PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of LogicVision, Inc., a Delaware corporation (the "Company"), of proxies in the accompanying form to be used at the Annual Meeting of Stockholders of the Company to be held at the Company's executive offices at 25 Metro Drive, Third Floor, San Jose, California, on Thursday, May 17, 2007, at 9:00 a.m. Pacific Daylight Time, and any postponement or adjournment thereof (the "Annual Meeting").

Who Can Vote

Stockholders of record at the close of business on March 30, 2007 (the "Record Date"), are entitled to vote, at the Annual Meeting. As of the close of business on that date, the Company had 24,112,062 shares of common stock, \$0.0001 par value (the "Common Stock"), outstanding. The presence in person or by proxy of the holders of a majority of the Company's outstanding Common Stock constitutes a quorum for the transaction of business at the Annual Meeting. Each holder of Common Stock is entitled to one vote for each share held as of the Record Date.

How You Can Vote

You may vote your shares at the Annual Meeting either in person or by proxy. To vote by proxy, you should mark, date, sign and mail the enclosed proxy in the prepaid envelope. Giving a proxy will not affect your right to vote your shares if you attend the Annual Meeting and want to vote in person. The shares represented by the proxies received in response to this solicitation and not properly revoked will be voted at the Annual Meeting in accordance with the instructions therein. On the matters coming before the Annual Meeting for which a choice has been specified by a stockholder on the proxy card, the shares will be voted accordingly. If you return your proxy, but do not mark your voting preference, the individuals named as proxies will vote your shares **FOR** the election of the five nominees for director listed in this Proxy Statement and **FOR** the ratification of the appointment of the Company's independent registered public accounting firm.

Registered stockholders can simplify their voting and save the Company additional expense by calling (866) 540-5760 or voting via the Internet at <http://www.proxyvoting.com/lgvn>. Telephone and Internet voting information is provided on the proxy card if these options are available to you. Votes submitted via the Internet or by telephone must be received by 11:59 p.m., Eastern Daylight Time, on May 16, 2007. Submitting your proxy via the Internet or by telephone will not affect your right to vote in person should you decide to attend the Annual Meeting.

Revocation of Proxies

Stockholders can revoke their proxies at any time before they are exercised in any of three ways:

by voting in person at the Annual Meeting;

by submitting written notice of revocation to the Secretary of the Company prior to the Annual Meeting; or

by submitting another proxy of a later date that is properly executed.

Other Items of Business

The Company does not expect any other items of business because the deadline for stockholder proposals and nominations has already passed. Nonetheless, in case there is an unforeseen need, the accompanying proxy gives discretionary authority to the persons named on the proxy with respect to any other matters that might be brought before the Annual Meeting. Those persons intend to vote that proxy in accordance with their best judgment.

Required Vote

Directors are elected by a plurality vote. The five nominees for director who receive the most votes cast in their favor will be elected to serve as directors. Any shares not voted will have no impact on the election of directors, except to the extent the withholding of authority to vote for an individual director results in another individual receiving a larger number of votes. The proposal to ratify the appointment of the Company's independent registered public accounting firm requires the affirmative vote of the majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on such proposal. With respect to any proposal except for the election of directors, abstentions are treated as shares present or represented and entitled to vote on that proposal and thus have the same effect as negative votes. If a broker which is the record holder of shares indicates on a proxy that it does not have discretionary authority to vote on a particular proposal as to such shares, or if shares are not voted in other circumstances in which proxy authority is defective or has been withheld with respect to a particular proposal, these non-voted shares will be counted for quorum purposes but are not deemed to be present or represented for purposes of determining whether stockholder approval of that proposal has been obtained.

Solicitation of Proxies

The Company will pay the cost of printing and mailing proxy materials. In addition to the solicitation of proxies by mail, solicitation may be made by directors, officers and other employees of the Company by personal interview, telephone or facsimile. No additional compensation will be paid to such persons for such solicitation. The Company will reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation materials to beneficial owners of the Common Stock.

This Proxy Statement and the accompanying form of proxy are being mailed to stockholders on or about April 16, 2007.

IMPORTANT

Please mark, sign and date the enclosed proxy and return it at your earliest convenience in the enclosed postage-prepaid return envelope, or submit your proxy via the Internet or telephone, so that, whether you intend to be present at the Annual Meeting or not, your shares can be voted. This will not limit your rights to attend or vote at the Annual Meeting.

All of the nominees are currently members of the Board standing for re-election as directors.

Board Meetings

The Board of Directors held nine meetings during the year ended December 31, 2006. All directors attended at least 75% of the aggregate number of meetings of the Board of Directors and of the committees on which such directors served during his tenure in 2006. In 2006, four of the six directors then serving on the Board attended the annual meeting of stockholders.

Board Committees

The Board of Directors has appointed a Compensation Committee, an Audit Committee and a Nominating and Corporate Governance Committee. The Board has determined that each director who serves on these committees is independent, as that term is defined by applicable listing standards of The NASDAQ Stock Market and SEC rules. The Board has approved a charter for each of these committees that can be found on the Company's website at <http://www.logicvision.com/Corporate/Governance/Governance.shtml>.

Number of Meetings in 2006: One

Functions: The Nominating and Corporate Governance Committee's primary functions are to identify qualified individuals to become members of the Board of Directors and determine the composition of the Board and its committees. Other specific duties and responsibilities are to recommend nominees to fill vacancies on the Board, investigate suggestions for candidates for membership on the Board, and monitor compliance with Board and Board committee membership criteria.

Director Nominations

The Board of Directors nominates directors for election at each annual meeting of stockholders and elects new directors to fill vacancies when they arise. The Nominating and Corporate Governance Committee has the responsibility to identify, evaluate, recruit and recommend qualified candidates to the Board of Directors for nomination or election.

The Board of Directors has as an objective that its membership be composed of experienced and dedicated individuals with diversity of backgrounds, perspectives and skills. The Nominating and Governance Committee will select candidates for director based on their character, judgment, diversity of experience, business acumen, and ability to act on behalf of all stockholders. The Nominating and Corporate Governance Committee believes that nominees for director should have experience, such as experience in management or accounting and finance, or industry and technology knowledge, that may be useful to the Company and the Board, high personal and professional ethics, and the willingness and ability to devote sufficient time to effectively carry out his or her duties as a director. The Nominating and Corporate Governance Committee believes it appropriate for at least one, and, preferably, multiple members of the Board to meet the criteria for an audit committee financial expert as defined by SEC rules, and for a majority of the members of the Board to meet the definition of independent director under the rules of The NASDAQ Stock Market. The Nominating and Corporate Governance Committee also believes it appropriate for certain key members of the Company's management to participate as members of the Board.

Prior to each annual meeting of stockholders, the Nominating and Corporate Governance Committee identifies nominees first by evaluating the current directors whose term will expire at the annual meeting and who are willing to continue in service. These candidates are evaluated based on the criteria described above, including as demonstrated by the candidate's prior service as a director, and the needs of the Board with respect to the particular talents and experience of its directors. In the event that a director does not wish to continue in service, the Nominating and Corporate Governance Committee determines not to re-nominate the Director, or a vacancy is created on the Board as a result of a resignation, an increase in the size of the board or other event, the Committee will consider various candidates for Board membership, including those suggested by the Committee members, by other Board members, by any executive search firm engaged by the Committee and by stockholders. The Committee recommended all of the nominees for election included in this Proxy Statement. All of the nominees are members of the Board standing for re-election as directors.

A stockholder who wishes to suggest a prospective nominee for the Board should notify the Secretary of the Company or any member of the Committee in writing with any supporting material the stockholder considers appropriate. In addition, the Company's Bylaws contain provisions that address the process by which a stockholder may nominate an individual to stand for election to the Board of Directors at the Company's Annual Meeting of Stockholders. In order to nominate a candidate for director, a stockholder must give timely notice in writing to the Secretary of the Company and otherwise comply with the provisions of the Company's Bylaws. To be timely, the Company's Bylaws provide that the Company must have received the stockholder's notice not less than 60 days nor more than 90 days prior to the scheduled date of the meeting. However, if notice or prior public disclosure of the date of the annual meeting is given or made to stockholders less than 75 days prior to the meeting date, the Company must receive the stockholder's notice by the earlier of (i) the close of business on the 15th day after the earlier of the day the Company mailed notice of the annual meeting date or provided public disclosure of the meeting date and (ii) two days prior to the scheduled date of the annual meeting. Information required by the Bylaws to be in the notice includes the name and contact information for the candidate and the person making the nomination and other information about the nominee that must be disclosed in proxy solicitations under Section 14 of the Securities Exchange Act of 1934 and the related rules and regulations under that Section.

Stockholder nominations must be made in accordance with the procedures outlined in, and include the information required by, the Company's Bylaws and must be addressed to: Secretary, LogicVision, Inc., 25 Metro Drive, Third Floor, San Jose, California 95110. You can obtain a copy of the Company's Bylaws by writing to the Secretary at this address.

Stockholder Communications with the Board of Directors

If you wish to communicate with the Board of Directors, you may send your communication in writing to: Secretary, LogicVision, Inc., 25 Metro Drive, Third Floor, San Jose, California 95110. You must include your name and address in the written communication and indicate whether you are a stockholder of the Company. The Secretary will review any communication received from a stockholder, and all material communications from stockholders will be forwarded to the appropriate director or directors or committee of the Board based on the subject matter.

Certain Relationships and Related Transactions

It is the Company's policy that all employees, officers and directors must avoid any activity that is or has the appearance of conflicting with the interests of the Company. This policy is included in the Company's Code of Business Conduct. The Company conducts a review of all related party transactions for potential conflict of interest situations on an ongoing basis and all such transactions involving executive officers or directors must be approved by the Company's Audit Committee or another independent body of the Board of Directors.

On June 27, 2006, certain holders of rights to contingent future cash payments issued in connection with the Company's acquisition of SiVerion, Inc. in 2004, including Valley Ventures II, L.P. and Valley Ventures III, L.P., exchanged their rights to the contingent future cash payments for shares of Common Stock. Valley Ventures II, L.P. and Valley Ventures III, L.P. exchanged their rights to contingent future cash payments for 317,300 and 524,431 shares of Common Stock, respectively. The rights to the contingent future cash payments exchanged for Common Stock by Valley Ventures II, L.P. and Valley Ventures III, L.P. would have related to the payment by the Company of approximately \$1.46 million in the aggregate. Mr. Adkin is a managing member of VV II Management, L.L.C., the general partner of Valley Ventures II, L.P. and a managing member of VV III Management, L.L.C., the general partner of Valley Ventures III, L.P. Mr. Adkin is also a limited partner of Valley Ventures II, L.P. and Valley Ventures III, L.P. Mr. Adkin's equity interest in Valley Ventures II, L.P. and Valley Ventures III, L.P. is less than 1% in the aggregate.

Compensation of Directors

The Company's non-employee directors each receive a cash retainer of \$10,000 per year, payable in equal quarterly installments. The Chairman of the Board receives an additional cash retainer of \$10,000 per year, payable in equal quarterly installments. The Chair of the Audit Committee receives an additional cash retainer of \$5,000 per year, payable in equal quarterly installments, and the Chairs of the other Committees of the Board of Directors receive an additional cash retainer of \$2,000 per year, payable in equal quarterly installments. In addition, the Company reimburses directors for reasonable expenses in connection with attendance at meetings of the Board of Directors and committee meetings. Directors who are employees of the Company do not receive any cash compensation for their services as directors.

In addition to cash compensation for services as a member of the Board, under the Company's 2000 Stock Incentive Plan, directors who are not employees also receive an initial grant of an option to purchase 20,000 shares of Common Stock at the fair market value of the Common Stock on the date of grant, which vests in two equal annual installments on each of the first two anniversaries of the date of grant, or, if earlier, immediately prior to the next two regular annual meetings of the Company's stockholders following the date of grant. On the first business day following each regular annual meeting of the Company's stockholders after appointment or election to the Board, each non-employee director receives an option to purchase 10,000 shares of Common Stock at the fair market value of the Common Stock on the date of grant, which vests in full on the first anniversary of the date of grant, or if earlier, immediately prior to the next regular annual meeting of the Company's stockholders following the date of grant. Each non-employee director who is not initially elected at a regular annual meeting of stockholders receives an option to purchase a pro rata portion of 10,000 shares based on the number of full months remaining from the date of election until the next regular annual meeting, which vests in full immediately prior to the next regular annual meeting of the Company's stockholders following the date of grant. Each director option that has been outstanding at least six months will vest in full upon a change in control.

The table below shows the compensation paid to each non-employee director for their service in 2006.

2006 Director Compensation

- (1) Richard C. Black resigned from the Board of Directors effective February 16, 2007.
- (2) Amounts listed in this column represent the compensation expense of option awards recognized by the Company under Statement of Financial Accounting Standards No. 123 (revised 2004) (FAS 123R) for the 2006 fiscal year, rather than amounts paid to or realized by a named individual, and includes expense recognized for awards granted prior to 2006. Please refer to Note 9 to our consolidated financial statements in our 2006 Annual Report on Form 10-K for the underlying assumptions for this expense. There can be no assurance the options will be exercised (in which case no value will be realized by the individual) or that the value on exercise will approximate the compensation expense recognized by the Company. The grant date fair value of the options granted to each non-employee director during 2006 was \$10,326.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Philosophy and Objectives

We believe that compensation of our executive officers should encourage creation of stockholder value and achievement of strategic corporate objectives, attract and retain qualified, skilled and dedicated executives on a long-term basis, reward past performance and provide incentives for future performance. Our philosophy is to align the interests of our stockholders and management by integrating compensation with our annual and long-term corporate and financial objectives, including through equity ownership by management. In order to attract and retain qualified personnel, we strive to offer a total compensation package competitive with companies in the semiconductor test and design industries, taking into account relative company size, performance and geographic location as well as individual responsibilities and performance.

In setting the level of cash and equity compensation for our executive officers, the Compensation Committee of our Board of Directors and the independent members of our Board consider various factors, including our performance and the performance of the individual executive during the year, the uniqueness and relative importance of the executive's skill set to us, the scope of the executive's responsibilities, the executive's expected future contributions to us, and our compensation philosophy for all employees. While the Compensation Committee and independent members of the Board did not use market benchmarks to determine executive compensation for 2006, the Compensation Committee considered market information and the base salaries and other incentives paid to executive officers of other similarly sized companies within our industry. When establishing each element of an executive officer's compensation, the Compensation Committee and independent members of the Board also take into consideration the executive's historical cash and equity compensation, level of equity ownership, and total current and potential compensation.

We do not have a stock ownership or stock retention policy that requires executive officers to own stock in the Company or retain options they exercise.

We generally intend to qualify executive compensation for deductibility without limitation under section 162(m) of the Internal Revenue Code. Section 162(m) provides that, for purposes of the regular income tax and the alternative minimum tax, the otherwise allowable deduction for compensation paid or accrued with respect to a covered employee of a publicly-held corporation (other than certain exempt performance-based compensation) is limited to no more than \$1 million per year. None of the non-exempt compensation we paid to any of our executive officers for 2006 as calculated for purposes of section 162(m) exceeded the \$1 million limit.

Key Elements of Executive Compensation

Our executive officers' compensation currently includes three primary components: base salary, cash bonus, and equity-based incentive awards. In addition, we provide our executive officers a variety of benefits that are available generally to all salaried employees.

Base Salary. Base salaries are designed to attract and retain qualified personnel by providing a consistent cash flow throughout the year as compensation for acceptable levels of performance of day-to-day responsibilities. Base salaries for our executive officers are established based on the scope of their responsibilities, their performance, and their prior relevant background, training and experience, taking into account overall market demand for those executive officers. Our Compensation Committee reviews base salaries for executive officers on an annual basis, considering recommendations by the Chief Executive Officer for executive officers other than the Chief Executive Officer, and may recommend adjustments from time to time to recognize promotions or outstanding individual performance. The Compensation Committee makes recommendations to the independent members of the Board of Directors regarding the salary level of each executive officer on a case by case basis, taking into account the individual's level of responsibilities and performance. The Compensation Committee also considers market information and the base salaries and other incentives paid to executive officers of other similarly sized companies within our industry. However, the Compensation Committee does not limit its decisions to any particular range or level of total compensation paid to executive officers at these companies. The Chief Executive Officer is involved in the decisions on base salary adjustments for executives other than the Chief Executive Officer.

Annual Bonus. We believe that a portion of executive officer compensation should be contingent upon our performance and an individual's contribution to our success in meeting corporate and financial objectives. In February 2006, the independent members of the Board of Directors, taking into account the recommendation of the Compensation Committee, approved a cash bonus plan for the 2006 fiscal year, which was based upon both qualitative and quantitative goals. Under the plan, bonuses to executive officers were based upon the achievement of specified targets relating to net income/net loss, bookings, revenues and net cash flow. Achievement of the target objectives for any one of the four components would, subject to approval by the independent members of the Board, have resulted in payment of 25% of the target bonus. However, executive officers would not have been eligible to receive the portions of bonuses relating to the net income/net loss and net cash flow components unless we met or exceeded the respective target performance goals, and would not have been eligible to receive any bonuses if we did not meet or exceed the target performance goals for the net income/net loss component. None of the executive officers received a bonus for the fiscal 2006 year under the plan.

Equity-Based Compensation. Our Compensation Committee administers our 2000 Stock Incentive Plan for executive officers, employees, consultants and outside directors, under which it grants options to purchase our Common Stock with an exercise price equal to the fair market value of a share of our Common Stock on the date of grant. We believe that providing executive officers who have responsibility for our management and growth with an opportunity to increase their ownership of our stock aligns the interests of our executive officers with those of our stockholders. Accordingly, the Compensation Committee when annually reviewing executive officer compensation also considers providing incentives in the form of stock option grants as appropriate.

At its discretion, from time to time the Compensation Committee may also grant options based on individual and corporate achievements. The Compensation Committee determines, with the concurrence of the independent members of our Board, the number of shares underlying each stock option grant based upon the executive officer's performance and our performance, the executive officer's role and responsibilities within our company, the executive officer's base salary and comparison with comparable awards to individuals in similar positions in the industry.

On March 8, 2007, we completed an exchange offer with our eligible employees, including our executive officers, to exchange some or all of their outstanding stock options to purchase Common Stock that had with an exercise price greater than \$1.48 per share for replacement options. Each of our executive officers exchanged all of their eligible options for replacement options. The exchange ratio applicable to our executive officers was one-for-1.25. The exercise price per share of each replacement option granted was \$1.00 and each replacement option has a one-year vesting period, one-half of which will vest on the date that is six months after the replacement option's issuance date and the remainder vesting in equal monthly installments over the next six months.

Our employees generally are able to participate in our 2000 Employee Stock Purchase Plan. Under the Employee Stock Purchase Plan, each executive officer may purchase up to 2,500 shares of the our Common Stock in a six-month period at a discount to the market price. The number of shares that may be purchased by each participant is limited by applicable tax laws.

Other Compensation. All of our full-time employees, including our executive officers, may participate in our health programs, such as medical, dental and vision care coverage, and our 401(k) and life and disability insurance programs.

Please refer to Note 9 to our consolidated financial statements in our 2006 Annual Report on Form 10-K for the underlying assumptions for this expense. There can be no assurance the options will be exercised (in which case no value will be realized by the individual) or that the value on exercise will approximate the compensation expense recognized by the Company.

- (1) The target incentive amounts shown in this column reflect our annual incentive plan awards originally provided under our cash bonus plan for 2006 and represent the pre-established target awards for the 2006 fiscal year, with the potential for actual awards under the plan to be less than such funding target depending upon corporate performance. Actual award amounts were not guaranteed and are determined at the discretion of the Board of Directors, which may consider an individual's performance during the period. For additional information, please refer to the Compensation Discussion and Analysis section. No cash bonus plan payouts were paid for 2006.
- (2) The threshold illustrates the smallest payout that can be made if all of the pre-established performance objectives are achieved at the minimum achievement level; actual awards may be less than this amount and are at the discretion of the Board of Directors. The target is the payout if the pre-established performance objectives have been achieved at the target achievement level. Payouts may not exceed the target. No payouts were made for 2006.

Salary

The annual salaries of the named executive officers are reflected under the Salary column of the Summary Compensation Table. The Compensation Committee reviews salaries on an annual basis, and may recommend to the independent members of the Board of Directors adjustments to each executive officer's salary from time to time based on the individual's contributions and responsibilities on a case-by-case basis. Salary compensation is discussed in greater detail under the heading Compensation Discussion and Analysis.

Incentive Compensation

None of the named executive officers received a bonus for the 2006 fiscal year under the Company's cash bonus plan. The plan established cash incentive awards for certain of the named executive officers for 2006, which was based upon both qualitative and quantitative goals. The range of the 2006 awards at the time of establishment of the plan is set forth under the Estimated Future Payouts Under Non-Equity Incentive Plan Awards columns to the Grants of Plan-Based Awards Table with respect to those named executive officers who were eligible for awards under the plan. The Company's cash bonus plan is described in greater detail under the heading Compensation Discussion and Analysis.

Stock Option Awards

In 2006, all named executive officers received grants of options to purchase Common Stock. The numbers and grant date fair values of these awards under FAS 123R are set forth in the Grant of Plan-Based Awards Table. The exercise price was the fair market value of the Company's Common Stock on the grant date. Although these awards will generally vest and become exercisable over a four-year period, the amounts disclosed in the Option Awards column of the Summary Compensation Table attributable to the 2006 awards reflect the portion of these awards expensed by the Company in the 2006 fiscal year under FAS 123R. The balance of the amount set forth in the Option Awards column is attributable to the amounts expensed by the Company in the 2006 fiscal year for outstanding stock option awards from previous years under FAS 123R.

The amounts, if any, actually realized by the named executive officers for the 2006 awards will vary depending on the vesting of the award and the price of the Company's Common Stock in relation to the exercise price at the time of exercise. Detail regarding the number of exercisable and unexercisable options held by each named executive officer at year-end is set forth in the Outstanding Equity Awards at Fiscal Year-End Table below.

On March 8, 2007, the Company completed an exchange offer with its eligible employees, including its executive officers, to exchange some or all of their outstanding stock options to purchase Common Stock with an exercise price greater than \$1.48 per share for replacement options. Each of our executive officers exchanged all of their eligible options for replacement options. The exchange ratio applicable to our executive officers was one-for-1.25. The exercise price per share of each replacement option granted was \$1.00 and each replacement option has a one-year vesting period, one-half of which will vest on the date that is six months after the replacement option's issuance date and the remainder vesting in equal monthly installments over the next six months.

Employment Contracts, Termination of Employment and Change-in-Control Arrangements

In 2003, the Compensation Committee recommended, and the Board of Directors approved, the amendment of the outstanding stock option agreements then in effect and the form of stock option agreement used under the Company's 2000 Stock Incentive Plan to provide for acceleration of vesting in full in certain circumstances following a change in control of the Company. Because the amendment applied to all outstanding stock option agreements and the form of stock option agreement, the provision regarding acceleration of vesting applies to options that are held by, or may be issued to, the named executive officers.

In February 2006, the Company entered into Change of Control Severance Agreements with each of James T. Healy, Bruce M. Jaffe, and Ronald H. Mabry. In November 2006, the Company entered into similar agreements with Farhad Hayat and Fadi Maamari. These agreements were approved by the independent members of the Board. Each agreement provides that in the event of an involuntary termination of the executive within three months before or twelve months after a change of control of the Company, he will be entitled to (i) a cash payment equal to 150% of his annual base salary as of the termination date, (ii) a cash payment equal to 150% of his target bonus and target commission for the year in which he is terminated, (iii) the immediate acceleration of vesting and exercisability of his outstanding options to acquire the Company's Common Stock and (iv) reimbursement of his and his eligible dependents' health insurance premiums for up to twelve months from the date of termination. Each of the executives has agreed not to solicit employees of the Company for a period of 18 months following any termination of employment giving rise to severance payments, and not to compete with the Company for the period during which they receive severance payments. If, however, a change of control occurs and the consideration per share of Company Common Stock as a result of the change of control is less than \$1.32, then the percentages relating to cash payments will be reduced to 50% and the non-solicitation period will be reduced to six months. Under these agreements, a change of control includes a merger or consolidation involving the Company in which the Company's stockholders immediately prior to such merger or consolidation own 50% or less of the voting power of the surviving entity's voting securities, sale of all or substantially all of the Company's assets, the approval by the Company's stockholders of a plan of complete liquidation or dissolution, and the acquisition by a person or related group of persons of 50% or more of the voting power of the Company's voting securities.

Potential Payments Upon Termination in Connection with a Change in Control

The following table describes the potential payments and benefits to which the named executive officers would be entitled upon termination of employment in connection with a change in control (except in the case of termination for cause of a named executive officer), in each case assuming the employment of the named executive officer was terminated on December 29, 2006 and the consideration per share of Common Stock was equal to the closing price of our Common Stock on December 29, 2006.

Termination	Cash Payment (\$)	Medical/Insurance Benefits (\$)	Acceleration of Equity Awards \$(1)	Total (\$)

Farhad Hayat	112,500	5,423	0	117,923
Fadi Maamari	89,654	5,258	1,050	95,962

- (1) Represents the amount by which the closing price of our common stock on December 29, 2006 exceeded the exercise price for equity awards for which vesting accelerated as result of termination of employment.

Stock Options

The following tables set forth certain information with respect to stock options granted to and exercised by the individuals named in the Summary Compensation Table during the fiscal year ended December 31, 2006, and the number and value of the options held by each individual as of December 31, 2006. The exercise prices are equal to 100% of the fair market value of the Company's Common Stock on the date of grant.

Each replacement option has an expiration term of ten years. Options that did not have an exercise price greater than \$1.48 per share were not eligible for exchange, and such options vest as to 25% of the shares on the first anniversary of the grant date, with the remaining shares vesting ratably each six-month period thereafter over the following three years.
