### **FPSO contracting for Iracema Norte area**

Rio de Janeiro, November 13, 2012 - Petróleo Brasileiro S.A. – Petrobras, as Operator of the BM-S-11 Consortium, announces that, along with its partners BG Group and Petrogal Brasil, and through its affiliate Tupi-BV, has signed a Letter of Intent with Schahin Petróleo e Gás S.A. and Modec Inc. for the charter of the FPSO that will be used in the production development project of the area known as Iracema Norte, in block BM-S-11, in the pre-salt of Santos Basin. The project includes the interconnection of 16 wells to the FPSO – 8 production and 8 injection wells –, and production is expected to start in December 2015.

The FPSO will be installed 300 Km off Brazil's coast, at a water depth of 2,234 meters. The platform will have a processing capacity of 150,000 bpd of oil and 8 million m<sup>3</sup>/day of natural gas. It will be operated by the companies responsible for the construction and chartered to the Consortium for a 20-year period. The schedule of the project determines the delivery of the FPSO 35 months following the signature of the Letter of Intent.

The BM-S-11 Consortium is operated by Petrobras (65%), in partnership with BG E&P do Brasil Ltda. (25%) and Petrogal Brasil S.A (10%).

## FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (Exchange Act) that are not based on historical facts and are not assurances of future results. These forward-looking statements are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.

All forward-looking statements are expressly qualified in their entirety by this cautionary statement, and you should not place reliance on any forward-looking statement contained in this press release. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.
