-

## Section 2 Financial Information

### Item 2.04 Triggering Events That Accelerate or Increase a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement.

On June 14, 2006 Oregon Steel Mills, Inc. (the Company) announced that it has elected to redeem all of its outstanding 10% First Mortgage Notes (Notes) due on July 15, 2009, at a price equal to 105% of the principal amount of the Notes being redeemed (Redemption Price), in accordance with the terms of the Indenture and Notes. The principal amount of Notes outstanding to third parties as of June 14, 2006 was approximately \$303 million. The Notes will be redeemed effective July 15, 2006, and interest on the Notes will be paid to that date. In connection with the redemption of the Notes, the Company expects to record a charge of \$21.1 million in the third quarter of 2006. The charge consists of approximately \$15.1 million for the Notes call premium and \$6 million for deferred financing costs related to the original issuance of the Notes.

A Notice of Full Optional Redemption has been mailed to registered holders of the Notes by the trustee for the Notes, U.S. Bank National Association. As a result, the Redemption Price plus all accrued interest will become due and payable on July 15, 2006.

The redemption will be funded by a combination of cash on hand and borrowings under a new 5 year, \$175 million revolving credit facility recently put in place by the Company through General Electric Capital Corporation. A copy of the Company's press release dated June 14, 2006 is attached as Exhibit 99.1 to this report.

## Section 9 Financial Statements and Exhibits

### Item 9.01 Financial Statements and Exhibits.
