ISIN: ZAE000018123
"Gold Fields" or "the Company")

Clarification with regards to Quarterly results for Quarter ended 31 March 2013

We wish to clarify the disclosure relating to equivalent ounces made in the outlook section of the results released earlier this morning. The word "million" was omitted.

In the Outlook section of the Gold Fields Q1 2013 it stated that:

"Attributable gold production for the year ending December 2013 is expected to be between 1,825 equivalent ounces and 1,900 equivalent ounces excluding the discontinued operations, KDC and Beatrix."

This should read:

Attributable gold production for the year ending December 2013 is expected to be between 1,825 million equivalent ounces and 1,900 million equivalent ounces excluding the discontinued operations, KDC and Beatrix.

The updated SENS and results booklet reflecting the change have been uploaded to the Company's website.
