Attached as Schedule A is a list of each of the Reporting Persons' directors and executive officers. Total is a *société anonyme* organized under the laws of the Republic of France. Purchaser is a *société anonyme* organized under the laws of the Republic of France. The citizenship of each of the Reporting Persons' respective directors and executive officers is listed on Schedule A.

The address of the principal business of Total and its executive office is: 2, place Jean Millier, La Défense 6, 92400 Courbevoie, France. The address of the principal business of Purchaser and its executive office is: 24 Cours Michelet, La Défense 10, 92800 Puteaux France.

Total, which has produced oil and gas for almost a century, is one of the largest international oil and gas companies and a major player in low carbon energies. It is present on five continents and in more than 130 countries. Its activities, together with those of its subsidiaries and affiliates, include the exploration and production of oil and gas, refining, petrochemicals and the distribution of energy in various forms to the end customer. Committed to better energy, over 98,000 employees help throughout the world to provide its customers, together with those of its subsidiaries and affiliates, with products and services that are safer, more affordable, cleaner, more efficient, more innovative and accessible to the greatest number of people. The principal occupation of each of its executive officers is to act in the capacity listed on Schedule A.

Purchaser is a direct wholly owned subsidiary of Total and is actively engaged in the business of manufacturing and distribution of motor fuels (aviation, cars, trucks, vessels, etc.), lubricants, aviation fuels, special fluids, bitumen, LPG, and other related products, as well as being a provider of complimentary services to its customers. The principal occupation of each of its executive officers is to act in the capacity listed in Schedule A.

Other than as disclosed by Total in its Annual Reports on Form 20-F filed with the Securities and Exchange Commission (the SEC) between 2013 and 2018, during the last five years prior to the date hereof, neither any of the Reporting Persons nor, to the best of the Reporting Persons' knowledge, any of the other persons listed on Schedule A, has been convicted in a criminal proceeding or been a party to a civil proceeding ending in a judgment, decree or final order enjoining future violations of, or prohibiting or mandating activities subject to, federal or state securities laws, or finding any violation with respect to such laws.

Item 3. Source and Amount of Funds or Other Consideration.

As more fully described in Item 4, the Issuer and Purchaser entered into a Purchase Agreement (as defined below) pursuant to which Purchaser has the right, pursuant to the terms and conditions set forth in the Purchase Agreement, including if the Issuer Stockholder Approval (as defined below) is not obtained, to purchase up to 30,498,520 shares of Common Stock for aggregate consideration of up to \$50,017,572.80. The funds for the purchase of such shares of Common Stock will be obtained from Total's or Purchaser's general working capital.

Item 4. Purpose of Transaction.

On May 9, 2018, Total and Purchaser entered into a stock purchase agreement (the Purchase Agreement), pursuant to which the Issuer agreed to sell and issue, and Purchaser agreed to purchase, in a private placement, up to 50,856,296 shares of Common Stock at a purchase price of \$1.64 per share, which price was determined based on the volume-weighted average price for Common Stock between March 23, 2018 and May 3, 2018. If all of the shares of Common Stock to be sold under the Purchase Agreement are issued, the aggregate purchase price paid by Purchaser for such shares will be \$83,404,325.44, and immediately after such issuance (and based on the number of shares of Common Stock outstanding as of April 10, 2018, i.e. 152,514,550 shares), Purchaser will hold approximately 25.0% of the Issuer's outstanding shares of Common Stock.

Pursuant to the Purchase Agreement, the issuance, sale and purchase of all of the shares of Common Stock to Purchaser under the Purchase Agreement is conditioned upon the satisfaction or waiver (if and to the extent permitted by applicable laws, rules and regulations) of certain specified conditions. These conditions include: (i) obtaining the approval of the Issuer's stockholders at the 2018 annual meeting of stockholders of the Issuer scheduled for Friday, June 8, 2018 (the Annual Meeting) of (A) the issuance of all of the shares of Common Stock to be sold to Purchaser under the Purchase Agreement and (B) an amendment to the Issuer's Restated Certificate of Incorporation to increase the number of shares of Common Stock the Issuer is authorized to issue (Issuer Stockholder Approval); (ii) entering into a registration rights agreement between the Issuer and Purchaser, as described below; (iii) the absence of any legal impediment to the completion of the issuance, sale and purchase of the shares; and (iv) certain other customary closing conditions.

If, however, the Issuer Stockholder Approval is not obtained at the Annual Meeting, then, pursuant to the Purchase Agreement, Purchaser has the right (the Stock Election Right), exercisable in its sole discretion within two calendar weeks after the conclusion of the Annual Meeting, to waive, and have the Issuer waive, the condition under the Purchase Agreement that Issuer Stockholder Approval be obtained, and elect to purchase fewer shares of Common Stock, in an amount not to exceed 19.99% of the lesser of the number of shares of Common Stock outstanding immediately before the Purchase Agreement was signed (which was 152,568,887 shares, and 19.99% of

which is 30,498,520 shares), and the number of shares of Common Stock outstanding immediately before Purchaser's delivery to the Issuer of a notice indicating its election to exercise the Stock Election Right. Any such purchase of fewer shares of Common Stock by Purchaser would be completed under the terms of the Purchase Agreement, including at a price per share of \$1.64, which would result in an aggregate purchase price to be paid by Purchaser for such fewer shares of up to \$50,017,572.80.

This Statement discloses Purchaser's Stock Election Right pursuant to the Purchase Agreement that would become exercisable should (i) the Issuer Stockholder Approval not be obtained at the Annual Meeting and (ii) the other closing conditions under the Purchase Agreement be satisfied or waived. If the Issuer Stockholder Approval is obtained, however, and all other conditions under the Purchase Agreement are satisfied or waived, then Purchaser will purchase and subscribe for 50,856,296 shares of Common Stock and the Reporting Persons will file an amended Schedule 13D to reflect such purchase.

Also on May 9, 2018, Purchaser entered into a Voting Agreement (the "Voting Agreement") with the Issuer and all of the Issuer's directors and officers (the "Voting Agreement Parties"). Pursuant to the terms of the Voting Agreement, each of the Voting Agreement Parties agreed to vote all shares of Common Stock presently or hereafter owned or controlled by the Voting Agreement Party, in any vote of the Issuer's stockholders that may be held from time to time, in favor of certain matters, including with respect to the Issuer Stockholder Approval and the election of the individuals to be designated by Purchaser to serve as directors on the Issuer's board of directors pursuant to Purchaser's director designation rights, as described below. Additionally, pursuant to the Voting Agreement, the Voting Agreement Parties irrevocably appointed Purchaser as such Voting Agreement Party's proxy and attorney-in-fact, and authorized Purchaser to represent and vote (or consent, if applicable) all such shares of Common Stock in favor of such matters. For each of the Voting Agreement Parties, the voting obligations contained in the Voting Agreement continue from and after, and for so long as, Purchaser's director designation rights are in effect, as described below, and such Voting Agreement Party continues to serve in such capacity for the Issuer (other than Mr. Boone Pickens, one of the Issuer's directors and co-founders, who will continue to be bound by the voting obligations even after he ceases to serve as a director for the Issuer) and continues to hold shares of Common Stock. As of April 10, 2018, an aggregate of 16,587,658 shares of Common Stock, representing 10.9% of the aggregate outstanding shares of Common Stock as of such date, were owned or controlled by the Voting Agreement Parties and are subject to the Voting Agreement, as increased or decreased after such date. This Statement also discloses Purchaser's right to vote the shares of Common Stock that are subject to the Voting Agreement.

The description of the Voting Agreement contained in this Item 4 does not purport to be complete and is qualified in its entirety by reference to the full text of the Voting Agreement, a copy of which is attached hereto as Exhibit 99.2 and incorporated herein by reference.

Under the Purchase Agreement, Purchaser agreed, until the later of May 9, 2020 or such date when Purchaser ceases to hold more than 5% of the outstanding shares of Common Stock, among other similar undertakings, and subject to customary conditions and exceptions, not to purchase shares of Common Stock or otherwise pursue transactions that would result in Purchaser beneficially owning more than 30% of the Issuer's equity securities without the approval of the Board (the "Standstill Obligation").

In addition, pursuant to the Purchase Agreement, the Issuer has granted to Purchaser the right to designate up to two individuals to serve as directors on the Issuer's board of directors (the "Board"). Subject to certain limited conditions as described in the Purchase Agreement, including compliance with the Issuer's governing documents and all applicable laws, rules and regulations, the Issuer will be obligated to appoint or nominate for election as directors of the Issuer the individuals designated by Purchaser and, from and after such appointment or election, appoint one of these

individuals to serve on the audit committee of the Board and any other committees of the Board that may be formed from time to time for the purpose of making decisions that are strategically significant to the Issuer. Purchaser's rights and the Issuer's obligations relating to these designees commence at the time any shares are issued to Purchaser under the Purchase Agreement, and continue until (and if) (1) with respect to Purchaser's right to designate two individuals to serve as directors on the Board, Purchaser's voting power is less than 16.7% but more than 10%, and (2) with respect to Purchaser's right to designate one individual to serve as a director on the Board, Purchaser's voting power is less than 10%, in each case measured in relation to the total votes then entitled to be cast in an election of directors by the Issuer's stockholders.

The Reporting Persons intend to hold the shares of Common Stock that are subject to the Stock Election Right for investment purposes, subject to the following: The Reporting Persons intend to continuously review their

investment in the Issuer and may in the future change their present course of action. The Reporting Persons may, from time to time, engage in commercial transactions with the Issuer in the regular course of business, including with respect to the truck leasing program described more fully below. The Reporting Persons and the Issuer may also engage in more significant transactions that may not be in either party's regular course of business, and such transactions may result in changes to the Issuer's business. Further, the Reporting Persons will communicate with the Board, including through its Board designees, as described above, and/or members of management from time to time with respect to operational, strategic, financial or governance matters or otherwise work with management and the Board with a view to maximizing security holder value. The Reporting Persons may seek to sell or otherwise dispose of some or all of its shares of Common Stock from time to time, and/or may seek to acquire additional shares of Common Stock (which may include rights or securities exercisable or convertible into Common Stock) from time to time, in each case, in the open market or through private transactions, block sales or otherwise, subject in each case to the Purchaser's and its affiliates' Standstill Obligations. Any transaction that the Reporting Persons may pursue may be made at any time and from time to time without prior notice and will depend on a variety of factors, including, without limitation, the price and availability of shares of Common Stock, subsequent developments affecting the Issuer, the Issuer's business and the Issuer's prospects, other investment and business opportunities available to the Reporting Persons, general industry and economic conditions, the securities markets in general, tax considerations and other factors deemed relevant by the Reporting Persons.

In addition, and separate from the Purchase Agreement, the Issuer and Purchaser have entered into a non-binding letter of intent, in which both parties have agreed to negotiate in good faith regarding the launch of a truck leasing program and related credit support arrangement designed to facilitate and grow the deployment of heavy-duty natural gas trucks in the United States. This program and arrangement are subject to completion of definitive agreements, and as a result, may not be launched when or as expected, on terms similar to those contemplated by the letter of intent, or at all.

Except as described in this Item 4, the Reporting Persons do not have any present plans or proposals that relate to or would result in any of the actions described in subparagraphs (a) through (j) of Item 4 of Schedule 13D, and the Reporting Persons, at any time and from time to time, may review, reconsider and change their position and/or change their purpose.

The description of the Purchase Agreement contained in this Item 4 does not purport to be complete and is qualified in its entirety by reference to the full text of the Purchase Agreement, a copy of which is attached hereto as Exhibit 99.3 and incorporated herein by reference.

Item 5. Interest in Securities of the Issuer.

(a) and (b) The number and percentage of shares of Common Stock to which this Statement relates is 47,086,178 shares of Common Stock that are either subject to Purchaser's Stock Election Right or the Voting Agreement, constituting, on a post-issuance basis, 25.7% of the then issued and outstanding shares of Common Stock. The Reporting Persons have the shared power to vote or direct the vote of the 47,086,178 shares of Common Stock that are either subject to Purchaser's Stock Election Right or the Voting Agreement and the shared power to dispose or direct the disposition of the 30,498,520 shares of Common Stock that are subject to Purchaser's Stock Election Right. Neither the filing of this Statement nor any of its contents shall be deemed to constitute an admission by the Reporting Persons that the Reporting Persons are the beneficial owners of any shares of Common Stock subject to the Voting Agreement for purposes of Section 13(d) of the Securities Exchange Act of 1934, as amended, or for any other purpose, and such beneficial ownership is expressly disclaimed by the Reporting Persons.

Edgar Filing: Clean Energy Fuels Corp. - Form SC 13D

(c) Except as disclosed in Item 4 of this Statement, neither the Reporting Persons nor, to the Reporting Persons knowledge, any of the person listed on Schedule A have effected any transaction in the shares of Common Stock in the past 60 days.

(d) Not applicable.

(e) Not applicable.

Item 6. Contracts, Arrangements, Understandings or Relationships with Respect to Securities of the Issuer

The information in Item 4 is incorporated herein by reference as if fully set forth herein.

Pursuant to the Purchase Agreement, Purchaser and the Issuer have agreed to enter into a registration rights agreement (the Registration Rights Agreement) at the closing of the issuance and sale of Common Stock to Purchaser under the Purchase Agreement.
