JOINT PROXY STATEMENT/PROSPECTUS PROPOSED MERGER YOUR VOTE IS IMPORTANT

Dear Shareholders:

We are pleased to report that NXP Semiconductors N.V. and Freescale Semiconductor, Ltd. have entered into an agreement and plan of merger pursuant to which Nimble Acquisition Limited, a wholly-owned, indirect subsidiary of NXP, will merge with and into Freescale, with Freescale surviving the merger as a wholly-owned, indirect subsidiary of NXP.

Pursuant to the terms and subject to the conditions set forth in the merger agreement, at the effective time of the merger, each holder of a common share of Freescale, par value \$0.01 per share, issued and outstanding immediately prior to such time (other than certain Freescale common shares which will be cancelled as set forth in the merger agreement) will be entitled to receive, with respect to each such Freescale common share, (i) 0.3521 of an NXP ordinary share, par value EUR 0.20 per share, and (ii) \$6.25 in cash, without interest.

Freescale common shares currently trade on the New York Stock Exchange under the ticker symbol FSL and NXP ordinary shares currently trade on the NASDAQ Global Select Market under the ticker symbol NXPI. NXP intends to list the NXP ordinary shares to be issued in connection with the merger on NASDAQ where, subject to official notice of issuance, they will trade under the ticker symbol NXPI. On [DATE], 2015, the most recent practicable trading day prior to the printing of this joint proxy statement/prospectus, the closing price of NXP ordinary shares was \$[] per share and the closing price of Freescale common shares was \$[] per share. **The value of the merger consideration will fluctuate with changes in the market price of NXP ordinary shares. We urge you to obtain current market quotations for NXP ordinary shares and for Freescale common shares.** Upon completion of the merger, former Freescale shareholders are currently expected to own approximately 32% of the NXP ordinary shares outstanding immediately after the merger, based on the number of NXP ordinary shares outstanding as of March 1, 2015, the date of the execution of the merger agreement. The receipt of NXP ordinary shares and cash in exchange for Freescale common shares in the merger will generally be a taxable transaction for Freescale shareholders for U.S. federal income tax purposes and may also be taxable under state, local and non-U.S. income and other tax laws.

Before the merger can be completed, NXP shareholders must vote to approve, among other things, the merger and the other transactions contemplated by the merger agreement, and Freescale shareholders must vote to approve the merger agreement and the merger. NXP and Freescale are sending you this joint proxy statement/prospectus to ask you to vote in favor of these matters.

The special general meeting of Freescale shareholders will be convened for [DATE], 2015, at [TIME], to be held at Freescale's principal executive offices located at 6501 William Cannon Drive West, Austin, Texas 78735. At this Freescale special meeting, Freescale shareholders will be asked to approve, among other things, the merger agreement and the merger. More information about the proposals to be voted on at this Freescale special meeting is contained in this joint proxy statement/prospectus. **The board of directors of Freescale has unanimously (i) determined that the merger consideration constitutes fair value for each Freescale common share and (ii) approved the merger agreement and determined that the merger agreement and the transactions contemplated by the merger agreement, including the merger, are advisable, fair to and in the best interests of Freescale and its shareholders. The Freescale board recommends that Freescale shareholders vote FOR the approval of the merger agreement and the merger and FOR the approval of the other proposals to be voted on at this Freescale special meeting as described in this joint proxy statement/prospectus.**

This joint proxy statement/prospectus describes the proposals listed above in more detail. Please refer to the attached document, including the merger agreement and all other annexes and including any documents incorporated by reference, for further information with respect to the business to be transacted at the Freescale special meeting. You are encouraged to read the entire document carefully before voting. **In particular, see the section entitled Risk Factors.**

Under the laws of Bermuda, in the event of a merger of a Bermuda company with another company or corporation, any shareholder of the Bermuda company (a shareholder of record) is entitled to receive fair value for its shares. The board of directors of Freescale (the Freescale board) unanimously considers the merger consideration to constitute fair value for each Freescale common share. Based on the closing price of \$[] for an NXP ordinary share on [DATE], 2015, the merger consideration was equal to \$6.25 per Freescale common share in cash, plus 0.3521 of an NXP ordinary share, for a combined dollar value equivalent to \$[].

Any Freescale shareholder of record who is not satisfied that it has been offered fair value for its Freescale common shares and whose Freescale common shares are not voted in favor of the approval of the merger agreement and the merger, may exercise its appraisal rights under Section 106 of the Companies Act of 1981, as

Table of Contents

amended, of Bermuda (the Companies Act) to have the fair value of its Freescale common shares appraised by the Supreme Court of Bermuda. Any Freescale shareholder intending to exercise appraisal rights MUST file its application for appraisal of the fair value of its Freescale common shares with the Supreme Court of Bermuda within ONE MONTH after the date the notice convening the Freescale special meeting is deemed to have been received.

The Freescale board has fixed the close of business on [DATE], 2015 as the record date (the Freescale record date) for determination of Freescale shareholders entitled to receive notice of, and to vote at, the Freescale special meeting or any adjournments or postponements thereof, or to exercise the appraisal rights conferred on dissenting shareholders by the laws of Bermuda. Only Freescale shareholders of record at the close of business on the Freescale record date are entitled to receive notice of, and to vote at, the Freescale special meeting or any adjournment or postponement thereof, or to exercise the appraisal rights conferred on dissenting shareholders by the laws of Bermuda.

The Freescale board has unanimously (i) determined that the merger consideration constitutes fair value for each Freescale common share and (ii) approved the merger agreement and determined that the merger agreement and the transactions contemplated by the merger agreement, including the merger, are advisable, fair to and in the best interests of Freescale and its shareholders. The Freescale board recommends that Freescale shareholders vote FOR the approval of the merger agreement and the merger; FOR the approval on an advisory (non-binding) basis the compensation arrangements and compensation that may be paid or become payable to Freescale's named executive officers that is based on or otherwise related to the merger; and FOR the adjournment of the Freescale special meeting, if necessary or appropriate, to solicit additional proxies if there are not sufficient votes to approve the merger agreement and the merger.

YOUR VOTE IS VERY IMPORTANT REGARDLESS OF THE NUMBER OF SHARES THAT YOU OWN. The merger cannot be completed without the approval of the merger agreement and the transactions contemplated by the merger agreement, including the merger, by the affirmative vote, in person or by proxy, of holders of a majority of the issued and outstanding Freescale common shares entitled to vote as of the Freescale record date for the Freescale special meeting, voting together as a single class.

Freescale shareholders as of the Freescale record date may have their Freescale common shares voted by submitting a proxy by following the instructions provided on the enclosed proxy card. Freescale recommends that Freescale shareholders entitled to vote submit a proxy even if they plan to attend the Freescale special meeting.

Freescale shareholders who hold their Freescale common shares beneficially in street name and wish to submit a proxy must provide instructions to the broker, bank, trustee or other nominee that holds their Freescale common shares as to how to vote their Freescale common shares with respect to Proposals 1, 2 and 3. Freescale shareholders who hold their Freescale common shares beneficially in street name and wish to vote in person at the Freescale special meeting must obtain proxies issued in their own names (known as a legal proxy).

The following questions and answers are intended to briefly address some questions that you, as an NXP shareholder or a Freescale shareholder, may have regarding the merger and the other matters being considered at the NXP extraordinary general meeting or the Freescale special general meeting. NXP and Freescale urge you to carefully read the remainder of this joint proxy statement/prospectus because the information in this section does not provide all the information that might be important to you. Additional important information is also contained in the annexes to and the documents incorporated by reference into this joint proxy statement/prospectus.

Unless the context otherwise requires or if stated otherwise, in this joint proxy statement/prospectus all references to:

the combined company refer to NXP following completion of the merger and the other transactions contemplated by the merger agreement;

Freescale refer to Freescale Semiconductor, Ltd., a Bermuda exempted limited liability company;

NXP refer to NXP Semiconductors N.V., a Dutch public limited liability company;

Merger Sub refer to Nimble Acquisition Limited, a Bermuda exempted limited liability company and wholly-owned, indirect subsidiary of NXP; and

the merger agreement refer to the Agreement and Plan of Merger, dated as of March 1, 2015, by and among Freescale, NXP and Merger Sub, a copy of which is included as Annex A to this joint proxy statement/prospectus, as it may be amended from time to time.

Q: Why am I receiving this document?

A: Freescale, NXP and Merger Sub have entered into the merger agreement providing for the merger of Merger Sub with and into Freescale, which we refer to in this joint proxy statement/prospectus as the merger, with Freescale surviving the merger as a wholly-owned, indirect subsidiary of NXP.

Before the merger can be completed, NXP shareholders must vote to approve, among other things, the merger and the other transactions contemplated by the merger agreement, and Freescale shareholders must vote to approve the merger agreement and the merger. NXP and Freescale are sending you this joint proxy statement/prospectus to ask you to vote in favor of these matters. NXP will hold an extraordinary general meeting, which we refer to in this joint proxy statement/prospectus as the NXP special meeting, on [DATE], 2015 and Freescale will hold a special general meeting of shareholders, which we refer to in this joint proxy statement/prospectus as the Freescale special meeting, on [DATE], 2015 to obtain these approvals and the approval of certain other proposals that are not conditions to the completion of the merger.

This joint proxy statement/prospectus, which you should read carefully, contains important information about the merger agreement, the merger and the other transactions contemplated by the merger agreement and other matters being considered at the NXP special meeting and the Freescale special meeting. The enclosed voting materials allow you to vote your shares without attending the applicable special meeting. Your vote is very important and we encourage you to submit your proxy as soon as possible.

Q: What will Freescale shareholders receive for their shares?

Edgar Filing: NXP Semiconductors N.V. - Form F-4/A

A: As the effective time of the merger, which we refer to in this joint proxy statement/prospectus as the effective time, each holder of a common share of Freescale, par value \$0.01 per share, which we refer to in this joint proxy statement/prospectus as a Freescale common share, issued and outstanding immediately prior to such time (other than certain Freescale common shares which will be cancelled as set forth in the merger agreement) will be entitled to receive, with respect to each such Freescale common share:

0.3521 of an NXP ordinary share, par value EUR 0.20 per share, which we refer to in this joint proxy statement/prospectus as an NXP ordinary share; and

Table of Contents

\$6.25 in cash, without interest, which, together with the fraction of the NXP ordinary share set forth above, we refer to in this joint proxy statement/prospectus as the merger consideration.

In addition, Freescale shareholders will not receive any fractional NXP ordinary shares in connection with the merger. Instead, each Freescale shareholder that would have been entitled to receive a fraction of an NXP ordinary share will instead receive cash compensation in lieu of such fractional share as described further in the section entitled The Merger Agreement Effects of the Merger; Conversion of Freescale Common Shares.

Upon completion of the merger, former Freescale shareholders are currently expected to own approximately 32% of the NXP ordinary shares outstanding immediately after the merger, based on the number of NXP ordinary shares outstanding as of March 1, 2015, the date of the execution of the merger agreement. For additional information regarding the consideration to be received in the transactions, see the sections entitled The Merger Effects of the Merger and The Merger Agreement Effects of the Merger; Conversion of Freescale Common Shares.

Q: How do I calculate the value of the merger consideration?

Because NXP will deliver a fixed number of NXP ordinary shares for each Freescale common share, the value of the merger consideration that Freescale shareholders will receive in the merger for each Freescale common share will depend on the price per NXP ordinary share at the time the merger is completed. That price will not be known at the time of the NXP special meeting or the Freescale special meeting and may be less than the current price or the price at the time of such special meetings.

Based on the closing price of \$84.90 per NXP ordinary share on the NASDAQ Global Select Market, which we refer to in this joint proxy statement/prospectus as NASDAQ, on February 27, 2015, the last trading day before the public announcement of the merger, the portion of the merger consideration consisting of NXP ordinary shares was valued at approximately \$29.89, resulting in an aggregate value of the merger consideration of \$36.14 per Freescale common share. Based on the closing price of \$[] per NXP ordinary share on NASDAQ on [DATE], 2015, the most recent practicable trading day prior to the printing of this joint proxy statement/prospectus, the portion of the merger consideration consisting of NXP ordinary shares was valued at approximately \$[], resulting in an aggregate value of the merger consideration of \$[] per Freescale common share.

Q: What proposals are being voted on at the NXP special meeting and what shareholder vote is required to adopt those proposals?

A: NXP shareholders are being asked to vote on the following proposals at the NXP special meeting:

a proposal to approve (within the meaning of article 2:107a of the Dutch Civil Code) the completion by NXP of the merger and the other transactions contemplated by the merger agreement, which we refer to in this joint proxy statement/prospectus as the NXP merger proposal;

a proposal to authorize the board of directors of NXP, which we refer to in this joint proxy statement/prospectus as the NXP board, for a period of 18 months, i.e., until and including [DATE], to issue up to 125,000,000 NXP ordinary shares and to authorize the NXP board to deliver the NXP ordinary shares held in treasury in connection with the merger, in each case as payment of the portion of the merger consideration consisting of NXP ordinary shares in accordance with the merger agreement, which we refer to in this joint proxy statement/prospectus as the NXP share issuance proposal;

a proposal to authorize the NXP board for a period of 18 months, i.e., until and including [DATE], to grant the right to acquire up to 12,500,000 NXP ordinary shares in connection with the assumption by NXP of the stock options, unvested restricted share units and unvested performance-based restricted share units granted by Freescale as further described in the section entitled The Merger Agreement Treatment of Freescale Equity Awards, which we refer to in this joint proxy statement/prospectus as the NXP option issuance proposal;

Table of Contents

a proposal to appoint Gregory L. Summe as non-executive director of NXP, effective as of the effective time and for a term ending at the close of the first NXP annual general meeting held after the effective time; and

a proposal to appoint Peter Smitham as non-executive director of NXP, effective as of the effective time and for a term ending at the close of the first NXP annual general meeting held after the effective time, which, together with the proposal in the immediately preceding bullet, we refer to in this joint proxy statement/prospectus as the NXP director election proposals.

The NXP merger proposal, the NXP share issuance proposal and the NXP option issuance proposal will be put to a vote as one single voting item. Each of the NXP director election proposals will be put to a vote separately. Approval of the first three proposals requires the affirmative vote of a majority of the votes cast at the NXP special meeting. Each of the NXP director election proposals will be adopted unless a two-thirds majority of the votes cast at the NXP special meeting, which majority represents more than half of the issued share capital, votes against such proposal. The failure of any NXP shareholder to submit a vote (i.e., not submitting a proxy and not voting in person) and any abstention from voting by an NXP shareholder will have no effect on any of the proposals.

As of [DATE], 2015, the directors and executive officers of NXP and their affiliates owned and were entitled to vote [] NXP ordinary shares, representing approximately []% of the NXP ordinary shares outstanding on that date. NXP currently expects that these directors and executive officers will vote such NXP ordinary shares in favor of the foregoing proposals, although none of them has entered into any agreement obligating them to do so.

Q: What are the recommendations of the NXP board regarding the proposals being put to a vote at the NXP special meeting?

A: The NXP board has unanimously determined that the merger agreement and the transactions contemplated thereby are advisable, fair to and in the best interests of NXP and its shareholders.

The NXP board recommends that NXP shareholders vote FOR each of the proposals to be presented at the NXP special meeting.

See the section entitled The Merger Recommendation of the NXP Board and Reasons for the Merger for a more complete description of the recommendations of the NXP board.

Q: What proposals are being voted on at the Freescale special meeting and what shareholder vote is required to adopt those proposals?

A: Freescale shareholders are being asked to vote on the following proposals at the Freescale special meeting:

a proposal to approve the merger agreement and the merger, which we refer to in this joint proxy statement/prospectus as the Freescale merger proposal, which proposal requires the affirmative vote of holders of a majority of the issued and outstanding Freescale common shares entitled to vote on such proposal, voting as a single class;

a proposal to approve on an advisory (non-binding) basis the compensation arrangements and compensation that may be paid or become payable to Freescale's named executive officers that is based on or otherwise related to the merger, which we refer to in this joint proxy statement/prospectus as the Freescale compensation proposal, which proposal requires the affirmative vote of holders of a majority of the Freescale common shares present, in person or by proxy, and entitled to vote on such proposal, voting as a single class; and

a proposal to approve the adjournment of the Freescale special meeting, if necessary or appropriate, to solicit additional proxies if there are not sufficient votes to approve the merger agreement and the merger, which we refer to in this joint proxy

Edgar Filing: NXP Semiconductors N.V. - Form F-4/A

statement/prospectus as the Freescale adjournment proposal, which proposal requires the affirmative vote of holders of a majority of the Freescale common shares present, in person or by proxy, and entitled to vote on such proposal, voting as a single class.

Table of Contents

Completion of the merger is conditioned on, among other things, approval of the Freescale merger proposal, but is not conditioned on approval of the Freescale compensation proposal or the Freescale adjournment proposal. The failure of any Freescale shareholder to submit a vote (i.e., not submitting a proxy and not voting in person) and any abstention from voting by a Freescale shareholder will have the same effect as a vote against the first proposal and will have no effect on the second proposal or the third proposal.

As of [DATE], 2015, the directors and executive officers of Freescale and their affiliates owned and were entitled to vote [] Freescale common shares, representing approximately []% of the Freescale common shares outstanding on that date. Freescale currently expects that these directors and executive officers will vote such Freescale common shares in favor of the foregoing proposals, although none of them has entered into any agreement obligating them to do so.

In order for business to be conducted at the Freescale special meeting, a quorum must be present. A quorum requires the presence of one or more persons present in person at the start of the Freescale special meeting and representing, in person or by proxy, in excess of 50% of the total issued and outstanding Freescale common shares entitled to vote at the Freescale special meeting.

In connection with entering into the merger agreement, NXP entered into a support agreement, which we refer to in this joint proxy statement/prospectus as the support agreement, with Freescale Holdings L.P., which we refer to in this joint proxy statement/prospectus as the sponsor shareholder, and certain equityholders of the sponsor shareholder, which we refer to in this joint proxy statement/prospectus as the sponsors, pursuant to which the sponsor shareholder has agreed, subject to certain conditions, to vote all the Freescale common shares owned by it in favor of the Freescale merger proposal. See the section entitled The Support Agreement. As of [DATE], 2015, the sponsor shareholder owned [] Freescale common shares representing approximately []% of the total issued and outstanding Freescale common shares.

Q: What are the recommendations of the Freescale board regarding the proposals being put to a vote at the Freescale special meeting?

A: The Freescale board, in accordance with the Companies Act of 1981, as amended, of Bermuda, which we refer to in this joint proxy statement/prospectus as the Companies Act, has unanimously approved the merger agreement and determined that the merger agreement and the transactions contemplated by the merger agreement, including the merger, are advisable, fair to and in the best interests of Freescale and its shareholders and that the merger consideration constitutes fair value for each Freescale common share.

The Freescale board recommends that Freescale shareholders vote FOR each of the proposals to be presented at the Freescale special meeting.

See the section entitled The Merger Recommendation of the Freescale Board and Reasons for the Merger for a more complete description of the recommendations of the Freescale board. In considering the recommendations of the Freescale board, you should be aware that Freescale's executive officers and directors may have interests in the merger that are different from, or in addition to, those of Freescale shareholders generally. See the section entitled The Merger Interests of Certain Freescale Persons in the Merger.

Q: What will the board of directors and management of the combined company look like?

A: At the completion of the merger, subject to NXP shareholders adopting the NXP director election proposals, the board of directors of the combined company is expected to include Gregory L. Summe and Peter Smitham, in addition to the other directors on the NXP board immediately prior to the completion of the merger. Richard L. Clemmer, the President and Chief Executive Officer of NXP, will continue as the President and Chief Executive Officer of the combined company following completion of the merger. The rest of the senior leadership team for the combined company following completion of the merger is expected to include: Peter Kelly, Chief Financial Officer; Rudy Stroh, General Manager Security & Connectivity; Kurt Sievers, General Manager Automotive; Tom Deitrich, General Manager Digital Networking; Frans Scheper, General Manager Standard Products; Paul Hart, General Manager RF Power; Guido Dierick, General Counsel; David Reed, Head of Technology & Operations; Steve Owen, Chief Sales and Marketing

Officer and Dennis Shuler, Chief Human Resources Officer. See the section entitled "The Merger - Board of Directors and Management of the Combined Company Following Completion of the Merger."

Q: Will the NXP ordinary shares issued in connection with the completion of the merger be traded on an exchange?

A: Yes. It is a condition to the completion of the merger that the NXP ordinary shares to be issued to Freescale shareholders in connection with the merger be authorized for listing on NASDAQ, subject to official notice of issuance.

Q: How will NXP shareholders be affected by the merger?

A: Upon completion of the merger, each NXP shareholder will hold the same number of NXP ordinary shares that such holder held immediately prior to completion of the merger. As a result of the merger, NXP shareholders will own shares in a larger company with more assets. However, because a portion of the merger consideration is to be paid in NXP ordinary shares, each outstanding NXP ordinary share immediately prior to the completion of the merger will represent a smaller percentage of the aggregate number of NXP ordinary shares outstanding after the completion of the merger.

Q: Is the merger expected to be taxable to Freescale shareholders for U.S. federal income tax purposes?

A: The receipt of NXP ordinary shares and cash in exchange for Freescale common shares in the merger generally will be a taxable transaction for U.S. federal income tax purposes and may also be taxable under state, local and non-U.S. income and other tax laws. Please carefully review the information in the section entitled "The Merger - Certain U.S. Federal Income Tax Consequences of the Merger" for a description of certain U.S. federal income tax consequences of the merger to U.S. holders (as defined in that section). The tax consequences to you will depend on your individual situation. We urge you to consult your tax advisors as to the specific tax consequences to you of the merger and your receipt of the merger consideration, including the applicability and effect of U.S. federal, state, local and non-U.S. income and other tax laws in light of your particular circumstances.

Q: When do NXP and Freescale expect to complete the merger?

A: NXP and Freescale currently expect to complete the merger by the end of calendar year 2015, subject to receipt of required shareholder approvals and regulatory approvals and subject to the satisfaction or waiver of other conditions. However, neither NXP nor Freescale can predict the actual date on which the merger will be completed because completion is subject to conditions beyond each company's control. See the sections entitled "The Merger - Regulatory Approvals Required to Complete the Merger" and "The Merger Agreement - Conditions to the Completion of the Merger."

Q: When and where is the NXP special meeting?

A: The NXP special meeting will be held on [DATE], 2015, beginning at [TIME], at NXP's principal executive offices located at High Tech Campus 60, Eindhoven 5656 AG, the Netherlands.

Q: When and where is the Freescale special meeting?

Only Freescale shareholders at the close of business on [DATE], 2015, which we refer to in this joint proxy statement/prospectus as the Freescale record date, will be entitled to vote at the Freescale special meeting or any adjournment or postponement thereof.

Q: What do I need to do now?

A: After you have carefully read and considered the information contained in or incorporated by reference into this joint proxy statement/prospectus, please submit your proxy via the Internet or by telephone in accordance with the instructions set forth on the enclosed proxy card, or complete, sign, date and return the enclosed proxy card in the postage-prepaid envelope provided as soon as possible so that your shares will be represented and voted at the NXP special meeting or the Freescale special meeting, as applicable.

Q: How will my proxy be voted?

A: If you submit your proxy via the Internet, by telephone or by completing, signing, dating and returning the enclosed proxy card, your proxy will be voted in accordance with your instructions. For Freescale shareholders and NXP shareholders, if you complete your proxy but do not indicate how your Freescale common shares or your NXP ordinary shares, as applicable, are to be voted for a proposal, the shares represented by your proxy will be voted in accordance with the recommendation of the Freescale board or the NXP board, as applicable, with respect to such proposal to which no instruction is given.

Additional information on voting procedures can be found in the section entitled NXP Special Meeting and in the section entitled Freescale Special Meeting.

Q: May I vote in person and what must I bring to attend my special meeting?

A: Yes. If you hold NXP ordinary shares of record or beneficially hold NXP ordinary shares on the NXP record date or are a Freescale shareholder of record at the close of business on the Freescale record date, you may attend the NXP special meeting or the Freescale special meeting, as applicable and vote your shares in person, in lieu of submitting your proxy by Internet, telephone or by completing, signing, dating and returning the enclosed proxy card.

All attendees should be prepared to present photo identification (such as a driver's license or passport) for admittance. The additional items, if any, that attendees must bring depend on whether they are shareholders of record, beneficial owners or proxy holders. Additional information regarding how to vote in person or attend the NXP special meeting or the Freescale special meeting can be found in the section entitled NXP Special Meeting and in the section entitled Freescale Special Meeting, as applicable.

Q: What should I do if I receive more than one set of voting materials for the NXP special meeting or the Freescale special meeting?

Edgar Filing: NXP Semiconductors N.V. - Form F-4/A

- A: You may receive more than one set of voting materials for the NXP special meeting or the Freescale special meeting, including multiple copies of this joint proxy statement/prospectus and multiple proxy cards or voting instruction cards. For example, if you hold your NXP ordinary shares or Freescale common shares in more than one brokerage account, you will receive a separate voting instruction card for each brokerage

Table of Contents

account in which you hold shares. If you are a holder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please submit each separate proxy or voting instruction card that you receive by following the instructions set forth in each separate proxy or voting instruction card.

Q: If my shares are held in street name by my broker, bank or other nominee, will my broker, bank or other nominee automatically vote my shares for me?

A: No. If your shares are held in the name of a broker, bank or other nominee, you will receive separate instructions from your broker, bank or other nominee describing how to vote your shares. The availability of Internet or telephonic voting will depend on the nominee's voting process. Please check with your broker, bank or other nominee and follow the voting procedures your broker, bank or other nominee provides.

You should instruct your broker, bank or other nominee how to vote your shares. Under the rules applicable to broker-dealers, your broker, bank or other nominee does not have discretionary authority to vote your shares on any of the proposals scheduled to be voted on at the NXP special meeting or the Freescale special meeting.

Additional information on voting procedures can be found in the section entitled **NXP Special Meeting** and in the section entitled **Freescale Special Meeting**.

Q: What do I do if I am an NXP shareholder and I want to revoke my proxy?

A: If you are an NXP shareholder of record, you may revoke your proxy in any of the following ways:

by sending a written notice of revocation to NXP at High Tech Campus 60, Eindhoven 5656 AG, the Netherlands, Attention: Secretary, which notice must be received before your shares are voted at the NXP special meeting;

by properly submitting a later-dated, new proxy card, which must be received before your shares are voted at the NXP special meeting (in which case only the later-dated proxy is counted and the earlier proxy is revoked);

by submitting a proxy via Internet or by telephone by no later than 11:59 p.m. Eastern Time on the day before the NXP special meeting (in which case only the later-dated proxy is counted and the earlier proxy is revoked); or

by attending the NXP special meeting and voting in person. Attendance at the NXP special meeting will not, however, in and of itself, constitute a vote or revocation of a prior proxy.

If you hold your NXP ordinary shares in street name, then you must change your voting instruction by submitting new voting instructions to the broker, bank or other nominee that holds your shares.

Additional information can be found in the section entitled **NXP Special Meeting**.

Q: What do I do if I am Freescale shareholder and I want to revoke my proxy?

A: If you are a Freescale shareholder of record, you may revoke your proxy in any of the following ways:

Edgar Filing: NXP Semiconductors N.V. - Form F-4/A

by submitting a proxy via Internet or by telephone no later than 11:59 p.m. Eastern Time on the day before the Freescale special meeting (in which case only the later-dated proxy is counted and the earlier proxy is revoked); or

by attending the Freescale special meeting and voting in person. Attendance at the Freescale special meeting will not, however, in and of itself, constitute a vote or revocation of a prior proxy.

If you hold your Freescale common shares in street name, then you must change your voting instruction by submitting new voting instructions to the broker, bank or other nominee that holds your Freescale common shares.

Additional information can be found in the section entitled Freescale Special Meeting.

Q: Do NXP shareholders or Freescale shareholders have appraisal or dissenters' rights?

A: The holders of Freescale common shares of record, under Bermuda law, are entitled to appraisal rights in connection with the merger. SUMMARY

*The following summary highlights selected information described in more detail elsewhere in this joint proxy statement/prospectus and the documents incorporated by reference into this joint proxy statement/prospectus and may not contain all the information that may be important to you. To understand the merger and the transactions contemplated by the merger agreement and the matters being voted on by NXP shareholders and Freescale shareholders at their respective special meetings more fully, and to obtain a more complete description of the legal terms of the merger agreement, you should carefully read this entire document, including the annexes, and the documents to which NXP and Freescale refer you. Each item in this summary includes a page reference directing you to a more complete description of that topic. See the section entitled *Where You Can Find More Information*.*

The Parties (see page 38)

NXP provides high performance mixed signal and standard product solutions that are used in a wide range of applications such as: automotive, identification, wireless infrastructure, lighting, industrial, mobile, consumer and computing. As of December 31, 2014, NXP had 27,884 full-time equivalent employees located in over 20 countries, with research and development activities in Asia, Europe and the United States, and manufacturing facilities in Asia and Europe. NXP ordinary shares are traded on NASDAQ under the symbol NXPI. The principal executive offices of NXP are located at High Tech Campus 60, Eindhoven 5656 AG, the Netherlands, and its telephone number is +31 40 2729960.

Nimble Acquisition Limited

Nimble Acquisition Limited, a Bermuda exempted limited liability company, is a wholly-owned, indirect subsidiary of NXP. Merger Sub was formed solely in contemplation of the merger, has not conducted any business and has no assets, liabilities or other obligations of any nature other than as set forth in the merger agreement. Its principal executive offices are located at c/o NXP Semiconductors N.V., High Tech Campus 60, Eindhoven 5656 AG, the Netherlands, and its telephone number is +31 40 2729960.

Freescale Semiconductor, Ltd.

Freescale Semiconductor, Ltd., a Bermuda exempted limited liability company, is a global leader in microcontrollers and digital networking processors, commonly referred to as embedded processors. Embedded processors are the backbone of electronic systems, providing essential control, intelligence and security, while enhancing performance and power efficiency. Freescale combines its embedded processors with its complementary analog, sensor and radio frequency (RF) devices, as well as a full suite of software and design tools, to provide highly integrated embedded processing solutions that streamline customer development efforts, lower their costs and shorten their time to market. As of December 31, 2014, Freescale employed approximately 17,300 full-time employees. Freescale common shares are traded on the New York Stock Exchange, which we refer to in this joint proxy statement/prospectus as the NYSE, under the symbol FSL. The principal executive offices of Freescale are located at 6501 William Cannon Drive West, Austin, Texas 78735 and its telephone number is (512) 895-2000.

The Merger (see page 50)

NXP, Merger Sub and Freescale have entered into the merger agreement pursuant to which Freescale will become a wholly-owned, indirect subsidiary of NXP, and Freescale shareholders will become shareholders of NXP.

Table of Contents

Freescale shareholders are receiving this document in connection with Freescale's solicitation of proxies for the Freescale special meeting to vote on the Freescale merger proposal, the Freescale compensation proposal and the Freescale adjournment proposal.

NXP shareholders are receiving this document in connection with NXP's solicitation of proxies for the NXP special meeting to vote on the NXP merger proposal, the NXP share issuance proposal, the NXP option issuance proposal and the NXP director election proposals.

Effects of the Merger (see page 50)

Upon the terms and subject to the conditions of the merger agreement and in accordance with the applicable provisions of the Companies Act, at the effective time, Merger Sub will merge with and into Freescale, the separate corporate existence of Merger Sub will cease and Freescale will continue as the surviving company, which we refer to in this joint proxy statement/prospectus as the surviving company, and as a wholly-owned, indirect subsidiary of NXP.

At the effective time, each Freescale common share issued and outstanding immediately prior to the effective time (excluding any shares held by Freescale in treasury or by NXP, Merger Sub or any other direct or indirect wholly-owned subsidiary of NXP, which shares will be cancelled and no consideration will be delivered with respect to such shares) will be converted into one common share of the surviving company, which we refer to in this joint proxy statement/prospectus as a surviving company share, and each of the resulting surviving company shares will be automatically exchanged for the right to receive (i) 0.3521 of an NXP ordinary share, which we refer to in this joint proxy statement/prospectus as the exchange ratio, and (ii) \$6.25 in cash, without interest.

For more information, see also the section entitled "The Merger Agreement - Effects of the Merger; Conversion of Freescale Common Shares."

The exchange ratio is fixed and will not be adjusted for changes in the market value of NXP ordinary shares or Freescale common shares. Because the exchange ratio was fixed at the time the merger agreement was executed and because the market value of NXP ordinary shares and Freescale common shares is expected to fluctuate, Freescale shareholders cannot be sure of the value of the NXP ordinary shares they will receive in connection with the merger relative to the value of their Freescale common shares. See also the section entitled "Risk Factors - Risks Relating to the Merger."

In connection with the merger, Credit Suisse Securities (USA) LLC, which we refer to in this joint proxy statement/prospectus as "Credit Suisse," which is serving as financial advisor to NXP, delivered an opinion, dated March 1, 2015, to the NXP board as to the fairness, from a financial point of view and as of the date of such opinion, to NXP of the merger consideration to be paid by NXP pursuant to the merger agreement. Opinion of Freescale's Financial Advisor (see page 80)

Freescale retained Morgan Stanley & Co. LLC, which we refer to in this joint proxy statement/prospectus as "Morgan Stanley," to act as its financial advisor in connection with the proposed merger. On March 1, 2015, Morgan Stanley rendered to the Freescale board its oral opinion, subsequently confirmed in writing, that as of such date and based upon and subject to the various assumptions made, procedures followed, matters considered and qualifications and limitations on the scope of the review undertaken by Morgan Stanley as set forth in its written opinion, the merger consideration to be received by the holders of Freescale common shares pursuant to the merger agreement was fair from a financial point of view to the holders of Freescale common shares. statement/prospectus is qualified in its entirety by reference to the full text of the opinion. We encourage you to read Morgan Stanley's opinion and the summary of Morgan Stanley's opinion below carefully and in their entirety.

Morgan Stanley's opinion was rendered for the benefit of the Freescale board, in its capacity as such, and addressed only the fairness from a financial point of view of the consideration to be received by the holders of Freescale common shares pursuant to the merger agreement as of the date of the opinion. It does not address any other aspect or implications of the merger, including the value of the NXP ordinary shares when issued in the merger or the prices at which the NXP ordinary shares will trade at any time in the future. The opinion was addressed to, and rendered for the benefit of, the Freescale board and was not intended to, and does not, constitute advice or a recommendation to any holder of Freescale common shares or NXP ordinary shares as to how to vote at any shareholders' meetings to be held in connection with the merger or take any other action with respect to the merger.

Interests of Certain Freescale Persons in the Merger (see page 90)

When considering the recommendations of the Freescale board with respect to the merger, Freescale shareholders should be aware that Freescale's executive officers and directors may have interests in the merger that are different from, or in addition to, those of Freescale shareholders generally. These interests may present such executive officers and directors with actual or potential conflicts of interest. The Freescale board was aware of these interests during its deliberations on the merits of the merger and in deciding to recommend that Freescale shareholders vote FOR the Freescale merger proposal at the Freescale special meeting. These interests include:

Acceleration of Vesting of Equity Awards upon a Qualifying Termination. Freescale's executive officers have previously been granted stock options, restricted share units and performance-based restricted share units under the Amended and Restated Freescale Semiconductor, Ltd. 2011 Omnibus Incentive Plan, which we refer to in this joint proxy statement/prospectus as the 2011 Omnibus Incentive Plan. Under the terms of the merger agreement, vested and unvested stock options will be converted into vested and unvested NXP stock options, as applicable, unvested restricted share units will be converted into unvested NXP restricted share units and unvested performance-based restricted share units with performance periods that have not ended prior to the completion of the merger will be converted into unvested time-vesting NXP restricted share units (as adjusted based on performance through the closing date of the merger, which we refer to in this joint proxy statement/prospectus as the closing date). The awards granted to Freescale's executive officers under the 2011 Omnibus Incentive Plan, subject to certain exceptions, generally provide that, in the event of the executive officer's termination by Freescale without cause (as defined in the 2011 Omnibus Incentive Plan) or by the executive officer for good reason (as defined in the executive officer's employment agreement or award agreement, as applicable) during the one-year period following the completion of the merger, the vesting of any such award, to the extent outstanding and unvested, will accelerate. Any exceptions are noted in the section entitled The Merger Interests of Certain Freescale Persons in the Merger.

Change in Control Termination Benefits. Freescale executive officers, except Mr. Randy A. Hyzak, are entitled to severance compensation and benefits if the executive officer experiences a qualifying termination following a change in control. In general, Freescale executive officers who become entitled to severance, either pursuant to an employment agreement or the Freescale Executive Severance Plan for Senior Vice Presidents, which we refer to in this joint proxy statement/prospectus as the Freescale severance plan, will receive lump sum severance payment equal to a multiple of the sum of the executive officer's base salary and target bonus, lump sum payment of the prorated portion of the executive officer's annual bonus for the year of termination of employment and medical and life insurance benefits for a period of time following termination. Mr. Hyzak is not eligible to receive change in control termination benefits.

Treatment of Freescale Director Compensation. Independent members of the Freescale board have previously been granted restricted share units under the 2011 Omnibus Incentive Plan. Under the terms of the merger agreement, outstanding equity awards will generally be treated the same as for Freescale's executive officers except that restricted share units expected to be received in 2015 (and 2016, if the merger has not been completed) will vest immediately prior to the change in control, in accordance with the terms of such awards.

For a more detailed description, see the section entitled "The Merger - Interests of Certain Freescale Persons in the Merger."

Debt Financing (see page 142)

NXP intends to fund the cash portion of the merger consideration with a combination of cash on hand and debt financing, and also intends to refinance certain of Freescale's existing indebtedness with debt financing. NXP may access various financing sources to provide for such debt financing, which we refer to in this joint proxy statement/prospectus as the "debt financing."

Pursuant to a debt commitment letter dated March 1, 2015, as amended by a joinder agreement dated March 10, 2015, which, as may be further amended and/or supplemented from time to time, we refer to in this joint proxy statement/prospectus as the "debt commitment letter," entered into among NXP B.V., a wholly-owned subsidiary of NXP, Credit Suisse, Credit Suisse AG, Cayman Islands Branch, which we refer to in this joint proxy statement/prospectus together with Credit Suisse as "CS," Morgan Stanley Senior Funding, Inc., Barclays Bank PLC, Deutsche Bank Securities Inc., Deutsche Bank AG New York Branch, Merrill Lynch, Pierce, Fenner & Smith Incorporated and Bank of America, N.A., which we refer to in this joint proxy statement/prospectus together with CS as the "lead arrangers" and each, a "lead arranger," and Goldman Sachs Lending Partners LLC, Citigroup Global Markets Limited, Citibank N.A., London Branch and Coöperatieve Centrale Raiffeisen-Boerenleenbank B.A., which we refer to in this joint proxy statement/prospectus together as the "co-managers" and each, a "co-manager," NXP B.V., as borrower, and NXP Funding LLC, a wholly-owned subsidiary of NXP B.V., as co-borrower, may enter into new term loan facilities, which as of the date of this joint proxy statement/prospectus are committed for up to \$5.04 billion.

In addition, NXP and NXP B.V., each as a borrower, and any other borrowers that may be party thereto, may also enter into a new revolving credit facility, which would be provided pursuant to the debt commitment letter, for up to \$600 million, and which may replace existing credit facilities, in whole or in part.

NXP may also access other financing sources, such as senior notes or convertible notes, or use cash on hand, as an alternative to or to supplement the above sources.

For a more complete description of the contemplated debt financing for the merger, see the section entitled "Debt Financing."

Summe and Peter Smitham, in addition to the other directors on the NXP board immediately prior to the completion of the merger. Richard L. Certain U.S. Federal Income and Other Tax Consequences of the Merger (see page 98)

The receipt of NXP ordinary shares and cash in exchange for Freescale common shares in the merger generally will be a taxable transaction for U.S. federal income tax purposes. A U.S. holder (as defined in the section entitled "The Merger - Certain U.S. Federal Income Tax Consequences of the Merger") who receives NXP ordinary shares and cash in the merger generally will recognize capital gain or loss equal to the difference, if any, between (1) the sum of the fair market value of NXP ordinary shares and cash, including any cash received in lieu of fractions of NXP ordinary shares received in the merger, and (2) such U.S. holder's adjusted tax basis in its Freescale common shares exchanged therefor. The determination of the actual tax consequences of the merger to a holder of Freescale common shares will depend on the holder's specific situation. Holders of Freescale common shares should consult their own tax advisors as to the tax consequences of the merger in their particular circumstances, including the applicability and effect of U.S. federal, state, local and non-U.S. income and other tax laws in light of your particular circumstances. See the section entitled "The Merger - Certain U.S. Federal Income Tax Consequences of the Merger." For certain consequences of the merger under Dutch tax laws, see the section entitled "The Merger - Material Dutch Tax Consequences."

Accounting Treatment of the Merger (see page 106)

NXP prepares its financial statements in accordance with accounting principles generally accepted in the U.S., which we refer to in this joint proxy statement/prospectus as GAAP. The merger will be accounted for using the acquisition method of accounting with NXP being considered the acquirer of Freescale for accounting purposes. This means that NXP will allocate the purchase price to the fair value of Freescale's tangible and intangible assets and liabilities at the acquisition date, with the excess purchase price being recorded as goodwill. Under the acquisition method of accounting, goodwill is not amortized but is tested for impairment at least annually.

Regulatory Approvals Required to Complete the Merger (see page 106)

The completion of the merger is subject to obtaining antitrust and other regulatory approvals in the United States, the European Union, China, South Korea, Japan, Taiwan and Mexico. NXP and Freescale intend to make required notifications or filings in each of these jurisdictions on or before April 30, 2015. There can be no assurance as to if and when any of these will be obtained or as to the conditions or limitations that such approvals may contain or impose. See the section entitled "The Merger - Regulatory Approvals Required to Complete the Merger."

Treatment of Freescale Equity Awards (see page 107)

At the effective time, each outstanding Freescale stock option (whether vested or unvested) will be assumed and converted into an option to purchase NXP ordinary shares. Such converted stock options will have the same vesting schedule as the Freescale stock options and otherwise will have the same terms and conditions as the Freescale stock options.

At the effective time, the unvested Freescale restricted share units outstanding immediately prior to the effective time will be converted into NXP restricted share units. Such converted restricted share units will have the same vesting schedule as the Freescale restricted share units and otherwise will have the same terms and conditions as the Freescale restricted share units.

At the effective time, the unvested Freescale performance-based restricted share units outstanding immediately prior to the effective time will be converted into NXP restricted share units. Such converted performance-based restricted share units will have the same time-based vesting schedule as Freescale performance-based restricted share units and otherwise will have the same terms and conditions as were applicable to the Freescale performance-based restricted share units. The level of performance achieved with respect to the Freescale performance-based restricted share units will be determined prior to the effective time.
