PROPOSAL THREE: RATIFICATION OF APPOINTMENT OF GLOBAL INDEMNITY LIMITED'S INDEPENDENT AUDITOR AND AUTHORIZATION OF THE BOARD OF DIRECTORS TO DETERMINE ITS FEES

General

On August 24, 2015, the Audit Committee approved, effective as of that date, the engagement of Ernst & Young Global Limited (EY) as the Company's independent registered public accounting firm and dismissed PricewaterhouseCoopers LLP (PwC), the Company's former registered public accounting firm.

PwC's audit reports on the Company's consolidated financial statements as of and for the fiscal years ended December 31, 2014 and 2013 did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principle.

During the fiscal years ended December 31, 2014, and 2013, and the subsequent interim period from January 1, 2015 through August 24, 2015, there were (i) no disagreements within the meaning of Item 304(a)(1)(iv) of Regulation S-K with PwC on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreement(s), if not resolved to PwC's satisfaction, would have caused PwC to make reference to the subject matter of the disagreement(s) in connection with its reports on the financial statements for such years, and (ii) no reportable events within the meaning of Item 304(a)(1)(v) of Regulation S-K, except that, as described in Item 9A. of the Company's Annual Report on Form 10-K for the year ended December 31, 2014, the Company disclosed that its internal control over financial reporting was not effective as of December 31, 2014, due to the existence of a material weakness related to an element of the design of its estimation process for Unpaid Losses and Loss Adjustment Expenses as of December 31, 2014. Specifically, the design of the Company's control relating to Unpaid Losses and Loss Adjustment Expenses that exceeded the central estimates of both the internal and external actuaries in the process of establishing management's final determination of loss reserve selections was not adequate. This deficiency did not result in a material misstatement in the consolidated financial statements; however, this deficiency could have resulted in a material misstatement of the aforementioned accounts and disclosures of the annual or interim consolidated financial statements that would not have been prevented or detected. The Audit Committee of the Board of Directors discussed this matter with PwC and has authorized PwC to respond fully to the inquiries of EY, the successor accountant, concerning this reportable event.

During the fiscal years ended December 31, 2014 and 2013, and the subsequent interim period from January 1, 2015 through August 24, 2015, neither the Company nor anyone acting on behalf of the Company, has consulted with EY regarding (i) the application of accounting principles to a specific transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, and neither a written report nor oral advice was provided to the Company that EY concluded was an important factor considered by the Company in reaching a decision as to any accounting, auditing or financial reporting issue, (ii) any matter that was subject of a disagreement within the meaning of Item 304(a)(1)(iv) of Regulation S-K, or (iii) any reportable event within the meaning of Item 304(a)(1)(v) of Regulation S-K.

The appointment of an independent auditor is made annually by the Audit Committee. The Audit Committee reviews both the audit scope and estimated fees for professional services for the coming year. The Audit Committee of the Board of Directors has appointed EY as our independent auditor. As a matter of good corporate governance, the Audit Committee submits its selection of the independent auditors to our shareholders for ratification in a non-binding vote at the Annual General Meeting. In addition, shareholders will be asked to authorize our Board of Directors acting through its Audit Committee to set the fees for EY. If the shareholders do not ratify the appointment of EY, the selection of our independent registered public accounting firm may be reconsidered by the Audit Committee. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent auditor at any time during the year if it determines that such a change is in the best interests of the Company and its shareholders.

Table of Contents

A representative of EY is expected to be available telephonically to respond to appropriate questions from shareholders at the Annual General Meeting. The representative will also have the opportunity to make a statement if he or she desires.

Pre-Approval of Services

To ensure that our independent auditor maintains the highest level of independence and pursuant to the Audit Committee Pre-Approval Policy, the Audit Committee is required to pre-approve the audit and permitted non-audit services performed by our independent auditors. The Audit Committee pre-approved 100% of the fees for audit and non-audit services performed by EY and PwC during the year ended December 31, 2016. To ensure that the provision of these services does not impair the independence of our independent auditor, unless a type of service to be provided by our independent auditor and the associated fees have been pre-approved in accordance with the Audit Committee Pre-Approval Policy, the Audit Committee's separate pre-approval of any proposed services and the associated fees is required. The Audit Committee Pre-Approval Policy only applies to services provided to us by our independent auditor; it does not apply to similar services performed by persons other than our independent auditor. The term of any pre-approval is 12 months from the date of pre-approval, unless the Audit Committee specifically provides for a different period. BOARD OF DIRECTORS AND CERTAIN GOVERNANCE MATTERS

Board Structure

Since June of 2007, it has been our policy to separate the positions of Chief Executive Officer and Chairman of the Board of Directors. While we recognize that different board leadership structures may be appropriate for companies in different situations, we believe that our current policy of having a separate Chairman is the most appropriate for us at this time. In today's challenging economic and regulatory environment, directors, more than ever, are required to spend a substantial amount of time and energy in successfully navigating a wide variety of issues and guiding the policies and practices of the companies they oversee. To that end, we believe that having a Chairman independent of the Chief Executive Officer, whose sole job is to lead the Board of Directors, allows our Chief Executive Officer, Ms. Valko, to better focus her time and energy on running the day-to-day operations of Global Indemnity. We believe that our Chief Executive Officer and our Chairman have an excellent working relationship and open lines of communication. The Board of Directors believes that Global Indemnity's current leadership structure does not affect its role in risk oversight of Global Indemnity.

The Board of Directors exercises its risk oversight responsibilities through its committees, which regularly report to the full Board of Directors. Our Enterprise Risk Management Committee addresses enterprise risk matters, the Audit Committee addresses financial reporting risk, the Compensation and Benefits Committee addresses compensation related matters and the Investment Committee addresses risks related to investing. For a further discussion, see [Board Committees](#) below.

Our Board of Directors has determined that Seth J. Gersch, Joseph W. Brown, Raphael L. de Balmann, John H. Howes, and Bruce R. Lederman are independent as defined by applicable NASDAQ Listing Rules and SEC rules. We believe that the number of independent, experienced directors that make up our Board of Directors, along with the oversight of our Board of Directors by the non-executive Chairman, benefits us and our shareholders.

Meetings and Independence Requirements

Our Board of Directors held five meetings in 2016. In 2016, all of the incumbent members of our Board of Directors attended 75% or more of the total number of meetings of our Board of Directors and the total number of meetings held by committees on which they served that were held during the period for which they were directors and served on such committees.

The Annual General Meeting will be our fourteenth annual general meeting of shareholders. We do not have a policy about directors' attendance at our annual meeting of shareholders. No director attended our 2016 Annual General Meeting.

Global Indemnity is a controlled company as defined in Rule 5615(c)(1) of the NASDAQ Marketplace Rules because more than 50% of our voting power is held by Fox Paine & Company. See [Additional Information](#) [Principal Shareholders](#) and [Security Ownership of Management](#). Therefore, we are exempt from certain requirements of Rule 5605 with respect to (1) having a majority of independent directors on our Board of Directors, (2) having the compensation of our executive officers determined by a majority of independent directors or a compensation committee composed solely of independent directors, and (3) having nominees for director selected or recommended for selection by either a majority of independent directors or a nominating committee composed solely of independent directors.

Board Committees

The Board of Directors currently has seven members and the following seven committees: Audit; Compensation and Benefits; Nominating; Governance; Executive; Investment; and Enterprise Risk Management.

Table of Contents

Audit Committee

The Audit Committee held four meetings in 2016. The Audit Committee currently consists of Seth J. Gersch, Raphael L. de Balmann, and John H. Howes. Mr. Gersch is currently the Chair of the Audit Committee. Our Board of Directors has determined that Messrs. Gersch, de Balmann and Howes each qualify as independent directors as that term is defined in the NASDAQ Listing Rules and each member of the Audit Committee satisfies the enhanced independent requirements for Audit Committee members under the rules of the SEC and the NASDAQ Listing Rules. Our Board of Directors has also determined that all three members of the Audit Committee are able to read and understand fundamental financial statements as required by the NASDAQ Listing Rules and that Mr. Gersch qualifies as an audit committee financial expert as defined by the rules of the SEC.

The principal duties of the Audit Committee are to oversee our accounting and financial reporting processes and the audit of our financial statements, to select and retain our independent auditor, to review with management and our independent auditor our annual financial statements and related footnotes, to review our internal audit activities, to review with our independent auditor the planned scope and results of the annual audit and its reports and recommendations, and to review with the independent auditor matters relating to our system of internal controls.

The Compensation Committee also reviews and approves any forms of employment contracts, severance arrangements, change in control provisions, and other compensatory arrangements with our executive officers.

The Compensation Committee meets each year in conjunction with regularly-scheduled Board of Directors meetings and as needed at other times. Management participates in meetings at the invitation of the Compensation Committee, providing financial data on which compensation decisions are based, publicly-available compensation data with respect to our competitors, and updates on legal developments affecting compensation. Management may also propose financial targets on which performance will be judged. Generally, at each meeting an executive session is held without members of management present. In the course of its activities, the Compensation Committee may designate or allocate all or any portion of its responsibilities and powers to a subcommittee consisting of one or more of its members, including those responsibilities and powers related to Section 162(m) of the Code.

Further discussion regarding the Compensation Committee s processes for setting executive compensation is set forth under Executive Compensation Compensation Discussion and Analysis Committee Activities and Compensation paid to Named Executive Officers with Respect to 2016 and Our Compensation Philosophy.

Global Indemnity does not have a formal policy with regard to the consideration of diversity in identifying director nominees, but the Nominating Committee strives to nominate directors with a variety of complementary skills so that, as a group, the Board of Directors will possess the appropriate talent, skills, and expertise to oversee Global Indemnity's businesses.

A copy of our Governance Committee Charter is available on our website at www.globalindemnity.ky.

DIRECTOR COMPENSATION

General

The form and amount of non-employee director compensation is determined by the Board of Directors based on recommendations by our Nominating Committee. Our directors that are also employees of the Company are not separately compensated for their service as directors. Cynthia Y. Valko, our Chief Executive Officer, is an employee of the Company and therefore is not separately compensated for her services as a director. We believe that director compensation should not only be competitive within the insurance industry, but also fair and reasonable in light of our directors' background and experiences, as well as the overall time, effort, and complexity involved in carrying out their responsibilities as directors.

To align the objectives of our directors and our shareholders, as well as to retain directors for an extended period, our non-employee directors receive annual retainers for serving on the Board of Directors and each committee payable in cash and in restricted A ordinary shares. The annual retainers are apportioned between Global Indemnity Group, Inc. and Global Indemnity Limited based upon the services rendered to our US insurance operations and our non-US corporate operations, respectively. The number of restricted A ordinary shares to be issued to a director under the Global Indemnity Limited Share Incentive Plan (Share Incentive Plan) is determined by dividing the amount of compensation to be issued by the closing market price of our A ordinary shares on NASDAQ on the last business day of the calendar quarter in which the compensation was earned.

Restricted A ordinary shares issued to directors vest over a rolling 24 month period. Restricted A ordinary shares received may not be transferred, sold or otherwise disposed of unless and until (1) there is a change in control of Global Indemnity, (2) such director passes away, or (3) 24 months have elapsed since the date the director ceased to serve on the Board of Directors. Restricted A ordinary shares are subject to forfeiture upon a director's breach of confidentiality, or if within 24 months following a director's departure from the Board of Directors, the director becomes associated with a property and casualty company that at the time of association or during the restriction period competes with us.

These restrictions on transfer, sale and disposition are designed to ensure that our directors maintain a long-term perspective when overseeing our operations.

Retainer and Fee Schedule

Each non-employee director is required to elect a percentage of their annual retainer to be paid in Restricted A ordinary shares and a percentage of their annual retainer to be paid in cash. This election remains in effect for one year and may be changed upon five days' prior written notice by the non-employee director.

Prior to the Redomestication, non-employee directors who elected to receive 100% of their retainer for Board services rendered to Global Indemnity plc in Restricted A ordinary shares also received an additional cash payment equivalent to 100% of their retainer for services rendered to Global Indemnity plc. Non-employee directors who elected to receive 100% of their retainer for services rendered to Global Indemnity Group, Inc. in Restricted A ordinary shares had their compensation increased in cash to provide a gross-up for taxes. Those non-employee directors who did not elect to receive 100% of their retainer for Board services rendered to Global Indemnity Group, Inc. in Restricted A ordinary shares did not receive the additional cash payment and do not have their compensation grossed-up for taxes.

After the Redomestication, non-employee directors who elect to receive 100% of their retainer for services rendered to Global Indemnity Limited and Global Indemnity Group, Inc. in Restricted A ordinary shares have their compensation increased in cash to provide a gross-up for taxes. Those non-employee directors who do not elect to receive 100% of their retainer for Board services rendered to Global Indemnity Limited and Global Indemnity Group, Inc. in Restricted A ordinary shares do not receive the additional cash payment and do not have their compensation grossed-up for taxes.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This Compensation Discussion and Analysis focuses on the compensation of the executive officers listed in the Summary Compensation Table that follows (our named executive officers). Our named executive officers for 2016 were Cynthia Y. Valko, Chief Executive Officer, Global Indemnity Limited; Thomas M. McGeehan, Chief Financial Officer and Executive Vice President - Finance, Global Indemnity Limited; William J. Devlin, Jr., Executive Vice President, Personal Lines and Agriculture of Global Indemnity Group; Stephen Green, President of Global Indemnity Re and Louis K. Korth, former Chief Actuary & Risk Officer of Global Indemnity Group. While not technically qualifying as a named executive officer, we have included Matthew B. Scott, Executive Vice President, Commercial Lines of Global Indemnity Group, because he was a named executive officer last year, which helps provide a better year to year comparison of our named executive officers and because Mr. Korth resigned effective as of March 22, 2017.

The following is a discussion of our objectives and philosophies regarding executive officer compensation, as well as the actions taken in 2016 and the compensation awarded to, earned by, or paid to our named executive officers with respect to 2016 performance.

Committee Activities and Compensation Paid to Named Executive Officers With Respect to 2016

The Compensation Committee met one time in 2016. Actions of the Compensation Committee included approving the executive officers' 2016 salaries and bonus incentive opportunities. The Compensation Committee or the Board of Directors, after consulting with our Chief Executive Officer (except with respect to matters relating to the Chief Executive Officer), has approved the compensation and the employment agreements and arrangements for all of our named executive officers. Following the fiscal year, the Compensation Committee also typically conducts an annual review of the performance of our named executive officers and did so in early 2017 with respect to performance for 2016.

The Compensation Committee approves all grants of equity compensation to our named executive officers and determines the size of the grants as it deems appropriate to achieve the goals as described below and establishes the time or times at which equity will be awarded. With respect to stock options, the Compensation Committee sets the exercise price per share at the closing price of our shares on the date of grant.

Our Compensation Philosophy

Our primary goals in structuring compensation opportunities for our named executive officers are: (1) fostering achievement of corporate performance objectives; (2) recognizing executives' contributions to corporate success; and (3) attracting and retaining quality professionals. We apply a consistent compensation philosophy for all named executive officers. This philosophy is based on the premise that our achievements result from the coordinated efforts of all employees, including our named executive officers, working toward our business objectives. The Compensation Committee designed and refines the executive compensation program to support the overall objective of maximizing long-term shareholder value by aligning the interests of executives with the interests of shareholders and by rewarding executives for achieving corporate and individual objectives.

We have entered into employment agreements or arrangements with our named executive officers, as described in more detail below following the Summary Compensation Table. These agreements and arrangements are important to the future of our business because our success depends, in significant part, upon the individual employees who represent us in dealings with our producers and the investment community, execute our business strategy, and identify and pursue strategic opportunities and initiatives. We believe that such agreements and arrangements are helpful in providing our executives with some comfort regarding their

Table of Contents

duties and compensation. For some executives, our employment agreement and arrangements contain restrictive covenants with respect to competitive activity, non-solicitation, and confidentiality during and following the executives' employment with us. These covenants are particularly important in protecting our interests in what is an intensely competitive industry in which leveraging the personal relationships of our executives is critical to our success. The employment agreements and arrangements also dictate the level and extent to which the executives receive post-termination compensation.

Generally, we structure our total compensation packages for our named executive officers to be competitive with respect to compensation paid by our peer companies to their executives. Three industry compensation surveys were used in 2016 that were not specifically prepared for us. The following companies participated in those surveys: ACUITY, Allied World Assurance Company, Inc. US, Amica Mutual Insurance Company, Argo Group International Holdings, LTD., Aspen Specialty Insurance Company, Crum & Forster, Employers Mutual Casualty Company, Esurance Insurance Services, Inc., FBL Financial Group, Inc., FCCI Insurance Group, Homesite Insurance, Ironshore, Inc., Markel Corporation, Navigators Management Company, OneBeacon Insurance Group, Ltd., PMA Companies, ProSight Specialty Insurance Group, Inc., Selective Insurance Company of America, Sentry Insurance, State Auto Insurance Company, Swiss Re, The Main Street America Group, Utica National Insurance Group, Westfield Insurance, and Zenith National Insurance Corporation (collectively the "Peer Group"). We believe that use of such peer and competitor comparison provides a suitable basis for addressing and balancing between the competitive nature of our business and the attendant need to recruit and retain talented executives by providing competitive compensation against the Compensation Committee's strong desire to ensure that our executives do not receive excessive compensation in relation to their peers or disproportionate to their contributions to our long-term success and shareholder value. However, we do not target any specific percentile in relation to such Peer Group with respect to any element of executive compensation. We believe that our emphasis on performance and shareholder return with a long-term perspective may result in compensation opportunities that differentiate our practices from those of our peers. In short, our compensation program has been structured so that our executives will be well compensated if, and only if, they create value for our shareholders over a period of several years.

Key Elements of Compensation

We use two primary components of executive compensation to satisfy our compensation objectives: base salary, which is provided to recognize our executive officers' day-to-day contributions and performance-based incentive opportunities that include both a long-term equity incentive component payable in equity awards and annual bonus incentives payable in cash. The Compensation Committee uses base salary to compensate executives at salary levels that are competitive with and comparable to the levels used by other companies within our Peer Group, but does not target any specific percentiles.

Our performance-based incentive opportunities generally are designed to motivate executives to focus on the performance of the division, subsidiary, or unit for which they have primary responsibility. In the first quarter of each year, our Compensation Committee establishes the performance objectives that must be met during the applicable performance period for a named executive officer to earn the incentive compensation. These performance objectives reflect each executive's responsibilities and a day-to-day emphasis on generating profits. If the incentive bonuses are earned, a portion will be paid in cash and the remaining portion in restricted shares.

We pay out a portion of these incentive opportunities in the form of equity awards because we believe that short-term results do not, by themselves, accurately reflect the performance of a company in our industry or the return realized by our shareholders. These equity awards generally vest pro-rata over three or four years as described below and unless otherwise indicated in the applicable employment agreement or arrangement, vesting is subject to continued employment or the Board of Directors' discretion. Equity awards are an important component of our compensation policies and are designed to motivate recipients to act from the perspective of a long-term owner. We believe that providing our named executive officers with equity ownership: (1) serves to align the interests of our named executive officers with shareholders by creating a direct link between

Table of Contents

compensation and long-term shareholder return, (2) creates a significant, long-term interest in our success and (3) aids in the retention of key executive officers in a competitive market for executive talent. We further believe that the allocation between cash and equity awards with respect to the annual bonuses earned provides both an incentive for the named executive officer to continue to perform at a high level and to reward the named executive officer for his performance during an applicable performance period. All equity grants to our named executive officers are made pursuant to our Share Incentive Plan.

From time to time, we may grant additional equity awards or other forms of compensation, such as in connection with an executive officer's hire or promotion. With respect to new hire or promotion equity awards, in order to promote our goals of attracting and retaining talented executives, the awards usually vest over certain periods of time subject to continued employment in good standing, with vesting contingent in certain instances on the attainment of performance goals as described above. Equity awards that are made upon an executive's commencement of employment may also be contingent on the executive's purchase of restricted stock to ensure that the executive is a shareholder with a significant personal investment in Global Indemnity.

As described below under *Employment Agreements*, Ms. Valko received options to acquire our A ordinary shares in connection with the commencement of her employment and the entering into of a new employment agreement in 2014. These options vest annually pro-rata over three years subject to certain Board of Director approved performance targets. As described below under *Other Equity Awards*, Mr. Korth received a discretionary grant of restricted A ordinary shares in February 2016. The restricted A ordinary shares were scheduled to vest on the third anniversary of the award, but were forfeited upon his March 22, 2017 resignation.

Base Salary

The Compensation Committee uses base salary to compensate executives at salary levels that are competitive with and comparable to the levels used by other companies within our Peer Group, but does not target any specific percentiles. The Compensation Committee reviews base salaries on an annual basis to determine whether such salaries remain competitive relative to the Peer Group, and whether any adjustments would be appropriate based on other relevant factors. Base salaries for our named executive officers were initially set in the executives' employment agreements or arrangements with us and have been increased in subsequent years in connection with merit increases, which generally relate to individual past performance, enhanced professional responsibilities and the review of Peer Group compensation. In setting the Chief Executive Officer's base salary and in evaluating the Chief Executive Officer's recommendations for the base salaries of the other named executive officers, the Compensation Committee generally weighs a variety of factors, including individual past performance, potential for future successful performance with us, level and scope of responsibility and relative fairness among our executive officers. The Compensation Committee reviewed and approved executive base salaries in February 2016.

Incentive Opportunities

For 2016, Ms. Valko and Messrs. McGeehan, Scott, Korth, Devlin, and Green were provided an opportunity to earn both a cash bonus and an equity bonus based on the combined ratio and gross written premiums for the applicable year. As described below, the amounts of the annual bonuses payable to our named executive officers are dependent, in large measure, on our performance in relation to performance targets. The extent to which actual performance exceeds or falls short of target performance directly results in a corresponding increase or decrease in the bonus amounts payable.

The criteria for our annual bonus incentives for 2016 related to certain objective performance goals that included gross written premium and the combined ratio, as well as individual performance expectations. Gross written premiums is a financial measurement that is generally viewed in the insurance industry as an indicator of revenue and growth. The combined ratio is the ratio of the sum of losses, acquisition costs and other underwriting

Table of Contents

expenses to net premiums earned. The combined ratio is a financial measure that is generally viewed in the insurance industry as an indicator of underwriting profitability. Generally a lower combined ratio equates to greater profitability.

Target Incentives Under Employment Agreements

Ms. Valko's employment agreement sets a yearly target bonus opportunity of not less than \$600,000, which is payable 50% in cash and 50% in restricted shares. For 2016, the Compensation Committee set Ms. Valko's target bonus opportunity at \$750,000. Ms. Valko's yearly bonus payment is based on achieving underwriting income, premium volume, such as gross written premium, and underwriting profitability targets, such as combined ratio, as established yearly by the Compensation Committee, and subject to a true-up as described below. Restricted share awards vest one-third per year over three years, subject to an accident year true-up of bonus year underwriting results as of the third anniversary of the stock award. The yearly bonus opportunity is subject to continued employment.

Under their employment agreements, Messrs. McGeehan and Devlin are eligible to receive cash and equity bonus awards under criteria developed annually by the Board of Directors and Compensation Committee. Mr. Scott has a bonus target in his employment agreement, but the performance criteria is established annually by our Board of Directors and the Compensation Committee. Mr. Korth did not have an employment agreement and his performance criteria was established annually by our Board of Directors and Compensation Committee. Both Messrs. Scott's and Korth's bonus target for 2016 were the same as the targets developed by the Board of Directors and Compensation Committee for the other executive officers and were based on the combined ratio and gross written premiums for 2016.

Under his employment arrangement, Mr. Green is eligible to receive a cash and equity bonus under criteria developed annually by the Board of Directors and Compensation Committee. Awards are based on Global Indemnity Re's results, including but not limited to, premium, income, loss ratio and expense ratio. The employment agreement for Mr. Green is structured so that the cash component target is 50% of Mr. Green's annual base salary and the restricted share component target value is 50% of Mr. Green's annual base salary or structured as determined by the Company and the overall results of both Global Indemnity Re and the Company. 50% of a restricted share award vests ratably over three years. The remaining 50% of a restricted share award is subject to re-measurement of the combined ratio of Global Indemnity Re, excluding corporate expenses, three years after the grant. To qualify for the award, the combined ratio of Global Indemnity Re, excluding corporate expenses cannot be greater than that originally presented to and approved by the Board of Directors. Such vesting will occur no later than March 15th of the re-measurement year.

Cash Bonus Opportunity

Performance Objectives and Target Cash Bonuses

Ms. Valko was eligible for a cash bonus target of \$375,000 upon the achievement of a combined ratio of Global Indemnity in 2016 equal to or less than 98.8% and gross written premiums of at least \$531.9 million. Messrs. McGeehan, Scott, Korth and Devlin were each eligible for a cash bonus in an amount between 50% and 70% of his annual base salary if the combined ratio of Global Indemnity's US Operations in 2016 was between 99.6% and 97.6% or less and gross written premiums for Global Indemnity's US Operations were between \$499.6 million and \$549.6 million or greater. The combined ratio criteria is weighted at 75% and the gross written premium is weighted at 25%. Actual performance results between the specified goal amounts are subject to interpolation. To qualify for a bonus, the respective combined ratio target must be met. If the respective combined ratio target is not met, the gross written premium criteria is not considered.

Table of Contents

Mr. Green was eligible for a cash bonus of 50% of his annual base salary if the combined ratio of Global Indemnity Re in 2016 was no greater than 82.5% and the gross written premiums for Global Indemnity Re were at least \$32.3 million.

Performance Results

Ms. Valko was not eligible to receive a cash bonus as the combined ratio of Global Indemnity in 2016 was 110.5%.

Messrs. McGeehan, Scott, Korth and Devlin were not eligible to receive a cash bonus as the combined ratio of Global Indemnity's US Operations in 2016 was 111.2%.

Mr. Green was not eligible to receive a cash bonus as the combined ratio of Global Indemnity Re in 2016 was 99.3%. However, to provide a continued incentive for future performance and reward performance not measured by combined ratio and gross written premiums, the Compensation Committee determined to award a discretionary cash bonus to Mr. Green of \$125,000. Mr. Green's cash bonus was awarded, in part, because of Global Indemnity Re's 2016 underwriting profit and performance of certain existing lines of business, new business deals entered into in 2016, and his relationships with Global Indemnity Re's business partners.

Equity Bonus Opportunity

Performance Objectives and Target Equity Bonuses

Ms. Valko was eligible for an equity bonus of \$375,000 upon the achievement of a combined ratio of Global Indemnity in 2016 of equal to or less than 98.8%.

Messrs. McGeehan, Scott, Korth, and Devlin were eligible for an equity bonus in an amount between 50% and 75% of their annual base salary with an actual equity bonus payable at 50% of the respective base salaries if the actual combined ratio is equal to, and not greater than 98.8% and at 75% if that actual combined ratio is equal to or less than 96.8%. For the combined ratios that fall between the specified performance levels, the payouts are adjusted on a linear basis. Upon achievement of the eligibility requirements, each named executive officer's bonus would be further adjusted based on a 2016 gross written premium target for Global Indemnity of \$531.9 million. The actual gross written premium is divided by the target gross written premium. The result is multiplied by the bonus amount calculated for the combined ratio portion of the bonus to achieve an adjusted bonus amount. The maximum adjustment is +/- 20%. Fifty percent of any such award would vest ratably over a three-year period. The other fifty percent of any such award is subject to re-measurement of the combined ratio by an independent actuary. To qualify for the award the combined ratio, as of December 31, 2019, cannot be greater than the ratio originally presented to and approved by the Board of Directors on or before March 1, 2016.

Mr. Green was eligible for an equity bonus of 50% of his annual base salary based on his performance objectives discussed in [Cash Bonus Opportunity](#) above.

Performance Results

Ms. Valko and Messrs. McGeehan, Scott, Korth, and Devlin were not eligible to receive an equity bonus as the combined ratio of Global Indemnity in 2016 was 110.5%. However, to provide continued incentive the Compensation Committee determined to award Mr. McGeehan a discretionary equity bonus with a value of \$125,000, Mr. Scott a discretionary equity bonus with a value of \$120,000, Mr. Korth a discretionary equity bonus with a value of \$100,000, and Mr. Devlin a discretionary equity bonus with a value of \$125,000. Mr. Korth was not issued his equity bonus as he provided notice of his March 22, 2017 resignation prior to the issuance of the restricted A ordinary shares.

Table of Contents

Mr. Green was not eligible to receive an equity bonus as the combined ratio for both Global Indemnity Re and Global Indemnity exceed the objective. However, to provide continued incentive and reward performance not measured by combined ratio and gross written premiums, the Compensation Committee determined to award a discretionary equity bonus to Mr. Green with a value of \$150,000 for the reasons discussed in the Cash Bonus Opportunity above.

The following table sets forth the number of restricted A ordinary shares granted to each of our named executive officers for 2016 performance:

Named Executive Officer	Number of Restricted A Ordinary Shares Granted
Cynthia Y. Valko	0
Thomas M. McGeehan	3,271
Matthew B. Scott	3,140
Louis K. Korth	0
William J. Devlin, Jr.	3,271
Stephen Green	3,925

Fifty percent of Messrs. McGeehan's, Scott's and Devlin's restricted share awards vest ratably over three years on January 1, 2018, January 1, 2019, and January 1, 2020. The remaining fifty percent of the restricted share awards vest after a re-measurement of Global Indemnity's 2016 combined ratio, three years after the grant by an independent actuary. The shares will vest if the re-measured combined ratio is not greater than the original 2016 combined ratio. Fifty percent of Mr. Green's restricted share award vests ratably over three years on January 1, 2018, January 1, 2019 and January 1, 2020. The remaining fifty percent of the restricted share award vests after a re-measurement of Global Indemnity Re's 2016 combined ratio, three years after the grant by an independent actuary. The shares will vest if the re-measured combined ratio of Global Indemnity Re is not greater than the original 2016 combined ratio for Global Indemnity Re.

Other Equity Awards

Mr. Korth received a discretionary equity bonus on February 7, 2016 to provide a continued performance incentive. Mr. Korth received an equity bonus with a value of \$150,000 via a restricted share award of 5,309 A ordinary shares. The restricted share award was scheduled to vest on February 7, 2019, but was forfeited upon his March 22, 2017 resignation.

The Compensation Committee believes that the targets it sets annually for cash and equity bonuses are challenging but within reach for a talented executive team. The Compensation Committee is also empowered to exercise negative discretion and reduce the bonuses otherwise payable to any of our employees if the Compensation Committee determines that particular corporate results were achieved without significant personal contributions by the particular employee. In addition, certain awards are subject to true-ups at the conclusion of applicable performance periods, which may result in forfeiture of the awards or a portion thereof. The Compensation Committee may also claw back bonuses if our financial statements are restated.

Other Considerations*Equity Ownership Generally*

We have adopted certain policies with respect to equity compensation, all of which apply to our named executive officers, such as policies regarding insider trading which prohibit trading during periods immediately preceding the release of material non-public information. We also permit our named executive officers to establish Rule 10b5-1 trading plans, subject to the prior approval of our in-house legal department.

Table of Contents

We expect our named executive officers to maintain a significant personal ownership stake in our company. While we have not established share ownership guidelines that are applicable to every executive, as noted above, equity awards that are made upon an executive's commencement of employment are also often contingent on the executive's purchase of restricted stock, and we may consider adopting such guidelines in the future.

Other Benefits

Our named executive officers are entitled to participate in the various benefits made available to our employees generally, including retirement plans, group health plans, paid vacation and sick leave, basic life insurance, and short-term and long-term disability benefits. With respect to Mr. Green, the Company pays 100% of the Bermuda government social insurance contribution and government payroll tax, which amount is set forth in the Summary Compensation Table below. Furthermore, all of our and our subsidiaries' directors and officers are covered by our directors and officers' liability insurance.

Post-Employment Benefits, Severance and Change in Control Policy

The post-employment benefits available to our named executive officers are subject to the terms of the executives' employment agreements and arrangements. Our named executive officers are not provided with a supplemental retirement benefit plan or other pension beyond that of our 401(k) plan and matching contributions available to all of our employees.

The Compensation Committee and our Board of Directors approve appropriate severance policies for each executive officer designed to (1) compensate an executive who is involuntarily separated from us for reasons other than for cause and (2) compensate the executive to the extent the executive is subject to a post-termination non-compete agreement.

We have adopted a limited change in control policy designed to incentivize our executive officers to pursue transactions which benefit our shareholders. The entitlement to accelerated vesting of restricted shares and options in the event that we undergo a change in control varies from executive officer to executive officer. For details regarding the potential for accelerated vesting of restricted share and options, see the descriptions below under Employment Agreements.

Impact of Accounting, Tax and Legal Considerations

With respect to taxes, Section 162(m) of the Code imposes a \$1 million limit on the deduction that we may claim in any tax year with respect to compensation paid to the Chief Executive Officer and certain other named executive officers. Accordingly, the Compensation Committee monitors compensation paid to such executives so it may consider whether steps may be taken to ensure that it is deductible under Section 162(m) of the Code.

Certain types of performance-based compensation are exempted from the \$1 million limit. Performance-based compensation can include income from stock options, performance-based restricted shares, and certain formula driven compensation that meets the requirements of Section 162(m) of the Code. The Compensation Committee considers whether to structure performance-based and equity compensation for our named executive officers in a manner that complies with Section 162(m) of the Code in order to provide for the deductibility of such compensation. However, the Compensation Committee may authorize compensation in excess of \$1 million that is not performance-based under Section 162(m) of the Code if it believes doing so is in our best interest.

We also take into account Sections 280G and 4999 of the Code when structuring compensation. These two sections relate to the imposition of excise taxes on executives who receive, and the loss of deductibility for employers who pay, excess parachute payments made in connection with a change in control. We often structure our compensation opportunities in a manner that reduces the impact of Sections 280G and 4999 of the Code.

Say-on-Pay and Say-on-Frequency

The Compensation Committee has considered the result of the 2014 advisory, non-binding say-on-pay vote in connection with the discharge of its responsibilities. Over 99% of the votes cast had approved the compensation of our named executive officers described in our proxy statement in 2014. As the level of support received by our stockholders was high, the Compensation Committee decided not to make any material changes to our executive compensation programs.

In light of the voting results with respect to the frequency of shareholder votes on named executive officer compensation at the 2011 Annual General Meeting in which a substantial majority of our shareholders voted for say-on-pay proposals to occur every three years, the Board of Directors decided that it currently intends to hold, in accordance with the results of such vote, a triennial advisory vote on the compensation of named executive officers until the next required vote on the frequency of shareholder votes on named executive officer compensation. Accordingly, we are holding a say-on-pay vote and vote on the frequency of shareholder votes on named executive officer compensation at the Annual General Meeting.

Management Agreement

On October 31, 2013, Global Indemnity (Cayman), Ltd. ("Global Indemnity Cayman"), a wholly owned subsidiary of the Company, entered into an Amendment and Restatement of the Management Agreement with Fox Paine & Company (the "Amended and Restated Agreement"). The Amended and Restated Agreement reflects the fourth amendment to the original management agreement, which was entered into on September 5, 2003 when Fox Paine & Company made its initial investment in the predecessor companies of the Company. The Company's subsidiaries, United America Indemnity, Ltd. ("United America"), Global Indemnity Reinsurance Company, Ltd., and Global Indemnity Group, Inc., guaranteed Global Indemnity Cayman's payment obligations under the Amended and Restated Agreement. In connection with, and effective upon, the Redomestication, Global Indemnity plc and the Company entered into a confirmation letter with Fox Paine & Company waiving any fees owed to Fox Paine & Company pursuant to the Amended and Restated Agreement in connection with the Redomestication and assigned the Amended and Restated Agreement to the Company. Additionally, Global Re and Global Indemnity Group, Inc., in connection with, and effective upon, the Redomestication reaffirmed their guarantee of the payment obligations under the Amended and Restated Agreement. United America was merged into the Company and no longer exists.

Prior to entering into the Amended and Restated Agreement, Global Indemnity Cayman paid Fox Paine & Company a \$1.5 million annual management fee ("Annual Service Fee") in exchange for Fox Paine & Company, LLC's ongoing provision of management services to Global Indemnity Cayman and its affiliates. With the Amended and Restated Agreement, the \$1.5 million Annual Service Fee is adjusted to reflect the aggregate increase in the CPI-U from August 31, 2003 to August 31, 2013, to \$1.9 million. The Annual Service Fee will be adjusted on an ongoing basis annually to reflect the year over year change in the CPI-U. Beginning on September 5, 2014, payment of the Annual Service Fee is deferred until a change of control or September, 2018, whichever occurs first, in exchange for an annual adjustment equal to the percentage rate of return the Company earns on its investment portfolio multiplied by the aggregate Annual Service Fees and adjustment amounts accumulated and unpaid through such date.

In addition, upon the consummation of a change of control transaction in connection with the termination of management services, Global Indemnity Cayman will pay Fox Paine & Company a cash fee in an amount to be agreed upon, plus reimbursement of expenses. Fox Paine & Company will also receive a cash transaction fee in amount to be agreed upon, plus reimbursement of expenses, upon the consummation of a change of control transaction.

Global Indemnity Cayman has agreed to indemnify Fox Paine & Company and other indemnified parties against various liabilities that may arise as a result of the management services and advisory services they have provided or will provide.

Indemnification Agreement

Pursuant to the 2010 redomestication to Ireland, United America Indemnity entered into an indemnification agreement with one of the Affiliated Investment Funds of Fox Paine & Company (collectively, the "Fox Paine Entities") with respect to certain potential U.S. and Irish tax liabilities. In connection with, and effective upon, the Redomestication the indemnification agreement was assigned to and assumed by the Company.

In general, no gain should be recognized for U.S. federal income tax purposes by the indirect owners of the Fox Paine Entities solely as a result of the 2010 redomestication transaction. Nevertheless, we may engage in certain internal restructuring transactions involving transfers of assets to subsidiaries of the Company, which, under U.S. tax law, could require certain indirect owners of the Fox Paine Entities to enter into an agreement with the U.S. Internal Revenue Service in order not to recognize gain. Under the agreement with the U.S. Internal Revenue Service, the affected indirect owners of the Fox Paine Entities would agree to pay tax on their gain not taxed at the time of the redomestication to Ireland, together with interest on such tax, if a triggering event

Table of Contents

occurs. A triggering event would be deemed to occur if, among other things, we dispose of shares of any such transferee subsidiaries or dispose of substantially all the transferred assets, including potentially in other internal reorganizations, to the extent such indirect owners have not previously disposed of our shares in a taxable transaction. In connection with our agreement with the Fox Paine Entities, we will have to indemnify the affected indirect owners of the Fox Paine Entities for any tax cost to them (including interest on tax and penalties, if any) of any triggering event and such affected indirect owners will pay us an amount equal to any tax benefits, if any, realized by them as a result of a triggering event for which they were indemnified, provided that the indirect owners will not be required to pay any amount of tax benefits in excess of the tax costs for which we have indemnified them. A sale or other disposition by these indirect owners of our ordinary shares will not constitute a triggering event for this purpose. In addition, the indemnification agreement with the Fox Paine Entities will provide that, under certain circumstances, in the event the conversion of our Class B ordinary shares to Class A ordinary shares or a sale or other disposition of our ordinary shares by any of the Fox Paine Entities is subject to Irish stamp duty, we (or a foreign subsidiary of the Company) will indemnify the Fox Paine Entities and their transferees against such Irish stamp duty. To date, the Company has not been made aware by Fox Paine & Company that it has incurred any Irish stamp duty.

Investment with Fox Paine & Company

Global Indemnity Re. was a limited partner in Fox Paine Capital Fund II, which was managed by Fox Paine & Company. This investment was originally made by United National Insurance Company in June 2000 and pre-dates the September 5, 2003 acquisition by Fox Paine & Company of Wind River Investment Corporation, which was the predecessor holding company for United National Insurance Company. The Company's investment in Fox Paine Capital Fund II was valued at \$3.4 million at December 31, 2014. As of November 10, 2015, the Company no longer holds an interest in Fox Paine Capital Fund II. In connection with the Company's share redemption, Global Indemnity Re elected to redeem its shares. All of its Global Indemnity plc shares that were held by Fox Paine Capital Fund II, which totaled 116,973 ordinary shares, were transferred from Fox Paine Capital Fund II into a new liquidating partnership. 82,888 ordinary shares were redeemed for \$1.9 million and 34,085 ordinary shares of the Company, are still being held by the new liquidating partnership, which also holds shares of other limited partners who elected to participate in the redemption.

American Reliable Related Fees

In connection with the acquisition of American Reliable, the Company agreed to pay to Fox Paine & Company an investment banking fee of 3% of the capital required to operate American Reliable on a standalone basis and a \$1.5 million investment advisory fee. 267,702 A ordinary shares were issued to pay these fees. These shares cannot be sold until the earlier of five years after the January 1, 2015 or a change of control.

Redemption Agreement

On October 29, 2015, Global Indemnity entered into a redemption agreement with certain affiliates of Fox Paine & Company and agreed to redeem 8,260,870 of Global Indemnity's ordinary shares for \$190 million in the aggregate from affiliates of Fox Paine & Company. Global Indemnity also acquired rights, expiring year end 2019, to redeem an additional 3,397,031 ordinary shares for \$78.1 million, which amount is subject to an annual 3% increase. After giving effect to the share redemptions and regardless of whether or not the additional redemption rights are exercised, affiliates of Fox Paine & Company will continue to have the ability to cast a majority of votes on matters submitted to Global Indemnity shareholders for approval. The Company reimbursed Fox Paine & Company \$1.15 million for expenses related to the redemption of the Company's ordinary shares. In connection with, and effective upon, the Redomestication, the redemption agreement was assigned to and assumed by the Company.
