PROXY STATEMENT

This proxy statement and the accompanying form of proxy are being mailed on or about March 31, 2017, in connection with the solicitation by the Board of Directors of Computer Task Group, Incorporated (the Company) of proxies to be voted at the annual meeting of shareholders on Wednesday, May 3, 2017, and any adjournment or postponement of the meeting. The mailing address of the Company's executive office is 800 Delaware Avenue, Buffalo, New York 14209.

The Board has selected the close of business on Friday, March 24, 2017 as the record date for the determination of shareholders entitled to vote at the annual meeting. On that date, the Company had outstanding and entitled to vote 15,256,873 shares of common stock, par value \$.01 per share. A list of shareholders entitled to vote at the 2017 annual meeting will be available for examination during the annual meeting by any shareholder who is present at the meeting.

Each outstanding share of common stock is entitled to one vote. Shares cannot be voted at the meeting unless the shareholder is present or represented by proxy. If a properly executed proxy in the accompanying form is timely returned, the shares represented thereby will be voted at the meeting in accordance with the instructions contained in the proxy, unless the proxy is revoked prior to its exercise. Any shareholder may revoke a proxy either by executing a subsequently dated proxy or notice of revocation, provided that the subsequent proxy or notice is delivered to the Company prior to the taking of a vote, or by voting in person at the meeting.

Under the New York Business Corporation Law (BCL) and the Company's By-laws, the presence, in person or by proxy, of one-third of the outstanding common stock is necessary to constitute a quorum of the shareholders to take action at the annual meeting. Once a quorum is established, under the BCL and the Company's By-laws, the directors standing for election may be elected by a plurality of the votes cast. In plurality voting, the nominee who receives the most votes for his or her election is elected. Other proposals require the approval of a majority of the votes cast on each proposal.

If a broker holds your shares, this proxy statement and a proxy card have been sent to the broker. You may have received this proxy statement directly from your broker, together with instructions as to how to direct the broker to vote your shares. **If you desire to have your vote counted, it is important that you return your voting instructions to your broker.** A broker non-vote occurs when a broker submits a proxy card with respect to shares of common stock held in a fiduciary capacity (typically referred to as being held in street name), but declines to vote on a particular matter because the broker has not received voting instructions from the beneficial owner. Under the rules that govern brokers who are voting with respect to shares held in street name, brokers have no discretion to vote such shares on non-routine matters if the broker has not been furnished with voting instructions by the beneficial owners of such shares. The matters being submitted to shareholders in Proposals 1, 2, 3 and 5 are non-routine matters on which brokers have no authority to vote without instructions from beneficial owners.

Abstentions and broker non-votes have no effect on the determination of whether a plurality exists with respect to a given director nominee. With respect to other proposals, abstentions will count as votes cast on the proposal, but will not count as votes cast in favor of the proposal and, therefore, will have the same effect as votes against the proposal. Broker non-votes will not be considered to have voted on the proposal and therefore will have no effect. The proxies will be voted for or against the proposals or as an abstention in accordance with the instructions specified on the proxy form. If proxies are signed and returned, but no instructions are given, proxies will be voted for each of the proposals.

In accordance with the rules of the Securities and Exchange Commission (SEC), we have elected to deliver a full set of proxy materials to you and make the proxy materials available on our website at

www.ctg.com. You may vote by completing, signing, dating and returning your proxy card in the envelope provided as soon as possible before the meeting. Any shareholder attending the annual meeting may vote in person. If you have returned a proxy card, you may revoke your prior instructions and cast your vote at the annual meeting by following the procedures described in this proxy statement.

THE BOARD OF DIRECTORS AND COMMITTEES

The Board of Directors is divided into three classes serving staggered three-year terms. The Board has six directors and the following three committees: (i) Audit, (ii) Compensation, and (iii) Nominating and Corporate Governance. During 2016, the Board held a total of seven meetings. Each director attended at least 75% of the total number of Board meetings and the total number of meetings for the Board committees on which such director served.

Director Independence and Executive Sessions

The Board of Directors affirmatively determined in February 2017 that each of the Company's five non-management directors, which include James R. Helvey III, David H. Klein, Valerie Rahmani, Daniel J. Sullivan, and Owen J. Sullivan, is an independent director in accordance with our corporate governance policies and the standards of the NASDAQ Stock Market ("NASDAQ"). As a result of these five directors being independent, a majority of our Company's Board of Directors is currently independent as so defined. The Board of Directors has determined that there are no relationships between the Company and the directors classified as independent other than service on our Company's Board of Directors.

The foregoing independence determination also included the conclusions of the Board of Directors that:

each member of the Audit Committee, Nominating and Corporate Governance Committee, and Compensation Committee described in this proxy statement is respectively independent under the standards listed above for purposes of membership on each of these committees; and

each of the members of the Audit Committee also meets the additional independence requirements under Rule 10A-3(b) of the Securities and Exchange Act of 1934, as amended (the "Exchange Act").

Mr. Daniel J. Sullivan serves as the Chairman of the Board of Directors and is responsible for scheduling and setting the agenda for the executive sessions of the independent directors. Such executive sessions are expected to occur at regularly scheduled times during the fiscal year ending December 31, 2017, typically in conjunction with a regularly scheduled Board meeting, in addition to the separate meetings of the standing committees of the Board of Directors.

The Board of Directors has also adopted a statement of corporate governance principles that is available on the Company's website as described below under "Corporate Governance and Website Information."

Audit Committee

The Audit Committee is composed of five directors: James R. Helvey III, Chairman, David H. Klein, Valerie Rahmani, Daniel J. Sullivan, and Owen J. Sullivan, and operates under a written charter adopted by the Board of Directors. The charter of the Audit Committee is available on our Company's website as described below under "Corporate Governance and Website Information." The Audit Committee met six times during 2016.

The primary purposes of the Audit Committee are to oversee on behalf of the Company's Board of Directors: (1) the accounting and financial reporting processes of the Company and integrity of the Company's financial statements, (2) the audits of the Company's financial statements and appointment, compensation, qualifications, independence and performance of the Company's independent registered public accounting firm, (3) the Company's compliance with legal and regulatory requirements, (4) the Company's internal audit function, and (5) the preparation of the Audit Committee report that SEC rules require to be included in the annual proxy statement. The Audit Committee's job is one of oversight. Management is responsible for the Company's financial reporting process including its system of internal control, and for the preparation of the Company's consolidated financial statements in accordance with U.S. generally accepted accounting principles. The

Company's independent registered public accounting firm is responsible for auditing those financial statements. It is the Audit Committee's responsibility to monitor and review these processes. It is not the Audit Committee's duty or responsibility to conduct auditing or accounting reviews. Therefore, the Audit Committee has relied on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with U.S. generally accepted accounting principles, on its discussions with the independent registered public accounting firm and on the representations of the Company's independent registered public accounting firm included in its report on the Company's financial statements.

The Board of Directors has determined that the members of the Audit Committee are independent as described above under "Director Independence and Executive Sessions" and that each of them is able to read and understand fundamental financial statements. The Board of Directors has determined that James R. Helvey III is an audit committee financial expert as defined in Item 407 of Regulation S-K. Under the rules of the SEC, the determination that a person is an audit committee financial expert does not impose on such person any duties, obligations or liability any greater than the duties, obligations and liability imposed on any other member of the Audit Committee or the Board of Directors. Moreover, the designation of a person as an audit committee financial expert does not affect the duties, obligations or liability of any other member of the Audit Committee or Board of Directors.

Audit Committee Report

The Audit Committee has reviewed and discussed the audited financial statements with management; and has discussed with the Company's independent auditors the matters required to be discussed pursuant to PCAOB Auditing Standard No. 16. In addition, the Audit Committee has received the written disclosures and the letter from the independent registered public accountant required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accountant's communications with the Audit Committee concerning independence, and has discussed with the independent registered public accountant the independent registered public accountant's independence.

Based on the review and discussions referred to above, the Audit Committee has recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the last fiscal year for filing with the SEC.

Nominating and Corporate Governance Committee and Director Nomination Process

The Nominating and Corporate Governance Committee is composed of David H. Klein, Chairman, James R. Helvey III, Valerie Rahmani, Daniel J. Sullivan, and Owen J. Sullivan. This Committee held four meetings during 2016.

This Nominating and Corporate Governance Committee has a charter that is available on our Company's website as described below under "Corporate Governance and Website Information." The primary purposes of the Committee are to (a) identify and select the individuals qualified to serve on the Company's Board of

Directors for election by shareholders at each annual meeting of shareholders and to fill vacancies on the Board of Directors, (b) implement the Board's criteria for selecting new directors, (c) develop, recommend to the Board, and assess corporate governance policies for the Company, and (d) oversee the evaluation of the Board.

The Board of Directors has determined that the members of the Nominating and Corporate Governance Committee are independent as described above under Director Independence and Executive Sessions.

Director Nominations Made by Shareholders. The Nominating and Corporate Governance Committee will consider nominations timely made by shareholders pursuant to the requirements of our By-laws, which are further discussed under Shareholder Proposals. The Nominating and Corporate Governance Committee has not formally adopted any specific elements of this policy, such as minimum specific qualifications or specific qualities or skills that must be possessed by qualified nominees, beyond the Nominating and Corporate Governance Committee's willingness to consider candidates proposed by shareholders.

Procedure for Shareholders to Nominate Directors. Any shareholder who intends to present a director nomination proposal for consideration at the 2018 annual meeting may use the procedures set forth in the Company's By-laws, although the Company would not be required to include the nomination proposal as a proposal in the proxy statement and proxy card mailed to shareholders in connection with the next annual meeting of shareholders. For shareholder nominations of directors to be properly brought before an annual meeting by a shareholder pursuant to the By-laws, the shareholder must have given timely notice thereof in writing to the Secretary of the Company. To be timely, any shareholder entitled to vote for the election of directors at a meeting may nominate persons for election as directors only if written notice of such shareholder's intent to make such nomination is given, either by personal delivery or by United States mail, postage prepaid, to and received by the Secretary of the Company not later than 60 days in advance of the originally scheduled date of the annual meeting of shareholders.

The shareholder's notice referred to above must set forth (1) the name and address of the shareholder who intends to make the nomination, the beneficial owner or owners, if any, or other persons on whose behalf the nomination is made or acting in concert therewith and of the person or persons to be nominated; (2) a representation that the shareholder is a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (3) a description of all arrangements or understandings between the shareholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the shareholder; (4) such other information regarding each nominee proposed by such shareholder as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had each nominee been nominated, or intended to be nominated by the Board of Directors; (5) the shareholder or beneficial owner's direct and indirect ownership interests in the Company, including ownership of derivative securities; and (6) the consent of each nominee to serve as a director of the Company if so elected. The chairman of the meeting may refuse to acknowledge the nomination of any person not made in compliance with the foregoing procedure.

Board Composition and Diversity. The Nominating and Corporate Governance Committee's current process for identifying and evaluating nominees for director consists of general periodic evaluations of the size and composition of the Board of Directors with a goal of maintaining continuity of appropriate industry expertise and knowledge of the Company. The Nominating and Corporate Governance Committee strives to compose the Board of Directors with individuals possessing a variety of complementary skills.

With respect to the nominees for election at this meeting and with respect to the other members of the Board, the Nominating and Corporate Governance Committee and the Board of Directors as a whole focused primarily on the experience, qualifications, attributes and skills discussed in each of the director's biographies set forth above. In each case, the Nominating and Corporate Governance Committee and the Board of Directors considered important the achievements of the individual in the successful career described. With regard to

Mr. Crumlish, the Nominating and Corporate Governance Committee and the Board believe that it is important that they have immediate access to his direct involvement in the management of the Company. With regard to Mr. Helvey, the Nominating and Corporate Governance Committee and the Board particularly noted his extensive financial experience and prior audit committee experience. With regard to Mr. Klein, the Nominating and Corporate Governance Committee and the Board particularly noted his extensive experience managing health plan entities and his knowledge of the healthcare industry which is an important market for the Company's services. With regard to Ms. Rahmani, the Nominating and Corporate Governance Committee and the Board particularly noted her experience in cyber-security and her extensive management experience within the IT Services industry. With regard to Mr. Daniel J. Sullivan, the Nominating and Corporate Governance Committee and the Board particularly noted the broad perspective resulting from his diverse experience in managing and serving as an officer for a large, public company. With regard to Mr. Owen J. Sullivan, the Nominating and Corporate Governance Committee and the Board particularly noted his extensive experience in the staffing solutions and professional resourcing industry, including his roles at ManpowerGroup.

Although diversity may be a consideration in the Nominating and Corporate Governance Committee's process, the Nominating and Corporate Governance Committee and the Board of Directors do not have a formal policy with regard to the consideration of diversity in identifying director nominees. Since neither the Board nor the Nominating and Corporate Governance Committee has received any shareholder nominations in the past, the Nominating and Corporate Governance Committee has not considered whether there would be any differences in the manner in which the Committee evaluates nominees for director based on whether the nominee is recommended by a shareholder.

Source of Recommendation for Current Nominees. The nominees for director included in this proxy statement have been formally recommended by the incumbent independent directors who serve on the Nominating and Corporate Governance Committee. The Company engaged the services of Seiden Krieger Associates, a third party executive recruiting firm, to recruit candidates to fill the vacancy created by Mr. McGuire's retirement in February, which was ultimately filled by Mr. Owen J. Sullivan.

Past Nominations from More Than 5% Shareholders. Under the SEC rules (and assuming consent to disclosure is given by the proponents and nominee), the Company must disclose any nominations for director made by any person or group beneficially owning more than 5% of the Company's outstanding common stock received by the Company by the date that was 120 calendar days before the anniversary of the date on which its proxy statement was sent to its shareholders in connection with the previous year's annual meeting. The Company did not receive any such nominations.

Audit Committee, Nominating and Corporate Governance Committee, and Compensation Committee comprised of independent directors and having the purposes and charters described above under the separate committee headings;

internal audit function;

corporate governance principles of our Board of Directors;

specific authorities and procedures outlined in the charters of the Audit Committee, Nominating and Corporate Governance Committee and Compensation Committee; and

Board Leadership and Role in Risk Oversight

The Company's Board has elected to separate the Chairman and the CEO roles and has appointed Mr. Daniel J. Sullivan to serve as the Company's Chairman of the Board. The Company believes that splitting such governance roles promotes independent oversight of management and facilitates a balance of power more aligned with shareholder interests.

The Board views enterprise risk management (ERM) as an integral part of the Company 's strategic planning process and, as such, has charged the Audit Committee with the responsibility of overseeing the ERM process. To facilitate coordination of ERM at the operational level, the Audit Committee appointed the company 's CFO as the Company 's Chief Risk Officer (CRO). In this capacity, the CFO works with the CEO and executive officers of the Company to provide periodic ERM reports to the Audit Committee; and strives to generate careful and thoughtful attention on the Company 's ERM process, the nature of material risks to the Company and the adequacy of the Company 's policies and procedures designed to mitigate these risks. Among the matters that are considered in the Company 's ERM process is the extent to which the Company 's policies and practices for incentivizing and compensating employees, including non-executive officers, may create risks that are reasonably likely to have a material adverse effect on the Company. In this manner, the Board believes it appropriately encourages management to promote a corporate culture that appreciates risk management and incorporates it into the overall strategic planning process of the Company.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Committee Composition and Primary Purposes

The Compensation Committee of the Board of Directors is composed of Valerie Rahmani, Chairman, James R. Helvey III, David H. Klein, Daniel J. Sullivan, and Owen J. Sullivan. The Compensation Committee is responsible for overseeing the administration of the Company's employee stock and benefit plans, establishing policies relating to the compensation of employees and setting the terms and conditions of employment for executive officers. During 2016, the Compensation Committee held a total of five meetings. The Board of Directors has determined that the members of the Compensation Committee are independent as described above under Director Independence and Executive Sessions.

The Compensation Committee has a charter that is available on our Company's website as described above under Corporate Governance and Website Information. The Compensation Committee reviews the charter annually and updates the charter as necessary.

The primary purposes of the Compensation Committee are to:

- (1) review and approve corporate goals and objectives relevant to the Company's compensation philosophy,
- (2) evaluate the CEO's performance and determine the CEO's compensation in light of those goals and objectives,
- (3) review and approve executive officer compensation, incentive compensation plans and equity-based plans; and
- (4) produce an annual report on executive compensation, and approve the Compensation Discussion and Analysis, for inclusion in the Company's annual proxy statement.

Effect of Say-on-Pay Vote

At the May 2016 annual meeting, shareholders were asked to approve the Company's fiscal 2015 executive compensation programs. Of those who voted, over 93% voted to approve the proposal. In light of these results, and in consideration of shareholder input obtained from outreach efforts taken in connection with the 2016 meeting, the Compensation Committee carefully reviewed the Company's executive compensation practices. The Committee concluded that the Company's existing executive compensation programs continue to be the most appropriate for the Company and effective in rewarding executives commensurate with business results. The Committee believes that the best way to align the CEO's compensation with shareholder interests is to place the majority of his compensation at-risk in the form of long-term performance based equity awards and annual incentive opportunity. In 2015, approximately 75% of the total compensation for the CEO was in the form of at-risk performance-based compensation consisting of long-term equity awards and performance based incentives. The Committee continued this practice of heavily weighting at-risk performance-based incentives in 2016.

Compensation Philosophy and Executive Compensation Objectives

Given the exceptionally competitive nature of the IT Industry, the Company's Compensation Committee and management believe it is strategically critical to attract, retain and motivate the most talented employees possible by providing competitive total compensation packages. This general philosophy on compensation applies to all employees of the Company. With regard to executive officer compensation, the Company seeks to accomplish the following high-level objectives:

Offer a Competitive Total Compensation Package. To attract the most talented executive officers possible, the Company should tailor each executive officer's total compensation plan to reflect average total compensation offered at similar organizations. This is accomplished by means of routine compensation surveying, the process for which is described further below.

Tie Total Compensation to Performance in a Meaningful Manner. To promote the Company's overall annual and long-term financial and operating objectives, a significant portion of total compensation should be based upon the accomplishment of specific Company objectives within an executive officer's purview. This is accomplished by means of various performance-based incentive plans described further below.

Encourage Executives to Think Like Shareholders. To promote the best interests of shareholders, executive officers should be encouraged to maintain a significant equity interest in the Company. This is accomplished by means of various equity award plans described further below.

How Executive Compensation is Determined

In order to promote the Company's objective of tying total compensation to performance in a meaningful manner, the Company has adopted a uniform approach to compensation planning. In short, once the Board of Directors has reviewed and approved the corporate goals and objectives for the entire Company, the Compensation Committee begins the process of setting compensation for the executive officers. Once compensation has been set for the executive officers, they in turn are able to set performance-based objectives for their direct reports. This approach to compensation planning continues throughout the organization. In this manner, the compensation planning process seeks to optimize shareholder value by integrating appropriate employee responsibilities with corporate objectives.

In an effort to accomplish the Company's objective of offering competitive total compensation packages, the Compensation Committee routinely surveys total compensation packages for all executive officers. In 2016, as has been the practice for several years, the Compensation Committee retained the services of Pay Governance LLC ("Pay Governance"), a highly-regarded independent compensation consul
