Item 7.01. Regulation FD Disclosure.

On August 6, 2010, CMS Energy Corporation (CMS Energy) announced that effective with the dividend payable Nov. 30, it will increase its quarterly common stock dividend to 21 cents per share, up from 15 cents per share. This increase moves up CMS Energy 's typical practice of raising its dividend in January, and was made at this time to coincide with an adjustment to its five-year plan.

CMS Energy plans to reduce its investments by about \$1 billion over the next five years, which will moderate future rate increases to its customers. CMS Energy still expects to invest more than \$6 billion over the next five years in the operations of its Michigan electric and natural gas utility, Consumers Energy, and it remains one of the largest investors in the state of Michigan.

Consistent with the change in its capital investment plan, CMS Energy also said it is adjusting its projection for long-term earnings per share growth to 5 percent to 7 percent annually from the previous range of 6 percent to 8 percent per year.

CMS Energy also reaffirmed its guidance for 2010 adjusted earnings of \$1.35 per share.

John Russell, CMS Energy 's president and chief executive officer, and Tom Webb, CMS Energy 's executive vice president and chief financial officer, will discuss CMS Energy 's dividend increase, capital investment plan, and provide a business and financial outlook at 9 a.m. EDT on Tuesday, Aug. 10. The presentation will be available on CMS Energy 's website, www.cmsenergy.com.
