Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers

(b) On February 4, 2015, Michael Krupka, a director of Vonage Holdings Corp. (the “Company”) since 2007, notified the Company that he has decided to leave the Board of Directors, effective at the close of business on the day after the filing of the Company’s Annual Report on Form 10-K for the 2014 fiscal year. Mr. Krupka’s decision to resign did not result from any disagreement with the Company.

The Company also announced that John Roberts, a director of the Company since 2004, has been named Lead Independent Director of the Board, a position that had been held by Mr. Krupka since 2010.

In addition, on February 4, 2015, Morton David, a director of the Company since 2001, notified the Company that he has decided not to stand for re-election at the 2015 Annual Meeting of Shareholders. Mr. David’s decision not to stand for re-election did not result from any disagreement with the Company

The Company thanks Mr. Krupka and Mr. David for their many years of leadership on the Board and valuable contributions to the Company.

(e) 2015 Bonus Metrics and Weightings

On February 4, 2015, the Compensation Committee (the “Committee”) of the Board of Directors (the “Board”) of Vonage Holdings Corp. (the “Company”) unanimously approved metrics and weightings with respect to annual bonuses for 2015 that will be payable, if and to the extent earned, in 2016. The purpose of the Company’s annual bonuses is to (i) promote the interests of the Company and its stockholders by incentivizing employees to achieve specified business objectives, (ii) foster a culture of innovation and collaboration to align efforts across the business, and (iii) enable the Company to attract and retain skilled employees by providing attractive compensation opportunities linked to performance results.

When determining the annual bonuses of the Company’s executive officers and other bonus-eligible employees, the Committee will take into account achievement of the objective performance criteria as described below and other factors relating to the executive’s individual performance. The measures and weighting of those measures initially approved for 2015, are as follows:

Metrics	Weighting
Consumer Total Revenue (1)	25% of target bonus
Business Total Revenue (2)	25% of target bonus
Adjusted EBITDA (3)	30% of target bonus
Churn - Consumer (4)	10% of target bonus
Churn - Business (5)	10% of target bonus

(1) Consumer Total Revenue includes revenues from Vonage’s consumer telephony business, including all United States and Canada business, U.K., and BasicTalk service offerings.

(2) Total Business Revenue includes revenues from Vonage Business Solutions and Telesphere Networks, Ltd.

(3) Adjusted EBITDA is GAAP income (loss) from operations excluding certain items including depreciation and amortization, share-based expense, and net loss attributable to non-controlling interest.

(4) Churn - Consumer relates to the number of customers that terminate during the year divided by the simple average number of customers during the year, and dividing the result by twelve. The simple average number of customers is the number of customers on the first day of the year plus the number of customers on the last day of the year, divided by two.

(5) Churn - Business relates to recurring revenue lost from customers that churn during the year divided by average recurring revenue for the year.

For each metric, there is (i) a minimum level of performance that would result in a payment equal to 50% of the weighted target bonus for the metric (and below which no payment would result), (ii) a target level of performance that would result in a payment equal to 100% of the weighted target bonus for the metric, and (iii) an outstanding level of performance that would result in a payment equal to 175% of the weighted target bonus for the metric.

The Committee has implemented certain limitations on the bonus payment in order to reflect the Company's focus on revenue growth. Regardless of performance against any of the bonus metrics, no payments above 90% of the target bonus will be made unless a target level of performance for the Consumer Total Revenue metric is met.

Notwithstanding the foregoing, the Committee retains the discretion to adjust the amount of any bonus to be paid, regardless of whether or the extent to which any of the objective criteria are achieved, to change the metrics and weightings, and to add additional metrics specific to functions. Additional information with respect to the compensation arrangements for the Company's executive officers, including salary increases, annual bonus awards, and equity grants will be set forth in the Company's Proxy Statement for its 2015 Annual Meeting of Stockholders.
