## 1. JUSTIFICATION

WHEREAS TCOPart owns almost all of the common and preferred shares representing the corporate capital of each of the TCO Operators and its main corporate purpose is to own such shareholdings;

WHEREAS TCOPart, after the merger of WXYZ0059 Holdings S.A., as described in the Relevant Fact dated May 14, 2004 and as per the terms established in the "Merger and Justification Protocol" entered by said companies, became the owner of the overprice paid for Telesp Celular Participações S.A. upon the acquisition of TCOPart and the TCO Operators;

The managements of the parties believe that the partial spin-off of TCOPart with the merger of the portion of assets spunoff by TCO Operators, with a view to taking the abovementioned overprice to said companies that operate the personal mobile telephone system (SMP) - Band A, in concession area 7, is justified in that it will improve their capitalization and cash flow conditions as a result of the TCO Operators and TCOPart taking advantage of the tax benefit produced from the amortization of said overprice.

2.3 Spin-off, Assets Conveyance and Appraisal: By way of the partial spin-off of TCOPart, some portions of the TCOPart assets will be transferred to TCO Operators. The Appraisal Report of the net assets of TCOPart, portions of which are being conveyed to TCO Operators, as provided for in art. 229 of Law 6404, dated December 15, 1976, was prepared by an independent appraising company Deloitte Touche Tomatsu Auditores Independentes, *ad referendum* of the shareholders of the companies that are parties to this protocol.

2.4 Differences in Assets: Asset differences occurring between May 31, 2004 and the effective spin-off and merger date shall be absorbed by the TCO Operators, respectively, proportionally to the portion of assets they will each merge.

2.5 Capital Reduction and Shares of the Spunoff Company: The spunoff portions of assets of TCOPart that will be merged by TCO Operators are: (1) on the assets side : (i) cash and banks amounting to one hundred thousand reais (R\$100,000.00); and (ii) deferred assets totaling eight hundred and forty-two million seven hundred and eighty-eight thousand eight hundred and forty-eight reais and eighty-four centavos (R\$842,788,848.84) stemming from the merger of WXYZ0059 Holdings S.A.; and (2) on the liabilities side: (iii) provision for maintenance of the integrity of company assets in the sum of five hundred and fifty-five million two hundred and forty thousand six hundred and forty reais and twenty-four centavos (R\$556,240,640.24); and (iv) special overprice reserve of two hundred and eighty-six million five hundred and forty-eight thousand two hundred and eight reais and sixty centavos (R\$286,548,208.60) to be used by the controller of the spunoff company, Telesp Celular Participações S.A. ### 3. ISSUANCE OF SHARES BY THE MERGORS, POLITICAL AND EQUITY RIGHTS.

3.1 Issuance of shares by the mergors by reason of the merged spinned-off assets and evaluation: In consequence of the merger of the spinned-off assets, as above referred, and taking for basis the net asset value of each of the TCO Operators as of 05.31.2004, the latter shall issue new shares, as follows (a) Telegoiás shall issue 184 common shares and 325 preferred shares to be assigned to TCOPart's shareholders, of the same type and in the same proportion as their respective interests in the capital stock of TCOPart. (b) Telems shall issue 41 common shares and 45 preferred shares to be assigned to the TCOPart's shareholders TCOPart, of the same type and in the same proportion as their respective interests in the capital stock of TCOPart. (c) Telemat shall issue 32 common shares and 33 preferred shares to be assigned to the TCOPart's shareholders TCOPart, of the same type and in the same proportion as their respective interests in the capital stock of TCOPart. (d) Teleacre shall issue 89 common shares and 77 preferred shares to be assigned to the TCOPart's shareholders TCOPart, of the same type and in the same proportion as their respective interests in the capital stock of TCOPart. (e) Teleron shall issue 29 common shares and 48 preferred shares to be assigned to the TCOPart's shareholders TCOPart, of the same type and in the same proportion as their respective interests in the capital stock of TCOPart.

3.2 In consideration of the reduced number of shares to be issued by the TCO Operators as a result of the merger of the spinned-off assets of TCOPart, as well as of the dispersion and dilution level of the Spinned-off Company's shares on the market, it is estimated that fractional shares in each of the TCO Operators would be assigned to most of TCOPart's shareholders, which fractions may not be issued in conformity with the provisions in article 28 of Law no. 6404/76. Accordingly, having in consideration that under the terms proposed by the managements of the companies that are parties to this Protocol, it is intended, on this same date, to incorporate all the TCO Operators' shares and assign to the shareholders thereof shares in TCOPart in substitution to the canceled shares, the managements of the respective parties propose, "ad referendum" to the shareholders of the Spinned-off Company and of the Mergors, that the fractional shares remain in trust of record with TCOPart on behalf of its shareholder. Upon the merger of all the TCO Operators' shares into TCOPart, said shares would be considered within the scope of the substitution of shares in TCOPart for the shares of the current Mergors.

3.3 Rights Attached to the New Shares: (1) Telegoiás: The new shares to be issued by Telegoiás as a result of the merger of TCOPart's spinned-off assets, to be assigned to the shareholders of the Spinned-off Company in the same

proportion of the common and preferred shares held by them on the date of the spin-off with merger, shall have the same rights as the currently outstanding common and preferred shares of Telegoiás. (2) Telems: The new shares to be issued by Telems as a result of the merger of TCOPart's spun-off assets, to be assigned to the shareholders of the Spun-off Company in the same proportion of the common and preferred shares held by them on the date of the spin-off with merger, shall have the same rights as the currently outstanding common and preferred shares of Telems. (3) Telemat: The new shares to be issued by Telemat as a result of the merger of TCOPart's spun-off assets, to be assigned to the shareholders of the Spun-off Company in the same proportion of the common and preferred shares held by them on the date of the spin-off with merger, shall have the same rights as the currently outstanding common and preferred shares of Telemat. (4) Teleacre: The new shares to be issued by Teleacre as a result of the merger of TCOPart's spun-off assets, to be assigned to the shareholders of the Spun-off Company in the same proportion of the common and preferred shares held by them on the date of the spin-off with merger, shall have the same rights as the currently outstanding common and preferred shares of Teleacre. (5) Teleron: The new shares to be issued by Teleron as a result of the merger of TCOPart's spun-off assets, to be assigned to the shareholders of the Spun-off Company in the same proportion of the common and preferred shares held by them on the date of the spin-off with merger, shall have the same rights as the currently outstanding common and preferred shares of Teleron.

4. CAPITAL STOCK AND SHARES OF THE SPUN-OFF COMPANY AND OF THE MERGORS AFTER THE TRANSACTION. After the partial spin-off of TCOPart with merger of the spun-off assets into the TCO Operators, the subject matter of this Protocol, the capital stock of each of the companies that are parties hereto, as well as the number of shares of the capital stock of each of them, shall be as follows:

5. OTHER CONDITIONS APPLICABLE TO THE MERGER.

5.1 Succession in Rights and Obligations: Each of the TCO Operators shall undertake, respectively, the responsibility for assets and liabilities relating solely to those assets of TCOPart transferred to it, under the terms hereof.

5.3 Corporate Acts: Special Meetings of Shareholders of TCOPart and of each of Telegoiás, Telems, Telemat, Teleacre and Teleron shall be held for evaluating and making resolutions concerning the merger and justification contemplated hereunder, including, however without limitation, TCOPart's partial spin-off and reduction of its capital stock as well as increase in the subscribed and paid-up capital of the TCO Operators as a result of the merger of spinned-off assets of TCOPart. The increase in the capital stock of each of the TCO Operators arising out of the merger of TCOPart's spinned-off assets shall be carried out within the limit of its authorized capital.

5.4 Incorporation of the special Premium Reserve. Under the terms of article 7 of CVM Instruction no. 319/99, TCP, in its capacity as acquirer of TCOPart and its holding company, shall be entitled to incorporate into TCOPart's capital the special premium reserve booked in that company, to the extent the tax benefit corresponding to the amortization of the deferred assets thereof represent an actual reduction in the taxes paid by TCOPart, with due regard to the provisions in paragraph 2 of the referred article 7 of Instruction CVM no. 319/99 and to the provisions in article 16 of the same Instruction. Additionally, TCP, having also acquired the TCO Operators, would be entitled, further, to incorporate into the capital stock of each of the TCO Operators the special premium reserve booked in each of those companies, to the extent the tax benefit corresponding to the amortization of the deferred assets thereof represent an actual reduction in the taxes paid by the TCO Operators, with due regard to the provisions in paragraph 2 of the referred article 7 of Instruction CVM no. 319/99 and to the provisions in article 16 of the same Instruction. However, having in consideration the intended merger of all the TCO Operators' shares scheduled to occur immediately after the spin-off with merger of the net assets contemplated hereunder, the managements of the parties acknowledge and agree that TCP may assign its rights on the special premium reserves booked in the TCO Operators to TCOPart, in order to allow the latter, in its capacity as sole shareholder of the TCO Operators, to capitalize such reserves upon subscription of new shares in the mentioned operators. By reason of the assignment of rights on the special premium reserves, TCP shall become a creditor of TCOPart in that same amount and shall be entitled to use such credits in increases of TCOPart's capital, with due regard to the preemptive rights of the other shareholders of the referred company.

5.5 Premium Amounts to be Amortized and Tax Benefit. The premium amounts to be transferred to the TCO Operators, in conformity with the provisions set forth in this Protocol, is supported on the future profit projections for the referred companies. Based on the applicable laws, considering an amortization period of up to ten (10) years, the premium amount to be amortized (i) in Telegoiás shall be R\$352,025,090.35 and the estimated tax benefit to be used in the same company shall be R\$119.688.530,72; (b) the premium amount to be amortized in Telems shall be R\$144.077.704,62 and the estimated tax benefit to be used in the same company shall be R\$48.986.419,57; (c) the premium amount to be amortized in Telemat shall be R\$248.558.469,39 and the estimated tax benefit to be used in the same company shall be R\$84.509.879,59; (d) the premium amount to be amortized in Teleacre shall be R\$29.353.010,08 and the estimated tax benefit to be used in the same company shall be R\$9.980.023,43; and (e) the premium amount to be amortized in Teleron shall be R\$68.774.574,40 and the estimated tax benefit to be used in the same company shall be R\$23.383.355,29. The TCO Operators are committed to prepare, upon the end of each fiscal year, an analysis regarding the recovery of the premium amounts, as provided for in article 8 of Instruction CVM no. 319/99.

In witness whereof, the Parties execute this Protocol in six (6) counterparts, of the same contents and for one sole effect, together with the two witnesses identified below.
