New oil discovery in pre-salt of Santos Basin

Rio de Janeiro, April 12, 2012 – Petróleo Brasileiro S.A - Petrobras announces the discovery of a new oil accumulation of good quality at well 1-RJS-689A (1-BRSA-925A RJS), to the north of Lula field, in the pre-salt of Santos Basin.

The new well, informally known as Dolomita Sul, is located at a water depth of 1,747 meters and is 177 km off the coast of Rio de Janeiro State in Block BM-S-42. Petrobras is the sole concessionaire of this block.

This discovery confirms the potential of the pre-salt region beyond the limits of the first discoveries (area known as cluster) of Santos Basin.

The well, which is still in the drilling phase, also seeks to accomplish deeper objectives. After drilling is completed, Petrobras will evaluate the productivity of these reservoirs through formation tests.

The discovery was confirmed through oil sampling using cable test, at carbonate reservoirs in pre-salt layers, situated some 5,660 meters deep.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (Exchange Act) that are not based on historical facts and are not assurances of future results. These forward-looking statements are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.

All forward-looking statements are expressly qualified in their entirety by this cautionary statement, and you should not place reliance on any forward-looking statement contained in this press release. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.
