Item 8.01 Other Events.

On February 19, 2009, La Jolla Pharmaceutical Company (the "Company") issued a press release announcing that, following the negative results of the Riquent Phase 3 interim efficacy analysis, the Company is taking steps to reduce costs to preserve its remaining cash and other assets, including a substantial reduction in personnel and other operating expenses. In addition to working to maximize the value of the Company's cash and remaining assets, the Company is evaluating strategic options such as winding down the business or the sale of the Company. Although the Company has not committed to a plan of disposition of these assets, it does not expect that there will be any significant remaining assets available for distribution to the Company's stockholders following the satisfaction of existing obligations.
