Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

1) OPERATIONS

Banco Bradesco S.A. (Bradesco), Institution leading conglomerate Prudential, is a private-sector publicly traded company and universal bank that, through its commercial, foreign exchange, consumer financing and housing loan portfolios, carries out all the types of banking activities for which it has authorization. The Bank is involved in a number of other activities, either directly or indirectly, through its subsidiaries, specifically leasing, investment banking, brokerage, consortium management, credit cards, real estate projects, insurance, pension plans and capitalization bonds. All these activities are undertaken by the various companies in the Bradesco Organization (Organization), working together in an integrated manner in the market.

2) PRESENTATION OF THE FINANCIAL STATEMENTS

The Financial Statements of the Prudential Conglomerate were prepared to comply with the requirements of Resolution No. 4,280/13 of the National Monetary Council (CMN) and additional rules of the Brazilian Central Bank (Bacen). Thus, specific requirements were applied when consolidating the financial statements of Bradesco, its foreign branches, subsidiaries and investment funds. These requirements are not necessarily the same as those established by corporate law.

For the preparation of these consolidated financial statements, equity interests, balances of balance sheet accounts, revenues, expenses and unrealized gains were eliminated and net income and shareholders' equity attributable to the non-controlling shareholders were accounted for in a separate line. Investments in companies in which shareholding control is shared with other shareholders are accounted for using the equity method. Goodwill on acquisitions of investments in subsidiaries / affiliates and jointly controlled companies is presented in investments and intangible assets (Note 13a).

The financial statements include estimates and assumptions, such as: the calculation of estimated loan losses; fair value estimates of certain financial instruments; civil, tax and labor provisions; impairment losses of securities classified as available-for-sale and held-to-maturity securities and non-financial assets; and the determination of the useful life of specific assets. Actual results may differ from estimates and assumptions.

Bradesco's financial statements of the Prudential Conglomerate were approved by the Board of Executive Officers on March 21, 2019.

Below are the significant directly and indirectly owned companies and investment funds included in the financial statements of the Prudential Conglomerate:

Bradesco

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

3) SIGNIFICANT ACCOUNTING PRACTICES

a) Functional and presentation currencies

Financial statements of Prudential Conglomerate are presented in Brazilian reais, which is also Bradesco's functional currency. Foreign branches and subsidiaries are mainly a continuation of activities in Brazil, and, therefore has the real as functional currency and assets, liabilities and profit or loss are translated into Brazilian reais using the appropriate currency exchange rate, to comply with accounting practices adopted in Brazil. Foreign currency translation gains and losses arising are recognized in the period's statement of income in the lines "Derivative Financial Instruments" and "Borrowing and On-lending".

b) Income and expense recognition

Income and expenses are recognized on an accrual basis in order to determine the net income for the period to which they relate, regardless of when the funds are received or paid.

Fixed rate contracts are recognized at their redemption value with the income or expense relating to future periods being recognized as a deduction from the corresponding asset or liability. Finance income and costs are recognized daily on a pro-rata basis and calculated using the compounding method, except when they relate to discounted notes or to foreign transactions, which are calculated using the straight-line method.

Floating rate and foreign-currency-indexed contracts are adjusted for interest and foreign exchange rates applicable at the reporting date.

c) Cash and cash equivalents

Cash and cash equivalents include: funds available in currency, investments in gold, securities sold under agreements to repurchase and interest-earning deposits in other banks, maturing in 90 days or less, from the time of the acquisition, which are exposed to insignificant risk of change in fair value. These funds are used by Bradesco to manage its short-term commitments.

Cash and cash equivalents detailed balances are presented in Note 4.

d) Interbank investments

Unrestricted repurchase and reverse repurchase agreements are stated at their fair value. All other interbank investments are stated at cost, plus income earned up to the end of the reporting period, net of any devaluation allowance, if applicable.

The breakdown, terms and proceeds relating to interbank investments are presented in Note 5.

e) Securities – Classification

- Trading securities – securities acquired for the purpose of being actively and frequently traded. They are recognized at cost, plus income earned and adjusted to fair value with changes recognized in the Statement of Income for the period;
- Available-for-sale securities – securities that are not specifically intended for trading purposes or to be held to maturity. They are recognized at cost, plus income earned, which is recognized in profit or loss in the period and adjusted to fair value with changes recognized in shareholders' equity, net of tax, which will be transferred to the Statement of Income only when effectively realized; and
- Held-to-maturity securities – securities for which there is positive intent and financial capacity to hold to maturity. They are recognized at cost, plus income earned recognized in the Statement of Income for the period.

Securities classified as trading and available-for-sale, as well as derivative financial instruments, are recognized in the consolidated statement of financial position at their fair value. Fair value is generally based on quoted market prices or quotations for assets or liabilities with similar characteristics. If market

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

prices are not available, fair values are based on traders' quotations, pricing models, discounted cash flows or similar techniques to determine the fair value and may require judgment or significant estimates by Management.

Classification, breakdown and segmentation of securities are presented in Note 6.

f) Derivative financial instruments (assets and liabilities)

Derivative financial instruments are designed to meet the Company's own needs to manage Bradesco's global exposure, as well to meet customer requests, in order to manage its positions.

The transactions are recorded at their fair value considering the mark-to-market methodologies adopted by Bradesco, and their adjustment can be recorded in the statement of income or equity, depending on the classification as accounting hedge (and the category of accounting hedge) or as an economic hedge.

Derivative financial instruments used to mitigate the risks of exposures in currencies, indexes, prices, rates or indexes are considered as hedge instruments, whose objectives are: (i) to ensure exposures remain with risk limits; (ii) change, modify or reverse positions due to market changes and operational strategies; and (iii) reduce or mitigate exposures of transactions in inactive markets, under stress or low liquidity conditions.

Instruments designated for hedge accounting purposes are classified according to their nature in:

- Market risk hedge: the gains and losses, realized or not, of the financial instruments classified in this category as well as the financial assets and liabilities, that are the object of the hedge, are recognized in the Statement of Income; and

- Cash flow hedge: the effective portion of valuation or devaluation of the financial instruments classified in this category is recognized, net of taxes, in a specific account in shareholders' equity. The ineffective portion of the hedge is recognized directly in the Statement of Income; and
- Hedge of net investment in foreign operations - the financial instruments classified in this category are intended to hedge the exchange variation of investments abroad, whose functional currency is different from the national currency, and are accounted for in accordance with the accounting procedures applicable to the hedge category of cash flow, that is, with the effective portion recognized in shareholders' equity, net of tax effects, and the non-effective portion recognized in income for the period.

For derivatives classified in the hedge accounting category, there is a follow-up of: (i) strategy effectiveness, through prospective and retrospective effectiveness tests, and (ii) mark-to-market of hedge instruments.

A breakdown of amounts included as derivative financial instruments, in the statement of financial position and off-balance-sheet accounts, is disclosed in Note 6.

g) Loans and leasing, advances on foreign exchange contracts, other receivables with credit characteristics and allowance for loan losses

Loans and leasing, advances on foreign exchange contracts and other receivables with credit characteristics are classified by risk level, based on: (i) the parameters established by CMN Resolution No. 2,682/99, which requires risk ratings to have nine levels, from "AA" (minimum risk) to "H" (maximum risk) considering, among other things, the delay levels (as described in table below); and (ii) Management's assessment of the risk level. This assessment, which is carried out regularly, considers current economic conditions and past experience with loan losses, as well as specific and general risks relating to operations, debtors and guarantors.

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

Past-due period (1)	Customer rating
from 15 to 30 days	B
from 31 to 60 days	C
from 61 to 90 days	D
from 91 to 120 days	E
from 121 to 150 days	F
from 151 to 180 days	G
more than 180 days	H

(1) For transactions with terms of more than 36 months, past-due periods are doubled, as permitted by CMN Resolution No. 2,682/99.

Interest and inflation adjustments on past-due transactions are only recognized in the Statement of Income up to the 60th day that they are past due.

H-rated past-due transactions remain at this level for six months, after which they are written-off against the existing allowance and controlled in off-balance-sheet accounts for at least five years.

Renegotiated operations are maintained at least at the same rating in which they were classified.

Renegotiations already written-off against the allowance and that were recognized in off-balance-sheet accounts, are rated as level "H" and any possible gains derived from their renegotiation are recognized only when they are effectively received. When there is a significant repayment on the operation or when new material facts justify a change in the level of risk, the loan may be reclassified to a lower risk category.

The estimated allowance for loan losses is calculated to sufficiently cover probable losses, according to CMN and Bacen standards and instructions, together with Management's assessment of the credit risk.

The classification of the generally loans to the same economic client or group is defined as the one that presents the highest risk. In exceptional cases, different ratings for a particular loan are accepted according

to the nature, value, purpose of the loan and characteristics of the guarantees.

Type, values, terms, levels of risk, concentration, economic sector of client's activity, renegotiation and income from loans, as well as the breakdown of expenses and statement of financial position accounts for the allowance for loan losses are presented in Note 8.

Leasing

The portfolio of leasing operations consists of contracts firmed with the support of Decree No. 140/84, of the Ministry of Finance, which contains clauses of: (a) non-cancellation; (b) purchase option; and (c) post-fixed or fixed restatement and are accounted for in accordance with the standards established by Bacen, as follows:

I- Leases receivable

Reflect the balance of installments receivable, restated according to the indexes and criteria established by contractual agreement.

II- Unearned income from leasing and Guaranteed Residual Value (GRV)

Recorded at the contractual amount, conversely to adjusted accounts of unearned revenues from leasing and Residual value to balance, both submitted through negotiated conditions. The GRV received in advance is recorded in Other Liabilities – Creditors by Anticipation of the Residual Value until the date of contractual termination. The adjustment at present value of the lease payments and the GRV receivable from the financial leasing operations is recognized as excessive/insufficient depreciation on leased assets, in order to reconcile the accounting practices. In operations whose delays are equal to or greater than 60 days, the appropriation to the result occurs upon receipt of contractual installments, in accordance with CMN Resolution No. 2,682/99.

_____ December 2018

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

III- Leased fixed assets

It is recorded at acquisition cost, minus the accrued depreciations. The depreciation is calculated using the linear method, with the benefit of a 30% reduction in the normal life cycle of the asset, provisioned in the current legislation. The main annual rates of depreciation used, as base for this reduction, are the following: vehicles and the like, 20%; furniture and utensils, 10%; machinery and equipment, 10%; and other assets, 10% and 20%.

IV- Losses on leases

The losses recorded in the sale of leased assets are deferred and amortized over the remaining normal life cycle of assets, and are shown along with the Leased Fixed Assets (Note 8k).

V- Excessive (insufficient) depreciation

The accounting records of leasing operations are maintained as legal requirements, specific for this type of operation. The procedures adopted and summarized in items "II" to "IV" above differ from the accounting practices provisioned in Brazilian corporate law, especially concerning the regime of competence in the record of revenues and expenses related to lease contracts. As a result, in accordance with Bacen Circular No. 1,429/89, the present value of outstanding leasing installments was calculated, using the internal rate of return of each contract, recording a leasing revenue or expenditure, conversely to the entries of excessive or insufficient depreciation, respectively, recorded in Permanent Assets, with the objective of adapting the leasing operations to the regime of competence (Note 8k).

h) Income tax and social contribution (assets and liabilities)

Deferred tax assets, calculated on income tax losses, social contribution losses and temporary differences, are recognized in "Other Receivables - Sundry" and the deferred tax liabilities on tax differences in leasing depreciation (applicable only for income tax), fair value adjustments on securities, inflation adjustment of judicial deposits, among others, are recognized in "Other Liabilities - Tax and Social Security", in which for the differences in leasing depreciation only the income tax rate is applied.

Deferred tax assets on temporary differences are realized when the difference between the accounting treatment and the income tax treatment reverses. Deferred tax assets on income tax and social contribution losses are realizable when taxable income is generated, up to the 30% limit of the taxable profit for the period. Deferred tax assets are recognized based on current expectations of realization considering technical studies and analyses carried out by Management.

The provision for income tax is calculated at 15% of taxable income plus a 10% surcharge. For financial companies, for companies considered as such and for the insurance industry, the social contribution on the profit was calculated until August 2015, considering the rate of 15%. For the period between September 2015 and December 2018, the rate was changed to 20%, according to Law No. 13,169/15 and the rate is 15% again as from January 2019. For the other companies, the social contribution is calculated considering the rate of 9%.

Provisions were recognized for other income tax and social contribution in accordance with specific applicable legislation.

The breakdown of income tax and social contribution, showing the calculations, the origin and expected use of deferred tax assets, as well as unrecognized deferred tax assets, is presented in Note 31.

i) Prepaid expenses

Prepaid expenses consist of funds already disbursed for future benefits or services, which are recognized in the profit or loss on an accrual basis.

Incurred costs relating to assets that will generate revenue in subsequent periods are recognized in the Statement of Income according to the terms and the amount of expected benefits and directly recognized in the Statement of Income when the corresponding assets or rights are no longer part of the institution's assets or when future benefits are no longer expected.

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

In the case of the remuneration paid for the origination of credit operations or leasing to the banking correspondents related to credit operations originated during 2015 and 2016, Bradesco opted to recognize part of the total value of compensation, pursuant to the provisions of Bacen Circular No. 3,738/14. As of 2017, the remuneration mentioned is fully recognized as an expense.

Prepaid expenses are shown in detail in Note 10b.

j) Investments

Investments in unconsolidated and jointly controlled companies, where Bradesco has significant influence over the investee or holds at least 20% of the voting rights, are accounted for using the equity method.

Tax incentives and other investments are stated at cost, impairment, where applicable.

The composition of unconsolidated companies, as well as other investments, are disclosed in Note 11.

k) Premises and equipment

Relates to the tangible assets used by the Bank in its activities, including those resulting from transactions that transfer risks, benefits and control of the assets to the Bank.

Premises and equipment are stated at acquisition cost, net of accumulated depreciation, calculated by the straight-line method based on the assets' estimated economic useful life, using the following rates: real

estate – 4% per annum; installations, furniture, equipment for use, security systems and communications – 10% per annum; transport systems – 10% to 20% per annum; and data processing systems – 20% to 40% per annum, and adjusted for impairment, when applicable.

The breakdown of asset costs and their corresponding depreciation, as well as the unrecognized surplus value for real estate and the fixed asset ratios, are disclosed in Note 12.

l) Intangible assets

Relates to the right over intangible assets used by the Bank in its activities.

Intangible assets comprise:

- Future profitability/acquired client portfolio and acquisition of right to provide banking services: they are recognized and amortized over the period in which the asset will directly and indirectly contribute to future cash flows and adjusted for impairment, where applicable; and
- Software: stated at cost less amortization calculated on a straight-line basis over the estimated useful life (20% p.a.), from the date it is available for use and adjusted for impairment, where applicable. Internal software development costs are recognized as an intangible asset when it is possible to show the intent and ability to complete and use the software, as well as to reliably measure costs directly attributable to the intangible asset. These costs are amortized during the software's estimated useful life, considering the expected future economic benefits.

Intangible assets and the movement in these balances by class are presented in Note 13.

m) Impairment

Financial and non-financial assets are tested for impairment.

Objective evidence of impairment may comprise the non-payment or payment delay by the debtor, possible bankruptcy process or the significant or extended decline in an asset value.

An impairment loss of a financial or non-financial asset is recognized in the profit or loss for the period if the carrying amount of an asset or cash-generating unit exceeds its recoverable value.

December 2018

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

n) Securities sold under agreements to repurchase

These are recognized at the value of the liabilities and include, when applicable, related charges up updated to the end of the reporting period, calculated on a daily pro-rata basis.

A breakdown of the contracts recognized in deposits and securities sold under agreements to repurchase, as well as terms and amounts recognized in the statement of financial position and statement of income, is presented in Note 14.

o) Provisions, contingent assets and liabilities and legal obligations – tax and social security

Provisions, contingent assets and liabilities, and legal obligations, as defined below, are recognized, measured and disclosed in accordance with the criteria set out in CPC 25, approved by CMN Resolution No. 3,823/09 and CVM Resolution No. 594/09 and in accordance with Circular Letter nº 3,429/10:

- **Contingent Assets:** these are not recognized in the financial statements, except to the extent that there are real guarantees or favorable judicial decisions, to which no further appeals are applicable, and it is considered virtually certain that cash inflows will flow to Bradesco. Contingent assets with a chance of probable success are disclosed in the notes to the financial statements;
- **Provisions:** these are recognized taking into consideration the opinion of legal counsel, the nature of the lawsuits, similarity with previous lawsuits, complexity and positioning of the courts, whenever an entity has a present obligation (legal or constructive) as a result of a past even, it is probable that an outflow of resources will be required to settle the obligation and when the amount can be reliably measured;

- **Contingent Liabilities:** according to CPC 25, the term “contingent” is used for liabilities that are not recognized because their existence will only be confirmed by the occurrence of one or more uncertain future events beyond Management’s control. Contingent liabilities do not meet the criteria for recognition because they are considered as possible losses should only be disclosed in the notes when relevant. Obligations deemed remote are not recognized as a provision nor disclosed; and
- **Legal Obligations – Provision for Tax Risks:** results from judicial proceedings, which contest the applicability of tax laws on the grounds of legality or constitutionality, which, regardless of the assessment of the probability of success, are fully provided for in the financial statements.

Details on lawsuits, as well as segregation and changes in amounts recognized, by type, is presented in Note 16.

p) Funding expenses

Expenses related to funding transactions involving the issuance of securities reduce the corresponding liability and are recognized in the profit or loss over the term of the transaction, according to Notes 14c and 17.

q) Other assets and liabilities

Assets are stated at their realizable amounts, including, when applicable, related income and inflation and exchange variations (on a daily prorated basis), less provision for losses, when deemed appropriate. Liabilities include known or measurable amounts, including related charges and inflation and exchange variations (on a daily prorated basis).

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

r) Subsequent events

These refer to events occurring between the reporting date and the date the financial statements are authorized to be issued.

They comprise the following:

- Events resulting in adjustments: events relating to conditions already existing at the end of the reporting period; and
- Events not resulting in adjustments: events relating to conditions not existing at the end of the reporting period.

Subsequent events, if any, are described in Note 32.

(1) Consistent with the criteria in Bacen Circular Letter No. 3,068/01 and due to the characteristics of the instruments, we are classifying the derivative financial instruments, in the "Securities for Trading" category. For derivative financial instruments considered as accounting hedge, the category used is "Available-for-Sale Securities";

(2) In compliance with Article 8 of Bacen Circular Letter No. 3,068/01, Bradesco declares that it has the financial capacity and intention to maintain held-to-maturity securities until their maturity dates. At the time of preparation of the consolidated financial statements as of June 30, 2018, Management decided to reclassify Securities available for Sale to Held to Maturity, in the amount of R\$ 17,022,922 thousand, without any result, as the result (loss) in the gross amount of R\$ (297,343) thousand, was retained in shareholders' equity and will be recognized in income over the remaining period of the securities, according to article 5 of said Circular. This reclassification was based on the alignment of the risk management strategy. In the second semester of 2018 and in 2017, there were no sales or reclassifications of securities classified in this category;

(3) The number of days to maturity was based on the contractual maturity of the instruments, regardless of their accounting classification;

(4) The fair value of securities is determined based on the market price available at the end of the reporting

period. If no market price quotation is available at the end of the reporting period, amounts are estimated based on the prices quoted by dealers, pricing models, quotation models or price quotations for instruments with similar characteristics. For investment funds, the original amortized cost reflects the fair value of the respective quotas;

(5) Includes hedge for protection of assets and liabilities, denominated in or indexed to foreign currency, primarily, arising from foreign investments, eliminating the effects of exchange variation of these assets and liabilities. For a better analysis of these items, consider the net exposure (Note 6d II); and

(6) In the year ended on December 31, 2018, there were impairment losses on financial assets (mostly debentures), net of reversals, related to securities classified as "Available-for-Sale" and "Held-to-Maturity" in the amount of R\$ 979,765 thousand (R\$ 2,517,178 thousand in 2017).

December 2018

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

d) Derivative financial instruments

Bradesco carries out transactions involving derivative financial instruments, which are recognized in the statement of financial position or in off-balance-sheet accounts, to meet its own needs in managing its global exposure, as well as to meet its customer's requests, in order to manage their exposure. These operations involve a range of derivatives, including interest rate swaps, currency swaps, futures and options. Bradesco's risk management policy is based on the utilization of derivative financial instruments mainly to mitigate the risks from operations carried out by the Bank and its subsidiaries.

Securities classified as trading and available-for-sale, as well as derivative financial instruments, are recognized in the consolidated statement of financial position at their fair value. Fair value is generally based on quoted market prices or quotations for assets or liabilities with similar characteristics. Should market prices not be available, fair values are based on dealer quotations, pricing models, discounted cash flows or similar techniques for which the determination of fair value may require judgment or significant estimates by Management.

Quoted market prices are used to determine the fair value of derivative financial instruments. The fair value of swaps is determined by using discounted cash flow modeling techniques that use yield curves, reflecting adequate risk factors. The information to build yield curves is mainly obtained from Securities, Commodities and Futures Exchange (B3), and the domestic and international secondary market. These yield curves are used to determine the fair value of currency swaps, interest rate and other risk factor swaps. The fair value of forward and futures contracts is also determined based on market price quotations for derivatives traded on an exchange or using methodologies similar to those outlined for swaps. The fair values of credit derivative instruments are determined based on market price quotation or from specialized entities. The fair value of options is determined based on mathematical models, such as Black & Scholes, using yield curves, implied volatilities and the fair value of corresponding assets. Current market prices are used to calculate volatility. To estimate the fair value of the over-the-counter (OTC) financial derivative instruments, the credit quality of each counterparty is also taken into account, relating an expected loss for each derivative portfolio (Credit valuation adjustment).

Derivative financial instruments in Brazil mainly refer to swaps and futures and are registered at B3.

Operations involving forward contracts of interest rates, indexes and currencies are contracted by Management to hedge Bradesco's overall exposures and to meet customer needs.

Foreign derivative financial instruments refer to swap, forward, options, credit and futures operations and are mainly carried out at the stock exchanges in Chicago and New York, as well as the over-the-counter (OTC) markets.

Macro-strategies are defined for the Trading (proprietary) and Banking portfolios. Trading Portfolio transactions, including derivatives, look for gains from directional movements in prices and/or rates, arbitrage, hedge and market-maker strategies that may be fully or partly settled before the originally stipulated maturity date. The Banking Portfolio focuses on commercial transactions and their hedges.

Portfolio risk is controlled using information consolidated by risk factor; effective portfolio risk management requires joint use of derivatives with other instruments, including stocks and bonds.

The Financial Statements include a Risk Management and Capital Note on the main risk-control metrics and the risk management structure's key aspects. This Note complements the Securities and Derivatives Note and shows these instruments' exposures under various views, as well as derivatives' revenues and expenses.

Total	583,591,799	405,328,398

(1) Comprised of operations carried out on the Chicago and New York Stock Exchanges and over-the-counter markets.

e) Credit Default Swaps (CDS)

In general, these represent bilateral agreements in which one of the parties purchases protection against the credit risk of a certain financial instrument (the risk is transferred). The selling counterparty receives remuneration that is usually paid linearly over the term of the agreement.

In the case of a default, the purchasing counterparty will receive a payment to offset the loss incurred on the financial instrument. In this case, the selling counterparty usually receives the underlying asset of the agreement in exchange for the payment.

	On December 31 - R\$ thousand	
	2018	2017
Risk received in credit Swaps:	3,330,639	584,987
- Debt securities issued by companies	749,735	468,214
- Bonds of the Brazilian public debt	2,574,317	116,773

Risk transferred in credit Swaps:	(271,236)	-
- Brazilian public debt derivatives	(96,870)	-
- Foreign public debt derivatives	(174,366)	-
Total net credit risk value	3,059,403	584,987
Effect on Shareholders' Equity	61,551	49,162
Remuneration on the counterparty receiving the risk	(7,372)	195

Bradesco

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

The contracts related to credit derivatives transactions described above are due in 2025. There were no credit events, as defined in the agreements, during the period.

f) Hedge Accounting

On December 31, 2018, Bradesco maintained hedge, in accordance with Bacen's Circular No. 3,082 / 02, composed by:

I) Cash Flow Hedge - the financial instruments classified in this category, aims to reduce exposure to future changes in interest rates, which impact the outcome of the organization. The effective portion of the valuations or devaluations of these instruments is recognized in a separate account of shareholders' equity, net of tax effects and is only transferred to income in two situations: (i) in case of ineffectiveness of the hedge; or (ii) the realization of the hedge object. The ineffective portion of the respective hedge is recognized directly in the income statement.

Strategy	Hedge instrument nominal value	Hedge object accounting value	On December 31 - R\$ thousand	
			Fair Value Accumulated Adjustments in shareholders' equity (gross of tax effects)	Fair Value Accumulated Adjustments in shareholders' equity (net of tax effects)
Hedge of interest receipts from investments in securities (1)	9,784,183	8,048,943	-	-
Hedge of interest payments on funding (2)	8,285,152	8,054,345	(140,745)	(84,447)
Total in 2018	18,069,335	16,103,288	(140,745)	(84,447)
Hedge of interest receipts from investments in securities (1)	16,030,487	14,708,544	40,060	24,036
Hedge of interest payments on funding (2)	6,769,979	6,671,048	(84,044)	(50,426)
Total in 2017	22,800,466	21,379,592	(43,984)	(26,390)

(1) Referring to the DI interest rate risk, using DI Futures contracts in B3, with the maturity in 2019, making the cash flow prefixed; and

(2) Referring to the DI interest rate risk, using DI Futures contracts in B3, with maturity dates in 2020, making the cash flow prefixed.

The effectiveness of the hedge portfolio is in accordance with Bacen's Circular No. 3,082/02.

For the next 12 months, the gains related to the cash flow hedge, which we expect to recognize in the income statement, amount to R\$ (33,690) thousand.

The gains/(losses) related to the cash flow hedge recorded in the income statements in the year ended on December 31, 2018 were R\$ 22,970 thousand (R\$ 13,944 thousand in 2017).

II) Hedge of investments abroad - the financial instruments classified in this category, have the objective of reducing the exposure to foreign exchange variation of investments abroad, whose functional currency is different from the national currency, which impacts the result of the organization. The effective portion of the valuations or devaluations of these instruments is recognized in a separate account of shareholders' equity, net of tax effects and is only transferred to income in two situations: (i) hedge ineffectiveness; or (ii) in the disposal or partial sale of the foreign operation. The ineffective portion of the respective hedge is recognized directly in the income statement.

Strategy	Hedge instrument nominal value	Hedge object accounting value	On December 31 - R\$ thousand	
			Fair Value Accumulated Adjustments in shareholders' equity (gross of tax effects)	Fair Value Accumulated Adjustments in shareholders' equity (net of tax effects)
Hedge of exchange variation on future cash flows (1)	1,375,232	755,611	(269,039)	(161,423)
Total in 2018	1,375,232	755,611	(269,039)	(161,423)
Hedge of exchange variation on future cash flows (1)	1,110,888	582,567	(59,739)	(35,843)
Total in 2017	1,110,888	582,567	(59,739)	(35,843)

(1) Whose functional currency is different from the real, using Forward contracts, with the object of hedging the foreign investment referenced to MXN (Mexican Peso).

The effectiveness of the hedge portfolio is in accordance with Bacen's Circular No. 3,082/02.

December 2018

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

For the next 12 months, the gains/(losses) related to the hedge of investments abroad, which we expect to recognize in the result, amount to R\$ 4,775 thousand.

Gains/(losses) related to the hedge of investments abroad recorded in income accounts in the year ended on December 31, 2018 were R\$ (7,943) thousand (R\$ (359) thousand in 2017).

g) Income from securities, insurance and derivative financial instruments

	Years ended December 31 - R\$ thousand	
	2018	2017
Fixed income securities (1)	21,730,863	21,980,157

- Loans	6,895,477	4,429,361
- Guarantees provided (4)	-	3,060,990
Opening balance on December 31	36,417,907	40,713,374
Accounting for allowance for loan losses (Note 8h-1) (5)	18,257,518	25,078,983
Accounting for/reversal of provisions for guarantees provided (4)	-	(3,060,990)
Write-offs	(19,918,125)	(26,347,868)
Exchange variation	249,879	34,408
Closing balance on December 31	35,007,179	36,417,907
- Specific provision (1)	14,063,924	16,827,363
- Generic provision (2)	14,061,946	12,695,067
- Excess provision (3)	6,881,309	6,895,477

(1) For contracts with installments past due for more than 14 days;

(2) Recognized based on the customer/transaction classification and therefore not included in the preceding item;

(3) The excess provision is recognized based on Management's experience and the expectation in relation to the loan portfolio, to determine the total provision deemed sufficient to cover specific and general credit risk, when considered together with the provision calculated based on levels of risk and the corresponding minimum percentage in the provision established by Resolution No. 2,682/99. The excess provision per customer was classified according to the level of risk (Note 8f);

(4) Until December, 31, 2016, included the constitution of provision for guarantees provided, encompassing sureties, guarantees, credit letters, and standby letter of credit, which comprises the concept of "excess" provision that totaled R\$ 3,060,990 thousand. In accordance with Resolution No. 4,512/16, in the first quarter of 2017, part of this balance (R\$ 604,623 thousand) was allocated to a specific account under "Other Liabilities - Sundry" (Note 18b), and the remaining balance (R\$ 2,456,367 thousand) was allocated to "Excess Provision"; and

(5) Includes, on December 31, 2017, the formation of allowance for loan losses, in the amount of R\$ 2,456,367 thousand, as a result of the adequacy of the provision for guarantees provided, already mentioned in the previous item.

h) Allowance for Loan Losses expense net of amounts recovered

Expenses with the allowance for loan losses, net of credit write-offs recovered, are as follows.

	Years ended December 31 - R\$ thousand	
	2018	2017
Amount recognized (1)	18,257,518	22,622,616
Amount recovered (2) (3)	(7,148,997)	(7,026,796)
Allowance for Loan Losses expense net of amounts recovered	11,108,521	15,595,820

(1) In the year ended on December 31, 2017, it refers to the formation of allowance for loan losses, in the amount of R\$ 25,078,983 thousand, excluding the portion related to the adequacy of the provision for guarantees provided, in the amount of R\$ 2,456,367 thousand (Note 8g);

(2) Classified in income from loans (Note 8j); and

(3) In the year ended on December 31, 2018, credit was granted for operations already written-off for losses, without the retention of risks and benefits, in the amount of R\$ 13,810,254 thousand (R\$ 7,866,440 thousand in 2017), whose sale value was R\$ 204,472 thousand (R\$ 88,226 thousand in 2017).

i) Changes in the renegotiated portfolio

	On December 31 - R\$ thousand	
	2018	2017
Opening balance on December 31	17,183,869	17,501,423
Amount renegotiated	15,193,567	16,185,863
Amount received	(9,472,888)	(10,108,040)
Write-offs	(5,761,336)	(6,395,377)
Closing balance on December 31	17,143,212	17,183,869
Allowance for loan losses	13,426,625	13,146,472
Percentage on renegotiated portfolio	78.3%	76.5%

16) PROVISIONS, CONTINGENT ASSETS AND LIABILITIES AND LEGAL OBLIGATIONS – TAX AND SOCIAL SECURITY**a) Contingent assets**

Contingent assets are not recognized in the financial statements. However, there are ongoing proceedings where the chance of success is considered probable, such as: a) Social Integration Program (PIS), Bradesco has made a claim to offset PIS against Gross Operating Income, paid under Decree-Laws No. 2,445/88 and No. 2,449/88, regarding the payment that exceeded the amount due under Supplementary Law No. 07/70 (PIS Repique); and b) other taxes, the legality and/or constitutionality of which is being challenged, where the decision may lead to reimbursement of amounts paid.

b) Provisions classified as probable losses and legal obligations – tax and social security

The Organization is a party to a number of labor, civil and tax lawsuits, arising from the normal course of business.

Management recognized provisions where, based on their opinion and that of their legal counsel, the nature of the lawsuit, similarity to previous lawsuits, complexity and the courts standing, the loss is deemed probable.

Management considers that the provision is sufficient to cover the future losses generated by the respective lawsuits.

Provisions related to legal obligations are maintained until the conclusion of the lawsuit, represented by judicial decisions with no further appeals or due to the statute of limitation.

I - Labor claims

These are claims brought by former employees and outsourced employees seeking indemnifications, most significantly for unpaid “overtime”, pursuant to Article 224 of the Consolidation of Labor Laws (CLT). In proceedings in which a judicial deposit is used to guarantee the execution of the judgment, the labor provision is made considering the estimated loss of these deposits. For proceedings with similar characteristics and for which there has been no official court decision, the provision is recognized based on the average calculated value of payments made for labor complaints settled in the past 12 months; and for proceedings originating from acquired banks, with unique characteristics, the calculation and assessment of the required balance is conducted periodically, based on the updated recent loss history.

Bradesco

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

Overtime is monitored by using electronic time cards and paid regularly during the employment contract and, accordingly, the claims filed by former employees do not represent significant amounts.

II - Civil claims

These are claims for pain and suffering and property damages, mainly relating to protests, returned checks, the inclusion of information about debtors in the credit restriction registry and the replacement of inflation adjustments excluded as a result of government economic plans. These lawsuits are individually controlled using a computer-based system and provisioned whenever the loss is deemed as probable, considering the opinion of Management and their legal counsel, the nature of the lawsuits, similarity with previous lawsuits, complexity and positioning of the courts.

Most of these lawsuits are brought to the Special Civil Court (JEC), in which the claims are limited to 40 times the minimum wage and do not have a significant impact on the Organization's financial position.

In relation to the legal claims that are pleading alleged differences in the adjustment of inflation on savings account balances and due to the implementation of economic plans that were part of the federal government's economic policy to reduce inflation in the 80s and 90s, Bradesco, despite complying with the law and regulation in force at the time, has provisioned certain proceedings, taking into consideration the claims in which they were mentioned and the perspective of loss, of each demand, in view of the decisions and subjects still under analysis in the Superior Court of Justice (STJ), such as, for example, the application of default interest in executions arising from Public Civil Actions, interest payments and succession.

In December 2017, with the mediation of the Attorney's General Office (AGU), the entities representing the bank and the savings accounts, entered into an agreement related to litigation of economic plans, with the purpose of closing these claims, in which conditions and schedule were established for savings accounts holders to accede to the agreement. This agreement was approved by the Federal Supreme Court (STF) on March 1, 2018, the period of adherence for interested parties is for 02 (two) years from this date. As this is a voluntary agreement, Bradesco is unable to predict how many savings account holders will choose to accept the settlement offer. It is important to note that Bradesco understands that the provisioning was

made to cover the eligible proceedings to the related agreement. The proceedings that are not in the context of the agreement including those related to incorporated banks are evaluated individually based on the procedural stage they are in.

Note that, regarding disputes relating to economic plans, the Federal Supreme Court (STF) suspended the prosecution of all lawsuits at the cognizance stage, until the Court issues a final decision on the right under litigation.

III - Provision for tax risks

The Organization is disputing the legality and constitutionality of certain taxes and contributions in court, for which provisions have been recognized in full, although there is a good chance of a favorable outcome, based on the opinion of Management and their legal counsel. The processing of these legal obligations and the provisions for cases for which the risk of loss is deemed as probable is regularly monitored in the legal court. During or after the conclusion of each case, a favorable outcome may arise for the Organization, resulting in the reversal of the related provisions.

The main cases are:

- PIS and COFINS – R\$ 2,553,454 thousand (R\$ 2,465,109 thousand in 2017): a request for authorization to calculate and pay PIS and COFINS based on effective billing, as set forth in Article 2 of Supplementary Law No. 70/91, removing from the calculation base the unconstitutional inclusion of other revenues other than those billed;

_____ December 2018

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

- Pension Contributions – R\$ 1,579,892 thousand (R\$ 1,365,577 thousand in 2017): official notifications related to the pension contributions on financial contributions in private pension plans, considered by the authorities to be compensatory sums subject to the incidence of pension contributions and to an isolated fine for not withholding IRRF on the financial contributions;
- IRPJ/CSLL on losses of credits – R\$ 1,461,621 thousand (R\$ 1,614,663 thousand in 2017): we are requesting to deduct from income tax and social contributions payable (IRPJ and CSLL, respectively) amounts of actual and definite loan losses related to unconditional discounts granted during collections, regardless of compliance with the terms and conditions provided for in Articles 9 to 14 of Law No. 9,430/96 that only apply to temporary losses;
- IRPJ/CSLL on MTM – R\$ 607.258 thousand: IRPJ and CSLL deficiency note related to the exclusions of revenues marking Securities at fair value in 2007;
- INSS – Contribution to SAT – R\$ 417,442 thousand (R\$ 401,018 thousand in 2017): in an ordinary lawsuit filed by the Brazilian Federation of Banks – Febraban, since April 2007, on behalf of its members, is questioned the classification of banks at the highest level of risk, with respect to Work Accident Risk – RAT, which eventually raised the rate of the respective contribution from 1% to 3%, in accordance with Decree No. 6,042/07.

In general, the provisions relating to lawsuits are classified as non-current, due to the unpredictability of the duration of the proceedings in the Brazilian justice system. For this reason, the estimate has not been disclosed with relation to the specific year in which these lawsuits will be finalized.

IV - Provisions by nature

	On December 31 - R\$ thousand	
	2018	2017
Labor claims	5,687,916	5,247,198

Payments	(1,324,553)	(1,076,844)	(22,755)
Balance on December 31, 2018	5,687,916	4,445,739	7,111,865

c) Contingent liabilities classified as possible losses

The Organization maintains a system to monitor all administrative and judicial proceedings in which the institution is plaintiff or defendant and, based on the opinion of legal counsel, classifies the lawsuits according to the expectation of loss. Case law trends are periodically analyzed and, if necessary, the related risk is reclassified. In this respect, contingent lawsuits deemed to have a possible risk of loss are not recognized as a liability in the financial statements. The main proceedings in this category are the following:

- COFINS – R\$ 5,070,337 thousand (R\$ 4,902,151 thousand in 2017): Fines and disallowances of Cofins loan compensations, released after a favorable decision in a judicial proceeding, where the unconstitutionality of the expansion of the intended calculation base was discussed for revenues other than those from billing (Law No. 9,718/98);
- 2006 to 2013 IRPJ and CSLL – R\$ 2,728,468 thousand (R\$ 2,320,956 thousand in 2017), relating to goodwill amortization being disallowed on the acquisition of investments;

Bradesco

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

- Leasing companies' Tax on Services of any Nature (ISSQN), R\$ 2,478,296 thousand (R\$ 2,394,087 thousand in 2017) which relates to the municipal tax demands from municipalities other than those in which the company is located and where, under law, tax is collected;

- IRPJ and CSLL deficiency note – 2004 to 2012 – R\$ 1,759,431 thousand (R\$ 2,431,844 thousand in 2017): relating to disallowance of exclusions and expenses, differences in depreciation expenses, insufficient depreciation expenses, expenses with depreciation of leased assets, operating expenses and income and disallowance of tax loss compensation;

- IRPJ and CSLL deficiency note – 2012 and 2013 – R\$ 1,689,160 thousand: due to the disallowance of operating expenses (CDI), related to resources that were capitalized between the companies of the Organization;

- PIS and COFINS notifications and disallowances of compensations – R\$ 360,893 thousand (R\$ 390,236 thousand in 2017): related to the unconstitutional extension of the basis of calculation intended for other income other than the billing (Law No. 9,718/98), from acquired companies; and

- IRPJ and CSLL deficiency note – R\$ 859,049 thousand (R\$ 969,713 thousand in 2017): relating to disallowance of exclusions with losses in collections.

d) Other matters

On May 31, 2016, three members of Bradesco's Board of Executive Officers have been charged by the Brazilian Federal Police under the so-called "Operation Zealots", which investigates the alleged improper performance of members of CARF - Administrative Council of Tax Appeals. On July 28, 2016, the Public Prosecutor's Office filed charges against the three members of the Board of Executive Officers, and a former member of the Board of Directors, which was received by the Federal District Judiciary Section's 10th Federal Court Judge. Currently, only two members of Bradesco's Board of Executive Officers remain in the process. The business executives presented their responses in the criminal case, pointing out facts

and evidence demonstrating their innocence. The investigation phase of the process was already completed, and is currently waiting for the decision of the first degree court.

The Company's Management conducted a careful internal evaluation of records and documents related to the matter and found no evidence of any illegal conduct practiced by its representatives. Bradesco provided all of the information to the authorities and competent regulatory bodies, both in Brazil and abroad.

As a result of the news about the Operation Zealots, a Class Action was filed against Bradesco and three members of its Board of Executive Officers before the District Court of New York, on June 3, 2016, based on Section 10 (b) and 20 (a) of the Securities Exchange Act of 1934. The demand is based on the allegation that investors who purchased preferred American Depositary Shares ("ADS") of Bradesco between April 30, 2012 and July 27, 2016 had suffered losses caused by alleged violation regarding the American laws of capital markets. On September 29, 2017, the Court limited the proposed class to investors who purchased preferred ADS Bradesco between August 8, 2014 and July 27, 2016, as well as excluding one of the executives. The Class Action is currently, in the phase of pre-trial Discovery, and is awaiting a decision regarding the petition of class certification by the Lead Plaintiff, which Bradesco has already contested.

Bradesco was also summoned by the Corregedoria Geral do Ministério da Fazenda for the opening of an administrative investigation to verify the need to file an Administrative Accountability Process ("PAR"). The Administrative Accountability Process may imply the application of fine and/or be mentioned in public lists that may eventually bring restrictions on business with public entities.

(1) It includes a specific provision for financial guarantees provided, pursuant to Resolution No. 4,512/16.

c) Financial guarantees

Financial guarantees provided are contracts requiring the Organization to make specific payments to the holder of the financial guarantee for a loss it will incur when a specific debtor fails to make the payment under the terms of the debt instrument. The provision for financial guarantees provided is formed based on the best estimate of the non-recoverable amount of the guarantee, if such disbursement is likely. The provisioning parameters are established based on the internal credit risk management models. In case of retail operations, these models use historical information, while in wholesale operations, in addition to historical information, we adopted simulation processes to capture unobserved events. Any increase in liabilities related to financial guarantees is recognized in the statement of income under "Other operating income/expenses".

Other	68,216	210
Total	73,260	18,128

20) SHAREHOLDERS' EQUITY (PARENT COMPANY)**a) Capital stock in number of shares**

Fully subscribed and paid-in capital stock comprises non-par, registered, book-entry shares.

	On December 31	
	2018	2017
Common	3,359,929,223	3,054,481,112
Preferred	3,359,928,872	3,054,480,793
Subtotal	6,719,858,095	6,108,961,905
Treasury (common shares)	(5,535,803)	(5,032,549)
Treasury (preferred shares)	(20,741,320)	(18,855,746)
Total outstanding shares	6,693,580,972	6,085,073,610

b) Transactions of capital stock involving quantities of shares

Common	Preferred	Total
3,049,448,563	3,035,625,047	6,085,073,610

Number of outstanding shares as at December 31, 2017

Increase of capital stock with issuing of shares – bonus of 10% (1)	305,448,111	305,448,079	610,896,190
Increase of shares in treasury – bonus of 10%	(503,254)	(1,885,574)	(2,388,828)
Number of outstanding shares as at December 31, 2018	3,354,393,420	3,339,187,552	6,693,580,972

(1) It benefited the shareholders registered in the records of Bradesco on March 29, 2018.

In the Extraordinary General Meeting of March 12, 2018, the approval was proposed by the Board of Directors to increase the capital stock by R\$ 8,000,000 thousand, increasing it from R\$ 59,100,000 thousand to R\$ 67,100,000 thousand, with a bonus in shares, through the capitalization of part of the balance of the account “Profit Reserves - Statutory Reserve”, in compliance with the provisions in Article 169 of Law No. 6,404/76, by issuing 610,896,190 new nominative-book entry shares, with no nominal value, whereby 305,448,111 are common and 305,448,079 are preferred shares, attributed free-of-charge to the shareholders as bonus, to the ratio of 1 new share for every 10 shares of the same type that they own on the base date, and was approved by the Bacen on March 16, 2018.

c) Interest on Shareholders’ Equity

Bradesco’s capital remuneration policy aims to distribute interest on shareholders’ equity at the maximum amount calculated under current legislation, and this is included, net of Withholding Income Tax (IRRF), in the calculation for mandatory dividends for the year under the Company’s Bylaws.

The Board of Directors’ Meeting held on June 29, 2018, approved the Board of Executive Officers’ proposal to pay to the shareholders interim interest on shareholder’s equity for the first semester of 2018, of R\$ 1,212,000 thousand, of which R\$ 0.172465322 are per common share and R\$ 0.189711854 per preferred share, whose payment was made on July 16, 2018.

The Board of Directors’ Meeting held on December 21, 2018 approved the Board of Executive Officers’ proposal to pay to the shareholders complementary interest on shareholder’s equity for the year 2018, of R\$ 4,665,000 thousand, of which R\$ 0.663820730 are per common share and R\$ 0.730202804 per preferred share, whose payment will be made on March 8, 2019.

Bradesco

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

Bradesco

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

b) Remuneration of key management personnel

Each year, the Annual Shareholders' Meeting approves:

- The annual total amount of Management compensation, set forth at the Board of Directors Meetings, to be paid to board members and members of the Board of Executive Officers, as determined by the Company's Bylaws; and
- The amount allocated to finance Management pension plans, within the Employee and Management pension plan of the Organization Bradesco.

For 2018, the maximum amount of R\$ 530,689 thousand was set for Management compensation and R\$ 534,780 thousand to finance defined contribution pension plans.

The current policy on Management compensation sets forth that 50% of net variable compensation, if any, must be allocated to the acquisition of preferred class b shares issued by BBD Participações S.A. and / or preferred shares issued by Banco Bradesco S.A., which vest in three equal, annual and successive installments, the first of which is in the year following the payment date. This procedure complies with CMN Resolution No. 3,921/10, which sets forth a management compensation policy for financial institutions.

Short and medium term remuneration to Managers

	Years ended December 31 - R\$ thousand	
	2018	2017
Salaries	485,949	456,262
Total	485,949	456,262

Post-employment benefits

	Years ended December 31 - R\$ thousand	
	2018	2017
Defined contribution supplementary pension plans	474,378	473,663
Total	474,378	473,663

Bradesco does not offer its Key Management Personnel long-term benefits related to severance pay or share-based compensation, pursuant to CPC 10 – Share-Based Payment, approved by Resolution No. 3,989/11.

Shareholding

Together, members of the Board of Directors and Board of Executive Officers had the following shareholding in Bradesco:

	On December 31	
	2018	2017
Common shares	0.55%	0.46%

Total shares (1)	0.81%	0.75%

(1) On December 31, 2018, direct and indirect shareholding of the members of Bradesco's Board of Directors and Board of Executive Officers amounted to 2.60% of common shares, 1.11% of preferred shares and 1.85% of all shares (2.34% of common shares, 1.08% of preferred shares and 1.71% of all shares in 2017).

December 2018

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

29) RISK AND CAPITAL MANAGEMENT

a) Risk Management

Bradesco carries out a corporate risk control in an integrated and independent manner, preserving and giving value to a collective decision-making environment, developing and implementing methodologies, models and tools for measurement and control. Within Bradesco the dissemination of knowledge amongst employees at all hierarchical levels is stimulated, from the business areas to the Board of Directors.

Risk and capital management structures have established policies, standards and procedures, ensuring that the Bradesco Organization maintains a control process consistent with the nature of its operations, complexity of its products and services, activities, processes, systems and the extent of its exposure to risks. These structures are also composed by a number of committees, commissions and departments that provide support to the Board of Directors and the Executive Board in decision-making. The most notable amongst these are the Integrated Risk Management and Capital Allocation Committee, whose role is to ensure compliance with the Organization's risk management processes and policies, and the Risk Committee, whose main objective is to assess the Organization's risk management framework and eventually propose improvements. Both advise the Board of Directors in the performance of its duties in the management and control of risks and capital.

Detailed information on risk management process, reference equity and also Bradesco's risk exposures may be found in Investors Relations website at bradescori.com.br – Market Information.

b) Capital Management

The Basel Ratio is part of the set of indicators that are monitored and evaluated in the process of Capital Management, and is intended to measure the sufficiency of capital in relation to the exposure to risks. The table below shows the composition of the Reference Equity and of the Risk Weighted Assets, according to the standards of Bacen. During the period, Bradesco has fulfilled all the minimum regulatory requirements.

Below is the Basel Ratio:

Calculation basis - Basel Ratio	On December 31 - R\$ thousand	
	Prudential Conglomerate 2018	2017
Tier I capital	90,322,147	80,084,744
Common equity	81,090,060	75,079,777
Shareholders' equity	121,120,869	110,457,476
Non-controlling interest / Other	169,606	68,072
Prudential adjustments (1)	(40,200,415)	(35,445,771)
Additional Capital (2)	9,232,087	5,004,967
Tier II capital	27,618,026	24,588,090
Subordinated debts (Resolution No. 4,192/13)	22,416,933	16,947,024
Subordinated debts (previous to CMN Resolution No. 4,192/13)	5,201,093	7,641,066
Reference Equity (a)	117,940,173	104,672,834
- Credit risk	598,057,619	554,928,771
- Market risk	10,407,258	8,908,205
- Operational risk	53,150,786	47,605,162
Risk-weighted assets – RWA (b)	661,615,663	611,442,138
Basel ratio (a/b)	17.8%	17.1%
Tier I capital	13.7%	13.1%
- Principal capital	12.3%	12.3%
- Additional capital	1.4%	0.8%
Tier II capital	4.2%	4.0%

(1) As from January 2018, the factor applied to prudential adjustments went from 80% to 100%, according to the timeline for application of deductions of prudential adjustments, defined in Article 11 of Resolution No. 4,192/13. Includes the positive effects of Resolution No. 4,680/18, reducing the impact of deferred tax assets arising from tax losses; and

(2) Authorization of subordinated debts to compose Tier I in the amount of R\$ 4,179 thousand (R\$ 1,737 thousand in December 2018 and in R\$ 2,442 thousand in January 2019).

Bradesco

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

c) Indicator of Global Systemic Importance (IAISG)

According to Bacen Circular Letter No 3,751/15, Bradesco calculated the indicators for the evaluation of global systemic importance (IAISG), disclosed in Investor Relations website (bradescori.com.br - Market Information - Risk Management – Global Systemic Importance Index – Annex I and II).

d) Social and environmental risk

The social and environmental risk is represented by potential damages that an economic activity can cause to society and to the environment. The social and environmental risks associated with financial institutions are mostly indirect and stem from business relationships, including those with the supply chain and with customers, through financing and investment activities.

The social and environmental risk management process has a robust governance structure, comprised of committees, policies, standards and procedures, allowing the risk to be properly identified, measured, mitigated, monitored and reported. This process complies with Resolution No. 4,327/14 of the Central Bank and observes the principles of relevance and proportionality, which is necessary in view of the complexity of the financial products and the profile of Organization's activities.

The Organization seeks to constantly incorporate and improve the criteria for managing the social and environmental risk arising from business relations with customers, through loan and financing operations, guarantees, suppliers and investments, which comprise the scope of analysis reflected in the Organization Social and Environmental Risk Standard.

The Organization has made several commitments related to environmental and social aspects, such as the Carbon Disclosure Project (CDP), the Principles for Responsible Investment (PRI), the Business Charter for Human Rights and Promotion of Decent Work (Ethos), the United Nations Environment Program (UNEP-FI), the Global Compact, among others.

Moreover, the Organization has been a signatory of the Equator Principles since 2004, and among the requirements evaluated are as follows the working conditions, impacts to the community and the environment of projects financed by the Organization, pursuant to the Brazilian legislation and the standards and guidelines of the International Finance Corporation (IFC), besides the World Bank Group's Health, Safety and Environment Guidelines. During the credit granting process, transactions under Equator Principles undergo a social and environmental risk analysis.

In the year 2018, there was no hiring Advisory Service and Financing Project Finance and Corporate Loan to projects classified under the criteria of the Equator Principles III.

December 2018

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

30) EMPLOYEE BENEFITS

Bradesco and its subsidiaries sponsor a private defined contribution pension for employees and directors, that allows financial resources to be accumulated by participants throughout their careers by means of employee and employer contributions and invested in an Exclusive Investment Fund (FIE). The Plan is managed by Bradesco Vida e Previdência S.A. and BRAM – Bradesco Asset Management S.A. DTVM is responsible for the financial management of the FIEs funds.

The Supplementary Pension Plan counts on contributions from employees and administrators of Bradesco and its subsidiaries equivalent to at least 4% of the salary by employees and, 5% of the salary, plus the percentage allocated to covers of risk benefits (invalidity and death) by the company. Actuarial obligations of the defined contribution plan are fully covered by the plan assets of the corresponding FIE. In addition to the plan, in 2001, participants who chose to migrate from the defined benefit plan are guaranteed a proportional deferred benefit, corresponding to their accumulated rights in that plan. For the active participants, retirees and pensioners of the defined benefit plan, now closed to new members, the present value of the actuarial obligations of the plan is fully covered by guarantee assets.

Banco Alvorada S.A. (successor from the spin-off of Banco Baneb S.A.) maintains variable contribution and defined benefit retirement plans, through Fundação Baneb de Seguridade Social – Bases related to the former employees of Baneb.

Bradesco sponsors both variable benefit and defined contribution retirement plans, through Caixa de Assistência e Aposentadoria dos Funcionários do Banco do Estado do Maranhão (Capof), to employees originating from Banco BEM S.A.

Bradesco sponsors a defined benefit plan through Caixa de Previdência Privada Bec – Cabec for employees of Banco do Estado do Ceará S.A.

Kirton Bank S.A. Banco Múltiplo, Kirton Capitalização S.A., Kirton Corretora de Seguros S.A., Bradesco Kirton Corretora de Câmbio S.A. and Kirton Seguros S.A. sponsor a defined benefit plan called APABA for employees originating from Banco Bamerindus do Brasil S.A., and Kirton Administração de Serviços para Fundos de Pensão Ltda. sponsors for its employees a defined contribution plan, known as the Kirton Prev Benefits Plan (*Plano de Benefícios Kirton Prev*), both managed by MultiBRA – Pension Fund.

Banco Losango S.A. Banco Múltiplo, Kirton Bank S.A. Banco Múltiplo and Credival – Participações, Administração e Assessoria Ltda. sponsor three pension plans for its employees, which are: Losango I Benefits Plan – Basic Part, in the defined benefit mode, Losango I – Supplementary Part and PREVMAIS Losango Plan, the last two in the form of contribution variable, all managed by MultiBRA – Settlor – Multiple Fund.

Bradesco also took on the obligations of Kirton Bank S.A. Banco Múltiplo with regard to Life Insurance, Health Insurance Plans, and Retirement Compensation for employees coming from Banco Bamerindus do Brasil S.A., as well as complementing Retirement and Health Plan of Lloyds employees.

In accordance with CPC 33 (R1) - Employee Benefits, approved by CVM Resolution No. 600/09, Bradesco and its subsidiaries, as sponsors of these plans, considering the economic and actuarial study, have calculated their actuarial commitments using real interest rate and recognize in their financial statements the obligation due. The resources guaranteeing the pension plans are invested in accordance with the relevant legislation (public and private securities, shares of listed companies and properties). Below are the main assumptions used by the independent actuary in the actuarial assessment of our plans, based on CPC 33 (R1):

Bradesco _____

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

Risk factors	On December 31	
	2018	2017
Nominal discount rate	8.8% - 9.31% a.a.	8.5% - 10% p.a.

Benefit paid	(192,870)	(192,042)	(36,602)	(29,260)
At the end of the year	2,530,590	2,323,338	669,093	563,079
(ii) Plan assets at fair value:				
At the beginning of the year	2,375,529	2,127,872	-	-

Edgar Filing: BANK BRADESCO - Form 6-K

Expected earnings	225,060	227,360	-	-
Actuarial gain/(loss)	(61,063)	196,186	-	-
Contributions received:				
Employer	15,472	14,957	-	-
Employees	881	1,197	-	-
Benefit paid	(192,870)	(192,043)	-	-
At the end of the year	2,363,009	2,375,529	-	-
(iii) Changes in the unrecoverable surplus				
At the beginning of the year	206,752	123,416	-	-
Interest on the irrecoverable surplus	20,327	13,730	-	-
Change in the unrecoverable surplus	(173,054)	69,606	-	-
At the end of the year	54,025	206,752	-	-
(iv) Financed position:				
Plans in deficit	221,606	154,561	669,093	563,079
Net balance	221,606	154,561	669,093	563,079

The net cost/(benefit) of the pension plans, recognized in the statement of income, include the following components:

	Years ended December 31 - R\$ thousand	
	2018	2017
Projected benefit obligations:		
Cost of service	151	401
Cost of interest on actuarial obligations	273,893	282,210
Expected earnings from the assets of the plan	(225,060)	(227,360)
Net cost/(benefit) of the pension plans	48,984	55,251

December 2018

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

Maturity profile of the present value of the obligations of the benefit plans defined for the next years:

	On December 31 - R\$ thousand	
	Retirement Benefits	Other post-employment benefits
Weighted average duration (years)	9.86	15.00
2019	202,553	34,171
2020	208,484	35,379
2021	214,845	38,409
2022	220,785	41,560
2023	226,353	45,091
After 2023	1,209,851	278,367

Contributions to defined-benefit plans are expected to total RS 18,282 thousand in 2019.

The long-term rate of return on plan assets is based on the following:

- Medium- to long-term expectations of the asset managers; and
- Public and private securities, a significant portion of the investments portfolio of our subsidiaries, the profitability of which is higher than inflation plus interest, with short to long-term maturities.

The resources guaranteeing the pension plans are invested in accordance with the relevant legislation (public and private securities, shares of listed companies and properties) and the weighted-average allocation of the pension plan's assets by category is as follows:

On December 31

Asset categories	Assets of the Alvorada Plan		Assets of the Bradesco Plan		Assets of the Kirton Plan		Assets of the Losango Plan	
	2018	2017	2018	2017	2018	2017	2018	2017
Equities	-	-	7.9%	4.7%	-	-	17.7%	17.3%
Fixed income	93.3%	92.7%	87.5%	90.6%	100.0%	100.0%	82.3%	82.7%
Real estate	5.4%	5.7%	2.5%	2.6%	-	-	-	-
Other	1.3%	1.6%	2.1%	2.1%	-	-	-	-
Total	100.0%	100.0%	100.0%	100.0%	100.0%	100.0%	100.0%	100.0%

The table below, of the sensitivity analysis of benefit plan obligations, shows the impact on actuarial exposure (8.5% - 10.0% p.a.) by means of the amendment in the premise regarding the discount rate by 1 p.p.:

Rate	Discount rate/Medical inflation rate	Sensitivity Analysis	Effect on actuarial liabilities	Effect on the present value of the obligations
Discount rate	9.80% - 10.31%	Increase of 1 p.p.	reduction	(185,803)
Discount rate	7.80% - 8.31%	Decrease of 1 b.p.	increase	491,193
Medical Inflation	9.16% - 10.72%	Increase of 1 p.p.	increase	74,081
Medical Inflation	7.16% - 8.72%	Decrease of 1 b.p.	reduction	(62,077)

Bradesco, in its offices abroad, provides pension plans for its employees and administrators, in accordance with the standards established by the local authorities, which allows the accrual of financial resources during the professional career of the participant.

Expenses related to contributions made during the year ended on December 31, 2018 was R\$ 942,427 thousand (R\$ 988,905 thousand in 2017).

In addition to this benefit, Bradesco and its subsidiaries offer other benefits to their employees and administrators, including health insurance, dental care, life and personal accident insurance, and professional training. These expenses, including the aforementioned contributions, the amount of R\$ 4,550,580 thousand during the year ended on December 31, 2018 (R\$ 5,594,368 thousand in 2017).

Deferred tax liabilities (Note 31e)	3,110,313	309,959	(1,010,501)	2,409,771
Deferred tax assets, net of deferred tax liabilities	46,670,062	15,662,350	(12,837,995)	49,494,417

(1) Deferred tax assets from financial companies in the financial and insurance sectors were calculated considering the increase in the social contribution rate, determined by Law No.11,727/08 (Note 3h).

December 2018

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

The accounting record of the tax credits was made by the rates applicable to the period provisioned for its realization and is based on the projection of future results and on a technical analysis. Due to being classified in the condition established by art.1, paragraph I of CMN Resolution No. 3,059/02, with amendments introduced by CMN Resolution No. 4,441/15 and article 3 of CMN Circular No. 3,776/15, Bradesco protocolled with Bacen, an authorization request to maintain the stock and constitute new tax credits, which was deferred on January 22, 2019. On December 31, 2018, no tax credits were constituted, substantially, on temporary differences, in the amount of R\$ 485,249 thousand, which will be recorded upon the effective perspectives of realization, according to the technical study and analyses made by the Board and by the Standards of Bacen

d) Expected realization of deferred tax assets on temporary differences, tax loss and negative basis of social contribution

	R\$ thousand				
	Temporary differences		Income tax and social contribution losses		Total
	Income tax	Social contribution	Income tax	Social contribution	
2019	8,309,616	4,981,401	164,345	113,183	13,568,545
2020	7,238,195	4,337,922	202,503	122,821	11,901,441
2021	6,109,818	3,662,543	361,029	217,402	10,350,792
2022	4,546,682	2,725,618	676,636	406,012	8,354,948
2023	1,300,394	761,362	1,931,069	1,188,772	5,181,597
After 2023	321,912	192,963	315,700	863,586	1,694,161
Total	27,826,617	16,661,809	3,651,282	2,911,776	51,051,484

The projected realization of deferred tax assets is an estimate and it is not directly related to the expected accounting income.

On December 31, 2018, the present value of deferred tax assets, calculated based on the average funding interest rate, net of tax effects, amounts to R\$ 48,172,896 thousand (R\$ 46,495,376 thousand in 2017), of which: R\$ 42,277,633 thousand (R\$ 42,108,374 thousand in 2017) relates to temporary differences, R\$ 5,895,263 thousand (R\$ 4,387,002 thousand in 2017) to tax losses and negative basis of social contribution.

e) Deferred tax liabilities

	On December 31 - R\$ thousand	
	2018	2017
Fair value adjustment to securities and derivative financial instruments	57,820	755,304
Difference in depreciation	242,572	283,231
Judicial deposit and others	2,109,379	2,071,778
Total	2,409,771	3,110,313

The deferred tax liabilities of companies in the financial sector were established considering the increased social contribution rate, established by Law No. 11,727/08 (Note 3h).

32) OTHER INFORMATION

a) The Organization manages investment funds and portfolios with net assets which, on December 31, 2018, amounted to R\$ 897,577,143 thousand (R\$ 834,646,218 thousand in 2017).

b) Private Social Investment

During the year of 2018, the Private Social Investments made by Bradesco and other companies in the Prudential Conglomerate amounted to R\$ 110,267 thousand (R\$ 121,160 thousand in 2017).

d) As part of the convergence process with international accounting standards, the Brazilian Accounting Pronouncements Committee (CPC) issued several accounting pronouncements, as well as their interpretations and guidelines, which are applicable to financial institutions only after approval by CMN. Until December 31, 2018, the accounting pronouncements approved by CMN and adopted by Bradesco were as follows:

- Resolution No. 3,566/08 – Impairment of Assets (CPC 01);
- Resolution No. 3,604/08 – Statement of Cash Flows (CPC 03);
- Resolution No. 3,750/09 – Related Party Disclosures (CPC 05);
- Resolution No. 3,823/09 – Provisions, Contingent Liabilities and Contingent Assets (CPC 25);
- Resolution No. 3,973/11 – Subsequent Event (CPC 24);

- Resolution No. 3,989/11 – Share-based Payment (CPC 10 – R1);
- Resolution No. 4,007/11 – Accounting Policies, Changes in Estimates and Error Correction (CPC 23);
- Resolution No. 4,144/12 – Basic Conceptual Pronouncement (R1); and
- Resolution No. 4,424/15 – Employee Benefits (CPC 33 – R1).

Presently, it is not possible to estimate when the CMN will approve the other CPC pronouncements or if they will be applied prospectively or retrospectively.

CMN Resolution No. 3,786/09 and Circular Letter No. 3,472/09 establish that financial institutions and other entities authorized by Bacen to operate, which are publicly-held companies or which are required to establish an Audit Committee shall, since December 31, 2010, annually prepare and publish in up to 90 days after the reference date of December 31 their consolidated financial statements, prepared under the International Financial Reporting Standards (IFRS), as issued by the International Accounting Standards Board (IASB). As required by Resolution, on March 8, 2018, Bradesco published its consolidated financial statements for December 31, 2017 and 2016 on its website, in accordance with IFRS

December 2018

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

e) For the year ended December 31, 2018, in order to simplify existing rules and lower compulsory deposit amounts, Central Bank of Brazil introduced the following changes:

Description	Previous Rule	Current Rule
Time Deposits	Time deposits were subject to compulsory deposits of 34% of the regulatory calculation base.	As from December 31, 2018, compulsory deposits required against time deposits were reduced to 33% on the regulatory calculation base.
	Compulsory deposits for time deposits were subject to amount-base-maturity deduction.	As from December 31, 2018, this deduction has been revoked.
Savings Deposits	Compulsory deposits for savings were 24.5% on regulatory calculation base.	As from May 7, 2018, compulsory deposits required against savings accounts were reduced to 20% on the regulatory calculation base.
Savings Deposits (Rural)	Compulsory deposits for rural savings were 21% on regulatory calculation base.	As from May 7, 2018, compulsory deposits required against rural savings accounts were reduced to 20% on the regulatory calculation base.
Demand Deposits	Compulsory deposits for demand deposits were 40% on the regulatory calculation base, which was altered to 25% for the period from May 7, 2018 to December 28, 2018. The amount deductible from compulsory deposit calculation base for demand deposits corresponded to the arithmetic average of reserve requirements determined in the calculation period was R\$ 70,000,000.00 but rose to R\$ 200,000,000.00 in the period from May 7, 2018 to December 28, 2018. Requirements were based on the sum of the Banking Reserves account's daily balances, from the arithmetic average posted under "1.1.1.10.00-6 Cash", with 40% of the requirement and the balance of deductible transactions (amount-base-demand); the arithmetic mean of	As from December 31, 2018, compulsory deposits required against demand accounts were reduced to 21% on the regulatory calculation base. As from December 31, 2018, the calculation base for compulsory deposits required against demand account deposits will be subject to a R\$ 500,000,000.00 deduction. As from December 31, 2018, the balance of transactions eligible for deduction (amount-base-demand) was revoked. To ensure the requirement is fulfilled, the Banking Reserves account's daily balance is checked. The arithmetic average of these

positions should correspond to 100% of the requirement, and the minimum daily position was 80%. positions should correspond to 100% of the requirement and the daily position to at least 65%.

As of May 7, 2018, balances posted under "1.1.1.10.00-6 Cash" could no longer be used to fulfill compulsory deposit requirements.

f) On July 20, 2018, Odontoprev, a subsidiary of Bradesco Saúde S.A., informed the Market about the proposed acquisition of 100% of the share capital of Odonto System Planos Odontológicos Ltda., a company with head offices in Fortaleza /Ceará, for the amount of R\$ 201,637 thousand, in addition to this amount, the acquisition foresees a variable price for the future, related the achievement of the future targets of growth of the EBITDA for Odonto System on 2018 and 2019. This transaction was approved, with no restrictions, by the Agência Nacional de Saúde Suplementar – ANS (National Supplementary Health Agency), Central Bank of Brazil – BACEN and Administrative Council for Economic Defense – CADE. The transaction was approved by the shareholders of the company, in General Meeting realized in August 6, 2018.

g) On October 2, 2018, Bradesco entered into a strategic partnership with RCB Investimentos S.A., one of the leading companies in the credit management and recovery market in Brazil, after acquiring 65% of its shares. Bradesco expects to add more efficiency to its credit recovery process, as well as actively participate in the credit acquisition market for recovery.

h) On December 31, 2018, Bradesco and the Fidelity Group concluded the termination of its joint venture in Fidelity Processadora S.A. ("Processing Company"), whereby Bradesco will be the sole shareholder of the Processing Company, whose shareholders' equity is composed exclusively of the assets and liabilities relating to the provision of credit card processing services to the Bradesco Organization. The operation (a) aims to reduce the costs of processing and the increase in the efficiency of the credit card business; (b) will not have any impact on the activities and clients of Bradesco; and (c) did not involve any financial values. The parties, Bradesco and Fidelity Group, will also maintain their association in Fidelity Serviços S.A., a company that provides call center services, collection, fraud prevention, support and other related services.

Bradesco _____

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Independent Auditors' Report on the Consolidated Financial Statements of Prudential Conglomerate

To

Shareholders and the Board of Directors of

Banco Bradesco S.A.

Osasco – SP

Opinion

We have audited the consolidated financial statements of the Prudential Conglomerate of Banco Bradesco S.A. ("Bradesco"), which comprise the consolidated balance sheet as of December 31, 2018 and the respective consolidated statements of income, changes in shareholders' equity and cash flows for the six-month period and for the year then ended, and notes, comprising significant accounting policies. These special purpose financial statements have been prepared in accordance with specific procedures established by Resolution 4280, dated October 31, 2013, of the National Monetary Council (CMN) and supplementary regulations of the Central Bank of Brazil (BACEN), described in the note 2 – Presentation of the financial statements.

In our opinion, the accompanying consolidated financial statements of the Prudential Conglomerate present fairly, in all material respects, the consolidated financial position of the Prudential Conglomerate of Bradesco as of December 31, 2018, the consolidated performance of its operations and its respective consolidated cash flows, for the six-month period and for the year then ended, in accordance with the Resolution 4280/13 of CMN, and supplementary regulations of BACEN, for the preparation of special purpose consolidated financial statements, as described in the note 2 to the financial statements.

Basis for opinion

We conducted our audit in accordance with Brazilian and International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the "The Auditor's responsibilities for the audit

of the consolidated financial statements of the Prudential Conglomerate” section. We are independent of Bradesco and its subsidiaries, in accordance with the ethical requirements established in the Accountant’s Professional Ethics Code and the professional standards issued by the Federal Accounting Council, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis

We draw attention to note 2 to the consolidated financial statements that disclose that the consolidated financial statements of the Prudential Conglomerate of Bradesco were prepared by Bradesco’s management to meet the requirements of Resolution 4280/13 of CMN, and supplementary regulations of BACEN. Consequently, our report on these consolidated financial statements has been prepared solely for meeting these specific requirements and thus may not be appropriate for other purposes. Our opinion is not modified in relation to this topic.

Key Audit Matters

Key audit matters are those that, in our professional judgment, were of most significance in our audit of the six-month period and for the year ended on December 31, 2018. These matters were addressed in the context of our audit of the consolidated financial statements of the Prudential Conglomerate as a whole, and in forming our opinion thereon, and, we do not express a separate opinion on these matters.

- **Allowance for doubtful accounts**

As disclosed in Notes 3g and 8, for purposes of measuring the allowance for doubtful accounts, which total amount shown in the consolidated financial statements of Prudential Conglomerate is R\$ 35,007,179 thousand, Bradesco classifies its loans (which comprise loans, leasing, advances on foreign exchange contracts, other receivables with credit characteristics), into nine risk levels, taking into account inputs and assumptions, from clients and operations, such as late payments, economic and financial position, indebtedness level, economic sector, collateral characteristics, and the other factors and assumptions described in CMN Resolution No 2.682/99, with rating “AA” being the minimum risk level, and “H” the maximum risk level. Bradesco initially applies the loss percentages established in such Resolution for each

December 2018

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Independent Auditors' Report on the Consolidated Financial Statements of Prudential Conglomerate

risk level for purposes of calculating the allowance and further increases the allowance, when necessary, based on additional internal evaluations (excess provision). The loans classification into risk levels as well as the loss percentages related to each risk level requires Bradesco to make assumptions and judgments, based on its internal risk classification methodologies, and the allowance for doubtful accounts represent Bradesco's best estimate of the portfolio losses. Due to the relevance of loans and the uncertainties related to the estimate of the allowance for doubtful accounts, we consider this as a significant matter in our audit.

How our audit approached this matter

We evaluated the design and operating effectiveness of the internal controls related to the loans approval, recording and accrual processes as well as the internal risk rating methodologies that support the classification of transactions, the main assumptions used for calculation and the arithmetic accuracy of the allowance for doubtful accounts. We also evaluated, on a sample basis, whether Bradesco met the minimum requirements established by the CMN Resolution 2682/99, related to the determination of the allowance for doubtful accounts. We also evaluated whether the disclosures made in the consolidated financial statements of Prudential Conglomerate, described in Notes 3g and 8.

Based on the evidence obtained from the procedures summarized above, we considered adequate the Bradesco's estimate of the allowance for doubtful accounts, as well as the respective disclosures in the context of the consolidated financial statements of Prudential Conglomerate taken as a whole.

- **Measurement of financial instruments with no observable market prices or parameters**

As disclosed in the Notes 3e, 3f and 6, derivative financial instruments amount to R\$ 14,722,051 thousand (assets) and R\$ (16,124,501) thousand (liabilities), available-for-sale securities amount to R\$ 182,282,394 thousand and trading securities amount to R\$ 32,843,892 thousand. These instruments, measured at market value, are relevant to the consolidated financial statements of the Prudential Conglomerate of Bradesco. For the financial instruments whose market prices or parameters are not observable, the determination of market values is subject to a high level of uncertainty according as Bradesco performs significant judgments to estimate these values. In addition, financial assets classified as Available for Sale

and Held to Maturity are also evaluated in relation to evidence of impairment losses. Therefore, we consider the measurement of the market value of these financial instruments as a significant matter in our audit.

How our audit approached this matter

As part of our procedures, we evaluated the design and operating effectiveness of the relevant internal controls implemented by Bradesco to mitigate the risk of material misstatement in the consolidated financial statements of Prudential Conglomerate arising from uncertainties in the market value measurement of financial instruments. For a sample of financial instruments which market value measurement prices or parameters are not observable, we evaluated, with the technical support of our specialists in financial instruments, whenever necessary, the models developed by Bradesco for determining market values and the reasonableness of data, parameters and information included in the pricing models used and we recalculated, on a sample basis, the market value of these transactions, as well as we reviewed the criteria and policies related to indications of evidence of impairment losses. Our procedures also included the evaluation of the Bradesco's disclosures in the consolidated financial statements of Prudential Conglomerate in Notes 3e, 3f and 6.

Based on the evidence obtained from the procedures summarized above, we considered adequate the market value measurement of the financial instruments and the respective disclosures in the context of the consolidated financial statements of Prudential Conglomerate taken as a whole.

- **Provisions and contingent liabilities - tax, civil and labor**

As described in Notes 3o and 16, Bradesco is defendant in lawsuits of tax, civil and labor nature, related to the normal course of its activities, which total provision recognized in the consolidated financial statements of Prudential Conglomerate amounts to R\$ 7,111,865 thousand, R\$ 4,445,739 thousand, and R\$ 5,687,916 thousand, respectively. Some laws regulations and legal disputes in Brazil have high complexity levels, and, therefore, the measurement, recognition and disclosure of Provisions and Contingent Liabilities, related to lawsuits, and/or, in certain cases, adherence to laws and regulations, require Bradesco's professional judgment. Due to the relevance, complexity and judgment involved in the evaluation, measurement, disclosures related to Provisions and Contingent Liabilities as well as the compliance with laws and regulations, we consider this as a significant matter in our audit.

Bradesco _____

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Independent Auditors' Report on the Consolidated Financial Statements of Prudential Conglomerate

How our audit approached this matter

Our audit procedures included the evaluation of the design and operating effectiveness of the internal controls related to the identification, evaluation, measurement and disclosure of Provisions and Contingent Liabilities, as well as those related to the compliance with laws and regulations. Additionally, we evaluated the sufficiency of the recognized provisions and disclosed contingency amounts, by evaluating the criteria and assumptions adopted in the measurement methodology, considering the assessment of the internal and external legal advisors of Bradesco, as well as historical data and information. This work included, whenever necessary, the involvement of our legal experts in the evaluation of the likelihood of unfavorable outcome and of the documentation and information related to the main tax, matters involving Bradesco. We also evaluated whether the disclosures in the consolidated financial statements of Prudential Conglomerate are in accordance with the applicable accounting practices and provide information on the nature, exposure and amounts of provisions or disclosures related to the main tax, civil and labor matters in which Bradesco is involved.

Based on the evidence obtained from the procedures summarized above, we considered adequate Bradesco's estimate of the provisions and contingent liabilities, as well as the respective disclosures in the context of the consolidated financial statements taken as a whole.

- **Impairment of assets**

The consolidated financial statements include deferred tax assets in the amount of R\$ 49,780,375 thousand (Note 31c) and intangible assets, which include goodwill on acquisitions in the amount of R\$ 7,958,780 thousand and other intangible assets in the amount of R\$ 2,338,353 thousand (Note 13a) which realization is substantiated on future profitability based on business plans and budgets prepared by Bradesco and which are supported by several economic and business assumptions, among others. As described in Notes 3h, 3l and 3m, considering the frequent changes that occur in the economic or regulatory environment of the markets where it operates, Bradesco continuously evaluate the assumptions and estimates of taxable profit, profitability of the cash generating units (CGU) to which goodwill and intangible assets are allocated, growth rates, discount rates, and cash flow projections, or at least, indications of evidence of impairment losses of the assets. Due to the level of judgment inherent in the determination of these estimates and the potential impact that eventual changes in the assumptions could

cause in the consolidated financial statements, we consider that this area is relevant to our audit.

How our audit approached this matter

On a sample basis, we tested the design and operating effectiveness of the relevant internal controls related to Bradesco's assessment of indicators that the related assets may have suffered devaluation. Additionally, we evaluated, with the technical support of our corporate finance specialists, whenever necessary, the reasonableness and consistency of the data and assumptions used for preparing this assessment. We also made the analysis of the reasonableness of the mathematical calculations included in the technical study to support the tax credits. Our procedures also included the evaluation of the disclosures made by Bradesco in the consolidated financial statements of the Prudential Conglomerate.

Based on the evidence obtained from the procedures summarized above, we considered adequate the measurement of impairment and the respective disclosures in the context of the consolidated financial statements taken as a whole.

- **Technical Provisions – Insurance and Pension Plans – recorded as investments measured under the equity method**

As mentioned in Notes 30 and 20, Bradesco has liabilities related to insurance contracts and pension plans denominated Technical Provisions, in the amount of R\$ 250,568,252 thousand, which includes, among others, the following provisions that involves judgment: Provisions for Incurred and Unreported claims (IBNR) in the amount of R\$ 4,332,935 thousand, Provisions for Claims Incurred and Not Sufficiently Reported (IBNeR) and Provisions for Losses to be Liquidated (PSL) in the amount of R\$ 5,818,525 thousand,

December 2018

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Independent Auditors' Report on the Consolidated Financial Statements of Prudential Conglomerate

Provisions for Unearned Premiums in the amount of R\$ 158,535 thousand, Mathematical Provisions of Benefits to be Granted - Insurance in the amount of R\$ 1,218,860 thousand, Mathematical Provisions of Benefits Granted in the amount of R\$ 8,833,164 thousand, Provisions for Premiums Insufficiency (PIP) in the amount of R\$ 2,133,130 thousand, Provisions for Related Expenses in the amount of R\$ 558,190 thousand and Other Technical Provisions in the amount of R\$ 2,007,136 thousand. Provisions identified above, as well as the liabilities adequacy test, requires judgment in the selection of methodologies and assumptions which includes, among others, expectations of loss ratio, mortality, longevity, persistency, conversion into income and interest rates. Due to the relevance of Bradesco's judgment, subjectivity, uncertainties and the impact that eventual changes in assumptions and methodologies would have in the amount of Technical Provisions, we consider this matter relevant to our audit.

How our audit approached this matter

On a sample basis, we tested the design and operating effectiveness of the significant internal controls related with the processes; of calculation and measurement of the above mentioned Technical Provisions and the liability adequacy test. With the technical support of our actuarial specialists, we evaluate the methodologies, the consistency of data and reasonability of the assumptions, such as expectations of loss ratio, mortality, longevity, persistency, conversion into income and interest rates used for measuring the Technical Provisions and the liabilities adequacy test, as well as, on a sample bases, the recalculation of the technical provisions and the liabilities adequacy test. Our audit procedures also included the evaluation of the disclosures made in the consolidated financial statements adherence to regulation and disclosure to financial instruments asset offered to cover Technical Reserves.

Based on evidence obtained from the procedures summarized above, we considered Bradesco's estimate for the technical provisions of insurance and pension plans, as well as the respective disclosures adequate in the context of the consolidated financial statements as of December 31, 2018 taken as a whole.

- **Application controls and information technology general controls**

Bradesco has a technological structure as well as a technology investment plan for conducting its business. The technology environment has processes of access management and changes in the systems and applications, development of new programs, besides automated controls and/or controls with automated components in the several relevant processes. In order to maintain its operations, Bradesco provides its employees with access to systems and applications, taking into account the duties performed by them and within its organizational structure. The controls to authorize, monitor, restrict, and/or revoke the respective accesses to this environment are important to assure that the accesses and information updates are appropriately performed and by the appropriate professionals, to mitigate the potential risk of fraud or error arising from inappropriate access or change in a system or information, and to guarantee the integrity of the financial information and accounting records. In view of the high investment level and heavy dependence of Bradesco on its technology systems, the high daily volume of processed transactions, and the importance of access controls and the management of changes in its systems and applications, we consider that this area is relevant to our audit.

How our audit approached this matter

The design and operating effectiveness of access controls, such as authorization of new users, revocation of terminated users, and periodic monitoring of active users were tested, on a sample basis, with the assistance of our information technology specialists, whenever we plan to rely on specific information extracted from certain systems considered relevant for the purpose of preparing the financial statements. In areas where our judgment is highly dependent on information technology, our tests included assessing password policies, security settings, and control over developments and changes in systems and applications. In addition, when we identify key internal controls for the financial reporting process and other relevant fully automated processes or with some component dependent on systems and applications, we tested, with the assistance of our information technology specialists, the design and operating effectiveness of these controls.

The evidence obtained from the above summarized procedures has allowed us to consider information from certain systems to plan the nature, time and extension of our substantive tests in the context of the consolidated financial statements of Prudential Conglomerate taken as a whole.

Bradesco _____

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Independent Auditors' Report on the Consolidated Financial Statements of Prudential Conglomerate

Other matters

Bradesco prepared a set of general-purpose financial statements for the year ended December 31, 2018, in accordance with accounting practices adopted in Brazil applicable to institutions authorized to operate by the Central Bank of Brazil, on which we issued an audit report without modifications dated January 30, 2019.

Statements of added value

The consolidated statement of added value (DVA) for the six-month period and for the year ended December 31, 2018, prepared under the responsibility of Bradesco's management, and presented as supplementary information in relation to the special purpose required by Resolution 4280, dated October 31, 2013, of the National Monetary Council (CMN) and supplementary regulations of the Central Bank of Brazil (BACEN), are subjected to audit procedures performed in conjunction with the audit of the consolidated financial statements of the Prudential Conglomerate of Bradesco. In order to form our opinion, we assessed whether those statements are reconciled with the consolidated financial statements of the Prudential Conglomerate and accounting records, as applicable, and whether their format and contents are in accordance with criteria determined in the Technical Pronouncement 09 (CPC 09) - Statement of Value Added issued by the Committee for Accounting Pronouncements (CPC). In our opinion, the statements of value added have been fairly prepared, in all material respects, in accordance with the criteria determined by the aforementioned Technical Pronouncement, and is consistent with the overall consolidated financial statements of the Prudential Conglomerate taken as whole.

Responsibilities of management and those in charge with governance for the consolidated financial statements of the Prudential Conglomerate

Management is responsible for the preparation and fair presentation of the consolidated financial statements of the Prudential Conglomerate in accordance with Resolution 4280/13 of CMN, and

supplementary regulations of BACEN, which main criteria and accounting practices are described in note no 2 to the financial statements, and the internal controls as management determines is necessary to enable the preparation of consolidated financial statements of the Prudential Conglomerate that are free from material misstatement whether due to fraud or error.

In preparing the consolidated financial statements of the Prudential Conglomerate, management is responsible for assessing Bradesco's ability to continue as going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting, unless management either intends to liquidate Bradesco and its subsidiaries or to cease operations, or there has no realistic alternative but to do so.

Those charged with governance of Bradesco and its subsidiaries are those responsible for overseeing Bradesco's financial reporting process in preparing the consolidated financial statements of the Prudential Conglomerate.

Auditor's responsibilities for the audit of the consolidated financial statements of the Prudential Conglomerate

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements of the Prudential Conglomerate, prepared by the management in accordance with Resolution 4280/13 of CMN, and supplementary regulations of BACEN, as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Brazilian and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements of Prudential Conglomerate.

As part of an audit in accordance with the Brazilian and International Standards on Auditing, taking into account NBC TA 800 (Special Conditions - Auditing of Financial Statements according to Special Purpose Accounting Structures), we exercise professional judgment, and maintain professional skepticism throughout the audit. We also:

December 2018

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Independent Auditors' Report on the Consolidated Financial Statements of Prudential Conglomerate

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and performed audit procedures responsive to those risks, and obtained audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting material misstatement resulting from fraud is higher than for the one resulting from error, as fraud may involve collusion, forgery, intentional omission or misrepresentations, or the override of internal controls.
- Obtain an understanding of internal control relevant to the audit to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bradesco and its subsidiaries internal control.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of accounting estimates and related disclosures made by Bradesco.
- Conclude on the appropriateness of management's use of the going concern basis of accounting, and, based on the audit evidence obtained, whether material uncertainty exists related to events or conditions that may cast significant doubt on Bradesco's and its subsidiaries ability to continue as going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements, or if such disclosures are inadequate to modify our opinion. Our conclusions are based on the audit evidences obtained up to the date of our auditor's report. However, future events or conditions may cause Bradesco and its subsidiaries to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements of Prudential Conglomerate, including the disclosures and whether the consolidated financial statements of Prudential Conglomerate represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements of Prudential Conglomerate. We are responsible for the direction, supervision and performance of group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provided those charged with governance with a statement that we have complied with the relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determined those matters that were of most significance in the audit of the consolidated financial statements of Prudential Conglomerate for the six-month period and the year ended on December 31, 2018, and are therefore the key audit matters. We describe these matters in our auditor's report, unless law or regulation precludes public disclosure about the matters, or when, in extremely rare circumstances, we determine a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefit of such communication.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
