Exhibit 1

Euroseas Ltd. Announces Delivery of Acquired Container Vessel and Sale of Feeder Container Vessel

Maroussi, Athens, Greece December 27, 2017 Euroseas Ltd. (NASDAQ: ESEA) (the Company), an owner and operator of drybulk and container carrier vessels and provider of seaborne transportation for drybulk and containerized cargoes, announced today that it took delivery of M/V Akinada Bridge, a 5,600 teu post-panamax size container

vessel built in 2001 in South Korea, which the Company had previously agreed to acquire. Following its delivery, the vessel will commence during the first week of January, a 50-120 day charter at a gross daily rate of \$11,250. The sale of this vessel concludes the disposition of the vessels of Euromar LLC, a wholly-owned subsidiary of the Company that previously was partially owned by the Company.

Furthermore, the Company announced that it sold one of its 90 s-built container feeder vessels, M/V Aggeliki P, a 2,008 teu vessel built in 1998, for a gross price of about \$4.6 million. The vessel which has already been delivered to its new owners was due for her special survey.

Aristides Pittas, Chairman and CEO of Euroseas, commented: We are very pleased to complete the present phase of our fleet growth and renewal program which, we believe, has positioned Euroseas to take advantage of the recovering shipping markets. For both drybulk and containership sectors, the orderbook-to-fleet ratio is near its lowest levels of the last two decades indicating minimal supply pressure over the next couple of years. Maintenance of the present market levels should return Euroseas to profitability while any strengthening of the charter rates should provide significant upside to our shareholders and, we hope, also reduce the significant discount to net asset value our stock trades at. We continue to pursue accretive growth opportunities and, as we have stated, consider mergers with other fleets either on a combined fleet basis or separately for the drybulk or container vessels of our fleet.

About Euroseas Ltd.:

Euroseas Ltd. was formed on May 5, 2005 under the laws of the Republic of the Marshall Islands to consolidate the ship owning interests of the Pittas family of Athens, Greece, which has been in the shipping business over the past 140 years. Euroseas trades on the NASDAQ Capital Market under the ticker ESEA.

Euroseas operates in the dry cargo, drybulk and container shipping markets. Euroseas' operations are managed by Eurobulk Ltd., an ISO 9001:2008 and ISO 14001:2004 certified affiliated ship management company which is responsible for the day-to-day commercial and technical management and operations of the vessels. Euroseas employs its vessels on spot and period charters and through pool arrangements.

The Company has a fleet of 17 vessels in the water, including one Kamsarmax drybulk carrier, three Panamax drybulk carriers, one Ultramax drybulk carrier, one Handymax drybulk carrier, ten Feeder containerships and one post-panamax containership; in addition to the fleet in the water, the Company has a Kamsarmax newbuilding contract. With the addition of the Kamsarmax newbuilding, Euroseas will have seven drybulk carriers with a total cargo capacity of 499,753 dwt, and after the acquisition and sale described above, the Company has eleven containerships with a total cargo capacity of 25,473 teu.

Forward Looking Statement: This press release contains forward-looking statements (as defined in Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended) concerning future events and the Company's growth strategy and measures to implement such strategy; including

expected vessel acquisitions and entering into further time charters. Words such as "expects," "intends," "plans," "believes," "anticipates," "hopes," "estimates," and variations of such words and similar expressions are intended to identify forward-looking statements. Although the Company believes that the expectations reflected in such forward-looking statements are reasonable, no assurance can be given that such expectations will prove to have been correct. These statements involve known and unknown risks and are based upon a number of assumptions and estimates that are inherently subject to significant uncertainties and contingencies, many of which are beyond the control of the Company. Actual results may differ materially from those expressed or implied by such forward-looking statements. Factors that could cause actual results to differ materially include, but are not limited to changes in the demand for dry bulk vessels and container ships, competitive factors in the market in which the Company operates; risks associated with operations outside the United States; and other factors listed from time to time in the Company's filings with the Securities and Exchange Commission. The Company expressly disclaims any obligations or undertaking to release publicly any updates or revisions to any forward-looking statements contained herein to reflect any change in the Company's expectations with respect thereto or any change in events, conditions or circumstances on which any statement is based.
