Indicate by check mark whether the registrant by furnishing the information contained in this Form is also thereby furnishing the information to the Commission pursuant to Rule 12g3-2(b) under the Securities Exchange Act of 1934.

Yes No

Increasing the Supply of Natural Gas

(Rio de Janeiro, May 18, 2006). PETRÓLEO BRASILEIRO S/A - PETROBRAS, [Bovespa: PETR3/PETR4, NYSE: PBR/PBRA, Latibex: XPBR/XPBRA, BCBA: APBR/APBRA], a Brazilian international energy company, announces that it presented to the CNPE (National Energy Policy Board) today a plan to increase the supply of natural gas to the southeast of Brazil. The target is to raise production, from the current 15.8 million m3 per day, to 40 million m3 per day by the end of 2008.

Petrobras will accelerate the development of two new oil and gas fields in Espírito Santo (1-ESS-164 and 1-ESS-130). The company also intends to increase the supply of gas from the Marlim field, in the Campos Basin, and expand gas production from the Merluza field, in the Santos Basin.

These new investments will be included in the company's annual review of its Business Plan, which will be released to the market when approved.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
