**Item 2.05 Costs Associated with Exit or Disposal Activities.**

On September 28, 2005, authorized officers of Analogic Corporation (the "Registrant") committed the Registrant to a plan to restructure the business operations of its wholly-owned subsidiary, Sky Computers, Inc. ("Sky"), and the business operations of Sky's wholly-owned subsidiary, Sky Computers (Europe) Ltd. (the "Plan"), under which material charges will be incurred under generally accepted accounting principles applicable to the Registrant. The Plan involves terminating the employment of approximately forty (40) employees of Sky and Sky-Europe between October 14, 2005 and July 31, 2006, the end of the Registrant's current fiscal year. More than half of those employees will be terminated during the Registrant's current fiscal quarter, most of whom have been engaged in product development, sales, and administrative activities. The employees who are to remain after the end of the Registrant's current fiscal quarter have been and will continue to be engaged principally in the manufacturing and sale of Sky's legacy products and supporting Sky's and Sky Europe's installed customer base. The decision to engage in the Plan is based on continued lower than expected sales by Sky and Sky Europe. The expected completion date for the Plan is July 31, 2006.

There are three major types of costs associated with the Plan: personnel-related costs, such as severance pay; the write-down of certain capital assets; and the write-down of certain inventory. The amount estimated by the Registrant for each of these categories ranges from \$0.9 million to \$1.0 million, from \$0.35 million to \$0.4 million, and from \$1.1 million to \$1.3 million, respectively. The Registrant estimates that the total costs to be incurred related to this Plan to be \$2.35 million to \$2.7 million.

The Registrant will record charges incurred in connection with the Plan of approximately \$1.9 million to \$2.25 million during the quarter ending October 31, 2005. The Registrant estimates that \$0.45 million of personnel-related charges will be incurred and recorded during the nine month period ended July 31, 2006. The Registrant believes that cash expenditures incurred subsequent to the quarter ended October 31, 2005 will approximate \$0.45 million in personnel-related charges.

**Item 2.06 Material Impairments.**

As noted in Item 2.05 above, authorized officers of the Registrant concluded on September 28, 2005 that a material charge for impairment is required under generally accepted accounting principles applicable to the Registrant, in connection with the write down of the capital assets and the write-down of the inventory identified in Item 2.05 above. The Registrant's conclusion that the asset impairment charge, which is estimated to range from \$1.45 million to \$1.7 million and which will be incurred in the current quarter ending October 31, 2005, is required as a result of the decision to engage in the Plan

The Registrant does not believe that the impairment charge will result in any future cash expenditures
