### **Resolutions**

Initially, the Board of Directors resolved, by unanimous decision, that these minutes of the Board of Directors Meeting be drafted in the summarized form, in compliance with the Law. The presentation of protests and manifestations are optional and shall be received by the Meeting's Board and filed at the Company's headquarters.

Subsequently, the President declared to have received the Minutes of Invitel S.A.'s Previous Shareholders Meeting, held on March 24, 2005 (Doc. 01), and the Minutes of Brasil Telecom Participações S.A.'s Previous Shareholders Meeting, held on March 24, 2006 (Doc. 02), which contain vote instructions to be followed in this conclave by the Company's Board of Directors members appointed by Invitel, being stressed that the Board of Directors members will be allowed to freely express themselves regarding items 1 and 2 of the Day's Agenda.

Proceeding to the resolutions on the Day's Agenda, the President proposed that items 1 and 2 of this Meeting's Agenda were analyzed together, since they are inherently related.

Following, the Senior Management presented the Financial Statements and the Management Report, associated to the fiscal year ended on December 31<sup>st</sup>, 2005, clarifying the Board of Directors members doubts and queries.

Regarding the Senior Management's accounts, the current officers clarified, among others, the results obtained in connection with the investigation on the management acts of the Company's former management, appointed by the Opportunity Group.

Along with the Board of Directors members were discussed the complaints filed at the Brazilian Securities and Exchange Commission (*Comissão de Valores Mobiliários* - CVM) on December 12, 2005 and March 21, 2006, regarding the management's acts undertaken between January 1<sup>st</sup> and September 30<sup>th</sup>, 2005, as well as previous fiscal years, the highlights of the exposition, without harm to other acts undertaken and other facts which occurred in that period, having been the following cases: (i) Telecom Capital Fund, which involves companies under Opportunity's group control and the acquisition of shares issued by Telpart Participações S.A., a company which controls Telemig Celular S.A. and Amazônia Celular S.A.; (ii) Kroll, through which the Company hired investigation services for purposes contrary to the Company's best interests; and (iii) expenses incurred by the Company in connection with legal fees.

The Senior Management also commented on the legal actions taken so far by the Company in order to seek reparation for the losses caused by the former management, as well as the arbitration recently initiated against TIM International N.V. and TIM Brasil e Serviços e Participações S.A., subject-matter of a material fact disclosed on March 16, 2006.

Following, the Senior Management ratified the terms of its Proposal, previously submitted to the Board of Directors Members, in which it recommends that its members recommend to the Shareholders Meeting that:

---

In Ordinary General Shareholders Meeting

- (1) Rejects the Senior Management's accounts regarding the period between January 1<sup>st</sup> and September 30<sup>th</sup>, 2005, thus reaching all the acts of the former management, and approves the accounts of the new management regarding the remaining part of 2005;
- (2) Approves the Financial Statements and the Management Report regarding the fiscal year ended on December 31<sup>st</sup>, 2005;
- (3) Authorizes the Company to file civil responsibility lawsuits that are applicable against its former management, associated to the acts and facts reported to the regulatory body, which happened during 2005.

In Extraordinary Shareholders General Meeting:

- (1) Authorizes the Company to file the civil responsibility lawsuits that are applicable against its former management, associated to the acts and facts reported to the regulatory body, which happened before 2005.

Once the Senior Management's explanations regarding items 1 and 2 of the Day's Agenda was completed, the President of the Board put the referred matters to the vote. Regarding item 1 of the day's agenda, it was approved by the unanimity of the votes cast, the Management Report, the Senior Management's Accounts and BTP's Financial Statements, all of which related to the fiscal year ended on December 31<sup>st</sup>, 2005, with reservations to the management acts of the former management, as indicated below.

Following, the Board of Directors' member who were present registered their absolute displeasure and surprise regarding the former management's acts associated to the Opportunity Group, exposed by the Company to CVM and stressed during the presentation made by the Senior Management to the Board of Directors. The abovementioned Board of Directors' Members acknowledged the efforts of the current Senior Management which, in a few months, was able to conduct investigations and take actions to defend and preserve the Company's rights, regarding the former management which under the leadership and guidance of the Opportunity Group ruled the Company for approximately seven (7) years.

Still regarding to item 1 of the Day's Agenda, the Board of Directors' members expressed their disapproval for the management acts practiced by the former management, specially regarding the actions undertaken by the former management between January 1<sup>st</sup> and September 30<sup>th</sup>, 2005. In light of the foregoing, the referred Board of Directors' members decided, when analyzing the management's accounts, once again highlight the merit of the current Senior Management, fully approving its accounts, expressing, however, the most incisive reservation regarding the period between January 1<sup>st</sup> and September 30<sup>th</sup>, 2005. Thus, the majority of this collegiate, represented by the members indicated above, expressed itself in the sense that the reservation and rejection of the acts of the Company's former management, regarding the period between January 1<sup>st</sup> and September 30<sup>th</sup>, 2005, represents the exclusion of any presumption of legitimacy or legality of such acts, therefore the Company's rights to seek the recovery of the losses incurred as a result of the acts practiced during that period are hereby preserved.

Accordingly, the Board of Directors decided to recommend to the General Shareholders' Meeting that it fully approves the Company's current Management's Accounts, with no reservation regarding the period initiated on October 1<sup>st</sup> and ended on December 31<sup>st</sup>, 2005.

---

However, a reservation is made regarding the Company's former management's acts undertaken between January<sup>st</sup> 1 and September 30<sup>th</sup>, 2005, in order to exclude any presumption of legitimacy or legality of the acts undertaken by the former management and thereby protect the Company's rights to take any action against the former management.

Regarding item 2 of the Day's Agenda, in compliance with article 158 of Law 6,404/76 and the facts indicated in the presentation made during this meeting by BT's Senior Management, it was approved by the unanimity of the Board of Directors' members that the Senior Management's proposal and recommendation to file civil responsibility lawsuit against the former management be submitted to the General Shareholders' Meeting, with such recommendation being detailed below.

The Board of Directors' members expressed their opinion that the facts highlighted in the presentation made by the Senior Management justify the submission of BT's Senior Management's Proposal to the Company's shareholders to take all necessary legal action against the former management. Additionally, the Board's manifestation was approved, and shall be presented to the Company's shareholders, in the sense of recommending the approval, by the General Shareholders' Meeting, of the proposal to take any applicable legal action against the former management involved in illicit acts identified by the Company, for the damages caused to BTP as a result of the acts and facts highlighted in the presentation made to this Board by the Senior Management, without harm to the Senior Management's right to present to this Board and/or the General Shareholders' Meeting other claims against the former management which are necessary for the preservation of the Company's best interests. It is hereby understood that this resolution does not preclude the management's right and duties to submit to the Company's General Shareholders' Meeting, other offenses practiced by the former management which may be identified and submitted to assessment of damages and losses in court, or to imposition of liability, in compliance with the applicable legislation.

Proceeding to the resolution on item 3 of the Day's Agenda, it was approved by the unanimity of the Board of Directors' members who were present, the Proposal for Destination of Net Income (Loss) and the Proposal for BTP's Distribution of Dividends, regarding the fiscal year ended on December 31<sup>st</sup> 2005, associated to the proposals and material presented to this Board. The Board of Directors' members also recommended the approval of the aforementioned documents in the Ordinary General Shareholders' Meeting.

Following, the President put to the vote item 4 of the Day's Agenda, the proposal of the global amount for the compensation of BTP's management's, to be submitted to the General Shareholders' Meeting, which was approved by the unanimity of the Board of Directors' members who were present.

Regarding item 5 of the Day's Agenda, it was approved by the unanimity of the Board of Directors' members, the Senior Management's proposal regarding Brasil Telecom S.A.'s fund raising plan, assured by BTP, which is filed at the Company's headquarters. The Board of Directors' members authorized the Senior Management to take all the necessary actions for the implementation of the referred assurance.

Regarding item 6 of the Day's Agenda, the unanimity of the Board of Directors' members approved the Senior Management's proposal associated with the Company's new Financial Investments Policy.

---
