Record Date for Voting and Shares Outstanding

We had 593,453,729 shares of our common stock, \$0.01 par value per share (the Common Stock), outstanding as of March 21, 2017, the record date for determining holders of our Common Stock entitled to vote at the Annual Meeting.

Corporate Governance Developments and Highlights

The current directors that are nominated for re-election will serve a one-year term expiring at the next annual meeting of stockholders. Our Board of Directors, upon the recommendation of our Nominating and Corporate Governance Committee, has determined that ten of our eleven director nominees are independent under the listing standards of the New York Stock Exchange LLC (NYSE) and the governance guidelines and independence policy adopted by our Board of Directors.

Our Board of Directors continues to be led by Mr. Jeffrey C. Sprecher, who serves as Chairman of our Board of Directors, and Mr. Frederic V. Salerno, who has been elected as lead independent director for 2017. Mr. Salerno has served as the lead independent director of our Board of Directors since 2008. As lead independent director, Mr. Salerno presides at all executive sessions of the non-management directors and helps set the agenda for our Board of Director meetings.

There have been several important developments regarding the composition of our Board of Directors and governance matters.

The Board of Directors has nominated eleven director nominees. The Board of Directors believes that the eleven director nominees collectively have the expertise and diversity of experience to effectively oversee and guide our business.

As part of the Board of Directors focus on board refreshment, including a focus on diversity as well as a focus on succession for Board leadership positions, three of our long standing directors did not stand for re-election in 2016. We added three new directors to our Board of Directors in the last seven months to fill specific needs deemed important by our Nominating and Corporate Governance Committee and our shareholders.

We have added additional skill sets and diversity to our Board of Directors, which include:

Thomas Noonan joined our Board of Directors in September 2016 and brings deep cyber security expertise to our Board of Directors.

Table of Contents

Ann Cairns joined our Board of Directors in March 2017 and brings additional risk expertise to our Board of Directors. Ms. Cairns also chairs the board of our subsidiary, ICE Clear Europe.

Duriya Farooqui joined our Board of Directors in March 2017 and brings experience in public service, international policy and economic development.

As detailed above, we have recently added two female directors to the Board bringing additional gender diversity to our Board of Directors. They each bring fresh ideas and unique skills to the Board.

Among the current independent director nominees, four of the nominees have fewer than five years of service on our Board of Directors and one nominee has between five and ten years of experience on our Board of Directors.

The Nominating and Corporate Governance Committee engaged a third-party recruiting firm to help us in our search for diverse board candidates with particular skill sets that we deem important.

In January 2016, our Board of Directors approved an amendment and restatement of our bylaws to implement proxy access. The bylaws became effective upon the approval of the Securities and Exchange Commission (the "SEC") on May 6, 2016. Our bylaws now provide that a stockholder, or group of up to 20 stockholders, who has held 3% of our outstanding Common Stock for at least three years may nominate and include in our annual meeting proxy materials up to the greater of two director nominees or 20% of our Board.

On August 1, 2016, our Board of Directors approved pursuing an effective forward stock split by way of a stock dividend contingent upon both the approval of the adoption of the Third Amended and Restated Certificate of Incorporation by the stockholders and by the SEC. On November 3, 2016, the 5-for-1 split of our Common Stock was effected in the form of a four share stock dividend per share of Common Stock to stockholders of record as of the close of market on October 27, 2016. The new shares began trading on a split-adjusted basis on November 4, 2016. All share numbers and option price values in this Proxy Statement have been adjusted to reflect the stock split.

On March 3, 2017, our Board of Directors approved and declared advisable (i) a further amendment and restatement to our Seventh Amended and Restated Bylaws ("Bylaws") to replace references to the Vice Chairman with references to the Lead Independent Director and to update and streamline references to our subsidiaries and processes for our meetings of stockholders and stockholder proposals, and (ii) our Fourth Amended and Restated Certificate of Incorporation to update and streamline references to our national securities exchange subsidiaries, their members, and the holding companies that control such exchanges, delete references to certain other subsidiaries and remove an obsolete proviso cross-referencing a section of our Bylaws that was deleted after the sale of the Euronext business in 2014. As the owner of national securities exchanges (including the New York Stock Exchange), we are required to obtain approval from the SEC for any amendments to our governing documents, and such governing documents were submitted to the SEC on March 15, 2017. Our Fourth Amended and Restated Certificate of Incorporation will, if approved by the SEC and adopted by our Stockholders at this Annual Meeting, become effective at the time stated in such filing with the Secretary of State of the State of Delaware. At such time, the Bylaws, assuming approval by the SEC, will also become effective.

Highlights of Our 2016 Performance

ICE continued to deliver strong annual operating results as evidenced by the following 2016 performance highlights:

Eleventh consecutive year of record revenue and adjusted earnings, including record financial results each year as a public company;

Record 2016 consolidated revenues less transaction-based expenses of \$4.5 billion and 2016 adjusted diluted earnings per share of \$2.78, up 14% year-over-year¹;

Returned over \$450 million to stockholders through dividends and share repurchases, increased 2017 quarterly dividend by 18% relative to 2016;

Three-year total shareholder return in excess of 30% (based on stock price increase from \$224.92 (\$44.98 adjusted for 5-for-1 stock split) on December 31, 2013 to \$56.42 on December 31, 2016, plus quarterly dividend payments); and

Expanded and strengthened markets served and our range of data and risk management services through organic growth and strategic acquisitions.

Compensation Developments and Highlights

We continue to maintain a well-balanced and performance-based executive compensation program, including:

More than 85% of named executive officer (NEO) targeted compensation delivered through variable, performance-based compensation programs;

In 2017, we introduced a performance-based restricted stock unit that is tied to our three-year TSR performance against the S&P 500 to introduce a longer-term measure in our performance based share awards;

More than 60% of NEO targeted compensation delivered through equity compensation programs;

Annual cash bonus opportunity and performance-based restricted stock units capped at 200% of the established target opportunity;

Mandatory and competitive stock ownership requirements;

A compensation clawback policy;

Anti-hedging and anti-pledging policy requirements;

Edgar Filing: Intercontinental Exchange, Inc. - Form DEF 14A

Change in control protection that requires a double-trigger (i.e., there must be a change in control and the executive's employment is terminated) for payment (including equity awards) to be provided; and

No Internal Revenue Code Section 280G golden parachute excise tax gross-up provisions in employment agreements with our NEOs. In February 2017, annual bonuses for 2016 performance were paid at 100% of target for our NEOs. Additionally, in February 2017, performance achievement for the performance-based restricted stock units

¹ Adjusted EPS is a non-GAAP metric. Please refer to the section titled Non-GAAP Financial Measures in ICE's Annual Report on Form 10-K filed with the SEC on February 7, 2017 for the equivalent GAAP term and reconciliation to the GAAP term.

Table of Contents

granted in January 2016 was calculated at above target levels due to our 2016 EBITDA² growth outperforming our pre-established goals; payouts were adjusted to 111.5% of target as a result for our executives, including our NEOs. ICE had historically used a one-year EBITDA performance measure for the performance-based restricted stock unit plan. Beginning in 2017, we are introducing a performance-based restricted stock unit that is tied to our three-year TSR performance against the S&P 500 to introduce a longer-term measure in our performance based share awards. We will still issue some portion of long-term incentive awards through the traditional one-year EBITDA share awards. Each of these items is discussed in more detail below in *Compensation Matters – Compensation Discussion & Analysis*.

We believe that our mix of cash/non-cash and short-term/long-term incentives provides an appropriate balance between our longer-term business objectives and shorter-term retention and competitive needs. We also believe that providing the majority of our NEOs' compensation in the form of long-term equity awards, when combined with our clawback policy and stock ownership requirements, both of which are described below, has the additional benefit of discouraging employees from taking inappropriate risks.

You should review *Compensation Matters – Compensation Discussion & Analysis* and *Compensation Matters – Executive Compensation* below and the compensation-related tables for a complete understanding of our compensation program, including a detailed review of the philosophy, process, considerations, and analysis involved in the determination of compensation granted or paid to our NEOs in 2016.

² EBITDA is earnings before interest and other non-operating income and expense, taxes, depreciation and amortization, which is a non-GAAP financial measure, and serves as a performance target for ICE. For information on the calculation of EBITDA, please see *Compensation Matters – Compensation Discussion & Analysis – Elements of Compensation* below.

CORPORATE GOVERNANCE

PROPOSAL 1 ELECTION OF DIRECTORS

Board of Directors

Under our current Amended and Restated Certificate of Incorporation and Bylaws, our Board of Directors sets the number of directors who may serve on the Board of Directors through resolutions adopted by a majority of the directors then in office. The size of our Board of Directors is currently set at 11 directors and presently consists of 11 directors. We have nominated all of our current directors for re-election at the Annual Meeting of Stockholders. All of our nominees, if elected, will serve for a one-year term expiring at the next annual meeting of stockholders. Each director will hold office until his or her successor is duly elected and qualified or until the director's earlier resignation or removal.

Each of our directors is elected by majority vote in an uncontested election. A director who fails to receive a majority of the votes cast by stockholders entitled to vote will be required to tender his or her resignation to our Board of Directors. Our Nominating and Corporate Governance Committee will then act on an expedited basis to determine whether to accept the director's resignation and will submit such recommendation for prompt consideration by our Board of Directors. Our Board of Directors expects the director whose resignation is under consideration to abstain from participating in any decision regarding that resignation. Our Board of Directors and our Nominating and Corporate Governance Committee may consider any factors they deem relevant in deciding whether to accept a director's resignation.

Nominees for Election as Directors at the 2017 Annual Meeting

On the recommendation of the Nominating and Corporate Governance Committee, our Board of Directors has nominated the persons named below for election as directors at the Annual Meeting of Stockholders, each to serve for a one-year term expiring at the next annual meeting of stockholders in 2018. All of the nominees currently are members of the Board of Directors. Our Board of Directors, upon the recommendation of our Nominating and Corporate Governance Committee, has determined that each of our non-employee directors is independent in accordance with NYSE listing standards and our Board of Directors Governance Guidelines as described below under *Corporate Governance - Structure and Role of Our Board - Independent Non-Employee Directors*.

Each of the nominees has confirmed that he or she expects to be able to continue to serve as a director until the end of his or her term. If, however, at the time of the Annual Meeting, any of the nominees named below is not available to serve as a director (an event which the Board of Directors does not anticipate), all the proxies granted to vote in favor of such director's election will be voted for the election of such other person or persons, if any, recommended by the Nominating and Corporate Governance Committee and approved by the Board of Directors. Proxies cannot be voted for a greater number of directors than the eleven nominees named in this Proxy Statement. For a discussion of our policy regarding qualification and nomination of director candidates, see *Corporate Governance - Structure and Role of Our Board - Nomination of Directors* below.

Table of Contents

Set forth below are the nominees' names, biographical information, age, summary of qualifications and the year in which each director joined our Board of Directors:

Directors Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF EACH OF THE NOMINEES LISTED ABOVE TO THE BOARD OF DIRECTORS.

Table of Contents**STRUCTURE AND ROLE OF OUR BOARD****Meetings and Committees of the Board of Directors**

The Board of Directors conducts its business through meetings of the full Board of Directors and through meetings of the committees of the Board of Directors, consisting of an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee and a Risk Committee. The current members of the committees are identified in the table below.

Director	Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee	Risk Committee
Ann M. Cairns				
Charles R. Crisp	X	X		
Duriya Farooqui				
Jean-Marc Forneri			X	X
Fred W. Hatfield			X	X(Chair)
Thomas E. Noonan				X
Lord Hague of Richmond		X		X
Frederic V. Salerno			X(Chair)	
Jeffrey C. Sprecher				
Judith A. Sprieser	X(Chair)		X	
Vincent Tese	X	X(Chair)	X	

In 2016, our Board of Directors held ten meetings, the Audit Committee held eight meetings, the Compensation Committee held six meetings, the Nominating and Corporate Governance Committee held four meetings and the Risk Committee held five meetings. In addition, our non-management directors met periodically in executive session without management participation, as required by NYSE listing standards. Mr. Salerno has been appointed by the Board of Directors as the non-management lead independent director presiding at these meetings.

As a matter of Board policy, it is expected that each director will be available to attend substantially all of the meetings of the Board of Directors and any committees on which the director serves. Each director attended at least 75% of the aggregate number of meetings of the Board of Directors and meetings of the committees of which he or she is a member. In fact, eight of our nine directors serving on our Board in 2016 attended 100% of our Board meetings in 2016 and one director missed one meeting. As a matter of policy, it is expected that each director and nominee will attend annual meetings of stockholders. All members of our Board of Directors attended last year's annual meeting.

Each year, the members of the Board of Directors and each Board committee conduct a confidential oral assessment of their performance with a member of our legal department. As part of the evaluation process, the Board reviews its overall composition, including director tenure, board leadership structure, diversity and individual skill sets, to ensure it serves the best interests of stockholders and positions the company for future success. The results of the oral assessments are then summarized and communicated back to the appropriate committee chairpersons and members of the Board of Directors. After the evaluations, the Board and management work to improve upon any issues or focus points disclosed during the evaluation process. We believe that conducting these evaluations through a discussion with our Board members leads to more meaningful results that are more likely to result in changes when compared to conducting evaluations through a written process or completion of a questionnaire. As part of the evaluation process, each committee reviews its charter annually.

Independent Non-Employee Directors

The Intercontinental Exchange, Inc. Board of Directors Governance Guidelines (the Governance Guidelines) were adopted by our Board of Directors. Our Bylaws and Governance Guidelines, which are described below, provide that a majority of our directors must be independent directors and specify independence standards consistent with NYSE listing standards. Assuming the election of the nominees to the Board of Directors, all of our directors holding office, with the exception of Mr. Sprecher, will be independent

directors. Our Board of Directors, upon the recommendation of the Nominating and Corporate Governance Committee, has determined that each non-management director and nominee is independent in accordance with NYSE listing standards, our Bylaws, our Independence Policy of the Board of Directors of Intercontinental Exchange, Inc. (the Independence Policy) and our Governance Guidelines, and does not have any relationship that would interfere with the exercise of independent judgment in carrying out his or her responsibilities as a director.

In making their independence determinations, our Board of Directors and the Nominating and Corporate Governance Committee considered transactions, if any, between each non-employee director and ICE and determined that there are no transactions that give rise to any independence issues.

Requirements for Directors

Our Third Amended and Restated Certificate of Incorporation provides that no person who is subject to any statutory disqualification (as defined in Section 3(a)(39) of the Exchange Act) may be permitted to serve as a director on our Board of Directors.

Nomination of Directors

Our Board of Directors is responsible for approving candidates for board membership and has delegated the screening and recruitment process to the Nominating and Corporate Governance Committee. In furtherance of this process, our Nominating and Corporate Governance Committee and Board of Directors have adopted the Independence Policy and the Nominating and Corporate Governance Committee Charter. The Independence Policy and the Nominating and Corporate Governance Committee Charter do not set specific, minimum qualifications that nominees must meet, but rather specify that each nominee should be evaluated on his or her individual merit taking into account the factors described below.

The Nominating and Corporate Governance Committee seeks to create a Board of Directors that consists of a diverse group of qualified individuals that function effectively as a group. Qualified candidates for director are those who, in the judgment of the Nominating and Corporate Governance Committee, possess strong personal attributes and relevant business experience to assure effective service on our Board of Directors. Personal attributes considered by the Nominating and Corporate Governance Committee when evaluating a board candidate include leadership, integrity, ethics, contributing nature, independence, interpersonal skills and effectiveness. Experience and qualifications considered by the Nominating and Corporate Governance Committee when evaluating a board candidate include financial acumen, general business experience, industry knowledge, diversity of viewpoints, special business experience and expertise in an area relevant to ICE. When the Nominating and Corporate Governance Committee reviews a potential new candidate, the Nominating and Corporate Governance Committee looks specifically at the candidate's qualifications in light of the needs of our Board of Directors and ICE at that time given the then current make-up of our Board of Directors.

Diversity is an important factor in our consideration of potential and incumbent directors. Our Nominating and Corporate Governance Committee considers a number of demographics including, but not limited to, race, gender, ethnicity, culture and nationality in seeking to develop a board that, as a whole, reflects diverse viewpoints, backgrounds, skills, experiences and expertise. The Committee considers the same factors in determining whether to re-nominate an incumbent director. Diversity is also considered as part of the annual Board evaluation.

We believe that ICE benefits from having directors with diverse viewpoints, backgrounds, experiences, skill sets and other demographics. As noted above, one of the factors that the Nominating and Corporate Governance Committee considers in identifying and evaluating a potential nominee is the extent to which the nominee would add to the diversity of our Board, and the Nominating and Corporate Governance Committee assesses the composition of our Board and how a nominee would enhance that diversity. We are actively seeking directors that bring the necessary skill set and additional diversity to our Board of Directors and

Table of Contents

have engaged a third party recruiting firm to assist us in the search for new directors. The Nominating and Corporate Governance Committee uses a variety of methods to identify and evaluate nominees for director. The Nominating and Corporate Governance Committee periodically assesses the appropriate size of the Board of Directors and whether any vacancies on the Board of Directors are expected. In the event that vacancies are anticipated or otherwise arise, the Nominating and Corporate Governance Committee will seek to identify director candidates, subject to the restrictions described below, based on input provided by a number of sources, including: (i) Nominating and Corporate Governance Committee members; (ii) other directors; (iii) management; and (iv) our stockholders. The Nominating and Corporate Governance Committee also has the authority to consult with or retain advisors or search firms to assist in the identification of qualified director candidates and used a search firm over the last year to assist in the Board's desire to increase diversity on the Board of Directors.

Once director candidates have been identified, the Nominating and Corporate Governance Committee will evaluate each candidate in light of his or her qualifications and credentials, and any additional factors that the Nominating and Corporate Governance Committee deems necessary or appropriate, including those set forth above. Qualified prospective candidates will be interviewed by our Chairman and Chief Executive Officer and at least one member of the Nominating and Corporate Governance Committee. The full Board of Directors will be kept informed of the candidate's progress. Using input from such interviews and other information obtained by it, the Nominating and Corporate Governance Committee will evaluate whether a prospective candidate is qualified to serve as a director and, if so qualified, will seek the approval of the full Board of Directors for the nomination of the candidate or the election of such candidate to fill a vacancy on the Board of Directors.

Existing directors who are being considered for re-nomination will be re-evaluated by the Nominating and Corporate Governance Committee based on each director's satisfaction of the qualifications described above and his or her prior performance as a director. All candidates submitted by stockholders will be evaluated in the same manner as candidates recommended from other sources, provided that the procedures set forth below under *Corporate Governance - Structure and Role of Our Board - Stockholder Recommendations for Director Candidates* have been followed.

Additionally, our Board of Directors shall nominate for election or re-election as directors only candidates who agree to tender, promptly following the annual meeting at which they are elected or re-elected as a director, irrevocable resignations that will be effective upon (i) the failure to receive the required vote at the next annual meeting at which they stand for re-election and (ii) acceptance by our Board of Directors of such resignation. Our Board of Directors shall fill director vacancies and newly created directorships only with candidates who agree to tender promptly following their appointment to the Board of Directors the same form of resignation tendered by other directors in accordance with the Governance Guidelines promulgated by our Board of Directors.

All of the current nominees for directors recommended for election by the stockholders at the 2017 Annual Meeting are current members of the Board of Directors. Based on the Nominating and Corporate Governance Committee's evaluation of each nominee's satisfaction of the qualifications described above and their past performance as directors, the Nominating and Corporate Governance Committee has decided to recommend the nominees for re-election and the Board of Directors has approved such recommendation. For the reasons specified in the biography of each director identified above under *Corporate Governance - Proposal 1-Election of Directors - Nominees for Election as Directors at the 2017 Annual Meeting*, our Board has concluded that each director nominee should be re-elected to our Board of Directors. The Nominating and Corporate Governance Committee has not received any nominations from stockholders for the 2017 Annual Meeting.

Board Leadership Structure

Governance Guidelines provide for (i) the role of the Chairman of the Board and Chief Executive Officer to be combined, (ii) a lead independent director and (iii) strong active independent directors. Under our Bylaws, the Chairman of the Board, or our lead independent director if the Chairman is unavailable, presides over meetings of the Board of Directors, presides over meetings of stockholders, consults and advises the Board of Directors and its committees on our business and affairs, and performs such other duties as may be assigned by the Board. The Chairman of the Board, in consultation with the lead independent director, establishes the agenda for Board

Table of Contents

of Director meetings and facilitates constructive and useful communication between management and the Board of Directors. We provide agendas to our lead independent director in advance of meetings and solicit input from the lead independent director regarding topics of discussion and agenda items. Our independent directors have elected Mr. Salerno as the lead independent director for 2017, a position he has held since 2008. As lead independent director, Mr. Salerno presides at all executive sessions of the non-management directors.

Our Chief Executive Officer is in general charge of our business affairs, subject to the overall direction and supervision of the Board of Directors and its committees and subject to such powers as reserved by the Board of Directors. Mr. Sprecher serves as both Chairman of the Board and Chief Executive Officer, and he is the only member of our management team that serves on the Board of Directors. Our Board of Directors believes that this leadership structure – a combined Chairman of the Board and Chief Executive Officer, a lead independent director, active and strong non-employee directors, and committees led and comprised of independent directors – is the most effective structure for us.

Our Board of Directors believes that the Chief Executive Officer is in the best position to most effectively serve as the Chairman of the Board for many reasons as he is closest to many facets of our business, including his frequent contact with our customers, regulators and stockholders. In addition, his direct involvement in the strategic and day-to-day management of our business ensures timely communication with the Board of Directors on critical business matters, which is important given the complexity and global nature of our business. Further, much of our business is conducted through our operating subsidiaries, which are overseen by their own board of directors on which Mr. Sprecher serves. Serving in multiple roles allows Mr. Sprecher to be a primary point of contact for these boards of directors and facilitates effective communication regarding our strategic goals, key issues and topics of importance. The Board of Directors believes this structure has functioned well, produced strong financial and operating results, and effectively balances a highly capable management team with appropriate safeguards and oversight by non-employee directors.

Board Oversight of Risk

Our Board of Directors is responsible for overseeing ICE's risk management process, which includes management of general risks as well as particular risks facing our business. With the assistance of our Audit and Risk Committees, the Board oversees that our assets are properly safeguarded, that appropriate financial and other controls are maintained, and that our business is conducted prudently and in compliance with applicable laws and regulations and our corporate governance guidelines. In this regard, our Board of Directors seeks to understand and oversee critical business risks and does not view the risks facing our business in isolation. While risks are considered in business decision-making and as part of our overall business strategy, the Board of Directors recognizes that it is neither possible nor prudent to eliminate all business risk. Our Board of Directors believes that purposeful and appropriate risk-taking is essential for our business to be competitive on a global basis, to continue to grow and diversify, and to achieve our overall business objectives.

While the Board of Directors oversees ICE's risk management practices, our management team is charged with managing risks. We have adopted internal processes and internal controls to identify and manage operational and financial risks. The Board of Directors, the Audit Committee and the Risk Committee monitor and evaluate the effectiveness of the internal controls and the risk management program and management communicates routinely with the Audit Committee and the Risk Committee on the risks identified and how they are being managed.

Directors may, and often do, communicate directly with senior management on any areas of our business for which they would like additional information.

Board of Directors Governance Guidelines

We have adopted Governance Guidelines that guide the Board of Directors on matters of corporate governance, including:

composition of the Board of Directors;

duties and responsibilities of the Board of Directors;

Table of Contents

committees of the Board of Directors;

leadership, functioning and evaluation of the Board of Directors;

director independence, orientation, compensation, education and access to management;

access to independent advisors by our Board of Directors;

number of public company boards that our directors can serve; and

director compliance with the Global Code of Business Conduct.

The Governance Guidelines also provide that non-management directors meet in executive session without the participation of management at all regularly scheduled meetings of the Board of Directors as deemed necessary and at any other time as necessary to fulfill the Board of Directors' responsibilities. In addition, the Governance Guidelines also state that if all non-management directors are not independent directors, then the independent directors will meet at least once annually. Our Governance Guidelines require that our directors limit their other directorships of public companies to five. Further, our Governance Guidelines require that employee directors tender their resignation from the Board of Directors coincident with their termination, resignation or retirement as employees.

A copy of the Governance Guidelines is available on our website at www.intercontinentalexchange.com. We will provide a printed copy of the Governance Guidelines to stockholders upon request.

The Global Code of Business Conduct also meets the requirements of a code of conduct under NYSE listing standards. The Global Code of Business Conduct, which includes information regarding our hotline for receiving concerns regarding our financial statements or accounting matters, as well as conflicts of interest and code violations, is available on our website at www.intercontinentalexchange.com. We will provide a printed copy of the Global Code of Business Conduct to stockholders upon request.

In addition, we have adopted a Global Personal Trading Policy that applies to all employees and directors, which prohibits, among other things, entering into hedging transactions relating to our stock. Specifically, employees and directors are prohibited from (i) engaging in short sales and buying or selling puts or calls or any derivative securities of our stock and (ii) holding our stock in a margin account or pledging our stock as collateral for a loan.

PROPOSAL 2 ADVISORY RESOLUTION TO APPROVE EXECUTIVE COMPENSATION

In accordance with the requirements of Section 14A of the Exchange Act, we are asking stockholders to approve an advisory resolution on ICE's executive compensation as reported in this Proxy Statement. As this is an advisory vote, the result will not be binding, although our Compensation Committee will consider the outcome of the vote when evaluating the effectiveness of our compensation principles and practices.

We urge stockholders to read *Compensation Matters – Compensation Discussion & Analysis* below, which describes how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation Table and related compensation tables and narrative below which provide detailed information on the compensation of our NEOs. Our Board of Directors and Compensation Committee believe that the policies and procedures articulated in *Compensation Matters – Compensation Discussion & Analysis* are effective in achieving our goals and that the compensation of our NEOs reported in this Proxy Statement has supported and contributed to ICE's success.

We are asking stockholders to approve the following advisory resolution at the 2017 Annual Meeting:

RESOLVED, that the holders of Common Stock approve, on an advisory basis, the compensation of our named executive officers as disclosed in the Proxy Statement pursuant to Item 402 of Regulation S-K, including the *Compensation Discussion & Analysis*, the compensation tables and related disclosure.

Directors' Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE ADVISORY RESOLUTION TO APPROVE EXECUTIVE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

Table of Contents**COMPENSATION DISCUSSION & ANALYSIS****Introduction**

Our Compensation Committee is responsible for designing, administering and implementing our executive compensation programs. The Compensation Committee is composed of three directors and each of the three directors is a non-employee director, as defined in Rule 16b-3 promulgated under the Exchange Act, and an outside director, as defined pursuant to Section 162(m) of the Code. The Compensation Committee determines the type and level of compensation for executive officers (generally defined as Section 16 officers under the Exchange Act, but the Compensation Committee has historically included all corporate officers under this definition), reviews the performance of the Chief Executive Officer, and oversees the administration of ICE's Executive Bonus Plan, ICE's broad-based employee annual bonus plan and all of ICE's equity compensation plans. The Compensation Committee Charter, which is periodically reviewed and revised by the Compensation Committee and the Board of Directors, outlines the specific responsibilities of the Compensation Committee.

In this section, we discuss certain aspects of our compensation program as it relates to our principal executive officer, our principal financial officer, and our three other most highly-compensated executive officers in 2016. These individuals are collectively referred to as our Named Executive Officers or NEOs.

2016 Advisory Vote Results and Stockholder Engagement

At our 2016 Annual Meeting of Stockholders held on May 13, 2016, approximately 97% of stockholders voted to approve the non-binding advisory vote on executive compensation. In addition to seeking stockholder feedback through our say on pay vote, ICE also held in-person meetings or telephonic meetings with approximately 15 of our largest stockholders to obtain their views on our executive compensation programs. The Compensation Committee will continue to review our executive compensation program as well as consider stockholder input and consider the outcome of our say on pay votes when making future compensation decisions for the NEOs.

C ompensation Objectives and Components

Our executive compensation philosophy is to link compensation with individual achievement, company performance, and the creation of stockholder value. This philosophy manifests itself in the following four primary objectives:

attract, retain and reward executive officers capable of achieving our business objectives;

offer competitive compensation opportunities that reward individual contribution and company performance;

align the interests of executive officers and stockholders over the long-term; and

pay total compensation that is commensurate with the performance achieved and value created for stockholders.

Our executive compensation program offers several distinct elements that are consistent with the objectives outlined above, including:

Base salary: A cash base salary enables us to recruit and retain qualified executives by providing regular, stable compensation for their service during the year. We offer base salaries that are competitive with our peers and commensurate with the industry, the experience of the executive and the scope of the role.

Annual bonus: Our cash bonus plan is designed to reward the achievement of our annual performance targets, which align with our strategic business priorities. These targets are based primarily on objective and quantitative components, but also include qualitative components for measuring both corporate and individual achievement relative to objectives.

Equity compensation: We believe in the use of a variety of equity vehicles, including stock options, time-based restricted stock units (RSUs) and performance-based restricted stock units (PSUs) to deliver long-term incentive compensation in a manner that aligns employee interests with the interests of our stockholders, and serves as a retention tool through multi-year vesting schedules. Additionally, we have equity ownership requirements in place for all of our officers (including our NEOs) and directors.

Benefits and perquisites: We offer limited but competitive benefits and perquisites intended to attract and retain qualified executives.

Our Typical Annual Process

As discussed in more detail below, with the help of its independent compensation consultant, the Compensation Committee reviews our executive compensation programs and practices each year. As it relates to 2016, reviews were completed in both 2015 and 2016 that informed decision making for 2016 compensation levels. Generally, as referenced in the relevant sections below, the review completed in 2015 informed decision making regarding target 2016 equity awards granted in January of 2016. The review completed in 2016 then informed decision making regarding salary adjustments in 2016, as well as target 2016 annual incentive opportunities.

Table of Contents

As discussed in more detail below, in 2016, the Compensation Committee:

Approved base salary adjustments for each executive officer, except for Mr. Sprecher.

Did not change target annual bonus opportunities from 2015 levels (other than would mathematically occur as a result of the noted salary changes).

Did not change target long-term incentive awards from 2015 levels.
The next review will be completed in 2017.

Role of Compensation Consultant

The Compensation Committee has engaged a compensation consulting firm to serve as its compensation advisor since the founding of ICE in 2000. During 2016, the Compensation Committee retained Compensation Advisory Partners, which has served the Compensation Committee since 2011, to advise on executive compensation matters. The information provided by Compensation Advisory Partners in 2016 included: competitive salary, bonus and equity data for certain positions within ICE and benchmarking analysis against our peers. In addition, Compensation Advisory Partners helped analyze our bonus and equity award programs, provided advice regarding the selection of our peer group, provided updates to the Compensation Committee on trends and regulatory developments, analyzed director compensation and assisted in the review of our compensation plans to determine if the arrangements incented inappropriate risk taking.

The NEOs have not participated in the selection of Compensation Advisory Partners or any other compensation consultant in connection with advice regarding executive and director compensation matters. A representative from our compensation consultant attends most Compensation Committee meetings and is available between meetings as a resource for the Compensation Committee and management. The Compensation Committee determines in its sole discretion which compensation consultant to retain for various services, and the consultant reports directly to the Compensation Committee. Use of a particular consulting firm by the Compensation Committee does not preclude management from hiring the same consulting firm. In 2016, Compensation Advisory Partners did not provide any other services to ICE. In compliance with the SEC and NYSE requirements regarding the independence of compensation consultants, Compensation Advisory Partners provided the Compensation Committee with a letter addressing each of the six independence factors. Their responses affirm the independence of the firm and its partners, consultants, and employees who service the Compensation Committee on executive compensation matters and governance issues.

Compensation Peer Group

The Compensation Committee utilizes a peer group to assess ICE's executive compensation program. ICE's peer group includes comparable financial exchanges, financial services providers, technology companies and related companies based on metrics such as revenue and market capitalization. The peer group is reviewed annually by the Compensation Committee, with assistance and recommendations from its compensation consultant, and adjustments are made as necessary. The Compensation Committee reviews annually the executive pay practices of these peer companies as reported in industry surveys, public filings and reports from compensation consulting firms. This information is considered when making recommendations for ICE's compensation programs and practices.

The 2016 peer group was substantially similar to the 2015 peer group, with the following two changes:

CBOE Holdings, Inc. was removed from the peer group due to its substantially smaller size in comparison to the Company; and

Thomson Reuters was added to the peer group as ICE continues to expand and evolve its data services offerings.

The 2016 peer group was comprised of the following companies:

Compensation Practices

For each NEO, the Compensation Committee reviews an analysis of individual compensation levels prepared by its compensation consultant that reports compensation paid to the NEO and compares base salary, total cash compensation (base salary plus annual bonus) and total direct compensation (total cash compensation plus equity compensation) against relevant market data, including peer group data. The results of the comparisons prepared in 2016 are detailed below.

For Mr. Sprecher, our Chief Executive Officer, the Compensation Committee determines individual performance and conducts an annual review of his salary, bonuses and equity awards. For other NEOs, Mr. Sprecher provides input to the Compensation Committee regarding his views on the performance of these other officers during the Compensation Committee's annual review of salary, bonuses and equity awards.

In addition to examining market data on individual positions, the Compensation Committee also focuses on the total cost of management, which is an aggregation of total direct annual compensation for the NEOs, excluding any special one-time awards. Based on the Compensation Advisory Partners analysis prepared in 2016, our total cost of management is between median and the 75th percentile of the peer group. Our revenue, earnings per share and EBITDA performance was in the top quartile relative to our peer group which demonstrates our alignment of executive compensation with company performance.

We do not maintain formal targets for the allocation of total compensation through each compensation element outlined above. We do strive to maintain a low fixed-cost compensation structure (i.e., base salary, benefits and perquisites) and to deliver the majority of value through variable pay elements (i.e., annual bonus and equity-based performance awards). We have maintained this pay for performance orientation since our founding and believe it is an important element of our entrepreneurial culture.

Table of Contents

The average mix of targeted compensation for our NEOs in 2016 is illustrated by the following chart:

**Mix of 2016 Targeted
Compensation for NEOs**

Based on a review by Compensation Advisory Partners, our mix of compensation continues to emphasize variable incentive compensation, rather than fixed compensation. This focus on variable incentive compensation is consistent with the Compensation Committee's emphasis on performance-based awards for officers and our compensation philosophy.

We believe that our mix of cash/non-cash and short-term/long-term incentives provides an appropriate balance between our longer-term business objectives and shorter-term retention and competitive needs. We also believe that providing the majority of our NEOs' compensation in the form of long-term incentive awards, when combined with our clawback policy and stock ownership requirements, each discussed below, has the additional benefit of discouraging employees from taking inappropriate risks.

Risk Assessment with Respect to Compensation

The Compensation Committee, with the assistance of its compensation consultant and management, has completed a review of compensation policies and programs, including those not applicable to NEOs, and does not believe there are circumstances where the risks arising from these policies or programs are reasonably likely to have a material adverse effect on ICE. The review examined the balance of fixed and variable elements of compensation, mix of cash and non-cash components and focus on both annual and longer-term operational and financial performance alignment with stockholder interests. Moreover, we designed into our compensation program certain structural features that align our NEOs' financial incentives with those of our stockholders and mitigate inappropriate risk-taking by our executives, including our NEOs, such as a clawback policy, stock ownership requirements, and a total compensation mix weighted in favor of long-term, equity-based awards. The Compensation Committee continues to monitor the risk exposure of our compensation policies and programs.

Elements of Compensation

The Compensation Committee considers each NEO's total compensation package when making changes to the individual elements that comprise the NEOs' compensation. For example, if the Compensation Committee makes a change to an officer's base salary, the Compensation Committee reviews the change in light of the other elements of compensation, including the annual bonus and annual equity award.

Base Salary

We have historically targeted a base salary for each NEO that is between the median and 75th percentile of the market relative to our peer group depending on the NEO's experience in his or her respective position, individual performance, impact on the organization and retention concerns. With the assistance of Compensation

Table of Contents

Advisory Partners, the Compensation Committee reviewed NEO base salary levels in 2016 and found the competitive positioning relative to peers as detailed in the below table. After reviewing the information and in consultation with Compensation Advisory Partners, the Compensation Committee determined that the following salary adjustments would be made in 2016, and that no salary adjustment would be made for Mr. Sprecher.

Name and Position	Base Salary Positioning Relative to Peer Group	Annual Salary as of June 1, 2015	Annual Salary as of June 1, 2016

In making 2016 compensation decisions, the Compensation Committee considered these base salary findings in connection with the findings of total cash and total direct compensation competitiveness noted below. Please see below for a discussion of the individual contributions and company achievements considered in making these decisions.

Annual Bonus

Our annual bonuses are structured to deliver total cash compensation that is competitive with our peers for commensurate performance, and we typically target a range between the median and 75th percentile of the market depending on the officer's experience in his or her respective position, impact on the organization and corporate and individual performance, although the Compensation Committee retains discretion to award greater or lesser amounts. NEOs participate in our stockholder approved Executive Bonus Plan and target annual bonus and total cash compensation opportunities are reviewed each year. With the assistance of Compensation Advisory Partners, the Compensation Committee reviewed NEO total cash compensation opportunities in 2016 and found the competitive positioning relative to peers as detailed in the below table. After reviewing the information and in consultation with Compensation Advisory Partners, the Compensation Committee determined that no NEO bonus target adjustments would be made in 2016.

* Target Total Cash equals base salary plus target annual bonus.

Actual bonuses paid in any year may range from no payments to bonus payments above the established target level based on company and individual performance. However, executive officers may not receive a bonus that exceeds 200% of the established target level. Further, any potential payments are limited according to the terms of the Executive Bonus Plan.

At the beginning of each year, the Compensation Committee, and as it relates to financial and strategic metrics, the Board of Directors, approves company and individual goals for the year. From these goals, management business objectives, or MBOs, are established that serve as the performance measures for that year's annual bonus plan. These well-defined company and individual MBOs primarily are made up of financial objectives (90%) and non-financial objectives (10%). For purposes of 2016 annual bonuses, the financial measures included revenue performance and net income performance. The Compensation Committee and management believe that revenue is the right measure for annual performance given our focus on growth. Net income, which is weighted more heavily, was chosen as it is tied to our overall profitability. Our target goals for revenue and net income represented a 39% and 25% increase respectively over 2015 actual results which we believe were achievable but stretch goals. The non-financial performance measures included items such as product launches, integration of acquisitions, key technology initiatives, and leadership development.

At the end of each year, the Compensation Committee evaluates the Executive Bonus Plan funding (which is equal to 3% of EBITDA) and awards annual bonus payments to the NEOs, relative to the target payments for the NEOs based on the achievement of the above noted, pre-established MBOs (covering both company and individual performance). The Compensation Committee also determines the overall bonus pool available for our broad-based employee annual bonus plan, based on the same MBO achievement criteria. This performance review necessarily involves a subjective assessment of corporate and individual performance by the Compensation Committee as it relates to non-financial performance. The Compensation Committee believes that it is appropriate to use some subjective assessments (within the context of the objective funding formula and maximum bonus amounts) as part of the annual bonus determination in light of ICE's growth, its rapidly evolving industry, the existence of few direct peer companies and the challenges inherent in establishing objective and strictly budget-based goals in a dynamic environment. The Compensation Committee reviews ICE's performance relative to the MBOs and also monitors the bonus accruals throughout the fiscal year. The Compensation Committee strives to set the performance targets for the annual bonus plan at levels that are challenging but achievable, and incorporates a significant degree of stretch to encourage and reward outstanding corporate performance. The payouts are leveraged to provide higher payments in years of exceptional performance and lower payments in years where performance is below the target level. The Compensation Committee believes the 2016 goals were properly challenging given the economic and competitive conditions facing ICE.

In December 2016 and February 2017, the Compensation Committee reviewed ICE's performance against the pre-established MBOs and the separate aggregate cap in the Executive Bonus Plan for 2016 and authorized payments for the NEOs noted in the table below by applying the framework discussed above. While reviewing ICE's performance, the Compensation Committee examined the following 2016 financial goals for purposes of determining annual bonus awards:

Financial Metric	2016 Goal	2016 Actual*	2016 Actual Compared to 2016 Goal
Consolidated Revenues (weighted 30%)	\$4,516 Million	\$4,499 Million	99.6%
Consolidated Net Income Attributable to ICE (weighted 60%)	\$1,644 Million	\$1,665 Million	101.3%

* The 2016 actual consolidated net income attributable to ICE is equal to the adjusted consolidated net income attributable to ICE included in ICE's most recent Annual Report on Form 10-K for the year ended December 31, 2016, as filed with the SEC on February 7, 2017. The above weighted financial performance achievement, which accounts for 90% of the overall bonus determination, yields an achievement of approximately 100% of the 2016 financial goals.

Table of Contents

In addition to financial performance, the Compensation Committee considered the 2016 non-financial performance relative to MBOs, including the following individual contributions:

Mr. Sprecher: leadership on continued development of data services business, including the development of new data services management team; continued strategic foresight and market leadership; significant work with global regulators, lawmakers and investors; and his assessment of human capital management.

Mr. Hill: leadership in budgeting, forecasting and scenario planning processes, as well as risk assessments; significant progress in delivering synergies related to prior acquisitions; leadership on enterprise risk management framework; significant work with institutional investors, rating agencies and analysts; and leadership and coordination of our clearing houses.

Mr. Vice: leadership in strategic requirements under global financial reform; system reliability, performance and scale enhancements across all of ICE's technology platforms; launch of NYSE's integrated trading technology platform in Arca equities; leadership on enterprise risk management framework; significant progress in delivering synergies related to prior acquisitions; and continued leadership in the identification and mitigation of key risks and uncertainties related to projects and daily operations.

Mr. Goone: ICE Benchmark Administration's continued development and growth; and oversight and board leadership for key investments (e.g., Cetip, DTCC and OCC).

Mr. Farley: development of NYSE leadership team; launch of NYSE's integrated trading technology platform in Arca equities; continued equity market and listings leadership; and significant progress in driving improved business results and efficiencies within NYSE.

Based on these factors and accomplishments, the Compensation Committee determined that management met their non-financial MBOs for 2016 and scored non-financial performance, which accounts for 10% of the overall bonus determination, at target.

Based on the performance and considerations described above, the following annual bonus awards for fiscal year 2016 were approved by the Compensation Committee:

Name and Position	2016 Annual Bonus
Jeffrey C. Sprecher	\$ 2,625,000
Chairman and Chief Executive Officer	(100% of target)
Scott A. Hill	\$ 1,268,750

Charles A. Vice	\$ 1,550,000
President and Chief Operating Officer	(100% of target)
David S. Goone	\$ 1,181,250
Chief Strategy Officer	(100% of target)
Thomas W. Farley	\$ 1,181,250
President, NYSE Group	(100% of target)

All annual bonus awards for the NEOs were paid in cash during February 2017, and are included in the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table.

For purposes of the 2017 Annual Incentive Plan, the Company will utilize the same financial measures and weightings as used in 2016. With regard to specific performance goals for 2017, we note that because the Company does not provide detailed revenue or earnings guidance, the specific 2017 financial goals are not detailed in this filing. We will publish the 2017 targets and the corresponding 2017 achievement in our 2018 Proxy Statement filing. Please refer to the Investors section of our website (www.intercontinentalexchange.com) for publicly available information related to our financial performance.

Table of Contents**Equity Compensation**

The Compensation Committee believes that equity awards are an effective vehicle to align the interests of executive officers with those of our stockholders, serve as a retention tool through multi-year vesting schedules and discourage employees from taking inappropriate business risks. ICE is sensitive to the concerns of its stockholders regarding the potential dilutive impact of equity awards, and also takes into account the relevant accounting and tax impact of all potential forms of equity awards in designing its grants. The value of the equity awards granted to our NEOs is designed to target total direct compensation between the median and 75th percentile of ICE's peer group, though actual awards may vary based on individual performance, internal pay equity considerations and retention objectives, as determined in the Compensation Committee's discretion.

We established the January 2016 equity award levels, with the assistance of Compensation Advisory Partners, based on 2015 performance as well as the competitive positioning relative to peers. In determining the award levels detailed below, the Compensation Committee considered the overall mix of variable compensation delivered through cash and equity, the critical need for executive retention and the competitive positioning relative to peers when considering each individual's experience and each individual's continued level of leadership. The resulting positioning of compensation relative to peers based on a 2015 review conducted by Compensation Advisory Partners is included in the table below.

* Equity grants for our NEOs in 2016 were made under our 2013 Omnibus Employee Incentive Plan.

When determining vehicles to use for the annual equity award, the Committee seeks to maintain a focus on both growth and financial performance. As a result the Committee used stock options to account for 25% of the 2016 target award value and PSUs to account for 75% of the 2016 award value for our NEOs.

We chose stock options as a means of linking a portion of the long-term incentive awards for our most senior executives directly to our Company's stock price growth and performance. The Committee believes the use of stock options is appropriate given the Company's continued positioning as a growth company.

We chose PSUs as a means of rewarding senior executives for delivering on pre-established financial performance goals. The PSUs were subject to ICE's 2016 EBITDA performance as well as a stock market condition that could have reduced the number of shares that were earned above

Edgar Filing: Intercontinental Exchange, Inc. - Form DEF 14A

target based on ICE's 2016 total shareholder return, or TSR, performance as compared to the S&P 500 index. In the event ICE outperformed the EBITDA target for this award, the stock market condition would have reduced the number of shares earned above target by 10% if the TSR on ICE's Common Stock during 2016 was below the S&P 500 index by 10% or less and reduced such shares by 20% if the TSR on ICE's Common Stock during 2016 was below the S&P 500 index by more than 10%. The number of shares that could have been earned under PSU awards ranged from zero for performance below the threshold performance target, 50% of the target award for performance at the threshold (85% of the EBITDA goal), 100% of the target award for performance at the target and 200% of the target award for performance at the maximum (113% of the EBITDA goal) performance level.

Table of Contents

For purposes of the 2016 PSU award (granted in January 2016), the Committee considered a number of items when establishing (i) the performance measure, and (ii) the performance period utilized, including the fact that the Company closed the acquisition of both Trayport and Interactive Data Corporation in December 2015. The Committee determined that EBITDA was the most appropriate performance measure for a number of reasons, including the Committee's assessment that EBITDA is a very strong indicator of Company performance and shareholder value, and is the most prominent measure evaluated when determining the financial impact of actual and potential acquisitions. The Committee determined that a one-year performance period was appropriate again in 2016, instead of a longer period, because of the Company's continued growth trajectory due, in part, to our acquisitive nature. The Committee determined that as a growth company that is continually developing new products and services and entering new markets, the one-year measure provides the Committee the opportunity to reset targeted EBITDA performance each year to account for the impact and financial expectations of new products, services, markets and acquisitions. This was especially true for the 2016 awards given the above-mentioned acquisitions, which closed in December 2015. Because EBITDA has been utilized as a consistent measure for these types of awards, the Committee has the opportunity to ensure the year-over-year targets have a sufficient degree of stretch.

Consistent with the Company's 2016 proxy filing regarding the re-evaluation of our use of a one-year performance measure, please note that the Company instituted a change in award structure with the 2017 equity award (granted in January 2017). The process and changes, including the introduction of a three-year TSR concept, are discussed further below in the *2017 Equity Award* section.

For the 2016 award, both the stock option and PSU awards vest over the three years following grant, subject to continued employment, which provides for continued retention as well as a link to shareholder return.

The following equity awards were made to the NEOs on January 14, 2016:

Name and Position	Stock Options	PSUs at Target Performance
Jeffrey C. Sprecher	177,160	104,970
Chairman and Chief Executive Officer		
Scott A. Hill	75,925	44,985
Chief Financial Officer		
Charles A. Vice	113,885	67,480
President and Chief Operating Officer		
David S. Goone	63,270	37,485
Chief Strategy Officer		
Thomas W. Farley	58,210	34,490
President, NYSE Group		

The stock options were granted on January 14, 2016 and have a strike price of \$50.01, which was the closing price of our Common Stock on the grant date.

In connection with the PSUs granted in January 2016, at a meeting in early February 2017, the Compensation Committee determined that ICE's EBITDA for 2016 was 101.5% of target, as illustrated below.

Financial Metric	2016 Goal	2016 Actual*	2016 Actual Compared to 2016 Goal
Consolidated EBITDA	\$2,786 Million	\$2,827 Million	101.5%

Edgar Filing: Intercontinental Exchange, Inc. - Form DEF 14A

- * The 2016 actual consolidated EBITDA is equal to earnings before interest, taxes, depreciation, and amortization adjusted for the non-GAAP measures described in ICE's Annual Report on Form 10-K for the fiscal year ended December 31, 2016, as filed with the Securities and Exchange Commission on February 7, 2017.

Table of Contents

Pursuant to the terms of the awards, certain costs attributable to merger and acquisition activity were excluded based on the rationale that ICE does not want to discourage future acquisition attempts when opportunities arise. Because ICE's 2016 EBITDA performance was above target, ICE's 2016 TSR was evaluated relative to that of the S&P 500. Calculated pursuant to the terms of the award, the Company's 2016 TSR of 17% was found to exceed that of the S&P 500 at 11%. The impact of the above target EBITDA performance resulted in individual awards at 111.5% of the target level. The first tranche (1/3) of shares earned pursuant to PSUs granted on January 14, 2016 vested on February 16, 2017. Based on continued employment, the second tranche (1/3) of shares earned is scheduled to vest in February 2018 and the final tranche (1/3) of shares earned is scheduled to vest in February 2019.

The following table illustrates the January 14, 2016 PSUs earned based on 2016 performance:

Name and Position	PSUs at Target Performance	PSUs at Actual Performance (111.5% of Target Shares)

Equity awards for all officers are normally approved at a scheduled Compensation Committee meeting. ICE management is not authorized to approve equity awards for officer-level employees, and does not have the discretion or authority to govern the timing of equity awards. In 2016, no equity awards for officers were approved outside of a Compensation Committee meeting. ICE uses the closing price of its Common Stock on the NYSE on the grant date for purposes of establishing the strike price of stock options and for accounting purposes of other equity awards. ICE has not issued stock options with an exercise price below the fair market value of its Common Stock on the grant date.

2017 Equity Award Structure

During 2016, in connection with re-examining the Company's overall compensation program in light of the December 2015 acquisitions of Trayport and Interactive Data Corporation, the Compensation Committee specifically re-evaluated the Company's approach to long-term incentive awards. The Compensation Committee considered all aspects of the long-term incentive award program, including equity vehicles used, performance periods, and vesting schedules. In examining the topic, the Compensation Committee worked closely with its independent consultant, reviewed feedback received from shareholder advisory firms, reviewed practices at similarly situated companies (including the peer companies noted above), considered the amount of change appropriate in a given year, and specifically discussed the topic with many large shareholders.

For purposes of the January 2017 equity award, the Compensation Committee ultimately concluded that while the overall existing program was sound, several modifications were appropriate. As illustrated in the table below, the modifications implemented with the January 2017 equity award include:

Edgar Filing: Intercontinental Exchange, Inc. - Form DEF 14A

Updating stock option vesting schedules to 33% per year, over three years.

Introduction of a new PSU award design, in addition to the design currently utilized. The number of shares ultimately earned under this new award type will vary based on the Company's cumulative TSR performance over the three-year period from 2017-2019 relative to that of the S&P 500. These awards will cliff vest in February 2020.

With regard to the specific performance goals for purposes of the 2017 PSU based on one-year EBITDA, we note that because the Company does not provide detailed revenue or earnings guidance, the specific 2017 EBITDA goal is not detailed in this filing. With regard to the 2017 PSUs based on three-year TSR, the performance goals consist of a threshold goal (at which 50% of the target award will be earned) of three-year TSR performance at the 25th percentile relative to that of the S&P 500, a target goal (at which 100% of the target award will be earned) of performance at the 50th percentile and a maximum goal (at which 200% of the target award will be earned) of performance at the 75th percentile. Please refer to the Investors section of our website (www.intercontinentalexchange.com) for publicly available information related to our financial performance. As we have done in this filing with respect to the 2016 award, we will publish the 2017 EBITDA target for our 2017 PSU awards based on one-year EBITDA and the corresponding 2017 achievement in our 2018 Proxy Statement filing.

Benefits and Perquisites

ICE provides medical insurance, life and disability insurance and other benefits to executives that are generally available to other employees. For its U.S. executive officers, ICE provides an enhanced term life insurance benefit (calculated at five times salary less \$100,000) and a supplemental disability insurance benefit that is designed to approximate the total benefit level (60% of eligible compensation) that cannot be provided pursuant to the limits in our group disability plans (\$10,000 per month). Our contributions to these benefits programs are included in the 2016 All Other Compensation section of the Summary Compensation Table below.

Our Compensation Committee has approved a Corporate Aircraft Policy which, among other things, includes the authorization of up to \$75,000 of incremental cost per year to ICE for personal use of company-owned or leased aircraft by each of Mr. Sprecher and Mr. Vice. In 2016, Mr. Sprecher did not have any unreimbursed personal use of company-owned aircraft and Mr. Vice had \$28,563 of unreimbursed cost for personal use of company-owned aircraft, which is reported in the 2016 Summary Compensation Table and the 2016 All Other Compensation table. In addition in 2016, the Compensation Committee approved the payment of \$125,000 to the Federal Trade Commission on behalf of Mr. Sprecher in connection with filing fees for Hart-Scott-Rodino Antitrust Improvements Act of 1976 (HSR) filings. These filings and the

Edgar Filing: Intercontinental Exchange, Inc. - Form DEF 14A

corresponding filing fees were required in part due to Mr. Sprecher's participation in ICE's equity compensation programs. Mr. Sprecher is responsible for taxes due as a result of ICE paying the filing fees and he was not provided a tax gross-up payment. This \$125,000 appears in the 2016 Summary Compensation Table and 2016 All Other Compensation table.

Table of Contents

There were no other perquisites provided to any of our executive officers in 2016 that would require disclosure in the Summary Compensation Table.

Retirement Plans

We provide retirement benefits to U.S. corporate officers through a 401(k) retirement plan on the same terms and conditions as those offered to all ICE employees. Generally, in 2016, we provided an immediately vested matching contribution of 100% of the first 6% of employee deferrals of eligible compensation, subject to Internal Revenue Service limits (\$265,000 per individual in 2016). We do not offer an active defined benefit pension plan or any other form of active supplemental executive retirement plan.

Clawback Policy

We have adopted a compensation recoupment, or "clawback" policy, to permit ICE to seek recovery of performance-based incentive awards in the event of certain financial statement restatements. The clawback policy states:

Effective December 9, 2010, it is ICE's policy that if ICE's financial statements are required to be restated due to intentional misconduct and/or fraud, the Compensation Committee will, when deemed appropriate in its discretion, direct that ICE seek to recover all or a portion of any affected award made to officers who have engaged in the intentional misconduct and/or fraud that caused the need for the restatement with respect to any fiscal period of ICE. An "affected award" includes any cash or equity-based bonus or incentive compensation payment awarded or given to the employee after the effective date of this policy, and the net proceeds of any stock options exercised after the effective date of this policy, that were advantaged by the filing of the financial statements that were required to be restated.

The amount to be recovered from such individual shall be the estimated amount up to which the affected award exceeded the amount that would have been paid to (or received by) the employee had ICE's financial statements been properly stated. The Compensation Committee has the authority to determine an appropriate recovery amount, if any, under the circumstances, and whether to initiate or continue pursuing a recovery, based upon factors consistent with the Compensation Committee's exercise of its fiduciary duties and the Compensation Committee's good faith reliance upon information, opinions or advice from professional advisors, consultants or experts.

When the clawback provision under the Dodd-Frank Wall Street Reform and Consumer Protection Act is finalized and adopted, we will update our policy, as necessary.

Termination of Employment and Change of Control Payments

We have entered into employment agreements with each of our NEOs that provide benefits upon certain employment terminations, including certain terminations in connection with a "Change in Control" of ICE. The terms of these employment agreements are discussed in more detail in the narrative following the *2016 Summary Compensation Table* below. The Compensation Committee believes that employment agreements with termination and certain Change in Control protections are appropriate and necessary to attract and retain executive level talent and to mitigate uncertainty and distraction of our management team in the event that the employment of any of our NEOs terminates. The Compensation Committee intends that the terms of NEO employment agreements be consistent with market practice, as adjusted for our business considerations, and periodically reviews the terms of our NEOs' employment agreements compared to market practice. The employment agreements with our NEOs do not include any Code Section 280G "golden parachute" excise tax gross-up provisions.

The Change in Control protections for NEOs require a "double-trigger" (i.e., two events must occur before any severance payment is made: there must be a Change in Control and the executive officer's employment must be involuntarily terminated) before a payment is provided. The Compensation Committee opted for a "double-

Table of Contents

trigger, rather than providing for payments solely on the basis of a Change in Control, because the Compensation Committee believes this to be more consistent with the purpose of encouraging the continued employment of our NEOs following a Change in Control and with market practice. Furthermore, the Change in Control provisions provide significant retention value with respect to our NEOs.

Stock Ownership Policy, Retention Recommendations and Global Personal Trading Policy

Stock Ownership Policy

The Compensation Committee believes that it is in the best interests of stockholders for ICE’s executives and directors to own a significant amount of ICE Common Stock. Moreover, a meaningful direct ownership stake by our executives and directors demonstrates to our other investors and stockholders a strong alignment of interests and commitment to ICE’s success, and also provides a structural mechanism to discourage our executives from taking inappropriate business risks. Accordingly, ICE’s Stock Ownership Policy is applicable to all ICE officers (including all of the NEOs) and directors, and requires the following level of ownership (expressed as a multiple of base salary for executives and a multiple of annual cash retainer for directors):

Position	Ownership Multiple	Average Stock
Chief Executive Officer	Policy Requirement 10 times base salary	Ownership Multiple * 297 times (Sprecher)
President	4 times base salary	35 times (Vice)
C-Level Executives and Senior Vice Presidents	2 times base salary	18 times (Hill/Goone/Farley)
Vice Presidents and any other corporate officers	1 times base salary	All in compliance
Members of the Board of Directors of ICE	5 times annual cash retainer	All in compliance

* As defined in the Stock Ownership Policy and summarized below as of the record date. New officers and directors have five and three years, respectively, to comply with ownership requirements.

In establishing the ownership multiple, the Compensation Committee considered information about ownership multiples at its peer companies and recommendations from third-party groups such as Institutional Shareholder Services (or ISS) and its external compensation consultant.

Ownership, for purposes of this Stock Ownership Policy, includes: (i) shares of ICE Common Stock that are owned outright (including those held by a spouse or dependent children), (ii) vested in-the-money stock options and (iii) unvested restricted stock, RSUs and any deferred vested RSUs that are not subject to any performance-based vesting metric. All unvested stock options, underwater stock options and unearned performance-based equity awards do not count towards the ownership targets. A newly appointed corporate officer will have five years from his or her date of hire or appointment as an officer to comply with this Stock Ownership Policy and a new director will have three years from his or her date of joining the Board of Directors to comply with this Stock Ownership Policy. The Compensation Committee will monitor the ownership levels of its executives and directors during this transition period.

The Compensation Committee monitors the stock ownership levels of our officers and directors on at least an annual basis. In the event of a corporate officer or director’s noncompliance with ICE’s stock ownership policy, the Compensation Committee will review the facts and circumstances regarding the noncompliance and will use its discretion in determining the appropriate corrective actions and/or penalties. Such corrective actions and penalties include, but are not limited to, instructing the officer or director to buy shares of our Common Stock in the open market to comply with the Stock Ownership Policy, reducing or eliminating future equity grants to the officer or director until they comply with the Stock Ownership Policy or issuing a warning to the officer or director. To date, there have been no instances of noncompliance with the Stock Ownership Policy.

Table of Contents

Retention Recommendations

To facilitate meeting the minimum holding requirements as specified in this Stock Ownership Policy in a timely fashion, the Compensation Committee recommends that all corporate officers and directors retain a minimum of 50% of the net value of shares obtained pursuant to each stock option exercise and the vesting of restricted stock for all future grants of stock options or restricted stock until such corporate officer or director has satisfied the minimum stock ownership targets for his or her position. Further, the Compensation Committee recommends that a minimum of 50% of the net value of each stock option exercise and vesting of restricted stock for grants awarded to the Chief Executive Officer after 2012 should be retained for three years beyond the applicable exercise or vesting date.

Global Personal Trading Policy

Our Global Personal Trading Policy prohibits employees and directors from entering into hedging transactions in our securities, as well as pledging our securities.

Policy on Deductibility of Compensation

Section 162(m) of the Code generally provides that publicly held companies may not deduct compensation paid to certain of its top executive officers to the extent that such compensation exceeds \$1 million per officer in a calendar year. Compensation that is performance-based compensation within the meaning of the Code does not count toward the \$1 million limit. Performance-based compensation paid under a plan that has been approved by ICE's stockholders is excluded from the \$1 million limit if, among other requirements, the compensation is payable only upon attainment of pre-established, objective performance goals and the Compensation Committee of the Board of Directors that establishes such goals consists only of outside directors (as defined for purposes of Section 162(m)).

Our policy is to strive to maximize the deductibility of executive compensation so long as the deductibility is compatible with the more important objectives of retaining executives and maintaining competitive performance-based compensation that is aligned with strategic business objectives, and accordingly the Compensation Committee retains discretion to award compensation that exceeds deductibility limitations if it deems appropriate in the circumstances. To effect this policy, we currently maintain two primary incentive plans (the 2013 Omnibus Employee Incentive Plan and the Executive Bonus Plan, which were approved by stockholders in 2013 and 2009, respectively) used for awards to our NEOs and designed to be compliant with Section 162(m)'s requirements for deductibility in order to preserve ICE's ability to provide compensation that is performance-based within the meaning of the Code and therefore preserve ICE's ability to maximize the deductibility of executive compensation.

The 2017 Omnibus Employee Incentive Plan, which is submitted for stockholder approval in this Proxy Statement and described further in Proposal 4 below, is also designed to permit the grant of compensation that is deductible under Section 162(m).

- (1) The amounts in this column represent the aggregate grant date fair value of all restricted stock unit grants in 2016, calculated in accordance with FASB Accounting Standards Codification 718, or ASC Topic 718 on the grant date, which is equal to our closing price on the grant date times the number of performance-based restricted stock units projected to be earned based on the probable outcome of the EBITDA performance condition, less a reduction on performance-based award fair value based on the probability that the TSR market condition is not achieved. Amounts shown are for performance-based restricted stock unit awards that were granted in January 2016, January 2015, and February 2014. A one-time merger-related restricted stock unit award to Mr. Goone in 2014 is also reflected in this column. Additional information regarding the 2016 grants is described under *Equity Compensation* in the Compensation Discussion & Analysis, footnote 2 of the 2016 Grants of Plan-Based Awards Table and Note 10 to our Consolidated Financial Statements for 2016 (filed with our Annual Report on Form 10-K). If the maximum level of performance were achieved for 2016, the reported amounts would equal \$10,289,069, \$4,409,388, \$6,614,345, \$3,674,197 and \$3,380,665 for each of Messrs. Sprecher, Hill, Vice, Goone and Farley, respectively.
- (2) The amounts in this column represent the aggregate grant date fair value of all stock option grants in the calendar year. Additional details of the 2016 stock option awards are included in the *Equity Compensation* section of the Compensation Discussion & Analysis and footnote 1 of the 2016 Grants of Plan-Based Awards Table. These values were calculated in accordance with ASC Topic 718 on the date of grant using the following assumptions: risk-free interest rate 1.51%; expected life five years; expected volatility 24%; and expected dividend yield 1.36%, as further described in Note 10 to our Consolidated Financial Statements for 2016 (filed with our Annual Report on Form 10-K). The values for the January 2015 grants were calculated using the following assumptions: risk-free interest rate 1.08%; expected life five years; expected volatility 24%; and expected dividend yield 1.25%. The values for January 2014 grants were calculated using the following assumptions: risk-free interest rate 1.23%; expected life five years; expected volatility 27%; and expected dividend yield 1.26%.
- (3) The amounts in this column represent fiscal year 2014 through 2016 cash bonus awards that were paid in February of the following calendar year. For 2016, during February 2017 the NEOs were paid the amounts reported in the 2016 row of the Non-Equity Incentive Plan Compensation column under the Executive Bonus Plan.

- (4) The amounts in this column represent the items in the 2016 All Other Compensation Table below. Dividend equivalents are earned on unvested equity awards and are paid after the equity awards vest. For 2016, this table excludes dividend equivalents paid as those amounts are factored into the grant date fair value required to be reported for stock awards in the Summary Compensation Table.

Table of Contents**2016 All Other Compensation**

The following table provides details regarding the perquisites received by each of the NEOs, as well as the other elements of compensation listed in the All Other Compensation column of the Summary Compensation Table, for the fiscal year ended December 31, 2016.

Name	401(k) Matching Contributions \$(1)	Life Insurance Premiums \$(2)	Disability Insurance Premiums \$(3)	Other Amounts \$(4)	Total(\$)
Jeffrey C. Sprecher	15,900	11,120	8,858	125,000	160,878
Scott A. Hill	15,900	1,632	7,944		25,476
Charles A. Vice	15,900	2,525	6,178	28,563	53,166
David S. Goone	15,900	3,150	9,177		28,227
Thomas W. Farley	15,900	741	5,423		22,064

- (1) The amounts in this column for Messrs. Sprecher, Hill, Vice, Goone and Farley represent fiscal year 2016 matching contributions under our 401(k) and Profit Sharing Plan (the 401(k) Plan). The matching formula is 100% of the first 6% of the eligible employee s compensation contributed to the 401(k) Plan, subject to plan and statutory limits. Each NEO participates under the same terms and conditions as all other eligible employees.
- (2) The amounts in this column represent fiscal year 2016 payments of term life insurance policy premiums.
- (3) The amounts in this column represent fiscal year 2016 payments of supplemental disability insurance policy premiums.
- (4) Dividend equivalents are earned on unvested equity awards and are paid after the equity awards vest but are not included in the above table because dividends are factored into the grant date fair value required to be reported for stock awards in the Summary Compensation Table. The amount listed for Mr. Sprecher includes the \$125,000 HSR filing fee paid by ICE on behalf of Mr. Sprecher as described in the Compensation Discussion and Analysis. The amount listed for Mr. Vice includes the \$28,563 incremental cost of personal use of the corporate aircraft by Mr. Vice during 2016, calculated based on the variable operating costs to ICE for each flight hour attributed to personal use (as well as any flight hours attributable to empty pick-up or return flights), including fuel costs; labor, parts, and maintenance costs; landing and parking fees; on-board catering costs; and crew expenses. These per-hour costs were determined by using industry-standard cost-estimating guides. Since our aircraft is used primarily for business travel, we do not include the fixed costs that do not change based on usage, such as crew salaries, pilot training, depreciation, hangar rent and insurance. In addition to the incremental cost of personal aircraft use reported above, we also impute taxable income to the named executive officers for any personal aircraft use in accordance with Internal Revenue Service regulations and ICE does not provide tax reimbursements, or gross-ups, on these amounts.

- (1) Represents stock options granted on January 14, 2016. These values were calculated in accordance with ASC Topic 718 on the date of grant. Please see footnote 2 of our Summary Compensation Table for additional discussion of these grants.
- (2) Represents performance-based restricted stock units granted on January 14, 2016 with a three-year vesting schedule (33.3% vesting on February 16, 2017, upon approval of 2016 actual performance compared to the targets, and 33.3% on each of February 16, 2018 and 2019). The number of shares issued is determined based on the accomplishment of a 2016 financial target as well as the company's total shareholder return relative to the S&P 500 index. Please see the *Equity Compensation* section in the Compensation Discussion & Analysis for additional discussion of this grant. The grant date fair value of this award was calculated in accordance with ASC Topic 718, and such accounting is further described in Note 10 to our Consolidated Financial Statements for 2016 (filed with our Annual Report on Form 10-K). The actual performance-based restricted stock units earned based on 2016 performance were higher than the target amounts noted in the above table and were: Mr. Sprecher: 117,041 shares; Mr. Hill: 50,158 shares; Mr. Vice: 75,240 shares; Mr. Goone: 41,795 shares; and Mr. Farley: 38,456 shares.
- (3) Represents full-year target bonus payout levels. Bonus targets as a percentage of salary for 2016 were as follows: 250% of salary for Mr. Sprecher, 200% of salary for Mr. Vice, 175% of salary for Messrs. Hill, Goone and Farley. Actual awards granted in any given year may range from no payout to bonus payments up to 200% above the established target levels. However, any bonus payment must be

earned in accordance with the terms of the Executive Bonus Plan. For fiscal year 2016, the Compensation Committee authorized cash payments at the target amounts noted in the above table, pursuant to the Executive Bonus Plan.

- (1) Stock options vest over a three-year period. Stock options granted prior to 2017 vest 33.33% on the one-year anniversary of the grant date and the balance vesting ratably on a monthly basis over the remaining 24 months. Stock options granted in 2017 vest 33.33% per year on the anniversary of the grant date.

Table of Contents

- (2) Market value of stock awards is calculated based on the price of our Common Stock on the NYSE on December 31, 2016 (\$56.42) times the number of shares or units of stock that have not vested.
- (3) Represents one-time performance-based restricted stock units granted on November 13, 2013 that will be earned based on the achievement of a minimum cumulative EBITDA over the three-year period from 2014 – 2016. The number of performance-based restricted stock units that will be earned by the grantees will be determined based on ICE’s achievement of a certain performance metric relative to a target performance level. The performance metric applicable to these performance-based restricted stock units is ICE’s cumulative consolidated EBITDA over the performance period, divided by ICE’s headcount as of January 1, 2017. At the end of the performance period, the number of performance-based restricted stock units that are earned by a grantee will range from 0% to 105% of the target award, depending on the level of performance achieved by ICE. These performance-based restricted stock units were earned at 105% of the target award and vested on February 15, 2017. Therefore, the payout values reflect actual performance.
- (4) Represents performance-based restricted stock units granted on February 27, 2014 and earned based on the achievement of 2014 financial performance vs. a pre-established target, as well as performance of ICE’s Common Stock vs. the S&P 500 Index. These restricted stock units vest and are settled over a three-year period (33.3% upon approval of 2014 actual performance compared to the target, and 33.3% on each of February 27, 2016 and 2017). Payout values reflect actual performance, which was 96.7% of the target performance level.
- (5) Represents a one-time grant of time-based restricted stock units granted on October 9, 2014 with a three-year vesting schedule (33.3% per year on each anniversary of the date of grant).
- (6) Represents performance-based restricted stock units granted on January 20, 2015 and earned based on the achievement of 2015 financial performance vs. a pre-established target, as well as performance of ICE’s Common Stock vs. the S&P 500 Index. These restricted stock units vest and are settled over a three-year period (33.3% upon approval of 2015 actual performance compared to the target, and 33.3% on each of February 17, 2017 and 2018). Payout values reflect actual performance, which was 147.7% of the target performance level.
- (7) Represents performance-based restricted stock units granted on January 14, 2016 and earned based on the achievement of 2016 financial performance vs. a pre-established target, as well as performance of ICE’s Common Stock vs. the S&P 500 Index. These restricted stock units vest and are settled over a three-year period (33.3% upon approval of 2016 actual performance compared to the target, and 33.3% on each of February 16, 2018 and 2019). Payout values reflect actual performance, which was 111.5% of the target performance level.

2016 Nonqualified Defined Contribution and Other Deferred Compensation Plans

We do not maintain any nonqualified defined contribution plans or active nonqualified deferred compensation plans, such as a supplemental executive retirement plan, 401(k) excess plan, or other vehicles to defer the receipt of cash or equity compensation.

Employment Agreements and Other Factors Affecting 2016 Compensation

We have entered into employment agreements with each of the NEOs that contain provisions that govern compensation in the event of termination for cause, termination by ICE unrelated to a Change in Control, and termination by ICE after a Change in Control. The material provisions regarding the employment agreements and the provisions governing these termination scenarios are described below.

Term of Employment

The employment agreements for the NEOs provide for an initial employment term of three years, which will be automatically extended every six months during the term of each agreement so that the remaining term of the agreement is never more than three years or less than two and a half years, unless either ICE or the executive, prior to the date of extension, give written notice to the other that there will be no extension. The effect of this provision is to ensure that the term remaining under any of these agreements is never more than the initial term and never less than six months less than the initial term.

Base and Bonus Compensation

The employment agreements for the NEOs provide for an initial annual base salary, subject to increase, and an annual bonus that is reasonable in light of his contribution for that year and contributions made by and bonuses paid to ICE's other senior executives for such year. In addition, each of the NEOs is also entitled to receive, from time to time, grants of awards under our equity plans, in each case as determined by the Compensation Committee or by the Board of Directors as a whole.

Non-competition

Each of the NEOs agrees under his employment agreement that for the term of his employment agreement or, if less, for the one-year period which starts on the date that his employment terminates, he will not assume or perform any managerial or supervisory responsibilities and duties that are substantially the same as those that he performs for ICE for any other business entity that engages in operating global commodity and financial products marketplaces for the trading of physical commodities, futures contracts, options contracts, and other derivative instruments, providing risk management tools and clearing services, providing brokerage services, and providing market data relating to these services in which ICE is engaged as of the date of termination of the executive's employment or in which ICE proposes to engage under its business plan as in effect on such date, if any site of any of the offices or equipment of such competitive business is located in the United States, Canada, the United Kingdom or Singapore.

The employment agreements provide that each executive may own 5% or less of the stock of a publicly traded company that engages in such competitive business, so long as they are only passive investors and are not actively involved in such company in any way.

Non-solicitation

Each of the NEOs is restricted from soliciting, for the purpose of competing with ICE or its affiliates, any of its customers or customers of its affiliates with whom the executive had contact, knowledge or association (i) at

Table of Contents

any time during the executive's employment with ICE or its affiliates and (ii) at any time during the twenty-four month period immediately preceding the beginning of the restricted period. Restricted period means the term of the executive's employment agreement, including after termination of employment, the remainder of the term of the agreement without regard to the reason for the executive's termination of employment (as such initial term may have been extended under the agreement).

Each of the NEOs is restricted from soliciting, for the purpose of competing with ICE or its affiliates, any other officer, employee or independent contractor of ICE or its affiliates with whom the executive had contact, knowledge or association (i) at any time during the executive's employment with ICE or its affiliates and (ii) at any time during the twelve-month period immediately preceding the beginning of the restricted period, to terminate his employment or business relationship with ICE or its affiliates.

Confidentiality Provisions

Each of the NEOs is subject to customary confidentiality provisions during the term of employment and for a five year period after termination, and each executive must not use or disclose any of ICE's trade secrets for as long as they remain trade secrets.

Termination for Cause or Executive Resignation Other than for Good Reason

For each of the NEOs, if ICE terminates the executive for Cause, as such term is defined below, if the executive resigns other than for Good Reason, as such term is defined below, or if the executive's employment terminates as a result of his death or disability, ICE must pay the executive, among other benefits, all accrued but unpaid salary, annual bonus, if any, and unreimbursed expenses. If an executive's employment terminates as a result of his death, any unvested stock options, unvested restricted stock units and unvested performance share units will become immediately vested.

Termination by ICE Unrelated to a Change in Control

For each of the NEOs, if there is a termination of employment by ICE without Cause or resignation by the executive for Good Reason that is unrelated to a Change in Control, as such term is defined below, ICE must pay a lump sum cash payment equal to (i) the amount of salary the executive would have received over the remainder of the term of employment and (ii) three (3) times the greater of the average of the last three bonuses and the last bonus paid to the executive prior to termination. In addition, any stock options or other equity awards granted (including performance-based awards which were earned but not vested for any performance period that was completed as of the termination of employment) will become exercisable or vest upon the executive's termination. Performance-based awards for any performance period in progress as of the termination of employment will be earned based on actual performance as determined after completion of the performance period, in accordance with the terms of such grants, and such earned awards will fully vest on such determination date.

Further, ICE is required to continue to make available coverage under the employee benefits plans as if the executive remained employed for the Welfare Benefit Continuation Period, defined as the shorter of two years and the balance of the term of the employment agreement.

Cause, as used in the employment agreements for each of the NEOs, generally means: (i) the employee is convicted of, pleads guilty to or otherwise admits to any felony or act of fraud, misappropriation or embezzlement; (ii) the employee knowingly engages or fails to engage in any act or course of conduct that (a) is reasonably likely to adversely affect ICE's rights or qualification under applicable laws, rules or regulations to serve as an exchange or other form of a marketplace for trading the products defined in the non-competition section or (b) violates the rules of any exchange or market on which ICE effects trades (or at such time is actively contemplating effecting trades) and is reasonably likely to lead to a denial of ICE's right or qualification to effect trades on such exchange or market; (iii) there is any act or omission by the employee involving malfeasance or gross negligence in the performance of his duties and responsibilities or the exercise of his powers to the material

Table of Contents

detriment of ICE; or (iv) the employee (a) breaches any of the covenants made under his employment agreement or (b) violates any provision of any code of conduct adopted by ICE that applies to him if the consequence to such violation ordinarily would be a termination of his employment.

Change in Control, as used in the employment agreements for each of the NEOs, generally means: (i) any person is or becomes the beneficial owner, directly or indirectly, of securities representing 30% or more of the combined voting power of any outstanding ICE securities eligible to vote in an election of directors (subject to certain exceptions, including if such person is the executive, an entity controlled by the executive or group of which the executive is a member); (ii) any dissolution or liquidation of ICE or any sale or disposition of 50% or more of ICE's assets or business; or (iii) the consummation of any reorganization, merger, consolidation or share exchange or similar form of corporate transaction involving ICE, unless (a) the persons who were the beneficial owners of outstanding ICE securities eligible to vote in an election of directors immediately before the consummation of such transaction hold more than 60% of the voting power immediately following the consummation of such transaction, and (b) each such person holds such securities in substantially the same proportion immediately following the consummation of such transaction as each such person had held immediately prior to the consummation of such transaction.

Good Reason, as used in the employment agreements for each of the NEOs, generally means: (i) there is a material reduction in the executive's base salary or opportunity to receive any annual bonus and equity grants without the executive's express written consent; (ii) there is a material reduction in the scope, importance or prestige of the executive's duties; (iii) executive is transferred from his primary work site to a site that is more than thirty miles from his then current work site; (iv) after a Change in Control, executive's job title is materially changed or executive is no longer provided the same or substantially equivalent plans, programs and policies; (v) there is a material breach of his employment agreement; (vi) executive receives notice of non-renewal during the three years following a Change in Control; (vii) the failure of any successor to ICE to expressly assume executive's employment agreement; or (viii) in the case of Mr. Sprecher, ICE fails to nominate Mr. Sprecher for re-election to the Board of Directors.

Termination Following a Change in Control

For each of the NEOs, if the termination of employment by ICE without Cause or resignation by the executive for Good Reason occurs following, or within 180 days prior to, the effective date of a Change in Control of ICE, ICE must pay the executive a lump sum amount of cash equal to three (3) times (i) the executive's salary and (ii) the greater of the average of the last three bonuses paid to executive prior to termination, the last bonus paid to executive prior to the effective date of a Change in Control and the last bonus paid to executive prior to termination. In addition, any stock options or other equity awards granted (including performance-based awards which were earned but not vested for any performance period that was completed as of the termination of employment) will become exercisable or vest upon the executive's termination. Performance-based awards for any performance period in progress as of the termination of employment will be earned based on actual performance as determined after completion of the performance period, in accordance with the terms of such grants, and such earned awards will fully vest on such determination date. The executive will be entitled to exercise his stock options that had been granted after entering into the employment agreement for the same period as if the executive had continued in employment through the remainder of his term.

Further, ICE must continue to make available coverage under the employee benefits plans as if the executive remained employed for the Welfare Benefit Continuation Period.

All gross-up provisions for tax consequences have been removed from the employment agreements; therefore no NEOs are eligible for tax gross-up payments.

Table of Contents**2016 Payments upon Termination**

The following table presents the estimated benefits and payments for termination of the NEOs unrelated to a Change in Control and following, or within 180 days prior to, a Change in Control, assuming the termination took place on the last business day of the most recently completed fiscal year. For certain items below, the values are based on the closing price of \$56.42 for our Common Stock on the NYSE on December 31, 2016. Other applicable terms for these benefits and payments are discussed above under *Termination by ICE Unrelated to a Change in Control* and *Termination Following a Change in Control*.

- (1) These amounts represent the cash severance payments in accordance with employment agreements as in effect as of December 31, 2016 (as discussed in the preceding narrative) under the termination scenarios as described in the table. These calculations assume all earned base salary and annual incentive payments have been paid. For a termination unrelated to a Change in Control, the duration of the remaining employment term has been assumed to equal three years. Also, in light of the assumed termination date of December 31, 2016, the fiscal year 2015 bonus that was paid in February 2016 is the last bonus paid for purposes of the severance calculation under the employment agreements.

- (2) The welfare benefit continuation costs include estimated medical, dental, basic life insurance, and executive life insurance premiums, as may be called for in the employment agreements.

- (3) The market value of stock awards is calculated based on the closing price of our Common Stock on the New York Stock Exchange on December 31, 2016: \$56.42. These costs include the acceleration of vesting of unvested equity awards (including the value of unvested dividend equivalent rights) under other termination scenarios as described above, with the value of options based on the spread between \$56.42 and the option's strike price at December 31, 2016. These amounts include the value of the one-time performance-based restricted stock units granted on November 13, 2013 that would vest under the applicable termination scenarios, in each case reported at target. These amounts do not include the value of vested equity awards outstanding as of December 31, 2016.

- (4) There are no Internal Revenue Code Section 280G golden parachute excise tax gross-up provisions.

- (5) The amounts reported in the table above do not reflect payments upon an NEO's disability or death under our supplemental disability insurance benefit and life insurance benefit programs, respectively. See the *Elements of Compensation - Benefits and Perquisites* section of this *Compensation Discussion & Analysis* for a description of these benefits.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Mr. Tese, Mr. Crisp, and The Lord Hague of Richmond served as members of our Compensation Committee during 2016. None of our executive officers or directors serves as a member of the board of directors or compensation committee of any entity that has one or more of its executive officers serving as a member of our Board of Directors or Compensation Committee.

NON-EMPLOYEE DIRECTOR COMPENSATION

Directors who are also ICE employees do not receive additional compensation for serving as directors. During 2016, with the assistance of its independent consultant, the Compensation Committee reviewed the competitiveness of director compensation relative to peers. Based on the results of this study, the Compensation Committee made certain adjustments in director compensation effective July 1, 2016, as noted below. Prior to this change, ICE last made changes to the director compensation program in November 2013 (upon the close of the merger with NYSE). For 2016, non-employee director compensation consisted of:

An annual retainer of \$100,000 (adjusted from \$85,000 on July 1, 2016);

An annual retainer of \$15,000 for committee members of the Audit Committee (adjusted from \$10,000 on July 1, 2016), and \$10,000 for committee members of the Compensation Committee, Nominating and Corporate Governance Committee and Risk Committee;

An annual retainer for committee chairpersons (in lieu of the committee member retainers described above) of: \$30,000 for the Audit Committee (adjusted from \$25,000 on July 1, 2016), \$20,000 for the Compensation Committee, Nominating and Corporate Governance Committee and Risk Committee;

A lead independent director fee of \$50,000; and

A grant of \$175,000 in the form of restricted stock units that vest one year from the date of grant (with the number of units calculated at the time of grant by dividing the annual grant value by the closing price per share on the grant date).

Directors do not receive fees for individual Board of Directors or committee meetings in addition to the annual retainers referenced above.

Edgar Filing: Intercontinental Exchange, Inc. - Form DEF 14A

As with our executive compensation program, the Compensation Committee utilizes the services of an independent compensation consultant to benchmark the competitiveness of our director compensation program,

including compensation offered for service on subsidiary boards. The Compensation Committee reviewed a director compensation benchmarking report from Compensation Advisory Partners that analyzed each aspect of director compensation against the same peer companies that were utilized for the executive compensation benchmarking report. Based on the results of this report and consultation with its compensation consultant, the Compensation Committee made the above noted adjustments to the director compensation program for 2016.

In addition, many of our directors also serve as directors on the boards of our subsidiaries and some subsidiary boards pay additional compensation for such board service. In 2016, seven of our current non-employee directors served as members of the boards of directors of our regulated subsidiaries: ICE Futures Europe, ICE Clear Europe Limited, ICE Benchmark Administration Limited, ICE Clear Credit, LLC, ICE Futures U.S., Inc., ICE Clear U.S., Inc., ICE Trade Vault, LLC, ICE Trade Vault Europe Limited, ICE Swap Trade, LLC, New York Stock Exchange, LLC, NYSE MKT LLC, NYSE Arca, Inc., NYSE Arca Equities, Inc. and NYSE National, Inc.

Given the significant level of responsibility, regulatory oversight of subsidiary activities, and director time commitment to serve on subsidiary boards, we provide compensation to non-employee directors for their service on these subsidiary boards (as illustrated in the below table). Each of these subsidiary boards meets independently and holds four or more meetings a year, plus subsidiary committee meetings. Accordingly, with the assistance of Compensation Advisory Partners, we have structured subsidiary compensation to include elements similar to parent board compensation (i.e., board retainer and committee retainers). We also provide office space for certain of our directors that serve as chairperson of the board of directors of an operating subsidiary.

As noted earlier in this Proxy Statement, we are seeking stockholder approval of an amendment to our 2013 Omnibus Non-Employee Director Incentive Plan to formally institute a maximum annual compensation level of \$850,000 per year (including cash and equity-based compensation from parent company board service and subsidiary board service, as may be applicable). As noted in the table below, all of our directors were below this limit in 2016. See Proposal 5 beginning on page 61 for more information.

- (1) The amounts in this column represent fiscal year 2016 cash payments for Board and committee retainers.
- (2) The amounts in this column represent the aggregate fair value of restricted stock grants awarded for board service in the 2016 calendar year calculated in accordance with ASC Topic 718, which is equal to our closing stock price on the grant date times the number of shares granted. Grants to directors in 2016 were approved on May 13, 2016, except for Mr. Noonan, whose grant was approved on September 21, 2016 upon his appointment to the board. As of December 31, 2016, Mr. Noonan owned 3,115 unvested shares of restricted stock, Mr. Martell owned 2,880 unvested shares of restricted stock, Sir McCarthy owned 1,440 shares of unvested restricted stock, Sir Reid owned 2,400 shares of unvested restricted stock, each of Messrs. Crisp, Forneri, and Salerno owned 3,365 unvested shares of restricted stock, and each of Lord Hague, Messrs. Hatfield and Tese and Ms. Sprieser owned 3,845 unvested shares of restricted stock.
- (3) The amounts in this column represent fees paid in cash and equity to directors that also served as members of the boards of directors of our regulated subsidiaries: ICE Futures Europe, ICE Clear Europe Limited, ICE Benchmark Administration Limited, ICE Clear Credit, LLC, ICE Futures U.S., Inc., ICE Clear U.S., Inc., ICE Trade Vault, LLC, ICE Trade Vault Europe Limited, ICE Swap Trade, LLC, New York Stock Exchange, LLC, NYSE MKT LLC, NYSE Arca, Inc., NYSE Arca Equities, Inc. and NYSE National, Inc. The amounts in this column do not include charitable contributions made at the direction of certain U.S. directors that made an equivalent contribution to our Political Action Committee (PAC). If a U.S. director makes a contribution to our PAC, ICE will make a contribution in the same amount as contributed by the director (up to \$5,000) to certain eligible charities, as requested by the director. In fiscal year 2016, the following directors made a contribution to our PAC that resulted (or could result) in a charitable contribution by ICE at the director's request: Mr. Crisp: \$5,000, Mr. Hatfield: \$5,000, Mr. Salerno: \$5,000, Ms. Sprieser: \$5,000, and Mr. Tese: \$5,000. Dividend equivalents are earned on unvested equity awards and are paid after the equity award vest. This table excludes dividend equivalents paid as those amounts are factored into the grant date fair value required to be reported for stock awards in the Director Compensation Table.
- (4) Each of Mr. Martell, Sir McCarthy and Sir Reid served on our Board of Directors until their term expired at our 2016 Annual Meeting of Stockholders on May 13, 2016.

**PROPOSAL 3 ADVISORY VOTE ON THE FREQUENCY OF
FUTURE VOTES ON EXECUTIVE COMPENSATION**

In accordance with Section 14A of the Exchange Act, our Board of Directors is asking you to vote on a proposal, commonly known as a say on pay frequency proposal, which gives our stockholders the opportunity to advise our Board of Directors on how often we should conduct an advisory stockholder vote on the compensation of our NEOs. We are required to seek an advisory stockholder vote on the frequency of future say on pay votes at least once every six years, although we may seek stockholder input more frequently. As this is an advisory vote, the result will not be binding, however, our Board of Directors values the opinions that our stockholders express in their votes and will take into account the outcome of the vote when considering how frequently we should conduct an advisory vote on the compensation of our NEOs.

You are voting on the following resolution which reads:

RESOLVED, that a non-binding advisory vote of ICE's stockholders to approve the compensation of ICE's named executive officers shall be held at an annual meeting of stockholders, beginning with the 2017 Annual Meeting of Stockholders, (i) annually, (ii) biennially or (iii) triennially.

The enclosed proxy card gives you four choices for voting on this item. You can choose whether the say on pay vote should be conducted annually (every year), biennially (every two years) or triennially (every three years). You may also abstain from voting on this item. You are not voting to approve or disapprove the Board of Director's recommendation on this item.

Our Board of Directors believes that an annual advisory vote on the compensation of our NEOs is an important aspect of stockholder engagement. An annual say on pay vote facilitates direct and regular stockholder feedback on our compensation policies, which our Compensation Committee values in determining our compensation philosophy and evaluating the effectiveness of our compensation principles and practices.

Directors Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR CONDUCTING AN ANNUAL ADVISORY VOTE ON THE COMPENSATION OF OUR NEOs.

PROPOSAL 4 APPROVAL OF THE INTERCONTINENTAL EXCHANGE, INC.

2017 OMNIBUS EMPLOYEE INCENTIVE PLAN

On March 3, 2017, upon the recommendation and approval of our Compensation Committee, our Board of Directors unanimously approved the adoption of the 2017 Omnibus Employee Incentive Plan (the 2017 Employee Plan), subject to approval by our stockholders at the 2017 Annual Meeting. The 2017 Employee Plan will be effective on May 19, 2017 if it is approved by our stockholders at the 2017 Annual Meeting. If the 2017 Employee Plan is not approved by stockholders, no awards will be made under the 2017 Employee Plan and the 2017 Employee Plan will be null and void in its entirety.

The 2017 Employee Plan will be applicable only to awards granted on or after the date the 2017 Employee Plan is approved by our stockholders (the Effective Date), and will replace ICE s 2013 Omnibus Employee Incentive Plan (the 2013 Employee Plan) for awards granted on or after the Effective Date. The terms and conditions of awards granted under the 2013 Employee Plan prior to stockholder approval of the 2017 Employee Plan will not be affected by the adoption or approval of the 2017 Employee Plan and the 2013 Employee Plan will remain effective with respect to such awards. No new grants will be made under the 2013 Employee Plan after the Effective Date.

The 2017 Employee Plan provides for the issuance of equity-based awards covering up to thirty million (30,000,000) shares of Common Stock, plus the number of additional shares of common stock reserved and available for issuance under the 2013 Employee Plan as of the Effective Date. In addition, the 2017 Employee Plan includes a number of provisions designed to protect stockholder interests and appropriately reflect our compensation philosophy and developments in our compensation practices in recent years, which include a minimum vesting schedule, a double-trigger change in control provision (as a default), no payment of dividends or dividend equivalents on any unvested awards and a clawback provision.

Our Board believes that the thirty million (30,000,000) shares available for grant under the 2017 Employee Plan would provide sufficient shares for equity-based compensation needs of ICE through the 2022 annual shareholder meeting. This estimate is based on our recent share usage, estimated for growth, adjusted upward to allow for the potential that performance-based awards may be earned at maximum and for flexibility around types of vehicles used. Actual issuances could be materially different from this estimate.

As of the record date, approximately 8,685,623 shares remain available for issuance under the 2013 Employee Plan, which, based on the analysis above and our burn rate discussed below, we believe to be sufficient to continue our current grant practices for no more than approximately one to two years. Therefore, if stockholders do not approve the 2017 Employee Plan, our future ability to issue equity-based awards, other than cash-settled awards, will be limited. This could have significant negative consequences, and could, among other things:

Inhibit pay-for-performance and alignment with stockholders. A key element of our compensation philosophy (as described in the Compensation Discussion and Analysis) is to pay a significant portion of variable compensation to a broad population of employees (including our executive officers) in the form of awards that pay out in ICE equity, with our NEOs receiving 61% of their total 2016 compensation in the form of stock options and performance-based restricted stock units, and other employees receiving varying percentages of equity-compensation in accordance with their roles. We believe that stock ownership by employees provides performance incentives and fosters long-term commitment to the benefit of our stockholders because equity-settled compensation (rather than cash-settled compensation) with long-term restrictions, rigorous clawback provisions and stock ownership requirements is essential to align employees interests with those of our stockholders.

Impede ability to attract and retain talent. The successful implementation of our business objectives depends largely on our ability to attract, retain and reward talented employees. If the 2017 Employee Plan is not approved, we would be limited in our ability to use a valuable retention tool and would be at a significant competitive disadvantage in attracting new talent.

Table of Contents

Increase volatility in reported earnings and compensation expense. Replacing equity-settled awards with cash-settled awards could increase compensation expense and could contribute to volatility in our reported earnings. Under current accounting rules, the charges for cash-settled awards would be based on quarterly fluctuations in our stock price. This would increase the cost of compensation if our stock price appreciates and lead to unpredictable quarterly results. In addition, replacing equity-settled awards with cash-settled awards would reduce the amount of cash otherwise available for the accelerated repayment of our debt, stock buybacks and strategic purposes. Our equity-based compensation model, including the broad-based participation of our employees and the portion of equity compensation paid to our senior executives, results in a burn rate as indicated in the chart below. All values in the chart reflect the 5-for-1 split of our Common Stock which occurred on November 3, 2016.

	2014	2015	2016	Average
(a) RSUs/performance stock units granted(1)	2,801,900	3,457,590	3,251,017	3,170,169
(b) Shares underlying options granted(1)	771,000	882,335	751,615	801,650
(c) Net increase in diluted shares due to equity awards (a+b)(1)	3,572,900	4,339,925	4,002,632	3,971,819
(d) Weighted-average basic shares outstanding	570,000,000	556,000,000	595,000,000	573,666,667
(e) Burn rate (c/d)(2)	0.6%	0.8%	0.7%	0.7%
(f) Adjusted burn rate(3)	1.61%	2.02%	1.77%	1.80%

(1) Reflects the gross number of shares underlying awards made to employees during the respective year.

(2) Not adjusted for forfeitures, withholding and expirations, which would reduce the burn rate if taken into account.

(3) Adjusted to reflect the Institutional Shareholder Services multiplier counting each full value award (RSU and performance stock unit) as three option shares.

Our Compensation Committee recognizes that, as commonly calculated, the total potential dilution or overhang resulting from the adoption of the 2017 Employee Plan would be 8.33%, with the incremental overhang from the 2017 Employee Plan additional shares equal to 5.06%. The overhang is calculated as follows, in each case as of the record date of March 21, 2017:

(a) Shares available under the 2017 Employee Plan	30,000,000
(b) Shares underlying outstanding awards(1)	10,727,871
(c) Shares remaining available under the 2013 Employee Plan	8,685,623
(d) Total shares authorized for or outstanding under employee awards (a+b+c)	49,413,494
(e) Total shares outstanding	593,453,729
(f) Overhang (d/e)	8.33%

(1) Of such shares, 4,490,988 are underlying option awards.

Table of Contents

We note that the number of shares remaining available for grant as described above differs from those reported below under Equity Compensation Plan Information, since that table, required by SEC disclosure rules, is dated as of December 31, 2016 and therefore does not take into account year-to-date grants for 2017. Additional information as of the record date of March 21, 2017 includes:

Restricted stock outstanding (including performance-based restricted stock)	6,304,343
Shares to be issued upon exercise of outstanding options, warrants and rights(1)	10,884,271
Weighted average exercise price (for options)	\$ 39.68
Weighted-average remaining contractual life (for options), in years	7.04
Shares available for future issuance under the 2013 Employee Plan and the 2013 Omnibus Non-Employee Director Incentive Plan(2)	9,692,823

(1) As of the record date there were 100,885 shares to be issued upon exercise of outstanding options, warrants and rights not approved by stockholders, with a weighted-average exercise price (for options) of \$14.05 and a weighted-average remaining contractual life (for options) of 1.05 years, with 0 shares remaining available for future issuance under equity compensation plans not approved by stockholders.

(2) On March 3, 2017, the Compensation Committee froze the NYSE Euronext Omnibus Incentive Plan such that no further awards will be made under that plan on or after May 19, 2017.

ICE also takes into account the relevant accounting and tax impact of all potential forms of equity awards in designing our grants. We believe that the benefits to our stockholders resulting from equity award grants to our senior employees, including interest alignment and mitigation of incentives to take inappropriate business risks, outweigh the potential dilutive effect of grants under the 2017 Employee Plan. The Compensation Committee believes that paying a significant portion of annual variable compensation in the form of equity awards that vest over multiple years is an effective method of aligning the interests of senior employees with those of our stockholders, encouraging ownership in ICE and retaining, attracting and rewarding talented employees. For additional information with respect to our outstanding equity-based awards, please see Note 10 to the Consolidated Financial Statements included in our Annual Report on Form 10-K.

The following summary of the material terms of the 2017 Employee Plan is qualified in its entirety by reference to the complete text of the 2017 Employee Plan, which is attached hereto as [Exhibit C](#).

Summary of the 2017 Employee Plan**Overview**

The purpose of the 2017 Employee Plan is to attract, retain and motivate officers, and key employees (including prospective employees), consultants and others who may perform services for ICE and its consolidated subsidiaries, to compensate them for their contributions to the long-term growth and profits of ICE and to encourage them to acquire a proprietary interest in ICE's success. The 2017 Employee Plan includes numerous features designed to reflect our commitment to good corporate governance practices. For example, consistent with best practices, the 2017 Employee Plan prohibits the payment of dividends on unvested restricted stock units (including awards subject to performance-based vesting), repricing and reloads of stock options and stock appreciation rights, and recycling shares withheld to satisfy taxes payable upon award settlement or in payment of the exercise price of stock options or the net settlement of stock appreciation rights.

Administration

Our Compensation Committee will administer the 2017 Employee Plan. Among other things, the Compensation Committee will determine the persons who will receive awards under the 2017 Employee Plan, the time when awards will be granted, the terms of the awards and the number of shares of ICE common stock subject to the awards. The Compensation Committee may allocate among its members and/or delegate to any person who is not a member of the Compensation Committee or to any administrative group within ICE, any of its powers, responsibilities and duties. The Board of Directors, in its sole discretion, also may grant awards or administer the 2017 Employee Plan.

Table of Contents

The Compensation Committee will have complete control over the administration of the 2017 Employee Plan and will have sole discretion to make all determinations in respect of the 2017 Employee Plan (including, for example, the ability to determine whether individual awards may be settled in cash, shares of common stock, other awards or other property).

Eligibility

Awards may be made to officers and employees (including prospective employees), consultants and other individuals who may perform services for ICE and its consolidated subsidiaries (other than non-employee directors of ICE or its subsidiaries, who may be eligible for grants under the 2013 Omnibus Non-Employee Director Incentive Plan). As of the record date, approximately 5,000 officers and employees would have been eligible to receive awards under the 2017 Employee Plan.

ICE Common Stock Available for Awards under the Plan

Subject to adjustment as described below, the total number of shares of ICE common stock that may be subject to awards granted under the 2017 Employee Plan is thirty million (30,000,000) shares, plus the number of additional shares available for future awards under the 2013 Employee Plan as of the Effective Date and the number of shares related to awards under the 2013 Employee Plan as of the Effective Date which thereafter terminate, expire unexercised, or are forfeited, canceled or otherwise lapse for any reason (as of the record date, there were 8,685,623 shares available for future grant under the 2013 Employee Plan and outstanding awards with respect to 9,124,631 shares (3,057,503 of which are options) under the 2013 Employee Plan). In the case of a grant of a stock-settled stock appreciation right, the number of shares available for grant under the Plan will be reduced by the full number of shares granted under such stock appreciation right. Shares of ICE common stock issued in connection with awards that are assumed, converted or substituted as a result of ICE's acquisition of another company will not count against the number of shares that may be granted under the 2017 Employee Plan. Shares of ICE common stock underlying the awards (including currently outstanding awards under the 2013 Employee Plan) will be available for reissuance under the 2017 Employee Plan in the event that an award is forfeited, expires, terminates or otherwise lapses without delivery of ICE common stock.

Shares of ICE common stock will not become available for reissuance under the 2017 Employee Plan if the shares are withheld by or tendered to ICE to pay taxes or to pay the exercise price of stock options, or are repurchased by the Company using proceeds from the exercise of stock options.

Shares issued under the 2017 Employee Plan may be authorized but unissued shares of ICE common stock or authorized and previously issued shares of ICE common stock reacquired by ICE. There is no limit on the amount of cash, securities (other than shares of ICE common stock) or other property that may be delivered pursuant to any award. No individual, however, will receive awards of stock options or stock appreciation rights covering, in either case, more than 3,000,000 shares (subject to adjustment as described below) in any one fiscal year. Furthermore, no individual will receive awards of restricted shares, restricted stock units, dividend equivalent rights or other types of stock-based or cash-based awards that are, in each case, subject to the achievement of the performance goals described in the 2017 Employee Plan for more than 2,000,000 shares or, for cash-based awards, the value of 2,000,000 shares (subject in each case to adjustment as described below) in any one fiscal year.

The Compensation Committee will adjust the terms of any outstanding award, the number of shares of ICE common stock issuable under the 2017 Employee Plan and the limit on the number of shares for which awards may be granted to any one individual in any one fiscal year, in each case in such manner as the Compensation Committee deems appropriate (including, without limitation, by payment of cash) to prevent the enlargement or dilution of rights as a result of any increase or decrease in the number of issued shares of ICE common stock (or issuance of share of stock other than shares of ICE common stock) resulting from a recapitalization, stock split, reverse stock split, stock dividend, spinoff, split up, combination, reclassification or exchange of shares of ICE common stock, merger, consolidation, rights offering, separation, reorganization, liquidation, or any other change in the corporate structure or shares of ICE common stock, including any extraordinary dividend or extraordinary distribution.

Table of Contents

The market value of ICE common stock on the record date (based upon the closing price on the NYSE) was \$60.03 per share.

Type of Awards

The 2017 Employee Plan provides for grants of stock options (both stock options intended to be incentive stock options under Section 422 of the Code and non-qualified stock options), stock appreciation rights, restricted shares, restricted stock units, dividend equivalent rights and other equity-based or cash-based awards pursuant to which ICE common stock, cash or other property may be delivered. Awards under the Plan generally will be subject to a minimum vesting schedule of at least thirty-six months following the date of grant of the award (although up to 5% of shares available for grant under the 2017 Employee Plan may be granted with a shorter minimum vesting schedule), provided, however, that (1) after the first year such vesting schedule may be on a monthly, quarterly or yearly pro-rata basis and (2) all awards that are subject to performance goals shall be subject to a minimum vesting schedule of at least twelve months. Awards that are assumed, converted or substituted as a result of ICE's acquisition of another company will not be subject to the foregoing minimum vesting schedule requirements. Each award will be evidenced by an award agreement, which will govern that award's terms and conditions.

Stock Options. A stock option entitles the recipient to purchase shares of ICE common stock at a fixed exercise price. The exercise price per share will be determined by the Compensation Committee but will not be less than 100% of the fair market value of ICE common stock on the date of grant. Fair market value will generally be the closing price of ICE common stock on the NYSE on the date of grant. Stock options generally must be exercised within 10 years after the date of grant. All awards may be issued as incentive stock options.

Stock Appreciation Rights. A stock appreciation right entitles the recipient to receive shares of ICE common stock, cash or other property equal in value to the appreciation of the ICE common stock over the stated exercise price. The exercise price per share will be determined by the Compensation Committee but will not be less than 100% of the fair market value of ICE common stock on the date of grant. Fair market value will generally be the closing price of ICE common stock on the NYSE on the date of grant. Stock appreciation rights must be exercised within 10 years after the date of grant.

Restricted Shares. Restricted shares are shares of ICE common stock that are registered in the recipient's name, but that are subject to transfer and/or forfeiture restrictions for a period of time. The Compensation Committee may grant or offer for sale restricted shares of ICE common stock in such amounts, and subject to such terms and conditions, as the Compensation Committee may determine. Subject to such limits as the Compensation Committee may determine from time to time, the recipient will have the same voting and dividend rights as any other stockholder of ICE, except that dividends will be retained by ICE for the recipient's account while the transfer and/or forfeiture restrictions apply and will be paid (without interest) only if and when the period of restriction lapses.

Restricted Stock Units. A restricted stock unit is an unfunded, unsecured right to receive a share of ICE common stock, cash or other property at a future date. The Compensation Committee may grant restricted stock units in such amounts, and subject to such terms and conditions, as the Compensation Committee may determine. The recipient will have only the rights of a general unsecured creditor of ICE and no rights as a stockholder of ICE until ICE common stock underlying the restricted stock units, if any, is delivered.

Dividend Equivalent Rights. The Compensation Committee may, in its discretion, include in the award agreement a dividend equivalent right entitling the recipient to receive an amount equal to all or any portion of the regular cash dividends that would be paid on the shares of ICE common stock covered by such award as if such shares had been delivered. Dividend equivalent rights granted in connection with an award of restricted stock units will be subject to the same performance and/or service conditions that apply to such restricted stock units, and dividend equivalents will be released only if and when such restricted stock units have vested. Dividend equivalent rights may be payable in cash, shares of ICE common stock or other property as determined by the Compensation Committee. For the avoidance of doubt, no dividend equivalent rights will be paid on any unvested awards.

Table of Contents

Other Stock-Based Awards. The Compensation Committee may grant other types of stock-based, stock-related or cash-based awards, including the grant of unrestricted shares of ICE common stock in such amounts, and subject to such terms and conditions, as the Compensation Committee may determine, but in each case, subject to the individual share limit described above.

Change in Control

Unless otherwise determined by the Compensation Committee (or unless otherwise provided in the applicable award agreement or in an employment agreement), if a recipient's employment is terminated by ICE or any successor entity thereto without cause, or if the recipient terminates employment for good reason (each as defined in the 2017 Employee Plan), in each case upon or within two years after a change in control, each award granted to such recipient prior to such change in control shall become fully vested (including the lapsing of all restrictions and conditions) and, as applicable, exercisable as of the date of such termination of employment, and any shares of common stock deliverable pursuant to restricted stock units shall be delivered promptly (but no later than fifteen days) following such recipient's termination of employment, provided that, as of the change in control date, any outstanding performance-based awards shall be deemed earned at the greater of the target level or actual performance level through the change in control date with respect to all open performance periods.

In the event of a change in control, the Compensation Committee may (1) cancel awards for the in-the-money spread value for stock options and stock appreciation rights and for fair value for other awards (as determined in the sole discretion of the Compensation Committee), (2) provide for the issuance of substitute awards or (3) provide that for a period of at least 20 days prior to the change in control, stock options or stock appreciation rights will be exercisable as to all shares of common stock subject thereto and that any stock options or stock appreciation rights not exercised prior to the consummation of the change in control will terminate and be of no further force or effect as of the consummation of the change in control. If the Compensation Committee cancels any awards pursuant to clause (1) above and the consideration paid in the change in control includes contingent value rights, the Compensation Committee will determine whether such canceled awards are valued taking into account such contingent value rights (with the value determined in the sole discretion of the Compensation Committee) or are entitled to a share of such contingent value rights.

As used in the 2017 Employee Plan, a change of control means (1) any person is or becomes the beneficial owner, directly or indirectly, of securities representing 30% or more of the combined voting power of any outstanding ICE securities eligible to vote in an election of directors (subject to certain exceptions, including if such person is a recipient of an award under the 2017 Employee Plan, an entity controlled by the recipient or group of which the recipient is a member); (2) during any three-year period, individuals who constitute the Board as of the beginning of the period (or subsequent directors whose election or nomination was approved or recommended by a vote of at least two-thirds of such directors or directors whose election or nomination was previously so approved or recommended) cease for any reason to constitute at least a majority of the Board; (3) any dissolution or liquidation of ICE or any sale or disposition of 50% or more of ICE's assets or business; or (4) the consummation of any reorganization, merger, consolidation or share exchange or similar form of corporate transaction involving ICE, unless (a) the persons who were the beneficial owners of outstanding ICE securities eligible to vote in an election of directors immediately before the consummation of such transaction hold more than 60% of the voting power of (y) the successor or survivor corporation in such transaction or (z) if applicable, the ultimate parent corporation that directly or indirectly has beneficial ownership of at least 95% of the voting power of the successor or survivor corporation, and (b) each such person holds such securities in substantially the same proportion immediately following the consummation of such transaction as each such person had held immediately prior to the consummation of such transaction.

Performance Awards

Section 162(m) of the Code generally limits ICE's tax deductions with respect to compensation in excess of \$1 million per year paid to our chief executive officer and three other most highly compensated executive officers (other than our chief financial officer), subject to certain exceptions. The 2017 Employee Plan is

Table of Contents

intended to allow the issuance of awards that satisfy the performance-based compensation exception under Section 162(m) of the Code (Performance Awards) in the case of awards that are subject to the attainment of one or more of the following performance criteria: earnings; earnings per share; earnings before interest, taxes, depreciation and amortization; revenue or net revenue measures; gross profit or operating profit measures (including before or after taxes and including profit growth and profit-related return ratios); cost management; dividend payout ratios; market share measures; economic value added; cash flow; return measures (including return on capital, invested capital, total capital, tangible capital, expenses, tangible expenses, equity, revenue, investment, assets, or net assets or total shareholder return or similar measures); increase in the fair market value of ICE common stock; or changes (or the absence of changes) in the per share or aggregate fair market value of ICE common stock.

If approved, all awards may (but are not required to) be issued as Performance Awards. The performance criteria may be measured in absolute terms or relative to historic performance or the performance of other companies or an index. To the extent permissible for awards to satisfy the qualified performance-based compensation exemption under Section 162(m) of the Code, the Compensation Committee may designate additional business criteria to which the Performance Awards are subject or provide for objectively determinable adjustments, modifications or amendments to any of the performance criteria described above (including for one or more items of gain, loss, profit or expense: (1) determined to be extraordinary or unusual in nature or infrequent in occurrence, (2) related to the acquisition or disposal of a segment of a business, (3) related to a change in accounting principle under Generally Accepted Accounting Principles, (4) related to discontinued operations that do not qualify as a segment of business under Generally Accepted Accounting Principles or (5) attributable to the business operations of any entity acquired by ICE during the fiscal year).

U.S. Federal Income Tax Implications of Awards

The following is a brief description of the U.S. federal income tax consequences generally arising with respect to the grant of stock options, stock appreciation rights, restricted stock and restricted stock units. This summary is not intended to (and does not) constitute tax advice to recipients of awards and is not intended to be exhaustive and, among other things, does not describe state, local or foreign tax consequences. Recipients are advised to consult with their own independent tax advisors with respect to the specific tax consequences that, in light of their particular circumstances, might arise in connection with their receipt of awards under the 2017 Employee Plan, including any state, local or foreign tax consequences and the effect, if any, of gift, estate and inheritance taxes.

Non-qualified Stock Options and Stock Appreciation Rights. The grant of a non-qualified stock option or stock appreciation right will create no tax consequences for the recipient or ICE at the grant date. Upon exercising such an option or stock appreciation right, the recipient will recognize ordinary income equal to the excess of the fair market value of the vested shares of ICE common stock (and/or cash or other property) acquired on the date of exercise over the exercise price, and will be subject to FICA tax in respect of such amounts. A recipient's disposition of common stock acquired upon the exercise of a non-qualified option or stock appreciation right generally will result in short-term or long-term capital gain or loss measured by the difference between the sale price and the recipient's tax basis in such shares (the tax basis in the acquired shares of common stock generally being the exercise price plus any amount recognized as ordinary income in connection with the exercise of the option).

Incentive Stock Options. A recipient will not recognize taxable income upon exercising an incentive stock option except that the alternative minimum tax may apply. If a recipient holds the common stock acquired under the incentive stock option for at least two years from the grant date and one year from the exercise date (the Required Holding Period), the recipient's subsequent disposition of such common stock generally will result in long-term capital gain or loss measured by the difference between the sale price and the recipient's tax basis in such shares (the tax basis in acquired shares of common stock for which the Required Holding Period is met generally being the exercise price of the incentive stock option). Upon a disposition of common stock acquired upon exercise of an incentive stock option before the end of the Required Holding Period, the recipient generally will recognize ordinary income equal to the lesser of (i) the excess of the fair market value of the common stock

Table of Contents

at the date of exercise of the incentive stock option over the exercise price or (ii) the amount realized upon the disposition of the incentive stock option common stock over the exercise price.

Restricted Stock. The recipient of an award of restricted stock will not recognize ordinary income at grant unless the award is vested at grant or the recipient makes the election referred to below. Instead, when the restricted stock vests, the recipient will recognize ordinary income equal to the fair market value of the common stock on the vesting date less any amount the recipient paid for the restricted stock, and such income will be subject to FICA taxation. The recipient's basis in the common stock received generally will be equal to the fair market value of ICE common stock on the date the restricted stock vests, and the recipient's holding period in such common stock begins on the day after the restricted stock vests.

Restricted Stock Units. A recipient of a restricted stock unit (whether time-vested or subject to achievement of performance goals) will not be subject to taxation at grant. Instead, a recipient will be subject to FICA taxation at the time any portion of such award vests and will be subject to income tax at ordinary rates on the fair market value of the common stock or the amount of cash received on the date of delivery in settlement of the restricted stock unit. The recipient's tax basis for purposes of determining any subsequent gain or loss from the sale of the common stock will be equal to the fair market value of the common stock (if any) received on the delivery date, and the recipient's holding period will begin at the delivery date. Gain or loss resulting from any sale of common stock delivered to a recipient will be treated as long- or short-term capital gain or loss depending on the length of the holding period.

Deduction. ICE generally will be entitled to a tax deduction equal to the amount recognized as ordinary income by the recipient in connection with the delivery of common stock (or cash) pursuant to an award of restricted stock or restricted stock units, or the exercise of a stock option or stock appreciation right. ICE will not be entitled to any tax deduction with respect to an incentive stock option if the recipient holds the common stock for the Required Holding Period prior to disposition of the common stock, and is generally not entitled to a tax deduction with respect to any amount that represents a capital gain to a recipient or that represents compensation in excess of \$1 million paid to covered employees that is not qualified performance-based compensation under Section 162(m) of the Code. For this purpose, a covered employee means our chief executive officer and our three highest compensated employees other than the chief executive officer and the chief financial officer (based on compensation reported to our stockholders). The 2017 Employee Plan is intended to satisfy the performance-based compensation exception under Section 162(m) of the Code with respect to stock options, stock appreciation rights and other awards that are subject to the achievement of performance goals.

Additional Medicare Tax. A recipient will also be subject to a 3.8% tax on the lesser of (i) the recipient's net investment income for the relevant taxable year and (ii) the excess of the recipient's modified adjusted gross income for the taxable year over a certain threshold (between \$125,000 and \$250,000, depending on the recipient's circumstances). The recipient's net investment income generally includes net gains from the disposition of shares. Recipients are urged to consult their tax advisors regarding the applicability of this Medicare tax to their income and gains in respect of their investment in the shares.

Section 409A. If an award is subject to Section 409A of the Code, but does not comply with the requirements of Section 409A of the Code, the taxable events as described above could apply earlier than described, and could result in the imposition of additional taxes and penalties. Recipients are urged to consult with their tax advisors regarding the applicability of Section 409A of the Code to their awards.

Transfer Restrictions

No award (or any rights or obligations thereunder) granted to any person under the 2017 Employee Plan may be sold, exchanged, transferred, assigned, pledged, hypothecated or otherwise disposed of or hedged (including through the use of any cash-settled instrument), other than by will or by the laws of descent and distribution. All awards (and any rights thereunder) will be exercisable during the life of the recipient only by the recipient or by the recipient's legal representative.

Table of Contents**Clawback/Recoupment**

Awards under the 2017 Employee Plan may be subject to recoupment or clawback as may be required by applicable law, or ICE's recoupment or clawback policy as it may be amended from time to time.

Amendment and Termination

Generally, the Board may from time to time suspend, discontinue, revise or amend the 2017 Employee Plan. In general, the Board may, but is not required to, seek stockholder approval of amendments to the 2017 Employee Plan. The Board, however, must submit amendments to the 2017 Employee Plan to stockholders if required by applicable law, regulation or rule of a securities exchange or if the amendment would reduce the exercise price of outstanding stock options or stock appreciation rights.

Unless earlier terminated by the Board, the 2017 Employee Plan (if approved by ICE's stockholders) will terminate on May 19, 2027, but any outstanding award will remain in effect until the underlying shares are delivered or the award lapses.

New Plan Benefits

Awards under the 2017 Employee Plan, if any, for 2017 will be subject to the Compensation Committee's discretion. As a result, we cannot determine the number or type of awards that will be granted to any participant under the 2017 Employee Plan for the 2017 fiscal year. The awards granted in 2016 under the 2013 Employee Plan, which would not have changed if the 2017 Employee Plan had been in place instead of the 2013 Employee Plan, are set forth in the table below. The awards granted in 2016 under the 2013 Omnibus Non-Employee Director Incentive Plan are also set forth in the table below.

**PROPOSAL 5 APPROVAL OF AN AMENDMENT TO THE INTERCONTINENTAL EXCHANGE, INC. 2013 OMNIBUS
NON-EMPLOYEE DIRECTOR INCENTIVE PLAN TO ADD AN AGGREGATE ANNUAL COMPENSATION LIMIT**

On March 3, 2017, upon the approval and recommendation of our Compensation Committee, our Board of Directors unanimously approved the adoption of an amendment (the Plan Amendment) to the 2013 Omnibus Non-Employee Director Incentive Plan (the 2013 Director Plan), subject to approval by our stockholders at the 2017 Annual Meeting. The 2013 Director Plan was previously approved by our stockholders on May 17, 2013. The Plan Amendment is for the sole purpose of imposing an annual limit such that the aggregate value of cash and non-cash compensation granted to any non-employee director in respect of any calendar year with respect to his or her service to ICE or a subsidiary of ICE may not exceed \$850,000. A non-employee director is a director or prospective director of ICE or any of ICE's subsidiaries who is not an employee of ICE or any of ICE's subsidiaries.

The Compensation Committee recommended, and the Board of Directors approved, the Plan Amendment in consideration of emerging best practices in corporate governance. While actual non-employee director compensation in recent years has been considerably lower than this proposed limit, the Board believes that the proposed limit provides ICE with a reasonable degree of flexibility for the remainder of the plan term to take into account market increases, make adjustments that may in the future be appropriate or necessary for the non-employee director compensation program to remain competitive and accommodate non-employee directors taking on additional roles (for example, serving on the board of directors of ICE subsidiaries and/or serving as committee chairperson).

The material terms of the 2013 Director Plan are substantially consistent with the material terms of the 2017 Employee Plan described under Proposal 4 above, except for the key differences described below. This summary of the material terms of the 2013 Director Plan is qualified in its entirety by reference to the complete text of the 2013 Director Plan, which is attached hereto as [Exhibit D](#), and the Plan Amendment, which is attached hereto as [Exhibit E](#).

Summary of the 2013 Director Plan

The purpose of the 2013 Director Plan is to attract, retain and motivate qualified and experienced individuals who may perform services for ICE as non-employee directors, to compensate them for their contributions to the long-term growth and profits of ICE and to encourage them to acquire a proprietary interest in ICE's success.

Administration

The Compensation Committee will have sole discretion to make all determinations in respect of whether and when a grantee's leave of absence from Board service or change in association with ICE or its subsidiaries results in a termination of his or her service as a non-employee director, and the impact, if any, of any such leave of absence or change in association on outstanding awards.

Eligibility

Awards may be made only to non-employee directors. As of the record date, 29 non-employee directors were eligible to receive awards under the 2013 Director Plan.

ICE Common Stock Available for Awards under the Plan

The total number of shares of ICE common stock that may be subject to awards granted under the 2013 Director Plan is one million two hundred fifty thousand (1,250,000) shares, subject to adjustment as described

Table of Contents

under Summary of the 2017 Employee Plan ICE Common Stock Available for Awards Under the Plan under Proposal 4 above. As of March 21, 2017, awards representing 67,470 shares of common stock were outstanding under the 2013 Director Plan and 1,007,200 shares of common stock remained available for grant. Each of the foregoing numbers reflects the 5-for-1 stock split that was effected in the fourth quarter of 2016.

In addition to the proposed aggregate limit on non-employee director compensation, the maximum number of shares of common stock as to which stock options, stock appreciation rights, restricted shares, restricted stock units, dividend equivalent rights and other types of stock-based or stock-related awards may be granted under the 2013 Director Plan to any one individual in any one fiscal year may not exceed a number of awards with a grant date fair value of \$500,000.

Type of Awards

Awards under the 2013 Director Plan are not subject to a minimum vesting schedule or a minimum performance period. The 2013 Director Plan provides for grants of non-qualified stock options (i.e., stock options that are not intended to be incentive stock options under Section 422 of the Code) since non-employees are not eligible for the grant of incentive stock options under the relevant provisions of the Code. The 2013 Director Plan does not specify that equivalent rights granted in connection with an award of restricted stock units will be subject to the same performance and/or service conditions that apply to such restricted stock units.

Change in Control

Unless otherwise determined by the Compensation Committee (or unless otherwise provided in the applicable award agreement), if a grantee's service as a non-employee director is terminated by ICE or any successor entity thereto on or within one year after a change in control, as defined in the 2013 Director Plan, each award granted to such grantee prior to such change in control shall become fully vested (including the lapsing of all restrictions and conditions) and, as applicable, exercisable as of the date of such termination of service, and any shares of common stock deliverable pursuant to restricted stock units shall be delivered promptly (but no later than 15 days) following such grantee's termination of service, *provided that*, as of the change in control date, any outstanding performance-based awards shall be deemed earned at the greater of the target level or actual performance level through the change in control date (or if no target level is specified, the maximum level) with respect to all open performance periods.

Section 162(m) of the Code

Compensation paid to non-employee directors is not subject to Section 162(m) of the Code. Therefore, awards granted under the 2013 Director Plan are not eligible for, and not intended to satisfy, the performance-based compensation exception under Section 162(m) of the Code.

U.S. Federal Income Tax Implications of Awards

Please see the description of the U.S. Federal Tax Implications of Awards for the 2017 Employee Plan, above, which generally applies to awards under the 2013 Director Plan. Non-employee directors, however, are not eligible to receive grants of incentive stock options, and any amounts taxable to non-employee directors in respect of awards are not subject to FICA taxation (but may instead be subject to certain self-employment taxes). In addition, since compensation paid to non-employee directors is not subject to Section 162(m) of the Code, restricted stock units, stock options and stock appreciation rights granted under the 2013 Director Plan are not eligible for, and thus not intended to satisfy, the performance-based compensation exception under Section 162(m) of the Code.

This summary is not intended to (and does not) constitute tax advice to recipients of awards and is not intended to be exhaustive and, among other things, does not describe state, local or foreign tax consequences. PROPOSALS RELATING TO ADOPTION OF OUR FOURTH AMENDED AND RESTATED CERTIFICATE OF INCORPORATION

PROPOSAL 6 APPROVAL OF THE ADOPTION OF OUR FOURTH AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO UPDATE AND STREAMLINE REFERENCES TO OUR NATIONAL SECURITIES EXCHANGE SUBSIDIARIES, THEIR MEMBERS, AND THE HOLDING COMPANIES THAT CONTROL SUCH EXCHANGES, AND DELETE REFERENCES TO CERTAIN OTHER SUBSIDIARIES

General

On March 3, 2017, our Board of Directors approved and declared advisable the Fourth Amended and Restated Certificate of Incorporation, which updates and streamlines references to our subsidiaries that are national securities exchange subsidiaries, their members, and the holding companies that control such exchanges, and deletes references to certain other subsidiaries and, as detailed in Proposal 7 below, removes an obsolete proviso cross-referencing a section of our Bylaws that was deleted after the sale of the Euronext businesses in 2014. The adoption of the Fourth Amended and Restated Certificate of Incorporation is contingent upon both the approval of the adoption by the stockholders and the approval by the SEC. The form of the Fourth Amended and Restated Certificate of Incorporation is attached to this Proxy Statement as Exhibit A, with such additions demarcated by underline and such deletions demarcated by strike-through. The general description of the proposed changes to the Third Amended and Restated Certificate of Incorporation described below is qualified in its entirety by reference to the text of the proposed Fourth Amended and Restated Certificate of Incorporation. The Board recommends that the stockholders approve the adoption of the Fourth Amended and Restated Certificate of Incorporation to update and streamline references to our national securities exchange subsidiaries, their members, and the holding companies that control such exchanges, and remove references to certain other subsidiaries.

Throughout our Third Amended and Restated Certificate of Incorporation, but most prominently within Article V, references are made to certain of our subsidiaries, including three national securities exchanges and other subsidiaries whose operations relate, or in the past related, to our national securities exchanges' operations, as well as to certain intermediate holding companies for our national securities exchange subsidiaries. The proposed amendments outlined in this Proposal 6 would narrow the references by limiting them to (i) any national securities exchange registered under Section 6 of the Exchange Act that is directly or indirectly controlled by the Company, defined as an Exchange and (ii) any entity controlled by the Company that is not itself an Exchange but that directly or indirectly controls an Exchange, defined as an Intermediate Holding Company. Eliminating the references to subsidiaries other than Exchanges and Intermediate Holding Companies is consistent with the approach taken by other public holding companies for national securities exchanges and is intended to reduce the compliance burdens on our subsidiaries while retaining the benefit of the regulatory safeguards provided by Article V. Identifying Exchanges and Intermediate Holding Companies by category rather than by name will avoid the need to amend the Fourth Amended and Restated Certificate of Incorporation when there are changes in the ownership of an Exchange or Intermediate Holding Company, such as the 2017 acquisition of the national securities exchange NYSE National, Inc., and would also avoid the delay and expense associated with the stockholder approval process (except as may be required by applicable law or the rules of any stock exchange or stock market on which the Common Stock may be listed or traded).

Additionally, current provisions that refer in detail to the various classes of members, equity trading permit holders and options trading permit holders on each of our Exchanges would be replaced with a more general definition of Member that captures all such classes. As a result of the replacement of these terms, other provisions and cross-references throughout our Third Amended and Restated Certificate of Incorporation would also be amended to conform to these changes.

Article V of our Third Amended and Restated Certificate of Incorporation imposes voting limitations and ownership concentration limitations on owners of our Common Stock above certain thresholds. Article V

Table of Contents

authorizes our Board of Directors to grant exceptions to those limitations if it makes certain determinations. Currently those include determinations that such an exception would not impair our ability to perform our, or the ability of our national securities exchange subsidiaries, certain of our other subsidiaries and their intermediate holding companies to perform their respective responsibilities under the Exchange Act and the rules and regulations thereunder, and that such an exception is otherwise in our best interests and the best interests of our stockholders and the identified subsidiaries. The proposed amendments would eliminate from these determinations the need to consider any subsidiaries other than Exchanges and Intermediate Holding Companies. This reduction in matters to be considered might under certain circumstances permit our Board of Directors to approve an exception to the voting or ownership concentration limit where it would not be able to under our Third Amended and Restated Certificate of Incorporation. However, any such exception remains in the discretion of the Board of Directors, and the Board of Directors would continue to be able to take into account any factors it considers relevant. The proposed changes will also enable us to add to or shorten the list of our Exchanges or Intermediate Holding Companies without having to amend our Certificate of Incorporation, which would require stockholder approval. Any such changes, however, will remain subject to approval by the Board of Directors of ICE and the SEC.

Review and Approval by the SEC

As the owner of national securities exchanges (including the NYSE), ICE is required to obtain approval from the SEC for any amendments to its Certificate of Incorporation. ICE has begun the process for obtaining approval from the SEC, but has not yet received it. If Proposal 6 and Proposal 7 are approved at the Annual Meeting, our Fourth Amended and Restated Certificate of Incorporation will be adopted by our stockholders, and if approved by the SEC, the Fourth Amended and Restated Certificate of Incorporation will be filed with the Secretary of State of the State of Delaware and become effective at the time stated in such filing.

Vote Required

Approval of the adoption of our Fourth Amended and Restated Certificate of Incorporation to update and streamline references to our national securities exchange subsidiaries, their members, and the holding companies that control such exchanges, and delete references to certain other subsidiaries requires, in accordance with Article X of our Third Amended and Restated Certificate of Incorporation, the affirmative vote of the holders of not less than 66 2/3% of the outstanding shares of Common Stock entitled to vote thereon.

If you abstain from voting on this matter, your abstention will have the same effect as a vote against the approval of the adoption of our Fourth Amended and Restated Certificate of Incorporation to update and streamline references to our national securities exchange subsidiaries, their members, and the holding companies that control such exchanges, and delete references to certain other subsidiaries. If you hold your shares through a broker and you do not instruct the broker on how to vote on this Proposal 6 within a specified period of time prior to the meeting, your broker has the authority to vote your shares. Abstentions and broker non-votes will be counted as present for purposes of determining the presence of a quorum.

The approval of each of Proposal 6 and 7 is required to approve the adoption of our Fourth Amended and Restated Certificate of Incorporation. Accordingly, each of Proposal 6 and Proposal 7 is dependent on, and cross-conditioned upon, the approval of each such proposal, and none of such proposals will be implemented unless they are all approved at the Annual Meeting. The approval of Proposal 6 and Proposal 7 collectively shall constitute the requisite approval of the adoption of our Fourth Amended and Restated Certificate of Incorporation, attached to this Proxy Statement as Exhibit A, as required under Delaware law.

Directors Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE ADOPTION OF OUR FOURTH AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO UPDATE AND STREAMLINE REFERENCES TO OUR NATIONAL SECURITIES EXCHANGE SUBSIDIARIES, THEIR MEMBERS, AND THE HOLDING COMPANIES THAT CONTROL SUCH EXCHANGES AND DELETE REFERENCES TO CERTAIN OTHER SUBSIDIARIES.

PROPOSAL 7 APPROVAL OF THE ADOPTION OF OUR FOURTH AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO REMOVE AN OBSOLETE PROVISIO CROSS-REFERENCING A SECTION OF OUR BYLAWS THAT WAS DELETED AFTER THE SALE OF THE EURONEXT BUSINESS IN 2014

General

On March 3, 2017, our Board of Directors approved and declared advisable the Fourth Amended and Restated Certificate of Incorporation, which in addition to updating and streamlining references to our national securities exchange subsidiaries, their members, and the holding companies that control such exchanges and removing references to certain other subsidiaries, as noted above in Proposal 6, also removes an obsolete proviso cross-referencing a section of our Bylaws that was deleted after the sale of the Euronext businesses in 2014. The adoption of the Fourth Amended and Restated Certificate of Incorporation is contingent upon both the approval of the adoption by the stockholders and the approval by the SEC. The form of the Fourth Amended and Restated Certificate of Incorporation is attached to this Proxy Statement as Exhibit A, with such additions demarcated by underline and such deletions demarcated by strike-through. The general description of the proposed changes to the Third Amended and Restated Certificate of Incorporation described below is qualified in its entirety by reference to the text of the proposed Fourth Amended and Restated Certificate of Incorporation. The Board recommends that the stockholders approve the adoption of the Fourth Amended and Restated Certificate of Incorporation to remove an obsolete proviso cross-referencing a section of our Bylaws that was deleted after the sale of the Euronext business in 2014.

Article X, clause (A) of our Third Amended and Restated Certificate of Incorporation currently provides that no provision of clause (A) of ARTICLE X shall be amended, modified or repealed, and no provision inconsistent with any such provision shall become part of this Amended and Restated Certificate of Incorporation, unless such matter is approved by the affirmative vote of the holders of not less than 66 2/3% of the voting power of all outstanding shares of Common Stock of the Corporation and all other outstanding shares of stock of the Corporation entitled to vote on such matter, with such outstanding shares of Common Stock and other stock considered for this purpose as a single class and then qualifies that requirement by adding provided that, in the case of an amendment seeking to reduce the minimum percentage of votes specified in Section 11.2(b) of the bylaws or which would have the effect of enabling or facilitating such reduction, the minimum percentage applicable shall be 80% . Following the sale of the Euronext business in 2014, we amended and restated our Fourth Amended and Restated Bylaws to remove Section 11.2(b) and other provisions relevant to our former relationship with Euronext. As a result, the qualification making reference to Section 11.2(b) of the Bylaws is obsolete. As part of our changes to our Third Amended and Restated Certificate as described above in Proposal 6, we are also proposing this non-substantive change to conform our Certificate of Incorporation with our Bylaws by removing the obsolete reference.

The change to remove the above proviso from Article X, clause (A) of our Third Amended and Restated Certificate of Incorporation will have no effect on the rights of our stockholders given that such provision has already been stricken from our Bylaws.

Review and Approval by the SEC

As the owner of national securities exchanges (including the NYSE), ICE is required to obtain approval from the SEC for any amendments to its Certificate of Incorporation. ICE has begun the process for obtaining approval from the SEC, but has not yet received it. If Proposal 6 and Proposal 7 are approved at the Annual Meeting, our Fourth Amended and Restated Certificate of Incorporation will be adopted by our stockholders, and if approved by the SEC, the Fourth Amended and Restated Certificate of Incorporation will be filed with the Secretary of State of the State of Delaware and become effective at the time stated in such filing.

If you abstain from voting on this matter, your abstention will have the same effect as a vote against the approval of the adoption of our Fourth Amended and Restated Certificate of Incorporation to remove an obsolete proviso cross-referencing a section of our Bylaws that was deleted after the sale of the Euronext business in 2014. AUDIT MATTERS

AUDIT COMMITTEE REPORT

The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities relating to the quality and integrity of our financial reporting, compliance with legal and regulatory requirements, systems of internal controls, qualifications and independence of our independent registered public accounting firm, performance of our internal audit function and independent auditors, financial reporting processes and such other functions as the Board may assign from time to time. The Audit Committee is responsible for the appointment, compensation, which includes the fee negotiation, and oversight of the external auditor. The Audit Committee periodically assesses the work performed by Ernst & Young LLP to ensure a high quality of work is provided to us and, in 2015, considered the pros and cons of switching our external auditor. The Audit Committee also works with our management team in selecting the lead partner on our account and met with the current lead partner before he was put in that role. Our current lead partner has been in that position for us since 2014.

Our Board of Directors has adopted an Audit Committee Charter, which sets forth the responsibilities of the Audit Committee. A copy of the Audit Committee Charter is available on our website at www.intercontinentalexchange.com. The Audit Committee held eight meetings during the fiscal year ended December 31, 2016. The Audit Committee reviewed and discussed with management and Ernst & Young LLP our audited financial statements for the fiscal year ended December 31, 2016. The Committee has also discussed with our independent public registered accounting firm the matters required to be discussed by the Public Company Accounting Oversight Board (the PCAOB) AU Section No. 380, as currently in effect.

The Audit Committee also received the written disclosures and the letter from Ernst & Young LLP required by Rule 3526 of the PCAOB (Communications with Audit Committees Concerning Independence) and has discussed with Ernst & Young LLP its independence. The Audit Committee reviewed the audit and non-audit services provided by Ernst & Young LLP for the fiscal year ended December 31, 2016 and determined to engage Ernst & Young LLP as the independent registered public accounting firm of ICE for the fiscal year ending December 31, 2017. The Audit Committee meets to review and approve the financial information in each of our quarterly reports on Form 10-Q and our annual report on Form 10-K. During these meetings, the Audit Committee reviews any accounting issues and events that arose during the quarter, reviews legal matters that may impact our financial statements, reviews our earnings press release, meets with representatives of our internal audit department to discuss Sarbanes-Oxley matters and the status of internal audits and discusses the audit or review process conducted by Ernst & Young LLP.

Based upon the Audit Committee's review of the audited financial statements and the discussions noted above, the Audit Committee recommended that the Board of Directors include the audited financial statements in our Annual Report on Form 10-K for the fiscal year ended December 31, 2016 for filing with the SEC.

The Audit Committee of our Board of Directors, in accordance with its charter and authority delegated to it by the Board of Directors, has appointed the firm of Ernst & Young LLP to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2017, and the Board of Directors has directed that such appointment be submitted to our stockholders for ratification at the Annual Meeting. Ernst & Young LLP has audited our financial statements since 2002 and is considered by our Audit Committee to be well qualified. Our organizational documents do not require that our stockholders ratify the selection of Ernst & Young LLP as our independent registered public accounting firm. We are seeking stockholder ratification because we believe doing so is good corporate practice and our Audit Committee believes appointing Ernst & Young LLP to be in the best interest of our stockholders. If the stockholders do not ratify the appointment of Ernst & Young LLP, the Audit Committee will reconsider the appointment, but may still retain Ernst & Young LLP.

Representatives of Ernst & Young LLP will be present at the Annual Meeting and will have an opportunity to make a statement if they desire to do so. They also will be available to respond to appropriate questions from stockholders.

THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS AND THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMEND THAT THE STOCKHOLDERS VOTE FOR THE PROPOSAL TO RATIFY THE APPOINTMENT OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2017.

PROPOSAL 9 STOCKHOLDER PROPOSAL REGARDING THE PREPARATION OF A REPORT ASSESSING ENVIRONMENTAL, SOCIAL AND GOVERNANCE MARKET DISCLOSURE EXPECTATIONS

ICE has been advised that Domini Social Equity Fund, 532 Broadway, 9th Floor, New York, NY 10012, a beneficial owner of at least \$2,000 in market value of the Company's Common Stock, represented by 195 shares of Common Stock, intends to present the following resolution for approval at the Annual Meeting. In accordance with the applicable proxy regulations, the text of the proponent's proposal and supporting statement, for which we accept no responsibility, are set forth immediately below and under "Supporting Statement" on this page. The Board has recommended a vote against the proposal for the reasons set forth following the supporting statement.

Supporting Statement

WHEREAS: Managing and reporting environmental, social and governance (ESG) business practices assists companies to compete in a global business environment characterized by finite natural resources, changing legislation, and heightened public expectations. ESG reporting allows both companies and investment products to publicize and gain strategic value from existing sustainability efforts while identifying both emerging risks and potential opportunities. Without proper disclosure, analysts have difficulty comparing businesses or investment products. Without such disclosure, analysts cannot ascertain each investment's ESG exposure in a manner that minimizes material risks.

To remain competitive, regulated exchanges, marketplaces, and clearing houses should be aware of current market trends that influence their ability to attract both listed companies and investment products such as futures, derivatives, indices, and commodities. Some peer regulated exchanges, marketplaces, and clearing houses have already launched sustainability initiatives that train issuers on best practices in ESG reporting, or that produce recommendations, rules or guidance on such disclosure.

Moreover, the London Stock Exchange requires listed companies on its main exchange (1,600 companies) to report total greenhouse gas (GHG) emissions. The Hong Kong Exchanges and Clearing Limited recommends issuers disclose company performance on over a dozen sustainability criteria. The Johannesburg Stock Exchange asks issuers to complete, on a "comply or explain" basis, one integrated report that combines both financial and ESG information. The Singapore Stock Exchange implemented a successful ESG reporting approach on a comply-or-explain basis beginning in 2016. Furthermore, NASDAQ OMX and Intercontinental Exchange, Inc.'s NYSE Euronext joined the Sustainable Stock Exchanges Initiative, where they pledged to work with issuers to improve ESG performance and reporting. Although the World Federation of Exchanges has produced draft ESG guidance for its members and members of the Sustainable Stock Exchanges Initiative have committed to act by the end of 2016, Intercontinental Exchange has not made any such commitment.

In March 2014, over 100 institutional investors collaborated with Ceres Investor Network on Climate Risk to produce a proposal for a listing standard for regulated exchanges on ESG reporting (<http://www.ceres.org/resources/reports/incr-listing-standards-drafting-committee-consultation-paper-proposed-sustainability-disclosure-listing-standard>). Since then numerous reports have been published assessing the ESG practices of certain regulated exchanges, marketplaces, and clearing houses. Proponents therefore suggest it is valuable for Intercontinental Exchange, Inc., and its Board, to better understand the disclosure trends and best practices in this field to stay abreast of market expectations.

RESOLVED: That shareholders request that our Board of Directors prepare a report assessing the current global expectations by investors for ESG market disclosure, and report to shareholders, by November 2017, its findings and the Board's recommended steps (if any, or its reasons for declining to make recommendations, if any) for encouraging ESG disclosure in the markets where Intercontinental Exchange, Inc. does business. The report should be prepared at a reasonable cost, omitting proprietary information.

Statement by Our Board of Directors Against the Stockholder Proposal

ICE owns and operates 12 exchanges and 6 clearing houses globally and is firmly committed to environmental, social and governance (ESG) considerations in support of transparency and long-term shareholder value creation. We recognize the importance of ESG considerations in conducting our business, in listing new derivative products for trading, and in acting as a platform for companies listed on the NYSE to share insights, highlight achievements and gain information. While well intentioned, for the reasons stated below, we firmly oppose the stockholder proposal as being misplaced and not relevant to creating shareholder value within our business. Our Board of Directors believes that this report is not necessary because (i) we are already aware of ESG disclosure expectations and (ii) we are currently active in promoting their development in a cost effective way.

(i) The following demonstrates the vast array of factors determining ESG disclosure expectations and the corresponding reporting practices:

The SEC requires that publicly held companies provide disclosure regarding exposure to material risks in its Risk Factors information and disclosure regarding known trends, events and uncertainties that are reasonably likely to have material effects on the company's business, financial position or results of operations in its Management's Discussion and Analysis information. These disclosures would cover situations that relate to material ESG matters.

Two primary stock exchange initiatives that NYSE actively participates in are the World Federation of Exchanges (WFE) Sustainability Working Group and U.N. Sustainable Stock Exchange Initiative (UN SSEI).

As a listings venue, NYSE has both communicated the WFE Sustainability Working Group Exchange Guidance and Recommendations and communicated its commitment to the UN SSEI, which offers recommendations for issuers in their endeavors for ESG reporting.

The UN SSEI published model guidance on ESG disclosure in September 2015 and the WFE Sustainability Working Group published its recommendations for ESG disclosure for exchanges and listed companies in October 2015.

Because a one-size fits-all approach to ESG reporting is difficult to apply across diverse companies, corporate boards and executive management teams of listed companies are best placed to determine the reporting that their companies should put in place to further the understanding of the business by stakeholders. What may be material ESG disclosure in one business sector may not be deemed material ESG disclosure in another business sector. The Sustainability Accounting Standards Board (SASB) has developed industry-specific standards and materiality metrics that are designed to provide sector-specific reporting standards to address some of these difficulties and make it easier for companies and investors to compare disclosure topics across different sectors.

Generally, companies are incentivized to provide transparency and ESG data to be included in ESG-related indices, which are investible in some cases, and other reports and studies where ratings are assigned to issuers based on their ESG practices.

We are hearing from companies that they are getting multiple requests from multiple sources on ESG data and are therefore expending resources inefficiently (aka survey fatigue). Hence, market driven initiatives like the WFE and UN SSEI help companies too, not just investors.

We believe we are taking meaningful steps to encourage ESG disclosure and are doing so in a fashion consistent with the desires and feedback from our stockholders, customers and the NYSE listed companies, as discussed below. Further, ICE is committed to building on its ESG reporting. In March 2016, we published our first Corporate Responsibility Report and we issued our second annual Corporate Responsibility Report in March 2017.

Edgar Filing: Intercontinental Exchange, Inc. - Form DEF 14A

We have a track record of focus on ESG matters from our inception: we adopted board independence when we were a privately held company, we are active in our communities, we drive strong governance across our

Table of Contents

corporate and subsidiary boards, and we actively invest in the environment. In addition, in 2003, we began listing environmental products and in 2010, we acquired the Climate Exchange plc for approximately \$600 million, representing the largest investment in environmental markets of any exchange globally. Today we remain the leading provider and innovator in supporting global carbon markets and environmental products.

We believe the ultimate goal of this stockholder proposal is to compel NYSE to develop listing standards that apply to all companies listed on the NYSE. We do not believe that developing mandatory listing standards would be beneficial to our business, and therefore to our stockholders, and would also not be beneficial to our listed companies who are better situated to assess appropriate ESG disclosure related to their businesses, as discussed above. In addition, shareholders and stakeholders of listed companies have standing to voice their concerns to listed companies regarding ESG disclosure. Proxy rules allow for stockholders who have invested in individual companies to work directly with those companies to effect ESG disclosure changes. This, as opposed to an arbitrary one-size-fits-all listing standard, which would be difficult to apply across diverse companies, is the appropriate vehicle for ESG dialog. The goal of equity listing venues should first and foremost be providing an efficient venue for capital formation and liquid trading of securities.

As the owner of the NYSE, we understand our dual role as a publicly-traded company and our role as a resource for our listed companies in supporting their disclosure needs. As such, we have taken a number of steps, and plan to take additional steps, to increase the visibility of our sustainability efforts and to encourage our listed companies to provide ESG disclosure where such disclosure is material to their business.

(ii) Below are selected ESG-related actions that ICE has either taken or plans to take in the near future:

We have been a member of the UN SSEI since 2013, and plan to continue our involvement and support of this group. As noted above, and in connection with our membership, we have published a communication to stakeholders that discusses our commitment and the commitment of our subsidiary, the NYSE, to support material ESG disclosure for listed companies. This communication is published on our website at <https://www.intercontinentalexchange.com/about/corporate-responsibility/SSE> and <https://www.nyse.com/sustainability/SSE>. We also state our commitment to support the efforts of listed companies through communication and education on ESG disclosure.

ICE has been a member of the WFE's Sustainability Working Group since 2014 and will continue our involvement and support of this group and the work that it is doing on assessing global expectations for ESG and developing guidance and recommendations for exchanges and listed companies around the world. We have also promoted the WFE guidance on our website, as noted above.

To serve as a resource about ESG disclosure, we have created a section on our website that provides an easily accessible central repository for issuers (and the public) to locate information on third-party resources regarding ESG disclosure. We will continue to update these resources as best practices evolve so that our listed companies can stay abreast of market expectations. We believe that the provision of these resources, together with active engagement between listed companies and their stakeholders about the specifics of their business, strikes the proper balance in encouraging ESG disclosure.

We have made a commitment that ESG disclosure will continue to be a topic that is part of NYSE's discussions with listed companies. We have, and will continue to achieve this commitment, through educational events with issuers and at meetings with listed companies. For example, ESG disclosure will continue to be an agenda topic at our Investor Relations Summit, as well as at similar conferences, where both recognition and education occur.

We will continue to convene NYSE-listed company and ESG community thought leadership events that leverage the collective experience and knowledge of listed companies to foster practical application of ESG reporting and business practices.

The large volume of third-party information accessible on our website demonstrates that a wealth of resources already exists on the topic of investors' expectations on ESG disclosure, along with assessments, guidance and disclosure frameworks. The stockholder proposal asks that ICE prepare a new report assessing global expectations by investors for ESG disclosure. While we, as the parent company of NYSE, strive to help

Table of Contents

the investing community where appropriate, we believe we adequately do so while also striking a balance between the other needs of our stockholders and customers.

As a current member of the WFE's Sustainability Working Group and the UN SSEI, we are involved, as are other global stock exchanges, in developing guidance and recommendations on ESG matters for consideration by stock exchanges and listed companies across the world. We believe that based on currently available information and information that is being developed by groups like the WFE, UN SSEI and other industry experts and coalitions, it is unnecessary for our Board of Directors to prepare an additional report on ESG disclosure as requested in the stockholder proposal.

As a publicly-traded company, we have a duty to our stockholders to use our resources in a strategic manner that will bring long term value to our investors. In order to conduct an effective global survey of investors it would require the investment of significant funds and management time. The Board of Directors believes that producing the report requested by the stockholder proposal would not be an effective use of the Company's resources and would not produce meaningful new information regarding investor expectations on ESG disclosure when compared to information that already exists in the marketplace. Working groups like the WFE and UN SSEI have the level of staff, expertise in designing and executing surveys, access to global investor lists, strong topical expertise and free access to thought leaders from ESG organizations that make them well equipped to conduct these specialized ESG surveys to produce a neutral, data driven report that the stockholder proposal is requesting. We believe that where our Company can have the most impact is by doing what we are already doing, and that is providing easy access to information on evolving ESG disclosure trends and best practices, and educate our exchanges on ESG matters such that listed companies can evaluate and develop their disclosure appropriately.

The Company believes that by working with its subsidiaries to increase the visibility of ICE's current efforts and education on ESG disclosure, and by exploring additional ways to support ICE's listed companies in their ESG disclosure, we will achieve the ultimate goals of the stockholder proposal in a more efficient and fair manner that is consistent with our obligation to create long term value on behalf of our stockholders. We plan to continually evaluate the needs of our listed companies and requests of our stockholders related to ESG matters. For the above reasons, we ask our stockholders to vote against the stockholder proposal.

Directors' Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE AGAINST THE STOCKHOLDER PROPOSAL REGARDING THE PREPARATION OF A REPORT BY OUR BOARD OF DIRECTORS ASSESSING THE CURRENT GLOBAL EXPECTATIONS BY INVESTORS FOR ESG MARKET DISCLOSURE.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our Board of Directors has delegated to the Nominating and Corporate Governance Committee the authority to review and approve all transactions between us and one or more of our directors, or between us and any corporation, partnership, association or other organization in which one or more of our directors or officers serve as a director or officer or have a financial interest. In addition, our Global Code of Business Conduct, which applies to all employees, officers and directors, generally prohibits conflicts of interests and requires that such conflicts in all cases should be discussed with management (or the Chief Executive Officer, in the case of conflicts related to outside employment or board membership). The Nominating and Corporate Governance Committee reports the findings of any review and its determinations regarding transactions with related persons to the full Board of Directors.

Our Board of Directors has also adopted a formal, written related-party transactions approval policy that provides that the Nominating and Corporate Governance Committee or the Board of Directors will review and approve transactions in excess of \$120,000 in value in which we participate and in which a director, executive officer or 5% stockholder (or immediate family member of any of the foregoing) has or will have a direct or indirect material interest. Under this policy, the Nominating and Corporate Governance Committee or the Board of Directors, as applicable, will be provided with the significant details of each related-party transaction, including the material terms of the transaction and the benefits to ICE and to the relevant related party, as well as any other information it believes to be relevant to review and approve these transactions. In determining whether to approve a related-party transaction, the Nominating and Corporate Governance Committee or the Board of Directors, as applicable, will consider, among other factors:

whether the terms of the transaction are fair to ICE;

whether there are business reasons for ICE to enter into the transaction;

whether the transaction would impair the independence of a non-employee director; and

whether the transaction presents an impermissible conflict of interest, taking into account the size of the transaction, the financial position of the director, officer or related party, the nature of his or her interest in the transaction, and the ongoing nature of the transaction.

After consideration of the relevant information, the Board of Directors may approve only those related-party transactions that it determines are not inconsistent with the best interests of ICE. This policy also includes categorical standards providing that specified types of transactions will be deemed not to be inconsistent with the best interests of ICE.

Relationships with Our Stockholders

Registration Rights

As a part of the transactions surrounding our formation, we entered into an agreement with our predecessor company, CPEX, on May 11, 2000. Our Chief Executive Officer, Mr. Sprecher, owns all the equity interests in CPEX. Pursuant to the agreement, CPEX conveyed all of its assets and liabilities to us. These assets included intellectual property that we used to develop our electronic platform. In return, we issued to CPEX an equity interest in our business and we agreed to give CPEX a put option, by which CPEX could require us to buy its equity interest in our business at the purchase price equal to the greater of our fair market value or \$5 million. In connection with our initial public offering, in October 2005 we entered an agreement with CPEX and Mr. Sprecher to terminate the put option upon the closing of our initial public offering. In connection with the termination of the put option, we amended certain registration rights previously granted to CPEX, which as of March 21, 2017 owns 3,791,705 shares of our Common Stock. Under this agreement, CPEX is entitled to require us to register for resale into the public market its Common Stock if Mr. Sprecher's employment with us has been terminated. In addition, we may be obligated to pay the expenses of registration of such shares, including underwriters' discounts up to a maximum of \$4.5 million.

SECTION 16(A) OF THE SECURITIES EXCHANGE ACT

BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act and regulations of the SEC require our directors, officers and persons who own more than 10% of a registered class of our equity securities, as well as certain affiliates of such persons, to file initial reports of their ownership of our equity securities and subsequent reports of changes in such ownership with the SEC. Directors, officers and persons owning more than 10% of a registered class of our equity securities are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file. Based solely on our review of the copies of such reports provided by the reporting persons or their respective brokers and on information known to us regarding changes in ownership, we believe that during the fiscal year ended December 31, 2016, our directors, officers and owners of more than 10% of a registered class of our equity securities complied with all applicable filing requirements except for a late filing for Messrs. Crisp, Forneri, Hatfield and Salerno for a transaction that occurred on May 24, 2016 that was not reported until May 31, 2016. In addition, on February 26, 2016, an amended Form 4 was filed for Mr. Sprecher to correct the options exercised by the reporting person's spouse that were timely reported in the original Form 4 filing on February 25, 2015.

What are the voting and ownership limitations?

Our Third Amended and Restated Certificate of Incorporation places certain ownership and voting limits on the holders of our Common Stock. Capitalized terms used below and not otherwise defined in this Proxy Statement are defined in Exhibit B to this Proxy Statement. Under our Third Amended and Restated Certificate of Incorporation:

No Person (either alone or together with its Related Persons) may beneficially own shares of our Common Stock representing in the aggregate more than 20% of the total number of votes entitled to be cast on any matter; and

No Person (either alone or together with its Related Persons) shall be entitled to vote or cause the voting of shares of our Common Stock representing in the aggregate more than 10% of the total number of votes entitled to be cast on any matter, and no Person (either alone or together with its Related Persons) may acquire the ability to vote more than 10% of the total number of votes entitled to be cast on any matter by virtue of agreements entered into by other persons not to vote shares of our outstanding capital stock.

In the event that a Person, either alone or together with its Related Persons, beneficially owns shares of our Common Stock representing more than 20% of the total number of votes entitled to be cast on any matter, such Person and its Related Persons shall be obligated to sell promptly, and ICE shall be obligated to purchase promptly, at a price equal to the par value of such shares of Common Stock and to the extent that funds are legally available for such purchase, that number of shares of our Common Stock necessary so that such Person, together with its Related Persons, shall beneficially own shares of our Common Stock representing in the aggregate no more than 20% of the total number of votes entitled to be cast on any matter, after taking into account that such repurchased shares shall become treasury shares and shall no longer be deemed to be outstanding.

In the event that a Person, either alone or together with its Related Persons, possesses more than 10% of the total number of votes entitled to be cast on any matter (including if it possesses this voting power by virtue of agreements entered into by other Persons not to vote shares of our outstanding capital stock), then such Person, either alone or together with its Related Persons, will not be entitled to vote or cause the voting of these shares of our capital stock to the extent that such shares represent in the aggregate more than 10% of the total number of votes entitled to be cast on any matter, and ICE shall disregard any such votes purported to be cast in excess of this percentage.

The voting limitations do not apply to a solicitation of a revocable proxy by or on behalf of ICE or by any officer or director of ICE acting on behalf of ICE or to a solicitation of a revocable proxy by an ICE stockholder in accordance with Regulation 14A under the Exchange Act. This exception, however, does not apply to certain solicitations by a stockholder pursuant to Rule 14a-2(b)(2) under the Exchange Act, which permits a solicitation made otherwise than on behalf of ICE where the total number of persons solicited is not more than ten.

Our Board of Directors may waive the provisions regarding ownership and voting limits by a resolution expressly permitting this ownership or voting (which resolution must be filed with and approved by the SEC prior to being effective), subject to a determination of our Board of Directors that:

the acquisition of such shares and the exercise of such voting rights, as applicable, by such Person, either alone or together with its Related Persons, will not impair:

the ability of any national securities exchange registered under Section 6 of the Exchange Act that is directly or indirectly controlled by the Company (each such national securities exchange so controlled, an Exchange), Intermediate Holding Company or the Company to discharge their responsibilities under the Exchange Act and the rules and regulations thereunder; and

the ability of the SEC to enforce the Exchange Act;

Edgar Filing: Intercontinental Exchange, Inc. - Form DEF 14A

the acquisition of such shares and the exercise of such voting rights, as applicable, is otherwise in the best interests of ICE, its stockholders and each Exchange;

Table of Contents

neither the Person obtaining the waiver nor any of its Related Persons is subject to any statutory disqualification (as defined in Section 3(a)(39) of the Exchange Act) if such Person is seeking to obtain a waiver above the 20% level; and

for so long as ICE directly or indirectly controls one or more Exchanges, neither the Person requesting the waiver nor any of its Related Persons is a Member of any Exchange.

In making these determinations, our Board of Directors may impose conditions and restrictions on the relevant stockholder or its Related Persons that it deems necessary, appropriate or desirable in furtherance of the objectives of the Exchange Act and the governance of ICE.

Our Third Amended and Restated Certificate of Incorporation also provides that our Board of Directors has the right to require any Person and its Related Persons that our Board reasonably believes to be subject to the voting or ownership restrictions summarized above, and any stockholder (including Related Persons) that at any time beneficially owns 5% or more of our outstanding capital stock, to provide to us, upon our Board's request, complete information as to all shares of our capital stock that such stockholder beneficially owns, as well as any other information relating to the applicability to such stockholder of the voting and ownership requirements outlined above.

If you are a Related Person with another holder of our Common Stock and either: (i) you (either alone or with your Related Person) may vote shares of Common Stock representing more than 10% of the then outstanding shares entitled to vote at the Annual Meeting, or (ii) you have entered into an agreement not to vote shares of our Common Stock, the effect of which agreement would be to enable any Person, either alone or with its Related Persons, to vote or cause the voting of shares of our Common Stock that represent in the aggregate more than 10% of the then outstanding votes entitled to be cast at the Annual Meeting, then please so notify ICE by contacting our Corporate Secretary by mail at Intercontinental Exchange, Inc., 5660 New Northside Drive, Third Floor, Atlanta, Georgia 30328, or by phone at 770-857-4700.

How can I view the stockholders list?

A list of the stockholders entitled to vote at the Annual Meeting will be available for inspection upon request of any stockholder for any purpose germane to the meeting at our principal executive offices, 5660 New Northside Drive, Third Floor, Atlanta, GA 30328, during the ten days prior to the Annual Meeting, during ordinary business hours, and at the Annual Meeting. To make arrangements to review the list prior to the Annual Meeting, stockholders should contact our Investor Relations department at (770) 857-4700 or investors@theice.com.

Why did I receive a Notice of Internet Availability of Proxy Materials instead of paper copies of the proxy materials?

Pursuant to the SEC Notice and Access rules, we are furnishing our proxy materials to our stockholders over the Internet instead of mailing each of our stockholders paper copies of those materials. As a result, we will send our stockholders by mail or e-mail a Notice of Internet Availability of Proxy Materials, which we refer to as the Notice, containing instructions on how to access our proxy materials over the Internet and how to vote. ***The Notice is not a ballot or proxy card and cannot be used to vote your shares of Common Stock.*** You will not receive paper copies of the proxy materials unless you request the materials by following the instructions on the Notice or on the website referred to on the Notice.

If you own shares of Common Stock in more than one account—for example, in a joint account with your spouse and in your individual brokerage account—you may have received more than one Notice. To vote all of your shares of Common Stock, please follow each of the separate proxy voting instructions that you received for your shares of Common Stock held in each of your different accounts.

We expect to send the Notice to most of our stockholders by mail or email beginning on or about March 30, 2017.

Table of Contents

What information does the Notice contain?

The Notice includes, among other matters: (i) the place, date and time of the Annual Meeting; (ii) a brief description of the proposals to be voted on at the Annual Meeting and the Board of Directors' voting recommendation with regard to each proposal; (iii) information regarding the website where the proxy materials are posted; (iv) various methods by which a stockholder may request paper or electronic copies of the proxy materials; and (v) instructions on how to vote by Internet, by telephone, by mail or in person at the Annual Meeting.

If I have previously indicated that I want to get ICE proxy materials electronically, will I get them electronically this year?

Yes. If you previously elected to receive proxy materials electronically, this year you will receive the Notice and you will not receive paper copies of the proxy materials. If you have previously agreed to electronic delivery of our proxy materials but wish to receive paper copies of the materials for the 2017 Annual Meeting or for future meetings, please follow the instructions on the Notice you received to request paper copies.

You may also vote your shares in person at the Annual Meeting. See *What do I need to do to attend the Annual Meeting?* below.

If your shares of Common Stock are held in street name (*i.e.*, through a bank, broker or other nominee), your proxy materials include a voting instruction form from the institution holding your shares. The availability of telephone or Internet voting will depend upon the institution's voting processes. Please contact the institution holding your shares of Common Stock for more information.

What do I need to do to attend the Annual Meeting and can I view the Annual Meeting without physically attending the Annual Meeting?

You may attend the Annual Meeting and vote your shares in person by ballot. If you plan to attend the Annual Meeting in person you will need to bring proof of your ownership of Common Stock as of the close of business on March 21, 2017.

If you hold shares of Common Stock in street name and would like to vote in person at the Annual Meeting, you will need to bring an account statement or other acceptable evidence of ownership of Common Stock as of the close of business on March 21, 2017. Alternatively, you may contact the institution in whose name your shares are registered and obtain a legal proxy from that institution and bring it to the Annual Meeting.

We plan to broadcast the Annual Meeting live over the Internet. You can access the Annual Meeting through the investor relations and media section of our website at www.intercontinentalexchange.com under the links Investors & Media Events & Presentations . You can also listen to the Annual Meeting live via telephone by dialing 800-769-9015 from the United States or Canada, or 212-231-2931 from outside the United States.

How can I revoke my proxy or substitute a new proxy or change my vote?

You may revoke a proxy at any time before it is exercised by:

filing a written revocation with the Secretary of ICE;

submitting a proxy bearing a later date (by Internet, telephone or mail) that is received no later than the deadline specified on the proxy card; or

voting in person at the Annual Meeting.

Please note, however, that under the rules of the NYSE, any beneficial owner of our Common Stock whose shares are held in street name by a NYSE member brokerage firm may revoke its proxy and vote its shares in person at the Annual Meeting only in accordance with applicable rules and procedures as employed by such beneficial owner's brokerage firm.

Attending the Annual Meeting will not automatically revoke a proxy that was submitted by Internet, telephone or mail.

If I submit a proxy by Internet, telephone or mail, how will my shares be voted?

If you properly submit your proxy by one of these methods, and you do not subsequently revoke your proxy, your shares will be voted in accordance with your instructions.

If you sign, date and return your proxy card but do not give voting instructions, your shares will be voted as follows: **FOR** the election of ICE's director nominees; **FOR** the advisory resolution on executive compensation; **FOR** an **ANNUAL** advisory vote on executive compensation; **FOR** the approval of the Intercontinental Exchange, Inc. 2017 Omnibus Employee Incentive Plan; **FOR** the approval of an amendment to the Intercontinental Exchange, Inc. 2013 Omnibus Non-Employee Director Incentive Plan to add an aggregate annual compensation limit; **FOR** the approval of the adoption of our Fourth Amended and Restated Certificate of Incorporation to update and streamline references to our national securities exchange subsidiaries, their members, and the holding companies that control such exchanges, and delete references to certain other subsidiaries; **FOR** the approval of the adoption of our Fourth Amended and Restated Certificate of Incorporation to remove an obsolete proviso cross-referencing a section of our Bylaws that was deleted after the sale of the Euronext business in 2014; **FOR** the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2017; **AGAINST** the stockholder proposal regarding the preparation of a report assessing ESG market disclosure expectations; and otherwise voted in accordance with the judgment of the persons voting the proxy on any other matter properly brought before the Annual Meeting.

If I hold my shares in street name through a broker and do not provide voting instructions, can my broker still vote my shares?

Under the rules of the NYSE, brokers that have not received voting instructions from their customers ten (10) days prior to the meeting date may vote their customers' shares in the brokers' discretion on (i) the adoption of our Fourth Amended and Restated Certificate of Incorporation to update and streamline references to our national securities exchange subsidiaries, their members, and the holding companies that control such exchanges, and delete references to certain other subsidiaries, (ii) the adoption of our Fourth Amended and Restated Certificate of Incorporation to remove an obsolete proviso cross-referencing a section of our Bylaws that was

Table of Contents

deleted after the sale of the Euronext business in 2014 and (iii) the ratification of the appointment of the independent registered public accounting firm because such matters are currently deemed as routine matters under NYSE rules. In addition, certain member brokers will only vote uninstructed shares in the same proportion as the instructions received by that broker from all other stockholders.

NYSE rules provide that (i) the election of directors, (ii) the advisory resolution on our executive compensation, (iii) the advisory vote on the frequency of future executive compensation votes, (iv) the approval of the Intercontinental Exchange, Inc. 2017 Omnibus Employee Incentive Plan, (v) the approval of an amendment to the Intercontinental Exchange, Inc. 2013 Omnibus Non-Employee Director Incentive Plan to add an aggregate annual compensation limit and (vi) the stockholder proposal regarding the preparation of a report assessing ESG market disclosure expectations are non-routine matters, which means that member brokers that have not received instructions from the beneficial owners of shares of Common Stock do not have discretion to vote the shares held by those beneficial owners on the election of directors and the advisory resolution on our executive compensation.

How many votes are required to transact business at the Annual Meeting?

A majority of all issued and outstanding shares of Common Stock entitled to vote at the Annual Meeting constitutes a quorum (*i.e.*, the minimum number of shares that must be present or represented by proxy at the Annual Meeting in order to transact business). Any shares in excess of the voting limits described in *What are the voting and ownership limitations?* will not count as present or outstanding for purposes of determining whether a quorum is present at the Annual Meeting unless the holder of those shares has received a waiver of the voting limits from our Board of Directors. Subject to the rules regarding the votes necessary to adopt the proposals discussed below, abstentions and broker non-votes will be counted for purposes of determining whether a quorum is present. Broker non-votes are proxies returned by brokerage firms for which no voting instructions have been received from beneficial owners. Once a share is represented for any purpose at the Annual Meeting, it will be deemed present for quorum purposes for the remainder of the meeting (including any meeting resulting from any adjournments or postponements of the Annual Meeting, unless a new record date is set).

How are votes counted?

Election of Directors

Our Bylaws provide for a majority vote standard in the election of directors in uncontested elections. This means that a majority of the votes cast by stockholders entitled to vote for or against the election of a director nominee must be voted for the director nominee in order for that director nominee to be elected. A director who fails to receive a majority of for votes will be required to tender his or her resignation. An abstention will not be treated as a vote for or against the election of any nominee and will have no effect on the outcome of the vote.

Advisory Resolution on Our Executive Compensation

From and after the repurchase date (unless default shall be made by the Corporation in providing funds for the payment of the repurchase price), shares of Repurchased Stock which have been repurchased as aforesaid shall become treasury shares and shall no longer be deemed to be outstanding, and all rights of the holder of such Repurchased Stock as a stockholder of the Corporation (except the right to receive from the Corporation the repurchase price against delivery to the Corporation of evidence of ownership of such shares) shall cease. 4. the customers and creditors of the Corporation or its subsidiaries;
5. the ability of the Corporation and its subsidiaries to provide, as a going concern, goods, services, employment opportunities and employment benefits and otherwise to contribute to the communities in which they do business;
6. the potential impact on the relationships of the Corporation or its subsidiaries with regulatory authorities and the regulatory impact generally; and
7. such other additional factors as a director may consider appropriate in such circumstances.

Nothing in this Section G of ARTICLE VI shall create any duty owed by any director, officer or employee of the Corporation to any Person to consider, or afford any particular weight to, any of the foregoing matters or to limit his or her consideration to the foregoing matters. creditor, community or regulatory authority or member thereof shall have any rights against any director, officer or employee of the Corporation or the Corporation under this Section G of ARTICLE VI.

A. **No Action by Written Consent.** No action of stockholders of the Corporation required or permitted to be taken at any annual or special meeting of stockholders of the Corporation may be taken without a meeting of stockholders, without prior notice and without a vote, and the power of stockholders of the Corporation to consent in writing to the taking of any action without a meeting is specifically denied. Notwithstanding this ARTICLE IX, the holders of any series of Preferred Stock of the Corporation shall be entitled to take action by written consent to such extent, if any, as may be provided in the terms of such series.

B. **Quorum.** At each meeting of stockholders of the Corporation, except where otherwise required by law or this Amended and Restated Certificate of Incorporation, the holders of a majority of the voting power of the outstanding shares of stock of the Corporation entitled to vote on a matter at the meeting, present in person or represented by proxy, shall constitute a quorum (it being understood that any shares in excess of the Voting Limitation or the Recalculated Voting Limitation shall not be counted as present at the meeting and shall not be counted as outstanding shares of stock of the Corporation for purposes of determining whether there is a quorum, unless and only to the extent that the Voting Limitation or the Recalculated Voting Limitation, as applicable, shall have been duly waived pursuant to Section A or Section B of ARTICLE V). For purposes of the foregoing, where a separate vote by class or classes is required for any matter, the holders of a majority of the voting power of the outstanding shares of such class or classes entitled to vote, present in person or represented by proxy, shall constitute a quorum to take action with respect to that vote on that matter. In the absence of a quorum of the holders of any class of stock of the Corporation entitled to vote on a matter, the meeting of such class may be adjourned from time to time until a quorum of such class shall be so present or represented. Shares of its own capital stock belonging to the Corporation or to another corporation, if a majority of the shares entitled to vote in the election of directors of such other corporation is held, directly or indirectly, by the Corporation, shall neither be entitled to vote nor be counted for quorum purposes; provided, however, that the foregoing shall not limit the right of the Corporation to vote stock, including but not limited to its own stock, held by it in a fiduciary capacity, provided, further, that any such shares of the Corporation's own capital stock held by it in a fiduciary capacity shall be voted by the person presiding over any vote in the same proportions as the shares of capital stock held by the other stockholders are voted (including any abstentions from voting).

If this Amended and Restated Certificate of Incorporation provides for more or less than one vote for any share of stock of the Corporation on any matter or to the extent a stockholder is prohibited pursuant to this Amended and Restated Certificate of Incorporation from casting votes with respect to any shares of stock of the Corporation, every reference in the bylaws of the Corporation to a majority or other proportion of shares of stock of the Corporation shall refer to such majority or other proportion of the aggregate votes of such shares of stock, taking into account any greater or lesser number of votes as a result of the foregoing.

An amendment, repeal or modification of the foregoing provisions of this ARTICLE XI, or the adoption of any provision in an amended or restated Certificate of Incorporation inconsistent with this ARTICLE XI, by the stockholders of the Corporation shall not apply to or adversely affect any right or protection of a director of the Corporation existing at the time of such amendment, repeal, modification or adoption.

ARTICLE XII

Indemnification

To the fullest extent permitted by applicable law, the Corporation is authorized to provide indemnification of (and advancement of expenses to) such directors, officers or agents of the Corporation (and any other persons to which Delaware law permits the Corporation to provide indemnification) through bylaw provisions, agreements with such persons, vote of stockholders or disinterested directors or otherwise, in excess of the indemnification and advancement otherwise permitted by Section 145 of the Delaware General Corporation Law as it now exists or as it may hereafter be amended, subject only to limits created by applicable Delaware law (statutory or non-statutory), with respect to actions for breach of duty to the Corporation, its stockholders and others.

GENERAL

1.1 Purpose

The purpose of the Intercontinental Exchange, Inc. 2017 Omnibus Employee Incentive Plan (as amended from time to time, the **Plan**) is to attract, retain and motivate officers and key employees (including prospective employees), consultants and others who may perform services for Intercontinental Exchange, Inc. and any Subsidiary, and any successor entity (the **Company** or **ICE**), to compensate them for their contributions to the long-term growth and profits of the Company and to encourage them to acquire a proprietary interest in the success of the Company.

This Plan replaces the Company's 2013 Omnibus Employee Incentive Plan, which was approved by the Company's stockholders at the 2013 Annual Meeting of Stockholders on May 17, 2013 (the **Prior Plan**), as amended to the Effective Date, for awards granted on or after the Effective Date. Awards may not be granted under the Prior Plan beginning on the Effective Date, but this Plan will not affect the terms or conditions of any equity award grants under the Prior Plan (or any predecessor plans) before the Effective Date. Terms not otherwise defined in context are defined in **Section 3.23**.

1.2 Administration

1.2.1 The Compensation Committee of the Board of Directors of ICE (the **Board**, and such committee as constituted from time to time, and including any successor committee, the **Committee**) will administer the Plan. In particular, the Committee will have the authority in its sole discretion to:

- (a) exercise all of the powers granted to it under the Plan;
- (b) construe, interpret and implement the Plan and all Award Agreements;
- (c) prescribe, amend and rescind rules and regulations relating to the Plan, including rules governing the Committee's own operations, rules applicable to Grantees who are foreign nationals (or employed outside the United States, or both);
- (d) make all determinations necessary or advisable in administering the Plan;
- (e) correct any defect, supply any omission and reconcile any inconsistency in the Plan;
- (f) amend the Plan to reflect changes in applicable law;
- (g) grant, or recommend to the Board for approval to grant, awards made pursuant to the Plan (**Awards**) and determine who will receive Awards, when such Awards will be granted and the terms of such Awards, including the effect of a termination of Employment on such Awards and the vesting and/or lapse of restrictions on Awards upon the attainment of Performance Goals and/or upon continued service;
- (h) amend any outstanding Award Agreement in any respect including, without limitation, to
- (1) accelerate the time or times at which (A) the Award becomes vested, unrestricted or may be exercised or (B) shares of Common Stock (**Shares**) are delivered under the Award, and in each case, without limitation on the Committee's rights, in connection with such acceleration, the Committee may

provide that any Shares acquired pursuant to such Award will be restricted shares, which are subject to vesting, transfer, forfeiture or repayment provisions similar to those in the Grantee's underlying Award,

(2) waive or amend any goals, restrictions, vesting provisions or conditions set forth in such Award Agreement, or impose new goals, restrictions, vesting provisions and conditions or

(3) reflect a change in the Grantee's circumstances (*e.g.*, a change to part-time employment status or a change in position, duties or responsibilities);

(i) determine at any time whether, to what extent and under what circumstances and method or methods

(1) Awards may be

(A) settled in cash, Shares, other securities, other Awards or other property (in which event, the Committee may specify what other effects such settlement will have on the Grantee's Award, including the effect on any repayment provisions under the Plan or Award Agreement);

(B) exercised; or

(C) canceled, forfeited or suspended;

(2) Shares, other securities, other Awards or other property and other amounts payable for an Award may be deferred either automatically or at the election of the Grantee thereof or of the Committee;

(3) to the extent permitted under applicable law, loans (whether or not secured by Common Stock) may be extended by the Company for any Awards;

(4) Awards may be settled by ICE, any of its Subsidiaries or affiliates or any of their designees; and

(5) subject to [Section 2.5.5](#), the exercise price for any stock option (other than an Incentive Stock Option, unless the Committee determines that such a stock option will no longer constitute an Incentive Stock Option) or stock appreciation right may be reset; and

(j) cause ICE to enter into an agreement with any Subsidiary pursuant to which such Subsidiary will reimburse the Company for the cost of such equity incentives.

1.2.2 Actions of the Committee may be taken by the vote of a majority of its members present at a meeting (which may be held telephonically). Any action may be taken by a written instrument signed by each of the Committee members, and action so taken will be as fully effective as if it had been taken by a vote at a meeting. The determination of the Committee on all matters relating to the Plan or any Award Agreement will be final, binding and conclusive. The Committee may allocate among its members and delegate to any person who is not a member of the Committee, or to any administrative group within the Company, any of its powers, responsibilities or duties. In delegating its authority, the Committee will consider the extent to which any delegation may cause Awards to fail to be deductible under Section 162(m) or to fail to meet the requirements of Rule 16(b)-3(d)(1) or Rule 16(b)-3(e) under the Securities Exchange Act 1934, as amended from time to time, or any successor thereto (such act and the applicable rules and regulations thereunder, the **Exchange Act**). Except as specifically provided to the contrary, references to the Committee include any administrative group, individual or individuals to whom the Committee has delegated its duties and powers.

1.2.3 Notwithstanding anything to the contrary in the Plan, the Board may, in its sole discretion, at any time and from time to time, grant Awards or administer the Plan. In any such case, the Board will have all of the authority and responsibility granted to the Committee.

1.2.4 No member of the Committee or any person to whom the Board or Committee delegates its powers, responsibilities or duties in writing, including by resolution (each such person, a **Covered Person**), will have any liability to any person (including any Grantee) for any action taken or omitted to be taken or any

determination made for the Plan or any Award, except as expressly provided by statute. Each Covered Person will be indemnified and held harmless by the Company against and from:

(a) any loss, cost, liability or expense (including attorneys' fees) that may be imposed upon or incurred by such Covered Person in connection with or resulting from any action, suit or proceeding to which such Covered Person may be a party or in which such Covered Person may be involved by reason of any action taken or omitted to be taken under the Plan or any Award Agreement, in each case, in good faith and

(b) any and all amounts paid by such Covered Person, with the Company's approval, in settlement thereof, or paid by such Covered Person in satisfaction of any judgment in any such action, suit or proceeding against such Covered Person, provided that the Company will have the right, at its own expense, to assume and defend any such action, suit or proceeding and, once the Company gives notice of its intent to assume the defense, the Company will have sole control over such defense with counsel of the Company's choice.

The foregoing right of indemnification will not be available to a Covered Person to the extent that a court of competent jurisdiction in a final judgment or other final adjudication, in either case, not subject to further appeal, determines that the acts or omissions of such Covered Person giving rise to the indemnification claim resulted from such Covered Person's bad faith, fraud or willful misconduct. The foregoing right of indemnification will not be exclusive of any other rights of indemnification to which Covered Persons may be entitled under ICE's Restated Certificate of Incorporation or Amended and Restated Bylaws, pursuant to any individual indemnification agreements between such Covered Person and the Company, as a matter of law, or otherwise, or any other power that the Company may have to indemnify such persons or hold them harmless.

1.3 Shares Available for Awards

1.3.1 **Common Stock Subject to the Plan.** Subject to the other provisions of this Section 1.3, the total number of Shares that may be granted under the Plan will be 30,000,000, plus the number of additional Shares available for future awards under the Prior Plan as of the Effective Date and the number of Shares related to awards under the Prior Plan as of the Effective Date which thereafter terminate, expire unexercised, or are forfeited, canceled or otherwise lapse for any reason (the Share Limit). Such Shares may, in the discretion of the Committee, be either authorized but unissued Shares or Shares previously issued and reacquired by the Company. In the case of a grant of a stock-settled stock appreciation right, the number of Shares available for grant under the Plan will be reduced by the full number of Shares granted under such stock appreciation right. Shares subject to awards that are assumed, converted or substituted under the Plan as a result of the Company's acquisition of another company (including by way of merger, combination or similar transaction) (Acquisition Awards) will not count against the number of Shares that may be granted under the Plan or be subject to the minimum vesting provisions in Section 2.4. Available shares under a stockholder approved plan of an acquired company (as appropriately adjusted to reflect the transaction) may be used for Awards under the Plan (subject to New York Stock Exchange rules) and do not reduce the maximum number of shares available for grant under the Plan, subject to applicable stock exchange requirements. All Shares that can be delivered under the Plan (as adjusted pursuant to Section 1.3.3) may be delivered through Incentive Stock Options.

1.3.2 **Replacement of Shares.** Shares subject to an Award that is forfeited (including any restricted shares repurchased by the Company at the same price paid by the Grantee so that such Shares are returned to the Company), expires, terminates or is settled for cash (in whole or in part), to the extent of such forfeiture, expiration, termination or cash settlement will be available for future grants of Awards under the Plan and will be added back in the same number of Shares as were deducted in respect of the grant of such Award (including in the case of stock-settled stock appreciation rights the full number of Shares underlying such stock appreciation right). The payment of dividend equivalent rights in cash in conjunction with any outstanding Awards will not be counted against the Shares available for issuance under the Plan. Shares tendered by a Grantee, repurchased by the Company using proceeds from the exercise of stock options or withheld by the Company in payment of the exercise price of a stock option or to satisfy any tax withholding obligation for an Award will not again be available for Awards.

1.3.3 **Adjustments**. The Committee will:

(a) adjust the number of Shares authorized pursuant to Section 1.3.1;

(b) adjust the individual Grantee limitations set forth in Sections 1.3.4; and

(c) adjust the terms of any outstanding Awards (including, without limitation, the number of Shares covered by each outstanding Award, the type of property or securities to which the Award relates and the exercise or strike price of any Award),

in such manner as it deems appropriate (including, without limitation, by payment of cash) to prevent the enlargement or dilution of rights, as a result of any increase or decrease in the number of issued Shares (or issuance of shares of stock other than Shares) resulting from a recapitalization, stock split, reverse stock split, stock dividend, spinoff, split up, combination, reclassification or exchange of Shares, merger, consolidation, rights offering, separation, reorganization or liquidation or any other change in the corporate structure or Shares, including any extraordinary dividend or extraordinary distribution; provided that no such adjustment may be made if or to the extent that it would cause an outstanding Award to cease to be exempt from, or to fail to comply with, Section 409A.

1.3.4 **Individual Limitations**. The maximum number of Shares for which Awards may be granted during any one fiscal year to any Grantee who is an Employee will be for (1) stock options, 3,000,000 Shares, (2) stock appreciation rights, 3,000,000 Shares, and (3) to the extent such Award is intended to be performance-based compensation as that term is used in Section 162(m), Performance Awards (other than, for the avoidance of doubt, stock options and stock appreciation rights), 2,000,000 Shares (or, for cash-based Performance Awards, the Fair Market Value of 2,000,000 Shares as of the Effective Date). Each of the limits on Shares (or value of Shares) in this paragraph is subject to adjustment pursuant to Section 1.3.3.

ARTICLE II

AWARDS UNDER THE PLAN

2.1 Types of Awards

Awards may be made to Employees and Consultants. Awards may be in the form of cash-based or stock-based Awards. Stock-based Awards may be in the form of any of the following, in each case in respect of Common Stock:

(a) stock options (including Incentive Stock Options);

(b) stock appreciation rights;

(c) restricted shares;

(d) restricted stock units;

(e) dividend equivalent rights; and

(f) other stock-based (as further described in Section 2.9), that the Committee determines to be consistent with the purposes of the Plan and the interests of the Company.

2.2 Agreements Evidencing Awards

Each Award will be evidenced by an Award Agreement that will contain such provisions and conditions as the Committee deems appropriate. Unless otherwise provided, the Committee may grant Awards in tandem with or in substitution for or satisfaction of any other Award or Awards or any award granted under any other plan of the Company. By accepting an Award, a Grantee thereby agrees that the Award will be subject to all of the terms and provisions of the Plan and the applicable Award Agreement.

Table of Contents

2.3 No Rights as a Stockholder

No Grantee (or other person having rights pursuant to an Award) will have any of the rights of a stockholder of ICE for Shares subject to an Award until the delivery of such Shares. Except as otherwise provided in Section 1.3.3, no adjustments will be made for dividends, distributions or other rights (whether ordinary or extraordinary, and whether in cash, Common Stock, other securities or other property) for which the record date is before the date the stock certificates (or other appropriate document or evidence of ownership) representing Shares (the Certificates) are delivered, or if the Committee elects to use another system, such as book entries by the transfer agent, before the date in which such system evidences the Grantee's ownership of such Shares.

2.4 Minimum Vesting

All Awards will be subject to a minimum vesting schedule of at least thirty-six (36) months following the date of grant of the Award, provided, however, that (i) after the first year of any vesting period, such vesting schedule may be on a monthly, quarterly or yearly pro-rata basis and (ii) all Awards for which vesting will lapse on the achievement of Performance Goals will be subject to a minimum performance period of at least twelve (12) months. Notwithstanding the foregoing, (a) up to 5% of the Shares available for grant under the Plan may be granted with a minimum vesting schedule that is shorter than that mandated in this Section 2.4, and (b) this Section 2.4 will not apply to Acquisition Awards. Any Award Agreement may also provide that Shares issued or acquired in connection with the applicable Award will be subject to additional holding requirements specified in such Award Agreement.

2.5 Stock Options and Stock Appreciation Rights

2.5.1 Designation as Incentive Stock Option. At the time of grant, the Committee will designate whether stock options are Incentive Stock Options, and the applicable Award Agreement will clearly indicate that such stock option is an Incentive Stock Option or, if applicable, the number of Shares subject to the Incentive Stock Option. Incentive Stock Options may only be granted to eligible Employees, and will be subject to and construed consistently with the requirements of Code Section 422.

2.5.2 Exercise Price of Stock Options and Stock Appreciation Rights. The exercise price per share for each stock option or stock appreciation right will be determined by the Committee but, except as otherwise permitted by Section 1.3.3, may never be less than the Fair Market Value of a Share (or, in the case of an Incentive Stock Option granted to a person owning stock possessing more than 10% of the total combined voting power of all classes of stock of ICE and of any Subsidiary or parent corporation of ICE (a Ten Percent Stockholder), 110% of the Fair Market Value). Unless otherwise noted in the Award Agreement, the Fair Market Value of the Common Stock will be its Fair Market Value on the date of grant of the Award of stock options or stock appreciation rights.

2.5.3 Term of Stock Options and Stock Appreciation Rights. In no event will any stock option or stock appreciation right be exercisable after the expiration of ten (10) years (or, in the case of an Incentive Stock Option granted to a Ten Percent Stockholder, five (5) years) from the date on which the stock option or stock appreciation right is granted.

2.5.4 Vesting and Exercise of Stock Option and Payment for Shares. To exercise a stock option or stock appreciation right, the Grantee must give written notice to the Company specifying the number of Shares to be acquired or rights to be exercised. In the case of stock options, the notice must be accompanied by payment of the full purchase price therefor in cash or by certified or official bank check or in another form as determined by the Company, which may include:

(a) personal check;

(b) Shares, based on the Fair Market Value as of the exercise date, of the same class as those to be granted by exercise of the stock option;

Table of Contents

(c) any other form of consideration approved by the Company and permitted by applicable law; and

(d) any combination of the foregoing.

The Committee may also make arrangements for the cashless exercise of a stock option. Any person exercising a stock option or stock appreciation right will make such representations and agreements and furnish such information as the Committee may, in its sole discretion, deem necessary or desirable to effect or assure compliance by the Company on terms acceptable to the Company with the provisions of the Securities Act of 1933, as amended from time to time, or any successor thereto, and the applicable rules and regulations thereunder (the **Securities Act**), the Exchange Act and any other applicable legal requirements. The Committee may, in its sole discretion, also take whatever additional actions it deems appropriate to effect such compliance including, without limitation, placing legends on share certificates and issuing stop-transfer notices to agents and registrars. If a Grantee so requests, Shares acquired pursuant to the exercise of a stock option or stock appreciation right may be issued in the name of the Grantee and another jointly with the right of survivorship.

2.5.5 No Repricing or Reloads. Except as otherwise permitted by **Section 1.3.3**, reducing the exercise price of stock options or stock appreciation rights issued and outstanding under the Plan, including through amendment, cancellation in exchange for the grant of a substitute Award, repurchase for cash or other consideration (in each case that has the effect of reducing the exercise price), or any other action that would be treated as a repricing of such stock options or such stock appreciation rights, will require approval of ICE's stockholders. The Company will not grant any stock options or stock appreciation rights with automatic reload features.

2.6 Restricted Shares

2.6.1 Grants. The Committee may grant or offer for sale restricted shares in such amounts and subject to such terms and conditions as the Committee may determine (subject to **Section 2.4**). Upon delivery, the Grantee will have the rights of a stockholder for the restricted shares, subject to any other restrictions and conditions as the Committee may include in the applicable Award Agreement. Each Grantee of an Award of restricted shares will be issued a Certificate in respect of such shares, unless the Committee elects to use another system, such as book entries by the transfer agent, as evidencing ownership of such shares. If a Certificate is issued in respect of restricted shares, such Certificate may be registered in the name of the Grantee, and will, in addition to such legends required by applicable securities laws, bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Award, but will be held by the Company or its designated agent until the time the restrictions lapse.

2.6.2 Right to Vote and Receive Dividends on Restricted Shares. Each Grantee of an Award of restricted shares will, during the period of restriction, be the beneficial and record owner of such restricted shares and will have full voting rights with respect thereto. Unless the Committee determines otherwise in an Award Agreement, during the period of restriction, all dividends (whether ordinary or extraordinary and whether paid in cash, additional shares or other property) or other distributions paid upon any restricted share will be retained by the Company for the account of the relevant Grantee. Such dividends or other distributions will revert to the Company if for any reason the restricted share upon which such dividends or other distributions were paid reverts to the Company. Upon the expiration of the period of restriction, all such dividends or other distributions made on such restricted share and retained by the Company will be paid, without interest, to the relevant Grantee.

2.7 Restricted Stock Units

The Committee may grant Awards of restricted stock units in such amounts and subject to such terms and conditions as the Committee may determine (subject to **Section 2.4**). A Grantee of a restricted stock unit will have only the rights of a general unsecured creditor of ICE, until delivery of Shares, cash or other securities or property is made as specified in the applicable Award Agreement. On the delivery date specified in the Award Agreement, the Grantee of each restricted stock unit not previously forfeited or terminated will receive one Share, cash or other securities or property equal in value to one Share or a combination thereof, as specified by the Committee.

Table of Contents

2.8 Dividend Equivalent Rights

The Committee may include in the Award Agreement for any Award, a dividend equivalent right entitling the Grantee to receive amounts equal to all or any portion of the regular cash dividends that would be paid on the Shares covered by such Award if such Shares had been delivered pursuant to such Award. Notwithstanding anything to the contrary in the Plan, with respect to any Award of restricted stock units (including any Performance Award of restricted stock units), such dividend equivalents rights shall be subject to the same performance conditions or service conditions, as applicable, as the underlying Award, and no dividend equivalents shall be released to a Grantee until the Award to which they pertain has vested. The Grantee of a dividend equivalent right will have only the rights of a general unsecured creditor of ICE until payment of such amounts is made as specified in the applicable Award Agreement. If such a provision is included in an Award Agreement, the Committee will determine whether such payments will be made in cash, in Shares or in another form, whether they will be conditioned upon the settlement of the vested Award to which they relate (subject to compliance with Section 409A), the time or times at which they will be made, and such other terms and conditions as the Committee will deem appropriate.

2.9 Other Stock-Based or Cash-Based Awards

2.9.1 **Grant.** The Committee may grant other types of stock-based, stock-related or cash-based Awards (including the grant or offer for sale of unrestricted Shares, performance share Awards or performance units settled in cash) (**Other Stock-Based or Cash-Based Awards**) in such amounts and subject to such terms and conditions as the Committee may determine (subject to **Section 2.4**). The terms and conditions set forth by the Committee in the applicable Award Agreement may relate to vesting and nontransferability restrictions that will lapse upon the achievement of one or more goals related to the completion of service by the Grantee or the achievement of Performance Goals, as determined by the Committee at the time of grant. Such Awards may entail the transfer of actual Shares to Award recipients and may include Awards designed to comply with or take advantage of the applicable local laws of jurisdictions other than the United States.

2.10 Performance Awards. Notwithstanding anything to the contrary, Awards may, at the discretion of the Committee, be granted in a manner which is intended to be deductible by the Company under Section 162(m) (**Performance Awards**). In such event, the Committee will follow the following procedures to the extent required to comply with Section 162(m):

2.10.1 **Establishment of the Performance Period, Performance Goals and Formula.** A Grantee's Performance Award will be determined based on the attainment of written objective Performance Goals approved by the Committee for a performance period established by the Committee (i) while the outcome for that performance period is substantially uncertain and (ii) no more than ninety (90) days after the commencement of the performance period to which the Performance Goal relates or, the maximum period otherwise permitted by Section 162(m). At the same time as the Performance Goals are established, the Committee will prescribe a formula to determine the amount of the Performance Award that may be payable based upon the level of attainment of the Performance Goals during the performance period.

2.10.2 **Performance Criteria.** The Performance Goals will be based on one or more of the following business criteria (either separately or in combination) with regard to ICE (or a Subsidiary, division, other operational unit or administrative department of ICE) (**Performance Criteria**): earnings; earnings per share; earnings before interest, taxes, depreciation and amortization; revenue or net revenue measures; gross profit or operating profit measures (including before or after taxes and including profit growth and profit-related return ratios); cost management; dividend payout ratios; market share measures; economic value added; cash flow; return measures (including return on capital, invested capital, total capital, tangible capital, expenses, tangible expenses, equity, revenue, investment, assets, or net assets or total shareholder return or similar measures); increase in the Fair Market Value of Common Stock; or changes (or the absence of changes) in the per share or aggregate Fair Market Value of Common Stock.

Except as otherwise expressly provided, all financial terms are used as defined under Generally Accepted Accounting Principles (**GAAP**) or such other objective principles, as may be designated by the Committee. To

Table of Contents

the extent financial terms are defined under GAAP, all determinations will be made in accordance with GAAP, as applied by the Company in the preparation of its periodic reports to stockholders.

Any Performance Goals may be measured in absolute terms or relative to historic performance or the performance of other companies or an index.

To the extent permitted under Section 162(m) (including, without limitation, compliance with any requirements for stockholder approval), for each fiscal year of ICE, the Committee may (i) designate additional business criteria on which the Performance Goals may be based or (ii) provide for objectively determinable adjustments, modifications or amendments, to any of the Performance Criteria described above, as the Committee may deem appropriate (including, but not limited to, for one or more of the items of gain, loss, profit or expense): (A) determined to be extraordinary or unusual in nature or infrequent in occurrence, (B) related to the acquisition or disposal of a segment of a business, (C) related to a change in accounting principle under GAAP, (D) related to discontinued operations that do not qualify as a segment of business under GAAP or (E) attributable to the business operations of any entity acquired by the Company during the fiscal year).

2.10.3 Certification of Performance. Following the completion of each performance period, the Committee will have the sole discretion to determine whether the applicable Performance Goals have been met for a given Grantee and, if they have, will so certify in writing and ascertain the amount of the applicable Performance Award. No Performance Awards will be paid for such performance period until such certification is made by the Committee. The amount of the Performance Award actually paid to a given Grantee may be less (but not more) than the amount determined by the applicable Performance Goal formula, at the discretion of the Committee. The amount of the Performance Award determined by the Committee for a performance period will be paid to the Grantee at such time as determined by the Committee in its sole discretion after the end of such performance period.

2.11 Repayment If Conditions Not Met

If the Committee determines that all terms and conditions of the Plan and a Grantee's Award Agreement were not satisfied, then the Grantee will be obligated to pay the Company immediately upon demand therefor, (a) for a stock option and a stock appreciation right, an amount equal to the excess of the Fair Market Value (determined at the time of exercise) of the Shares that were delivered in respect of such exercised stock option or stock appreciation right, as applicable, over the exercise price paid therefor, (b) for restricted shares, an amount equal to the Fair Market Value (determined at the time such shares became vested) of such restricted shares and (c) for restricted stock units, an amount equal to the Fair Market Value (determined at the time of delivery) of the Shares delivered for the applicable delivery date, in each case for clauses (a), (b) and (c) of this Section 2.11, without reduction for any amount applied to satisfy withholding tax or other obligations in respect of such Award.

ARTICLE III

MISCELLANEOUS

3.1 Amendment of the Plan

3.1.1 Unless otherwise provided in the Plan or in an Award Agreement, the Board may at any time and from time to time suspend, discontinue, revise or amend the Plan in any respect whatsoever but, subject to Sections 1.2, 1.3.3 and 3.7, no such amendment may materially adversely impair the rights of the Grantee of any Award without the Grantee's consent. Subject to Sections 1.2, 1.3.3 and 3.7, an Award Agreement may not be amended in a manner that materially adversely impairs the rights of a Grantee without the Grantee's consent.

3.1.2 Unless otherwise determined by the Board, stockholder approval of any suspension, discontinuance, revision or amendment will be obtained only to the extent necessary to comply with any applicable laws, regulations or rules of a securities exchange or self-regulatory agency; provided, however, if and to the extent the Board determines that it is appropriate for Awards granted under the Plan to constitute performance-based

Table of Contents

compensation within the meaning of Section 162(m)(4)(C), no amendment that would require stockholder approval in order for amounts paid pursuant to the Plan to constitute performance-based compensation within the meaning of Section 162(m)(4)(C) will be effective without the approval of ICE's stockholders as required by Section 162(m) and, if and to the extent the Board determines it is appropriate for the Plan to comply with the provisions of Code Section 422, no amendment that would require stockholder approval under Code Section 422 will be effective without the approval of ICE's stockholders.

3.2 Tax Withholding

Grantees will be solely responsible for any applicable taxes (including, without limitation, income and excise taxes) and penalties, and any interest that accrues thereon, that they incur in connection with the receipt, vesting or exercise of any Award. As a condition to the delivery of any Shares, cash or other securities or property pursuant to any Award or the lifting or lapse of restrictions on any Award, or in connection with any other event that gives rise to a federal or other governmental tax withholding obligation on the part of the Company relating to an Award (including, without limitation, the Federal Insurance Contributions Act (FICA) tax):

- (a) the Company may deduct or withhold (or cause to be deducted or withheld) from any payment or distribution to a Grantee whether or not pursuant to the Plan (including Shares otherwise deliverable);
- (b) the Committee will be entitled to require that the Grantee remit cash to the Company (through payroll deduction or otherwise); or
- (c) the Company may enter into any other suitable arrangements to withhold such taxes required by law to be withheld in an amount not to exceed the individual tax rates applicable to the Grantee, as determined by the Company.

3.3 Required Consents and Legends

If the Committee at any time determines that any consent or approval is necessary or desirable as a condition of, or in connection with, the granting of any Award, the delivery of Shares or the delivery of any cash, securities or other property under the Plan, or the taking of any other action thereunder (each such action a **Plan Action**), then, subject to Section 3.14 such Plan Action will not be taken, in whole or in part, unless and until such consent or approval will have been effected or obtained to the full satisfaction of the Committee, as determined in its discretion in accordance with applicable law, the terms of this Plan and the applicable Award Agreement, and any administrative procedures or guidelines adopted by the Committee in respect of the Plan. The Committee may direct that any Certificate evidencing Shares delivered pursuant to the Plan will bear a legend setting forth such restrictions on transferability as the Committee may determine to be necessary or desirable, and may advise the transfer agent to place a stop transfer order against any legended shares. Nothing in the Plan will require the Company to list, register or qualify the Shares on any securities exchange.

3.4 Right of Offset

The Company will have the right to offset against its obligation to deliver Shares (or other property or cash) under the Plan or any Award Agreement any outstanding amounts (including, without limitation, travel and entertainment or advance account balances, loans, repayment obligations under any Awards, or amounts repayable to the Company pursuant to tax equalization, housing, automobile or other employee programs) that the Grantee then owes to the Company and any amounts the Committee otherwise deems appropriate pursuant to any tax equalization policy or agreement. Notwithstanding the foregoing, if an Award provides for the deferral of compensation within the meaning of Section 409A, the Committee will have no right to offset against its obligation to deliver Shares (or other property or cash) under the Plan or any Award Agreement if such offset could subject the Grantee to the additional tax imposed under Section 409A in respect of an outstanding Award.

Table of Contents**3.5 Nonassignability; No Hedging**

No Award (or any rights and obligations thereunder) granted to any person under the Plan may be sold, exchanged, transferred, assigned, pledged, hypothecated or otherwise disposed of or hedged, in any manner (including through the use of any cash-settled instrument), whether voluntarily or involuntarily and whether by operation of law or otherwise, other than by will or by the laws of descent and distribution, and all such Awards (and any rights thereunder) will be exercisable during the life of the Grantee only by the Grantee or the Grantee's legal representative. Notwithstanding the foregoing, the Committee may permit, under such terms and conditions that it deems appropriate in its sole discretion, a Grantee to transfer any Award to any person or entity that the Committee so determines; provided, that in no case will the Committee permit any transfer to a third-party financial institution. Any sale, exchange, transfer, assignment, pledge, hypothecation, or other disposition in violation of the provisions of this Section 3.5 will be null and void and any Award which is hedged in any manner will immediately be forfeited. All of the terms and conditions of the Plan and the Award Agreements will be binding upon any permitted successors and assigns.

3.6 Change in Control

3.6.1 Unless otherwise determined by the Committee (or unless otherwise provided in the applicable Award Agreement or a Grantee's employment agreement), if a Grantee's Employment is terminated by the Company or any successor entity thereto without Cause, or the Grantee terminates Employment for Good Reason, in each case, upon or within two (2) years after a Change in Control, (i) each Award granted to such Grantee prior to such Change in Control will become fully vested (including the lapsing of all restrictions and conditions) and, as applicable, exercisable as of the date of such termination of Employment, and (ii) any Shares deliverable pursuant to restricted stock units will be delivered promptly (but no later than fifteen (15) days) following such Grantee's termination of Employment.

3.6.2 As of the Change in Control date, any outstanding Performance Awards will be deemed earned at the greater of the target level and the actual performance level through the Change in Control date for all open performance periods and will cease to be subject to any further performance conditions but will continue to be subject to time-based vesting following the Change in Control in accordance with the original vesting and/or performance period and subject to the provisions of Section 3.6.1 above.

3.6.3 Notwithstanding the foregoing, in the event of a Change in Control, a Grantee's Award will be treated, to the extent determined by the Committee to be permitted under Section 409A, in accordance with one or more of the following methods as determined by the Committee in its sole discretion: (i) settle such Awards for fair value (as determined in the sole discretion of the Committee), which in the case of stock options and stock appreciation rights, may equal the excess, if any, of the value of the consideration to be paid in the Change in Control transaction to holders of the same number of Shares subject to such stock options or stock appreciation rights over the aggregate exercise price of such stock options or stock appreciation rights, as the case may be; (ii) provide for the assumption of or the issuance of substitute awards that will substantially preserve the otherwise applicable terms of any affected Awards previously granted under the Plan, as determined by the Committee in its sole discretion; or (iii) provide that for a period of at least twenty (20) days prior to the Change in Control, any stock options or stock appreciation rights that would not otherwise become exercisable prior to the Change in Control will be exercisable as to all Shares subject thereto (but any such exercise will be contingent upon and subject to the occurrence of the Change in Control and if the Change in Control does not take place within a specified period after giving such notice for any reason whatsoever, the exercise will be null and void) and that any stock options or stock appreciation rights not exercised prior to the consummation of the Change in Control will terminate and be of no further force and effect as of the consummation of the Change in Control. In the event that the consideration paid in the Change in Control includes contingent value rights, the Committee will determine if Awards settled under clause (i) above are (a) valued at closing taking into account such contingent value rights (with the value determined by the Committee in its sole discretion) or (b) entitled to a share of such contingent value rights. For the avoidance of doubt, in the event of a Change in Control where all stock options and stock appreciation rights are settled for an amount (as determined in the sole discretion of the Committee) of cash or securities, the Committee may, in its sole discretion, terminate any stock option or stock appreciation

right for which the exercise price is equal to or exceeds the per share value of the consideration to be paid in the Change in Control transaction without payment of consideration therefor. Similar actions to those specified in this [Section 3.6.3](#) may be taken in the event of a merger or other corporate reorganization that does not constitute a Change in Control.

3.7 No Continued Employment or Engagement; Right of Discharge Reserved

Neither the adoption of the Plan nor the grant of any Award (or any provision in the Plan or Award Agreement) will confer upon any Grantee any right to continued Employment, or other engagement, with the Company, nor will it interfere in any way with the right of the Company to terminate, or alter the terms and conditions of, such Employment or other engagement at any time.

3.8 Nature of Payments

3.8.1 Any and all grants of Awards and deliveries of Common Stock, cash, securities or other property under the Plan will be in consideration of services performed or to be performed for the Company by the Grantee. Awards under the Plan may, in the discretion of the Committee, be made in substitution in whole or in part for cash or other compensation otherwise payable to a Grantee. Only whole Shares will be delivered under the Plan. Awards will, to the extent reasonably practicable, be aggregated in order to eliminate any fractional shares. Fractional shares may, in the discretion of the Committee, be forfeited or be settled in cash or otherwise as the Committee may determine.

3.8.2 All such grants and deliveries of Shares, cash, securities or other property under the Plan will constitute a special discretionary incentive payment to the Grantee, will not entitle the Grantee to the grant of any future Awards and will not be required to be taken into account in computing the amount of salary or compensation of the Grantee for the purpose of determining any contributions to or any benefits under any pension, retirement, profit-sharing, bonus, life insurance, severance or other benefit plan of the Company or under any agreement with the Grantee, unless the Company specifically provides otherwise.

3.9 Non-Uniform Determinations

The Committee's determinations under the Plan and Award Agreements need not be uniform and any such determinations may be made by it selectively among persons who receive, or are eligible to receive, Awards under the Plan (whether or not such persons are similarly situated). Without limiting the generality of the foregoing, the Committee will be entitled, among other things, to make non-uniform and selective determinations under Award Agreements, and to enter into non-uniform and selective Award Agreements, as to (a) the persons to receive Awards, (b) the terms and provisions of Awards and (c) whether a Grantee's Employment has been terminated for purposes of the Plan.

3.10 Other Payments or Awards

Nothing contained in the Plan will be deemed in any way to limit or restrict the Company from making any award or payment to any person under any other plan, arrangement or understanding, whether now existing or hereafter in effect.

3.11 Plan Headings

The headings in the Plan are for the purpose of convenience only and are not intended to define or limit the construction of the provisions hereof.

3.12 Termination of Plan

The Board reserves the right to terminate the Plan at any time; provided, however, that in any case, the Plan will terminate on the day before the tenth anniversary of the Effective Date, and provided further, that all Awards

Table of Contents

made under the Plan before its termination will remain in effect until such Awards have been satisfied or terminated in accordance with the terms and provisions of the Plan and the applicable Award Agreements, and provided further that no Awards (other than a stock option or stock appreciation right) that are intended to be performance-based under Section 162(m) will be granted on or after the five-year anniversary of the stockholder approval of the Plan unless the Performance Criteria are reapproved (or other designated performance goals are approved) by the stockholders no later than the first stockholder meeting that occurs in the fifth year following the year in which stockholders previously approved the Performance Criteria.

3.13 Clawback/Recapture Policy

Awards under the Plan will be subject to any clawback or recapture policy that the Company may adopt from time to time to the extent provided in such policy and, in accordance with such policy, may be subject to the requirement that the Awards be repaid to the Company after they have been distributed to the Grantee.

3.14 Section 409A

3.14.1 All Awards made under the Plan that are intended to be deferred compensation subject to Section 409A will be interpreted, administered and construed to comply with Section 409A, and all Awards made under the Plan that are intended to be exempt from Section 409A will be interpreted, administered and construed to comply with and preserve such exemption. The Board and the Committee will have full authority to give effect to the intent of the foregoing sentence. To the extent necessary to give effect to this intent, in the case of any conflict or potential inconsistency between the Plan and a provision of any Award or Award Agreement for an Award, the Plan will govern.

3.14.2 Without limiting the generality of Section 3.14.1, for any Award made under the Plan that is intended to be deferred compensation subject to Section 409A:

(a) any payment due upon a Grantee's termination of Employment will be paid only upon such Grantee's separation from service from the Company within the meaning of Section 409A;

(b) Any payment due upon a Change in Control of the Company will be paid only if such Change in Control constitutes a change in ownership or change in effective control within the meaning of Section 409A, and if such Change in Control does not constitute a change in the ownership or change in the effective control within the meaning of Section 409A, such Award will vest upon the Change in Control and any payment will be delayed until the first compliant date under Section 409A;

(c) any payment to be made for such Award in connection with the Grantee's separation from service from the Company within the meaning of Section 409A (and any other payment that would be subject to the limitations in Section 409A(a)(2)(B)) will be delayed until six (6) months after the Grantee's separation from service (or earlier death) in accordance with the requirements of Section 409A;

(d) if any payment to be made for such Award would occur at a time when the tax deduction for such payment would be limited or eliminated by Section 162(m), such payment may be deferred by the Company under the circumstances described in Section 409A until the earliest date that the Company reasonably anticipates that the deduction or payment will not be limited or eliminated;

(e) to the extent necessary to comply with Section 409A, any other securities, other Awards or other property that the Company may deliver in lieu of Shares in respect of an Award will not have the effect of deferring delivery or payment beyond the date on which such delivery or payment would occur for the Shares that would otherwise have been deliverable (unless the Committee elects a later date for this purpose in accordance with the requirements of Section 409A);

(f) for any required Consent described in Section 3.3 or the applicable Award Agreement, if such Consent has not been effected or obtained as of the latest date provided by such Award Agreement for payment in respect of such Award and further delay of payment is not permitted in accordance with the requirements of Section 409A, such Award or portion thereof, as applicable, will be forfeited and terminate notwithstanding any prior earning or vesting;

Table of Contents

(g) if the Award includes a series of installment payments (within the meaning of Section 1.409A-2(b)(2)(iii) of the Treasury Regulations), the Grantee's right to the series of installment payments will be treated as a right to a series of separate payments and not as a right to a single payment;

(h) if the Award includes dividend equivalents (within the meaning of Section 1.409A-3(e) of the Treasury Regulations), the Grantee's right to the dividend equivalents will be treated separately from the right to other amounts under the Award; and

(i) for purposes of determining whether the Grantee has experienced a separation from service from the Company within the meaning of Section 409A, subsidiary will mean a corporation or other entity in a chain of corporations or other entities in which each corporation or other entity, starting with ICE, has a controlling interest in another corporation or other entity in the chain, ending with such corporation or other entity. For purposes of the preceding sentence, the term controlling interest has the same meaning as provided in Section 1.414(c)-2(b)(2)(i) of the Treasury Regulations, provided that the language at least 20 percent is used instead of at least 80 percent each place it appears in Section 1.414(c)-2(b)(2)(i) of the Treasury Regulations.

3.15 Governing Law

THE PLAN AND ALL AWARDS MADE AND ACTIONS TAKEN THEREUNDER WILL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF GEORGIA, WITHOUT REFERENCE TO PRINCIPLES OF CONFLICT OF LAWS.

3.16 Disputes; Choice of Forum

3.16.1 The Company and each Grantee, as a condition to such Grantee's participation in the Plan, hereby irrevocably submit to the exclusive jurisdiction of any state or federal court located in Atlanta, Georgia over any suit, action or proceeding arising out of or relating to or concerning the Plan or, to the extent not otherwise specified in any individual agreement between the Company and the Grantee, any aspect of the Grantee's Employment with the Company or the termination of that Employment. The Company and each Grantee, as a condition to such Grantee's participation in the Plan, acknowledge that the forum designated by this Section 3.16.1 has a reasonable relation to the Plan and to the relationship between such Grantee and the Company. Notwithstanding the foregoing, nothing in the Plan will preclude the Company from bringing any action or proceeding in any other court for the purpose of enforcing the provisions of this Section 3.16.1.

3.16.2 The agreement by the Company and each Grantee as to forum is independent of the law that may be applied in the action, and the Company and each Grantee, as a condition to such Grantee's participation in the Plan, (i) agree to such forum even if the forum may under applicable law choose to apply non-forum law, (ii) hereby waive, to the fullest extent permitted by applicable law, any objection which the Company or such Grantee now or hereafter may have to personal jurisdiction or to the laying of venue of any such suit, action or proceeding in any court referred to in Section 3.16.1, (iii) undertake not to commence any action arising out of or relating to or concerning the Plan in any forum other than the forum described in this Section 3.16 and (iv) agree that, to the fullest extent permitted by applicable law, a final and non-appealable judgment in any such suit, action or proceeding in any such court will be conclusive and binding upon the Company and each Grantee.

3.16.3 Each Grantee, as a condition to such Grantee's participation in the Plan, hereby irrevocably appoints the General Counsel of ICE as such Grantee's agent for service of process in connection with any action, suit or proceeding arising out of or relating to or concerning the Plan, who will promptly advise such Grantee of any such service of process.

3.16.4 Each Grantee, as a condition to such Grantee's participation in the Plan, agrees to keep confidential the existence of, and any information concerning, a dispute, controversy or claim described in Section 3.18, except that a Grantee may disclose information concerning such dispute, controversy or claim to the court that is considering such dispute, controversy or claim or to such Grantee's legal counsel (provided that such counsel agrees not to disclose any such information other than as necessary to the prosecution or defense of the dispute, controversy or claim). For the avoidance of doubt, nothing in this Plan or any Award Agreement is intended to

impair such Grantee's right to make disclosures under the whistleblower provisions of any applicable law or regulation or require such Grantee to notify ICE or obtain its authorization prior to doing so, or prohibit such Grantee from responding truthfully to a valid subpoena.

3.17 Waiver of Jury Trial

EACH GRANTEE WAIVES ANY RIGHT IT MAY HAVE TO TRIAL BY JURY IN RESPECT OF ANY LITIGATION BASED ON, ARISING OUT OF, UNDER OR IN CONNECTION WITH THE PLAN.

3.18 Waiver of Claims

Each Grantee of an Award recognizes and agrees that before being selected by the Committee to receive an Award the Grantee has no right to any benefits under the Plan. Accordingly, in consideration of the Grantee's receipt of any Award hereunder, the Grantee expressly waives any right to contest the amount of any Award, the terms of any Award Agreement, any determination, action or omission hereunder or under any Award Agreement by the Committee, the Company or the Board, or any amendment to the Plan or any Award Agreement (other than an amendment to the Plan or an Award Agreement to which his or her consent is expressly required by the express terms of an Award Agreement). Nothing contained in the Plan, and no action taken pursuant to its provisions, will create or be construed to create a trust of any kind or a fiduciary relationship between the Company and any Grantee. The Plan is not intended to be subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

3.19 Severability; Entire Agreement; Successors and Assigns

If any of the provisions of the Plan or any Award Agreement is finally held to be invalid, illegal or unenforceable (whether in whole or in part), such provision will be deemed modified to the extent, but only to the extent, of such invalidity, illegality or unenforceability and the remaining provisions will not be affected thereby; provided that if any of such provisions is finally held to be invalid, illegal, or unenforceable because it exceeds the maximum scope determined to be acceptable to permit such provision to be enforceable, such provision will be deemed to be modified to the minimum extent necessary to modify such scope in order to make such provision enforceable hereunder. The Plan and any Award Agreements contain the entire agreement of the parties for the subject matter thereof and supersede all prior agreements, promises, covenants, arrangements, communications, representations and warranties between them, whether written or oral for the subject matter thereof. The terms of the Plan will be binding upon and inure to the benefit of the Company and any successor entity, including as contemplated by Section 3.6.

3.20 No Liability For Tax Qualification or Adverse Tax Treatment

Notwithstanding anything to the contrary in the Plan, in no event will the Company be liable to a Grantee on account of an Award's failure to (a) qualify for favorable United States or foreign tax treatment or (b) avoid adverse tax treatment under United States or foreign law, including, without limitation, Section 409A.

3.21 No Third-Party Beneficiaries

Except as expressly provided in an Award Agreement, neither the Plan nor any Award Agreement will confer on any person other than the Company and the Grantee of any Award any rights or remedies thereunder. The exculpation and indemnification provisions of Section 1.2.4 will inure to the benefit of a Covered Person's estate and beneficiaries and legatees.

3.22 Date of Adoption, Approval of Stockholders and Effective Date

The Plan was adopted by the Board on March 3, 2017 and was approved by ICE's stockholders on May 19, 2017 (the Effective Date). Any Awards granted under the Plan prior to such stockholder approval will be

Table of Contents

conditioned upon such approval and will be null and void if such approval is not obtained; provided, however, that stock options and stock appreciation rights granted under the Plan prior to such stockholder approval may not be exercisable until after such stockholder approval and no Shares may be delivered pursuant to a restricted stock unit granted under the Plan prior to such stockholder approval until after such stockholder approval; provided further that restricted stock and Other Stock-Based or Cash-Based Awards may not be granted prior to obtaining stockholder approval. If the Plan is not so approved by the stockholders of ICE, then the Plan will be null and void in its entirety and the Prior Plan will remain in full force and effect.

3.23 Definitions of Certain Terms

3.23.1 **Award Agreement** means the written document by which each Award is evidenced, and which may, but need not be (as determined by the Committee) executed or acknowledged by a Grantee as a condition to receiving an Award or the benefits under an Award, and which sets forth the terms and provisions applicable to Awards granted under the Plan to such Grantee. Any reference in the Plan to an agreement in writing will be deemed to include an electronic writing to the extent permitted by applicable law.

3.23.2 **Cause** means, unless otherwise provided in an Award Agreement or employment agreement:

(c) any act or omission by Grantee involving malfeasance or gross negligence in the performance of Grantee's duties and responsibilities to the material detriment of the Company; or

(b) during any period of not more than thirty-six (36) months, individuals who constitute the Board as of the beginning of the period (the **Incumbent Directors**) cease for any reason to constitute at least a majority of the Board, provided that any person becoming a director subsequent to the beginning of such period, whose election or nomination for election was approved by a vote of at least two-thirds of the Incumbent Directors then on the Board (either by a specific vote or by approval of the Company's proxy statement in which such person is named as a nominee for director, without written objection to such nomination) will be an Incumbent Director; provided, however, that no individual initially elected or nominated as a director of ICE as a result of an actual or publicly threatened election contest with respect to directors or as a result of any other actual or publicly threatened solicitation of proxies by or on behalf of any person other than the Board will be deemed to be an Incumbent Director;

3.23.8 **Employment** means a Grantee's performance of services for the Company, as determined by the Committee. The terms "employ" and "employed" will have their correlative meanings. The Committee in its sole discretion may determine (a) whether and when a Grantee's leave of absence results in a termination of Employment, (b) whether and when a change in a Grantee's association with the Company results in a termination of Employment and (c) the impact, if any, of any such leave of absence or change in association on outstanding Awards. Unless expressly provided otherwise, any references in the Plan or any Award Agreement to a Grantee's Employment being terminated will include both voluntary and involuntary terminations.

3.23.9 **Fair Market Value** means, for a Share, the closing price reported for the Common Stock on the applicable date as reported on the New York Stock Exchange or, if not so reported, as determined in accordance with a valuation methodology approved by the Committee, unless determined as otherwise specified in the Plan. For purposes of the exercise of any Award, the applicable date is the date a notice of exercise is received by the Company or, if such date is not a trading day, the trading day immediately following the date a notice of exercise is received by the Company.

3.23.10 **Good Reason** means, unless otherwise provided in an Award Agreement or employment agreement, and in the absence of written consent of a Grantee:

If the Grantee does not deliver to the Company a written notice of termination within sixty (60) days after the Grantee has knowledge that an event constituting Good Reason has occurred, the event will no longer constitute Good Reason. In addition, the Grantee must give the Company thirty (30) days to cure the event constituting Good Reason, and must actually terminate his or her employment with the Company within sixty (60) days after the Company's failure to cure such event.

3.23.11 **Grantee** means an Employee or Consultant who receives an Award.

3.23.12 **Incentive Stock Option** means a stock option that is intended to be an incentive stock option within the meaning of Code Sections 421 and 422, as now constituted or subsequently amended, or pursuant to a successor Code provision.

GENERAL

1.1 Purpose

The purpose of the IntercontinentalExchange, Inc. 2013 Omnibus Non-Employee Director Incentive Plan is to attract, retain and motivate qualified and experienced individuals who may perform services for the Company as Non-Employee Directors (each, as hereinafter defined), to compensate them for their contributions to the long-term growth and profits of the Company and to encourage them to acquire a proprietary interest in the success of the Company.

1.2.1 Award means an award made pursuant to the Plan.

1.2.2 Award Agreement means the written document by which each Award is evidenced, and which may, but need not be (as determined by the Committee) executed or acknowledged by a Grantee as a condition to receiving an Award or the benefits under an Award, and which sets forth the terms and provisions applicable to Awards granted under the Plan to such Grantee. Any reference herein to an agreement in writing will be deemed to include an electronic writing to the extent permitted by applicable law.

1.2.4 Certificate means a stock certificate (or other appropriate document or evidence of ownership) representing shares of Common Stock.

1.2.5 Change in Control means the happening of any of the following:

1.3 Administration

1.3.1 The Compensation Committee of the Board (as constituted from time to time, and including any successor committee, the Committee) will administer the Plan. In particular, the Committee will have the authority in its sole discretion to:

- (a) exercise all of the powers granted to it under the Plan;
- (b) construe, interpret and implement the Plan and all Award Agreements;
- (c) prescribe, amend and rescind rules and regulations relating to the Plan, including rules governing the Committee's own operations;
- (d) make all determinations necessary or advisable in administering the Plan;
- (e) correct any defect, supply any omission and reconcile any inconsistency in the Plan;
- (f) amend the Plan to reflect changes in applicable law but, subject to Section 1.6.3 or as otherwise specifically provided herein, no such amendment shall adversely impair the rights of the Grantee of any Award without the holder's consent;
- (g) grant Awards and determine who will receive Awards, when such Awards will be granted and the terms of such Awards, including setting forth provisions with regard to the effect of a termination of a Grantee's service as a Non-Employee Director on such Awards;
- (h) amend any outstanding Award Agreement in any respect, but, subject to Section 1.6.3 or as otherwise specifically provided herein, no such amendment shall adversely impair the rights of the Grantee of any Award without the holder's consent, including, without limitation, to (1) accelerate the time or times at which the Award becomes vested, unrestricted or may be exercised (and, in connection with such acceleration, the Committee may provide that any shares of Common Stock acquired pursuant to such Award will be restricted shares, which are subject to vesting, transfer, forfeiture or repayment provisions similar to those in the Grantee's underlying Award), (2) accelerate the time or times at which shares of Common Stock are delivered under the Award (and, without limitation on the Committee's rights, in connection with such acceleration, the Committee may provide that any shares of Common Stock delivered pursuant to such Award will be restricted shares, which are subject to vesting, transfer, forfeiture or repayment provisions similar to those in the Grantee's underlying Award), (3) waive or amend any goals, restrictions or conditions set forth in such Award Agreement, or impose new goals, restrictions and conditions or (4) reflect a change in the Grantee's circumstances (e.g., a termination of a Grantee's service as a Non-Employee Director); and
- (i) determine at any time whether, to what extent and under what circumstances and method or methods (1) Awards may be (A) settled in cash, shares of Common Stock, other securities, other Awards or other property (in which event, the Committee may specify what other effects such settlement will have on the Grantee's Award, including the effect on any repayment provisions under the Plan or Award Agreement), (B) exercised or (C) canceled, forfeited or suspended, (2) shares of Common Stock, other securities, other Awards or other property and other amounts payable with respect to an Award may be deferred either automatically or at the election of the Grantee thereof or of the Committee, (3) to the extent permitted under applicable law, loans (whether or not secured by Common Stock) may be extended by the Company with respect to any Awards and (4) Awards may be settled by ICE, any of its subsidiaries or affiliates or any of its or their designees.

1.3.2 Actions of the Committee may be taken by the vote of a majority of its members present at a meeting (which may be held telephonically). Any action may be taken by a written instrument signed by a majority of the

Table of Contents

Committee members, and action so taken will be fully as effective as if it had been taken by a vote at a meeting. The determination of the Committee on all matters relating to the Plan or any Award Agreement will be final, binding and conclusive.

The Committee may allocate among its members and delegate to any person who is not a member of the Committee or to any administrative group within the Company, any of its powers, responsibilities or duties. In delegating its authority, the Committee will consider the extent to which any delegation may cause Awards to fail to meet the requirements of Rule 16(b)-3(d)(1) or Rule 16(b)-3(e) under the Exchange Act.

1.3.3 Notwithstanding anything to the contrary contained herein, the Board may, in its sole discretion, at any time and from time to time, grant Awards or administer the Plan. In any such case, the Board will have all of the authority and responsibility granted to the Committee herein. The Committee in its sole discretion may also determine (a) whether and when a Grantee's leave of absence from Board service results in a termination of his or her service as a Non-Employee Director, (b) whether and when a change in a Grantee's association with the Company results in a termination of his or her service as a Non-Employee Director and (c) the impact, if any, of any such leave of absence or change in association on outstanding Awards. Unless expressly provided otherwise, any references in the Plan or any Award Agreement to a Grantee's service as a Non-Employee Director being terminated will include both voluntary and involuntary terminations. Notwithstanding the foregoing, with respect to any Award subject to Section 409A of the Code (and not exempt therefrom), a termination of a Grantee's service as a Non-Employee Director occurs when a Grantee experiences a separation from service (as such term is defined under Section 409A of the Code).

1.3.4 No Director or employee (each such person, a Covered Person) will have any liability to any person (including any Grantee) for any action taken or omitted to be taken or any determination made in good faith with respect to the Plan or any Award. Each Covered Person will be indemnified and held harmless by ICE against and from (a) any loss, cost, liability or expense (including attorneys' fees) that may be imposed upon or incurred by such Covered Person in connection with or resulting from any action, suit or proceeding to which such Covered Person may be a party or in which such Covered Person may be involved by reason of any action taken or omitted to be taken under the Plan or any Award Agreement, in each case, in good faith and (b) any and all amounts paid by such Covered Person, with ICE's approval, in settlement thereof, or paid by such Covered Person in satisfaction of any judgment in any such action, suit or proceeding against such Covered Person, *provided* that ICE will have the right, at its own expense, to assume and defend any such action, suit or proceeding and, once ICE gives notice of its intent to assume the defense, ICE will have sole control over such defense with counsel of ICE's choice. The foregoing right of indemnification will not be available to a Covered Person to the extent that a court of competent jurisdiction in a final judgment or other final adjudication, in either case, not subject to further appeal, determines that the acts or omissions of such Covered Person giving rise to the indemnification claim resulted from such Covered Person's bad faith, fraud or willful misconduct. The foregoing right of indemnification will not be exclusive of any other rights of indemnification to which Covered Persons may be entitled under ICE's Restated Certificate of Incorporation or Amended and Restated Bylaws, as a matter of law, or otherwise, or any other power that ICE may have to indemnify such persons or hold them harmless.

1.4 Persons Eligible for Awards

Awards under the Plan may be made to Non-Employee Directors.

1.5 Types of Awards under Plan

Awards may be made under the Plan in the form of any of the following, in each case in respect of Common Stock: (a) stock options, (b) stock appreciation rights, (c) restricted shares, (d) restricted stock units, (e) dividend equivalent rights and (f) other stock-based or stock-related Awards (including performance awards) that the Committee determines to be consistent with the purposes of the Plan and the interests of the Company. For the avoidance of doubt, it is intended that any stock options granted under the Plan will constitute Non-Qualified Stock Options.

Table of Contents

1.6 Shares of Common Stock Available for Awards

1.6.1 **Common Stock Subject to the Plan.** Subject to the other provisions of this **Section 1.6**, the total number of shares of Common Stock that may be granted under the Plan is 250,000. Such shares of Common Stock may, in the discretion of the Committee, be either authorized but unissued shares or shares previously issued and reacquired by ICE. Shares of Common Stock issued in connection with awards that are assumed, converted or substituted as a result of the Company's acquisition of another company (including by way of merger, combination or similar transaction) will not count against the number of shares that may be issued under the Plan.

1.6.2 **Replacement of Shares.** If any Award is forfeited, expires, terminates or otherwise lapses, in whole or in part, without the delivery of Common Stock, then the shares of Common Stock covered by such forfeited, expired, terminated or lapsed award will again be available for grant under the Plan. For the avoidance of doubt, the following will not again become available for issuance under the Plan: (A) any shares of Common Stock withheld in respect of taxes, (B) any shares tendered or withheld to pay the exercise price of stock options, (C) any shares repurchased by the Company from the optionee with the proceeds from the exercise of stock options and (D) any shares subject to stock appreciation rights but not issued on exercise as a result of the operation of **Section 2.4.4**.

1.6.3 **Adjustments.** The Committee will adjust the number of shares of Common Stock authorized pursuant to **Section 1.6.1**, adjust the individual Grantee limitations set forth in **Sections 2.3.1** and **2.4.1** and **2.9** and adjust the terms of any outstanding Awards (including, without limitation, the number of shares of Common Stock covered by each outstanding Award, the type of property to which the Award relates and the exercise or strike price of any Award), in such manner as it deems appropriate (including, without limitation, by payment of cash) to prevent the enlargement or dilution of rights, or otherwise as it deems appropriate, for any increase or decrease in the number of issued shares of Common Stock (or issuance of shares of stock other than shares of Common Stock) resulting from a recapitalization, stock split, reverse stock split, stock dividend, spinoff, splitup, combination, reclassification or exchange of shares of Common Stock, merger, consolidation, rights offering, separation, reorganization or liquidation, or any other change in the corporate structure or shares of ICE, including any extraordinary dividend or extraordinary distribution. After any adjustment made pursuant to this **Section 1.6.3**, the number of shares of Common Stock subject to each outstanding Award will be rounded down to the nearest whole number.

ARTICLE II

AWARDS UNDER THE PLAN

2.1 Agreements Evidencing Awards

Each Award granted under the Plan will be evidenced by an Award Agreement that will contain such provisions and conditions as the Committee deems appropriate. Unless otherwise provided herein, the Committee may grant Awards in tandem with or in substitution for any other Award or Awards granted under the Plan or any award granted under any other plan of ICE. By accepting an Award pursuant to the Plan, a Grantee thereby agrees that the Award will be subject to all of the terms and provisions of the Plan and the applicable Award Agreement.

2.2 No Rights as a Stockholder

No Grantee (or other person having rights pursuant to an Award) will have any of the rights of a stockholder of ICE with respect to shares of Common Stock subject to an Award until the delivery of such shares. Except as otherwise provided in **Section 1.6.3**, no adjustments will be made for dividends, distributions or other rights (whether ordinary or extraordinary, and whether in cash, Common Stock, other securities or other property) for which the record date is before the date the Certificates for the shares are delivered.

Table of Contents

2.3 Options

2.3.1 **Grant.** Subject to Section 2.9, stock options may be granted to eligible recipients in such number and at such times during the term of the Plan as the Committee may determine.

2.3.2 **Exercise Price.** The exercise price per share with respect to each stock option will be determined by the Committee but will not be less than the Fair Market Value of the Common Stock.

2.3.3 **Term of Stock Option.** In no event will any stock option be exercisable after the expiration of ten years from the date on which the stock option is granted.

2.3.4 **Exercise of Stock Option and Payment for Shares.** A stock option may be exercised at such time or times and subject to such terms and conditions as will be determined by the Committee at the time the stock option is granted and set forth in the Award Agreement. Subject to any limitations in the applicable Award Agreement, any shares not acquired pursuant to the exercise of a stock option on the applicable vesting date may be acquired thereafter at any time before the final expiration of the stock option. To exercise a stock option, the Grantee must give written notice to ICE specifying the number of shares to be acquired and accompanied by payment of the full purchase price therefor in cash or by certified or official bank check or in another form as determined by the Company, including: (a) personal check, (b) shares of Common Stock, based on the Fair Market Value as of the exercise date, of the same class as those to be granted by exercise of the stock option, (c) any other form of consideration approved by the Company and permitted by applicable law and (d) any combination of the foregoing. Any person exercising a stock option will make such representations and agreements and furnish such information as the Committee may in its discretion deem necessary or desirable to assure compliance by ICE, on terms acceptable to ICE, with the provisions of the Securities Act and any other applicable legal requirements. If a Grantee so requests, shares acquired pursuant to the exercise of a stock option may be issued in the name of the Grantee and another jointly with the right of survivorship.

2.3.5 **Repricing.** Except as otherwise permitted by Section 1.6.3, reducing the exercise price of stock options issued and outstanding under the Plan, including through amendment, cancellation in exchange for the grant of a substitute Award or repurchase for cash or other consideration (in each case that has the effect of reducing the exercise price), will require approval of the stockholders of ICE.

2.4 Stock Appreciation Rights

2.4.1 **Grant.** Subject to Section 2.9, stock appreciation rights may be granted to eligible recipients in such number and at such times during the term of the Plan as the Committee may determine.

2.4.2 **Exercise Price.** The exercise price per share with respect to each stock appreciation right will be determined by the Committee but will not be less than the Fair Market Value of the Common Stock.

2.4.3 **Term of Stock Appreciation Right.** In no event will any stock appreciation right be exercisable after the expiration of ten years from the date on which the stock appreciation right is granted.

2.4.4 **Exercise of Stock Appreciation Right and Delivery of Shares.** Each stock appreciation right may be exercised in such installments as may be determined in the Award Agreement at the time the stock appreciation right is granted. Subject to any limitations in the applicable Award Agreement, any stock appreciation rights not exercised on the applicable installment date may be exercised thereafter at any time before the final expiration of the stock appreciation right. To exercise a stock appreciation right, the Grantee must give written notice to ICE specifying the number of stock appreciation rights to be exercised. Upon exercise of stock appreciation rights, shares of Common Stock with a Fair Market Value equal to (a) the excess of (1) the Fair Market Value of the Common Stock on the date of exercise *over* (2) the exercise price of such stock appreciation right *multiplied by* (b) the number of stock appreciation rights exercised will be delivered to the Grantee. Any person exercising a stock appreciation right will make such representations and agreements and furnish such information as the Committee may in its discretion deem necessary or desirable to assure compliance by ICE, on terms acceptable to ICE, with the provisions of the Securities Act and any other applicable legal requirements. If a Grantee so requests, shares purchased may be issued in the name of the Grantee and another jointly with the right of survivorship.

Table of Contents

2.4.5 **Repricing.** Except as otherwise permitted by [Section 1.6.3](#), reducing the exercise price of stock appreciation rights issued and outstanding under the Plan, including through amendment, cancellation in exchange for the grant of a substitute Award or repurchase for cash or other consideration (in each case that has the effect of reducing the exercise price), will require approval of the stockholders of ICE.

2.5 Restricted Shares

2.5.1 **Grants.** The Committee may grant or offer for sale restricted shares in such amounts and subject to such terms and conditions as the Committee may determine. The terms and conditions set forth by the Committee in the applicable Award Agreement may relate to vesting and nontransferability restrictions that will lapse upon the achievement of one or more goals related to the completion of service by the Grantee or the achievement of performance goals, as determined by the Committee at the time of grant. Upon the delivery of such shares, the Grantee will have the rights of a stockholder with respect to the restricted shares, subject to any other restrictions and conditions as the Committee may include in the applicable Award Agreement. In the event that a Certificate is issued in respect of restricted shares, such Certificate may be registered in the name of the Grantee but will be held by ICE or its designated agent until the time the restrictions lapse.

2.5.2 **Right to Vote and Receive Dividends on Restricted Shares.** Each Grantee of an Award of restricted shares will, during the period of restriction, be the beneficial and record owner of such restricted shares and will have full voting rights with respect thereto. Unless the Committee determines otherwise in an Award Agreement, during the period of restriction, all dividends (whether ordinary or extraordinary and whether paid in cash, additional shares or other property) or other distributions paid upon any restricted share will be retained by the Company for the account of the relevant Grantee. Such dividends or other distributions will revert back to the Company if for any reason the restricted share upon which such dividends or other distributions were paid reverts back to the Company. Upon the expiration of the period of restriction, all such dividends or other distributions made on such restricted share and retained by the Company will be paid, without interest, to the relevant Grantee.

2.6 Restricted Stock Units

2.6.1 **Grant.** Subject to [Section 2.9](#), the Committee may grant Awards of restricted stock units in such amounts and subject to such terms and conditions as the Committee may determine. A Grantee of a restricted stock unit will have only the rights of a general unsecured creditor of ICE until delivery of shares of Common Stock, cash or other securities or property is made as specified in the applicable Award Agreement. The terms and conditions set forth by the Committee in the applicable Award Agreement may relate to vesting and nontransferability restrictions that will lapse upon the achievement of one or more goals related to the completion of service by the Grantee or the achievement of performance goals, as determined by the Committee at the time of grant. On the delivery date specified in the Award Agreement, the Grantee of each restricted stock unit not previously forfeited or terminated will receive one share of Common Stock, cash or other securities or property equal in value to a share of Common Stock or a combination thereof, as specified by the Committee.

2.7 Dividend Equivalent Rights

The Committee may include in the Award Agreement with respect to any Award a dividend equivalent right entitling the Grantee to receive amounts equal to all or any portion of the regular cash dividends that would be paid on the shares of Common Stock covered by such Award if such shares had been delivered pursuant to such Award. The Grantee of a dividend equivalent right will have only the rights of a general unsecured creditor of ICE until payment of such amounts is made as specified in the applicable Award Agreement. In the event such a provision is included in an Award Agreement, the Committee will determine whether such payments will be made in cash, in shares of Common Stock or in another form, whether they will be conditioned upon the exercise of the Award to which they relate, the time or times at which they will be made, and such other terms and conditions as the Committee will deem appropriate.

Table of Contents

2.8 Other Stock-Based Awards

Subject to [Section 2.9](#), the Committee may grant other types of stock-based or stock-related Awards (including the grant or offer for sale of unrestricted shares of Common Stock and the grant of performance based awards) in such amounts and subject to such terms and conditions as the Committee may determine. The terms and conditions set forth by the Committee in the applicable Award Agreement may relate to vesting and nontransferability restrictions that will lapse upon the achievement of one or more goals related to the completion of service by the Grantee or the achievement of performance goals, as determined by the Committee at the time of grant. Such Awards may entail the transfer of actual shares of Common Stock to Award recipients and may include Awards designed to comply with or take advantage of the applicable local laws of jurisdictions other than the United States.

2.9 Individual Limitation on Awards

The maximum number of shares of Common Stock as to which stock options, stock appreciation rights, restricted shares, restricted stock units, dividend equivalent rights and other types of stock-based or stock-related Awards may be granted under the Plan to any one individual in any one fiscal year may not exceed a number of Awards with a grant date fair value of \$500,000.

2.10 Repayment if Conditions Not Met

If the Committee determines that all terms and conditions of the Plan and a Grantee's Award Agreement were not satisfied, then the Grantee will be obligated to pay the Company immediately upon demand therefor, (a) with respect to a stock option and a stock appreciation right, an amount equal to the excess of the Fair Market Value (determined at the time of exercise) of the shares of Common Stock that were delivered in respect of such exercised stock option or stock appreciation right, as applicable, over the exercise price paid therefor, (b) with respect to restricted shares, an amount equal to the Fair Market Value (determined at the time such shares became vested) of such restricted shares and (c) with respect to restricted stock units, an amount equal to the Fair Market Value (determined at the time of delivery) of the shares of Common Stock delivered with respect to the applicable delivery date, in each case with respect to clauses (a), (b) and (c) of this [Section 2.10](#), without reduction for any amount applied to satisfy withholding tax or other obligations in respect of such Award.

ARTICLE III

MISCELLANEOUS

3.1 Amendment of the Plan

3.1.1 Unless otherwise provided in the Plan or in an Award Agreement, the Board may from time to time suspend, discontinue, revise or amend the Plan in any respect whatsoever but, subject to [Section 1.6.3](#) or as otherwise specifically provided herein, no such amendment shall materially adversely impair the rights of the Grantee of any Award without the Grantee's consent.

3.1.2 Unless otherwise determined by the Board, stockholder approval of any suspension, discontinuance, revision or amendment will be obtained only to the extent necessary to comply with any applicable laws, regulations or rules of a securities exchange or self-regulatory agency.

3.2 Tax Withholding

Grantees shall be solely responsible for any applicable taxes (including, without limitation, income and excise taxes) and penalties, and any interest that accrues thereon, that they incur in connection with the receipt, vesting or exercise of any Award. As a condition to the delivery of any shares of Common Stock, cash or other securities or property pursuant to any Award or the lifting or lapse of restrictions on any Award, or in connection with any other event that gives rise to a federal or other governmental tax withholding obligation on the part of

Table of Contents

the Company relating to an Award, (a) the Company may deduct or withhold (or cause to be deducted or withheld) from any payment or distribution to a Grantee whether or not pursuant to the Plan (including shares of Common Stock otherwise deliverable), (b) the Committee will be entitled to require that the Grantee remit cash to the Company or (c) the Company may enter into any other suitable arrangements to withhold, in each case in an amount sufficient in the opinion of the Company to satisfy such withholding obligation.

3.3 Required Consents and Legends

3.3.1 If the Committee at any time determines that any Consent (as hereinafter defined) is necessary or desirable as a condition of, or in connection with, the granting of any Award, the delivery of shares of Common Stock or the delivery of any cash, securities or other property under the Plan, or the taking of any other action thereunder (each such action, a Plan Action), then such Plan Action will not be taken, in whole or in part, unless and until such Consent will have been effected or obtained to the full satisfaction of the Committee. The Committee may direct that any Certificate evidencing shares delivered pursuant to the Plan will bear a legend setting forth such restrictions on transferability as the Committee may determine to be necessary or desirable, and may advise the transfer agent to place a stop transfer order against any legended shares.

3.3.2 The term Consent as used in this Article III with respect to any Plan Action includes (a) any and all listings, registrations or qualifications in respect thereof upon any securities exchange or under any federal, state, or local law, or law, rule or regulation of a jurisdiction outside the United States, (b) any and all written agreements and representations by the Grantee with respect to the disposition of shares, or with respect to any other matter, which the Committee may deem necessary or desirable in order to comply with the terms of any such listing, registration or qualification or to obtain an exemption from the requirement that any such listing, qualification or registration be made, (c) any and all other consents, clearances and approvals in respect of a Plan Action by any governmental or other regulatory body or any stock exchange or self-regulatory agency, (d) any and all consents by the Grantee to (i) the Company's supplying to any third party recordkeeper of the Plan such personal information as the Committee deems advisable to administer the Plan, (ii) the Company's deducting amounts from the Grantee's wages, or another arrangement satisfactory to the Committee, to reimburse the Company for advances made on the Grantee's behalf to satisfy certain withholding and other tax obligations in connection with an Award and (iii) the Company's imposing sales and transfer procedures and restrictions and hedging restrictions on shares of Common Stock delivered under the Plan and (e) any and all consents or authorizations required to comply with, or required to be obtained under, applicable local law or otherwise required by the Committee. Nothing herein will require the Company to list, register or qualify the shares of Common Stock on any securities exchange.

3.4 Right of Offset

The Company will have the right to offset against its obligation to deliver shares of Common Stock (or other property or cash) under the Plan or any Award Agreement any outstanding amounts (including, without limitation, travel and entertainment or advance account balances, loans, repayment obligations under any Awards, or amounts repayable to the Company pursuant to tax equalization, housing, automobile or other programs) that the Grantee then owes to the Company and any amounts the Committee otherwise deems appropriate pursuant to any tax equalization policy or agreement. Notwithstanding the foregoing, if an Award provides for the deferral of compensation within the meaning of Section 409A of the Code, the Committee will have no right to offset against its obligation to deliver shares of Common Stock (or other property or cash) under the Plan or any Award Agreement if such offset could subject the Grantee to the additional tax imposed under Section 409A in respect of an outstanding Award.

3.5 Nonassignability; No Hedging

Unless otherwise provided in an Award Agreement, no Award (or any rights and obligations thereunder) granted to any person under the Plan may be sold, exchanged, transferred, assigned, pledged, hypothecated or otherwise disposed of or hedged, in any manner (including through the use of any cash-settled instrument),

Table of Contents

whether voluntarily or involuntarily and whether by operation of law or otherwise, other than by will or by the laws of descent and distribution, and all such Awards (and any rights thereunder) will be exercisable during the life of the Grantee only by the Grantee or the Grantee's legal representative. Notwithstanding the foregoing, the Committee may permit, under such terms and conditions that it deems appropriate in its sole discretion, a Grantee to transfer any Award to any person or entity that the Committee so determines. Any sale, exchange, transfer, assignment, pledge, hypothecation, or other disposition in violation of the provisions of this Section 3.5 will be null and void and any Award which is hedged in any manner will immediately be forfeited. All of the terms and conditions of the Plan and the Award Agreements will be binding upon any permitted successors and assigns.

3.6 Change in Control

3.6.1 Unless otherwise determined by the Committee (or unless otherwise set forth in an Award Agreement), if a Grantee's service as a Non-Employee Director is terminated by ICE or any successor entity thereto on or within one year after a Change in Control, each Award granted to such Grantee prior to such Change in Control shall become fully vested (including the lapsing of all restrictions and conditions) and, as applicable, exercisable as of the date of such termination of service, and any shares of Common Stock deliverable pursuant to restricted stock units shall be delivered promptly (but no later than 15 days) following such Grantee's termination of service, *provided that*, as of the Change in Control date, any outstanding performance-based Awards shall be deemed earned at the greater of the target level or actual performance level through the Change in Control date (or if no target level is specified, the maximum level) with respect to all open performance periods.

3.6.2 In the event of a Change in Control, a Grantee's Award shall be treated, to the extent determined by the Committee to be permitted under Section 409A of the Code, in accordance with one of the following methods as determined by the Committee in its sole discretion: (i) cancel such awards for fair value (as determined in the sole discretion of the Committee) which, in the case of stock options and stock appreciation rights, may equal the excess, if any, of the value of the consideration to be paid in the Change in Control transaction to holders of the same number of shares of Common Stock subject to such stock options or stock appreciation rights over the aggregate exercise price of such stock options or stock appreciation rights, as the case may be; (ii) provide for the issuance of substitute awards that will substantially preserve the otherwise applicable terms of any affected Awards previously granted under the Plan, as determined by the Committee in its sole discretion; or (iii) provide that for a period of at least 20 days prior to the Change in Control, any stock options or stock appreciation rights will be exercisable as to all shares of Common Stock subject thereto (but any such exercise will be contingent upon and subject to the occurrence of the Change in Control and if the Change in Control does not take place within a specified period after giving such notice for any reason whatsoever, the exercise will be null and void) and that any stock options or stock appreciation rights not exercised prior to the consummation of the Change in Control will terminate and be of no further force and effect as of the consummation of the Change in Control. For the avoidance of doubt, in the event of a Change in Control, the Committee may, in its sole discretion, terminate any stock option or stock appreciation right for which the exercise price is equal to or exceeds the per share value of the consideration to be paid in the Change in Control transaction without payment of consideration therefor.

3.7 Right of Discharge Reserved

Neither the grant of an Award nor any provision in the Plan or in any Award Agreement will (1) confer upon any Grantee the right to remain in the service of the Company as a Non-Employee Director or affect any right which the Company may have to terminate or alter the terms and conditions of such service or (2) create any obligation on behalf of the Board to nominate any Non-Employee Director for re-election to the Board by the Company's shareholders.

3.8 Nature of Payments

3.8.1 Any and all grants of Awards and deliveries of Common Stock, cash, securities or other property under the Plan will be in consideration of services performed or to be performed for the Company by the

Table of Contents

Grantee. Awards under the Plan may, in the discretion of the Committee, be made in substitution in whole or in part for cash or other compensation otherwise payable to a Grantee. Only whole shares of Common Stock will be delivered under the Plan. Awards will, to the extent reasonably practicable, be aggregated in order to eliminate any fractional shares. Fractional shares may, in the discretion of the Committee, be forfeited or be settled in cash or otherwise as the Committee may determine.

3.8.2 All such grants and deliveries of shares of Common Stock, cash, securities or other property under the Plan will constitute a special discretionary incentive payment to the Grantee and will not be required to be taken into account in computing the amount of salary or compensation of the Grantee for the purpose of determining any contributions to or any benefits under any pension, retirement, profit-sharing, bonus, life insurance, severance or other benefit plan of the Company or under any agreement with the Grantee, unless the Company specifically provides otherwise.

3.9 Non-Uniform Determinations

3.9.1 The Committee's determinations under the Plan and Award Agreements need not be uniform and any such determinations may be made by it selectively among persons who receive, or are eligible to receive, Awards under the Plan (whether or not such persons are similarly situated). Without limiting the generality of the foregoing, the Committee will be entitled, among other things, to make non-uniform and selective determinations under Award Agreements, and to enter into non-uniform and selective Award Agreements, as to (a) the persons to receive Awards, (b) the terms and provisions of Awards and (c) whether a Grantee's service as a Non-Employee Director has been terminated for purposes of the Plan.

3.9.2 To the extent the Committee deems it necessary, appropriate or desirable to comply with foreign law or practices and to further the purposes of the Plan, the Committee may, without amending the Plan, establish special rules applicable to Awards to Grantees who are foreign nationals, are employed outside the United States, or both, and grant Awards (or amend existing Awards) in accordance with those rules.

3.10 Other Payments or Awards

Nothing contained in the Plan will be deemed in any way to limit or restrict the Company from making any award or payment to any person under any other plan, arrangement or understanding, whether now existing or hereafter in effect.

3.11 Plan Headings

The headings in the Plan are for the purpose of convenience only and are not intended to define or limit the construction of the provisions hereof.

3.12 Termination of Plan

The Board reserves the right to terminate the Plan at any time; *provided, however*, that in any case, the Plan will terminate May 17, 2023, and *provided further*, that all Awards made under the Plan before its termination will remain in effect until such Awards have been satisfied or terminated in accordance with the terms and provisions of the Plan and the applicable Award Agreements.

3.13 Section 409A

It is the intention of the Company that no Award shall be nonqualified deferred compensation subject to Section 409A of the Code, unless and to the extent that the Committee specifically determines otherwise as provided below, and the Plan and the terms and conditions of all Awards shall be interpreted, construed and administered in accordance with this intent, so as to avoid the imposition of taxes and penalties on Grantees pursuant to Section 409A. The Company shall have no liability to any Grantee or otherwise if the Plan or any Award, vesting, exercise or payment of any Award hereunder is subject to the additional tax and penalties under

Table of Contents

Section 409A of the Code. Notwithstanding any other provision of the Plan to the contrary, with respect to any Award that is subject to Section 409A of the Code, if a Grantee is a specified employee (as such term is defined in Section 409A of the Code and as determined by the Company) as of the Grantee's termination of service as a Non-Employee Director, any payments (whether in cash, shares or other property) to be made with respect to the Award upon the Grantee's termination of service as a Non-Employee Director will be accumulated and paid (without interest) on the earlier of (i) first business day of the seventh month following the Grantee's separation from service (as such term is defined and used in Section 409A of the Code) or (ii) the date of the Grantee's death.

3.14 Clawback/Recoupment

Awards under this Plan may be subject to recoupment or clawback as may be required by applicable law, or the Company's recoupment, or clawback policy as it may be amended from time to time.

3.15 Governing Law

THE PLAN WILL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF GEORGIA, WITHOUT REGARD TO PRINCIPLES OF CONFLICT OF LAWS.

3.16 Choice of Forum

3.16.1 The Company and each Grantee, as a condition to such Grantee's participation in the Plan, hereby irrevocably submit to the exclusive jurisdiction of any state or federal court located in Atlanta, Georgia over any suit, action or proceeding arising out of or relating to or concerning the Plan. The Company and each Grantee, as a condition to such Grantee's participation in the Plan, acknowledge that the forum designated by this [Section 3.16.1](#) has a reasonable relationship to the Plan and to the relationship between such Grantee and the Company. Notwithstanding the foregoing, nothing herein will preclude the Company from bringing any action or proceeding in any other court for the purpose of enforcing the provisions of [Section 3.16.1](#).

3.16.2 The agreement by the Company and each Grantee as to forum is independent of the law that may be applied in the action, and the Company and each Grantee, as a condition to such Grantee's participation in the Plan, (i) agree to such forum even if the forum may under applicable law choose to apply non-forum law, (ii) hereby waive, to the fullest extent permitted by applicable law, any objection which the Company or such Grantee now or hereafter may have to personal jurisdiction or to the laying of venue of any such suit, action or proceeding in any court referred to in [Section 3.16.1](#), (iii) undertake not to commence any action arising out of or relating to or concerning the Plan in any forum other than the forum described in this [Section 3.16](#) and (iv) agree that, to the fullest extent permitted by applicable law, a final and non-appealable judgment in any such suit, action or proceeding in any such court will be conclusive and binding upon the Company and each Grantee.

3.16.3 Each Grantee, as a condition to such Grantee's participation in the Plan, hereby irrevocably appoints the General Counsel of ICE as such Grantee's agent for service of process in connection with any action, suit or proceeding arising out of or relating to or concerning the Plan, who will promptly advise such Grantee of any such service of process.

3.16.4 Each Grantee, as a condition to such Grantee's participation in the Plan, agrees to keep confidential the existence of, and any information concerning, a dispute, controversy or claim described in [Section 3.16](#), except that a Grantee may disclose information concerning such dispute, controversy or claim to the court that is considering such dispute, controversy or claim or to such Grantee's legal counsel (*provided* that such counsel agrees not to disclose any such information other than as necessary to the prosecution or defense of the dispute, controversy or claim).

3.17 Severability; Entire Agreement

If any of the provisions of the Plan or any Award Agreement is finally held to be invalid, illegal or unenforceable (whether in whole or in part), such provision will be deemed modified to the extent, but only to the

Table of Contents

extent, of such invalidity, illegality or unenforceability and the remaining provisions will not be affected thereby; *provided* that if any of such provisions is finally held to be invalid, illegal, or unenforceable because it exceeds the maximum scope determined to be acceptable to permit such provision to be enforceable, such provision will be deemed to be modified to the minimum extent necessary to modify such scope in order to make such provision enforceable hereunder. The Plan and any Award Agreements contain the entire agreement of the parties with respect to the subject matter thereof and supersede all prior agreements, promises, covenants, arrangements, communications, representations and warranties between them, whether written or oral with respect to the subject matter thereof.

3.18 Waiver of Claims

Each Grantee of an Award recognizes and agrees that before being selected by the Committee to receive an Award he or she has no right to any benefits under such Award. Accordingly, in consideration of the Grantee's receipt of any Award hereunder, he or she expressly waives any right to contest the amount of any Award, the terms of any Award Agreement, any determination, action or omission hereunder or under any Award Agreement by the Committee, the Company or the Board, or any amendment to the Plan or any Award Agreement (other than an amendment to the Plan or an Award Agreement to which his or her consent is expressly required by the express terms of an Award Agreement).

3.19 No Third Party Beneficiaries

Except as expressly provided in an Award Agreement, neither the Plan nor any Award Agreement will confer on any person other than the Company and the Grantee of any Award any rights or remedies thereunder. The exculpation and indemnification provisions of [Section 1.3.4](#) will inure to the benefit of a Covered Person's estate and beneficiaries and legatees.

3.20 Successors and Assigns of ICE

The terms of the Plan will be binding upon and inure to the benefit of ICE and any successor entity contemplated by [Section 3.6](#).

3.21 Waiver of Jury Trial

EACH GRANTEE WAIVES ANY RIGHT IT MAY HAVE TO TRIAL BY JURY IN RESPECT OF ANY LITIGATION BASED ON, ARISING OUT OF, UNDER OR IN CONNECTION WITH THE PLAN.

3.22 Date of Adoption, Approval of Stockholders and Effective Date

The Plan was adopted on March 1, 2013 by the Board, subject to the approval by the stockholders of ICE at the 2013 Annual Meeting of Stockholders on May 17, 2013. The Plan will only be effective if it is approved by the stockholders of ICE at the 2013 Annual Meeting. Any Awards granted under the Plan prior to such stockholder approval shall be conditioned upon such approval and shall be null and void if such approval is not obtained; *provided, however*, that stock options and stock appreciation rights granted under the Plan prior to such stockholder approval may not be exercisable until after such stockholder approval and no shares of Common Stock may be delivered pursuant to a restricted stock unit granted under the Plan prior to such stockholder approval until after such stockholder approval; *provided further* that restricted stock and other stock-based or stock-related Awards may not be granted prior to obtaining stockholder approval. If the Plan is not so approved by the stockholders of ICE, then the Plan will be null and void in its entirety. If the Plan is approved by stockholders of ICE, then no further grants will be made under the Company's 2003 Restricted Stock Deferral Plan For Outside Directors on or after the Effective Date.
