The Chair then informed the meeting that in March 2016, at the meeting of the Board of Directors which decided on the financial statements of Cemig Geração e Transmissão (**Cemig GT**), a proposal for allocation of net profit was also approved, which has been submitted to the General Meeting of Stockholders of that company. However, due to the revision of the cash flow of Cemig GT and Cemig for 2016, the Financial department had suggested an increase of R\$ 350,000 in the dividends to be paid by Cemig GT, for the profit of the 2016 business year. Thus it was necessary to alter, during these General Meetings of Stockholders, the proposal submitted to stockholders, changing the amount of dividends to be paid by Cemig GT from R\$ 635,407,000 to R\$ 985,407,000.

The Chair then placed in debate the Proposal by the Board of Directors in relation to items 2, 3, 7 and 8 of the Agenda, with that alteration. It was, subsequently, put to a vote and approved by a majority of votes: 1,367,079,821 votes in favor, 217,378,626 abstentions and 2,108,005 votes against.

The representative of the stockholder **BNDES Participações S.A. (BNDESPar)** requested that it be stated in the minutes that its abstention was due solely to the alteration of the dividends to be paid by Cemig GT.

Continuing with the Agenda, the Chair informed the meeting that the period of office of the members of the Audit Board ended with this present meeting, and that a new election should thus be held for that Board, with a period of office of (one) year, that is to say, up to the Ordinary General Meeting of Stockholders to be held in 2017.

The Chair said that this election would be carried out with separate voting, in the case of candidates indicated by holders of preferred shares and by minority stockholders of common shares. The Chair thus placed the election of the sitting and substitute members of the Audit Board in debate.

Asking for the floor, as a holder of preferred shares, the stockholder **José Pais Rangel**, for himself and for **FIA Dinâmica Energia**, proposed the following appointments to the Audit Board:

as sitting member:

Manuel Jeremias Leite Caldas Brazilian, married, engineer, domiciled in Rio de Janeiro, Rio de Janeiro State, at Av. Lúcio Costa 6700/1103, Barra da Tijuca, CEP 22795-900, bearer of identity card 284123 issued by the Air Ministry, and CPF 535866207-30;

- and as his substitute member:

Ronaldo Dias - Brazilian, married, accountant, domiciled in Rio de Janeiro, RJ, at Rua Maxwell 452/704, Vila

Isabel, CEP 20541-100, bearer of Identity Card 2201087-0 issued by the Rio de Janeiro State

Department of Traffic (Detran), and CPF 221285307-68

The Chair then placed these nominations in debate, and, subsequently, put them to a vote separately, i.e. with only holders of preferred shares participating and they were approved by a majority of votes: 190,958,441 in favor, 28,042,571 abstaining and 16,633,164 against.

Asking for the floor, the representative of the stockholder **AGC Energia S.A.**, for the minority of common stockholders with the right to vote, proposed the following appointments to the Audit Board:

as sitting member:

Newton Brandão Ferraz Ramos Brazilian, married, accountant, domiciled in Belo Horizonte, Minas Gerais, at Av. do Contorno 8123, Cidade Jardim, CEP 30110-937, bearer of Identity Card MG-4019574, issued by the Civil Police of Minas Gerais State, and CPF 813975696-20;

and as his substitute member:

The nominations of the representative of the stockholder **The State of Minas Gerais** and of the representative of the stockholder **FIA Dinâmica Energia** were put to debate, and to the vote, and approved by a majority of votes: 342,063,738 in favor, 55,190,062 abstentions and 1,908,941 against.

The board members elected declared in advance that they are not subject to any prohibition on exercise of commercial activity, that they do not occupy any post in a company which could be considered to be a competitor of the Company, and that they do not have nor represent any interest conflicting with that of Cemig; and they made a solemn commitment to become aware of, obey and comply with the principles, ethical values and rules established by the Code of Professional Conduct of Companhia Energética de Minas Gerais - Cemig, and the Code of Ethical Conduct of Government Workers and Senior Administration of the State of Minas Gerais.

The Chair further stated that, as a result of the new composition of the Board of Directors of Cemig, and according to Clause 11, §1, of the head paragraph of Clause 12 of the by-laws of Cemig, and Clause 8, §1 of the by-laws of Cemig Distribuição S.A. (Cemig D) and of Cemig Geração e Transmissão S.A. (Cemig GT), there is a need for change in the composition of the Boards of Directors of the wholly-owned subsidiaries Cemig D and Cemig GT, since the structure and composition of the Boards of Directors of those Companies must be identical to those of Cemig.

The Chair placed in debate the remuneration of the Company's Managers and members of its Audit Board.

Asking for the floor, the representative of the Stockholder **The State of Minas Gerais** asked the Chair to put the following proposal before the stockholders for consideration:

- 1 To allocate as Global Annual Remuneration for Management and the Audit Board, comprising the Board of Directors, the Executive Board and the Audit Board, the amount of R\$ 30,000,000.00 (thirty million Reais), including health insurance for the Chief Officers, to be contracted at the same level of the Health Plan as is in effect for the Company's employees, and variable remuneration; the monthly fees payable to the Chief Executive Officer to be R\$ 60,500.00 (sixty million five hundred thousand Reais); and the monthly fees payable to the other Chief Officers, individually, to be R\$ 46,500.00 (forty six thousand five hundred Reais); and the amounts at present paid to the Chief Officers as paid leave, bonuses and other benefits to be adjusted in the same proportion.

- 2- To establish that the monthly remuneration of each one of the sitting members of the Board of Directors with the exception of board members who are also Chief Officers, and subject to the condition relating to payment of the *jeton* mentioned in item 4 below shall, for the Deputy Chair of the Board of Directors, be equivalent to thirty per cent of the remuneration of the Chief Executive Officer, that is to say it shall be R\$ 18,150.00 (eighteen thousand one hundred fifty Reais); and for the other sitting members shall be thirty per cent of the average remuneration of a Chief Officer, that is to say it shall be R\$ 14,331.82 (fourteen thousand three hundred thirty one Reais eighty two centavos).
- 3 To establish that the monthly remuneration of each substitute member of the Board of Directors excluding any sitting or substitute members that hold a post of Chief Officer, and subject to the condition relating to payment of the *jeton* referred to in Item 4 below shall be equivalent to 80% (eighty per cent) of the monthly remuneration received by a sitting member of the Board of Directors (when not serving as Chair of the Board of Directors), that is to say it shall be R\$ 11,465.46 (eleven thousand four hundred sixty five Reais and forty six centavos).
- 4 To establish that the sitting and substitute members of the Board of Directors shall receive eighty per cent of the monthly remuneration stipulated, the rest being divided into *jetons* paid to the sitting or substitute members present at meetings. If there is more than one meeting in the month, the *jeton* will be divided proportionately between the number of meetings held in the month; if there is no meeting in the month, the sitting member and the substitute member with receive the total amount of the monthly remuneration.
- 5 To establish that the substitute members of the Board of Directors who take part in meetings of the Board of Directors and who are substituting their sitting member except those board members who hold positions of Chief Officer should receive only the remuneration relating to Item 3 above, even though they are replacing Sitting Members in meetings.
- 6 To establish that the monthly remuneration of each Sitting Member of the Audit Board shall be equivalent to 20% (twenty per cent) of the average remuneration of a Chief Officer of the Company, that is to say shall be R\$ 9,554.54 (nine thousand five hundred fifty four Reais and fifty four centavos); and also that the monthly remuneration of each substitute member of the Audit Board shall be equivalent to 80% (eighty per cent) of the monthly remuneration of the Sitting Member, that is to say shall be R\$ 7,643.63 (seven thousand six hundred forty three Reais and sixty three centavos), in both cases excluding the benefits normally applicable under the Law.

To establish that sitting and substitute Members of the Board of Directors and of the Audit Board who are resident in municipalities other than that of the Company's head office shall be reimbursed such expenses on accommodation and travel (within Brazil) as are necessary for their attendance at the meetings of those Boards or for carrying out their functions or when invited by the CEO to a meeting at the Company, and shall also receive, as cost support for travel, R\$ 800 for each complete trip.

8 To establish that the fees of the members of the Executive Board, the Board of Directors and the Audit Board shall be paid on the same date as the Company adopts for its employees.

9 To establish that the variable remuneration of the Chief Officers and the targets and performance indicators for their calculation shall be stipulated by the Human Resources Committee of the Company's Board of Directors. The above proposal by the representative of the stockholder **The State of Minas Gerais** in relation to the Managers was put to debate, and to the vote, and approved by a majority of votes: 341,586,318 in favor, 54,343,493 abstentions and 644,044 against.

The proposal by the representative of the stockholder **The State of Minas Gerais** in relation to the Audit Board, put to debate, and to the vote, was also approved by a majority of votes: 340,023,505 in favor, 56,450,522 abstentions and 2,700 against.

The stockholder **Alexandre Luiz Ferreira da Silva** stated that his vote against the proposal arose from the fact that the remuneration proposed for the Chief Officers was lower than the market average usually adopted in consideration of the responsibilities of the Chief Officers of a company with a holding-company function similar to that of Cemig.

The Chair informed the meeting that the publications by Cemig specified in Law 6404 of December 15, 1976, as amended, will be made in the newspapers *Minas Gerais*, the official publication of the Powers of the State, and *O Tempo*, without prejudice to possible publication in other newspapers. The contract with the newspaper *O Tempo* will expire on April 21, 2017, and is able to be extended until April 21, 2018. However if that extension becomes non-viable, the company will provide the information on its substitution as soon as it is decided.

The meeting being opened to the floor, the stockholder **Rubens Antônio França** reiterated his argument in favor of a study on creating three thousand new jobs so as to re-establish the same ratio of number of employees to number of consumers that was the case in the 1980s.

Finally, he lamented the fact that Mr. Luiz Fernando Rolla is no longer a member of the Company's Executive Board, emphasizing the importance of Mr. Rolla's activity over the whole of his professional career with Cemig.

The meeting remaining open to the floor, and since no-one else wished to speak, the Chair ordered the session suspended for the time necessary for the writing of the minutes. The session being reopened, the Chair, after putting the said minutes to debate and to the vote and verifying that they had been approved and signed, closed the meeting.

For the record, I, Anamaria Pugedo Frade Barros, Secretary, wrote these minutes and sign them together with all those present.

NOTICE TO STOCKHOLDERS

Lower than mandatory dividends for 2015

The by-laws of Cemig specify, in §1 of Subclause b of Clause 28, that a payment of 50% of Net profit is to be distributed as minimum mandatory dividend to the Company's stockholders, subject to the other provisions of the by-laws and the applicable legislation.

However, the General Meeting of Stockholders held on April 29, 2016 approved a proposal by the Board of Directors that, of the Net profit of R\$ 2,491,375,000 for 2015, the amount paid in dividends will be R\$ 633,968,000, corresponding to calculation based on 25% of the Net profit for 2015.

The proposal made by the Board of Directors informed the Meeting that the payment of a dividend calculated on the basis of 50% of the profit for the year, specified in the by-laws, would not be compatible with the Company's current financial situation. The Company's Net working capital on December 31, 2015 was R\$ 3.709 billion negative. That balance included a part, maturing in the short term, of the Company's total indebtedness of R\$ 6.300 billion. Cash generated by operations in 2015 totaled R\$ 3.007 billion, illustrating the Company's need to roll over a significant part of its debt.

In considering effects of the present macroeconomic situation, the sale prices of electricity in 2016 are expected to be lower than those in previous periods, and the significant increases in final consumers' electricity bills could, in the Company's view, result in an increase in consumer default in the year.

Also, profit forecasts indicate that the debt ratios specified in the by-laws may not be met in 2016.

Thus, the Company's management, in its Proposal, advised the General Meeting of Stockholders that it believed that it would be more prudent, at the present moment, not to allocate a portion of the obligatory dividend specified for payment in the year 2016, so as to reduce indebtedness, with a view to securing the ratios specified in the by-laws, and also guaranteeing the liquidity of its operations, in view of the issues referred to above.

The amounts not distributed as obligatory dividend, of R\$ 633,967,000, calculated on the basis of 25% of the Net profit for the business year 2015, will be held in Stockholders' equity in the Reserve for obligatory dividends not distributed, to be paid as soon as the financial situation so permits, in accordance with Paragraph 5 of Article 202 of Law 6404/1976.

Subject: **Request for information on news media report**

Dear Sir,

1. We refer to the news report in the May 5, 2016 edition of the newspaper *Valor Econômico*, in the section *Empresas*, under the headline: *Companies late delivering documents to US regulator*, which contains the following statements:

Seven Brazilian companies have not delivered their annual (20-F) reports to the US Securities and Exchange Commission (SEC), the regulator of the United States capital markets. This number of companies is unprecedented for the period since the SEC began to require monitoring of effectiveness of Companies internal controls, in 2002.

... This Monday Cemig, ... and ... missed the date for delivery of the document, which is required to be deposited annually by all non-US companies with shares traded on stock exchanges in the United States.

The SEC grants an additional period until May 17, for late delivery of the form. After this period any company still not publishing the document is subject to penalties.

2. We therefore require you to inform us whether this report is true, and if so, to state the reasons why the said document has not yet been delivered, and what steps the issuer has taken to comply with that obligation.

4. We notify you that under Sub-item II of Article 9 of Law 6385/1976, and CVM Instruction 452/2007, the Company Relations Supervision Management may apply a coercive fine of R\$ 1,000 (one thousand Reais), without prejudice to other administrative sanctions, in the event of non-compliance with the demand made in this Official Letter within one business day from becoming aware of the content of this communication, now sent by fax and by e-mail.

Reply by CEMIG

Dear Madam,

In response to Official Letter N° 201/2016-CVM/SEP/GEA-1, of May 11, 2016, we offer the following information:

Cemig has indeed not filed the 20-F report with the Securities and Exchange Commission (SEC) of the United States within the regular period i.e. by the end of April 2016. And it has requested an extension of the period until May 17, 2016.

The reason for the delay in filing the 20-F is the qualification issued by the external auditors of the financial statements for the business year ended December 31, 2015.

For a fuller understanding, we provide the following further information:

The basis for the qualified opinion issued by the external auditors arises from the following:

Cemig has an indirect investment in Norte Energia S.A. (**Norte Energia**), which is valued by the equity method, and is currently the subject of an investigation being carried out by the stockholder Centrais Elétricas Brasileiras S.A. (**Eletrobras**), as has been mentioned in Notes 1 and 13 to the financial statements. As a result of this investigation not having been completed, the audit for the year ending December 31, 2015 of the financial statements of Amazônia Energia S.A. (**Amazônia Energia**) and Aliança Norte Energia Participações S.A. (**Aliança Norte**), investees of Cemig which hold the direct investment in **Norte Energia**, had not been completed by March 28, 2016, the date on which the company published its financial statements dated December 31, 2015.

As a result, the external auditors had not obtained sufficient auditing evidence in relation to the investments held in the investees, in the amount of R\$ 871,442,000 at December 31, 2015, and on the negative equity-method contribution of R\$ 10,261,000 for the business year ended on that date.

Cemig's total investment in the investees referred to represents 2.13% of the Company's total consolidated assets, and 6.71% of the Company's Stockholders' equity, at December 31, 2015.

Av. Barbacena 1200 Santo Agostinho 30190-131 Belo Horizonte, MG Brazil Tel.: +55 31 3506-5024 Fax +55 31 3506-5025

This text is a translation, provided for information only. The original text in Portuguese is the legally valid version.

As can be seen, the basis for qualification of the opinion is limited in scope exclusively to the effects, if any, of the investigation that is being carried out by Eletrobras in relation to the Company's indirect investment in **Norte Energia**. It is not the result of any disagreement in relation to any accounting practice or criterion for disclosure in the presentation of the financial statements, nor any limitation imposed by the Company's management on access to documents or information, nor any deficiencies in the Company's internal controls related to the management of its holdings in investees.

As mentioned in Note 13 to the financial statements, Eletrobras, which holds 49.98% of the share capital of **Norte Energia**, has contracted a law firm specialized in corporate investigation to ascertain any irregularities in undertakings in which the companies of the Eletrobras Group have a corporate or minority stockholding interest, and this includes the investment in **Norte Energia**. This work was still in progress on March 28, 2016, at the time of the conclusion and approval of the Company's financial statements. Cemig's management is not aware of any preliminary information from these investigations. As and when progress of the investigations produces any significant information, Cemig will assess any impacts on its financial statements.

In view of the SEC's restrictions on filing of the 20-F form with qualifications, the Company believes that it will be necessary, before filing the 20-F Form, to resolve, in the investee, the question that has led to the qualification referred to above.

We would highlight that all the Company's acts and decisions are guided by and based on the most absolute transparency, and in accordance with the laws and regulations to which it is subject.

The Company offers its respectful regards and remains at your disposal to provide any further information which may be thought to be necessary for consideration of this statement.

20-F form not yet filed

Complementing the information in its Market Notice dated May 12, 2016, and in accordance with CVM Instruction 358 of January 3, 2002, as amended, **Cemig** (*Companhia Energética de Minas Gerais*), a listed company with securities traded on the stock exchanges of São Paulo, New York and Madrid, **hereby informs** the Brazilian Securities Commission (CVM), the São Paulo Stock Exchange (BM&F Bovespa S.A.) and the market in general, **as follows:**

After requesting the allowed extension (until May 17) of the period for filing its 20-F Form with the SEC, Cemig has not filed its 20-F Form within this period.

This is because investigations have not yet been finalized in relation to compliance with law and regulations in Norte Energia S.A. (Norte Energia), a company in which Cemig has an indirect equity interest through Amazônia Energia S.A. and Aliança Norte Energia Participações S.A.

Since those investigations are still in progress, the reasons that would cause the Auditors' Opinion on the financial statements at December 31, 2015 to be qualified remain in existence.

Having regard to the SEC's restriction on filing of the 20-F Form with qualification, Cemig believes it is necessary to await the conclusion of the investigations in Norte Energia, so as to eliminate the issue which has given rise to the qualification, and only then to proceed to filing of the 20-F Form.

Cemig will keep its stockholders and the market duly informed of any new information on this subject.

Subject: **Request for explanation on news report** Text of the Subject in bold type

Dear Sir,

1. We refer to the news report published today in *Valor Econômico* newspaper, in the *Empresas [Companies]* section, under the headline: *Cemig seeks sale of assets to reduce debt* , which contains the following statements:

With more than R\$ 11 billion in debt becoming due by 2018 and a significant investment program, the principal alternative open to Cemig for improving its balance sheet continues to be disinvestment.

No transaction of this type has yet been announced, but Cemig's **Investor** Relations Director Fabiano Maia Pereira highlighted, yesterday, at the events for announcement of quarterly results, that Cemig's management is discussing the sale of some of its **Assets**, with a focus on those in which the company does not have **stockholding control**.

[...]

We have been looking at **Assets**, basically those in which we do not have control. The company's planning is to look toward these and offer them for sale, clearly for satisfactory prices, Mr. Pereira said. The company is concentrating efforts on contacts with foreign **Investors**, to make the most of the variation in the exchange rate between the dollar and the Real. The conversations are taking place with **Investors** from Europe, the United States, China and Japan, Pereira said.

The [Company s] perception is that as soon as they get a clearer view of the Brazilian economy, they will once again invest in the country , he said. In his view the **Investors** that are closest to agreements are **Companies** that know the electricity sector and already have connections with Brazil. In the Company s view, within a maximum of two or three years Cemig will have sold the **Assets** that are for sale.

2. In view of the above, we require you to state whether the news reported is true, and, if its truth is confirmed, you should explain for what reasons you believed that this was not a case of Material Information, to be published in a Material Announcement; and comment on any other information on the subject that may be considered to be important.

BY THE BOARD OF DIRECTORS

TO THE

The Board of Directors of Companhia Energética de Minas Gerais - Cemig

whereas:

- b) in 2011, Cemig negotiated the unconditional and irrevocable grant, solely and exclusively to FIP Redentor (and not to any of its Unit Holders) of an option to sell (the Put Option) by which FIP Redentor acquired the right, at the end of the 60th (sixtieth) month from the date of the subscription of the shares in Parati (the Exercise Date), to sell the totality of the shares owned by FIP Redentor (the Acquisition Shares), and Cemig acquired the obligation to buy them or to indicate a third party to buy them, by payment of the Exercise Price, to be equivalent to the amount paid at the time of subscription of the shares, plus expenses (all those expenses provenly incurred by FIP Redentor and/or by the Administrator of FIP Redentor, for its constitution and as from the date of its constitution, including expenses of auditing, management fees and administration charges), less the total of such dividends and Interest on Equity as are received in the period (in the case of Interest on Equity, the amount received to be multiplied by 0.5721 for the calculation), all updated by the change in the average CDI Rate (the rate for Interbank Certificates of Deposit published by the Cetip Custody and Clearing House) plus 0.9% per year *pro rata tempore*, as from the date of their actual disbursement/payment up to the Exercise Date of the Put Option;

- c) it was further negotiated that in the event that the Exercise Price was higher than the amount subscribed by FIP Redentor when subscribing the shares in Parati, an adjustment factor of $(1/(1 - 0.4279) - 1)$ would be added to the Exercise Price;
- d) Provisional Measure 675 of May 21, 2015 (MP 675/2015), which became Law 13169 of October 6, 2015, altered Federal Law 7689 of December 15, 1988, to increase the Social Contribution tax on Net profit (CSLL) on private companies operating in insurance, and annuities, and those qualifying under Sub-items I to VII, IX and X of §1 of Complementary Law 105 of January 10, 2001, from 15% to 20%, in the period from September 1, 2015 to December 31, 2018;
- e) in the event of changes in legislation that could have an impact on the transactions agreed, the adjustment factor should be altered for the purpose of re-establishing the economic-financial equilibrium of the Put Option;
- f) that, on March 24, 2011, the Extraordinary General Meeting, for the purposes of Article 256 of Law 6404/1976, authorized:
 - 1) **Unconditional and irrevocable grant** by Cemig to FIP Redentor of a Put Option, giving FIP Redentor the right, on the Exercise Date, to sell the totality of the shares owned by FIP Redentor, and Cemig acquired the obligation to buy them or to indicate a third party to buy them, by payment of the Exercise Price, to be equivalent to the amount paid at the time of subscription of the shares, plus expenses (all those expenses provenly incurred by FIP Redentor and/or by the Administrator of FIP Redentor, for its constitution and as from the date of its constitution, including expenses of auditing, management fees and administration charges), less any such dividends and Interest on Equity as are received in the period (in the case of Interest on Equity, the amount received to be multiplied by 0.5721 for the calculation), all updated by the change in the average CDI Rate (the rate for Interbank Certificates of Deposit published by the Cetip Custody and Clearing House, plus 0.9% per year *pro rata tempore* as from the date of their actual disbursement/payment up to the Exercise Date of the Put Option; and in the event of the Exercise Price being higher than the amount paid by FIP Redentor for subscription of the shares in Parati at the time of that subscription, an adjustment factor of $(1/(1 - 0.4279) - 1)$ to be applied, by addition, to the Exercise Price; the Option Exercise Date being able to be brought forward in any of the following events:
 - a) Non-compliance by Cemig with any of the obligations contained in the Definitive Document (Subscription Agreement, Stockholders Agreement and Secondary Stockholders Agreement,), provided that the said non-compliance has not been cured within 30 (thirty) calendar days from receipt of the notice of default sent by FIP Redentor;

- b) Sale, transfer or assignment to third parties by Cemig of the Shares owned by itself in Parati or of the rights and obligations arising from them, without prior written authorization of FIP Redentor, with the exception of transactions between subsidiaries and/or wholly-owned subsidiaries of Cemig, provided that Cemig's co-obligation in relation to the obligations originally assumed is preserved;
- c) decision by any authority ordering that a public offer of shares be held for change in the control of Light S.A. Light, unless Cemig bears all the costs and expenses arising from this decision;
- d) termination of concession contracts of Cemig or of its subsidiaries representing a value greater than or equivalent to 40% of the consolidated Ebitda of Cemig in the 12 (twelve) months prior to the date of ascertainment of this condition;
- e) termination of Light's concession contract for distribution services;

- f) corporate reorganization, privatization, or merger of Cemig such as, in the opinion, with grounds, of FIP Redentor, causes a significant reduction in Cemig's capacity to comply with any obligations assumed in the Definitive Documents;
- g) liquidation, intervention, dissolution or extinction of Cemig;
- h) any new taxes becoming applicable to any transactions, payments due or dividends under the terms of the Definitive Documents;

or increase in rates of taxes or of the taxes already applicable to any transactions specified in the Definitive Documents;

or identification of a tax liability not identified on the present date, such as would cause any transaction specified in the Definitive Documents to be, in the opinion, with grounds, of FIP Redentor, unfeasible or inadvisable;

- i) if the ratio between Financial Debt and Ebitda, measured six-monthly in relation to the prior 12 (twelve) months, based on the reviewed or audited (as applicable) consolidated financial statements of Cemig, is greater than 3.5 times;
- j) non-approval by the Administrative Economic Defense Council (*Conselho Administrativo de Defesa Econômica*) - CADE;
- k) occurrence of any of the following events:
 - k (1) if 100% of the units of Luce Investment Fund (LIF) are not acquired by December 31, 2011, or if such acquisition has been carried out without all the following prerequisites being fulfilled:

LIF to hold at least 75% of the Units of Luce Brasil Fundo de Investimento em Participações (FIP Luce);

FIP Luce to hold not less than 100% of the share capital of Luce Empreendimentos e Participações S.A. (Lepsa);

the latter to hold an equity interest of not less than 13.03% of the share capital of Light; and

Fundação de Seguridade Social Braslight (Braslight) not to have signed any agreement for sale of, nor offered the right to buy, its units in FIP Luce, except in the event of Braslight having given to Parati, through LIF, the first refusal right for acquisition of the said units, and Cemig not having indicated a third party to acquire the interest held by BB Banco de Investimento S.A. (Banco do Brasil) and by Votorantim S.A. (Votorantim) in FIP Redentor for an amount equivalent to the Exercise Price on the date of the actual acquisition, or such indicated third party not being accepted by BTG Alpha Participações Ltda. (BTG Alpha) or Santander (Brasil) S.A. (Santander);

- k (2) in the event that Cemig, by the date of the Put Option Notice, has disposed of the direct equity interest of shares that comprise the controlling block of Light, and the acquirers of that interest are

persons having equity interest, on the date of signature of the Stockholders Agreement, of more than 21.1% of the Units of Fundo de Investimento em Participações PCP (FIP PCP) and subject of an administrative judgment against them, against which there is no further appeal, for infringements committed against the Brazilian Financial System, inspected by the Brazilian Central Bank, and/or the securities market, inspected by the Brazilian Securities Commission (CVM),

or holding, on the date of signature of the Stockholders Agreement, more than 88.0% of the unit shares of Enlighted Partners Venture Capital (Enlighted) and subject of an administrative judgment against them, against which there is no further appeal, for infringements committed against the Brazilian Financial System, inspected by the Brazilian Central Bank, and/or the securities market, inspected by the Brazilian Securities Commission (CVM),

Cemig not having indicated a third party to acquire the interest held by BB and by Votorantim in FIP Redentor for an amount equivalent to the Exercise Price on the date of the actual acquisition, or such indicated third party not being accepted by BTG or Santander;

the payment of the Exercise Price and the transfer of the shares of Parati to be conditional upon prior approval of the transaction by the National Electricity Agency (Aneel); and if the authorization of Aneel is not obtained by the date of the transfer of the shareholders, or

if at any moment Aneel expressly refuses authorization for the transfer of the shares, except in the case of negligence or malicious intent on the part of FIP Redentor, then FIP Redentor shall have the right to sell the shares to third parties on the stock exchange or otherwise, and in the event of sale outside the environment of a stock exchange, such sale may take place only if the price decided is equal to or greater than the lowest of the three following amounts resulting from calculations of stock market prices:

average share price of Light in the last trading session prior to the day of closing of the sale;

daily average of closing prices of the shares of Light over the last 30 (thirty) days; and

daily average of closing prices of the shares of Light over the last 90 (ninety) days; if the amount resulting from the said disposal is lower than the Exercise Price, Cemig shall continue to be obliged to pay the difference;

if it is greater than the Exercise Price, and only in the event of Aneel omitting to give approval or expressly refusing the transfer of the Acquisition Shares to the Cemig, and if Cemig has complied with its contractual obligations, Cemig to have the right to receive the positive difference, multiplied by

(1 - the Adjustment Factor).

In any of these events, the expenses incurred by FIP Redentor arising from the process of sale shall be deducted from the amount received as a result of the disposal to third parties: and the penalties specified in Clause 6.5 of the Stockholders Agreement shall not be applicable (arrears interest calculated at the Selic Rate, plus penalty payment of 2% on the Exercise Price, plus the arrears interest).

The decision of the Extraordinary General Meeting that authorized the grant of the Put Option to FIP Redentor led to the possibility of holders of common shares in Cemig who disagreed with that decision having the right to withdraw (the Right to Withdraw). The Right to Withdraw applied only to those stockholders proven to be holders of common shares in Cemig on February 18, 2011.

- 2) **Appointment** of Banco Bradesco BBI S.A. (Bradesco BBI) to prepare the Valuation Opinion valuing Parati, in the terms of Article 8, §1 and §6, of Law 6404/1976.
- 3) **Approval** of the Economic and Financial Valuation Opinion on Parati, prepared by Bradesco BBI, in January 2011, in the terms of Article 8, §1 and §6°, of Law 6404/1976.
- g) On April 11, 2011 Cemig granted the said Put Option, solely and exclusively to FIP Redentor, unconditionally and irrevocably;
- h) the Notice of Exercise of the Option was to be given at least 240 (two hundred and forty) days before the Exercise Date;
- i) on September 2, 2015, within the agreed period, FIP Redentor notified Cemig of its interest in exercising the Put Option, by delivery of a Put Option Exercise Notice to the Company;
- j) the scenarios relating to the financial, political, business and market situation in Brazil on the date of the potential exercise of the Put Option in 2011 projected at the time of signature of the Stockholders Agreement and of the consequent granting of the Put Option to FIP Redentor did not materialize, since the conditions existing today are totally different;
- k) the occurrence of unpredictable events, especially Brazil's crisis of water supply and volume, the legislation contained in Provisional Measure 579/2011, the crisis in the Brazilian electricity sector, and, further, the current adverse political-economic situation in Brazil – all of these being events which had a strong negative effect on the electricity sector and the companies in it – contributed to a scenario that was drastically worse than the worst scenario projected in 2011 for the situation of exercise of the Put Option;
- l) these events had a negative effect on the profit and the stock price of all the companies of the electricity sector, including Light and Cemig;

Av. Barbacena 1200 Santo Agostinho 30190-131 Belo Horizonte, MG Brazil Tel.: +55 31 3506-5024 Fax +55 31 3506-5025

m) as a result of these events:

- 1) Cemig does not at the moment have sufficient financial resources for payment of the Price of Exercise of the Put Option by FIP Redentor;
 - 2) Cemig currently has high financial leverage and, given the current market conditions, the costs of debt are increasing;
 - 3) The market currently offers a low availability of credit;
 - 4) The price of the shares of Light is lower than the forecast made in 2011;
 - 5) Parati, the dividends of which arise from those distributed by Light, distributed dividends at a lower level than was projected (the dividends distributed by Parati can be deducted from the Exercise Price of the Put Option, under the Stockholders Agreement of Parati); and
 - 6) Cemig has not, at the present moment, found a third party interested in acquiring the shares of Parati instead of itself, as per the Stockholders Agreement of Parati, a situation which would lead to Parati and, consequently, Light, going into State or other public ownership;
- n) if Parati were to come under state, federal or other public control, as a result of the exercise of the Put Option on May 31, 2016, this would result in Light being considered to be a state-controlled company by the lenders of financing and guarantee contracts that have been entered into, which could cause early maturity of those contracts and, as a consequence, early maturities of various other financing and guarantee contracts of Light, that are linked by cross-default clauses;
- o) in this scenario, even as from before notification of the exercise of the Put Option, Cemig has been seeking the optimum solution, considering the business and legal aspects, to soften the negative effects of the exercise, against Cemig, of the Put Option which also indirectly affect Parati and Light;

- p) so as to make use of the profit reserves of Rio Minas Energia S.A. (RME) and of Lepsa to reduce the payment of the Exercise Price, it is intended to carry out a stockholding reorganization of the Parati group of companies (the Stockholding Reorganization), involving the total split of Parati, with absorption of part of the assets and liabilities by RME and part by Lepsa;
- q) due to the possibility of a total split of Parati, with absorption of parts by RME and Lepsa, the Put Option will have to be adapted to reflect the shares of RME and Lepsa and no longer those of Parati;
- r) postponement of the Exercise Date of the Put Option is in the strategic interest of Cemig, for better administration of Cemig s cash flow in the current year;
- s) the parties have negotiated to extend the period of the Put Option, altering the period before the Exercise Date to postpone the Exercise Date from the last business day of the 60th (sixtieth) month to the last business day of the 77th (seventy seventh) month;
- t) Cemig has offered Units in Transmissora Aliança de Energia S.A. (Taesa) in guarantee of the obligations assumed by Cemig in the transaction, representing R\$ 1,075,000,000.00 (one billion seventy five million Reais), the amount corresponding to the cash injection made by FIP Redentor into Parati in 2011; and
- u) Cemig has offered as a support for the guarantee 26.06% of the shares issued by Light, owned by Cemig, in guarantee of the obligations assumed by Cemig in the transaction;
- v) the alterations referred to in the previous sub-item will be submitted to decision by the Board of Directors of Cemig and the Extraordinary General Meeting Stockholders of Cemig, and it is the duty of the Board of Directors to call the General Meeting, under sub-clause f of Clause 17 of the by-laws of Cemig;
- w) in its management of the Company and in the exercise of the right to vote in wholly-owned and other subsidiaries, affiliated companies and consortia, the Board of Directors and the Executive Board are required at all times faithfully to comply with certain targets stated in Clause 11, Paragraph 7, of the Company s by-laws including the following:

to keep the Company s consolidated indebtedness less than or equal to 2 (two) times the Company s Ebitda (profit before interest, taxes, depreciation and amortization); and

to keep the consolidated ratio (Net debt) / (Net debt + Stockholders' equity) within an upper limit of 40%;

to limit the consolidated amount of funds allocated to capital investment and acquisition of any assets in each business year to the equivalent of 40% of Ebitda (profit before interest, taxes, depreciation and amortization);

- x) under Clause 11, Paragraph 9, of the by-laws the said targets for indicators may be exceeded for reasons related to temporarily prevailing conditions, upon prior justification and specific approval by the Board of Directors, up to the following limits:

Consolidated indebtedness less than or equal to 2.5 times Ebitda (profit before interest, taxes, depreciation and amortization); and

Consolidated (Net debt) / (Net debt + Stockholders' equity): maximum of 50%;

- y) above these limits, including in the case of the limitation of (Consolidated funds allocated to capital investment and acquisition of any assets) to 40% of Ebitda (profit before interest, taxes, depreciation and amortization) in any business year, the targets may be exceeded upon prior justification and specific approval by the stockholders in a General Meeting of Stockholders; and
- z) the annual budget for 2016, which is on the agenda of the meeting of the Board of Directors held in April 2016, referred to indicators above the levels that can be approved by the Board of Directors, as shown below:

do now propose to you as follows:

Cemig's consolidated electricity market

The **Cemig Group** sells electricity through its distribution company, *Cemig Distribuição S.A.* (**Cemig D**), its generation and transmission company *Cemig Geração e Transmissão S.A.* (**Cemig GT**), and other wholly-owned subsidiaries: *Horizontes Energia*, *Termelétrica Ipatinga* (up to January 2015), *Sá Carvalho*, *Termelétrica de Barreiro*, *Cemig PCH*, *Rosal Energia* and *Cemig Capim Branco Energia* (up to March 2015).

The total for sales in Cemig's consolidated electricity market comprises sales to:

- (I) Captive consumers in Cemig's concession area in the State of Minas Gerais;
- (II) Free Consumers in both the State of Minas Gerais and other States of Brazil, in the Free Market (*Ambiente de Contratação Livre*, or ACL);
- (III) other agents of the electricity sector – traders, generators and independent power producers, also in the ACL;
- (IV) Distributors, in the Regulated Market (*Ambiente de Contratação Regulada*, or ACR); and
- (V) the wholesale trading chamber (*Câmara de Comercialização de Energia Elétrica*, or CCEE) (eliminating transactions between companies of the Cemig Group).

In 1Q16 the Cemig group sold a total volume of 13,284 GWh. This volume was 15.8% less than its total sales volume in 1Q15.

Sales of electricity to final consumers plus Cemig's own consumption totaled 10,587 GWh, or 9.9% less than in 1Q15.

Overall, electricity consumption has been affected since 1Q15 by adverse Brazilian political and economic circumstances; and, in the captive market, by the successive increases in electricity rates charged to consumers, associated with application of the Tariff Flag system, resulting in significant increases in consumers' electricity bills.

Sales to distributors, traders, other generating companies and independent power producers totaled 2,697 GWh – or 33.2% less than in 1Q16.

In March 2016 the Cemig group invoiced 8,120,322 clients – a growth of 1.9% in the consumer base in the year since March 2015. Of these, 8,120,262 are final consumers, including Cemig's own consumption; and 60 are other agents in the Brazilian electricity sector.

This chart shows the breakdown of the Cemig Group's sales to final consumers in the quarter, by consumer category:

The electricity market of Cemig D

Electricity billed to captive clients and electricity transported for Free Clients and distributors with access to Cemig D's networks in 1Q16 totaled 10,460 GWh, or 3.3% less than in 1Q15.

There are two components of this reduction: Consumption by the captive market 5.5% lower year-on-year, and use of the network by Free Clients 0.5% lower.

In March 2016 Cemig billed 8,120,073 consumers, or 1.9% more consumers than in March 2015. Of this total, 445 are Free Consumers using the distribution network of Cemig D.

Comments on the various consumer categories:

Residential

Residential consumption was 2,491 GWh of the electricity transacted by Cemig, or 2.83% less than in 1Q15.

The lower level of residential consumption is due to:

- ; Increases in rates, and application of the Tariff Flag rates as from January 2015.
- ; Reduction in families' disposable income over the year 2015 and in the first quarter of 2016.
- ; Deterioration in family confidence.
- ; Fewer calendar days in first quarter 2016 (90.2 days) than in first quarter 2015 (91.8 days).

- ; Lower temperatures in 1Q16 than 1Q15, resulting in less use by consumers of air conditioners and ventilators in their homes.

Average monthly consumption per consumer in 1Q16 was 126.4 KWh/month, or 4.6% lower than the average for 2015 (132.4 KWh/month).

Industrial

Electricity used by captive clients was 7.9% of the volume of electricity distributed by Cemig, totaling 831 GWh in 1Q16, 12.6% less than 1Q15.

This is in line with the continuing retraction of economic activity both in Minas Gerais and in the whole of Brazil, and the performance of the international market:

- ; lower physical production, reflecting undesired inventory levels and less demand, leading to idle manufacturing capacity and lower use of labor;
- ; lack of entrepreneur confidence, and low levels of public and private investment;
- ; uncertainties in the Brazilian political and economic situation; and

- ; high cost of corporate credit due to high interest rates, and banks being more selective in granting loans.

The decline in consumption is seen in most areas of economic activity: food products (-3.9%), nonmetallic minerals (- 17.0%), mining (- 8.6%), chemicals (- 11.6%), metallurgy/pig-iron (- 30.1%) and metal products (- 13.8%).

The electricity market of Cemig GT

Cemig GT's sales volume in 1Q16 was affected by termination of concession of plants. As from the termination, Cemig GT received payment for this output was under the Physical Guarantee Quota regime, and via settlement on the spot market.

Cemig GT's market comprises sales of power as follows:

- (I) in the Free Market (*Ambiente de Contratação Livre* - ACL) to Free Clients, either located in Minas Gerais or in other States;
- (II) to other agents in the electricity sector - traders, generators and independent power producers (in the Free Market);
- (III) to electricity distributors (in the Regulated Market - ACR); and
- (IV) sales in the CCEE (Wholesale Electricity Trading Chamber).

The total supply billed by Cemig GT in 1Q16 was 6,703 GWh, or 24.6% less than in 1Q15.

The number of clients billed by Cemig GT was 28.6% higher than at the end of March 2015, totaling 684. Of these: 623 were industrial and commercial clients, 47 were distribution companies, and 14 were companies in the category of traders, generators and independent power producers.

Free clients consumed 3,975 GWh in 1Q16, or 59.3% of the total electricity provided by Cemig GT, and 16.9% less than in 1Q15 - on the following main factors:

- reduction of consumption by industrial clients due to the continuous retraction in economic activity at state and national level in Brazil, and the performance of the international economy;
 - lower availability of power for sale due to the conditions for renewal of concessions, as per Law 1303/2050 this supply was redirected to the Physical Guarantee Quota regime; and
 - shutdown of a mining operation in Minas Gerais state.
- In 1Q16 Cemig GT added 113 new clients in the *Commercial* category, mainly outside the state of Minas Gerais.

Sales and trading transactions in electricity with other agents of the electricity sector in the Free Market lead to selling opportunities, which lead to short-term sales contracts. In 1Q16 total sales of electricity were 2,049 GWh, or 18.7% less than in 1Q15.

Sales in the Regulated Market, including sales to Cemig D, were 57.3% lower than in 1Q15, for several reasons:

- i Cessation of contracts entered into as a result of the corporate reorganization of the Cemig group, with the transfer of assets from Cemig GT to Aliança Energia; and
 - j Termination of contracts made at the 18th Adjustment Auction, held in the first half of 2015, and the second Existing Supply Auction, held in 2005 at governing the period 2005 2015.
- Since September 15, 2015 the *São Simão* Plant has been serving the Regulated Market under the quota regime, in accordance with Ministerial Order 432/2015. The company now recognizes only the revenue from provision of the services of operation and maintenance of the plant.

QUALITY INDICATORS SAIDI AND SAIFI

Cemig is continuously taking action to improve operational management, organization of the logistics of its emergency services, and its permanent regime of preventive inspection and maintenance of substations, lines and distribution networks. It also invests in training of its staff for improved qualifications, state-of-the-art technologies, and standardization of work processes, aiming to uphold the quality of electricity supply, and as a result maintain the satisfaction of clients and consumers.

The charts below show Cemig's indicators for duration and frequency of outages – SAIDI (System Average Interruption Duration Index, in hours), and SAIFI (System Average Interruption Frequency Index, in number of outages), since January 2015.

Consolidated operational revenueRevenue from supply of electricity:

Total revenue from supply of electricity to final consumers in 1Q16 was R\$ 5.915 billion, or 15.10% more than the total revenue of R\$ 5.139 billion in 2015.

Final consumers

Total revenue from electricity sold to final consumers, excluding Cemig's own consumption, in 1Q16 was R\$ 5.307 billion, or 23.65% more than the figure for 1Q15, of R\$ 4.292 billion.

The main factors affecting revenue in 1Q16 were:

- ; The Extraordinary Tariff Adjustment (RTE) for Cemig D (Distribution), which resulted in an average impact on consumers' tariffs of 28.76%, applicable from March 2, 2015.
- ; An annual tariff adjustment, with average effect on consumer tariffs of 7.07%, effective from April 8, 2015.
- ; Volume of electricity sold 15.83% lower.

Revenue from Use of Distribution Systems (the TUSD charge)

The revenue of Cemig D (Distribution) from the TUSD in 1Q16 was R\$ 409 million, or 94.76% higher than in 1Q15 (R\$ 210 million). This reflects the impact of the tariff adjustments in 2015 – an increase of 96.21% for Free Consumers. The 2015 increases were mainly due to passing through of the CDE (Energy Development Account) amounts to the tariffs paid by consumers.

Revenue from transactions in the Wholesale Trading Chamber (CCEE)

Revenue from transactions in electricity on the CCEE in 1Q16 was R\$ 3 million, compared to R\$ 1.01 billion – a reduction of 99.7% year-on-year. This is mainly due to the spot price (*Preço de Liquidação de Diferenças*, or PLD) being 91.07% lower year-on-year in the wholesale market (at R\$ 34.69/MWh in 2016 compared to R\$ 388.48/MWh in 2015); and the lower quantity of electricity available for settlement in the wholesale market in 2016.

CVA and Other financial components in tariff adjustment

Due to the alteration in the concession contracts of the distributors, Cemig started to recognize balances of non-controllable costs to be passed through to Cemig D's next tariff adjustment. These comprised a reversal of R\$ 132 million in operational revenue in 1Q16. This compares with operational revenue of R\$ 550 million in 2015. This variation is principally due to the reduction of the costs of electricity acquired in auctions.

Sector / Regulatory charges – deductions from revenue

The sector charges that are effectively deductions from reported revenue totaled R\$ 2.903 billion in 1Q16, compared to R\$ 2.092 billion in 2015 – an increase of 38.77%. This principally results from the increase in the charges under the Energy Development Account (CDE), and the Tariff Flag charges.

The Energy Development Account – CDE

Payments to the Energy Development Account (CDE) are decided by an Aneel Resolution. The expenses included in the CDE are: concession indemnities, tariff subsidies, subsidy for balanced tariff reduction, low-income consumer subsidy, coal consumption subsidy, and the Fuels Consumption Account (CCC).

Charges for the CDE in 1Q16 were R\$ 600 million, compared to R\$ 298 million in 1Q15. This is the result of the new budget for the CDE since March 2015, in which Aneel increased the annual amount to be paid by Cemig D (which is passed through to the consumer in the Sector Charges component of tariffs).

Consumer charges – the Tariff Flag system

With the creation of the *Tariff Flag* mechanism, Cemig had an account under Consumer Charges related to the Tariff Flag payments, totaling R\$ 273 million in 1Q16, compared to R\$ 87 million in 1Q15.

The Flag Account (*Conta Bandeira*) was created on February 5, 2015, to manage the funds collected from captive customers of utilities of the national grid holding electricity distribution concessions and permissions – these were paid, on behalf of the CDE, directly to the Flag Account. The resulting funds are passed through by the Wholesale Trading Chamber (CCEE) to distribution agents, based on the differences between:

- (i) realized costs of thermal generation and exposure to short term market prices, and
- (ii) the amounts covered by the tariff.

The other deductions from revenue are taxes, calculated as a percentage of amounts invoiced. Thus their variations are, substantially, proportional to the changes in revenue.

Operational costs and expenses

Operational costs and expenses, excluding Financial revenue (expenses), totaled R\$ 3.949 billion in 1Q16, or 9.05% more than in 1Q15 (R\$ 4.342 billion).

The following paragraphs comment on the main variations:

Electricity purchased for resale

The expense on electricity bought for resale in 1Q16 was R\$ 1.931 billion, or 20.24% more than in 1Q15 (R\$ 2.421 billion). The main factors in the higher figure are:

Cemig D:

- i Expense on electricity acquired in auctions 42.57% lower, at R\$ 665 million in 1Q16, compared to R\$ 1.159 billion in 1H15, mainly on lower expenditure on fuel for generation by the thermal plants.
- i Expense on electricity from Itaipu Binacional 14.36% lower, at R\$ 316mn in 1Q16, compared to R\$ 370mn in 1Q15. This is mainly due to (i) the lower tariff, which was US\$38.07/kw/month in 1Q15, but US\$25.78/kw/month as from January 2016; and (ii) the volume of electricity bought being 5.25% lower.
- i The cost of purchases of supply in the short-term market was lower by 64.74% at R\$ 86 million in 1Q16, vs. R\$ 245 million in 1Q15) reflecting the lower cost of electricity in the wholesale market in 2015.

Cemig GT:

The expense on electricity bought for resale in 1Q16 was R\$ 660 million, or 8.55% more than in 1Q15 (R\$ 608 million). This reflects a higher average price per MWh (R\$ 134.74 in 2016, vs. R\$ 179.94 in 2015), with an offsetting effect from volume of electricity purchased in 1Q16 25.12% lower (4,510,660 MWh), compared to 1Q15 (3,669,685 MWh).

Operating provisions

Operational Provisions 486.05% higher year-on-year in the quarter an expense of R\$ 252mn in 1Q16, compared to R\$ 43mn in 1Q15. The main factors in this result are:

- i Higher provisions for doubtful receivables: R\$ 76 million in 1Q16, compared to R\$ 27 million in 1Q15 mainly reflecting a higher level of default, influenced by the significant increase in consumer electricity rates put in place in 2015, and also the Brazilian macroeconomic context.
- i Higher provisions for contingencies: in particular for employment-law litigation totaling R\$ 50 million in 1Q16, compared to R\$ 16 million in 1Q15. There was also an increase in regulatory provisions at R\$ 21 million in 1Q16, compared to R\$ 3 million in 2015, reflecting an infringement claim issued by Aneel, in the administrative sphere, related to assessment of electricity distribution services.
- i This change mainly reflected provisions for the put options on equity interests in Parati (R\$ 79 million), and SAAG R\$ 9 million), respectively.

a) Put options for Units in FIP Melbourne

Option Contracts for sale of Units (the Put Options) were signed between Cemig GT and the pension plan entities that participate in the investment structure of SAAG, which those entities may exercise in the 84th month from June 2014. The exercise price of the Put Options will correspond to the amount invested by each pension plan company in the Investment Structure, updated *pro rata temporis* by the IPCA inflation index (*Índice Nacional de Preços ao Consumidor Amplo*, published by the Brazilian Geography and Statistics Institute – IBGE), plus 7% per year, less such dividends and Interest on Equity as have been paid by SAAG to the pension plan entities.

To decide the method to be used for measuring the fair value of that option, since Madeira Energia is an unlisted company, the Company adopted the discounted cash flow method to measure the fair value of the options. The fair value of this option has been calculated on the basis of the estimated exercise price on the day of exercise of the option, less the fair value of the shares that are the subject of the put option, also estimated for the date of exercise, brought to present value at the interim reporting date, at the effective rate of 8% p.a. (discounting inflation effects). Based on the studies made, a liability of R\$ 157 million is recorded in Cemig GT, for the difference between the the exercise price and the estimated fair value of the assets.

b) FIP Redentor

Cemig granted to Fundo de Participações Redentor, which is a stockholder of Parati, an option to sell the totality of the shares which that fund holds in Parati, exercisable in May 2016. The exercise price of the option is calculated from the sum of the value of the amounts injected by the Fund into Parati, plus the running expenses of the fund, less Interest on Equity, and dividends, distributed by Parati. The exercise price is subject to monetary updating by the CDI (Interbank CD) Rate plus financial remuneration at 0.9% per year.

To decide the method to be used in measuring the fair value of this option, the Company observed the daily trading volume of the shares of Light, and also the fact that such option, if exercised by the Fund, will require the sale to the Company, in a single transaction, of shares in Light in a quantity higher than the daily exchange trading averages. Thus, the Company has adopted the discounted cash flow method for measurement of the fair values of the options. The fair value of that option was calculated as the amount of the exercise price estimated on the date of exercise, less the fair value of the shares subject of the put option, also estimated on the date of the exercise of the option, brought to present value on the reporting date, at an effective rate of 7.5% p.a. (discounting inflation effects).

Based on the studies made, a liability of R\$ 1.324 billion is recorded in Cemig itself (the holding company), for the difference between the the exercise price and the estimated fair value of the assets.

On May 27, 2016, there will be an Extraordinary General Meeting of Stockholders to decide on changes in the agreement with FIP Redentor, including postponement of the date of exercise of the put option. For more details see the Convocation Notice:

Personnel

Personnel expenses were R\$ 413 million in 1Q16, compared to R\$ 336 million in 1Q15, an increase of 22.92%. This arises mainly from the following items:

- i Salary increases of 3% from March 2015, as a result of the collective negotiation decided by the courts on application from organizations representing the employees;
- i Salary increases, under the Collective Agreement, of 10.33%, as from November 2015.

Number of employees

Gas bought for resale

The expense Cemig reports for Gas bought for resale was R\$ 238 million in 1Q16, vs. R\$ 262 million in 1Q15. This is basically due to a lower quantity of gas purchased (287,594m³ in 1Q16, compared to 380,666m³ in 1Q15) reflecting Brazil's economic downturn, which affected the industrial market, and also led to gas-fired thermoelectric generation plants being de-activated.

Market (000 m ³ /day)	2012	2013	2014	2015	1Q16
Residential		0.17	0.72	1.04	1.57
Commercial	24.73	20.38	23.15	22.42	20.63
Industrial	2,740.00	2,734.95	2,849.24	2,422.78	2,116.84
Other	114.09	106.33	99.64	119.87	118.13
Total market excluding thermal plants	2,878.82	2,861.83	2,972.75	2,566.11	2,257.17
Thermal plants	746.09	1,214.50	1,223.99	1,309.13	918.21
Total	3,624.91	4,076.33	4,196.74	3,875.24	3,175.38

In the industrial market, the lower daily average of sales reflects reductions in economic activity in many of the industries served by Gasmig. Examples are:

- i Metallurgy (32%);
- j Manufacture of machines and equipment (26%); and
- k Textiles and textile products (16%).

The thermoelectric generation plants, which had been operating uninterruptedly since 2012, and now less in demand due to the lower demand for electricity, and also the higher levels of rainfall in the current rainy period.

Supply of gas for the residential market, which began in 2013, was connected to 4,645 homes in March 2016 (3,820 homes at December 31, 2015).

Fair value gain (loss) on stockholding transaction

In 2015 the Company posted a gain of R\$ 735 million arising from the constitution of *Aliança Geração de Energia*. On February 27, 2015, the transaction of association between Vale S.A. and Cemig GT by subscription of shares in Aliança Geração de Energia S.A. was completed. The two companies subscribed their shares in Aliança by transfer to it of their interests in the following generation assets: *Porto Estrela, Igarapava, Funil, Capim Branco I, Capim Branco II, Aimorés* and *Candongá*. Aliança has installed hydroelectric generation capacity of 1,158 MW in operation (assured offtake level 652 MW), as well as other generation projects.

Since its creation, Aliança Geração de Energia has made a positive contribution to Cemig GT. In 1Q16 this interest provided Cemig GT with a gain of R\$ 24 million.

Equity gain (loss) in subsidiaries

In 1Q16 Cemig posted a net equity method gain of R\$ 58 million, which compares with a net gain of R\$ 90 million in 1Q15. This is mainly due to a loss of R\$ 152 million in 1Q16 in the jointly-controlled entity Renova Energia.

Investment in Renova Loss due to impairment of assets available for sale

Option contract

A contract was signed on September 18, 2015 giving Renova the option to sell to SunEdison up to 7,000,000 shares in TerraForm Global, which Renova had received under the agreement in the first phase of the related asset exchange transaction.

The exercise price of this option was set at R\$ 50.48 or US\$15.00, at the exchange rate of the day, at SunEdison's choice. The contract also gave SunEdison an option to buy the same 7 million shares on the same terms.

Renova priced the option using the Black-Scholes mathematical model, the future expectation for the exchange rate, and the credit risk. Based on this valuation, a loss of R\$ 217 million has been recognized in 1Q16. Cemig's impact is R\$ 59 million, according to its 27.35% interest in Renova's stake.

Investment in TerraForm pricing of the shares

The company also posted a loss in 1Q16, of R\$ 272 million, resulting from the fall in the stock price of TerraForm, in which Renova holds an equity interest of 11.42%, valued on the basis of the market price of the shares.

The figures above refer to the full impact on the financial statements of Renova. The effect for Cemig was proportional to its interest in the investee, valued by the equity method.

Financial revenue (expense s)

Cemig reports net financial expenses of R\$ 413 mn in 1Q16, compared to net financial expenses of R\$ 273mn in 1Q15. The main factors are:

- i Lower gain on updating of financial assets reported for the Remuneration Assets Base (BRR): R\$ 2mn in 1Q16, vs. R\$ 92mn in 1Q15. This is due to the BRR being lower, following the renewal of the concession contract in December 2015: on March 31, 2016 the amount of R\$ 164 million was classified in Financial assets (compared to R\$ 6.21 billion on March 31, 2015).
- i Recognition of monetary updating on deposits linked to legal actions, representing a gain in Financial revenue of R\$ 31mn in 1Q16.
- i Charges for loans and financings 46.08% higher, at R\$ 428 million in 1Q16, compared to R\$ 293mn in 1Q15. This mainly reflects higher debt indexed to the CDI Rate; and also the higher variation provided by the CDI rate, itself, at 3,25% in 1Q16 compared to 2.81% in 1Q15.

EBITDA

Cemig's consolidated Ebitda in 1Q16 was 24.95% of its value in 1Q15 – a reduction of 75.05%. This mainly reflects: (i) recognition in 1Q15 of a gain of R\$ 735 million from calculation of fair value in a stockholding transaction; and (ii) much lower revenue from wholesale transactions on the CCEE – at R\$ 3 million in 1Q16, compared to R\$ 1.01 billion in 1Q15, due to the lower volume of supply de-contracted.

Mining and Energy Ministry Ministerial Order 120

The Mining and Energy Ministry, through its Ministerial Order 120, of April 20, 2016, has set the criteria for indemnity of transmission assets. It states that the amounts that are approved shall be received in a period of eight years as from the 2017 tariff adjustment, and will be updated by the variation in the IPCA inflation index, and remunerated on the basis of the specific cost of capital of the transmission segment as defined by Aneel in the processes of periodic Tariff Review, estimated at 10.44% p.a. The Companies in the sector are in the process of obtaining more detailed explanations from the regulator on the criteria related to monetary updating and receipt of the indemnity.

The Valuation Opinion delivered to Aneel on July 31, 2014 represented an indemnity to the Company of R\$ 1.169 billion, at the base date of December 31, 2012.

On February 23, 2015, Aneel sent the Company the Report of Inspection with the preliminary review of the Opinion sent by the Company, corresponding to a price of R\$ 1.157 billion, of which R\$ 285 million was received in the first quarter of 2013 – the remaining balance being R\$ 872 million. Updating of this amount by the IGP M inflation index to March 31, 2016 results in the amount of R\$ 1.085 billion (R\$ 1.054 billion at December 31, 2015).

Cemig GT is still in process of assessing the effects of the Ministerial Order, and has an estimate of an impact of approximately R\$ 500 million in financial revenue – which will be posted in the second quarter of 2016.

DEFAULT

In 2015, to achieve economic and financial equilibrium for the companies of the sector, and synchronization between tariffs and the real variable costs of electricity, Aneel implemented the system of Tariff Flags , and also enacted an Extraordinary Tariff Increase, in March. These measures had an impact on electricity rates, involving as it did a pass-through of costs to final consumers.

In this context of an exceptional increase in electricity rates, Cemig has seen an increase in amounts invoiced that are not paid by final consumers, and this has resulted in growth in the stock of debt to levels higher than the average of recent months.

The average level of default during the month of January 2016 was 25% higher than in January 2015. This increased percentage of default has had a negative effect on the Company's cash flow.

Due to the present economic context, default has remained at a level that is high for the Company. The rate of default in January was 3.91%.

The Company uses various tools of communication and collection to prevent increase in default. These include telephone contact, sending of e-mails, use of text messages, and collection letters. We are also making efforts with the credit protection services Serasa (*Serviço de Proteção ao Crédito*) and CDL (*Câmara de Dirigentes Lojistas*) to register these arrears on their records for defaulting clients; and we are also applying disconnection of supply. Aneel Resolution 414 allows supply to be cut off after 15 days from receipt of a notice to the defaulting consumer.

- e) on April 11, 2011, Cemig granted, exclusively to FIP Redentor, unconditionally and irrevocably, an option to sell (Put Option), under which FIP Redentor acquired the right, at the end of the 60th (sixtieth) month from the date of the subscription of the shares in Parati (the Exercise Date), to sell the totality of the common and preferred shares in that company belonging to FIP Redentor, and Cemig acquired the obligation to buy them or to indicate a third party to buy them, by payment of the Exercise Price, as authorized by the Board of Directors of the Company on December 6, 2010 and by the Extraordinary General Meeting of Stockholders of March 24, 2011;

- h) Cemig has been advised by Banco BTG Pactual S.A. (BTG Pactual) of its resignation as administrator of FIP Redentor, which took place on March 30, 2016, and this could result, within 60 (sixty) days, in extinction of this Investment Fund;

- k) for this purpose and as a consequence of any extinction of FIP Redentor, should it take place, the unit holders of FIP Redentor have requested alteration of certain conditions specified in the Stockholders' Agreement, so as to alter the Put Option, which had been granted exclusively to FIP Redentor, in such a way as to permit the Unit Holders of FIP Redentor to become holders of the Put Option, as direct stockholders of Parati, maintaining their rights and obligations, without altering the other conditions of the grant that had been given;
- l) postponement of the Exercise Date of the Put Option is in the strategic interest of Cemig, for better administration of Cemig's cash flow in the current year;
- m) the Unit Holders of FIP Redentor have made the negotiation of any postponement of the Exercise Date of the Put Option conditional upon their rights being maintained, as per items j and k, above.

do now propose to you as follows:

Proposal by the Board of Directors

The representative of the majority stockholder stated that the Board of Directors should decide on signature of the Third amendment to the Stockholders Agreement of Parati S.A. Participações em Ativos de Energia Elétrica before decision by the stockholders on the Proposal by the Board of Directors to this Extraordinary General Meeting of Stockholders.

Since the meeting of that body had begun at 9 a.m. that day and was to be resumed at 5 p.m. on that same day, he said it would be opportune to adjourn this present Meeting of Stockholders until that Meeting of the Board of Directors had completed debate and decision on the subject.

Barbacena 1200, 2nd floor, Santo Agostinho, Belo Horizonte, Minas Gerais, with all the stockholders who had initially signed the Stockholders Attendance Book present, and Mr. Marcos Túlio de Melo, a member of the Audit Board, also present. - b) Sale, transfer or assignment to third parties by Cemig of the Shares owned by itself in Parati or of the rights and obligations arising from them, without prior written authorization of FIP Redentor, with the exception of transactions between subsidiaries and/or wholly-owned subsidiaries of Cemig, provided that Cemig's co-obligation in relation to the obligations originally assumed is preserved;

k(1) if 100% of the units of Luce Investment Fund (LIF) are not acquired by December 31, 2011, or if such acquisition has been made without all the following prerequisites being fulfilled:

LIF to hold at least 75% of the Units of Luce Brasil Fundo de Investimento em Participações (FIP Luce);

FIP Luce to hold not less than 100% of the share capital of Luce Empreendimentos e Participações S.A. (Lepsa);

the latter to hold an equity interest of not less than 13.03% of the share capital of Light; and

Fundação de Seguridade Social Braslight (Braslight) not to have signed any agreement for sale of, nor offered the right to buy, its units in FIP Luce, except in the event of Braslight having given to Parati, through LIF, the first refusal right for acquisition of the said units, and Cemig not having indicated a third party to acquire the interest held by BB Banco de Investimento S.A. (Banco do Brasil) and by Votorantim S.A. (Votorantim) in FIP Redentor for an amount equivalent to the Exercise Price on the date of the actual acquisition, or such indicated third party not being accepted by BTG Alpha Participações Ltda. (BTG Alpha) or Santander (Brasil) S.A. (Santander);

- k(2) in the event that Cemig, by the date of the Put Option Notice, has disposed of the direct equity interest of shares that comprise the controlling block of Light, and the acquirers of that interest are

persons having equity interest, on the date of signature of the Stockholders Agreement, of more than 21.1% of the Units of Fundo de Investimento em Participações PCP (FIP PCP) and subject of an administrative judgment against them, against which there is no further appeal, for infringements committed against the Brazilian Financial System, inspected by the Brazilian Central Bank, and/or the securities market, inspected by the Brazilian Securities Commission (CVM),

or holding, on the date of signature of the Stockholders Agreement, more than 88.0% of the unit shares of Enlighted Partners Venture Capital (Enlighted) and subject of an administrative judgment against them, against which there is no further appeal, for infringements committed against the Brazilian Financial System, inspected by the Brazilian Central Bank, and/or the securities market, inspected by the Brazilian Securities Commission (CVM),

Cemig not having indicated a third party to acquire the interest held by BB and by Votorantim in FIP Redentor for an amount equivalent to the Exercise Price on the date of the actual acquisition, or such indicated third party not being accepted by BTG or Santander;

the payment of the Exercise Price and the transfer of the shares of Parati to be conditional upon prior approval of the transaction by the National Electricity Agency (Aneel); and if the authorization of Aneel is not obtained by the date of the transfer of the shareholders, or

if at any moment Aneel expressly refuses authorization for the transfer of the shares, except in the case of negligence or malicious intent on the part of FIP Redentor, then FIP Redentor shall have the right to sell the shares to third parties on the stock exchange or otherwise, and in the event of sale outside the environment of a stock exchange, such sale may take place only if the price decided is equal to or greater than the lowest of the three following amounts resulting from calculations of stock market prices:

daily average of closing prices of the shares of Light over the last 30 (thirty) days; and

daily average of closing prices of the shares of Light over the last 90 (ninety) days; if the amount resulting from the said disposal is lower than the Exercise Price, Cemig shall continue to be obliged to pay the difference;

if it is greater than the Exercise Price, and only in the event of Aneel omitting to give approval or expressly refusing the transfer of the Acquisition Shares to the Cemig, and if Cemig has complied with its contractual obligations, Cemig to have the right to receive the positive difference, multiplied by

(1 - the Adjustment Factor).

In any of these events, the expenses incurred by FIP Redentor arising from the process of sale shall be deducted from the amount received as a result of the disposal to third parties: and the penalties specified in Clause 6.5 of the Stockholders Agreement shall not be applicable (arrears interest calculated at the Selic Rate, plus penalty payment of 2% on the Exercise Price, plus the arrears interest).

The decision of the Extraordinary General Meeting that authorized the grant of the Put Option to FIP Redentor led to the possibility of holders of common shares in Cemig who disagreed with that decision having the right to withdraw (the Right to Withdraw). The Right to Withdraw applied only to those stockholders proven to be holders of common shares in Cemig on February 18, 2011.

- 2) **Appointment** of Banco Bradesco BBI S.A. (Bradesco BBI) to prepare the Valuation Opinion valuing Parati, in the terms of Article 8, §1 and §6, of Law 6404/1976.
 - 3) **Approval** of the Economic and Financial Valuation Opinion on Parati, prepared by Bradesco BBI, in January 2011, in the terms of Article 8, §1 and §6°, of Law 6404/1976.
- g) On April 11, 2011 Cemig granted the said Put Option, solely and exclusively to FIP Redentor, unconditionally and irrevocably;
- h) the Notice of Exercise of the Option was to be given at least 240 (two hundred and forty) days before the Exercise Date;

- i) on September 2, 2015, within the agreed period, FIP Redentor notified Cemig of its interest in exercising the Put Option, by delivery of a Put Option Exercise Notice to the Company;
- j) the scenarios relating to the financial, political, business and market situation in Brazil on the date of the potential exercise of the Put Option in 2011 projected at the time of signature of the Stockholders Agreement and of the consequent granting of the Put Option to FIP Redentor did not materialize, since the conditions existing today are totally different;
- k) the occurrence of unpredictable events, especially Brazil's crisis of water supply and volume, the legislation contained in Provisional Measure 579/2011, the crisis in the Brazilian electricity sector, and, further, the current adverse political-economic situation in Brazil – all of these being events which had a strong negative effect on the electricity sector and the companies in it – contributed to a scenario that was drastically worse than the worst scenario projected in 2011 for the situation of exercise of the Put Option;
- l) these events had a negative effect on the profit and the stock price of all the companies of the electricity sector, including Light and Cemig;
- m) as a result of these events:
 - 1) Cemig does not at the moment have sufficient financial resources for payment of the Price of Exercise of the Put Option by FIP Redentor;
 - 2) Cemig currently has high financial leverage and, given the current market conditions, the costs of debt are increasing;
 - 3) The market currently offers a low availability of credit;
 - 4) The price of the shares of Light is lower than the forecast made in 2011;

Av. Barbacena 1200 Santo Agostinho 30190-131 Belo Horizonte, MG Brazil Tel.: +55 31 3506-5024 Fax +55 31 3506-5025

- 5) Parati, the dividends of which arise from those distributed by Light, distributed dividends at a lower level than was projected (the dividends distributed by Parati can be deducted from the Exercise Price of the Put Option, under the Stockholders Agreement of Parati); and
- 6) Cemig has not, at the present moment, found a third party interested in acquiring the shares of Parati instead of itself, as per the Stockholders Agreement of Parati, a situation which would lead to Parati and, consequently, Light, going into State or other public ownership;
- n) if Parati were to come under state, federal or other public control, as a result of the exercise of the Put Option on May 31, 2016, this would result in Light being considered to be a state-controlled company by the lenders of financing and guarantee contracts that have been entered into, which could cause early maturity of those contracts and, as a consequence, early maturities of various other financing and guarantee contracts of Light, that are linked by cross-default clauses;
- o) in this scenario, even as from before notification of the exercise of the Put Option, Cemig has been seeking the optimum solution, considering the business and legal aspects, to soften the negative effects of the exercise, against Cemig, of the Put Option which also indirectly affect Parati and Light;
- p) so as to make use of the profit reserves of Rio Minas Energia S.A. (RME) and of Lepsa to reduce the payment of the Exercise Price, it is intended to carry out a stockholding reorganization of the Parati group of companies (the Stockholding Reorganization), involving the total split of Parati, with absorption of part of the assets and liabilities by RME and part by Lepsa;
- q) due to the possibility of a total split of Parati, with absorption of parts by RME and Lepsa, the Put Option will have to be adapted to reflect the shares of RME and Lepsa and no longer those of Parati;
- r) postponement of the Exercise Date of the Put Option is in the strategic interest of Cemig, for better administration of Cemig's cash flow in the current year;
- s) the parties have negotiated to extend the period of the Put Option, altering the period before the Exercise Date to postpone the Exercise Date from the last business day of the 60th (sixtieth) month to the last business day of the 77th (seventy seventh) month;

- t) Cemig has offered Units in Transmissora Aliança de Energia S.A. (Taesa) in guarantee of the obligations assumed by Cemig in the transaction, representing R\$ 1,075,000,000.00 (one billion seventy five million Reais), the amount corresponding to the cash injection made by FIP Redentor into Parati in 2011; and
- u) Cemig has offered as a support for the guarantee 26.06% of the shares issued by Light, owned by Cemig, in guarantee of the obligations assumed by Cemig in the transaction;
- v) the alterations referred to in the previous sub-item will be submitted to decision by the Board of Directors of Cemig and the Extraordinary General Meeting Stockholders of Cemig, and it is the duty of the Board of Directors to call the General Meeting, under sub-clause f of Clause 17 of the by-laws of Cemig;
- w) in its management of the Company and in the exercise of the right to vote in wholly-owned and other subsidiaries, affiliated companies and consortia, the Board of Directors and the Executive Board are required at all times faithfully to comply with certain targets stated in Clause 11, Paragraph 7, of the Company's by-laws including the following:

to keep the Company's consolidated indebtedness less than or equal to 2 (two) times the Company's Ebitda (profit before interest, taxes, depreciation and amortization); and

to keep the consolidated ratio (Net debt) / (Net debt + Stockholders' equity) within an upper limit of 40%;

to limit the consolidated amount of funds allocated to capital investment and acquisition of any assets in each business year to the equivalent of 40% of Ebitda (profit before interest, taxes, depreciation and amortization);

- x) under Clause 11, Paragraph 9, of the by-laws the said targets for indicators may be exceeded for reasons related to temporarily prevailing conditions, upon prior justification and specific approval by the Board of Directors, up to the following limits:

Consolidated indebtedness less than or equal to 2.5 times Ebitda (profit before interest, taxes, depreciation and amortization); and

Consolidated (Net debt) / (Net debt + Stockholders' equity): maximum of 50%;

- y) above these limits, including in the case of the limitation of (Consolidated funds allocated to capital investment and acquisition of any assets) to 40% of Ebitda (profit before interest, taxes, depreciation and amortization) in any business year, the targets may be exceeded upon prior justification and specific approval by the stockholders in a General Meeting of Stockholders; and
- z) the annual budget for 2016, which is on the agenda of the meeting of the Board of Directors held in April 2016, referred to indicators above the levels that can be approved by the Board of Directors, as shown below:

do now propose to you as follows:

- a) **Re-ratification** of the decision of the Extraordinary General Meeting of Stockholders held on March 24, 2011, with alteration of the terms of the Put Option granted on April 11, 2011 by Cemig to Redentor Fundo de Investimento em Participações (FIP Redentor) as follows:
- 1) To enable the option to be effective in relation to shares in Luce Empreendimentos e Participações S.A. (Lepsa) and/or in Rio Minas Energia S.A. (RME), in the event that those companies receive all of the assets and liabilities arising from a total split of their controlling and sole stockholder, Parati S.A. Participações em Ativos de Energia Elétrica (Parati);
 - 2) To postpone the date of exercise of the said Put Option from the last business day of the 60th (sixtieth) month following the date of subscription of the shares in Parati, until November 30, 2017, the last business day of the 77th (seventy seventh) month;

- 3) To alter the adjustment factor from 0.4279 to 0.4756, to restore the economic-financial equilibrium of the Put Option;
- 4) to offer Units in Transmissora Aliança de Energia S.A. (Taesa) in guarantee of the obligations assumed by Cemig in the transaction, representing R\$ 1,075,000,000.00 (one billion seventy five million Reais), this being the amount corresponding to the cash injection made by FIP Redentor into Parati in 2011; and
- 5) to offer as a support for the guarantee Cemig's holding of 26.06% of the total shares of Light, in guarantee of the obligations assumed by Cemig in the transaction; and

b) **Authorization** for the following ratios to exceed the limits stated in the by-laws, as follows:

the Company's consolidated indebtedness as specified in Subclause a of Paragraph 7 of Clause 11 of the Company's by-laws: to be a maximum of 4.12 (two point six) times the Company's Ebitda (profit before interest, taxes, depreciation and amortization);

the ratio established in Subclause b of Paragraph 7 of Clause 11 of the by-laws, namely Consolidated $\{(Net\ debt) / (Net\ debt + Stockholders\ equity)\}$ to be a maximum of 52%; and

the quantity established in Subclause d of Paragraph 7 of Clause 11 of the by-laws, namely the consolidated amount of funds allocated to capital investment and acquisition of any assets in the business year to be limited to 146% of the Company's Ebitda (profit before interest, taxes, depreciation and amortization).

As can be seen, the objective of this proposal is to meet legitimate interests of the stockholders and of the Company, and as a result it is the hope of the Board of Directors that it will be approved by the Stockholders.
