**PROXY STATEMENT
FEBRUARY 18, 2003**

This proxy statement is furnished in connection with the solicitation of proxies for use at the Annual Meeting of Stockholders of Ameron International Corporation (the "Ameron" or the "Company" or the "Corporation") to be held at the time and place and for the purposes set forth in the foregoing Notice of Annual Meeting of Stockholders (the "Annual Meeting"). This proxy statement and the proxy card included herewith were first sent to stockholders on or about February 18, 2003.

Please sign, date and return the enclosed proxy card to ensure that your shares are voted. The proxy may be revoked at any time prior to exercise thereof but if not revoked will be voted. A proxy can be revoked by filing with the Secretary of the Company either an instrument revoking the proxy or a duly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person. Each proxy will be voted as instructed, and if no instruction is given will be voted FOR the election of the three nominees for director named below, FOR the ratification of the appointment of Deloitte & Touche LLP as independent public accountants of the Company and FOR the approval of the Key Executive Long-Term Cash Incentive Plan. The named proxies may vote in their discretion upon such other matters as may properly come before the meeting.

The record date for the determination of stockholders entitled to vote at the Annual Meeting is February 11, 2003. On such date, there were issued, outstanding and entitled to vote at the Annual Meeting, 3,950,312 shares of Common Stock of the Company (the "Common Stock"). Every stockholder is entitled to one vote for each share of Common Stock registered in his or her name at the close of business on the record date, except that stockholders may cumulate their votes in the election of directors. See "Election of Directors." Common Stock is the only class of voting stock outstanding.

Assuming a quorum is present in person or by proxy at the meeting, with respect to the election of directors, the three nominees receiving the greatest number of votes cast will be elected directors. The affirmative vote of the holders of a majority of the shares of Common Stock represented at the Annual Meeting is necessary for the ratification of the appointment of Deloitte & Touche LLP as independent public accountants of the Company for fiscal year 2003 and for approval of the Key Executive Long-Term Cash Incentive Plan.

For purposes of determining whether a matter has received a majority vote, abstentions will be included in the vote totals, with the result that an abstention has the same effect as a negative vote. In instances where brokers are prohibited from exercising discretionary authority for beneficial owners who have not returned a proxy (so-called "broker nonvotes"), those shares will not be included in the vote totals and therefore will have no effect on the vote.

**ELECTION OF DIRECTORS
(PROXY ITEM 1)**

As of the date of this Proxy Statement, the Bylaws of the Company provide for a Board of Directors composed of nine directors, divided into three classes. Directors are elected for three-year terms and one class is elected at each Annual Meeting. Since the 2002 Annual Meeting, three persons have been elected by the Company's Board of Directors to fill vacancies resulting from death, resignation and an increase in the number of directors from eight to nine. The new directors are David Davenport, Thomas L. Lee and Dennis C. Poulsen.

Three directors are to be elected at the 2003 Annual Meeting. Peter K. Barker, John F. King and John E. Peppercorn were elected to their present term of office as Class II directors at the Company's 2000 Annual Meeting. Class II directors will hold office until the Annual Meeting in the year 2006, or until their respective

successors have been elected and qualified. All of the nominees

have consented to being named herein and to serve if elected. In the event that any of the nominees should become unavailable prior to the Annual Meeting, proxies in the enclosed form will be voted for a substitute nominee or nominees designated by the Board of Directors, or the Board, at its option, may reduce the number of directors to constitute the entire Board.

Stockholders have cumulative voting rights with respect to the election of directors.

Cumulative voting rights entitle a stockholder to give one nominee as many votes as is equal to the number of directors to be elected, multiplied by the number of shares owned by the stockholder, or to distribute such votes to one or more nominees, as the stockholder determines.

Unless you indicate otherwise on the proxy card, if you vote FOR all nominees, the proxies will allocate your votes equally among the nominees listed above; if you withhold authority to vote for any

nominee or nominees, the proxies will allocate your votes equally among the nominees listed above except those for whom you withhold authority to vote.

The following information, which has been provided to the Company by the directors, shows for each of the nominees for director and for each director whose term continues, principal occupation and business experience during the past five years and other affiliations.

Compensation of Directors and Retirement Policies

Directors who were not officers or employees of the Company received an annual retainer of \$30,000 plus \$2,200 for each Board meeting attended in 2002. Directors are available for consultation at any time by Management and normally receive no additional compensation for such consultation. For meetings of committees of the Board of Directors, a fee of \$1,500 per meeting was paid. The fee was paid to each director who attended and actively participated. Chairmen of committees received an additional \$300 fee for committee meetings chaired. Directors may, by special arrangement, receive an additional fee for special assignments involving unusual demands on their time. Such fees are normally determined in advance by mutual agreement with Management as appropriate in the circumstances. No such special assignments were in effect during 2002. Each year on the first business day following the date of the Annual Meeting of Stockholders, non-employee directors are granted an option to purchase 1,500 shares of the Company's Common Stock. These shares are exercisable in annual increments of 375 shares each, beginning on the first anniversary date of the grant and have an exercise price equal to the fair market value of the shares on the date of the grant.

The Board of Directors has a policy establishing the mandatory retirement date of each member of the Board as of the date of the Annual Meeting of Stockholders of the Company next following the director's 72nd birthday.

PROPOSAL FOR RATIFICATION OF APPOINTMENT OF INDEPENDENT PUBLIC ACCOUNTANTS (PROXY ITEM 2)

The Board of Directors, upon recommendation of its Audit Committee, has appointed the firm of Deloitte & Touche LLP, as independent public accountants to examine the Company's financial statements for its fiscal year ending November 30, 2003. This firm has no financial interest of any kind in the Company or its subsidiaries. The firm has had no connection with the Company or its subsidiaries in the capacity of promoter, underwriter, voting trustee, director, officer or employee. A member of the firm of Deloitte & Touche LLP is expected to be present at the Annual Meeting to answer questions and to make a statement if he or she desires to do so.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF THE FIRM OF DELOITTE & TOUCHE LLP AS INDEPENDENT PUBLIC ACCOUNTANTS OF THE COMPANY FOR 2003, AND THE ENCLOSED PROXY CARD WILL BE SO VOTED UNLESS THE STOCKHOLDER SPECIFIES OTHERWISE.

If the appointment is not ratified by a majority of the shares of Common Stock represented at the meeting on this proposal, the adverse vote will be considered as a directive to the Board of Directors to select other

independent public accountants for the following year. However, because of the difficulty and expense of making any substitution so long after the beginning of the current year, it is contemplated that the appointment for the fiscal year ending November 30, 2003 will be permitted to stand unless the Board finds other good reason for making a change.

**PROPOSAL FOR APPROVAL OF
KEY EXECUTIVE LONG-TERM CASH INCENTIVE PLAN
(Proxy Item 3)**

The Board of Directors of the Company adopted the Company's original Key Executive Long-Term Cash Incentive Plan (the "LTIP") on April 25, 1994 and has directed that the LTIP be submitted to the Stockholders for their approval at the Annual Meeting. The approval of the Stockholders being sought hereby is necessary to ensure that awards made pursuant to the LTIP will not be subject to the deduction limits under Section 162(m) of the Internal Revenue Code of 1986 ("Code"). The affirmative vote of a majority of Stockholders present or represented at the Annual meeting will constitute approval by the Stockholders of this proposal.

The purpose of the LTIP is to reward selected senior-level executives who make important contributions to the long-term financial and strategic performance of the Company and its operations. The following summary description of the LTIP is qualified in its entirety by reference to the full text of the LTIP attached as Exhibit "B". For specific information concerning previous awards pursuant to the LTIP, see "Compensation of Executive Officers".

The Company intends that the compensation paid pursuant to the LTIP be "performance based" within the meaning of Section 162(m) of the Code. The LTIP is administered by the Compensation & Stock Option Committee (the "Committee") of the Board of Directors. The Committee has the authority to make all determinations necessary or advisable for the ongoing administration of the LTIP and to correct or supply any omission or to reconcile any inconsistency in the LTIP in the manner and to the extent that the Committee, in its sole discretion, deems desirable to carry the LTIP into effect.

The LTIP provides an opportunity for participants to earn a cash payment following the completion of a Performance Cycle (as defined below) based on the Company's performance relative to performance objectives for that Performance Cycle. "Performance Cycles" are established by the Committee and are currently three years in length, and a new Performance Cycle begins each fiscal year. New performance objectives are established by the Committee for each Performance Cycle from among the following measures, or such other measures as the Committee in its sole discretion may select: revenue, net cash flow, net income, operating income, earnings per share, return on sales, return on equity, return on net assets employed, and return on total capital.

Cash awards may be made under the LTIP to persons who are executive officers, other key employees and consultants who are recommended by the Company's Chief Executive Officer and approved by the Committee. Participation in any one Performance Cycle does not guarantee the right to participate in any subsequent Performance Cycle. Notwithstanding the foregoing, the Committee may extend participation or benefits to such participants as it deems fit in its sole and absolute discretion. Six executives are currently eligible to participate in the LTIP.

For each Performance Cycle, the Committee assigns cash compensation targets to each participant, expressed as a percentage of the participant's salary (a "Target Award"), based on the participant's level of responsibility, ability to influence long-term Company performance, and competitive pay considerations. In addition, the Committee establishes performance objectives for the Performance Cycle as well as the relationship between awards and different levels of achievement relative to the performance objectives. A participant's Target Award and the relationship between the participant's award and different levels of achievement are described in a Participation Agreement entered into between the Company and the participant for each Performance Cycle, a form of which is attached as Exhibit "C".

The Committee will normally not adjust a participant's Target Award during a Performance Cycle, but it reserves the right to adjust downward in special circumstances as it deems fit, such as for example, due to the demotion of a participant provided that no such adjustments shall be made if such adjustments are inconsistent

with Section 162(m) of the Code. In the event of a decrease in a participant's Target Award during a Performance Cycle, calculation of the participant's award for that Performance Cycle will be based on prorating each Target

Award according to the number of days each was in effect during the Performance Cycle.

Awards are determined by the Committee in accordance with the Participation Agreement no later than 90 days following the end of each Performance Cycle. The LTIP does not provide for discretionary payments outside of awards determined in accordance with the LTIP. However, the Committee reserves the right to adjust downward awards for any Performance Cycle if the Committee deems, in its sole discretion, that Company performance for the Performance Cycle was materially influenced by events not anticipated at the time that the performance objectives were established. The maximum amount of cash compensation payable to any individual for any one Performance Cycle under the LTIP is presently limited to \$1 million.

The LTIP provides that awards must be paid in cash no later than 90 days following the end of the Performance Cycle, unless the timing of such payment is either: (1) voluntarily deferred by the participant to a future date in accordance with any voluntary deferral agreement offered by the Company to the participant, or (2) involuntarily deferred, if payments of awards would cause the Company to lose a tax deduction pursuant to Section 162(m) of the Code, as amended, in which case the Committee may, at its sole discretion, require a participant to defer receipt of a portion of the award that exceeds the limitations to a future date specified by the Committee.

In the event of a participant's termination of service for "cause" (as defined in the LTIP), the participant will not be entitled to receive an award with respect to the corresponding Performance Cycle. In the event of a participant's termination of service for any reason other than for cause, death, disability or retirement prior to the end of a Performance Cycle, the participant will not be entitled to receive an award with respect to the corresponding Performance Cycle unless the number of full months of the participant's service with the company during the Performance cycle, divided by the number of months in the Performance Cycle, exceeds 50%, in which case the participant will be entitled to a pro-rata portion of an award for that Performance Cycle. In the event of a participant's termination of service due to death, disability or retirement, the participant's award will be prorated according to formulas specified in the LTIP.

Upon a change of control of the Company prior to the end of any Performance cycle, each participant will be entitled to receive an award under the LTIP equal to the participant's Target Award for the Performance Cycle based on the assumption that the participant's salary immediately prior to the change of control would remain constant for the remaining period of the Performance Cycle.

The Board of Directors may terminate, suspend or revoke the LTIP, with or without notice. However, unless required by law, no change may be made to the LTIP that adversely affects an award due for a completed Performance Cycle or as a result of a change of control. Upon amendment, suspension or revocation of the LTIP, the Committee may, as it's sole discretion, authorize the proration or early distribution, or a combination thereof, of awards under the LTIP.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE PROPOSAL TO APPROVE THE AMERON KEY EXECUTIVE LONG-TERM CASH INCENTIVE PLAN, AND THE ENCLOSED PROXY CARD WILL BE SO VOTED UNLESS THE STOCKHOLDER SPECIFIES OTHERWISE.

Employment Agreement

In May 1997, the Company entered into an Amended and Restated Employment Agreement with Mr. Marlen for his continued employment as Chairman, President and Chief Executive Officer. The term of the agreement is automatically extended from day-to-day so that it always has a remaining term of three years and six months, or until Mr. Marlen attains age 67¹/₂, if sooner. Under the terms of that agreement Mr. Marlen's annual base salary rate is subject to future merit increases based on annual reviews by the Board of Directors, with participation in the Company's Management Incentive Compensation Plan ("MICP"), its Key Executive Long-Term Cash Incentive Plan ("LTIP"), and other executive compensation and benefit plans. Under the terms of a May 2001 amendment to the agreement, if Mr. Marlen is terminated without cause, he would be entitled to a severance benefit equal to his then current base salary plus the highest bonus received during the three and one-half years preceding termination (but not less than 100% of his annual base salary determined as of the date of termination) times a factor of 3.5, and Mr. Marlen was provided with additional pension benefits. Those additional benefits are described under "Pension Plans" on page 13 below. Under the terms of a May 1998 amendment to the agreement, Mr. Marlen will be reimbursed for any excise taxes which might be imposed under Section 4999 of the Internal Revenue Code. In the event of his death or long-term disability while employed, or termination for reasons other than cause, all stock awards will become fully vested and he will become entitled to vested pension benefits plus three years of additional service credit. In the event of a change of control of the Company, all unvested stock grants and stock options granted to Mr. Marlen would automatically vest. In the event that he is terminated without cause, Mr. Marlen will also be entitled to continued health and medical benefits coverage at the same cost he would be paying at the time of termination.

Change of Control Agreements

In September 1998, the Company entered into Agreements with Messrs. Javier Solis and Gary Wagner, Senior Vice President of Administration, Secretary and General Counsel and Senior Vice President, Chief Financial Officer, respectively. The terms of those agreements are automatically extended so that they always have a remaining term of two years. Under the terms of those agreements, their annual base salary rates are subject to future merit increases based on annual reviews by the Board of Directors. In the event of a change of control of the Company resulting in termination without cause within twelve months following such change of control, Messrs. Solis and Wagner would be entitled to a severance benefit equal to three times the sum of (a) the higher of the annual base salary at the time of termination without cause or their current base salary and (b) the average annual bonus earned for the two completed fiscal years immediately prior to such termination. They would also be entitled to a pro-rata portion of target incentive bonuses under the Company's annual and long-term management cash incentive plans. Such severance benefits are subject to reduction in order to comply with certain IRS regulations and limitations relating to change of control. In addition, all stock option awards would be become fully vested and they would be entitled to continued health and medical benefits coverage at the same cost they would be paying at the time of termination.

Long-Term Incentive Plan Awards

See □Report of the Compensation & Stock Option Committee□ on Page 14 for a description of the Key Executive Long-Term Cash Incentive Plan (□LTIP□). The original LTIP was approved by stockholders at the Company□s Annual Meeting in March 1998. The following table shows, for the named executive officers, the calculated future payouts, if any, under the LTIP for the three-year performance cycle which began in 2002. Threshold amounts are the minimum amounts payable under the LTIP provided that the minimum level of performance is achieved with respect to the pre-established performance objective, measured in terms of cumulative earnings per share for that three-year cycle. If such performance is not achieved, amounts would be zero.

PENSION PLANS

The following schedule shows the estimated annual benefit payable under the combined Ameron Pension Plan (Salaried Section) and Ameron Supplemental Executive Retirement Plan for executives at varying pay levels and years of service. The schedule assumes retirement at age 65.

2,500,000	727,495	969,994	1,212,492	1,454,990

(1) Calculated based upon highest five of the last ten years of earnings prior to retirement.

Benefits shown above are computed assuming payout is in the form of a straight life annuity. Benefits are not subject to deduction for Social Security or other offset amounts.

For purposes of the Ameron Pension Plan, compensation is base monthly salary, exclusive of overtime, severance, bonuses, commissions or amounts deferred under the Executive Deferral Plan. The Internal Revenue Code limits the amount per year on which benefits are based and limits the aggregate amount of the annual pension which may be paid by an employer from a plan which is qualified under the Code for federal income tax purposes. The Supplemental Executive Retirement Plan provides for supplemental payments to be made to certain eligible executives of the Company in amounts sufficient to maintain total benefits upon retirement had there been no such Code limitations and expands, among other features, annual compensation to include bonuses and deferred compensation.

As of February 1, 2003, the estimated credited service under both plans for each of the named individuals in the foregoing Summary Compensation Table is:

Credited Years Of Service(1)	
Present	At Age 65

James S. Marlen	2610/12(2)	30(2)
Javier Solis	214/12	30
Gary Wagner	1710/12	30
Thomas P. Giese	30	30
Gordon G. Robertson	30	30

-
- (1) The maximum credit is 30 years.
 (2) Refer to Employment Agreement section on Page 11 above. Under the terms of a May 2001 amendment to Mr. Marlen's Employment Agreement, he was credited with an additional 9.5 years of service such that he would have 25 years of service on his 60th birthday and will be credited with one year of service for each actual year of service during his employment with the company between the ages of 60 and 65, so that he will have attained 30 years of credited service at age 65. In addition, in the event that Mr. Marlen is

terminated for reasons other than for cause and/or a change of control takes place, he will be entitled to his vested pension benefits plus three years of additional credited service. In the event that he obtains new employment within three years of leaving the Company following termination, he will be entitled only to his vested pension benefits (not additional years of service).

The following report of the Compensation & Stock Option Committee and the Stock Price Performance Graph included in this proxy statement shall not be deemed to be incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report or the Performance Graph by reference therein, and shall not be deemed soliciting material or otherwise deemed filed under either of such acts.

REPORT OF THE COMPENSATION & STOCK OPTION COMMITTEE

The Compensation & Stock Option Committee of the Board of Directors (the "Committee") is composed entirely of independent outside directors. No member of the Committee is a former or current officer or employee of the Company or any of its subsidiaries. The Committee, all of whose actions are subject to approval by the Board of Directors, is responsible for the proper administration of the Company's various compensation programs, including its salary policies, its Management Incentive Compensation Plan ("MICP") (which comprises its annual bonus plan for management employees), its Key Executive Long-Term Cash Incentive Plan ("LTIP") and its 2001 Stock Incentive Plan. On an annual basis the Committee reviews base salary ranges for the Company's various levels of management, approves annual salaries of officers, approves MICP and LTIP awards, administers the 2001 Stock Incentive Plan and makes grants thereunder, and reviews with the Board in detail all aspects of compensation for all officers of the Company, including the Chief Executive Officer.

The executive compensation policy of the Company, which is endorsed by the Committee, is that the base compensation of all officers should be generally comparable to base salaries being paid to similarly situated officers of other general diversified manufacturing companies with similar sales and industries in the U.S., and that bonus compensation be in the form of MICP and LTIP awards and stock option benefits which are contingent upon the performance of the Company as well as the individual contributions of each officer. Because of the inherent cyclical nature of some of the Company's businesses, and because a significant portion of its businesses are dependent on the timing of projects over which it has no control, the Committee does not believe that the base salary portion of compensation of the Company's officers should be subject to annual fluctuations based solely on such effects.

In determining comparability of officer salaries to those of other similarly situated officers, members of the Committee review the results of compensation surveys provided by various compensation consulting firms of

national reputation. The Committee has reviewed the compensation for each of the five highest paid officers for 2002 and has determined that in its opinion, the compensation of all officers is reasonable in view of the Company's consolidated performance and the contribution of those officers to that performance.

The MICP is based on the following measures: corporate performance, business unit performance and personal performance. The corporate performance measure is based on earnings per share and return on sales. The Committee believes that these factors are the primary determinant of share price over time. Because of the relatively low volume of trade of the Company's stock and therefore its susceptibility to volatility based on extraneous factors, the Committee does not believe that share price per se is necessarily a measure of corporate performance. Business unit performance measures are based primarily on return on assets. Personal performance measures are based on such qualitative factors as performance against objectives and plans, and organizational and management development.

The LTIP was approved by the stockholders of the Company in March 1998. The purpose of this plan is to reward selected senior executives with above average total pay for achieving and sustaining above average long-term financial goals. Participants in the LTIP are eligible to receive cash incentive awards and grants of stock options based on the financial performance of the Company and, in some cases, a combination of the financial performance of the Company and its business units, after the end of each three-year performance cycle. The cash

awards under the LTIP for the 2000-2002 performance cycle which appear in the Summary Compensation Table were earned based on the Company's successfully having exceeded its financial plan, measured in terms of its cumulative earnings per share for that three-year cycle. The determination of cash payouts, if any, under the LTIP for the fiscal years 2001-2003, 2002-2004 and 2003-2005 performance cycles will not be made until after the end of the 2003, 2004 and 2005 fiscal years, respectively. For those performance cycles, the Company's financial performance will continue to be measured based on cumulative earnings per share, with return on assets and return on equity thresholds.

The current annual base salary of \$714,000 for Mr. Marlen was set in June 2002. That base salary was established based on comparability of compensation being paid to other similarly situated officers of general diversified, multinational manufacturing companies. That base salary will be reviewed again by the Committee in June 2003. A bonus award of \$995,000 was approved for payment to Mr. Marlen under the MICP with respect to fiscal 2002 based on the Company's performance against various financial goals established by the Committee, including earnings per share and return on sales, as well as a continuing very favorable assessment by the Board of Mr. Marlen's individual performance and leadership. Such MICP award is in line with the average of bonus awards paid to chief executive officers of general diversified, multinational manufacturing companies in the U.S. as reported by various compensation consulting firms of national reputation. During fiscal year 2002, the Company awarded Mr. Marlen a restricted stock grant of 22,000 shares under the 2001 Incentive Stock Plan.

3. *PLAN ADMINISTRATION*. The Plan shall be administered by the Compensation & Stock Option Committee of the Company's Board of Directors (the "Committee"). Subject to the provisions of the Plan, the Committee shall have the authority to make all determinations necessary or advisable for the ongoing administration of the Plan and to correct or supply any omission or to reconcile any inconsistency in the Plan in the manner and to the extent that the Committee, in its sole discretion, deems desirable to carry the Plan into effect. The Committee's authority shall include but shall not be limited to:

4.4 *CODE* refers to the Internal Revenue Code of 1986, as amended, or any successor legislation.

B-1

4.5 *DISABILITY* means a physical or mental condition that permanently prevents the Participant from performing his or her normal duties of employment. In the event that a Participant is covered by a Company-sponsored long-term disability program and the Participant is determined to qualify for disability benefits under that program, then the Participant shall be presumed to qualify as permanently disabled for purposes of the Plan. In the event that the participant is not covered by a Company-sponsored long-term disability program, then the Participant shall be presumed to be permanently disabled for purposes of the Plan if the Committee so determines upon review of one or more medical opinions acceptable to the Committee.

4.6 *EARLY RETIREMENT* means a voluntary Termination of Service between the ages of fifty-five (55) and sixty-five (65) provided that the Participant has at least ten (10) years of Service (not necessarily continuous) with the Company as of the date of Termination of Service.

4.7 *NORMAL RETIREMENT* means Termination of Service at or after reaching sixty-five (65) provided that the Participant has at least five (5) years of Service with the Company (not necessarily continuous) as of the date of Termination of Service.

4.8 *PARTICIPANT* means those executive officers, other key employees and consultants who have been recommended by the Company's Chief Executive Officer and approved by the Committee for participation in the Plan.

4.9 *PARTICIPATION AGREEMENT* means the agreement between the Company and the Participant that describes the Performance Measures, Performance Objectives and their relationship to Awards for that Participant.

4.10 *PERFORMANCE CYCLE* means the period of time over which Company performance is measured for determining whether and to what extent an Award is earned under the Plan.

4.11 *PERFORMANCE MEASURES* means the specific performance measures described in Paragraph 8 hereinbelow.

4.12 *PERFORMANCE OBJECTIVES* means the specific performance goals for the Performance Measures established by the Committee for a Performance Cycle against which actual performance is assessed under this Plan.

4.13 *SALARY* means a Participant's ending regular base salary, before any deductions and exclusive of any bonuses, long-term incentives, payments under employee benefit programs and other non-regular forms of compensation, whether deferred or received by the Participant, in the last year of the Performance Cycle.

4.14 *SERVICE* means substantially full-time employment or substantially full-time service as a consultant (whether active or on an authorized leave of absence) with the Company.

4.15 *TARGET AWARD* means the cash compensation, expressed as a percentage of the Participant's Salary, that a Participant is eligible to receive if the Performance Objectives established for a particular Performance Cycle are achieved.

4.16 *TERMINATION OF SERVICE* means a termination of Service from the Company for any reason, whether voluntary or involuntary, including death, Disability, Early Retirement or Normal Retirement.

5. *GENERAL PLAN DESCRIPTION*. The Plan provides an opportunity for Participants to earn a cash payment following the completion of a Performance Cycle based on the Company's performance relative to Performance Objectives for that Performance Cycle. It is anticipated, but not required, that each Performance Cycle will be three-years in length and that a new Performance Cycle will begin each fiscal year. New Performance Objectives will be established by the Committee for each Performance Cycle.

6. *PLAN PARTICIPATION*. Participation in the Plan shall be limited to executive officers, other key employees and consultants who are recommended by the Company's Chief Executive Officer and approved by the Committee. Participation in any one Performance Cycle does not guarantee the right to participate in any subsequent Performance Cycle. Notwithstanding the foregoing, the Committee may extend participation or benefits to such Participants as it deems fit in its sole and absolute discretion.

B-2

7. *AWARD DETERMINATION PROCESS*. For each Performance Cycle, the Committee shall assign each Participant a Target Award based on the Participant's level of responsibility, ability to influence long-term Company performance, and competitive pay considerations. In addition, the Committee shall establish Performance Objectives for the Performance Cycle as well as the relationship between Awards

and different levels of achievement relative to the Performance Objectives. A Participant's Target Award and the relationship between the Participant's Award and different levels of achievement shall be described in a Participation Agreement entered into between the Company and the Participant for each Performance Cycle.

The Committee will normally not adjust a participant's Target Award during a Performance Cycle, but it reserves the right to do so in special circumstances as it deems fit, such as for example, due to the demotion of a Participant, provided that no such adjustments shall be permitted if they are inconsistent with Section 162(m) of the Code. In the event of a decrease in a Participant's Target Award during a Performance Cycle, calculation of the Participant's Award for that Performance Cycle will be based on prorating each Target Award according to the number of days each was in effect during the Performance Cycle.

Awards shall be determined by the Committee in accordance with the Participation Agreement no later than ninety (90) days following the end of each Performance Cycle. The Plan shall not provide for discretionary payments outside of Awards determined in accordance with the Plan. However, the Committee reserves the right to downwardly adjust Awards for any Performance Cycle if the Committee deems, in its sole discretion, that Company performance for the Performance Cycle was materially influenced by events not anticipated at the time that the Performance Objectives were established. The maximum amount of cash compensation payable to any individual for any performance cycle shall not exceed \$1 million.

8.

PERFORMANCE MEASUREMENT.

The Committee shall establish the Performance Objectives for each Performance Cycle from among the following measures, or such other measures as the Committee in

its sole discretion may select: revenue, net cash flow, net income, operating income, earnings per share, return on sales, return on equity, return on net assets employed, and return on total capital.

9. *PAYMENT OF AWARDS.*

Awards shall be paid in cash no later than ninety (90) days following the end of the Performance Cycle, unless the timing of such payment is either: (1) voluntarily deferred by the Participant to a future date in accordance with any voluntary deferral agreement offered by the Company to the Participant, or (2) involuntarily deferred pursuant to Paragraph 10 of the Plan.

10. *VOLUNTARY DEFERRAL.* If payments of Awards pursuant to this Plan would cause the Company to lose a tax deduction pursuant to Section 162(m) of the Code, the Committee may, at its sole discretion, require a Participant to defer receipt of a portion of the Award that exceeds the limitations set out

under Section 162(m) of the Code to a future date specified by the Committee. Any such deferred amounts shall be credited annually with interest at a rate determined by the Committee, but not less than the rate generally available from twelvemonth Certificates of Deposit issued by a major financial institution.

11.

TERMINATION OF SERVICE. In the event of a Participant's Termination of Service for cause (as hereinafter defined), the Participant will not be entitled to receive an Award with respect to the corresponding Performance Cycle. As used hereinabove the term "for cause" means termination of the Participant's employment by the Company in case of any willful breach of duty by the Participant in the course of employment, or in case of habitual neglect of duty or continued incapacity to perform.

In the event of a Participant's Termination of Service for any reason other than for cause, death, Disability, Normal Retirement or

Early Retirement prior to the end of a Performance Cycle, the Participant will not be entitled to receive an Award with respect to the corresponding Performance Cycle unless the number of full months of the Participant's Service with the Company during the Performance Cycle, divided by the number of months in the Performance Cycle, exceeds 50%, in which case the Participant will be entitled to a pro-rata portion of an Award for that Performance Cycle. Such pro-rata Award shall be determined by multiplying: (1) the amount of the Award for the Performance Cycle by (2) a ratio equal to the number of full months of the Participant's Service with the Company during the Performance Cycle, divided by the number of months in the

B-3

Performance Cycle, and shall be payable at the end of the applicable Performance Cycle in accordance with Paragraph 9 of the Plan.

In the event of the Participant's Termination of Service due to death, Disability, Normal Retirement or Early Retirement, the following provisions will apply:

11.1 *DEATH, DISABILITY OR NORMAL RETIREMENT*. Upon a Participant's death, determination of Disability, or Normal Retirement prior to the end of a Performance Cycle, the Participant (or, in the case of death, the

person or persons to whom the rights to any Award shall pass by reason of the Participant's death, either by will or by applicable laws of descent and distribution) shall be entitled to receive a pro-rata portion of any Award for that Performance Cycle. Such pro-rata Award shall be determined by multiplying: (1) the amount of the Award for the Performance Cycle by (2) a ratio equal to the number of full months of the Participant's Service with the Company during the Performance Cycle, divided by the number of months in the Performance Cycle. Awards payable following a Participant's death, determination of total and permanent Disability, or Normal Retirement shall be made at the end of the applicable Performance Cycle in accordance with Paragraph 9 of the Plan.

11.2 *EARLY RETIREMENT*. Upon the Early Retirement of the Participant prior to the end of a Performance Cycle, the Participant shall be entitled to receive a pro-rata portion of any Award for the Performance Cycle in accordance with the terms and conditions of this Plan. Such pro-rata portions shall be determined by multiplying: (1) the amount of the Award for the Performance Cycle by (2) a ratio equal to the number of full months of the Participant's Service with the Company during the Performance Cycle, divided by twice the number of months in the Performance Cycle. Awards payable following a Participant's Early Retirement shall be made at the end of the applicable Performance Cycle in accordance with Paragraph 9 of the Plan.

12. *CHANGE OF CONTROL*. Upon a Change of Control of the Company prior to the end of any Performance Cycle, each Participant shall be entitled to receive an Award under the Plan equal to the Participant's Target Award for the Performance Cycle based on the assumption that the Participant's Salary immediately prior to a Change of Control would remain constant for the remaining period of the Performance Cycle. Awards payable in accordance with this Paragraph 12 shall be paid in cash no later than thirty (30) days following the effective date of the Change of Control.

13. *NEW PARTICIPANTS*. New Participants may be added to the Plan by the Committee at any time. New Participants added to the Plan during a Performance Cycle shall be eligible to receive a pro-rata Award. Such pro-rata Award shall be determined by multiplying: (1) the amount of the Award for the Performance Cycle by (2) a ratio equal to the number of full months of the Participant's Service with the Company during the Performance Cycle, divided by the number of months in the Performance Cycle. Unless determined otherwise by the Committee, a new participant must be a Participant in the Plan for at least twelve months during a Performance Cycle to be eligible to receive an Award payment under the Plan.

14.1 *TRANSFER RESTRICTIONS*. This Award shall not be transferred, assigned, pledged or hypothecated in any way, whether by operation of law (including bankruptcy) or otherwise except as provided in Paragraph 11.1 of this Plan or pursuant to a valid qualified domestic relations order. Upon any attempt to transfer, assign, pledge or hypothecate or otherwise dispose of an Award contrary to the provisions of this Plan, the Award and its associated rights and privileges shall become null and void.

14.2 *RIGHT OF EMPLOYMENT DENIED*. Nothing contained herein shall confer upon the Participant any right to continue in the Service of the Company or shall interfere in any way with the right of the Company (subject to the terms of any separate employment agreement to the contrary) at any time to terminate the Participant's Service or to increase or decrease the compensation of the Participant from the rate in existence on the date of this Plan. All Participants are employed as employees-at-will and may be terminated at any time with or without notice, and with or without cause (also subject to the terms of any separate employment agreement to the contrary).

14.3 *NO RIGHTS AS A SHAREHOLDER*. Neither the Participant nor any other person legally entitled to receive a potential payment pursuant to this Plan shall be entitled to any of the rights or privileges of a shareholder of the Company solely as a result of such Award.

B-4

14.4 *UNFUNDED NATURE OF AWARD*. The Company may periodically accrue estimated payouts pursuant to the Plan and charge them as an expense against the income statement of the Company. Accruals for estimated payouts do not oblige the Company to pay out any Award or any portion thereof. Each Participant is an unsecured creditor of the Company as to Awards. Neither the Participant nor any other person shall have as a result of this

Plan any interest in any fund nor in any specific asset of the Company. Any reserve or other asset that the Company may establish or acquire to ensure itself of the funds to provide benefits under this Plan shall not serve in any way as security to the Participant or any other person for the Company's performance under this Plan.

14.5 *WITHHOLDING TAX*. The Company shall deduct from any payment due under the Plan any sums required by federal, state or local tax law to be withheld with respect to such payment.

14.6 *AMENDMENT OR TERMINATION OF THE PLAN*. This Plan may be amended, suspended or revoked at any time, with or without notice, by the Board. However, unless required by law, no change may be made to the Plan that adversely affects an Award due for a completed Performance Cycle or as a result of a Change of Control. Upon amendment, suspension or revocation of the Plan, the Committee may, at its sole discretion, authorize the proration or early distribution, or a combination thereof, of Awards under the Plan.

14.7 *EXTRAORDINARY EVENTS*. If an extraordinary event occurs during any Performance Cycle which significantly alters the basis upon which the relationship between performance and Awards was established, the Committee may, in its sole discretion, make adjustments to the performance measures, weighting of measures, threshold requirements and/or relationship formulas. Events warranting such action may include, but are not limited to, changes in accounting rules or regulations, changes in regulatory rulings affecting the business of the Company, and significant unexpected changes in economic conditions resulting in "windfall" gains.

14.8 *VALIDITY*. In the event that any provision of this Plan is held to be invalid, void or unenforceable, the same shall not effect, in any respect whatsoever, the validity of any other provision of the Plan.

14.9 *EFFECTIVE DATE*. This Plan is effective as of December 1, 1993, and shall remain in effect until terminated by the Board.

14.10 *GOVERNING LAW*. This Plan shall be administered, interpreted and governed under the laws of the State of California.

ADOPTED BY THE BOARD OF DIRECTORS ON APRIL 25, 1994.
