**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To Participants and Plan Administrator of the ViaSat, Inc. 401(k) Profit Sharing Plan:

We have audited the accompanying statements of net assets available for benefits of the ViaSat, Inc. 401(k) Profit Sharing Plan (the Plan ) as of March 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the fiscal year ended March 31, 2015. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of March 31, 2015 and 2014, and the changes in net assets available for benefits for the fiscal year ended March 31, 2015, in conformity with U.S. generally accepted accounting principles.

The supplemental information in the accompanying schedule of assets (held at end of year) as of March 31, 2015 has been subjected to audit procedures performed in conjunction with the audit of ViaSat, Inc. 401(k) Profit Sharing Plan s financial statements. The supplemental information is presented for the purpose of additional analysis and is not a required part of the financial statements but include supplemental information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental information is the responsibility of the Plan s management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information in the accompanying schedule, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information in the accompanying schedule is fairly stated in all material respects in relation to the financial statements as a whole.

**VIASAT, INC. 401(k) PROFIT SHARING PLAN**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED MARCH 31, 2015**

**1. Description of Plan**

The following description of the ViaSat, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document or the summary plan description for a more complete description of the Plan's provisions.

**General**

The Plan is a defined-contribution savings and profit sharing plan sponsored by ViaSat, Inc. (the "Company" or the "Employer") to encourage and assist eligible employees of the Company and its designated subsidiaries to adopt a regular program of savings to provide additional financial security for retirement. The Plan was effective on January 1, 1990. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

In April 2014, JP Morgan sold its record keeping business to Great-West Financial and in January 2015, Great-West Financial rebranded their name to Empower Retirement. Management does not believe these events resulted in a significant impact to the Plan.

JP Morgan Chase Bank N.A. ("JP Morgan") served during fiscal year 2015 as the non-discretionary trustee of the trust established as part of the Plan pursuant to a trust agreement (the "Trust Agreement") and was authorized to hold the assets of the trust under the terms of the Trust Agreement. In June 2015, subsequent to the fiscal year end, the trustee was moved from JP Morgan to Great-West Trust Company, LLC. Management does not believe this event will result in a significant impact to the Plan.

**Administration**

The Plan is administered by the Company and its Board of Directors. The Company's Board of Directors has the discretion to appoint or remove any trustee or agent of the Plan. The trustee has the full power to administer the Plan and apply all of its provisions on behalf of the Company's Board of Directors.

**Eligibility**

To be eligible to participate in the Plan, an employee must be age 18 or older.

**Table of Contents**

**VIASAT, INC. 401(k) PROFIT SHARING PLAN**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED MARCH 31, 2015**

**Contributions**

Participants may contribute to the Plan on a pre-tax basis and/or on an after-tax Roth basis subject to the provisions of the Internal Revenue Code (the Code). New employees will be automatically enrolled in the Plan at a deferral rate of 5% unless an employee opts out. In addition, participants who will be at least age 50 by the end of the tax year may make an additional catch-up contribution as prescribed by the Code. Participants may change their elective deferrals at any time.

Effective April 1, 2014, the Plan was amended to increase the automatic enrollment deferral rate from 3% to 5%. In addition, effective April 1, 2014, employees automatically enrolled in the Plan will receive an automatic 1% increase in their deferral rate on each anniversary of their automatic enrollment date up to a maximum of 10%. Participants can change their elective deferral percentage or opt out at any time.

The Company may, at its discretion, make matching contributions to the Plan in the form of cash or the Company's common stock. During the fiscal year ended March 31, 2015, the Company elected to make matching contributions of 50% of each employee's pre-tax and after-tax Roth contributions, with a matching limit not to exceed 5% of the employee's eligible compensation. Matching contributions are accrued in the period in which the Plan administrator is reasonably certain of their occurrence.

Matching contributions by the Company are invested in the participants' accounts according to their specified allocation of investment fund options as of the date of the contribution. However, if the match is made with the Company's common stock, participants have the option to transfer all or part of those amounts into any other investments available under the Plan. The employer matching contributions receivable of \$11,609,397 as of March 31, 2015 was paid in June of 2015 with the Company's common stock. The employer matching contributions receivable of \$10,194,303 as of March 31, 2014 was paid in June of 2014 with the Company's common stock.

Additionally, the Plan allows for discretionary profit sharing contributions and qualified non-elective contributions (QNEC) by the Company. For the fiscal year ended March 31, 2015, there were no discretionary profit sharing contributions or QNEC contributions made.

Rollover contributions meeting certain guidelines detailed in the Plan document may be made to the Plan.

**Table of Contents**

**VIASAT, INC. 401(k) PROFIT SHARING PLAN**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED MARCH 31, 2015**

**Participant Accounts**

Separate accounts are maintained for each participant. Participants direct the investment of their Plan accounts among a variety of investment options. Participants may change their elections, including investments in the Company common stock, on a daily basis. Plan earnings (losses) from investments are allocated to the participant account balances on a daily basis using a weighted-average of participant account balances.

**Vesting**

Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Participants vest in Company matching and profit sharing contributions as follows:

<b>Years of Vesting Service</b>	<b>Vested Percentage</b>
Less than 2 years	0%
2 but less than 3 years	20%
3 but less than 4 years	40%
4 but less than 5 years	60%
5 but less than 6 years	80%
6 or more years	100%

Additionally, participants become 100% vested in Company contributions upon death, disability, or upon reaching the retirement age as defined in the Plan document.

**Forfeitures**

Amounts forfeited by terminated employees are first used to pay expenses of the Plan and then to reduce Company matching contributions. As of March 31, 2015 and 2014, forfeitures of \$403,856 and \$417,835, respectively, were available to reduce future employer contributions. During the fiscal year ended March 31, 2015, forfeitures of \$402,043 were utilized to reduce the fiscal year 2014 employer contributions. Subsequent to the 2015 fiscal year end, forfeitures of \$352,676 were utilized to reduce the fiscal year 2015 employer contributions receivable.

**Payment of Benefits**

Prior to termination of employment, a participant may withdraw all or any portion of their rollover balance. Upon retirement or other termination of employment, participants or their beneficiaries are entitled to receive their vested balances in a lump sum distribution or installment payments. Involuntary cash-out distributions of amounts greater than \$1,000 but not more than \$5,000, are distributed in the form of a direct rollover to an individual retirement plan designated by the Plan administrator. If the distribution is less than \$1,000, a check for the vested balance is sent to the employee, less applicable tax withholding.

### **Hardship Withdrawals**

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, a portion of their vested account as a result of an immediate and heavy financial need. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of post-secondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean-up on the participant's principal residence or to prevent eviction or foreclosure from the participant's principal residence. A participant's right to make deferrals to the Plan will be suspended for six months after the receipt of a hardship withdrawal.

### **Notes Receivable from Participants**

Participants are eligible to borrow the lesser of \$50,000 or 50% of their vested account balance subject to certain limitations outlined in the Plan. The notes are secured by the vested balance in the participant's account and bear interest at the prime rate at inception of the note plus 1% per annum. Principal and interest is paid ratably through payroll deductions. At March 31, 2015, notes receivable from participants mature through fiscal year 2045 and bear interest at rates between 4.25% and 9.25% per annum.

**Table of Contents**

**VIASAT, INC. 401(k) PROFIT SHARING PLAN**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED MARCH 31, 2015**

If an active participant discontinues making note payments and fails to make payments when they are due under the terms of the note, the note will be considered in default. Under certain circumstances, as indicated in the Plan document, a note that is in default may be deemed a distribution from the Plan and will be included in the statement of changes in net assets available for benefits.

**Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants become 100% vested in their accounts.

**Investment Options**

Participants may direct employer and participant contributions and existing account balances into any of several investment options, including the ViaSat, Inc. Common Stock Fund and self-directed brokerage accounts. A participant may transfer amounts from other investment options into the ViaSat, Inc. Common Stock Fund, provided that no transfer will cause more than 20% of a participant's account to be invested in the ViaSat, Inc. Common Stock Fund.

**2. Summary of Significant Accounting Policies**

**Basis of Accounting and Accounting Standards Codification**

The Plan follows accounting standards set by the Financial Accounting Standards Board (the FASB), which establishes generally accepted accounting principles in the United States (GAAP) that are followed in reporting the statements of net assets and statement of changes in net assets. The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with GAAP. References to GAAP issued by the FASB in these notes are to the FASB Accounting Standards Codification, referred to as the Codification or ASC.

**Investment Valuation and Income Recognition**

The Plan follows the fair value measurement and disclosure requirements of ASC 820, which defines fair value as the exchange price that would be received for the asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability. The Plan's investments are recorded at fair value. See Note 4 Fair Value Measurements below for further information on the valuation of investments.

Investment contracts held by a defined-contribution plan are reported at fair value, however, contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Accordingly, the fully benefit-responsive fund (JP Morgan Stable Asset Income Fund) is included at fair value in the statements of net assets available for benefits, and an additional line item is presented representing the adjustment from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments consists of the net change in unrealized gains or losses during the year and the Plan's gains and losses on investments sold during the year.

### **Administrative Expenses**

The Company pays certain administrative expenses of the Plan. Direct expenses totaling \$231,252 were paid by the Plan and allocated to the participants for the fiscal year ended March 31, 2015. Certain expenses are included in the transaction prices of investments bought and sold and are not separately quantified.

### **Payment of Benefits**

Benefits are recorded when paid.

**Table of Contents**

**VIASAT, INC. 401(k) PROFIT SHARING PLAN**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED MARCH 31, 2015**

**Use of Estimates**

The preparation of the Plan's financial statements in conformity with GAAP requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates include the fair values of certain investments. Actual results could differ from those estimates.

**Risk and Uncertainties**

The Plan assets are invested in a variety of investments. Investment securities are exposed to various risks, including foreign currency exchange rate risk, interest rate risk, market risk, and credit risk. The Plan's investment options also include a stable return fund, which is a general obligation of the issuer. As such, performance under this contract is dependent on the financial wherewithal of the issuer and deterioration in the financial condition of the issuer will increase the likelihood of nonperformance of the issuer's obligations. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in investment values may occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

**Recent Accounting Pronouncements**

In April 2013, the FASB issued Accounting Standards Update (ASU) 2013-07, Presentation of Financial Statements (Topic 205), on applying the liquidation basis of accounting and the related disclosure requirements. Under ASU 2013-07, an entity must use the liquidation basis of accounting to present its financial statements when it determines that liquidation is imminent, unless the liquidation is the same as that under the plan specified in an entity's governing documents created at its inception. Reporting entities are required to apply the requirements in ASU 2013-07 prospectively from the day that liquidation becomes imminent. The adoption of this ASU in fiscal year 2015 did not have a material impact on the Plan's financial statements.

In May 2015, the FASB issued ASU 2015-07, Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). ASU 2015-07 amended ASC 820, Fair Value Measurements and Disclosures, to remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendment also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively. The Plan administrator does not expect this ASU to have a material impact on the Plan's financial statements.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefits Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965): I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures; and III. Measurement Date Practical

Expedient. This three-part ASU simplifies current benefit plan accounting and requires (i) fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and accordingly removes the requirement to reconcile their contract value to fair value; (ii) benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the financial statements or in the notes to the financial statements; (iii) the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type, and removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits. Further, the amendments in this ASU eliminate the requirement to disclose the investment strategy for certain investments that are measured using Net Asset Value ( NAV ) per share using the practical expedient in the FASB ASC Topic 820. Part III of the ASU provides a practical expedient to permit employee benefit plans to measure investments and investment-related accounts as of the month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end, while requiring certain additional disclosures. The amendments in Parts I and II of this standard are effective retrospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. The amendments in Part III of this standard are effective prospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. The Plan administrator does not expect this ASU to have a material impact on the Plan's financial statements.

**Table of Contents**

**VIASAT, INC. 401(k) PROFIT SHARING PLAN**

**NOTES TO THE FINANCIAL STATEMENTS**

**FOR THE FISCAL YEAR ENDED MARCH 31, 2015**

**3. Investments**

The Plan's investments were held by JP Morgan as of March 31, 2015 and 2014. The following table presents the fair value of investments that represent 5% or more of the Plan's net assets at fair value as of March 31, 2015 and 2014:

	<b>2015</b>	<b>2014</b>
American Funds Europac Growth	*	\$ 23,634,794
Columbia Midcap Index Fund-Z	*	22,147,538
Fidelity Spartan Extended Market Index	\$ 24,809,649	*
JP Morgan Small Cap Equity	22,653,754	21,712,648
JP Morgan Stable Asset Income Fund	34,664,854	33,720,454
Loomis Sayles Investment Grade Bond	28,815,507	29,067,210
SSgA S&P 500 Index Fund	59,538,855	47,322,657
ViaSat, Inc. Common Stock	32,811,529	30,968,669

\* Investment balance was less than 5% of the Plan's net assets available for benefits at fair value as of the date indicated.

For the fiscal year ended March 31, 2015, the Plan's investments (including gains and losses on investments sold during the year as well as the change in unrealized appreciation (depreciation) on investments) appreciated in value as follows:

	<b>2015</b>
Mutual funds	\$ 4,361,696
Common/collective trusts	6,185,058
Company's common stock	(3,628,511)
Self-directed brokerage accounts	(8,234)
	<b>\$ 6,910,009</b>

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED MARCH 31, 2015**

**4. Fair Value Measurements**

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

**Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value (these are often based on internal models and there is rarely a two-way market).

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments held in the Plan primarily consist of mutual funds, common/collective trusts, a money market fund (interest-bearing cash) and the Company's common stock. These assets are recorded at fair value on a recurring basis. Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of March 31, 2015 and 2014.

**Mutual funds:** Valued at the closing net asset value ( NAV ) reported on the last business day of the fiscal year which is also the quoted market prices available on an active market.

**Common/collective trusts:** Valued by the issuer of the common/collective trust funds based on the market value of its underlying investments. The underlying investments are valued by the issuer using quoted market prices on active markets. As of March 31, 2015 and 2014, the common/collective trusts consisted of the JP Morgan Stable Asset Income Fund and the State Street Global Advisors (SSgA) S&P 500 Index Fund. The JP Morgan Stable Asset Income Fund contains wrapper contracts comprised of both underlying investments and contractual components which have observable Level 1 or Level 2 pricing inputs, including quoted prices for similar assets in active and non-active markets. The SSgA S&P 500 Index Fund has an investment objective to approximate the performance of the S&P 500 Index over the long term. The fund does not have any restrictions on redemption.

The JP Morgan Stable Asset Income Fund is a fully benefit-responsive investment holding wrapper contracts in order to manage the market risk and return of certain securities. The wrapper contracts generally modify the investment characteristics of certain underlying securities such that they perform in a manner similar to guaranteed investment contracts. Each wrapper contract and the related underlying assets comprise the investment contract and are recorded at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less withdrawals and contract administrative expenses. The overall effective yield and crediting interest rate for the fund was approximately 1.39% and 1.78%, respectively, for fiscal year 2015 and 1.53% and 1.71%, respectively, for fiscal year 2014. The crediting rate is reset each calendar quarter based on data as of the last business day of the month prior to the end of the quarter. All wrap contracts have a 0% minimum crediting rate.

Participant initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be caused by the actions of the Plan sponsor. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the Plan or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

**Company common stock:** Investments in securities (common stock) traded on a national securities exchange are valued at the last reported sales price on the last business day of the fiscal year.

**Self-directed brokerage accounts:** The self-directed brokerage accounts are valued based on the fair value of the underlying investments. The underlying investments are carried at fair value based on quoted marked prices.

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED MARCH 31, 2015**

**Interest-bearing cash:** Short-term money market instruments are valued at cost, which approximates fair value based on quoted market prices available on an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes these valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2015:

	Level 1	Level 2	Level 3	Total
<b>Mutual funds:</b>				
Blend	\$ 59,189,915	\$	\$	\$ 59,189,915
Bond	37,126,656			37,126,656

**Table of Contents**

**VIASAT, INC. 401(k) PROFIT SHARING PLAN**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED MARCH 31, 2015**

The following table provides information regarding redemption of investments where the NAV has been used as a practical expedient to measure fair value at March 31, 2015 and 2014:

	Fair Value		Redemption Frequency	Redemption Notice Period
	2015	2014		
Common/collective trusts:				
Stable value fund	\$ 34,664,854	\$ 33,720,454	Daily	1 2 days
Index fund	\$ 59,538,855	\$ 47,322,657	Daily	1 2 days

The stable value fund's primary objective is to seek the preservation of principal, while providing current income and liquidity. The stable value fund invests in a highly diversified fixed income strategy which may include U.S. treasury and agency securities, mortgage-backed securities, asset-backed securities, commercial mortgage-backed securities, private mortgages, corporate and short-term investments through investments in other commingled pension trust funds established, operated and maintained by JP Morgan. The fund also may invest in synthetic guaranteed investment contracts and similar products.

The SSgA S&P 500 Index Fund seeks to replicate the returns and characteristics of the S&P 500 Index. To achieve its objective, the fund invests in a portfolio that owns units of one or more portfolios that hold securities of the S&P 500 Index, in the same capitalization weights as they appear in the index.

There were no unfunded commitments at March 31, 2015 and 2014.

#### **5. Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements as of March 31, 2015 and 2014 to the Form 5500:

	2015	2014
Net assets available for benefits per the financial statements	\$ 389,548,408	\$ 335,500,819
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	443,921	74,083
Net assets available for benefits per the Form 5500	\$ 389,992,329	\$ 335,574,902

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the fiscal year ended March 31, 2015 to the Form 5500:

Net increase in net assets available for benefits per the financial statements	\$ 54,047,589
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	369,838
Net increase in net assets available for benefits per the Form 5500	\$ 54,417,427

#### **6. Party-In-Interest Transactions**

A party-in-interest is defined as a fiduciary or employee of the Plan, any person who provides service to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or a relative of such persons mentioned.

Certain Plan investment options are sponsored by JP Morgan, the trustee of the Plan. Therefore, any transaction executed with JP Morgan qualifies as a party-in-interest transaction.

In addition, the Plan sponsor, ViaSat, Inc., is a party-in-interest.

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE FISCAL YEAR ENDED MARCH 31, 2015**

**7. Tax Status**

The Plan has adopted a prototype 401(k) plan document designed by JP Morgan which received a favorable opinion dated March 31, 2008. The opinion indicates that the prototype plan has been reviewed by the Internal Revenue Service (IRS) and was found to be a qualified plan under Section 401(k) of the Code and thus exempt from federal income taxes under the provisions of Section 401(a) of the Code. The Plan has been amended since receiving the opinion letter; however, the Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, the Plan administrator believes that the Plan is qualified and tax exempt as of the date of the financial statements.

Effective June 1, 2015, the Plan adopted a prototype plan document designed by Great-West Trust Company, LLC which received a favorable opinion dated March 31, 2014. The adoption of the new plan document did not significantly change the provisions of the Plan.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for fiscal years prior to 2011.
