| Issuer: | Xenon Pharmaceuticals Inc., a corporation continued under the Federal laws of Canada |
| Ticker / Exchange for common shares: | XENE / The NASDAQ Global Market |
| Pricing date: | September 8, 2016 |
| Settlement date: | September 13, 2016 |
| Common shares offered by us: | 3,000,000 common shares (or 3,450,000 common shares if the underwriters option to purchase an additional 450,000 common shares is exercised in full). |
| Common shares offered by selling securityholders | 1,000,000 common shares (or 1,150,000 common shares if the underwriters option to purchase an additional 150,000 common shares is exercised in full). |

Option to purchase additional shares

We and the selling securityholders have granted the underwriters an option to purchase up to 450,000 additional common shares and 150,000 additional common shares, respectively. This option is exercisable, in whole or in part, for a period of 30 days from September 8, 2016.

Common shares to be outstanding after this offering:

17,415,347 common shares (17,865,347 shares if the underwriters elect to exercise in full their option to purchase additional shares from us).

Public offering price: \$7.50 per common share

Underwriting discounts and commissions: \$0.45 per common share

Net proceeds: We estimate that the net proceeds to us from this offering, after deducting underwriting discounts and commissions and estimated offering expenses payable by us, will be approximately \$20.7 million, or approximately \$23.8 million if the underwriters exercise their option to purchase additional shares from us in full.

We will not receive any of the proceeds from the sale of common shares by the selling securityholders.

Dilution: The information appearing under the caption *Dilution* on page S-44 of the preliminary prospectus supplement is updated as follows: After giving effect to our issuance and sale of common shares in this offering at the public offering price of \$7.50 per common share, after deducting underwriting discounts and commissions and estimated offering expenses payable by us, the as adjusted net tangible book value as of June 30, 2016 would have been \$73.3 million, or \$4.21 per common share. This represents an immediate increase in as adjusted net tangible book value to existing shareholders of \$0.56 per common share and an immediate dilution to new investors purchasing common shares in this offering of \$3.29 per common share.

If the underwriters exercise their option to purchase additional common shares from us in full, at the public offering price of \$7.50 per common share, the as adjusted net tangible book value will increase to \$76.5 million, or \$4.28 per common share, representing an immediate increase in net tangible book value to existing shareholders of \$0.63 per common share and immediate dilution in net tangible book value of \$3.22 per common share to new investors.

Selling securityholders: The information appearing under the caption *Selling Securityholders* on page S-52 of the preliminary prospectus supplement is updated as follows: The number of common shares being offered by August J. Troendle is 572,037 and the number of common shares being offered by entities affiliated with InterWest Management Partners VII, LLC is 427,963. After the offering, August J. Troendle will own 505,204 (2.9%) of our common shares (or 419,398 (2.3%) if the underwriters exercise in full their option to purchase additional common shares) and entities affiliated with InterWest Management Partners VII, LLC will own 378,098 (2.2%) of our common shares (or 313,904 (1.8%) if the underwriters exercise in full their option to purchase additional common shares).
