compensation committee has responsibility for, among other things:

establishing the Company's philosophy, policies and strategy relative to executive compensation, including the mix of base salary, short-term and long-term incentive and equity based compensation within the context of the stated policies and philosophy including management development and succession planning practices and strategies;

reviewing corporate goals and objectives relevant to compensation of our CEO and other senior executives including review and approval of performance measures and targets for all executive officers participating in the annual executive non-equity incentive bonus plan and certify achievement of performance goals after the annual measurement period to permit bonus payouts under the plan;

determining and approving our CEO's compensation and making recommendations to the board with respect to compensation of other executive employees, including any special discretionary compensation and benefits;

administering our incentive compensation plans and equity based plans and making recommendations to the board with respect to those plans;

making recommendations to our board with respect to the compensation of directors;

the sole authority to appoint, determine the funding for and oversee the independent compensation consultant; and

reviewing its charter at least annually for appropriate revisions.

**Succession Planning**

Our CEO and board of directors review at least annually the succession plan of our CEO and each of our named executive officers ( NEO or NEOs ). The board of directors conducts an annual review of, and provides approval for, our management development and succession planning practices and strategies.

Our CEO provides an annual report to the board of directors assessing senior management and their potential successors. As part of this process, contingency plans are presented in the event of our CEO s termination of employment for any reason (including death or disability). The report to the board of directors also contains the CEO s recommendation as to his successor. The full board of directors has the primary responsibility to develop succession plans for the CEO position.

#### **Meetings of the Board of Directors and Board and Committee Member Attendance**

In fiscal 2014, our board of directors met four times, the audit committee met four times, the governance and nominating committee met five times, and the compensation committee met three times. The board of directors and the committees acted by unanimous written consent when required during the last fiscal year. Each board member attended 75% or more of the aggregate number of meetings of the board, and of the committees

on which he or she served, that were held during the period for which he or she was a director or committee member, except for Mr. Weber on the Compensation meeting who attended 67% of the Compensation Committee meetings. Although the Company does not have a formal policy requiring members of the board of directors to attend annual shareholder meetings, the Company encourages all directors to attend each annual shareholder meeting. All eight of the then current board members were in attendance at our 2014 annual shareholder meeting. Ms. Holmes, who joined the board of directors in December 2014, was not in attendance.

### **Shareholder Communications with the Board of Directors**

The Company has a process by which shareholders may communicate directly with directors, including non-employee directors, by mailing such communication to the board of directors in care of the Company's Secretary, at the Company's headquarters in Lynnwood, Washington. The mailing envelope must contain a clear notation indicating that the enclosed letter is a Shareholder-Board Communication or Shareholder-Director Communication. All such letters must identify the author as a shareholder and clearly state whether the intended recipients are all members of the board or just certain specified individual directors. The Secretary will make copies of all such letters and circulate them to the appropriate director or directors. All such communications will be forwarded to the intended director(s) without editing or screening. If these foregoing procedures are modified, then updated procedures will be posted on the Company's corporate website.

### **Code of Conduct and Ethics**

Our board has adopted a code of conduct and ethics applicable to our directors, executive officers, including our chief financial officer and other of our senior financial officers, and employees in accordance with applicable rules and regulations of the SEC and Nasdaq. The code of conduct is available at <http://ir.zumiez.com> under the Governance section.

### **Corporate Governance Guidelines**

Our board has adopted corporate governance guidelines that provide an overview of the governance structure maintained at the Company and policies related thereto. The guidelines are available at <http://ir.zumiez.com> under the Governance section.

### **Executive Compensation Recovery Policy**

The Company maintains an executive compensation recovery policy. Pursuant to this policy, the Company may recover incentive income that was based on the achievement of quantitative performance targets if the executive officer engaged in fraud or intentional misconduct that resulted in an increase in his or her incentive income. Incentive income includes all incentive income and compensation that the compensation committee considers to be appropriate based upon the circumstance.

The compensation committee has the sole discretion to administer this policy and take actions under it, including soliciting recommendations from the audit committee and the full board of directors and retaining outside advisors to assist in making its determinations. The actions taken by the compensation committee are independent of any action imposed by law enforcement agencies, regulators or other authorities.

### **Director Nomination Procedures**

The nominations to the board of directors were completed by the governance and nominating committee. The governance and nominating committee has established board membership criteria (discussed above, under the section entitled Membership Criteria for Board Members ) and the procedures for selecting new directors.

Nominations to the board of directors are completed using procedures in accordance with the charter of the governance and nominating committee including the director qualifications, criteria and skills as outlined in such charter. These procedures include:

Initial review of potential director candidates by the committee as submitted by the independent directors of the board based on our established criteria for board membership including (without limitation) experience, skill set, diversity and the ability to act effectively on behalf of the shareholders and such other criteria as the committee may deem relevant from time to time.

Each director candidate was put forth for consideration as a director candidate independently by our independent directors based on their knowledge of the candidates. None of our independent directors had a relationship with any candidates that would impair his or her independence. Each candidate's biography was reviewed by each member of the committee with the intention that each candidate would bring a unique perspective to benefit our shareholders and management.

Interviews of director candidates were conducted by members of the committee and senior management. These interviews confirmed the committee's initial conclusion that candidates met the qualifications, criteria and skills to serve as a director of the Company.

Reference checks were conducted if further checks were required based on the level of knowledge about the candidate by members of the committee.

Background checks were conducted, including criminal, credit and bankruptcy, SEC violations and/or sanctions, work history and education.

Independence questionnaires were completed by candidates and then reviewed by the Company, the committee and the Company's legal counsel to ensure candidates meet the requirements to be an independent director for the board, audit committee, compensation committee and the governance and nominating committee. The review also ensures the candidates' positions do not conflict in any material way with Company business.

Conclusion to nominate a candidate is based on all of the procedures reviewed previously and the information attached. It is ensured through these procedures that the candidate appears to be well qualified to serve on the Company's board of directors and its committees and appears to meet Nasdaq and SEC requirements to be able to serve as an independent director and as a member of the audit committee and any other committee the board may assign to such director.

Kalen F. Holmes was appointed to our board of directors on December 2, 2014. Ms. Holmes was originally recommended to join the board by one of our current directors. No fees were paid to any third party search firms in connection with any director nominations.

The governance and nominating committee of the board will consider qualified nominees recommended by shareholders who may submit recommendations to the governance and nominating committee in care of our Chairman

of the Board and Secretary at the following address:

Board of Directors and Chairman of the Board

c/o Secretary

Zumiez Inc.

4001 204<sup>th</sup> Street SW

Lynnwood, Washington 98036

Nominees for director who are recommended by our shareholders will be evaluated in the same manner as any other nominee for director. Shareholder recommendations for director should include the following information:

the name, age, residence, personal address and business address of the shareholder who intends to make the nomination and of the person(s) to be nominated;

the principal occupation or employment, the name, type of business and address of the organization in which such employment is carried on of each proposed nominee and of the shareholder who intends to make the nomination;

a representation that the shareholder is a holder of record of stock of the Company, including the number of shares held and the period of holding;

a description of all arrangements or understandings between the shareholder and the recommended nominee;

such other information regarding the recommended nominee as would be required to be included in a proxy statement filed pursuant to Regulation 14A promulgated by the SEC pursuant to the Securities Exchange Act of 1934, as amended; and

the consent of the recommended nominee to serve as a director of the Company if so elected.

The governance and nominating committee may require that the proposed nominee furnish the committee with other information as it may reasonably request to assist it in determining the eligibility of the proposed nominee to serve as a director.

To submit a recommendation for director for an upcoming annual shareholder meeting, it is necessary that a proposing shareholder notify the Company and provide the information set forth previously, no later than 120 days prior to the corresponding date on which the Company's annual proxy statement is mailed in connection with the most recent annual meeting.

#### **General Director Nomination Right of All Shareholders**

Any shareholder of the Company may nominate one or more persons for election as a director of the Company at an annual meeting of shareholders if the shareholder complies with the notice, information and consent provisions contained in Article I, Section 10 of the Company's bylaws. Specifically, these provisions require that written notice of a shareholder's intent to make a nomination for the election of directors be received by the Secretary not fewer than 120 days and not more than 150 days prior to the anniversary date of the prior year's annual meeting of shareholders.

The Secretary will send a copy of the Company's bylaws to any interested shareholder who requests them.

## SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table provides information regarding the beneficial ownership of our common stock as of March 16, 2015 by: (i) each of our directors; (ii) each of our NEOs; (iii) all of our executive officers and directors as a group; and (iv) each person, or group of affiliated persons, known by us to beneficially own more than 5% percent of our common stock. The table is based upon information supplied by our officers, directors and principal shareholders and a review of Schedule 13G reports filed with the SEC. Unless otherwise indicated in the footnotes to the table and subject to community property laws where applicable, we believe that each of the shareholders named in the table has sole voting and investment power with respect to the shares indicated as beneficially owned.

Applicable percentages are based on shares outstanding on March 16, 2015, adjusted as required by rules promulgated by the SEC. These rules generally attribute beneficial ownership of securities to persons who possess sole or shared voting power or investment power with respect to those securities. In addition, the rules include shares of common stock issuable pursuant to the exercise of stock options that are either immediately exercisable or exercisable on or before May 15, 2015, which is 60 days after March 16, 2015. These shares are deemed to be outstanding and beneficially owned by the person holding those options for the purpose of computing the percentage ownership of that person, but they are not treated as outstanding for the purpose of computing the percentage ownership of any other person. Except as noted below, the address for each person that holds 5% or more of our common stock is c/o Zumiez Inc., 4001 204<sup>th</sup> Street SW, Lynnwood, Washington 98036.

**SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than 10% of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. Officers, directors and greater than 10% shareholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, during fiscal 2014, all applicable Section 16(a) filing requirements were met, and that all such filings were timely, except for a late Form 4 report filed on behalf of Troy Brown, Chris Visser, Chris Work, and Ford Wright.

**EXECUTIVE OFFICERS**

As of the end of fiscal 2014 the names, ages and positions of the current non-director executive officers of the Company are listed below, along with their respective business experience. No family relationships exist among any of the directors or executive officers of the Company.

Mr. Wright has over 20 years experience in the retail and wholesale clothing industry.

## EXECUTIVE COMPENSATION

### COMPENSATION DISCUSSION AND ANALYSIS

Our basis for competitive advantage is our culture conceived, developed and maintained as a unique and powerful basis for engendering commitment, accountability, competitiveness and creativity among all of our employees. The objective of this compensation discussion and analysis is to describe how, for our named executive officers ( NEOs ), we link our culture to compensation philosophy and then to compensation strategy; and, to explain how we executed our compensation strategy during the last fiscal year. While the discussion and analysis focuses on the NEOs in the compensation tables in this proxy statement, we link culture, compensation philosophy and compensation strategy throughout the organization from the seasonal sales employee to each of the NEOs.

#### Value Creation Model

The following summary illustrates how the compensation philosophy and strategies are integrated with and derived from the Zumiez culture. We believe this integrated approach supports long-term growth in shareholder value.

#### The Zumiez Culture

While every organization has a culture, even if it is a culture by default, we believe that the Zumiez culture is unique. We believe it is well defined, understood widely and thoroughly among all employees, reinforced and exemplified by leaders held accountable for doing so and integrated into the daily practices and processes throughout the business. We believe the Zumiez culture is a competitive advantage and is built on a set of shared values that have been in place since the inception of the business. These shared values include:

**Empowered managers** The Zumiez culture pushes decision making down to the appropriate level in the organization within the context of appropriate guidelines, controls and procedures. This gives our managers throughout the organization the ability to impact their results creating increased accountability, clear measurements and a sense of ownership throughout the organization.

**Teaching and learning** Our culture strives to integrate quality teaching and learning experiences throughout the organization. We do this through a comprehensive training program, which primarily focuses on sales and customer service training. Our training programs have been developed internally and are almost exclusively taught internally by Zumiez employees to Zumiez employees. The training programs have been developed to empower our managers to make good retail decisions.

**Competition** We believe that Zumiez employees enjoy competing. Our entire system is built around creating opportunities for people to compete and to be recognized for their contributions. This is reflected in everything we do including empowering managers, building competition into almost all of our training and in how we recognize the successes of our employees throughout the organization.

**Fairness and honesty** Along with our employees, we strive to be fair and honest in all of our relationships. This includes how we work with each other, our vendors, our landlords and our customers.

### **Culture and Compensation Philosophy**

The Zumiez culture guides how we manage our business and it permeates through our compensation philosophy. We believe our culture itself has value to our employees. Our culture allows our employees throughout the organization to make appropriate decisions to impact their results as well as our financial results. We believe the competitive people we hire and the training we provide helps us generate strong operating results and we believe that our employees value working in this kind of environment.

The compensation committee believes the purpose of the compensation program for our NEOs is to help attract, retain, align, motivate and reward executives capable of understanding, committing to, maintaining and enhancing the culture; and, with culture as a centerpiece of our competitive advantage, establishing and accomplishing business strategies and goals that we believe makes us an attractive investment for shareholders. To do so, the compensation committee believes the compensation program should offer compensation opportunities that:

are externally competitive with compensation paid by companies in the market for executive talent;

reward performance by linking compensation to quantitative and qualitative goals that the compensation committee believes is in the best long-term interest of shareholders;

drive long-term shareholder thinking by delivering a substantial portion of the NEOs compensation or wealth in the form of equity that is directly linked to our stock price;

are an effective blend of guaranteed and at-risk components, where the proportion of guaranteed pay is less than average and the proportion of at-risk pay is greater than average when compared against the competitive market; and

for at-risk components of pay, are an effective balance between short-term and long-term interests of our shareholders.

The compensation committee believes that at-risk components should result in compensation for the executive in proportion to and to the extent justified by *performance*. For Zumiez executives, performance means, first of all, *doing the right things* achieving the financial results that clearly drive the creation of shareholder value. The compensation program must align the interests and motivations of executives with those of shareholders. Secondly, performance means *doing things right* acting as strong, respected and acknowledged leaders; and, as role models of leadership behavior in the community at-large. We believe that exemplary executive behavior helps to support sustainable long-term creation of shareholder value.

The compensation committee intends to continually explore, consider and introduce enhanced or new compensation approaches and elements for NEOs as appropriate.

## Compensation Goals and Strategy for NEOs

Simplicity and Transparency. The compensation committee seeks *simplicity and transparency* in the compensation program for our NEOs. Therefore, the program focuses on easily understood components of clearly determinable value base salary, bonuses, short-term cash based incentives and long-term equity awards. We refer to the combination of these as total direct compensation. The compensation committee does not use supplemental executive benefits and perquisites that are generally not also made available to our employees.

Attractive Compensation Opportunities. The compensation committee believes in and commits to planning for internal succession; however, the Company must be positioned to *attract and retain high-caliber executive talent in the external marketplace*. It believes it must be positioned to bring in seasoned, proven individuals from within the industry and beyond who can perform the full scope of their roles from the time of hire. Establishing and maintaining the ability to attract and retain talent is a top priority for compensation of NEOs. To address this priority responsibly on behalf of shareholders, the compensation committee works each year to:

Establish a conservative salary range for each position to guide salary hiring offers and salary increase decisions.

Establish a competitive total annual cash compensation opportunity for each position through annual cash incentives where payout is contingent on performance.

Provide opportunities to earn stock incentives in proportions so that the long-term opportunity for each NEO to earn total direct compensation (salary plus annual cash incentives plus stock incentives) is above average should shareholders realize above average returns.

Pay-at-Risk. The compensation committee is committed to *pay-at-risk*. Pay-at-risk means compensation that is earned only upon clear evidence that the interests of shareholders have been served. By design, we believe the proportion of each NEOs total direct compensation that is at-risk is greater than what is typically observed in the marketplace. Conservative base salaries are combined with above-average cash and stock incentives to create a total package that is competitive. We believe the *pay-at risk* philosophy is evidenced by the fact that no NEO has been paid the maximum total incentive compensation in our history of being a public company.

Pay-for-Performance. The compensation committee believes pay-at-risk enables *pay-for-performance*. It allows major portions of total direct compensation to be paid only when short-term and long-term interests of shareholders have been met.

For *short-term (annual) pay-for-performance* for the NEOs as a group, the compensation committee has the following goals:

Drive alignment around four general measures of performance: (1) comparable sales results, (2) product margin, (3) diluted earnings per share and (4) operating related margins. The compensation committee believes these are the best measures because they have the largest impact on Zumiez ability to grow profitability and provide clarity to individual executives. Different performance measures may be utilized for different executives based in part on the executive's ability to impact the performance measure. We calculate these performance measures as follows:

Comparable sales We report comparable sales based on net sales beginning on the first anniversary of the first day of operation of a new store or ecommerce business. We operate a sales strategy that integrates our stores with our ecommerce platform. There is significant interaction between our in-store sales and our ecommerce sales channels and we believe that they are utilized in tandem to serve our customers. Therefore, our comparable sales also include our ecommerce sales. Changes in our comparable sales between two periods are based on net sales of in-store or ecommerce businesses which were in operation during both of the two periods being compared and, if a in-store or ecommerce business is included in the calculation of comparable sales for only a portion of one of the two periods being compared, then that in-store or ecommerce business

is included in the calculation for only the comparable portion of the other period. Any store or ecommerce business that we acquire will be included in the calculation of comparable sales after the first anniversary of the acquisition date. Comparable sales can be based on a geographic area and we currently utilize comparable sales growth based on our North America operations.

Product margin Product margin is calculated as net sales less cost of goods sold, divided by our net sales. For purposes of this calculation, our net sales consist of revenue recognized upon purchase by our customers, net of actual sales returns, excluding shipping revenue. For purposes of this calculation, our cost of goods sold consist of the cost of goods purchased from our brand partners and our private label vendors, including importing and inbound freight costs, and the cost of goods purchased from third party manufacturers, sold to our customers.

Diluted earnings per share Diluted earnings per share is calculated in accordance with GAAP. Diluted earnings per share can also be utilized on a consolidated basis or based upon a geographic area. We currently utilize diluted earnings per share on both a consolidated basis and on a North America basis.

Operating related margins In general, operating margin represents operating profit divided by net sales. Operating margin may also be based on a particular business unit or geographic area in which we operate. Currently, we are utilizing ecommerce operating margin as an operating related margin performance measure. Ecommerce operating margin measures the operating profit of our ecommerce related business based on the cost of goods sold and the costs directly attributable to our ecommerce related business.

Provide for the risk of zero annual short-term cash based incentives payout should minimum performance expectations not be met.

Grant of awards that upon achievement of target performance measures, are in the best long-term interests of the shareholders.

Provide for pay-at-risk, i.e., performance expectations that are challenging, but achievable.

Communicate proactively to all NEOs performance expectations in order to establish clear incentive for achievement.

Provide for upside compensation potential results that are beyond Company expectations.

Set forth prudent limits, or caps, on upside potential to ensure no possibility of payouts that might be judged by shareholders as unjustifiable or excessive.

For *long-term pay-for-performance (long-term equity incentive)*, the compensation committee's goal is to link the ultimate compensation amounts realized by NEOs directly and exclusively to the Company's long-term common stock performance. To do so, the compensation committee makes use of stock-based awards for all NEOs (except as noted,

below, under the section heading "The Compensation Decision-making Process").

The compensation committee has used, and intends to make use of, both gain-based stock awards (stock options) and full-value stock awards (restricted stock). The compensation committee determines on an annual basis for each NEO the total value of an award, based on a competitive range, that best reflects in the compensation committee's judgment both the individual's long-term track record of success and potential for long-term value-added future contributions.

Gain-based awards have widespread use and have upside potential that can be highly motivational. However, the compensation committee: (i) is aware that gain-based awards have a different downside potential than that of holding outright shares of stock; (ii) recognizes that the exclusive and substantial use of gain-based awards has been historically noted by the investment community as a potential contributor to misguided or unacceptable decisions on the part of executives in certain other companies; and, (iii) knows that historic accounting advantages for the use of gain-based awards no longer exist. In addition, the compensation committee

is aware of the executive compensation trend among publicly-held companies to utilize less gain-based awards in favor of full-value awards such as restricted stock. Therefore, the compensation committee continues to review and has deployed full-value restricted stock awards to help offset and balance the disadvantages of gain-based awards for achieving pay-for-performance and other compensation goals while retaining the advantages of gain-based awards. The mix of gain-based awards and full-value awards is evaluated annually by the compensation committee and adjusted based on input from the compensation consultant and the CEO, all in the context of the marketplace, our compensation philosophy, and what the compensation committee believes is in the best interest of the shareholders and the NEOs. The compensation committee also allows some deference to the CEO in the allocation between stock options and restricted stock, so long as the total compensation charge to Zumiez is equal to what was approved by the compensation committee.

*Executive Officer Continuity.* Undesirable, unanticipated or untimely departure of an executive officer is a risk to the Company that the compensation committee works to avoid. The risk stems from the potentially high costs of recruiting, relocation, operational disruption, reduced morale, turnover ripple effects among staff, negative external perceptions, reduced external confidence and lost intellectual capital.

The compensation committee encourages executive officer continuity by granting stock awards to an NEO where the ultimate realization of value not only depends on stock price, but also on the NEO remaining with Zumiez for many years. Accordingly, if a NEO were to depart from Zumiez then he or she could forfeit substantial amounts of unrealized compensation.

*Shareholder Mentality.* We believe it is in the best interests of shareholders for our leaders to feel, think and act like shareholders, and to have a shareholder mentality as they go about envisioning, planning for and executing operations. The compensation committee seeks to cultivate NEOs with a shareholder mentality by having NEOs receive, accumulate and maintain significant ownership positions in Zumiez through annual equity grants.

Within this concept, through equity awards granted over time, each of our NEOs has the ability to establish and maintain a valuable ownership in Zumiez.

### **Summary of the Elements of NEO Compensation**

The compensation committee utilizes five primary elements for compensating NEOs:

Base Salary

Non-Equity Incentive Plan Compensation ( short-term cash based incentives )

Bonus

Stock Option Grants

Restricted Stock Grants

*Total Pay Philosophy* Our Total Pay compensation philosophy is designed to recognize and reward the contributions of all employees, including executives, in achieving our strategic goals and business objectives, while aligning our

compensation program with shareholder interests. We regularly assess our total pay package, and we adjust it as appropriate to remain competitive and to enable us to attract and retain our NEOs. We believe our total pay practices motivate our executives to build long-term shareholder value.

*Base Salary* is a pre-set fixed cash amount that is delivered regularly in equal portions through the year. Each NEOs annual base salary rate is reviewed from time to time and at least annually by the compensation committee. Outside of the CEO, the review is based on recommendations of the CEO.

*Short-Term Cash Based Incentives* are based on pre-set opportunities for cash awards to be paid after the end of the year based on performance for the year. Actual payouts may be between zero and twice the target amount, where the target amount is that established for each NEO by the compensation committee if target goals are achieved.

*Bonuses* may be awarded from time to time in order to attract and retain key NEOs. These bonuses, when awarded, are generally in addition to those earned from participating in short-term cash based incentives and are considered in the executive's total direct compensation. The intention is to pay such bonuses rarely and in modest amounts if and only if other elements of the executive pay system do not respond to outstanding achievements clearly pursued and delivered in the interests of shareholders.

*Stock Option Grants* are opportunities granted from time to time (usually annually or at the time of hiring) to an NEO to purchase our common stock at some future time at a pre-established fixed price set at the time of grant. This price is the actual market price of the stock at the time of grant. The right to exercise options in a particular grant is accumulated over a number of years, and is subject to vesting based upon continued employment with us.

*Restricted Stock Grants* are awards of common voting shares of stock that are granted from time to time (usually annually or at the time of hiring) to each NEO. The right to earn the stock is contingent upon continued employment over a period of time.

The compensation committee views the elements of total direct compensation for NEOs as an integrated package to achieve all of the compensation goals described in the immediately preceding section of this discussion.

#### **Fiscal 2014 A Review of This Past Year**

In fiscal 2014, we achieved record net sales and continued to build on our foundation for long-term growth. The charts below show net sales and diluted earnings per share (diluted EPS) on a GAAP basis for fiscal 2013 and 2014 and the percentage change in fiscal 2014.

Teen retail in general began fiscal 2014 in a challenging sales environment, with many mall based teen retailers seeing significant sales and earnings declines over the past couple of years. As the year progressed some signs of a stronger retail landscape began to appear, culminating with a considerably stronger fourth quarter. Coming into fiscal 2014 our sales performance continued to be lower than historical results and in the first quarter of the year we saw some margin erosion as we successfully cleaned up our inventory position following a tough Holiday season in the prior fiscal year. Comparable sales trends improved as the year progressed, particularly in the important fourth quarter, and for the year we achieved a comparable sales increase of 4.6%. As a leading lifestyle retailer we continue to differentiate ourselves through our distinctive brand offering and

diverse product selection, as well as the unique customer experience our sales associates provide. In addition, the investments and efforts we have made toward expanding our North America footprint, establishing a progressive omni-channel platform and international expansion are enhancing our sales results.

Considering the prior year performance and the plans in motion for fiscal 2014, the compensation committee granted salary increases to our NEOs, to keep pay in line with the stated compensation philosophy and market data.

The compensation committee believes the compensation structure outlined in previous years is still relevant and appropriate, so the short-term cash based incentives and long-term equity incentives components of compensation were designed to follow the same methodology and is discussed in further detail below.

We believe our positive fiscal 2013 and fiscal 2014 results are due to focusing on long-term winning solutions and the unique business model and compensation structure that have been formed over many years. We continued to make key infrastructure and people investments that resonated with our customers.

We believe that by making these key investments over many years and looking at financial results over a longer time horizon will provide a better long-term return for our investors; and since owned stock or stock based awards are the material component of our NEOs compensation and wealth creation, we believe our compensation structure aligns management's and shareholders' interests.

Due to our executive compensation programs emphasis on pay for performance and pay at risk, compensation awarded to the NEOs for fiscal 2014 reflected Zumiez' results. As shown below, for the named executive officers as a group, excluding the Chairman and the CEO, pay at risk and performance-based pay for fiscal 2014 comprised an average of approximately 56% and 38%, respectively, of the total compensation as shown in the Summary Compensation Table. We have excluded our Chairman and CEO due to the difference in the compensation structure for the Chairman and CEO, who beneficially own 12.1% and 12.6% of the Company as of March 16, 2015, respectively, and have not received equity awards since before our initial public offering as discussed further under the section heading, The Compensation Decision-making Process.

## Fiscal 2015 A Look at the Upcoming Year

We enter fiscal 2015 with some sales momentum, having achieved an 8.3% comparable sales increase in fiscal fourth quarter 2014. While we are encouraged with the improved performance, there is not enough evidence to suggest this is the beginning of a sustained retail trend. As such we remain cautious on our expectations for fiscal 2015 although we do believe sales, including comparable sales, and earnings will increase for the year. Our focus will be on continued execution of our proven strategies as well as investments centered on long-term quality growth. These investments will largely be focused on continued store growth, both domestic and international, and further enhancements across the business to support our omni-channel capabilities. In fiscal 2015, excluding costs associated with the acquisition of Blue Tomato, we expect our cost structure will grow at a similar rate to fiscal 2014.

The compensation committee evaluated compensation for fiscal 2014 with an eye toward balancing retention of key executive officers with our pay for performance principles and anticipated costs to the Company. With this in mind, the compensation committee kept the same elements of compensation for fiscal 2015 as the elements in place for fiscal 2014. As such, fiscal 2014 target total direct compensation consists of base salary, annual short-term cash based incentives, bonus and long-term equity incentive compensation in the form of stock options awards and restricted stock awards. The compensation committee believes this combination of elements of compensation is the appropriate mix to motivate future performance, drive Company results and retain executive officers. The compensation committee will continue to evaluate both quantitative and qualitative performance results relative to internal goals and standards as well as industry averages when evaluating and determining total direct compensation rewards and opportunities for its NEOs.

### Base Salary

In March 2014, the compensation committee met and reviewed the evaluations of the NEOs and the overall performance of the Company against three objective measures; (1) comparable sales performance, (2) product margin and (3) diluted earnings per share. Based upon our performance in fiscal 2013 and the contributions of the NEOs towards achieving these results, the following base salaries for fiscal 2014 were awarded:

<b>Executive Officer</b>	<b>Fiscal 2014 Base Salary (1)</b>	<b>Increase Over Prior Fiscal Year</b>
Thomas D. Champion, Chairman of the Board	\$ 325,275	3.0%
Richard M. Brooks, Chief Executive Officer and Director	\$ 670,000	3.0%
Christopher C. Work, Chief Financial Officer	\$ 250,000	9.6%
Ford K. Wright, Executive Vice President of Stores	\$ 295,500	3.1%
Troy R. Brown, Executive Vice President of Ecommerce and Omni-channel	\$ 363,500	7.1%
Chris K. Visser, Executive Vice President, General Counsel and Secretary	\$ 263,000	3.0%

(1) Reflects annualized base salary as of the fiscal year end. Refer to the Summary Compensation Table for actual base salary paid in fiscal 2014.

The compensation committee sets executive base salaries at levels it believes are competitive based on each individual executive's role and responsibilities. The compensation committee reviews base salaries for executive officers at the time of hire and thereafter on an annual basis. The compensation committee may also review base salary at the time of

promotion or other significant changes in responsibilities. Base salary changes also impact target annual short-term cash based incentive amounts, and actual annual short-term cash based incentive payouts, because they are based on a percentage of base salary. When reviewing each executive's base salary, the compensation committee considers the level of responsibility and complexity of the executive's job, whether individual performance in the prior year was particularly strong or weak, and the salaries paid for the same or similar positions based on analysis of the competitive market. Consistent with the philosophy discussed previously, our executive base salaries generally are set at less than the median (at the 40<sup>th</sup> percentile) for comparable positions based on analysis of the competitive market.

## Short-Term Cash Based Incentives

In March 2014, the compensation committee approved the terms of the fiscal 2014 short-term cash based incentives. Our NEOs short-term cash based incentives are targeted at approximately 0.2% of consolidated budgeted sales and 0.4% of consolidated budgeted sales at maximum payout. The short-term cash based incentives is appropriate to provide for increased payouts due to the significant shareholder returns commonly generated by above-target comparable sales, product margin and diluted earnings per share performance. The compensation committee has the discretion under the plan to reduce the awards paid under the plan, but do not have discretion to increase payouts that are based on achievement of the objective performance goals or make a payout based on the objective performance goals if the first threshold targets are not achieved. All of our executives are subject to our Executive Compensation Recovery Policy, which further mitigates excessive risk taking. No payouts are made until audited financial results are received, reviewed and approved by the audit committee at our March meeting after our fiscal year has ended.

For each of the following performance measures, comparable sales-North America, product margin-North America, ecommerce operating margin-North America, diluted earnings per share-North America and diluted earnings per share-Consolidated, the compensation committee established performance thresholds for the NEOs. The first threshold relates to a minimum acceptable level of financial performance. Each succeeding threshold is designed to reward the NEOs based upon the improved financial performance of the business. The second threshold is the target threshold. The thresholds above the target threshold each pay out a higher percentage of base salary culminating in the top threshold, which is designed as a stretch challenge. The compensation committee believes these goals are not easily achieved; and, in the last eight years, no NEO has achieved all of the stretch challenge measurement goals. For fiscal 2014, the compensation committee used different performance measures for different NEOs. These are noted and presented by group (Consolidated, North America and Ecommerce) in the following tables which show the performance thresholds for each performance measure used for fiscal 2014:

Objective Measure	Performance Threshold - Consolidated				
	1	2	3	4	5

The following table represents the percentage of the respective NEOs base salary that will be earned upon achievement of the performance thresholds ( Threshold Percentage ):

<b>Executive Officer</b>	<b>Performance Threshold - Consolidated</b>				
	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>

The threshold percentages in the table above are multiplied by the percentages in the following table for each performance threshold achieved ( Objective Measure Weighting Percentage ). The compensation committee weights each threshold for each of the NEOs based upon that individual's ability to impact the measure. For example, our Executive Vice President of Stores is more heavily weighted on the comparable sales objective measure, while our Executive Vice President of Ecommerce and Omni-channel is the only executive officer weighted on ecommerce operating margin improvement-North America.

Chris K. Visser, Executive Vice  
President, General Counsel and  
Secretary

Therefore, for each performance threshold achieved, the calculation of the short-term cash based incentive earned is as follows:

**Base Salary (\$) x Threshold Percentage x Objective Measure Weighting Percentage**

During fiscal 2014, we achieved the level two performance threshold for ecommerce operating margin-North America improvement of last year plus \$3.6 million and diluted earnings per share performance-North America measures and the level one performance threshold for product margin-North America improvement of last year minus 0.4%, diluted earnings per share performance-Consolidated measures and comparable sales growth performance measures.

Short-term cash based incentive awards for meeting these achievements were paid to the NEOs for fiscal 2014 in March 2015. The short-term cash based incentives target and compensation paid to the NEOs for fiscal 2014 are as follows:

<b>Executive Officer</b>	<b>Short-Term Cash Based Incentive Compensation Target</b>	<b>Short-Term Cash Based Incentive Compensation Paid</b>
Thomas D. Champion, Chairman of the Board	\$ 211,429	\$ 105,714
Richard M. Brooks, Chief Executive Officer and Director	\$ 670,000	\$ 335,000
Christopher C. Work, Chief Financial Officer	\$ 137,500	\$ 68,750
Ford K. Wright, Executive Vice President of Stores	\$ 192,075	\$ 134,453
Troy R. Brown, Executive Vice President of Ecommerce and Omni-channel	\$ 254,450	\$ 235,366
Chris K. Visser, Executive Vice President, General Counsel and Secretary	\$ 144,650	\$ 108,488

#### **Bonus**

While we continue to open new stores and invest for the future, and have been for many years, the compensation committee recognizes the uncertain economic environment that has the potential to negatively impact virtually every industry including consumer discretionary spending businesses such as ours. The compensation committee recognizes that in some circumstances it may be advisable to establish and pay discretionary bonuses in order to reward NEOs for managing the business during difficult economic conditions. For example, in a situation where at the beginning of a fiscal year there was believed to be a wide range of possible financial outcomes, this variability may make it difficult to set targets for short-term cash based incentives. Accordingly, at the end of the fiscal year the compensation committee retains the discretion to award a bonus if the NEOs were able to achieve meaningful results during the fiscal year by managing the business, such as in the following ways:

Cash and marketable securities position at year-end versus plan and prior year.

Working capital versus plan and prior year.

Capital spending versus plan and prior year.

Operating income and diluted earnings per share performance for the year versus plan and the prior year.

The current year's performance relative to driving long-term value creation.

We may also award discretionary cash bonuses from time to time in order to attract and retain key NEOs.

The intention is to pay such bonuses rarely and in modest amounts if and only if other elements of the executive pay system do not respond to outstanding achievements clearly pursued and delivered in the interests of our shareholders.

The compensation committee also recognizes that such bonuses would be discretionary and would not qualify for deductibility under Section 162(m) of the Internal Revenue Code. For additional information on the applicability of Section 162(m), see the discussion under the section heading Tax and Accounting Implications.

### **Long-Term Equity Incentives**

The compensation committee uses long-term equity incentives as a significant component of total compensation consistent with the culture and compensation philosophy. The compensation committee continues to believe in the importance of equity compensation for all executive officers and issues equity incentives broadly through the management population.

Additionally, because we do not have a pension or a supplemental executive retirement plan, we believe our executives should plan for their retirement substantially through potential wealth accumulation from equity gains.

Long-term equity incentive awards are determined through a combination of the Company's performance, execution of our total compensation strategy of rewarding executives and providing a foundation for wealth building. Our stock option awards generally have a ten-year term and typically vest 25% per year. Our restricted stock awards generally vest 33% per year.

The compensation committee met in March 2014 and considered the performance of the Company, its overall compensation strategy and the level of equity grants to align the NEOs with shareholders. Based on the compensation committee's deliberations, the following equity incentive awards were granted:

<b>Executive Officer</b>	<b>Restricted Stock Grants</b>	<b>Stock Option Grants</b>
Thomas D. Champion, Chairman of the Board		
Richard M. Brooks, Chief Executive Officer and Director		
Christopher C. Work, Chief Financial Officer	2,451	4,095
Ford K. Wright, Executive Vice President of Stores	5,590	9,338
Troy R. Brown, Executive Vice President of Ecommerce and Omni-channel	7,846	13,106
Chris K. Visser, Executive Vice President, General Counsel and Secretary	2,451	4,095

The compensation committee believes the levels of grants are appropriate, consistent with its compensation strategy and provide a meaningful alignment of the NEOs with the Company's shareholders.

*Equity Grant Timing Practices.* All stock options granted at Zumiez have an exercise price equal to the closing market price of our stock on the grant date. Regular annual grants for employees are approved at the March compensation committee and board meetings, and the grant date for such annual grants is generally the second business day *after* the public release of fiscal year-end earnings. The grants are approved as formulas based on a specified dollar amount and approved dilution percentages; the number of shares and exercise price for each option grant are determined based on the closing market price of our stock on the grant date, and the number of shares for each restricted stock grant is determined by dividing the dollar amount by the closing market price of our stock on the grant date. The board gives the CEO the ability to grant a small number of equity awards for the current fiscal year at the March board meeting for new hires and promotions.

#### **Executive Compensation and Change in Net Wealth of Zumiez Stock Compare to Total Shareholder Return and Diluted Earnings Per Share Performance**

The following summary chart illustrates, over the previous five fiscal years, the relationship of the percentage change in certain executive compensation earned and the change in net wealth of Zumiez stock value to total shareholder return and diluted earnings per share performance. For a discussion of how total shareholder return and diluted earnings per share performance are calculated, please refer to the footnotes of this chart. Additionally, refer to our Summary Compensation Table for a summary of executive compensation calculated in accordance with SEC rules and regulations.

## Chairman and Chief Executive Officer (1)

- (1) We have only shown the comparison of our Chairman of the Board and Chief Executive Officer compensation and wealth to performance because the comparison to our other NEOs is not meaningful due to the limited periods of comparable percentage change in NEO Compensation and Wealth.
- (2) Executive Compensation and Wealth is calculated based on (1) the cash compensation earned during the fiscal year (Salary, Bonus and Non-Equity Incentive Plan Compensation from the Summary Compensation Table), (2) all other compensation received during the fiscal year (All Other Compensation from the Summary Compensation Table), (3) the change in the ending value of owned stock, stock awards granted and in-the-money stock option awards and (4) realized gains on sales of stock.
- (3) Total shareholder return is measured by the percentage change in stock price as of the end of the fiscal year.
- (4) Diluted earnings per share performance is measured by the percentage change in annual diluted earnings per share.

## Who is Involved in Compensation Decisions for NEOs

The role of the compensation committee The compensation committee oversees and governs the compensation of the NEOs. The compensation committee is currently composed of three independent outside directors. Its top priority is aligning the interests of the NEOs with those of shareholders and motivating them in the most effective manner possible to create maximum long-term shareholder value. The compensation committee's responsibilities are to:

Establish and articulate the philosophy, rationale and strategy for compensating all NEOs.

Approve and oversee group and individual compensation plans designed to fulfill our philosophy and strategy.

Develop, recommend and justify to the board all compensation decisions and actions for the CEO.

Review and approve all compensation decisions and actions for other NEOs.

Review and approve any up-front performance measures, goals, standards, weightings and formulas that may be used to determine future conditional awards for NEOs.

Ensure the ongoing success of our compensation program for NEOs by seeking, pursuing, evaluating and implementing improvements.

Review total compensation compared to compensation opportunities and practices in the competitive market for executive talent.

Evaluate the enterprise risk associated with all forms of compensation.

Appoint, determine the funding for, and oversee the independent compensation consultant.

The role of NEOs The NEOs, and in particular the CEO, provide and explain information requested by the compensation committee and are present at compensation committee meetings as requested by the compensation committee. The NEOs are not present during deliberations or determination of their respective compensation. On behalf of the compensation committee, the CEO has the following specific responsibilities:

Develop, recommend and justify, to the compensation committee, compensation decisions and actions for NEOs other than the CEO.

Develop, recommend and justify, to the compensation committee, any up-front performance measures, goals, standards, weightings and formulas that may be used to determine future conditional awards for the compensation program for NEOs.

Report, to the compensation committee, experiences with the compensation program for NEOs and present any perceived opportunities for improvement.

Communicate appropriate information about the compensation committee's actions and decisions to the other NEOs.

The role of external advisors At the compensation committee's discretion, it may engage and consult with external advisors as it determines necessary to assist in the execution of its duties. External advisors have the following responsibilities:

Provide research, analysis and expert opinions, on an as-requested basis, to assist the compensation committee in education, deliberations and decision-making.

Maintain independence from our management.

Interact with members of management only with the approval of the chair of the compensation committee. All external advisors are engaged directly by the compensation committee and independently of the management of the Company.

The compensation committee periodically engages a compensation consultant, Ascend Consulting, to work with the compensation committee on its compensation deliberations. During fiscal 2014, the compensation committee asked the consultant to provide an assessment of compensation levels and advise the compensation committee on compensation strategies based on a market analysis taking into account recruiting goals, and retaining and motivating talent to build shareholder value. The compensation committee and the Company believe the compensation consultant is independent of Zumiez and our management.

Our Executive Vice President, General Counsel and Secretary supports the compensation committee in its work.

**The Compensation Decision-making Process**

The compensation committee gathers together information to help it assess compensation for the NEOs, including:

Tally sheets We use tally sheets for each of the NEOs to summarize the significant components of compensation. At Zumiez, the components of compensation primarily include base salary, short-term cash based incentives, bonuses, equity incentives. The tally sheets are compared to targeted total compensation. The tally sheets are used to help prepare the tables that follow this compensation discussion and analysis.

**Competitive Compensation Analysis** At the compensation committee's direction, the compensation consultant developed and delivered analysis of competitive compensation for each NEO position. Analysis was performed using publicly-available information on executive pay levels compiled from the most recently available proxy statements of publicly-held companies. The focus was on selected samples of retail companies that best reflect the competitive market for executive talent: those of similar size, business profile and executive compensation practices. Supplemental analyses for the retail sector as a whole and across business sectors in both the Pacific Northwest and nationwide were also conducted. These, along with application of generally accepted methods of statistical analysis, helped ensure the accuracy, validity, reliability and defensibility of results. On the basis of this rigorous approach, the compensation consultant provided expert opinions and conclusions to the compensation committee about targets for base salary, short-term cash based incentives and long-term equity incentives for our NEO roles. The committee used this information to ensure that our stated philosophy and strategy for aligning executive compensation opportunities with the competitive market has been and continues to be fulfilled.

**Fiscal 2014 results** The compensation committee has access to fiscal 2014 operating plans and budgets as approved by the board of directors in March 2014. Management updates the compensation committee and the board on actual performance compared to budgets and summarizes for the compensation committee how the Company and the NEOs performed against the performance targets.

**Fiscal 2015 operating and financial plans** The compensation committee also receives the operating plan and budgets for fiscal 2015 as approved by the Company's board of directors. The compensation committee uses this information to help establish performance targets for the upcoming fiscal year.

**Audited results** The compensation committee reviews the final audited results to confirm that performance targets were achieved. No incentive awards are made until audited results are received by the board.

**Performance of teen specialty retailers** The compensation committee requests that management prepare a schedule for a group of teen retailers comparing comparable-store sales results for the last four fiscal years and the percentage change in diluted earnings per share comparing the most recent year-end results to the previous year. The teen retailers include: Abercrombie & Fitch, Aeropostale, American Eagle, Tilly's and Pacific Sunwear. The group was selected because they are generally considered to be leading lifestyle retailers in the teen market. All of the information for these retailers was summarized from publicly available data. The compensation committee compares our relative performance as an additional data point understanding that all of these companies are larger and may have significantly different business models with significantly different growth profiles.

**Evaluations** The compensation committee receives a self-evaluation and confidential upward evaluations of the CEO and summary evaluations of the remaining NEOs. The compensation committee chair solicits the full membership of the board for feedback on the CEO's performance and prepares the CEO's annual evaluation for review by the full compensation committee.

The compensation committee thoroughly and systematically reviews and discusses all information submitted. It asks management to clarify and supplement as appropriate. The committee then works with its consultant to determine fair and competitive compensation awards and opportunities for each of the NEOs.

The compensation committee currently structures the NEO compensation program to:

Provide conservative (40<sup>th</sup> percentile) base salary opportunities against the Company's competitive market for executive compensation talent.

Establish average (50<sup>th</sup> percentile) total cash compensation opportunities (base salary, bonus and Short-Term Cash Based Incentives) against the competitive market.

Provide long-term equity-based awards at the 50<sup>th</sup> percentile when compared to competitive practices for comparable roles. In the case of our Chairman and our CEO who beneficially own 12.1% and 12.6% of the Company, respectively, the compensation committee has concluded that each executive owns a sufficient amount of equity to align them with the long-term interests of shareholders. Because of this, neither our Chairman nor our CEO has received equity grants since before the Company's initial public offering.

The compensation committee evaluates this approach to total direct compensation on an annual basis to best maintain alignment of the interests of NEOs with the long-term economic interests of shareholders, given the maturity, complexity and size of the business. Included is a thorough review of the approach to the Chairman and CEO, where the committee reserves the right to provide additional equity-based awards to the incumbents if it determines doing so is in the best interests of shareholders and/or is needed to best reflect competitive practices.

During its deliberations, the compensation committee also considers:

Long-term wealth accumulation the accumulated wealth from previous equity incentives granted to each NEO.

Internal pay equity the relationship between the compensation of our CEO and the other NEOs, as well as staff at-large.

There is discretion inherent in the compensation committee's role of establishing compensation for the NEOs. The compensation committee has attempted to minimize discretion by focusing on the three objective financial measures it considers to be the long-term drivers of the Company's business: comparable sales, product margin and diluted earnings per share. These three measures have historically been used exclusively to determine the short-term cash based incentives and are also key considerations in determining changes to base salary and long-term equity incentive awards. Some discretion is used by the compensation committee in evaluating the qualitative performance of the NEOs in determining base salary adjustments and payment of discretionary bonuses. Some discretion is also used in the granting of long-term equity incentive awards to help NEOs build wealth through ownership of Zumiez stock. However, in all of these uses of discretion the compensation committee is also governed by the overall compensation philosophy; and, is guided by explicit competitive targets and ranges of reasonableness.

In making its final decisions, the committee works to ensure that all outcomes are thoroughly justifiable and defensible as well as fair and effective from all critical perspectives: those of the full board, shareholders, objective external experts and the NEOs themselves.

*Advisory Vote on Executive Compensation.* The shareholders of the Company are provided the opportunity to provide an advisory vote on the Company's executive compensation every three years. At the last such vote in May of 2014 the shareholders of the Company approved the Company's executive compensation in an advisory vote with 99.7% of the votes being cast in favor of the Company's executive compensation. The compensation committee viewed this vote as strong support for its executive compensation decisions and policies and, accordingly, it did not consider making changes to its executive compensation decisions and policies in response to this 2014 advisory shareholder vote.

## **Enterprise Risk and Compensation**

The compensation committee considers all facets of the NEOs compensation structure and believes it appropriately balances the drive for financial results and risks to the Company. The compensation committee aligns executive compensation with shareholder interests by placing a majority of total compensation at risk, and increasing the amount of pay that is at risk as the executives achieve higher levels of performance. At risk means the executive will not realize value unless performance goals are attained. The short-term incentives are tied to easily measureable financial

metrics that the compensation committee believes are consistent,

transparent and drive shareholder value; that is, comparable sales-North America, product margin-North America, ecommerce operating margin-North America, diluted earnings per share-Consolidated and diluted earnings per share-North America. The majority of the long-term based compensation vests over several years and is not tied to specific financial metrics. By combining annual cash incentives tied to short-term financial performance along with the majority of the NEOs long-term wealth creation tied to stock performance, the compensation committee believes an appropriate balance exists between rewarding performance without excessive risk taking. In addition the compensation committee believes the short-term incentives in place that are tied to financial performance do not provide excessive risk to the Company as they are capped at no more than 200% of base pay for our CEO, 140% for our Executive Vice President of Ecommerce and Omni-channel, 130% for our Chairman and Executive Vice President of Stores, and 110% for our CFO and our Executive Vice President, General Counsel and Secretary, The compensation committee believes that the overall executive compensation policy contains less than a reasonable likelihood of material risk.

### **Employment Agreements**

None of our U.S. employees have an employment agreement and all U.S. employees are at will.

### **Tax and Accounting Implications**

*Accounting Treatment.* We recognize a charge to earnings for accounting purposes for equity awards over their vesting period. We expect that the compensation committee will continue to review and consider the accounting impact of equity awards in addition to considering the impact for dilution and overhand when deciding on amounts and terms of equity grants.

*Deductibility of Executive Compensation.* Section 162(m) of the Internal Revenue Code limits the Company's ability to deduct certain compensation over \$1.0 million paid to the executive officers unless such compensation is based on performance objectives meeting certain criteria or is otherwise excluded from the limitation. The compensation committee believes that it is generally in the Company's best interests to comply with Section 162(m) and expects that most of the compensation paid to the named executives will either be under the \$1.0 million limit, eligible for exclusion (such as stock options) under the \$1.0 million limit, or based on qualified performance objectives. However, notwithstanding this general policy, the compensation committee also believes that there may be circumstances in which the Company's interests are best served by maintaining flexibility in the way compensation is provided, whether or not compensation is fully deductible under Section 162(m). Accordingly, it is possible that some compensation paid to executive officers may not be deductible to the extent that the aggregate of non-exempt compensation exceeds the \$1.0 million level. At our 2014 Annual Meeting of Shareholders, the Company's shareholders approved the material terms of the performance criteria that is utilized in our short-term cash based incentive awards and other awards that may be made in the future pursuant to the terms of the 2014 Equity Incentive Plan and therefore, the short-term cash based incentive awards (discussed earlier in the Compensation Discussion and Analysis) are eligible for exclusion under the Section 162(m) \$1.0 million limit for fiscal 2014 and beyond.

*Taxation of Parachute Payments and Deferred Compensation.* We do not provide and have no obligation to provide any executive officer, including any NEO, with a gross-up or other reimbursement payment for any tax liability that he or she might owe as a result of the application of Section 280G, 4999, or 409A of the Code. Sections 280G and 4999 of the Code provide that executive officers and directors who hold significant equity interests and certain other service providers may be subject to an excise tax if they receive payments or benefits in connection with a change in control that exceed certain limits prescribed by the Code, and that the employer may forfeit a deduction on the amounts subject to this additional tax. Section 409A of the Code also may impose significant taxes on a service provider in the event that he or she receives deferred compensation that does not comply with the requirements of Code Section 409A. We have structured our compensation arrangements with the intention of complying with or otherwise being exempt from the requirements of Code Section 409A. Our 2014 Equity Incentive Plan provides that it

shall be interpreted and administered to the extent necessary to comply with or effectuate an exemption from the requirements of Code Section 409A.

## Advisory Vote on Executive Compensation

We provided the Company's shareholders with the opportunity to vote to approve, on an advisory, non-binding basis, the compensation of our named executive officers at our 2014 Annual Meeting of Shareholders. As noted above under the section heading "The Compensation Decision-making Process," the result of the prior advisory shareholder vote at our 2014 Annual Meeting of Shareholders was 99.7% of votes cast approved the compensation of our named executive officers.

Additionally, at our 2011 Annual Meeting of Shareholders, we provided the Company's shareholders with the opportunity to indicate their preference on how frequently we should seek an advisory vote on the compensation of our named executive officers, with the option for every 1 Year, every 2 Years, or every 3 Years. The result of this advisory vote was 58.9% of votes cast were in favor of an advisory vote on executive compensation every three years. Based on the board of directors' recommendation for a frequency of three years and the voting results with respect to the frequency of future advisory votes on executive compensation, the board of directors determined that it will include in the annual shareholder meeting proxy materials a shareholder vote on executive compensation every three years until the next required vote on frequency of advisory votes on executive compensation, which will occur at the 2017 Annual Meeting of Shareholders. As an advisory vote on executive compensation occurred at the 2014 Annual Meeting of Shareholders, the next advisory vote on executive compensation will occur at the 2017 Annual Meeting of Shareholders.

## COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Messrs. Weber, Hyde and Smith currently serve as members of the compensation committee. Mr. Smith joined the Compensation Committee on December 10, 2014. No member of the compensation committee was at any time during fiscal 2014 or at any other time an officer or employee of Zumiez, and no member had any relationship with Zumiez requiring disclosure as a related-person in the section "Certain Relationships and Related Transactions." No executive officer of Zumiez has served on the board of directors or compensation committee of any other entity that has or has had one or more executive officers who served as a member of our board of directors or compensation committee during fiscal 2014.

## REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The compensation committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussion, the compensation committee recommended to the board of directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

(1) These columns show what the potential payout for each NEO was under the executive short-term cash based incentives for fiscal 2014 if the threshold, target or maximum goals were satisfied for all performance measures. Please refer to the discussion in the Compensation Discussion and Analysis entitled, "Short-Term Cash Based Incentives" and the Summary Compensation Table for amounts earned by the NEOs in fiscal 2014.

- (2) This column shows the number of shares of restricted stock granted in fiscal 2014 to the NEOs. The restricted stock awards vest over a three-year period in equal annual installments beginning on the first anniversary date of the grant. Please refer to the discussion in the Compensation Discussion and Analysis entitled, Long-Term Equity Incentives. Information on the aggregate grant-date fair value of restricted stock awards is set forth in the Summary Compensation Table.
- (3) This column shows the number of stock options granted in fiscal 2014 to the NEOs. These stock options vest over a four-year period in equal annual installments beginning on the first anniversary date of the grant. Please refer to the discussion in the Compensation Discussion and Analysis entitled, Long-Term Equity Incentives. Information on the aggregate grant-date fair value of stock option awards is set forth in the Summary Compensation Table.
- (4) This column shows the exercise price for the stock options granted, which was the closing price of the Company's stock on the grant date indicated.
- (5) This column represents the aggregate grant-date fair value of restricted stock and stock option awards calculated in accordance with FASB ASC Topic 718, excluding the impact of estimated forfeitures related to service based vesting conditions. For assumptions used in determining these values, please see Note 2 (listed under Stock Compensation) in the Notes to Consolidated Financial Statements in our fiscal 2014 Form 10-K. These amounts reflect the Company's accounting expense for these stock option and restricted stock awards to be recognized over the vesting period of the grants, and do not correspond to the actual value that will be recognized by the NEO.

**Outstanding Equity Awards at Fiscal Year-End**

The following table provides information on the holdings of stock option awards and restricted stock awards for the NEOs at January 31, 2015. This table includes unexercised and unvested stock options and restricted stock awards. The vesting schedule for each grant of stock options and restricted stock awards is shown in the footnotes to this table. The market value of the restricted stock awards is based on the closing market price of our stock on January 31, 2015, which was \$37.29.
