Table of Contents**Base Salary**

The compensation of Verso's executive officers begins with a base salary. In determining the initial annual base salaries or the amounts by which to increase the base salaries of our executive officers, we typically evaluate each executive officer's position and functional responsibilities, consider the executive officer's performance and contributions in the prior year, review the executive officer's base salary in comparison to the base salaries of similar positions with similar functional responsibilities at comparable companies, compare the executive officer's base salary to those of our other executive officers for internal equity purposes, and consider Verso's financial position and our resources available for compensation purposes. Mr. DiSantis's base salary was set by the Compensation Committee when he joined the Company in 2017. None of Verso's named executive officers received increases in their base salaries in 2017.

Non-Equity Incentive Plan: 2017 Verso Incentive Plan

In July 2017, Verso, with the approval of the Compensation Committee, established and implemented the 2017 Verso Incentive Plan (2017 VIP), an annual, performance-based cash incentive plan for the benefit of our executive officers and other key employees. The 2017 VIP provided the participants with an opportunity to receive a cash incentive award based on Verso's, their departments' and their individual performances in 2017. The 2017 VIP involved the quantitative measurement of Verso's actual performance against a series of operational and financial performance objectives for 2017. It also entailed a qualitative assessment of the contributions of each participant and his or her department to the achievement of our performance objectives.

The 2017 VIP was designed to provide the participants with an incentive for superior work and to motivate them toward even higher achievements and business results, to tie their goals and interests to those of Verso and our other stockholders, and to enable us to attract and retain highly qualified executive officers and other employees. The 2017 VIP was administered by the Compensation Committee. Generally, unless otherwise provided by an agreement with Verso, a participant must remain employed by Verso until the time bonuses are actually paid for the performance year in order to be eligible to receive a bonus under the plan, although the Compensation Committee had the discretion to pay a prorated portion of a participant's incentive award in the event that the participant's employment with us was terminated after establishment of the 2017 VIP because of his or her death, disability or retirement or the elimination of his or her position.

The 2017 VIP set forth Verso's performance objectives for 2017 to be used to establish the 2017 annual cash incentives for participants in the plan, the relative weighting of the performance objectives against each other, the threshold, target and maximum achievement levels of our performance objectives, and the funding associated with achieving the performance objectives at the various achievement levels. In establishing the performance objectives, their relative weighting, and their achievement levels, the Compensation Committee considered information provided by management concerning our operational and financial goals for 2017, with the purpose of reflecting those goals in the 2017 VIP. In establishing the funding levels, the Compensation Committee considered the other compensation provided to our executive officers and senior managers, with the aim of establishing total incentive compensation that was competitive. Taking these matters into consideration, the Compensation Committee approved the elements of the 2017 VIP as shown in the following table.

- (4) Working Capital includes two components (a) AP (Accounts Payable) Dollars Increase Year End, a measure of the improvements we made in extending the time for payment of accounts payable year-over-year, increasing AP DPO (Days Payable Outstanding) at year-end (year-end 2017 compared to year-end 2016), and (b) Inventory Dollars Decrease Year End, a measure of the improvements we made in reducing inventory year-over-year (year-end 2017 compared to year-end 2016).
- (5) Adjusted EBITDA is our earnings before interest, taxes, depreciation and amortization, adjusted to exclude certain unusual items and to reflect changes in accounting principles, policies, practices and procedures adopted or implemented during the term of the 2017 VIP.

Under the 2017 VIP, the incentive pool, representing the total amount of incentive awards for all participants, was determined initially by adding together all the participants' target-level incentive awards. A participant's target-level incentive award is a specified percentage of the participant's base salary. This initial pool represents the amount of the incentive pool at the target achievement level of performance, which also is referred to as the target-level incentive pool. If the incentive pool were to be funded at the threshold achievement level, the amount of the incentive pool would be equal to 50% of the target-level incentive pool. If, on the other hand, the incentive pool were to be funded at the maximum achievement level, the amount of the incentive pool would be equal to 200% of the target-level incentive pool. Under the 2017 VIP, the threshold, target and maximum funding levels of the incentive pool were approximately \$5.1 million, \$10.3 million and \$20.5 million, respectively.

After determining the target-level incentive pool, the next step in determining the funding of the incentive pool was to consider the levels of achievement of Verso's performance objectives. After year-end, we calculated the achievement level and factored in the relative weighting of each of our performance objectives. By way of illustration only, if we had achieved the Adjusted EBITDA performance objective at the threshold level of achievement, then 50% of 20%, or a net of 10%, of the target-level incentive pool would have been funded. For any performance objective that was achieved at a level between the threshold and target achievement levels or between the target and maximum achievement levels, we used linear interpolation to determine the appropriate incentive pool funding percentage attributable to such performance objective. This methodology was used to determine the incentive pool funding percentage attributable to the achievement of each of our performance objectives, and the results were added together. Next, the actual amount of the incentive pool was determined by multiplying the total incentive pool funding percentage by the amount of the target-level incentive pool.

The Compensation Committee, applying the methodology set forth in the 2017 VIP, funded the incentive pool at approximately \$14.83 million, representing a funding percentage of 144% of the target-level incentive pool. The Compensation Committee determined the funding of the incentive pool based on the following actual levels of achievement of Verso's performance objectives as set forth in the 2017 VIP:

2017 Performance Objectives	Relative Weighting	Actual Achievement Levels	Funding Levels
SG&A Reduction	20%	\$ 31.4M	40.0%
R-Gap Improvement	20%	\$ 42.1M	11.8%
Safety	10%	1.11	12.7%
Working Capital			
AP Dollars Increase Year-End	15%	\$ 69.8M	30.0%
Inventory Dollars Decrease Year-End	15%	\$ 76.0M	30.0%

Adjusted EBITDA	20%	\$ 134.4M	19.8%
Funding percentage			144% ⁽¹⁾
Funding amount (144% of the target level of \$10.3 million)			\$ 14.83M

(1) Rounded to the nearest whole number

The amount of a participant's incentive award under the 2017 VIP was determined by reference to his or her target-level incentive award percentage. A participant's target-level incentive award percentage is the percentage of his or her base salary that the participant would receive as an incentive award under the 2017 VIP in the event that the incentive pool were to be funded at the target level of 100%. The target-level incentive award percentage reflects our assessment of a participant's ability, considering his or her position with us, to affect our operational and financial performance. They also take into account the other compensation to which a participant is entitled, the target-level incentive award percentages for positions with similar functional responsibilities at comparable companies, and, in the case of Mr. DiSantis, the applicable provisions of his employment agreement with us. The target-level incentive award percentages range from 5% to 100% of a participant's base salary at the end of the year, depending on the participant's employment grade level with us. The target-level incentive award percentages of our named executive officers were 100% of base salary for Mr. DiSantis, 80% of base salary for Mr. Campbell, and 75% of base salary for Mr. Weinhold. In each case, a participant's incentive award is capped at 200% of his or her target-level incentive award.

Table of Contents

The amount of a participant's incentive award under the 2017 VIP could be affected by the level of achievement of his or her group/individual performance objectives. A participant's group/individual performance objectives, which were established at the beginning of the year in consultation with his or her supervisor, are intended to be linked to and supportive of the achievement of our performance objectives. The requirement to develop group/individual performance objectives applied to all participants in the 2017 VIP other than Mr. DiSantis, our Chief Executive Officer. Our named executive officers other than Mr. DiSantis developed their group/individual performance objectives in early 2017. While the Compensation Committee had the discretion to make adjustments to a participant's incentive award to take into account extraordinary or unforeseen events and circumstances, the Compensation Committee did not make any adjustments for individual performance in the 2017 VIP incentive awards payable to our named executive officers. With respect to Mr. DiSantis, his 2017 VIP incentive award was based solely on the level of achievement of Verso's performance objectives.

In summary, the incentive pool for the 2017 VIP was funded at approximately \$14.83 million, representing a funding percentage of 144% of the target-level incentive pool, and the 2017 VIP incentive awards for our executive officers were equal to 144% of their target-level incentive awards. Additional information about the 2017 VIP incentive awards paid to our named executive officers is set forth in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table.

Equity Incentive Plan: Performance Incentive Plan

The Performance Incentive Plan (PIP), which we established upon emerging from our Chapter 11 reorganization, allows Verso to grant equity and cash incentive awards to our officers, employees, directors and consultants. The purpose of the PIP is to promote our success by providing a means, through the grant of incentive awards, to attract, motivate, retain and reward the participants, and with respect to equity awards, to align their interests with those of our stockholders. The types of awards that may be granted under the PIP, whether alone or in tandem, include stock options, stock appreciation rights, stock bonuses, restricted stock, performance stock, restricted stock units (RSUs), phantom stock and similar rights to purchase or acquire shares of our Class A common stock, as well as cash. The maximum number of shares of Class A common stock that may be delivered pursuant to awards granted under the PIP is 3,620,067 shares. The awards granted under the PIP may vest upon the passage of time and/or upon the achievement of performance objectives based on criteria chosen from among those set forth in the PIP. The PIP is administered by the Compensation Committee or, in the case of awards granted to our non-employee directors, the board of directors. The awards granted under the PIP are subject to the provisions of any claw-back policy implemented by Verso and any similar provision of any applicable law.

In 2017, Verso granted a total of 897,517 RSUs subject to time-based and performance-based vesting requirements under the PIP to our executive officers and certain key senior managers as part of their annual compensation or, with respect to Mr. DiSantis, in connection with his employment with us. Additional information about these RSU grants is set forth in the Outstanding Equity Incentive Awards at 2017 Fiscal Year-end section of this Amendment and the Stock Awards column of the Summary Compensation Table. In 2017, Verso also granted a total of 79,080 RSUs under the PIP to our non-employee directors as part of their compensation for serving as directors. Additional information about these RSU grants is set forth in the Director Compensation section of this Amendment.

Bonus: 2016 Retention Plan

In July 2016, upon emerging from its Chapter 11 reorganization, Verso established and implemented the 2016 Retention Plan, a service-based retention award plan for the benefit of our executive officers and certain key senior managers. The purpose of the 2016 Retention Plan is to provide the participants with financial incentives to continue their employment with Verso as we develop and implement our long-range strategic initiatives following our

reorganization. The 2016 Retention Plan provides for three levels of retention awards based on the participants positions within Verso's management. The values of the retention award are varying percentages of the participants base salaries, with our executive officers receiving retention awards at the 85% level. For the executive officers, the retention awards consist of cash and RSUs granted under the PIP comprising 70% and 30%, respectively, of the award values (based on the grant date fair value of the RSUs awarded). The cash retention awards vest in three installments of 15%, 15% and 70% on December 31, 2016, June 30, 2017, and June 30, 2018, respectively. The RSU retention awards vest in three equal installments on each of the first, second and third anniversaries of the grant date of July 28, 2016. In order to receive or vest in an installment of a cash or RSU retention award, the participant must remain continuously employed by Verso or one of our subsidiaries through the applicable vesting date of

Table of Contents

the installment. Except in certain circumstances specified in the award documents as described below, if a participant's employment with us terminates before any portion of a cash or RSU retention award becomes vested, the unvested portion of the award will expire, regardless of the reason for the termination of employment. If, in connection with the termination of a participant's employment, the participant is entitled to acceleration of the unvested portion of his or her cash retention award, such accelerated award will be reduced by the amount of any termination allowance that the participant receives under our severance policy. Additional information about the cash retention awards paid to our named executive officers in 2017 under the 2016 Retention Plan is set forth in the "Bonus" column of the Summary Compensation Table. Mr. DiSantis does not participate in the 2016 Retention Plan as he was not employed by Verso when we emerged from the Chapter 11 reorganization.

Retirement Benefits

Verso provides benefits to our executive officers and other eligible employees under the following retirement plans and programs as a means of attracting and retaining qualified employees:

Retirement Savings Plan, a tax-qualified, 401(k) defined contribution plan;

Supplemental Salary Retirement Program, a tax-qualified defined contribution program implemented under the Retirement Savings Plan;

Deferred Compensation Plan, a non-qualified defined contribution plan; and

Executive Retirement Program, a non-qualified defined contribution program implemented under the Deferred Compensation Plan.

Information about the benefits that we provide under these retirement plans and programs on behalf of our executive officers is set forth in the sections below as well as the Summary Compensation Table.

Retirement Savings Plan. The Retirement Savings Plan ("Retirement Plan") is a tax-qualified, 401(k) defined contribution plan which in 2017 permitted eligible employees to defer the receipt of up to the lesser of 85% or \$18,000 of their employment compensation on a pre-tax basis, or if an employee is age 50 or over, to defer up to \$6,000 in additional compensation up to a limit of \$24,000. Employees also may defer amounts of their employment compensation in excess of these limits on an after-tax basis. The employee deferrals of employment compensation are subject to certain limits imposed by the Internal Revenue Code. In addition, Verso makes matching contributions for employees who defer a portion of their employment compensation under the Retirement Plan. We match 100% of the first 3%, and 50% of the second 3%, of the employees' deferrals. The employee deferrals under the Retirement Savings Plan are immediately and fully vested and non-forfeitable. For employees hired by us before January 1, 2009, our matching contributions under the Retirement Plan are fully vested and non-forfeitable. For employees hired by us on or after January 1, 2009 and prior to November 1, 2017, our matching contributions under the Retirement Plan were subject to three-year cliff vesting measured from the date on which an employee's employment with us commenced, such that after the employee had been continuously employed by us for three years, all of our past and future matching contributions became fully vested and non-forfeitable. Since November 1, 2017, matching contributions under the Retirement Plan are immediately and fully vested.

Supplemental Salary Retirement Program. The Supplemental Salary Retirement Program (SSRP) is a tax-qualified defined contribution program implemented under the Retirement Plan pursuant to which Verso may make discretionary contributions. Under the SSRP, Verso may make an annual contribution to each eligible employee's account under the Retirement Plan of 3% of an employee's eligible compensation. An employee's eligible compensation consists of the employee's salary, bonus and cash incentive compensation paid during the immediately preceding year. For all of our employees, our SSRP contributions are subject to three-year cliff vesting measured from the date on which an employee's employment with us commences, such that after the employee has been continuously employed by us for three years, all of our past and future contributions become fully vested and non-forfeitable.

Deferred Compensation Plan. The Deferred Compensation Plan (DC Plan) is a non-qualified defined contribution plan that permits eligible employees to defer the receipt of up to 85% of their base salary and up to 100% of their cash incentive compensation, by contributing such amounts to their accounts under the DC Plan. The DC Plan also permits Verso to make matching contributions and discretionary contributions to employees' accounts under the DC Plan. We match 100% of the first 3%, and 50% of the second 3%, of the employees' deferrals under the DC Plan, subject to the same restrictions and limitations, as are described above for the Retirement Plan, including the requirement that the employee must not qualify for our matching contributions under the Retirement Plan.

Table of Contents

Executive Retirement Program. The Executive Retirement Program (ERP) is a non-qualified defined contribution program implemented under the DC Plan for the benefit of our executives and selected senior managers. Under the ERP, Verso may make an annual discretionary contribution to each eligible employee's account under the DC Plan. Our ERP contribution is equal to between 4% and 10% of an employee's eligible compensation, depending on the employee's employment pay grade with us. An employee's eligible compensation consists of the employee's base salary and target-level incentive award under the VIP, in each case determined as of January 1 of the year for which our ERP contribution is made.

Insurance and Fringe Benefits

Verso provides group medical, dental, life and other insurance coverage for our executive officers and other eligible employees. In addition, under our executive financial counseling policy, we pay the costs of personal investment, estate planning, tax and other financial counseling services, subject to an annual cap of \$9,500 or \$6,500 (depending on the executive's position with us), for our executive officers.

Severance Benefits

Severance Policy. Verso has adopted and implemented a severance policy for the benefit of our salaried employees, including our executive officers, and specific groups of hourly employees whose employment with us is terminated under certain circumstances. The severance policy applies in the event that (1) we terminate the employee's employment without cause (as defined in the policy), (2) we eliminate the employee's position and do not offer him or her a similar position, (3) we close the facility where the employee works and do not offer him or her a similar position at another Verso facility, or (4) we sell the facility where the employee works and neither the purchaser (or its affiliate) nor Verso offers him or her a similar position. The principal benefit under the severance policy is a termination allowance payable in cash to the terminated employee which is based, in large measure, on the employee's job-tier, the employee's years of applicable service with us and our predecessors, and his or her annual base salary or wages in effect immediately prior to the termination of employment. The amount of the termination allowance equals the sum of (a) a minimum number of weeks of eligible pay based on the employee's job tier and (b) for all employees except our executive officers, a number of additional weeks of eligible pay determined according to a formula that takes into account the employee's years of eligible service, subject in each case to the total amount of the termination allowance not exceeding 13 to 52 weeks of eligible pay, depending on employee's job tier and years of service. Our executive officers are entitled to receive a termination allowance equal to 52 weeks of eligible pay, regardless of their years of eligible service. The Severance Policy also gives us the discretion to offer other termination benefits, such as subsidized medical and dental insurance coverage for a specified period after the termination of employment and outplacement services appropriate for the employee's position with us.

Severance Benefits Provided under Agreements with Named Executive Officers. Verso and our named executive officers are parties to various agreements under which we have agreed to provide them with severance benefits upon the termination of their employment in certain situations. In 2017, we entered into an employment agreement with B. Christopher DiSantis, our President and Chief Executive Officer, which, among other things, provides for him to receive specified benefits in the event of certain terminations of his employment. In addition, we have entered into confidentiality and non-competition agreements with each of our executive officers other than our Chief Executive Officer which, among other things, provide for them to receive specified benefits in the event of any termination of their employment. Information about the potential and actual severance benefits provided for in these agreements between us and our named executive officers is set forth in the Agreements with Named Executive Officers section of this Amendment.

Agreements with Named Executive Officers

Employment Agreement with B. Christopher DiSantis

We entered into an employment agreement with B. Christopher DiSantis when he became our President and Chief Executive Officer on February 1, 2017. The principal components of Mr. DiSantis' compensation under the agreement are as follows:

an annual salary of \$825,000, subject to increase at the discretion of our board of directors;

an incentive award payable under our annual, performance-based incentive plan, with a target-level award amount equal to 100% of his base salary;

Table of Contents

an initial grant of RSUs under the PIP with a fair market value of \$2 million on the date of grant (Initial DiSantis RSU Award), of which 25% is scheduled to vest on the third anniversary of his employment date, 25% is scheduled to vest on the fourth anniversary of his employment date, and 50% is scheduled to vest subject to the attainment of performance criteria described in footnote 4 under the Outstanding Equity Incentive Awards at 2017 Fiscal Year-end section of this Amendment;

with respect to each fiscal year during Mr. DiSantis employment with us commencing on the first anniversary of his employment date, a targeted equity or equity-based award with a fair market value of \$2 million on the grant date, with the terms of each such award to be determined by the board of directors in its reasonable discretion; and

the right to participate in our employee benefit plans, programs and arrangements.

With respect to potential severance benefits, the agreement provides that if we terminate Mr. DiSantis employment without cause (as defined in the employment agreement) or if he resigns for good reason (as defined in the employment agreement), then we are required to provide him with the following benefits, subject to Mr. DiSantis execution of our customary waiver and release of claims:

two times his annual base salary, payable in 24 equal monthly installments after the termination date (DiSantis Continued Base Salary);

a prorated portion of his annual bonus for the calendar year in which the termination date occurs based on actual performance; and

a monthly amount equal to our portion of any premiums (grossed up for income taxes) for continued coverage for him and his eligible dependents under our employee health and welfare plans for 18 months after the termination date;

with respect to the Initial DiSantis RSU Award, acceleration of (1) the next tranche of time-based RSUs that is scheduled to vest following the termination date and (2) the performance-based RSUs at target level; and

cost of outplacement assistance (up to \$25,000) and attorney s fees incurred in connection with the termination (up to \$25,000) (DiSantis Professional Fees).

If Mr. DiSantis employment terminates due to his death or disability, then we are required to provide the same benefits as described above (other than the DiSantis Continued Base Salary and DiSantis Professional Fees) to him or his estate, as applicable.

As a condition to Mr. DiSantis employment, he also executed a restrictive covenant agreement, which requires Mr. DiSantis to comply with a perpetual confidentiality covenant as well as non-competition and non-solicitation/non-hire covenants extending for 12 months and 24 months, respectively, after the termination of his employment for any reason.

CNC Agreements with Other Named Executive Officers

We have confidentiality and non-competition agreements (CNC agreements) with each of our named executive officers other than our Chief Executive Officer. The CNC agreements, which have substantially identical terms, require each named executive officer to comply with a perpetual confidentiality covenant as well as non-competition and non-solicitation/non-hire covenants extending for 12 months after the termination of his employment for any reason.

Under each CNC agreement, if the named executive officer's employment is terminated by either party and for any reason, we are required to provide him (or his estate) with the following payments and benefits, subject to the named executive officer's execution of our customary waiver and release of claims and to his compliance with his obligations under the CNC agreement:

any unpaid annual incentive award for any calendar year completed on or before the termination date;

a prorated portion of his annual incentive award for the calendar year in which the termination date occurred;

payments equal to 180% (for Mr. Campbell) or 175% (for Mr. Weinhold) of his base salary, representing the sum of his base salary and his target-level annual incentive award, payable in 12 equal monthly installments;

subsidized medical and dental insurance coverage for him and his eligible dependents for up to two years after the later of the last day of the month in which the termination date occurs or the last day of any period up to six months for which we have provided him with a subsidy for continued coverage pursuant to our severance policy;

reimbursement of the cost of converting his group life insurance coverage to an individual policy and the premiums on the individual policy for up to two years after the termination date;

Table of Contents

income tax gross-ups on the amounts paid with respect to the continued medical and dental insurance coverage and the life insurance conversion and coverage; and

a contribution to his account under the DC Plan in an amount equal to the projected value of certain lost retirement benefits consisting of our contributions under the Retirement Plan, SSRP, DC Plan, and ERP that we would have made if he had remained actively employed with us for two years after the termination date.

Potential Payments upon Termination of Employment or Change in Control

The following narrative provides information about our named executive officers' potential benefits upon the termination of their employment or a change in control of Verso under our plans, programs, policies and agreements that were in effect in 2017.

Severance Policy

Verso has adopted and implemented a severance policy for the benefit of our salaried employees, including our executive officers, and specific groups of hourly employees whose employment with us is terminated under certain circumstances. Information about the severance policy and the benefits provided thereunder is set forth in the Elements of Executive Compensation Severance Benefits Severance Policy section of this Amendment.

Agreements with Named Executive Officers

Verso and our named executive officers are parties to various agreements under which we have agreed to provide them with severance benefits upon the termination of their employment in certain situations. In 2017, we entered into an employment agreement with B. Christopher DiSantis, our President and Chief Executive Officer, which, among other things, provided for him to receive specified benefits in the event of certain terminations of his employment. In addition, we have entered into CNC Agreements with each of our executive officers other than our Chief Executive Officer which, among other things, provide for them to receive specified benefits in the event of any termination of their employment. Information about the potential and actual severance benefits provided for in these agreements between us and our named executive officers is set forth in the Agreements with Named Executive Officers section of this Amendment.

2017 VIP

The 2017 VIP, our annual, performance-based incentive plan, allowed us the discretion to pay a prorated portion of a participant's incentive award in the event that the participant's employment with us terminated after February 2017 because of his or her death, disability or retirement or the elimination of his or her position. In such event, the participant would be entitled to receive a prorated incentive award if it is approved by the Administration Committee constituted under the 2017 VIP.

PIP and RSU Award Agreements

In 2016 and 2017, Verso granted RSUs under the PIP to our executive officers and certain key senior managers as part of their annual compensation or, with respect to Mr. DiSantis, in connection with his employment with us. The PIP, together with the award agreements thereunder, contain provisions addressing the effects on the RSUs of the termination of an executive officer's employment with us. The PIP provides that its administrator has the authority to establish the effect, if any, of a termination of employment on the rights and benefits of each award made under the PIP and, in so doing, may make distinctions based upon, among other things, the cause of termination and type of

award. The form of award agreement under which the RSU awards were granted states that, as a general rule, upon the termination of a grantee's employment, regardless of the reason (whether with or without cause, voluntarily or involuntarily), any unvested portion of the RSU award that has not become vested on or before the termination of employment date will terminate.

However, the RSU award agreement for Mr. DiSantis provides for the following vesting acceleration benefits:

Upon the consummation of a change of control (as defined in the award agreement), all unvested time-based RSUs will fully vest and all performance-based RSUs will vest at target level.

Table of Contents

If Mr. DiSantis' employment is terminated (1) due to his death or disability or (2) as a result of a termination of employment that constitutes a qualifying termination, which is defined in his award agreement as a termination of employment either (a) by us without cause (as defined in the award agreement) or (b) by Mr. DiSantis for good reason (as defined in the award agreement); then, subject to the condition that Mr. DiSantis provide us with a general release in a form provided by us, the next tranche of time-based RSUs scheduled to vest following the termination date will vest, and the performance-based RSUs will vest at target level.

The award agreements for the 2017 RSU awards for Messrs. Campbell and Weinhold provide for the following vesting acceleration benefits:

If Mr. Campbell's or Mr. Weinhold's employment with us is terminated and the termination is a qualifying termination which is defined in each award agreement as a termination of employment either (1) by us without cause (as defined in the award agreement) or (2) by him for good reason (as defined in the award agreement), in each case, within twelve months following a change of control (as defined in the award agreement) then (a) all unvested time-based RSUs will vest and, (b) with respect to the performance-vesting RSUs, (i) if Verso is the surviving company following such change of control, then a pro-rata number of RSUs that may be eligible to vest will be determined on such qualified termination based on the number of days the executive was employed by Verso during the performance period, with such number of RSUs to vest at the end of the performance period based on actual performance, or (ii) if Verso is not the surviving company following such change of control, then all performance-based RSUs will vest at target level.

If either executive's employment is terminated due to his death or disability, then all unvested time-based RSUs will vest and all performance-based RSUs will vest at target level.

If either executive's employment is terminated as a result of a qualified termination, then, subject to the condition that the executive provide us with a general release in a form provided by us, (1) the vesting of the next tranche of time-based RSUs that is scheduled to vest following the termination date will vest and, (2) with respect to the performance-based RSUs, a pro-rata number of RSUs that may be eligible to vest will be determined on such qualified termination based on the number of days the executive was employed by Verso during the performance period, with such number of RSUs to vest at the end of the performance period based on actual performance.

The award agreements for the 2016 RSU awards for Messrs. Campbell and Weinhold provide that if the executive's employment is terminated in a qualifying termination (as described above) or due to the executive's death or disability, then all unvested RSUs subject to the executive's award will vest, subject, in the case of a qualifying termination, to the condition that the executive provide us with a general release in a form provided by us.

Vacation Policy

Verso has a vacation policy that, among other things, provides for a payment in lieu of any earned, unused vacation upon the termination of an eligible employee's employment under certain circumstances. Under the policy, we will provide vacation pay to a terminated employee if the termination of employment is (1) by the employee (referred to as a voluntary termination) and the employee has completed at least six months of employment with us and gives us at least two weeks of prior notice of termination, (2) by us (referred to as an involuntary termination) and the employee

has completed at least six months of employment with us, or (3) due to the employee's retirement, death or disability. Under such circumstances, a terminated employee (or his or her estate) is entitled to receive a payment equal to the daily equivalent of his or her base salary multiplied by the number of earned, unused vacation days during the calendar year in which the termination date occurred.

- (1) The market value of the unvested RSUs is computed based on the \$17.57 closing sale price per share of our Class A common stock on the NYSE on December 31, 2017.
- (2) The unvested portion of this RSU award is scheduled to vest in two equal installments on February 1, 2020 and February 1, 2021, subject to continued employment or service.
- (3) The unvested portion of this RSU award is scheduled to vest in two equal installments on July 28, 2018 and July 28, 2019, subject to continued employment or service.
- (4) The unvested portion of this RSU award is subject to performance-based vesting conditions based on compound annual growth rate (CAGR) of Verso's Class A common stock as compared to the CAGR of peer group companies during the 2017-2019 performance period. At the end of the performance period, Verso and the peer group companies will be ranked (from low to high) based on their respective CAGR during the performance period. If Verso's ranking is (1) below the 50th percentile, no portion of the RSUs will vest; (2) at the 50th percentile, 50% of the RSUs will vest; (3) at the 60th percentile, 100% of the RSUs will vest; and (4) at the 70th percentile or higher, 150% of the RSUs will vest. If Verso ranks between any two of the aforementioned percentiles, a straight-line interpolation between the two percentiles will be applied to establish the percentage of the RSUs that will vest. The number of RSUs reported in the table above is based on the target vesting level of 100% vesting.
- (5) The unvested portion of this RSU award is scheduled to vest in two equal installments on January 1, 2020 and January 1, 2021, subject to continued employment or service.

Section 162(m) Limitation on Deductibility of Executive Compensation

Federal income tax law generally prohibits a publicly-held company from deducting compensation paid to a current or former named executive officer that exceeds \$1 million during the tax year. Certain awards granted before November 2, 2017 that were based upon attaining pre-established performance measures that were set by the company's compensation committee under a plan approved by the company's stockholders, as well as amounts payable to former executives pursuant to a written binding contract that was in effect on November 2, 2017, may qualify for an exception to the \$1 million deductibility limit.

As one of the factors in its consideration of compensation matters, the Compensation Committee notes this deductibility limitation. However, the Compensation Committee has the flexibility to take any compensation-related actions that it determines are in the best interests of the Company and its stockholders, including awarding compensation that may not be deductible for tax purposes. There can be no assurance that any compensation will in fact be deductible.

Item 13. Certain Relationships and Related Transactions, and Director Independence

Policy Relating to Related-Person Transactions

Verso's policy, as set forth in the Audit Committee's charter, is that all transactions with related persons, as contemplated in Item 404(a) of the SEC's Regulation S-K, and regardless of the dollar amount of the transaction, are subject to review and approval by the Audit Committee. Since January 1, 2017, no transaction between Verso and any related person has been reviewed or approved.

Transactions with Related Persons

Transactions with Apollo Affiliates

In 2016, Verso transacted business from time to time with certain affiliates of Apollo Global Management, LLC (Apollo), an affiliate of which, Verso Paper Management LP, was our largest stockholder until we emerged from our Chapter 11 reorganization on July 15, 2016. Our product sales to Apollo affiliates were approximately \$15 million

from January 1 through July 14, 2016, and our related accounts receivable were approximately \$3 million as of July 14, 2016. Our product purchases from Apollo affiliates were negligible during this timeframe. Apollo ceased to be an affiliate of Verso at the time of our emergence on July 15, 2016.

Registration Rights

In 2016, when Verso emerged from our Chapter 11 reorganization, several of our significant debtholders became holders of our common stock upon operation of the Plan. At that time, Verso entered into a registration rights agreement with two groups of these stockholders – Oaktree FF Investment Fund Class F Holdings, L.P., and certain of its affiliates and Monarch Alternative Solutions Master Fund Ltd. and certain of its affiliates (collectively, the

Holders) each of which then beneficially owned 7% or more of the outstanding shares of Class A common stock (on a fully diluted basis). The agreement provided the Holders with certain demand registration, shelf registration and piggyback registration rights. The agreement, however, would only become effective with respect to a Holder if such Holder acquired additional shares of Class A common stock on or before October 13, 2016 (90 days after the emergence date), such that the Holder beneficially owned 10% or more of the outstanding shares of Class A common stock (on a fully diluted basis). None of the Holders acquired additional shares of Class A common stock during this timeframe such that any one of them beneficially owned 10% or more of the outstanding shares of Class A common stock (on a fully diluted basis). As a result, the agreement terminated pursuant to its terms on October 13, 2016.

Table of Contents**Indemnification of Directors and Executive Officers**

We have entered into indemnification agreements with each of our current directors and executive officers. The agreements require us to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to us, and to advance expenses reasonably incurred as a result of any proceeding against them as to which they could be indemnified. We may enter into indemnification agreements with future directors and executive officers.

Director Independence

The NYSE requires that a listed company have a majority of independent directors as well as an audit committee, a compensation committee, and a corporate governance and nominating committee composed entirely of independent directors. Our board of directors has affirmatively determined that six of our current seven directors — Robert M. Amen, Alan J. Carr, Eugene I. Davis, Jerome L. Goldman, Steven D. Scheiwe or Jay Shuster — are independent under the NYSE's listing standards. In making this determination, our board of directors has affirmatively determined that each of these directors meets the objective criteria for independence set forth by the NYSE and that none of them has any relationship, direct or indirect, to us other than as stockholders or through their service as our directors. We have one director who is not independent: B. Christopher DiSantis, our President and Chief Executive Officer.

Item 14. Principal Accountant Fees and Services**Audit and Non-Audit Services and Fees of Independent Registered Public Accounting Firm**

Pursuant to the Audit Committee's charter, to help ensure the independence of Verso's independent registered public accounting firm, all auditing services, internal control-related services and permitted non-audit services (including the terms thereof) to be performed for us by our independent registered public accounting firm must be pre-approved by the Audit Committee, subject to the *de minimis* exceptions for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act, which are approved by the Audit Committee prior to the completion of the audit. The Audit Committee may delegate to a subcommittee of its members the authority to grant the required approvals, provided that any exercise of such authority by the subcommittee is presented to the full Audit Committee at its next scheduled meeting.
