Indenture for 6.875% Senior Notes Due 2026

On September 25, 2018, Schweitzer-Mauduit International, Inc. (*SWM* or the *Company*) closed its previously announced private offering of \$350,000,000 of 6.875% senior notes due 2026 (the *Notes*). The Notes were sold in a private placement in reliance on Rule 144A and Regulation S under the Securities Act of 1933, as amended, pursuant to a purchase agreement between the Company, certain subsidiaries of the Company and J.P. Morgan Securities LLC, as representative of the initial purchasers. The Notes will be guaranteed on a senior unsecured basis by each of the Company's existing and future wholly-owned subsidiaries that is a borrower under or that guarantees obligations under the New Credit Agreement (as defined below) or that guarantees certain other indebtedness, subject to certain exceptions.

The Notes were issued pursuant to an Indenture (the *Indenture*), dated as of September 25, 2018, by and among the Company, the guarantors listed therein and Wilmington Trust, National Association, as trustee. The Indenture provides that interest on the Notes will accrue from September 25, 2018 and is payable semi-annually in arrears on April 1 and October 1 of each year, beginning on April 1, 2019, and the Notes mature on October 1, 2026.

The Company may redeem some or all of the Notes at any time on or after October 1, 2021, at the redemption prices set forth in the Indenture, together with accrued and unpaid interest, if any, to, but excluding, the redemption date. Prior to October 1, 2021, the Company may redeem some or all of the Notes at a price equal to 100% of the principal amount thereof, plus a *make-whole* premium as set forth in the Indenture, together with accrued and unpaid interest, if any, to, but excluding, the redemption date. The Company may redeem up to 35% of the original aggregate principal amount of the Notes on or prior to October 1, 2021 with the proceeds of certain equity offerings at a redemption price equal to 106.875% of the principal amount of the Notes, together with accrued and unpaid interest, if any, to, but excluding, the redemption date. If the Company sells certain assets or consummates certain change of control transactions, the Company will be required to make an offer to repurchase the Notes, subject to certain conditions.

The Indenture contains certain covenants that, among other things, limit the Company's ability and the ability of its restricted subsidiaries to incur additional indebtedness, make certain dividends, repurchase Company stock or make other distributions, make certain investments, create liens, transfer or sell assets, merge or consolidate and enter into transactions with the Company's affiliates. Such covenants are subject to a number of important exceptions and qualifications set forth in the Indenture. The Indenture also contains certain customary events of default, including failure to make payments in respect of the principal amount of the Notes, failure to make payments of interest on the Notes when due and payable, failure to comply with certain covenants and agreements and certain events of bankruptcy or insolvency.

Credit Facility

On September 25, 2018, the Company entered into a \$700,000,000 credit agreement (the *New Credit Agreement*), which replaces the Company's existing senior secured credit facilities and provides for a five-year \$500,000,000 revolving line of credit (the *Revolving Credit Facility*) and a seven-year \$200,000,000 bank term loan facility (the *Term Loan Facility*). Subject to certain conditions, including the absence of a default or event of default under the New Credit Agreement, the Company may request incremental loans to be extended under the Revolving Credit Facility or the Term Loan Facility so long as the Company is in pro forma compliance with the financial covenants set forth in the New Credit Agreement and the aggregate of such increases does not exceed \$400 million.

Borrowings under the Revolving Credit Facility will initially bear interest, at the Company's option, at either (i) 1.75% in excess of a reserve adjusted London Interbank Offered Rate (LIBOR) or (ii) 0.75% in excess of an alternative base rate. Borrowings under the Term Loan Facility will initially bear interest, at the Company's option, at either (i) 2.00% in excess of a reserve adjusted LIBOR rate or (ii) 1.00% in excess of an alternative base rate.

Under the terms of the New Credit Agreement, the Company will be required to maintain certain financial ratios and comply with certain financial covenants. In addition, borrowings and loans made under the New Credit Agreement will be secured by substantially all of the Company's and the guarantors' personal property, excluding certain customary items of collateral, and will be guaranteed by the Company's existing and future wholly-owned material domestic subsidiaries and by SWM Luxembourg.

Also on September 25, 2018, the Company borrowed approximately \$96.0 million under the Revolving Credit Facility and \$200 million under the Term Loan Facility. The Company utilized these borrowings under the New Credit Agreement together with the net proceeds from the offering of the Notes to refinance all amounts outstanding under the Company's senior secured credit facilities and to pay related fees and expenses.

The preceding description of the Indenture, the Notes and the New Credit Agreement does not purport to be complete and is qualified in its entirety by the terms and conditions of the Indenture, the Notes and the New Credit Agreement, which are filed as Exhibits 4.1 and 10.1 hereto, respectively, and incorporated into this report by reference.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.
