Item 1.01 Entry into a Material Definitive Agreement.

On July 2, 2012, Palatin Technologies, Inc. (the “**Company**”) entered into a purchase agreement (the “**Purchase Agreement**”) with funds under the management of QVT Financial LP (collectively, the “**QVT funds**”) relating to the issuance and sale for \$35,000,000 of 3,873,000 shares of the Company’s common stock, par value \$0.01 per share (“**Common Stock**”), Series A warrants (the “**Series A Warrants**”) to purchase 31,988,151 shares of Common Stock, and Series B warrants (the “**Series B Warrants**” and together with the Series A Warrants, the “**Warrants**”) to purchase 35,488,380 shares of Common Stock.

The Series A Warrants are immediately exercisable at an exercise price of \$0.01 per share, subject to adjustment, and expire ten years from the date of issuance. The Series B Warrants are exercisable at an exercise price of \$0.01 per share, subject to adjustment, if and when the Company’s stockholders increase the number of its authorized shares of Common Stock (the “**Authorized Share Increase**”), and expire ten years from the date of the Authorized Share Increase. The holders may exercise the Warrants on a cashless basis. The Warrants are subject to a blocker provision prohibiting exercise of the Warrants if the holder and its affiliates would beneficially own in excess of 9.99% of the total number of shares of common stock of the Company following such exercise (as may be adjusted to the extent set forth in the Warrant). The Warrants also provide that in the event of a Company Controlled Fundamental Transaction (as defined in the Warrants), the Company may, at the election of the Warrant holder, be required to redeem all or a portion of the Warrants at the Black Scholes Value (as defined in the Warrants). The Series B Warrants provide that if the Authorized Share Increase does not occur on or before September 30, 2012, the Company shall be required to (i) again seek an Authorized Share Increase and (ii) pay any holder of the Series B Warrants, until such time as the Authorized Share Increase occurs, interest at a rate of 10.0% per annum on the Series B Warrants. If the Authorized Share Increase does not occur on or before June 30, 2013, then upon a Put Notice (as defined in the Warrants) at the election of the Warrant holder, the Company will be required to pay a Redemption Price (as defined in the Warrants) for any and all warrants tendered.

The Purchase Agreement provides that the QVT funds shall have certain rights, so long as the QVT funds in the aggregate beneficially own specified amounts of the outstanding shares of Common Stock of the Company, and contains certain restrictive covenants in effect so long as the QVT funds continue to hold specified amounts of Warrants

and/or beneficially own specified amounts of the outstanding shares of Common Stock. The Purchase Agreement also contains other customary representations, warranties and agreements by the Company, customary conditions to closing, representations of the parties and other obligations of the parties. The representations, warranties and covenants contained in the Purchase Agreement were made only for purposes of such agreement and as of specific dates, were solely for the benefit of the parties to such agreement, and may be subject to limitations agreed upon by the contracting parties.

The offering was entered into on July 2, 2012 and the net proceeds to the Company were approximately \$34.5 million, after deducting estimated offering expenses payable by the Company and excluding the proceeds to the Company, if any, from the exercise of the Warrants to be issued in the offering.

The offering is being made pursuant to an exemption from registration under section 4(2) of the Securities Act of 1933, as amended. The Company has undertaken, pursuant to the registration rights agreement (the “**Registration**

Rights Agreement”) between the Company and the QVT funds dated July 2, 2012, to file one or more registration statements to register the Common Stock issued in the offering and issuable upon exercise of the Warrants.

The foregoing descriptions of the Purchase Agreement, the Registration Rights Agreement and the Warrants are not complete and are qualified in their entirety by reference to the full text of the Purchase Agreement, the Registration Rights Agreement, the Form of Series A Common Stock Purchase Warrant and the Form of Series B Common Stock Purchase Warrant, copies of which are filed as Exhibit 10.1, Exhibit 10.2, Exhibit 4.1 and Exhibit 4.2, respectively, to this report and are incorporated by reference herein.

The Company issued a press release on July 2, 2012 announcing the pricing of the offering, which press release is attached as Exhibit 99.1 to this report.

Item 3.02 Unregistered Sales of Equity Securities

The details of this transaction are described in Item 1.01, which is incorporated in its entirety by this reference into this Item 3.02.
