NOTICE TO THE MARKET

Brasil Telecom Participações S.A. (NYSE: BRP; BOVESPA: BRTP3/BRTP4) and Brasil Telecom S.A. (BOVESPA: BRTO3/BRTO4; NYSE: BTM) (Brasil Telecom) hereby announce that their respective Boards of Directors have approved the creation of a subsidiary in Colombia, which is 100% controlled by *BrTSubsea Cable Systems (Bermuda) Ltd.*, which in turn is a wholly owned subsidiary of *Brasil Telecom Cabos Submarinos Ltda.* (*Brasil Telecom GlobeNet*). The creation of this company aims to provide international connection services to Colombian operators, whose main demand is Internet connections.

Brasil Telecom GlobeNet operates an advanced, fully redundant, and low-latency submarine fiber-optic network. *Brasil Telecom GlobeNet's* services and network reach are complemented by those of *Brasil Telecom* and *Brasil Telecom Comunicações Multimídia, Ltda* (formerly *Metro Red*, a service provider operating in the metropolitan areas of the Rio de Janeiro-Belo Horizonte-Sao Paulo triangle, the industrial and commercial center of Brazil). Together with its strategic partners, *Brasil Telecom GlobeNet* provides end-to-end solutions between Brazil, Bermuda, USA and Venezuela for carriers and corporate customers in these countries.

Bear in mind that *Brasil Telecom* already operates in Venezuela, the Bermudas and the USA through its *Brasil Telecom GlobeNet* business unit, with the establishment of a company in Colombia representing the natural expansion of its business.

Brasil Telecom also informs that it is proceeding with the shareholding restructuring of companies in the Internet group (*Internet Group*) by closing down the group's holding companies that were not operational. The focus of the restructuring continues to be cost reduction and improvement in the operating efficiency. The *Internet Group*, Brasil Telecom's Internet unit, which comprises the operations of iG, iBest and BrTurbo, is the country's second-largest broadband provider, with 1.3 million clients. *Internet Group* also has 4 million dial-up clients and is the country's third-largest portal in terms of audience, with more than 12.6 million unique residential visitors every month (source: IBOPE, May 2008).

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
