- (1) This line item reports the balance of shares in the Profit Sharing Trust after covering certain administrative costs of the Trustee as of the plan statement date of January 31, 2015.
- (2) Report of fiscal year-end holdings only.
- (3) Vested 20% per year over a five year period beginning one year from August 26, 2009, the date of grant.
The Stock Appreciation Right ("SAR") entitles the reporting person, upon exercise, to the number of common shares with a fair market value on the exercise date equal to (i) the excess of the fair market value of a common share on the exercise date over the base price of \$32.80, times (ii) the number of SAR shares exercised.
- (5) The SAR vests 50% on September 8, 2013, an additional 25% on September 8, 2014 and the remaining 25% on September 8, 2015.
- (6) Each Performance Based Restricted Stock Unit ("PSU") represents a contingent right to receive one of the issuer's common shares.
The PSUs are eligible to vest on April 1, 2015, contingent on the continued employment of the reporting person through such date and the satisfaction of certain performance measures relating to the issuer's compounded annual growth rate for operating profit for the fiscal years 2012, 2013, 2014, and 2015, as well as the average closing price of the issuer's common shares during fiscal year 2015.
The PSUs are eligible to vest on August 16, 2016, contingent on the continued employment of the reporting person through such date and the satisfaction of the requirement that the average closing price of the issuer's common shares be at least \$35.00 during the six month period before the vesting date; provided, however, that the number of PSUs that vest is limited to the number of PSUs multiplied by five times the fair market value ("FMV") of the issuer's common shares on the grant date, divided by the FMV of the issuer's common shares on the day before the applicable vesting date. This limitation caps the FMV of the award at five times the FMV of the award on the grant date.
- (8) The PSUs are eligible to vest on April 1, 2015, contingent on the continued employment of the reporting person through such date and the satisfaction of certain performance measures relating to the issuer's compounded annual growth rate for operating profit for the fiscal years 2014 and 2015, as well as on the average closing price of the issuer's common shares being greater than the grant date price; provided, however, that the number of PSUs that vest is limited to the number of PSUs multiplied by five times the fair market value ("FMV") of the issuer's common shares on the grant date, divided by the FMV of the issuer's common shares on the day before the applicable vesting date. This limitation caps the FMV of the award at five times the FMV of the award on the grant date.
- (9) The SAR entitles the reporting person, upon exercise, to the number of common shares with a fair market value on the exercise date equal to: (i) the excess of a common share's fair market value on the date of exercise over its fair market value on the date of grant, times (ii) the number of SAR shares exercised; provided, however, that the number of common shares is limited to the number of SARs multiplied by five times the fair market value of the issuer's common shares on the grant date, divided by the fair market value of the issuer's common shares on the day before the applicable vesting date. This limitation caps the fair market value of the award at five times the fair market value of the award on the grant date.
- (10) The SAR entitles the reporting person, upon exercise, to the number of common shares with a fair market value on the exercise date equal to: (i) the excess of a common share's fair market value on the date of exercise over its fair market value on the date of grant, times (ii) the number of SAR shares exercised; provided, however, that the number of common shares is limited to the number of SARs multiplied by five times the fair market value of the issuer's common shares on the grant date, divided by the fair market value of the issuer's common shares on the day before the applicable vesting date. This limitation caps the fair market value of the award at five times the fair market value of the award on the grant date.
- (11) The SAR vests 33.33% on May 22, 2015, 33.33% on May 22, 2016, and 33.34% on May 22, 2017, contingent on the continued employment of the reporting person through such dates.

Edgar Filing: URBAN OUTFITTERS INC - Form 5

- (12) The footnote disclosure regarding the grant of PSUs differs from the disclosure in the reporting person's Form 4 filed on August 29, 2013 due to a typographical error in the prior filing.

- (13) The PSUs are eligible to vest on August 27, 2018, contingent on the continued employment of the reporting person through such date and the satisfaction of certain performance measures relating to the issuer's compounded annual growth rate for operating profit for the fiscal years 2015, 2016, 2017 and 2018, as well as on the average closing price of the issuer's common shares being greater than the grant date price; provided, however, that the number of PSUs that vest is limited to the number of PSUs multiplied by three times the fair market value ("FMV") of the issuer's common shares on the grant date, divided by the FMV of the issuer's common shares on the day before the applicable vesting date. The limitation caps the FMV of the award at three times the FMV of the award on the grant date.

- (14) One-third of the total number of PSUs are eligible to vest on each of August 26, 2017, 2018 and 2019, contingent on the continued employment of the reporting person through such date, the satisfaction of certain performance measures relating to the issuer's compounded annual growth rate for operating profit for the fiscal years 2016, 2017, 2018 and 2019, and the satisfaction of the requirement that the average closing price of the issuer's common shares be at least equal to the grant date price during the six month period before the applicable vesting date; provided, however, that on the three vesting dates, the number of PSUs that vest is limited to the number of PSUs multiplied by three times the fair market value ("FMV") of the issuer's common shares on the grant date, divided by the FMV of the issuer's common shares on the day before the applicable vesting date. This limitation caps the FMV of the award at three times the FMV of the award on the grant date.
