Item 1.01. Entry into a Material Definitive Agreement.

On August 15, 2016, Green Plains Inc. (the **Company**) entered into an indenture (the **Indenture**) between the Company and Wilmington Trust, National Association, as trustee (the **Trustee**), in connection with the closing of its private offering of \$170 million aggregate principal amount of the Company's 4.125% Convertible Senior Notes due 2022 (the **Notes**). The Notes were sold at 100% of par, resulting in estimated net proceeds to the Company, after deducting the placement agent's fees and estimated offering expenses, of approximately \$164.25 million. The Company expects to use the proceeds from the offering for general corporate purposes, including the financing of a portion of the potential acquisition of two ethanol plants affiliated with Abengoa Bioenergy. A copy of the Indenture and the form of global note representing the Notes, which is Exhibit A to the Indenture, are attached hereto as Exhibit 4.1, which is incorporated herein by reference in this Item 1.01. The descriptions of the Indenture and of the Notes contained in this report are summaries and, in each case, are qualified in their entirety by the terms of the Indenture and the Notes.

The Notes are senior, unsecured obligations of the Company, with interest payable on March 1 and September 1 of each year, beginning March 1, 2017, at a rate of 4.125% per annum. The Notes will mature on September 1, 2022, unless earlier converted, redeemed or repurchased. The Notes will be convertible, at the option of the holders, into consideration consisting of, at the Company's election, cash, shares of the Company's common stock, or a combination of cash and shares of the Company's common stock until the close of business on the scheduled trading day immediately preceding the maturity date. However, before March 1, 2022, the Notes will not be convertible unless certain conditions are satisfied. The initial conversion rate will be 35.7143 shares of the Company's common stock per \$1,000 principal amount of Notes (which is equivalent to an initial conversion price of approximately \$28.00 per share of the Company's common stock). The conversion rate will be subject to adjustment upon the occurrence of certain events. In addition, the Company may be obligated to increase the conversion rate for any conversion that occurs in connection with certain corporate events, including the Company's calling the Notes for redemption.

On and after September 1, 2020, and prior to the maturity date, the Company may redeem all, but not less than all, of the Notes for cash if the sale price of the Company's common stock equals or exceeds 140% of the applicable conversion price for a specified time period ending on the trading day immediately prior to the date the Company delivers notice of the redemption. The redemption price will equal 100% of the principal amount of the Notes to be redeemed, plus any accrued and unpaid interest to, but excluding, the redemption date. In addition, upon the occurrence of a fundamental change, holders of the Notes will have the right, at their option, to require the Company to repurchase their Notes in cash at a price equal to 100% of the principal amount of the Notes to be repurchased, plus accrued and unpaid interest to, but excluding, the fundamental change repurchase date.

The Indenture provides for customary events of default which include (subject in certain cases to customary grace and cure periods), among others, the following: nonpayment of principal or interest; breach of covenants or other agreements in the Indenture; defaults in failure to pay certain other indebtedness; and certain events of bankruptcy or insolvency. Generally, if an event of default occurs and is continuing under the Indenture, the Trustee or the holders of at least 25% in aggregate principal amount of the Notes then outstanding may declare the principal and accrued interest on all the Notes immediately due and payable.

Item 3.02. Unregistered Sales of Equity Securities
