Q: Where can I find more information about Dynabazaar and L Q Corporation?

A: You can find more information about Dynabazaar and L Q Corporation from reading this joint proxy statement/prospectus and the various sources described in this joint proxy statement/prospectus under the section entitled Where You Can Find More Information beginning on page [__] of this joint proxy statement/prospectus.

Q: What percentage of Dynabazaar capital stock will former stockholders of L Q Corporation common stock own after the merger?

A: Following the merger, the former stockholders of L Q Corporation will own approximately 34% of the shares of outstanding capital stock of Dynabazaar on a fully diluted basis. The foregoing calculation is based on [_____] shares of Dynabazaar common stock outstanding as of [_____, 2006] and [_____] shares of L Q Corporation common stock outstanding as of [_____, 2006], including the effect of outstanding options and any other stock-based awards to purchase Dynabazaar or L Q Corporation common stock.

Q: What do I need to do now?

A: After you carefully read this joint proxy statement/prospectus, mail your signed proxy card in the enclosed return envelope. In order to assure that your vote is recorded, please vote your proxy as soon as possible even if you currently plan to attend your meeting in person. If you own your shares in street name through a broker or bank, you must instruct your bank or broker how to vote your shares using the enclosed voting instruction card.

Q: Why is my vote important?

A: If you do not return your proxy card or vote in person at your special meeting, it will be more difficult for Dynabazaar and L Q Corporation to obtain the necessary quorum to transact business at their special meetings. In addition, your failure to vote will have the

same effect as a vote against the adoption of the amended and restated merger agreement, and in the case of Dynabazaar stockholders, your failure to vote will have the same effect as a vote against the amendment to Dynabazaar's certificate of incorporation to

change the corporate name and against the amendment to Dynabazaar's certificate of incorporation to declassify the board of directors.

Q: What risks should I consider in deciding whether to vote in favor of the issuance of Dynabazaar common stock in connection with the merger or the adoption of the amended and restated merger agreement?

A: You should carefully review the section of this joint proxy statement/prospectus entitled "Risk Factors" beginning on page [___], which presents risks and uncertainties relating to the merger and the businesses of each of Dynabazaar and L Q Corporation.

Q: How do I instruct my broker or bank to vote in connection with the adoption of the amended and restated merger agreement or the issuance of Dynabazaar common stock in connection with the merger?

A: If your shares are held by a broker, bank or other nominee, you must follow the instructions on the form you receive from your broker, bank or other nominee in order for your shares to be voted. Please follow their instructions carefully. Also, please note that if the holder of record of your shares is a broker, bank or other nominee and you wish to vote at the special meeting, you must request a legal proxy from the bank, broker or other nominee that holds your shares and present that proxy and proof of identification at the special meeting to vote your shares. Based on the instructions provided by the broker, bank or other holder of record of their shares, street name stockholders may generally vote by mail, by methods listed on the voting instruction card or in person with a proxy from the record holder.

Q: If my shares are held in street name, will my broker vote my shares for me?

A: If you do not provide your broker with instructions on how to vote your street name shares, your broker will not be permitted to vote them for, in the case of L Q Corporation stockholders, the adoption of the amended and restated merger agreement, and, in the case of Dynabazaar stockholders, the adoption of the amended and restated merger agreement, the adoption of the amendment to Dynabazaar's certificate of incorporation to change the corporate name and the adoption of the amendment to Dynabazaar's certificate of incorporation to declassify the board.

Q: If my shares are held in street name, what if I fail to instruct my broker or bank?

A: If you fail to instruct your broker or bank to vote your shares and the broker or bank submits an unvoted proxy, the resulting broker non-votes will be counted toward a quorum at the respective special meeting but they will not be voted and they will have the consequences set forth above under "Why is my vote important?"

Q: Can I change my vote after I have mailed my proxy card?

A: You can change your vote at any time before your proxy card is voted at your company's special meeting. You can do this in one of the following ways:

delivering a signed written notice to your company's Secretary before the meeting that you have revoked your proxy;

delivering a valid, later-dated proxy by mail; or

voting by ballot at either the Dynabazaar special meeting or the L Q Corporation special meeting, as applicable. Your attendance at either of the special meetings alone will not revoke your proxy.

If you have instructed a broker or bank to vote your shares by executing a voting instruction card, you must follow directions from your broker or bank to change those instructions.

Q: Should I send in my stock certificates now?

A: No. If Dynabazaar and L Q Corporation stockholders approve the adoption of the amended and restated merger agreement, after the merger is completed, Dynabazaar will send L Q Corporation stockholders written instructions for exchanging their stock certificates. Dynabazaar stockholders will keep their existing stock certificates.

Q: Am I entitled to appraisal rights?

A: Under Delaware law, L Q Corporation stockholders will be entitled to appraisal rights in the merger. This means that you are entitled to have the value of your shares determined by the Delaware Court of Chancery and to receive payment based on that valuation, together with a fair rate of interest, if any, as determined by the court.

Generally, to exercise your appraisal rights, you must deliver a written demand for appraisal to L Q Corporation before the vote with respect to the amended and restated merger agreement is taken, you must not vote in favor of the approval and adoption of the amended and restated merger agreement and you must continuously hold your shares of L Q Corporation's common stock from the date you make your demand for appraisal through the effective date of the merger. Your failure to follow the procedures specified under Delaware law, as described in Section 262 of the General Corporation Law of the State of Delaware (the "DGCL"), will result in the loss of your appraisal rights. A copy of Section 262 of the DGCL is attached to this proxy statement as Annex B.

All shares of Dynabazaar common stock to be received by L Q Corporation stockholders in connection with the merger will be freely transferable unless the holder is an affiliate of L Q Corporation prior to the merger or an affiliate of Dynabazaar after the merger.

Appraisal Rights (See page [__])

Under Delaware law, holders of L Q Corporation common stock are entitled to appraisal rights in connection with the merger. Holders of Dynabazaar common stock are not entitled to appraisal rights in connection with the merger. See "The Merger - Appraisal Rights" on page [__].

Accounting Treatment of the Merger (See page [__])

The merger will be accounted for as a purchase transaction for Dynabazaar, as the acquiror, for financial reporting and accounting purposes under U.S. generally accepted accounting principles.

United States Federal Income Tax Consequences of the Merger (See page [__])

The merger has been structured to qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended. Provided the merger qualifies as a reorganization, L Q Corporation stockholders generally will not recognize gain or loss for United States federal income tax purposes upon the exchange of shares of L Q Corporation common stock for shares of Dynabazaar common stock, except with respect to cash received in lieu of any fractional shares of Dynabazaar common stock resulting from the exchange.

Tax matters can be complicated, and the tax consequences of the merger to you will depend on the facts of your own situation. You should consult your own tax advisors to fully understand the tax consequences of the merger to you, including the applicability and

effect of federal, state, local and foreign income and other tax laws.

Conditions to Completion of the Merger (See page [__])

The respective obligations of Dynabazaar and L Q Corporation to consummate the merger are subject to the satisfaction or waiver of a number of customary conditions, including:

- the amended and restated merger agreement shall have been adopted by the stockholders of L Q Corporation and Dynabazaar;
- no statute, rule regulation, order or judicial decision shall have been enacted which makes the consummation of the merger illegal;
- the SEC shall have declared Dynabazaar's registration statement, of which this joint proxy statement/prospectus is a part, effective;
- no change in any applicable law, rule or regulation that prevents the merger from qualifying as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code;
- the shares of Dynabazaar common stock to be issued pursuant to the merger shall have been authorized for listing on the Over-The-Counter Bulletin Board, subject to official notice of issuance;
- no more than 10% of L Q Corporation stockholders shall have exercised dissenters' rights in accordance with the DGCL;
- no action or proceeding by any governmental entity of competent jurisdiction or before any governmental entity or court of competent jurisdiction, United States or non-United States, shall have been instituted, pending or threatened that is reasonably likely to result in, nor shall there be in effect, any judgment, decree or order of any governmental entity or court of competent jurisdiction or any other legal restraint (i) preventing consummation of the merger, (ii) prohibiting or limiting Dynabazaar from exercising all material rights and privileges pertaining to its ownership of LQ Merger Corp. or the ownership or operation by Dynabazaar or any of its subsidiaries of all or a material portion of the business or assets of the LQ Merger Corp. and its subsidiaries, or (iii) compelling Dynabazaar or any of its subsidiaries (including LQ Merger Corp. and its subsidiaries) to dispose of or hold separate assets which are, or impose any liability which is, material to Dynabazaar or L Q Corporation, or material as compared against the aggregate merger consideration;
- all material consents, waivers, approvals, authorizations or orders required to be obtained, and all filings required to be made, by each of Dynabazaar and L Q Corporation for the authorization,

13

execution and delivery of the amended and restated merger agreement and the consummation of the transactions contemplated thereby shall have been obtained and made by each of Dynabazaar and L Q Corporation, except where the failure to receive such consents, waivers, approvals, authorizations or orders or to make such filings would not have, in each case or in the aggregate a material adverse effect on the respective party;

- each of Dynabazaar and L Q Corporation shall have performed or complied in all material respects with all agreements and covenants required by the amended and restated merger agreement to be performed or complied with by such party on or prior to the effective time of the merger; and
- each of Dynabazaar's and L Q Corporation's representations and warranties in the amended and restated merger agreement shall be true and correct, except for such failures to be true and correct as would not have, in each case or in the aggregate, a material adverse effect on the respective party.

Prohibition from Soliciting Other Offers (See page [__])

Dynabazaar and L Q Corporation have each agreed that it will not:

- solicit, facilitate or encourage (including by way of furnishing information) or engage in negotiation with respect to any acquisition proposals by third parties;
- approve or recommend, or propose publicly to approve or recommend, any acquisition proposals from third parties; or
- approve or recommend, or propose to approve or recommend, or enter into, any agreement (whether or not purportedly legally binding) related to any acquisition proposals from third parties.

Dynabazaar and L Q Corporation must promptly (but in no event later than 24 hours) notify the other party by oral and written notice if it receives any other acquisition proposals, or any modification of or amendment to such acquisition proposals, or any requests for nonpublic information or for access to the properties, books, or records from any third party that informs Dynabazaar or L Q Corporation that the third

party is considering making, or has made an acquisition proposal. The party providing the notification must also provide the identity of the third party making, or intending to make, the acquisition proposal or requesting non-public information or access to the books and records of such party and the terms of any acquisition proposal or modification or amendment thereto. Each party shall keep the other fully informed, on a current basis, of any material changes in the status and any material changes or modifications in the material terms of any acquisition proposal, indication or request. Except as described below, neither L Q Corporation nor Dynabazaar nor their respective boards of directors may withdraw or modify, or publicly propose to withdraw or modify, in a manner adverse to the other party, the approval by such board of directors of the amended and restated merger agreement or the merger or the recommendation of such board of directors that such party's stockholders adopt the amended and restated merger agreement (and, in the case of Dynabazaar, approve the amendments to its certificate of incorporation to change the corporate name and declassify its board of directors). Neither L Q Corporation nor Dynabazaar nor their respective boards of directors shall enter into any agreement with respect to, or otherwise approve or recommend, or propose to approve or recommend, any acquisition proposal or alternative transaction.

Notwithstanding the foregoing, if Dynabazaar or L Q Corporation, as the case may be, receives an unsolicited written proposal that contains financial terms that are superior to the terms of the amended and restated merger agreement and such party's board determines in its reasonable judgment that the proposal is reasonably likely to lead to a superior offer (as defined in the amended and restated merger agreement), that, upon consultation with outside advisors, the proposal constitutes a superior offer and that failure to withdraw or modify its recommendation that its stockholders adopt the amended and restated merger agreement would be reasonably likely to constitute a breach of its fiduciary obligations under applicable law, then such party's board may withhold, withdraw, amend or modify its recommendation in favor of the adoption of the amended and restated merger agreement, or approve or recommend the superior offer only if such party's board of directors complies with certain notice requirements and other conditions, including a requirement that such party negotiate with the other party in

14

good faith and the other party does not, within ten business days of its receipt of notice of the superior offer, make an offer that the board of directors of the party that received the offer determines to be at least as favorable to such party's stockholders as the superior offer.

Termination of the Amended and Restated Merger Agreement (See page [__])

The amended and restated merger agreement may be terminated under certain circumstances in accordance with its terms at any time prior to completion of the merger, whether before or after adoption of the amended and restated merger agreement by L Q Corporation stockholders or Dynabazaar's stockholders.

Payment of Termination Fee (See page [__])

Under certain circumstances, Dynabazaar or L Q Corporation, as the case may be, must pay a \$200,000 termination fee to the other party and also pay certain other expenses in an aggregate amount not to exceed \$350,000, under the terms of the amended and restated merger agreement as set forth in The Merger The Amended and Restated Merger Agreement Payment of Termination Fee beginning on page [__].

15

RISK FACTORS

If the merger is completed, Dynabazaar and L Q Corporation will operate as a combined company in a market environment that is difficult to predict and that involves significant risks, many of which will be beyond the combined company's control. In addition to information regarding Dynabazaar and L Q Corporation contained in, or incorporated by reference into, this joint proxy statement/prospectus, you should carefully consider the risks described below before voting your shares. Additional risks and uncertainties not presently known to us or that we do not currently believe are important to an investor, if they materialize, also may adversely affect the merger, Dynabazaar, L Q Corporation and the combined businesses. A discussion of additional risks and uncertainties regarding Dynabazaar and L Q Corporation can be found in the information which is incorporated by reference in this joint proxy statement/prospectus and referred to in the section entitled Where You Can Find More Information beginning on page [__] of this joint proxy statement/prospectus. If any of the events, contingencies, circumstances or conditions described in the following risks actually occur, our respective businesses, financial condition or our results of operations could be

seriously harmed. If that happens, the trading price of Dynabazaar common stock or L Q Corporation common stock could decline and you may lose part or all of the value of any Dynabazaar shares or L Q Corporation shares held by you.

Risks Related to the Merger and the Combined Businesses

The failure to successfully integrate L Q Corporation's business and operations in the expected time frame may adversely affect the combined businesses' future results.

Dynabazaar believes that the merger with L Q Corporation will result in certain benefits, including certain cost synergies and operational efficiencies. However, Dynabazaar's ability to realize these anticipated benefits depends on successfully combining the businesses of Dynabazaar and L Q Corporation. The combined businesses may fail to realize the anticipated benefits of the merger for a variety of reasons, including the following:

- revenue attrition in excess of anticipated levels;
- Dynabazaar's inability to conduct extensive integration planning with L Q Corporation prior to the completion of the merger;
- failure of customers to accept new products or to continue as customers of the combined businesses;
- failure to successfully manage relationships with original equipment manufacturers, or OEMs, end-users, distributors and suppliers;
- failure to qualify the combined businesses' products with OEM customers on a timely basis or at all;
- failure to successfully develop interoperability between the products of Dynabazaar and L Q Corporation;
- failure to leverage the increased scale of the combined businesses quickly and effectively;
- potential difficulties integrating and harmonizing financial reporting systems;
- the loss of key employees;
- failure to effectively coordinate sales and marketing efforts to communicate the capabilities of the combined businesses; and
- failure to combine product offerings and product lines quickly and effectively.

The actual integration may result in additional and unforeseen expenses or delays. If Dynabazaar is not able to successfully integrate L Q Corporation's business and operations, or if there are delays in combining the businesses, the anticipated benefits of the merger may not be realized fully or at all or may take longer to realize than expected.

Because the market price of Dynabazaar common stock will fluctuate, Dynabazaar common stock may not maintain its current value and the value of the Dynabazaar common stock issued in connection with the merger will not be known until the closing of the merger.

Upon the completion of the merger, each share of L Q Corporation common stock outstanding immediately prior to the merger will be converted into the right to receive 3.68 shares of Dynabazaar's common stock. Because the exchange ratio for Dynabazaar common shares to be issued in the merger has been fixed, the value of the merger consideration will depend upon the market price of Dynabazaar common stock. The value of Dynabazaar's common stock to be issued in the merger could be considerably higher or lower than they were at the time the merger consideration was negotiated. The share prices of Dynabazaar common stock and L Q Corporation common stock are subject to the general price fluctuations in the market for publicly-traded equity securities, and the prices of both companies' common stock have experienced significant volatility in the past. Dynabazaar and L Q Corporation urge you to obtain recent market quotations for Dynabazaar common stock and L Q Corporation common stock. Neither Dynabazaar nor L Q Corporation can predict or give any assurances as to the respective market prices of its common stock at any time before or after the completion of the merger. Neither Dynabazaar nor L Q Corporation is permitted to terminate the amended and restated merger agreement or resolicit the vote of their respective stockholders solely because of changes in the market prices of either company's stock. Stock price changes may result from a variety of factors, including changes in the respective business operations and prospects of Dynabazaar and L Q Corporation and changes in general market and economic conditions. Many of these factors are beyond the control of Dynabazaar or L Q Corporation.

The market price at the effective time of the merger may vary from the closing price of Dynabazaar common stock on the date the merger was announced, on the date that this joint proxy statement/prospectus is mailed to L Q Corporation and Dynabazaar stockholders and on the date of the L Q Corporation and Dynabazaar special stockholder meetings at which stockholders will be asked to vote on certain matters relating to the merger. Accordingly, at the time of the special stockholder meetings, stockholders will not know or be able to calculate the value of the

merger consideration that would be issued upon completion of the merger. Further, the time period between the stockholder votes taken at the special meetings and the completion of the merger will depend on the satisfaction or waiver of conditions to closing, and there is currently no way to predict how long it will take to obtain these approvals or the changes that may occur in Dynabazaar's and L Q Corporation's respective businesses, operations and prospects or in the industry generally that may occur during this period.

General customer uncertainty related to the merger could harm Dynabazaar, L Q Corporation and the combined businesses.

Dynabazaar and L Q Corporation's customers may, in response to the announcement of the proposed merger, or due to concerns about the completion of the proposed merger, delay or defer purchasing decisions. Alternatively, customers may purchase a competitor's product because of such uncertainty. Further, customer concerns about changes or delays in Dynabazaar's, L Q Corporation's or the combined businesses' product roadmap may negatively affect customer purchasing decisions. Customers could also be reluctant to purchase the products and services of L Q Corporation or Dynabazaar due to uncertainty about the direction of their technology, products and services, and willingness to support and service existing products which may be discontinued. In addition, customers, OEMs, distributors, resellers, and others may also seek to change existing agreements with L Q Corporation or Dynabazaar as a result of the proposed merger. OEMs, resellers, distributors and other third parties of strategic importance may delay or refuse to certify, support or promote L Q Corporation's or Dynabazaar's technology, products and services due to uncertainty created by the proposed merger. If Dynabazaar or L Q Corporation's customers delay or defer purchasing decisions, or choose to purchase from a competitor, the revenues of Dynabazaar and L Q Corporation, respectively, and the revenues of the combined businesses, could materially decline or any anticipated increases in revenue could be lower than expected.

17

The integration of L Q Corporation into Dynabazaar may result in significant expenses and accounting charges that adversely affect Dynabazaar's operating results and financial condition.

In accordance with generally accepted accounting principles, Dynabazaar will account for the merger using the purchase method of accounting. The financial results of Dynabazaar may be adversely affected by the resulting accounting charges incurred in connection with the merger. Dynabazaar also expects to incur additional costs associated with combining the operations of Dynabazaar and L Q Corporation. Additional costs may include: costs of employee redeployment; relocation and retention, including salary increases or bonuses; accelerated amortization of deferred equity compensation and severance payments; reorganization or closure of facilities; taxes; advisor and professional fees and termination of contracts that provide redundant or conflicting services. Some of these costs may have to be accounted for as expenses that would decrease Dynabazaar's net income and earnings per share for the periods in which those adjustments are made. The price of Dynabazaar's common stock could decline to the extent Dynabazaar's financial results are materially affected by the foregoing charges and costs, or if the foregoing charges and costs are larger than anticipated. In addition, the charges and costs described above may not be reflected in the unaudited pro forma condensed combined financial statements contained in this joint proxy statement/prospectus and the unaudited pro forma condensed combined financial statements may not be indicative of the actual results of the combined businesses following the merger.

The announcement and pending merger could cause disruptions in the businesses of Dynabazaar and L Q Corporation, which could have an adverse effect on their respective business and financial results, and consequently on the combined businesses.

Dynabazaar and L Q Corporation have operated and, until the completion of the merger, will continue to operate, independently. Uncertainty about the effect of the merger on employees, customers, distributors and suppliers may have an adverse effect on Dynabazaar and L Q Corporation and consequently on the combined businesses. These uncertainties may impair Dynabazaar's and L Q Corporation's ability to retain and motivate key personnel and could cause customers, distributors, suppliers and others with whom each company deals to seek to change existing business relationships which may materially and adversely affect their respective businesses. Due to the limited termination rights agreed to by the parties in the amended and restated merger agreement, Dynabazaar and L Q Corporation may be obligated to consummate the merger in spite of the adverse effects resulting from the disruption of Dynabazaar's and L Q Corporation's ongoing businesses. Furthermore, this disruption could adversely affect the combined businesses' ability to maintain relationships with customers, distributors, suppliers and employees after the merger or to achieve the anticipated benefits of the merger. Each of these events could adversely affect Dynabazaar and L Q Corporation in the near term and the combined businesses if the merger is completed.

Failure to complete the merger could negatively impact the stock price and the future business and financial results of Dynabazaar and L Q Corporation.

Completion of the merger is subject to a number of closing conditions, including obtaining requisite stockholder approvals, and L Q Corporation and Dynabazaar may be unable to obtain such approvals on a timely basis or at all. If the merger is not completed, the price of L Q Corporation and Dynabazaar common stock may decline. If the merger is not completed, the ongoing business of Dynabazaar and L Q

Edgar Filing: DYNABAZAAR INC - Form S-4

Corporation may be adversely affected and, without realizing any of the benefits of having completed the merger, Dynabazaar and L Q Corporation will be subject to a number of risks, including the following:

Dynabazaar or L Q Corporation may be required to pay a termination fee of \$200,000 if the merger is terminated under certain circumstances as described in the amended and restated merger agreement;

Dynabazaar and L Q Corporation will be required to pay certain costs relating to the merger, such as legal, accounting, financial advisor and printing fees whether or not the merger is completed; and

matters relating to the merger (including integration planning) may require substantial commitments of time and resources by Dynabazaar and L Q Corporation management, which could otherwise have been devoted to other opportunities that may have been beneficial to Dynabazaar and L Q Corporation, as the case may be.

18

Dynabazaar and L Q Corporation could also be subject to litigation related to any failure to complete the transaction. If the merger is not completed, these risks may materialize and may adversely affect Dynabazaar's and L Q Corporation's business, financial results and stock price.

Integrating Dynabazaar and L Q Corporation may divert management's attention away from the combined businesses operations.

Successful integration of Dynabazaar's and L Q Corporation's operations, products and personnel may place a significant burden on the combined businesses' management and internal resources. Challenges of integration include the combined businesses' ability to incorporate acquired products and business technology into its existing product lines, including consolidating technology with duplicative functionality or designed on a different technological architecture and provide for interoperability, and its ability to sell the acquired products through Dynabazaar's existing or acquired sales channels. Dynabazaar may also experience difficulty in effectively integrating the different cultures and practices of L Q Corporation, as well as in assimilating L Q Corporation's broad and geographically dispersed personnel. Further, the difficulties of integrating L Q Corporation could disrupt the combined businesses' ongoing business, distract its management focus from other opportunities and challenges, and increase the combined businesses' expenses and working capital requirements. The diversion of management attention and any difficulties encountered in the transition and integration process could harm the combined businesses, including their business, financial condition and operating results.

L Q Corporation's and Dynabazaar's obligation to pay a termination fee under certain circumstances and the restrictions on its ability to solicit other acquisition proposals may discourage other companies from trying to acquire L Q Corporation or Dynabazaar.

Until the merger is completed or the amended and restated merger agreement is terminated, with limited exceptions, the amended and restated merger agreement prohibits L Q Corporation or Dynabazaar from entering into or soliciting any acquisition proposal or offer for a merger or other business combination with a party other than Dynabazaar or L Q Corporation, as the case may be. L Q Corporation and Dynabazaar have agreed to pay the other a termination fee of \$200,000 under specified circumstances. These provisions could discourage other companies from trying to acquire Dynabazaar at all or L Q Corporation for a higher price.

L Q Corporation must continue to retain and motivate executives and key employees and recruit new employees, which may be difficult in light of uncertainty regarding the merger, and failure to do so could seriously harm the combined businesses.

In order to be successful, during the period before the merger is completed, L Q Corporation must continue to retain and motivate executives and other key employees and recruit new employees. Experienced personnel in the security industry are in high demand and competition for their talents is intense. Employees of L Q Corporation may experience uncertainty about their future role with the combined businesses until or after strategies with regard to the combined businesses are announced or executed. These potential distractions of the merger may adversely affect L Q Corporation's ability to attract, motivate and retain executives and key employees and keep them focused on the strategies and goals of the combined businesses. Any failure by L Q Corporation to retain and motivate executives and key employees during the period prior to the completion of the merger could seriously harm its businesses, as well as the business of the combined company.

The market price of the shares of L Q Corporation common stock may be affected by factors different from or in addition to those affecting the shares of Dynabazaar common stock.

Upon completion of the merger, holders of L Q Corporation common stock will become holders of Dynabazaar common stock and will have different rights from the shares of L Q Corporation common stock. For a comparison of the different rights, see the section entitled "Comparison of Stockholder Rights" beginning on page [] of this joint proxy statement/prospectus. In addition, an investment in Dynabazaar common stock has different risks than an investment in L Q Corporation common stock. Former holders of L Q Corporation common stock will be subject to risks associated with Dynabazaar upon exchange of their shares of L Q Corporation common stock for Dynabazaar common stock

that are different from or in addition to the risks associated with L Q Corporation.

19

Directors and officers of L Q Corporation have certain interests in the merger that are different from the interest of L Q Corporation stockholders in recommending that you vote in favor of the proposal to adopt the amended and restated merger agreement and approve the merger.

When considering the L Q Corporation board of directors' recommendation that the L Q Corporation stockholders vote in favor of the proposal to adopt the amended and restated merger agreement, L Q Corporation stockholders should be aware that directors and executive officers of L Q Corporation have interests in the merger that may be different from, or in addition to, the interests of L Q Corporation stockholders. These interests include:

with respect to the executive officers of L Q Corporation, accelerated vesting of certain stock awards under L Q Corporation's equity plans;

the continued indemnification of current directors and officers of L Q Corporation under the amended and restated merger agreement and the continuation of directors' and officers' liability insurance after the merger; and

the retention of some of the officers and directors of L Q Corporation as officers, employees or directors of Dynabazaar or its subsidiaries.

These interests, among others, may influence L Q Corporation's directors in making their recommendation that you vote in favor of the proposal to adopt the amended and restated merger agreement. For a more detailed description of the interests of the directors and executive officers of L Q Corporation, please see the section entitled "The Merger - Interests of L Q Corporation Directors and Executive Officers in the Merger" beginning on page [] of this joint proxy statement/prospectus.

Risks Related to Dynabazaar

The loss of Dynabazaar's third-party contract manufacturers would adversely affect Dynabazaar's ability to manufacture and sell Dynabazaar's products.

Dynabazaar outsources production of its products to third-party contract manufacturers. Dynabazaar's manufacturers' ability to complete orders on-time while maintaining high product quality is important to Dynabazaar's operational success. The manufacturers' failure to live up to the production standards might cause brand equity damage and legal liability exposure. The loss of Dynabazaar's contract manufacturer could significantly impact Dynabazaar's ability to produce its products for an indefinite period of time. Qualifying a new contract manufacturer and commencing production can be a lengthy and expensive process. If Dynabazaar is required to change its contract manufacturer, if Dynabazaar fails to effectively manage its contract manufacturer, or if its contract manufacturer experiences delays, disruptions, capacity constraints, component parts shortages or quality control problems in its manufacturing operations, shipment of Dynabazaar's products to Dynabazaar's customers could be delayed resulting in loss of revenues and Dynabazaar's competitive position and relationship with customers could be harmed.

If Dynabazaar is unable to keep pace with technological changes in Dynabazaar's industry, its products may become obsolete or fail to achieve market acceptance.

Vision imaging products are subject to a high degree of technological change, frequent new product introductions, evolving industry standards and changes in customer demands. The introduction of competitive products embodying new technologies and the emergence of new industry standards could render Dynabazaar's existing products obsolete and unmarketable. Dynabazaar's future success will depend in part on Dynabazaar's ability to enhance existing products, develop and introduce new products to meet diverse and evolving customer requirements, and keep pace with technological developments and emerging industry standards.

The development of new products or enhanced versions of existing products entails significant technical risks. There can be no assurance that Dynabazaar will be successful in developing and marketing product enhancements or that new products will respond to technological change or evolving industry standards, or that

Dynabazaar will not experience difficulties that could delay or prevent the successful development, introduction, implementation and marketing of these products and enhancements, or that any new products and product enhancements Dynabazaar may introduce will achieve market acceptance. If Dynabazaar is not able to successfully develop and market new and enhanced products and services, its business and results of operations will be harmed.

Dynabazaar faces intense competition in Dynabazaar's business, and Dynabazaar may be unable to compete successfully against Dynabazaar's current and future competitors.

The market for Dynabazaar's products is intensely competitive, subject to rapid change and significantly affected by new product introductions and other market activities of industry participants. Some of Dynabazaar's competitors are substantially larger than Dynabazaar is, have significantly greater financial, technical and marketing resources, and have a larger installed base of customers. Some of these competitors also have extensive direct and indirect channels of distribution. As a result, they may be able to respond more quickly to new or emerging technologies and changes in customer requirements, or to devote greater resources to the development, promotion and sale of their products than Dynabazaar is able to. In addition, current and potential competitors have established or may establish cooperative relationships among themselves with prospective customers. Some of Dynabazaar's competitors may also combine with, or be acquired by other parties, providing them with additional loss of market share, any of which would have a material adverse effect on Dynabazaar's business, operating results and financial condition. There can be no assurance that Dynabazaar will be able to compete successfully against current or future competitors or that competitive pressures will not have a material adverse effect on Dynabazaar's business, operating results and financial condition.

If Dynabazaar loses key personnel or is unable to hire additional qualified personnel, Dynabazaar's business may be harmed.

Dynabazaar's success depends to a significant degree upon the continued contributions of key management, sales and other personnel, many of whom would be difficult to replace. Dynabazaar believes its future success will also depend, in large part, upon Dynabazaar's ability to attract and retain highly skilled managerial, sales and other personnel, and on the ability of management to operate effectively, both individually and as a group, in geographically disparate locations. The loss of the services of any of Dynabazaar's key employees, the inability to attract or retain qualified personnel in the future, or delays in hiring required personnel could delay the development and introduction of, and negatively affect Dynabazaar's ability to sell its products.

Dynabazaar may engage in future mergers and strategic investments that dilute the ownership percentage of Dynabazaar's stockholders and would require it to use cash, incur debt or assume contingent liabilities.

As part of Dynabazaar's business strategy, Dynabazaar expects to continue to review opportunities to buy or invest in other businesses or technologies that it believes would complement Dynabazaar's current products, expand the breadth of its markets or enhance its technical capabilities, or that may otherwise offer growth opportunities. If Dynabazaar buys or invests in other businesses, products or technologies in the future, Dynabazaar could:

- incur significant unplanned expenses and personnel costs;
- issue stock, or assume stock option plans that would dilute Dynabazaar's current stockholders' percentage ownership;
- use cash, which may result in a reduction of Dynabazaar's liquidity;
- incur debt;
- assume liabilities; and

spend resources on unconsummated transactions.

Dynabazaar may not realize the anticipated benefits of past or future mergers and strategic investments, and integration of mergers may disrupt Dynabazaar's business and management.

Dynabazaar has in the past and may in the future acquire or make strategic investments in additional companies, products or technologies. Most recently, Dynabazaar announced that Dynabazaar entered into an agreement to merge with L Q Corporation. Dynabazaar may not realize the anticipated benefits of these or any other mergers or strategic investments, which involve numerous risks, including:

problems integrating the purchased operations, technologies, personnel or products over geographically disparate locations; unanticipated costs, litigation and other contingent liabilities; diversion of management's attention from Dynabazaar's core business; adverse effects on existing business relationships with suppliers and customers; risks associated with entering into markets in which Dynabazaar has limited, or no prior experience; failure to successfully manage additional remote locations, including the additional infrastructure and resources necessary to support and integrate such locations; incurrence of significant exit charges if products acquired in business combinations are unsuccessful; incurrence of merger-related costs or amortization costs for acquired intangible assets that could impact Dynabazaar's operating results; potential write-down of goodwill and/or acquired intangible assets, which are subject to impairment testing on a regular basis, and could significantly impact Dynabazaar's operating results; inability to retain key customers, distributors, vendors and other business partners of the acquired business; and potential loss of Dynabazaar's key employees or the key employees of an acquired organization.

If Dynabazaar is not able to successfully integrate businesses, products, technologies or personnel that Dynabazaar acquires, or to realize expected benefits of Dynabazaar's mergers or strategic investments, Dynabazaar's business and financial results may be adversely affected.

Dynabazaar's common stock has been delisted from Nasdaq, which limits the market for Dynabazaar's common stock and could adversely affect the ability of Dynabazaar stockholders to resell Dynabazaar common stock.

Dynabazaar's common stock was delisted from the Nasdaq National Market in 2004 for failure to maintain certain listing requirements and a significantly reduced market price of common stock. The stock may be less liquid and more volatile as a result and may make it more difficult to raise new operating funds in the public market. The common stock is presently quoted only on the Over-the-Counter Bulletin Board under the ticker symbol FAIM.OB and the ability of Dynabazaar's stockholders to obtain liquidity and consistent market prices for Dynabazaar's shares has been significantly impaired.

In addition, Dynabazaar's common stock may constitute penny stock (as defined in Rule 3a51-1 promulgated under the Exchange Act) if it fails to meet certain criteria set forth in such Rule. Various practice

requirements are imposed on broker-dealers who sell penny stocks to persons other than established customers and accredited investors. For these types of transactions, the broker-dealer must make a special suitability determination for the purchaser and have received the purchaser's written consent to the transactions prior to sale. Consequently, the Rule may deter broker-dealers from recommending or selling Dynabazaar's common stock, which could further affect the liquidity of the common stock.

Dynabazaar's business is subject to increasingly complex corporate governance, public disclosure, accounting, and tax requirements that have increased both its costs and the risk of noncompliance.

Dynabazaar is subject to rules and regulations of federal and state government as well as the stock exchange on which Dynabazaar's common stock is listed. These entities, including the Public Company Accounting Oversight Board, or PCAOB, the SEC, the Internal Revenue Service and NASD, have issued a significant number of new and increasingly complex requirements and regulations over the course of the last several years and continue to develop additional regulations and requirements in response to laws enacted by Congress, most notably the Sarbanes-Oxley Act of 2002. Dynabazaar's efforts to comply with these requirements have resulted in, and are likely to continue to result in, significant legal, accounting and other expenses and a diversion of management time and attention from revenue-generating activities to compliance activities. In addition, Dynabazaar incurs additional costs associated with its public company reporting requirements. These rules and regulations also may make it more difficult and more expensive for Dynabazaar to obtain director and officer liability insurance, and Dynabazaar may be required to accept reduced policy limits and coverage or incur substantially higher costs to obtain the same or similar coverage.

Edgar Filing: DYNABAZAAR INC - Form S-4

Dynabazaar is subject to periodic audits or other reviews by such governmental agencies. The SEC periodically reviews Dynabazaar's public company filings. Any such examination or review frequently requires management's time and diversion of internal resources and, in the event of an unfavorable outcome, may result in additional liabilities or adjustments to Dynabazaar's historical financial results.

Recent changes in accounting rules, including the expensing of stock options granted to Dynabazaar's employees, could have a material impact on Dynabazaar's reported business and financial results.

The U.S. generally accepted accounting principles are subject to interpretation by the Financial Accounting Standards Board, or FASB, the American Institute of Certified Public Accountants, the PCAOB, the SEC, and various bodies formed to promulgate and interpret appropriate accounting principles. A change in these principles or interpretations could have a significant effect on Dynabazaar's reported financial results.

On December 15, 2004, the FASB issued Statement of Financial Accounting Standards (SFAS 123R), Share-Based Payment, which requires Dynabazaar to measure compensation expense for employee stock options using the fair value method beginning the first quarter of fiscal year 2006, which is the quarter ended March 31, 2006. SFAS 123R applies to all outstanding stock options that are not vested at the effective date and grants of new stock options made subsequent to the effective date. As a result of SFAS 123R, Dynabazaar recorded higher levels of stock based compensation due to differences between the valuation methods of SFAS 123R and Accounting Principles Board Opinion No. 25, or APB No. 25. In prior periods, Dynabazaar recorded any compensation expense associated with stock option grants to employees using the intrinsic value method in accordance with APB 25.

Dynabazaar's future operating expenses may be adversely affected by changes in Dynabazaar's stock price.

A portion of Dynabazaar's outstanding stock options are subject to variable accounting. Under variable accounting, Dynabazaar is required to remeasure the value of the options, and the corresponding compensation expense, at the end of each reporting period until the option is exercised, cancelled or expires unexercised. As a result, the stock-based compensation expense Dynabazaar recognizes in any given period can vary substantially due to changes in the market value of Dynabazaar's common stock. Volatility associated with stock price movements has resulted in compensation benefits when Dynabazaar's stock price has declined and compensation expense when Dynabazaar's stock price has increased. Dynabazaar is unable to predict the future market value of Dynabazaar's common stock and therefore is unable to predict the compensation expense or benefit that Dynabazaar will record in future periods.

Dynabazaar has been named as a party to several class action lawsuits which could require significant management time and attention and result in significant legal expenses and may result in an unfavorable outcome which could have a material adverse effect on Dynabazaar's business, financial condition, results of operations and cash flows.

Dynabazaar is a defendant in certain purported class action lawsuits filed by individual stockholders in the U.S. District Court for the Southern District of New York against Dynabazaar, Scott Randall (former President, Chief Executive Officer and Chairman of the Board of Dynabazaar), John Belchers (former Chief Financial Officer of Dynabazaar), U.S. Bancorp Piper Jaffray Inc., DB Alex. Brown (as successor-in-interest to Deutsche Bank Securities, Inc.), Robertson Stephens, Inc. (formerly known as FleetBoston Robertson Stephens, Inc.), Banc of America Securities, LLC, Goldman Sachs & Co., Inc., Merrill Lynch, Pierce, Fenner & Smith, Incorporated, Citigroup Global Markets, Inc. (as successor-in-interest to Salomon Smith Barney, Inc.), and J.P. Morgan Securities, Inc. (as successor-in-interest to Hambrecht & Quist, LLC). The lawsuits have been filed by individual stockholders who purport to seek class action status on behalf of all other similarly situated persons who purchased the common stock of Dynabazaar between March 14, 2000 and December 6, 2000. A consolidated amended class action complaint was filed on April 19, 2002. The complaint alleges certain underwriters of Dynabazaar's initial public offering solicited and received excessive and undisclosed fees and commissions in connection with that offering. The complaint further alleges that the defendants violated the federal securities laws by issuing a registration statement and prospectus in connection with Dynabazaar's initial public offering which failed to accurately disclose the amount and nature of the commissions and fees paid to the underwriter defendants. On or about October 8, 2002, the Court entered an Order dismissing the claims asserted against certain individual defendants in the consolidated actions, including the claims against Mr. Randall and Mr. Belchers, without any payment from these individuals or Dynabazaar. On or about February 19, 2003, the Court entered an Order dismissing with prejudice the claims asserted against Dynabazaar under Section 10(b) of the Exchange Act. As a result, the only claims that remain against Dynabazaar are those arising under Section 11 of the Securities Act. Dynabazaar has accepted a proposal for the settlement and release of the remaining claims in the litigation. The proposed settlement will result in a dismissal with prejudice of all claims and will include a release of all claims that were brought or could have been brought against Dynabazaar and its present and former directors and officers. It is anticipated that any payment to the plaintiff class and their counsel will be funded by Dynabazaar's directors' and officers' liability insurance and that no direct payment will be made by Dynabazaar. The proposed settlement provides that the class members in the class action cases brought against the participating issuer defendants will be guaranteed a recovery of \$1 billion by insurers of the participating issuer

defendants. If recoveries totaling \$1 billion or more are obtained by the class members from the underwriter defendants, the monetary obligations to the class members under the proposed settlement will be satisfied. In addition, Dynabazaar and any other participating issuer defendants will be required to assign to the class members certain claims that they may have against the underwriters of their IPOs. The proposed settlement contemplates that any amounts necessary to fund the settlement or settlement-related expenses would come from participating issuers' directors and officers' liability insurance policy proceeds as opposed to funds of the participating issuer defendants themselves. A participating issuer defendant could be required to contribute to the costs of the settlement if that issuer's insurance coverage were insufficient to pay that issuer's allocable share of the settlement costs. If ultimately approved by the Court, the proposed settlement would result in the dismissal, with prejudice, of all claims in the litigation against Dynabazaar and all of the other issuer defendants who have elected to participate in the proposed settlement, together with the current or former officers and directors of participating issuers who were named as individual defendants. The proposed settlement does not provide for the resolution of any claims against the underwriter defendants, and the litigation as against those defendants is continuing. Consummation of the proposed settlement remains conditioned upon obtaining approval by the Court. By order entered on September 1, 2005, the Court granted preliminary approval of the proposed settlement and directed that notice of the terms of the proposed settlement be provided to class members. Thereafter, the court held a fairness hearing, on April 24, 2006, at which objections to the proposed settlement were heard. The Court has yet to issue a ruling on the motion for final approval. On December 5, 2006, the Court of Appeals for the Second Circuit reversed the Court's order certifying a class in six test cases that were selected by the underwriter defendants and plaintiffs in the coordinated proceeding. On April 6, 2007, the Court of Appeals denied the plaintiffs' petition for rehearing of the Court's December 5, 2006 ruling but noted that the plaintiffs remain free to ask the District Court to certify a different class which might meet the standards for class certification that the Court of Appeals articulated in its December 5, 2006 decision. Because Dynabazaar's proposed settlement with the plaintiffs involves the certification of the case against Dynabazaar as a class action for settlement purposes, it is unclear what impact, if any, the Second Circuit's class certification ruling will have on Dynabazaar's case or the viability of the proposed

settlement. In the event the settlement is not finalized, Dynabazaar believes that it has meritorious defenses to plaintiffs' claims and intends to defend the action vigorously.

The expense of defending this litigation may be significant. The amount of time to resolve these lawsuits is unpredictable and defending Dynabazaar may divert management's attention from the day-to-day operations of Dynabazaar's business, which could adversely affect Dynabazaar's business, results of operations and cash flows. In addition, an unfavorable outcome in such litigation could have a material adverse effect on Dynabazaar's business, results of operations and cash flows.

Provisions in Dynabazaar's charter document, agreements and Delaware law could prevent or delay a change in control of Dynabazaar, which could hinder stockholders' ability to receive a premium for Dynabazaar's stock.

Provisions of Dynabazaar's certificate of incorporation and bylaws may discourage, delay or prevent a merger that a stockholder may consider favorable. These provisions include:

- authorizing the issuance of preferred stock without stockholder approval;
- providing for a classified board of directors with staggered, three-year terms;
- limiting the persons who may call special meetings of stockholders;
- prohibiting stockholder actions by written consent; and
- requiring super-majority voting to effect certain amendments to provisions of Dynabazaar's certificate of incorporation and bylaws.

Certain provisions of Delaware law also may discourage, delay, or prevent someone from acquiring or merging with Dynabazaar, and Dynabazaar's agreements with certain of Dynabazaar's customers may require that Dynabazaar give prior notice of a change of control and grant certain rights following a change of control.

Dynabazaar expects to experience volatility in Dynabazaar's stock price, which could negatively affect stockholders' investments.

The market price of Dynabazaar's common stock has experienced significant volatility in the past and will likely continue to fluctuate significantly in response to the following factors, some of which are beyond Dynabazaar's control:

- macroeconomic conditions;

actual or anticipated fluctuations in Dynabazaar's operating results;
changes in financial estimates and ratings by securities analysts;
announcements of financial results by Dynabazaar or other security companies;
announcements by Dynabazaar, its competitors, customers, or similar businesses of significant technical innovations, contracts, mergers, strategic partnerships, joint ventures or capital commitments;
comments made by third-party market observers that may impact investment decisions of investors;
additions or departures of key personnel;
sales by Dynabazaar of common stock or convertible securities;

25

incurring debt; and
other risk factors detailed in this section.

In addition, the stock market has experienced extreme volatility that often has been unrelated to the performance of particular companies. These market fluctuations may cause Dynabazaar's stock price to fall regardless of how the business performs.

Risks Related to L Q Corporation

L Q Corporation must overcome pricing competition with respect to its Access Control Products Group products. Competitive pricing pressures can cause profit erosion.

The Access Control Products Group, or ACPG, products compete against products sold by an increasing number of competitors on the basis of several factors including price. In order to compete in the marketplace, ACPG's products must provide superior technology at competitive prices. Failure to produce cost-effective products could adversely affect customer demand and adversely affect L Q Corporation's results of operations. In addition, the competitive business arena could create pricing pressure for the ACPG products. A reduction in pricing of ACPG's products due to competitive pressures could have an adverse effect on L Q Corporation's revenues, operating income and results of operations.

L Q Corporation must develop new products and enhancements to existing products to remain competitive. If L Q Corporation fails to develop new products and product enhancements on a timely basis, it may lose market share. L Q Corporation's investment in the Pinnacle software solution may not realize a return on investment.

The market for ACPG's Pinnacle software solution is characterized by rapid technological change, frequent new product introductions, changes in customer requirements and evolving industry standards. Accordingly, L Q Corporation's future success will depend to a substantial extent on its ability to:

invest significantly in research and product development;
develop, introduce and support new products and enhancements on a timely basis; and
gain and consecutively increase market acceptance of our products.

L Q Corporation's ACPG division is currently developing new products and enhancements to its existing products. L Q Corporation may not be able to successfully complete the development and market introduction of new products or product enhancements. If L Q Corporation fails to develop and deploy new products and product enhancements on a timely basis, or if L Q Corporation fails to gain market acceptance of its new products, revenues will decline and L Q Corporation may lose market share to its competitors. There is no assurance that L Q Corporation will be successful in marketing and selling its Pinnacle software solution or other new products, that the revenues from the sales of the Pinnacle software solution or other new products will justify the investment, or that the sales of Pinnacle will continue to increase.

The availability and pricing of component parts may adversely affect production and profitability.

L Q Corporation's ability to grow earnings will be affected by increases in the cost of component parts, including electronic components and circuit boards. L Q Corporation may not be able to offset fully the effects of higher component parts through price increases, productivity improvements or cost reduction programs.

Future acquisitions may not be found or may not be successfully integrated into L Q Corporation's business and could adversely affect L Q Corporation's business.

26

L Q Corporation has pursued, and will continue to pursue if the merger is not completed, growth opportunities through attempted acquisition of complementary businesses, products and technologies. L Q Corporation is unable to predict whether or when any other prospective acquisition will be completed, if at all. The process of integrating an acquired business may be prolonged due to unforeseen difficulties and may require a disproportionate amount of L Q Corporation's resources and management's attention. There can be no assurances that management will be able to successfully identify suitable acquisition candidates, complete acquisitions, integrate acquired businesses into existing operations, or expand into new markets. Further, once integrated, acquisitions may not achieve levels of revenues, profitability or productivity comparable to L Q Corporation's existing business or otherwise perform as expected. The occurrence of any of these events could harm L Q Corporation's business, financial condition or results of operations.

In addition, future acquisitions may require substantial capital resources, which may require L Q Corporation to seek additional debt or equity financing. Future acquisitions by L Q Corporation could result in the following, any of which could seriously harm L Q Corporation's results of operations or the price of its stock:

- issuance of equity securities that would dilute current stockholders' percentages of ownership;
- large one-time write-offs;
- the incurrence of debt and contingent liabilities;
- difficulties in the assimilation and integration of operations, personnel, technologies, products and information systems of the acquired companies;
- diversion of management's attention from other business concerns;
- contractual disputes;
- risks of entering geographic and business markets in which L Q Corporation has no or only limited prior experience; and
- potential loss of key employees of acquired organizations.

The ACPG business has incurred net losses. There is no assurance that it will turn profitable in the future.

L Q Corporation (including the ACPG operations) has incurred losses in the past and may incur losses in the future. The ACPG business incurred net losses of \$0.9 million, \$1.0 million and \$1.4 million in 2006, 2005 and 2004, respectively. Continued or increased net losses could have a material adverse effect on L Q Corporation's business, financial condition and results of operations and the value and market price of L Q Corporation's common stock.

L Q Corporation relies on licenses with third parties to license software code that is an integral part of the ACPG business's Pinnacle software solution and if L Q Corporation would need to seek alternate licenses, its results of operations could be adversely affected.

L Q Corporation licenses certain software code that is an integral part of ACPG's Pinnacle software solution from third parties. In particular, L Q Corporation obtains from third party licensors certain software code included in the Pinnacle software solution, and the software for its badging products. L Q Corporation would need to seek alternative licensors for the software code if any of the third party licensors terminate or decides not to renew a license. If any of these third party licensors become unable to or refuses to license its code, it could interrupt and delay the development, design and delivery of the Pinnacle software solution and related products. Any such disruption could adversely affect L Q Corporation's results of operations.

27

Cyclical industry and economic conditions may adversely affect L Q Corporation's financial condition and results of operations.

Edgar Filing: DYNABAZAAR INC - Form S-4

L Q Corporation's operating results may be affected adversely by the general cyclical pattern of the industries in which it operates. For example, demand for ACPG products and services is significantly affected by levels of commercial construction and consumer and business discretionary spending. The demand patterns of these markets could impact the revenues and margins in this business.

SES Resources International, Inc. is a newly formed business.

As a newly formed organization, L Q Corporation's subsidiary, SES Resources International, Inc., or SES, has no independent record of performance in the following service categories in which it is expected to specialize:

corporate investigations (e.g. know your customer, know your employee, know your vendor reviews);
due diligence reviews;
forensic accounting; anti-money laundering investigatory services consistent with the requirements of the Patriot Act;
anti-counterfeiting and intellectual property protection;
corporate health and wellness consultancy;
emergency preparedness and contingency planning; executive staffing solutions; and
education and government security training services.

As a new business, SES may not be successful in being engaged by prospective clients, which would have an adverse affect on revenues and results of operations.

L Q Corporation's success in the SES business depends on its ability to expand the SES advisory panel.

SES intends to deliver critical strategic security and business protection solutions based on best practices developed by accomplished retired law enforcement agents and in association with an Advisory Panel comprised of senior executive service level government risk assessment and law enforcement professionals. L Q Corporation may not be able to identify additional senior executive service law enforcement agents who are able to serve as Advisors on the Advisory Panel. Such inability would harm the development of the SES business in general, and prevent L Q Corporation from distinguishing itself in the marketplace in particular, which could adversely affect revenues and results of operations.

Some of L Q Corporation's competitors have greater resources than L Q Corporation, which may limit its ability to effectively compete with them.

Some of L Q Corporation's competitors have greater financial, personnel and other resources than L Q Corporation, which may limit its ability to effectively compete with them. For example, L Q Corporation's main competitors in the ACPG business include Tyco International Ltd. and Honeywell International Inc. These and other large competitors may be able to:

respond more quickly to new or emerging technologies or changes in customer requirements;
benefit from greater economies of scale;
offer more aggressive pricing; and/or

28

devote greater resources to the promotion of their products.

L Q Corporation is dependent on its key personnel, the loss of whom could negatively affect business.

L Q Corporation is dependent on its key personnel, including general management, software and hardware engineers, technical support and sales executives, who have significant industry experience, knowledge and know how. The loss of these key personnel could negatively affect business and results of operations.

L Q Corporation's common stock has been delisted from Nasdaq, which limits the market for L Q Corporation's common stock and could adversely affect the ability of L Q Corporation stockholders to resell L Q Corporation common stock.

Edgar Filing: DYNABAZAAR INC - Form S-4

L Q Corporation's common stock was delisted from the Nasdaq National Market in 2003 for failure to maintain certain listing requirements and a significantly reduced market price of common stock. The stock may be less liquid and more volatile as a result and it may be more difficult to raise new operating funds in the public market. The common stock is presently quoted only on the Over-the-Counter Bulletin Board under the ticker symbol LQCI.OB and the ability of L Q Corporation's stockholders to obtain liquidity and consistent market prices for L Q Corporation's shares has been significantly impaired.

In addition, L Q Corporation's common stock may constitute penny stock (as defined in Rule 3a51-1 promulgated under the Exchange Act) if it fails to meet certain criteria set forth in such Rule. Various practice requirements are imposed on broker-dealers who sell penny stocks to persons other than established customers and accredited investors. For these types of transactions, the broker-dealer must make a special suitability determination for the purchaser and have received the purchaser's written consent to the transactions prior to sale. Consequently, the Rule may deter broker-dealers from recommending or selling L Q Corporation's common stock, which could further affect the liquidity of the common stock.

L Q Corporation's business is subject to increasingly complex corporate governance, public disclosure, accounting, and tax requirements that have increased both its costs and the risk of noncompliance.

L Q Corporation is subject to rules and regulations of federal and state government as well as the service on which L Q Corporation's common stock is quoted. These entities, including the Public Company Accounting Oversight Board, or PCAOB, the SEC, the Internal Revenue Service and NASD, have issued a significant number of new and increasingly complex requirements and regulations over the course of the last several years and continue to develop additional regulations and requirements in response to laws enacted by Congress, most notably the Sarbanes-Oxley Act of 2002. L Q Corporation's efforts to comply with these requirements have resulted in, and are likely to continue to result in, significant legal, accounting and other expenses and a diversion of management time and attention from revenue-generating activities to compliance activities. In addition, L Q Corporation incurs additional costs associated with its public company reporting requirements. These rules and regulations also may make it more difficult and more expensive for L Q Corporation to obtain director and officer liability insurance, and L Q Corporation may be required to accept reduced policy limits and coverage or incur substantially higher costs to obtain the same or similar coverage.

L Q Corporation is subject to periodic audits or other reviews by such governmental agencies. The SEC periodically reviews L Q Corporation's public company filings. Any such examination or review frequently requires management's time and diversion of internal resources and, in the event of an unfavorable outcome, may result in additional liabilities or adjustments to L Q Corporation's historical financial results.

Recent changes in accounting rules, including the expensing of stock options granted to L Q Corporation's employees, could have a material impact on L Q Corporation's reported business and financial results.

The U.S. generally accepted accounting principles are subject to interpretation by the Financial Accounting Standards Board, or FASB, the American Institute of Certified Public Accountants, the PCAOB, the SEC, and

various bodies formed to promulgate and interpret appropriate accounting principles. A change in these principles or interpretations could have a significant effect on L Q Corporation's reported financial results.

On December 15, 2004, the FASB issued SFAS 123R, Share-Based Payment, which requires L Q Corporation to measure compensation expense for employee stock options using the fair value method beginning the first quarter of fiscal year 2006, which is the quarter ended March 31, 2006. SFAS 123R applies to all outstanding stock options that are not vested at the effective date and grants of new stock options made subsequent to the effective date. As a result of SFAS 123R, L Q Corporation recorded higher levels of stock based compensation due to differences between the valuation methods of SFAS 123R and Accounting Principles Board Opinion No. 25, or APB No. 25. In prior periods, L Q Corporation recorded any compensation expense associated with stock option grants to employees using the intrinsic value method in accordance with APB 25.

L Q Corporation has been named as a party in certain class action lawsuits which could require significant management time and attention and result in significant legal expenses and may result in an unfavorable outcome which could have a material adverse effect on L Q Corporation's business, financial condition, results of operations and cash flows.

L Q Corporation is a defendant in certain purported class action lawsuits filed by individual stockholders in the U.S. District Court for the Southern District of New York against certain of L Q Corporation's former officers and directors, and various of the underwriters in L Q Corporation's initial public offering (IPO) and secondary offering. The lawsuits have been filed by individual stockholders who purport to seek class action status on behalf of all other similarly situated persons who purchased the common stock of the Company between July 8, 1999 and December 6, 2000. A consolidated amended class action complaint was filed on April 19, 2002. The complaint alleges that certain underwriters of the IPO solicited and received excessive and undisclosed fees and commissions in connection with that offering. The complaint further alleges that the defendants violated the federal securities laws by issuing a registration statement and prospectus in connection with L Q Corporation's IPO which failed to accurately disclose the amount and nature of the commissions and fees paid to the underwriter defendants. On or about October 8, 2002, the Court entered an Order dismissing the claims asserted against certain individual defendants in the consolidated actions without any payment from these individuals or L Q Corporation. On or about February 19, 2003, the Court entered an Order dismissing with prejudice the claims asserted against L Q Corporation under Section 10(b) of the Exchange Act. As a result, the only claims that remain against L Q Corporation are those arising under Section 11 of the Securities Act. The parties have negotiated and executed a definitive settlement agreement. The proposed settlement provides that the class members in the class action cases brought against the participating issuer defendants will be guaranteed a recovery of \$1 billion by insurers of the participating issuer defendants. If recoveries totaling \$1 billion or more are obtained by the class members from the underwriter defendants, however, the monetary obligations to the class members under the proposed settlement will be satisfied. In addition, L Q Corporation and any other participating issuer defendants will be required to assign to the class members certain claims that they may have against the underwriters of their IPO's. The proposed settlement contemplates that any amounts necessary to fund the settlement or settlement-related expenses would come from participating issuers' directors and officers liability insurance policy proceeds as opposed to funds of the participating issuer defendants themselves. A participating issuer defendant could be required to contribute to the costs of the settlement if that issuer's insurance coverage were insufficient to pay that issuer's allocable share of the settlement costs. If ultimately approved by the Court, the proposed settlement would result in the dismissal, with prejudice, of all claims in the litigation against L Q Corporation and all of the other issuer defendants who have elected to participate in the proposed settlement, together with the current or former officers and directors of participating issuers who were named as individual defendants. The proposed settlement does not provide for the resolution of any claims against the underwriter defendants, and the litigation as against those defendants is continuing. Consummation of the proposed settlement remains conditioned upon obtaining approval by the Court. By order entered into on September 1, 2005, the Court granted preliminarily approval of the proposed settlement and directed that notice of the terms of the proposed settlement be provided to class members. Thereafter, the Court held a fairness hearing on April 24, 2005 at which objections to the proposed settlement were heard. The Court has yet to issue a ruling on the motion for final approval. On December 5, 2006, the Court of Appeals for the Second Circuit reversed the Court's order certifying a class in six test cases that were selected by the underwriter defendants and plaintiffs in the coordinated proceeding. On April 6, 2007, the Court of Appeals denied the plaintiffs' petition for rehearing of the Court's December 5, 2006 ruling but noted that the plaintiffs remain free to ask the District Court to certify a different class which might meet the standards for class certification that the Court of Appeals articulated in

30

its December 5, 2006 decision. Because our proposed settlement with the plaintiffs involves the certification of the case against us as a class action for settlement purposes, it is unclear what impact, if any, the Second Circuit's class certification ruling will have on our case or the viability of the proposed settlement. In the event the settlement is not finalized, the Company believes that it has meritorious defenses to plaintiffs' claims and intends to defend the action vigorously.

The expense of defending this litigation may be significant. The amount of time to resolve these lawsuits is unpredictable and defending L Q Corporation may divert management's attention from the day-to-day operations of L Q Corporation's business, which could adversely affect L Q Corporation's business, results of operations and cash flows. In addition, an unfavorable outcome in such litigation could have a material adverse effect on L Q Corporation's business, results of operations and cash flows.

Provisions in L Q Corporation's charter documents and Delaware law could prevent or delay a change in control of L Q Corporation and may reduce the market price of its common stock.

Provisions of L Q Corporation's certificate of incorporation and bylaws may discourage, delay or prevent a merger, acquisition or other business combination that a stockholder may consider favorable. These provisions include:

- authorizing the issuance of preferred stock without stockholder approval;
- limiting the persons who may call special meetings of stockholders;
- prohibiting stockholder actions by written consent;

prohibiting cumulative voting for the election of directors or any other matter submitted to a vote of stockholders unless required by the California General Corporation Law; and

requiring super-majority voting to effect certain amendments to L Q Corporation's certificate of incorporation and bylaws.

L Q Corporation is incorporated in Delaware and certain provisions of Delaware law may also discourage, delay or prevent someone from acquiring or merging with it, which may cause the market price of its common stock to decline.

COMPARATIVE HISTORICAL AND PRO FORMA PER SHARE DATA

The following table reflects (i) the historical income (loss) from continuing operations and book value per share of Dynabazaar common stock in comparison to the proposed merger with L Q Corporation, and (ii) the historical loss from continuing operations and book value per

Edgar Filing: DYNABAZAAR INC - Form S-4

share of L Q Corporation's common stock in comparison with the equivalent pro forma loss from continuing operations and book value per share. The equivalent pro forma loss from continuing operations and book value per share are equal to the pro forma loss from continuing operations and book value per share of Dynabazaar, after giving effect to the proposed merger with L Q Corporation, multiplied by 3.68, the number of shares of Dynabazaar common stock to be issued in exchange for each share of L Q Corporation common stock. The comparative historical and pro forma per share data should be read in conjunction with the unaudited pro forma combined financial statements and related notes thereto and the historical consolidated financial statements of Dynabazaar and notes thereto, included in this joint proxy statement/prospectus, and the historical consolidated financial statements of L Q Corporation, which information is incorporated by reference in this joint proxy statement/prospectus.

The pro forma combined financial data are not necessarily indicative of the operating results of future operations or the actual results that would have occurred had the merger been completed at the beginning of the period presented. Pro forma combined book value per share was computed by dividing pro forma stockholders' equity by the pro forma number of shares of common stock which would have been outstanding had the merger been completed as of the balance sheet date.

Neither Dynabazaar nor L Q Corporation declared or paid any cash dividends on their common stock during the year ended December 31, 2006. They do not intend to pay dividends on their common stock in the foreseeable future.

Dynabazaar stockholders are encouraged to read the amended and restated merger agreement in its entirety.

THE MATTERS TO BE CONSIDERED AT THE DYNABAZAAR SPECIAL MEETING ARE OF GREAT IMPORTANCE TO DYNABAZAAR STOCKHOLDERS. Admission to the Special Meeting

Only Dynabazaar stockholders as of the close of business [_____, 2007], and other persons holding valid proxies for the special meeting are entitled to attend the Dynabazaar special meeting. Dynabazaar stockholders

41

and their proxies must present valid government-issued photo identification to attend the special meeting. Dynabazaar stockholders who are not record holders but hold shares through a broker, bank or other nominee (i.e., in street name) should provide proof of beneficial ownership on the Dynabazaar record date, such as their most recent account statement prior to [_____, 2007], or other similar evidence of ownership. Anyone who does not provide valid government-issued photo identification or comply with the other procedures outlined above upon request may not be admitted to the special meeting.

Record Date and Stockholders Entitled to Vote

Stockholders Entitled to Vote. Only holders of Dynabazaar common stock at the close of business on [_____, 2007], the Dynabazaar record date, are entitled to notice of and to vote at the Dynabazaar special meeting. On the Dynabazaar record date, approximately [_____] shares of Dynabazaar common stock were issued and outstanding and there were approximately [_____] holders of record. Dynabazaar stockholders on the Dynabazaar record date are each entitled to one vote per share of Dynabazaar common stock on each proposal.

Registered Stockholders. If your shares are registered directly in your name with Dynabazaar s transfer agent, you are considered, with respect to those shares, the stockholder of record, and these proxy materials are being sent to you by Dynabazaar. As the stockholder of record, you have the right to grant your voting proxy directly to the individuals listed on the proxy card or to vote in person at the special meeting.

Street Name Stockholders. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name. These proxy materials are being forwarded to you by your broker or nominee, who is considered, with respect to those shares, the record holder. As the beneficial owner, you have the right to direct your broker or nominee how to vote, and you are also invited to attend the special meeting. However, since you are not the record holder, you may not vote these shares in person at the special meeting unless you follow your broker s procedures for obtaining a legal proxy. Your broker or nominee has enclosed a voting instruction card for you to use.

A complete list of the stockholders entitled to vote at the special meeting will be available for examination by any stockholder for any purpose germane to the special meeting, during ordinary business hours for a period of at least 10 days prior to the special meeting, at the offices of Dynabazaar, Inc., 888 Seventh Avenue, 17th Floor, New York, New York 10019. Such list will also be available for examination at the special meeting.

How You Can Vote

Registered Stockholders

Edgar Filing: DYNABAZAAR INC - Form S-4

Registered stockholders may vote in person at the special meeting or by completing, signing and dating the enclosed proxy card and returning it in the prepaid envelope provided.

Street Name Stockholders

If your shares are held by a broker, bank or other nominee, you must follow the instructions on the form you receive from your broker, bank or other nominee in order for your shares to be voted. Please follow their instructions carefully. Also, please note that if the holder of record of your shares is a broker, bank or other nominee and you wish to vote at the special meeting, you must request a legal proxy from the bank, broker or other nominee that holds your shares and present that proxy and proof of identification at the special meeting to vote your shares.

Based on the instructions provided by the broker, bank or other holder of record of their shares, street name stockholders may generally vote by one of the following methods:

By Mail. You may vote by signing, dating and returning your voting instruction card in the enclosed pre-addressed envelope; or

42

In Person With a Proxy from the Record Holder. A street name stockholder who wishes to vote at the meeting will need to obtain a legal proxy from his or her bank or brokerage firm. Please consult the voting instruction card sent to you by your bank or broker to determine how to obtain a legal proxy in order to vote in person at the special meeting.

Stockholders may receive more than one set of voting materials, including multiple copies of this joint proxy statement/prospectus and multiple proxy cards or voting instruction cards. For example, stockholders who hold shares in more than one brokerage account may receive a separate voting instruction card for each brokerage account in which shares are held. Stockholders of record whose shares are registered in more than one name will receive more than one proxy card. In addition, L Q Corporation is also soliciting votes for its special meeting in order to obtain L Q Corporation stockholder approval of the adoption of the amended and restated merger agreement and stockholders who own shares of both L Q Corporation and Dynabazaar will also receive a proxy or voting instruction card from L Q Corporation. Please note that a vote in connection with the merger for the Dynabazaar special meeting will not constitute a vote in connection with the L Q Corporation special meeting, and vice versa. Therefore, the Dynabazaar board of directors urges Dynabazaar stockholders to complete, sign, date and return each proxy card and voting instruction card they receive for the Dynabazaar special meeting.

Adjournment and Postponement

Dynabazaar's bylaws provide that a special meeting of stockholders may be adjourned by the presiding officer if a quorum is not present or represented at any meeting of Dynabazaar's stockholders, if the board determines that adjournment is necessary or appropriate to enable the stockholders to consider fully information which the board determines has not been made sufficiently or timely available to stockholders, or the board determines that adjournment is otherwise in the best interests of the Corporation. When a special meeting is adjourned to another time, date or place, notice need not be given of the adjourned meeting if the time, date and place thereof are announced at the special meeting at which the adjournment is taken. At the adjourned special meeting, Dynabazaar may transact any business which might have been transacted at the original special meeting. If the adjournment is for more than 30 days or if after the adjournment a new record date is fixed for the adjourned special meeting, a notice of the adjourned special meeting shall be given to each stockholder of record entitled to vote at the special meeting.

Required Vote, Quorum, Abstentions and Broker Non-Votes

A quorum of Dynabazaar stockholders is required to transact business at the special meeting of Dynabazaar stockholders. A majority of the shares of Dynabazaar common stock issued and outstanding and entitled to vote on the record date must be present in person or by proxy at the Dynabazaar special meeting in order for a quorum to be established. Dynabazaar's transfer agent, Computershare Trust Company, will act as inspector of elections at the special meeting and will ascertain whether a quorum is present, tabulate the votes and determine the voting results on all matters presented to the Dynabazaar stockholders at the special meeting. If a quorum is not present, Dynabazaar expects that the Dynabazaar special meeting will be adjourned to allow additional time to obtain additional proxies or votes, and at any subsequent reconvening of the Dynabazaar special meeting, all proxies will be voted in the same manner as the proxies would have been voted at the original convening of the special meeting, except for any proxies that have been effectively revoked or withdrawn prior to the reconvening of the Dynabazaar special meeting.

If you hold shares of Dynabazaar common stock in street name through a bank, broker or other nominee holder, the nominee holder may only vote your shares in accordance with your instructions. If you do not give specific instructions to your nominee holder as to how you want your shares voted, your nominee will indicate that it does not have authority to vote on the proposal, which will result in what is called a broker non-vote. All shares of Dynabazaar common stock represented at the Dynabazaar special meeting, including broker non-votes and abstentions,

will be counted for purposes of determining the presence of a quorum.

The affirmative vote of a majority of the outstanding shares of Dynabazaar common stock entitled to vote at the special meeting must vote FOR the adoption of the amended and restated merger agreement and FOR the amendment to Dynabazaar's certificate of incorporation to change the corporation's name. The affirmative vote of not less than 75% of the outstanding shares of Dynabazaar common stock entitled to vote at the special meeting

43

must vote FOR the amendment to Dynabazaar's certificate of incorporation to declassify the board. Abstentions will have the same effect as a vote against the proposals. Failure to vote and broker non-votes will have no effect on the proposals, other than making it more difficult for Dynabazaar to achieve a quorum at the special meeting.

Voting by Dynabazaar Directors and Executive Officers

As of the record date, Dynabazaar's directors, executive officers and their affiliates, as a group, beneficially owned and were entitled to vote approximately [_____] shares of Dynabazaar common stock, or [___]% of the outstanding shares of Dynabazaar common stock.

Certain of Dynabazaar's directors and executive officers are employed by, or otherwise affiliated with, Barington. Furthermore, Barington and certain of its affiliates collectively owned approximately [___]% of the outstanding common stock of Dynabazaar as of [____], 2007. Pursuant to a letter agreement dated February 26, 2007, Barington has agreed to vote, and to cause its affiliates to vote, all of the shares of Dynabazaar common stock now owned or hereafter acquired by Barington and its affiliates in favor of the transaction, in proportion to the votes of the other stockholders of Dynabazaar. For additional information on Dynabazaar's relationship with Barington, see the section entitled Information About Dynabazaar, Inc. Certain Relationships and Related Transactions, and Director Independence beginning on page [___] of this joint proxy statement/prospectus.

Revoking Your Proxy

You may change your vote or revoke your proxy at any time before the proxy is voted at the Dynabazaar special meeting by:

- delivering a signed, written and dated notice to the Secretary of Dynabazaar at Dynabazaar's principal executive offices before the special meeting stating that you would like to revoke your proxy;
- delivering to the Secretary of Dynabazaar a valid, duly executed proxy relating to the same shares and bearing a later date (which automatically revokes any earlier proxy); or
- voting in person at the Dynabazaar special meeting. Your attendance alone will not revoke your proxy.

If you hold shares through a bank, broker or other nominee, you must contact your financial institution, broker or nominee for information on how to revoke your proxy or change your vote. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request.

Written notices of revocation to the Secretary of Dynabazaar should be addressed to Secretary, Dynabazaar, Inc., 888 Seventh Avenue, 17th Floor, New York, New York 10019.

If you hold your shares in street name, you must give new instructions to your broker prior to the special meeting or obtain a signed legal proxy from the broker to revoke your prior instructions and vote in person at the meeting.

Any Dynabazaar stockholder who has a question about the merger or the adoption of the amended and restated merger agreement, or how to vote or revoke a proxy, or who wishes to obtain additional copies of this joint proxy statement/prospectus, should contact Dynabazaar's proxy solicitor, D.F. King, Inc. & Co., at 1-800-676-7437 or email them at webmaster@dfking.com.

Other Matters

Other than the proposals described in this joint proxy statement/prospectus, the Dynabazaar board of directors is not aware of any other business to be brought before the Dynabazaar special meeting or any adjournment or postponement of the special meeting. If, however, other matters are properly brought before the Dynabazaar special meeting (including any proposal to adjourn the special meeting) or an adjournment

or postponement thereof,

44

the persons appointed as proxies will have discretionary authority to vote the shares of Dynabazaar common stock represented by duly executed proxies in accordance with their discretion and judgment.

Solicitation of Proxies and Expenses

Dynabazaar and L Q Corporation will each pay the expenses it incurs in connection with the filing, printing and mailing of this joint proxy statement/prospectus, unless the merger is not consummated, in which case such expenses will be shared equally. Dynabazaar will be responsible for any fees incurred in connection with the solicitation of proxies for the Dynabazaar special meeting. In addition to solicitation by mail, the directors, officers, employees and agents of Dynabazaar may solicit proxies from Dynabazaar stockholders by telephone or other electronic means or in person. Brokerage houses and other custodians, nominees and fiduciaries will be requested to forward soliciting materials to the beneficial owners of shares held of record by these persons, and Dynabazaar will reimburse them for their reasonable out-of-pocket expenses in sending proxy materials to beneficial owners. Dynabazaar plans to retain D.F. King & Co. to assist it in soliciting proxies, and has agreed to pay a fee of approximately \$5,000 for these services, plus out-of-pocket expenses. Dynabazaar also may use several of its regular employees, who will not be specially compensated, to solicit proxies from Dynabazaar stockholders, either personally or by telephone, Internet, telegram, facsimile or special delivery letter.

Stockholders Sharing an Address

Dynabazaar has adopted a procedure approved by the Securities and Exchange Commission called householding. Under this procedure, a householding notice will be sent to Dynabazaar stockholders who have the same address and last name and do not participate in electronic delivery of proxy materials, and they will receive only one copy of this joint proxy statement/prospectus unless one or more of these stockholders notifies us that they wish to continue receiving individual copies. Each Dynabazaar stockholder who participates in householding will continue to receive a separate proxy card. If any stockholders in your household wish to receive a separate joint proxy statement/prospectus, they may call Dynabazaar's Investor Relations group at (212) 974-5730 or write to Investor Relations, Dynabazaar, Inc., 888 Seventh Avenue, 17th Floor, New York, New York 10019. Other Dynabazaar stockholders who have multiple accounts in their names or who share an address with other stockholders can authorize Dynabazaar to discontinue mailings of multiple copies of the joint proxy statement/prospectus by calling or writing to Dynabazaar's Investor Relations group.

In considering such recommendation, L Q Corporation stockholders should be aware that some L Q Corporation directors and officers have interests in the merger that are different from, or in addition to, those of L Q Corporation stockholders generally. See the section entitled "The Merger - Interests of L Q Corporation Directors and Officers in the Merger" beginning on page [___].

If your submitted proxy card does not specify how you want to vote your shares, your shares will be voted FOR the proposal to adopt the amended and restated merger agreement.

with respect to those shares, the record holder. As the beneficial owner, you have the right to direct your broker or nominee how to vote, and you are also invited to attend the special meeting. However, since you are not the record holder, you may not vote these shares in person at the special meeting unless you follow your broker's procedures for obtaining a legal proxy. Your broker or nominee has enclosed a voting instruction card for you to use.

A complete list of the stockholders entitled to vote at the special meeting will be available for examination by any stockholder for any purpose germane to the special meeting, during ordinary business hours for a period of at least 10 days prior to the special meeting, at the offices of L Q Corporation, Inc., 888 Seventh Avenue, 17th Floor, New York, New York 10019. Such list will also be available for examination at the special meeting.

How You Can Vote

You can only vote your shares if you are either represented by proxy or eligible to vote your shares in person at the special meeting. You can submit your proxy by mail, by completing, signing and dating the enclosed proxy card and returning it in the prepaid envelope provided.

If you hold shares through a bank, broker or other nominee, please provide your voting instructions by mail in accordance with the instructions contained on your voting instruction card. If you return a properly signed proxy card, the persons appointed as proxies will vote your shares as you direct.

Stockholders may receive more than one set of voting materials, including multiple copies of this joint proxy statement/prospectus and multiple proxy cards or voting instruction cards. For example, stockholders who hold shares in more than one brokerage account may receive a separate voting instruction card for each brokerage account in which shares are held. Stockholders of record whose shares are registered in more than one name will receive more than one proxy card. In addition, Dynabazaar is also soliciting votes for its special meeting in order to obtain Dynabazaar stockholder approval of, among other things, the adoption of the amended and restated merger agreement, and stockholders who own shares of both L Q Corporation and Dynabazaar will also receive a proxy or voting instruction card from Dynabazaar. Please note that a vote for the proposal to adopt the amended and restated merger agreement for the Dynabazaar special meeting will not constitute a vote for the proposal to adopt the amended and restated merger agreement for the L Q Corporation special meeting, and vice versa. Therefore, the L Q Corporation board of directors urges L Q Corporation stockholders to complete, sign, date and return each proxy card and voting instruction card they receive for the L Q Corporation special meeting.

47

Adjournment and Postponement

L Q Corporation's bylaws provide that a special meeting of the stockholders may be adjourned from time to time by either the chairman of the meeting or the stockholders entitled to vote thereat, present in person or represented by proxy. When a meeting is adjourned to another time or place, notice need not be given of the adjourned meeting if the time and place thereof are announced at the meeting at which the adjournment is taken. At the adjourned meeting, L Q Corporation may transact any business which might have been transacted at the original meeting. If the adjournment is for more than 30 days or if after the adjournment a new record date is fixed for the adjourned special meeting, a notice of the adjourned special meeting shall be given to each stockholder of record entitled to vote at the special meeting.

Required Vote, Quorum, Abstentions and Broker Non-Votes

A quorum of L Q Corporation stockholders is required to transact business at the special meeting of L Q Corporation stockholders. A majority of the shares of L Q Corporation common stock issued and outstanding and entitled to vote on the record date must be present in person or by proxy at the L Q Corporation special meeting in order for a quorum to be established. L Q Corporation's transfer agent, Computershare Trust Company, will act as inspector of elections at the special meeting and will ascertain whether a quorum is present, tabulate the votes and determine the voting results on all matters presented to the L Q Corporation stockholders at the special meeting. If a quorum is not present, L Q Corporation expects that the L Q Corporation special meeting will be adjourned to allow additional time to obtain additional proxies or votes, and at any subsequent reconvening of the L Q Corporation special meeting, all proxies will be voted in the same manner as the proxies would have been voted at the original convening of the special meeting, except for any proxies that have been effectively revoked or withdrawn prior to the reconvening of the L Q Corporation special meeting.

If you hold shares of L Q Corporation common stock in street name through a bank, broker or other nominee holder, the nominee holder may only vote your shares in accordance with your instructions. If you do not give specific instructions to your nominee holder as to how you

want your shares voted, your nominee will indicate that it does not have authority to vote on the proposal, which will result in what is called a broker non-vote. All shares of L Q Corporation common stock represented at the L Q Corporation special meeting, including broker non-votes and abstentions, will be counted for purposes of determining the presence of a quorum.

The affirmative vote of a majority of the outstanding shares of L Q Corporation common stock entitled to vote at the special meeting must vote FOR the adoption of the amended and restated merger agreement. Abstentions will have the same effect as a vote against the proposal. Failure to vote and broker non-votes will have no effect on the proposal, other than making it more difficult for L Q Corporation to achieve a quorum at the special meeting.

Voting by L Q Corporation Directors and Executive Officers

As of the record date, L Q Corporation's directors, executive officers and their affiliates, as a group, beneficially owned and were entitled to vote [_____] shares of L Q Corporation common stock, or [__]% of the total outstanding shares of L Q Corporation common stock.

If any other matter should be duly presented at the special meeting upon which a vote properly may be taken, shares represented by all proxies received by L Q Corporation will be voted with respect thereto in accordance with the judgment of the persons named as attorneys in the proxies.

Solicitation of Proxies and Expenses

Dynabazaar and L Q Corporation will each pay the expenses it incurs in connection with the filing, printing and mailing of this joint proxy statement/prospectus, unless the merger is not consummated, in which case such expenses will be shared equally. L Q Corporation will be responsible for any fees incurred in connection with the solicitation of proxies for the L Q Corporation special meeting. In addition to solicitation by mail, the directors, officers, employees and agents of L Q Corporation may solicit proxies from L Q Corporation stockholders by telephone or other electronic means or in person. Some of these individuals may have interests in the merger that are different from, or in addition to, the interests of L Q Corporation stockholders generally. See the section entitled "The Merger - Interests of L Q Corporation Directors and Officers in the Merger" on page [__]. Brokerage houses and other custodians, nominees and fiduciaries will be requested to forward soliciting materials to the beneficial owners of shares held of record by these persons, and L Q Corporation will reimburse them for their reasonable out-of-pocket expenses in sending proxy materials to beneficial owners. L Q Corporation has made arrangements with D.F. King & Co. to assist it in soliciting proxies, and has agreed to pay a fee of approximately \$5,000 for these services. L Q Corporation also may use several of its regular employees, who will not be specially compensated, to solicit proxies from L Q Corporation stockholders, either personally or by telephone, Internet, telegram, facsimile or special delivery letter.

THE MERGER

The following is a description of the material aspects of the proposed merger and related transactions. The following description may not contain all of the information that is important to you. You should read this entire joint proxy statement/prospectus, including the section entitled "Risk Factors" beginning on page [__], and the other documents we refer to carefully for a more complete understanding of the merger and the related transactions.

Background of the Merger

During 2006, Dynabazaar and L Q Corporation each individually reviewed their respective strategic plans, including, among other things, opportunities for consolidation with complementary businesses. On July 19, 2006, Sebastian E. Cassetta, the Chief Executive Officer of both L Q Corporation and Dynabazaar's Costar Video Systems, LLC ("Costar") subsidiary, introduced representatives of Costar to representatives of Sielox, LLC ("Sielox"), a subsidiary of L Q Corporation. While Sielox and Costar do not compete in any material respect, the products of both companies are sold to customers in the same industry. At such meeting, the representatives of the two companies identified a number of mutually beneficial potential business opportunities between the companies.

Between July 25, 2006 and September 15, 2006, representatives of Sielox and Costar began to discuss various mutually beneficial potential business opportunities between the companies. During this period, Sielox and Costar agreed to share a trade show booth and related expenses at a trade show being held in San Diego, California. In addition, a strategic distribution agreement was entered into between Sielox and Costar dated July 31, 2006 pursuant to which Sielox was appointed as an authorized distributor of certain products of Costar.

During this period, representatives of Sielox and Costar also began discussing the terms of a possible strategic alliance agreement between the companies. Such discussions took place pursuant to a confidentiality agreement entered into between the parties dated July 31, 2006.

Edgar Filing: DYNABAZAAR INC - Form S-4

On September 8, 2006, the Boards of Directors of L Q Corporation and Dynabazaar each approved the execution of a strategic alliance agreement (the Strategic Alliance Agreement), authorizing the commencement of non-binding discussions between representatives of Sielox and Costar to explore mutually beneficial opportunities to work together, including, without limitation, through a joint venture, joint sales or joint marketing arrangement, or other business arrangement or strategic alliance. The strategic alliance agreement was entered into between Sielox and Costar on September 15, 2006.

At the September 8, 2006 Board of Director meetings, in discussion with management and representatives of Barington, the Board of Directors of each company also began to consider the benefits of a strategic merger between L Q Corporation and Dynabazaar, in light of the likely cost savings at the parent level and synergies at the operating company level of the two companies. At such meetings the Board of Directors of each company authorized Barington to prepare and present a report to the respective Boards regarding the potential merger opportunity and to assist each company in considering the contemplated opportunity, including potential synergies and cost savings.

By memorandum dated September 13, 2006, Barington presented to the Board of Directors of Dynabazaar its report with respect to a possible business combination between Dynabazaar and L Q Corporation. A similar memorandum was presented by Barington to the Board of Directors of L Q Corporation dated September 14, 2006.

The Board of Directors of Dynabazaar unanimously agreed that it would be desirable and in the best interests of the company and its stockholders to consider such a business combination. However, Dynabazaar's Board also recognized that Barington might be deemed to have an interest in the contemplated transaction as (a) Barington and a group of certain other investors collectively owned greater than 10% of the outstanding common stock of both L Q Corporation and Dynabazaar, (b) certain executive officers of Barington currently served as directors and/or executive officers of L Q Corporation and Dynabazaar, and (c) Barington was party to separate administrative services agreements with L Q Corporation and Dynabazaar pursuant to which Barington performed certain administrative, accounting and other services on behalf of each company. Therefore, in light of Barington's interest in the contemplated business combination, Dynabazaar's Board established, by resolution dated as of

51

September 29, 2006, a special committee of independent directors of the Dynabazaar Board (the Dynabazaar Special Committee) who are not directly or indirectly affiliated with Barington to review and evaluate the contemplated business combination and to take certain other actions with respect to the contemplated transaction. The Board of Directors of L Q Corporation similarly authorized by unanimous written consent the formation of a special committee of independent directors of the L Q Corporation Board (the L Q Corporation Special Committee) who are not directly or indirectly affiliated with Barington to review and consider a strategic transaction with Dynabazaar by resolution dated as of October 2, 2006.

By resolution dated as of October 4, 2006, the Dynabazaar Special Committee authorized the execution and delivery of a confidentiality agreement with L Q Corporation to permit the sharing of certain confidential information between the companies. Similarly, by resolution dated as of October 4, 2006, the members of the L Q Corporation Special Committee authorized the execution and delivery of a confidentiality agreement with Dynabazaar for the same purpose. On October 5, 2006, Dynabazaar and L Q Corporation entered into a confidentiality agreement to permit the exchange of confidential information between the parties, including financial information and projections.

By resolution dated as of October 10, 2006 and October 11, 2006, the members of the L Q Corporation Special Committee and Dynabazaar Corporation Special Committee, respectively, authorized and directed Barington to collect and consolidate such information on behalf of each company that it believed relevant for the consideration of the contemplated transaction and to deliver such information to the special committees of each company.

On October 11, 2006, Barington delivered to the Dynabazaar Special Committee and the L Q Corporation Special Committee a memorandum setting forth certain financial data concerning each company, including historical and projected data of the operating units of each company, combined consolidated projections for Costar and Sielox, and combined consolidated projections for Dynabazaar and L Q Corporation.

On November 30, 2006, the L Q Corporation Special Committee entered into an engagement agreement with Rodman & Renshaw to engage Rodman & Renshaw to serve as its financial advisor.

Edgar Filing: DYNABAZAAR INC - Form S-4

On December 11, 2006, L Q Corporation Special Committee entered into an engagement agreement with Norris McLaughlin & Marcus, PA, a law firm (Norris McLaughlin), to engage Norris McLaughlin to serve as its special legal counsel.

Similarly, on December 12, 2006, the Dynabazaar Special Committee entered into an engagement agreement with Bryan Cave LLP, a law firm (Bryan Cave), to engage Bryan Cave to serve as its special legal counsel.

On December 15, 2006, the Dynabazaar Special Committee held a meeting, including counsel from Bryan Cave. During such meeting, among other things, the Dynabazaar Special Committee discussed the contemplated transaction, including the background of the business combination, the contemplated transaction structure and the anticipated benefits of the transaction. In addition, the Dynabazaar Special Committee members confirmed the independence of its members as well as the committee's belief that Susquehanna was qualified and appropriate to serve as its financial advisor. Bryan Cave also reviewed with the Dynabazaar Special Committee the fiduciary duties of the committee's members.

Later on December 15, 2006, the Dynabazaar Special Committee held a meeting with representatives of Susquehanna to review Susquehanna's presentation on the valuation of the contemplated transaction. Susquehanna reviewed the components of its analysis as well as its preliminary conclusions concerning a potential range of exchange ratios for the exchange of common stock of the two companies. The members of the Dynabazaar Special Committee asked a number of questions and requested that Susquehanna continue their financial due diligence. Following extensive discussion, the members of the Dynabazaar Special Committee authorized Susquehanna to begin negotiating on behalf of the Dynabazaar Special Committee an exchange ratio with the financial advisor of L

52

Q Corporation. The Dynabazaar Special Committee informed Susquehanna that such negotiated exchange ratio must fall within the range discussed at the meeting and would remain subject to final review and approval by the Dynabazaar Special Committee. A representative of Barington who performs legal services on behalf of Dynabazaar and the Board pursuant to the administrative services agreement then reviewed with the committee a term sheet describing certain proposed terms of the contemplated merger transaction. Following discussion, the Dynabazaar Special Committee unanimously authorized the law firm of Kramer Levin Naftalis & Frankel LLP (Kramer Levin), which had acted as corporate counsel to both Dynabazaar and L Q Corporation, to prepare a preliminary draft of a merger agreement in accordance with the terms presented to the Dynabazaar Special Committee for review and consideration by the members of the Dynabazaar Special Committee as a basis for negotiation between the two committees and their respective independent counsel and financial advisors.

On December 16, 2006, the L Q Corporation Special Committee held a meeting with representatives from Norris McLaughlin to confirm the independence of Rodman & Renshaw and Norris McLaughlin and to discuss the duties and obligations of the committee members. Following this meeting, the L Q Corporation Special Committee met with representatives of Rodman & Renshaw to review Rodman & Renshaw's presentation on the valuation of the contemplated transaction. Rodman & Renshaw reviewed with the special committee in detail the analysis and valuation methods utilized to calculate the exchange ratio. The members of the committee asked a number of questions and requested certain supplemental information concerning its analysis. A representative from Barington then discussed with the L Q Corporation Special Committee a proposed outline of other material terms of the contemplated merger transaction. Following discussion, the L Q Corporation Special Committee unanimously authorized the law firm of Kramer Levin to prepare a draft merger agreement for the committee's review in accordance with the terms presented to the committee as a basis for negotiation between the two committees and their respective independent counsel and financial advisors.

On the morning of December 18, 2006, the L Q Corporation Special Committee held a meeting during which the committee and its counsel reviewed a presentation of Rodman & Renshaw regarding its valuation of the proposed Dynabazaar and L Q Corporation business combination. During the meeting, members of the committee had a number of questions concerning the Rodman & Renshaw presentation. The committee members and representatives of Rodman & Renshaw decided to reconvene later in the day at which point Rodman & Renshaw would present a revised presentation that addressed the concerns of the members of the committee.

At a reconvened meeting in the afternoon on December 18, 2006, the L Q Corporation Special Committee reviewed the revised presentation of Rodman & Renshaw. Following detailed discussion concerning the presentation, the L Q Corporation Special Committee unanimously authorized Rodman & Renshaw to begin to negotiate a mutually acceptable exchange ratio with the financial advisor to the Dynabazaar Special Committee, subject to certain parameters identified by the L Q Corporation Special Committee.

On December 21, 2006, the Dynabazaar Special Committee met with Bryan Cave to discuss certain aspects of the special committee process, as well as certain issues on the merger agreement. Following this discussion, representatives of Susquehanna joined the meeting and gave a presentation to the Dynabazaar Special Committee and its counsel with respect to the proposed business combination with L Q

Corporation. During the meeting, the representatives of Susquehanna reviewed, among other things, a draft fairness opinion from Susquehanna. The representatives of Susquehanna indicated that they believed that the proposed exchange ratio reflected in the documents was fair from a financial point of view to Dynabazaar and its stockholders. The representatives of Susquehanna described the financial analyses performed by the firm to reach that conclusion.

The Dynabazaar Special Committee next reviewed with representatives of Kramer Levin a draft merger agreement and a summary thereof prepared by Kramer Levin on behalf of both companies. The Dynabazaar Special Committee and Bryan Cave then requested that specific changes to the merger agreement be reflected in a revised version of the merger agreement which would be submitted to L Q Corporation for its approval.

During the meeting, Bryan Cave asked Barington to confirm that they would be willing to enter into a voting agreement pursuant to which Barington would agree to vote its shares in Dynabazaar, as well as its shares in L Q Corporation, in direct proportion to the vote of other unaffiliated shareholders, thereby assuring that Barington was not in a position to unduly influence the outcome of the merger vote. Barington confirmed that it intended to

enter into such a voting agreement, and representatives of Kramer Levin were requested to prepare a preliminary draft of such agreement for review by Bryan Cave in the near future.

The members of the Dynabazaar Special Committee asked questions concerning the impact of the merger on the outstanding options held by members of Dynabazaar's management and the Board of Directors. They also asked Susquehanna to review information regarding outstanding options for both constituent corporations and advise the Dynabazaar Special Committee whether such options should or should not impact the proposed merger exchange ratio.

Following further extensive discussion, the Dynabazaar Special Committee unanimously resolved to recommend the proposed merger with L Q Corporation to Dynabazaar's full Board of Directors, subject to the discussed non-material modifications to the merger agreement being reviewed and approved by the Chairman of the Special Committee.

Finally, representatives of Susquehanna answered various questions of the Board concerning Susquehanna's analysis and its fairness opinion. Among other things, the request by the Dynabazaar Special Committee to see the impact of outstanding stock options on the analysis of Susquehanna was discussed, which the Board agreed should be considered.

A representative of Kramer Levin next reviewed in detail the terms of the proposed merger agreement and an executive summary of certain terms thereof with the Board. The Board also reviewed a summary of steps for preparation and filing of a joint proxy statement/prospectus in order to obtain stockholder approval if the contemplated transaction is approved by the Board. The Board also reviewed a proposed press release for the contemplated transaction and discussed the mechanism for announcing the proposed transaction if approved by the Board. The Board also considered other issues to be voted upon at a special meeting of stockholders. In addition, the Board reviewed and approved the engagement of Barington by the Dynabazaar Special Committee to provide assistance to Dynabazaar in connection with the proposed transaction, and authorized the execution of an engagement agreement that had been previously distributed to the Board. Finally, the Board indicated its willingness to continue to consider and pursue the contemplated transaction, subject to the satisfactory resolution of the outstanding issues identified by the Dynabazaar Special Committee, and authorized the Chairman of the Board and the Dynabazaar Special Committee to oversee the resolution of such issues.

54

Dynabazaar, in direct proportion to the vote of other unaffiliated shareholders, thereby assuring that Barington was not in a position to unduly influence the outcome of the merger vote. Barington confirmed that it intended to enter into such agreement, and the members of the L Q Corporation Special Committee requested that this fact be memorialized in the merger agreement.

Following further discussion, the L Q Corporation Special Committee unanimously resolved to recommend to the full Board of Directors of L Q Corporation the execution of the proposed merger agreement with Dynabazaar in the form presented at the meeting along with the changes discussed, subject to a final review of the agreement by the Chairman of the Special Committee.

He also informed the Board that Barington had agreed to put in writing its commitment to vote its shares in connection with the merger in proportion to the votes cast by the other stockholders of both Dynabazaar and L Q Corporation.

In addition, legal counsel of Barington answered certain questions of the Board, including with respect to the breakup fee arrangement contemplated by the merger agreement, and informed the Board of the recommendation of management to change the name of the combined company to reflect the fact that the business will be focused on the security industry. Similarly, on January 5, 2007, the L Q Corporation Special Committee accepted and approved by unanimous written consent a revised presentation and fairness opinion of Rodman & Renshaw, as well as the revised draft of the merger agreement. The L Q Corporation Special Committee then recommended to the L Q Corporation Board that it approve the contemplated merger based on an exchange ratio of 3.65 to 1 and recommended to the Board that it adopt and approve the revised merger agreement.

On January 5, 2007, the Boards of Directors of both Dynabazaar and L Q Corporation accepted the recommendation of their respective special committees and each determined that it was advisable and in the best interests of each company and their respective stockholders that Dynabazaar and L Q Corporation enter into the merger agreement, which each Board independently adopted and approved. Later on January 5, 2007, Dynabazaar and L Q Corporation executed the merger agreement.

On January 5, 2007, both Dynabazaar and L Q Corporation entered into separate letter agreements with Barington with respect to the engagement of Barington by each of the Dynabazaar Special Committee and the L Q Corporation Special Committee to provide assistance with respect to the contemplated merger between Dynabazaar and L Q Corporation. Each of Dynabazaar and L Q Corporation agreed to pay Barington a fee of \$100,000, as well as reimburse Barington for all reasonable and documented out-of-pocket expenses incurred by Barington, as compensation for its services.

During the week of January 8, 2007, it came to the attention of Dynabazaar that the list of outstanding Dynabazaar stock option awards used by the financial advisors to both special committees in their exchange ratio analysis was incorrect. A corrected list of the outstanding Dynabazaar stock options was prepared by Dynabazaar on January 12, 2007 and the accuracy of the outstanding L Q Corporation stock options was confirmed. These lists were certified to be accurate by the chief financial officer of both Dynabazaar and L Q Corporation and provided to the financial advisors of the special committees of both companies.

Utilizing the revised stock option information, the financial advisors each informally agreed to recommend on January 16, 2007 that the exchange ratio should be modified from 3.65 to 1 to 3.68 to 1.

On January 17, 2007, Susquehanna provided to the Dynabazaar Special Committee an initial draft of an updated analysis supporting the revised exchange ratio and indicated their willingness to issue a fairness opinion stating that the exchange ratio is fair from a financial point of view to Dynabazaar and its shareholders following receipt of a revised draft of the merger agreement.

Similarly, on January 17, 2007, Rodman & Renshaw provided the L Q Corporation Special Committee with an initial draft of an updated analysis supporting the revised exchange ratio and an initial draft of a fairness opinion stating that the exchange ratio is fair from a financial

point of view to the shareholders of L Q Corporation.

56

On January 19, 2007, a revised draft of the merger agreement was prepared and delivered to Susquehanna for its review, and on January 22, 2007, Susquehanna prepared an initial draft of an updated fairness opinion, stating that the exchange ratio is fair from a financial point of view to Dynabazaar and its shareholders as of January 5, 2007, the date of the merger agreement. Legal counsel of Barington requested that the opinion be brought down to the date it is being given, rather than be given as of the date of the initial merger agreement. Susquehanna subsequently agreed to do so after it updated its financial analysis.

On February 13, 2007, Susquehanna delivered to the members of the Dynabazaar Special Committee and its counsel a revised presentation and fairness opinion, which stated the exchange ratio is fair from a financial point of view to Dynabazaar and its shareholders as of February 13, 2007, the date of the opinion. Similarly, on February 14, 2007, Rodman & Renshaw delivered to the members of the L Q Corporation Special Committee and its counsel a revised presentation and fairness opinion which stated the exchange ratio is fair from a financial point of view to the shareholders of L Q Corporation as of February 13, 2007, the date of the opinion.

On February 14, 2007, the Dynabazaar Special Committee accepted and approved by unanimous written consent the revised presentation and revised fairness opinion of Susquehanna and recommended that the Dynabazaar's Board of Directors approve the contemplated merger based on an exchange ratio of 3.68 to 1. In addition, the Dynabazaar Special Committee approved an amended and restated draft of the merger agreement and recommended that the Board of Directors adopt and approve such agreement.

Similarly, on February 14, 2007, the L Q Corporation Special Committee accepted and approved by unanimous written consent the revised presentation and revised fairness opinion of Rodman & Renshaw and recommended that L Q Corporation's Board of Directors approve the contemplated merger based on an exchange ratio of 3.68 to 1. In addition, the L Q Corporation Special Committee approved the amended and restated draft of the merger agreement and recommended that the Board of Directors adopt and approve such agreement.

On February 16, 2007, Dynabazaar's Board of Directors accepted the recommendations of the Dynabazaar Special Committee and determined that it was advisable and in the best interests of Dynabazaar and its stockholders that Dynabazaar enter into the amended and restated merger agreement, which the Board adopted and approved. Similarly, on February 16, 2007, the Board of Directors of L Q Corporation accepted the recommendations of the L Q Corporation Special Committee and determined that it was advisable and in the best interests of L Q Corporation and its stockholders that L Q Corporation enter into the amended and restated merger agreement, which the Board adopted and approved.

On February 26, 2007, Dynabazaar and L Q Corporation executed the amended and restated merger agreement.

Rationale for the Merger

Dynabazaar and L Q Corporation anticipate that the combination of the companies will yield significant benefits in a number of respects. First, the combination of the operating units (Costar and Sielox) will likely create a number of synergies and represent a first step towards the creation of a business capable of providing a wide range of security solutions to customers in both the private and public sectors. Second, the combination of the two publicly-traded companies will likely result in significant cost savings, due to the resulting reduction of overhead and public company expenses. Finally, the combination of the two companies should create a stronger enterprise, with greater resources and more growth opportunities. The following is a more detailed description of these benefits.

Synergies. Dynabazaar and L Q Corporation believe that the merger will create a number of operating synergies, including increased sales, enhanced brand recognition, access to new talent and systems, consolidation of the enterprise under one chief executive officer and cost savings in sales and marketing expenses.

57

Increased Sales

Edgar Filing: DYNABAZAAR INC - Form S-4

Expansion of Product Lines. The combination of the two companies provides each of Dynabazaar and L Q Corporation with access to the product line of the other without the payment of an acquisition premium, thereby providing each company with an additional product platform in the security industry.

New Distribution Channels. Costar's primary distribution channel consists of large system integrators. It has been targeting the small dealer network; however, given the large number of dealers nationwide, penetration into this market would require significant investment in sales personnel and marketing. Sielox's distribution channel consists primarily of a nationwide dealer network. As a result of the merger, Costar would be able to sell its products into Sielox's distribution channels by being introduced to Sielox's customers or through Sielox's sales force. Through the combined company, Dynabazaar and L Q Corporation believe that Costar would be able to accomplish its goal of penetrating this new distribution channel immediately and with minimal investment. At the same time, Sielox will have the opportunity to sell into Costar's distribution channel consisting primarily of large system integrators, providing Sielox with access to a new market and the ability to expand its customer base.

Integrated Security Products Solutions. The combined company would be able to further increase its sales by introducing integrated product solutions to the marketplace. Integrated solutions are increasingly becoming the preferred mode of purchase by large system integrators, dealers and end users, providing them with one-stop shopping and access to turn-key products.

Enhanced Brand Name Recognition

Sielox is a recognized brand name in the security industry. Costar's name is gaining recognition as its products are being installed in large projects with major retailers such as Wal-Mart, Publix and Bed, Bath & Beyond. In 2007, Costar is planning on launching a marketing campaign to enhance its brand awareness. The combination of Sielox and Costar should further improve brand equity for the products of both companies.

Access to New Talent and Systems

Sales. Sielox's management team has extensive expertise in the development and management of a national sales force. This experience includes a 25 year affiliation with Checkpoint Systems, an international manufacturer and marketer of integrated security system solutions.

Engineering. Sielox's products are supported by proprietary software, and it designs and arranges for the manufacturing of its hardware. Consequently, it has a cadre of experienced software and hardware engineers who could be valuable to Costar in its development of new products and customized integrated product solutions.

Cost control. Unlike Sielox, which operated within a large corporate environment, Costar was founded and continues to be managed by entrepreneurs. These individuals are adept in managing companies with limited resources and have experience in growing a business while controlling expenses. We believe that as a result of the merger, Sielox will benefit from gaining access to the experience and cost control management systems that Costar has developed.

58

Consolidation of Enterprise Under One Chief Executive Officer

As Sebastian E. Cassetta is heading the operations of both companies in light of his role as President and Chief Executive Officer of L Q Corporation and Dynabazaar, the merger would unite the companies under his leadership. Similarly, Melvyn Brunt is the Chief Financial Officer of both L Q Corporation and Dynabazaar. The combination of the two companies would likely provide greater ease of management and related administrative efficiencies.

Sales and Marketing Expenses

Some synergies should also be available in the area of sales and marketing, resulting in cost savings to the combined company. For example, the two companies' operating units have shared a booth at two security industry conventions. It is expected that a number of other similar synergies can be achieved in this area, including through the use of shared advertising, product catalogs and other marketing materials.

Cost Savings. Dynabazaar and L Q Corporation believe the combined company can be operated more efficiently than either company on its own because the merger is expected to create substantial cost savings at the parent level. These savings will be realized by eliminating duplication in a number of areas. For example, as each company is publicly traded, each incurs a number of annual expenses that could be significantly reduced, if not halved, including, but not limited to the following expenses:

annual audit and accounting fees;

legal and filing fees pertaining to the preparation of quarterly and annual Securities and Exchange Commission reports (Form 10-Qs and 10-Ks) and proxy statements;

printing, mailing and proxy solicitation services in connection with each company's annual meeting of stockholders; and
director and officer insurance expenses.

In addition, each company has traditionally had 5 or 6 board members (each board now has one or more vacancies). The combined company would likely only require 6 directors, resulting in a reduction in board of director fees and expenses.

Furthermore, Dynabazaar and L Q Corporation each receive administrative, accounting and other services from Barington. L Q Corporation currently pays Barington a monthly fee of \$10,000 and Dynabazaar pays Barington a monthly fee of \$7,500 for such services. It is the belief of the executive officers of each of Dynabazaar and L Q Corporation that following the completion of the merger the combined company will have the internal resources necessary to fully perform the administrative services currently being provided to each company by Barington, therefore providing additional cost savings as a result of the merger.

Growth Opportunities. The merger is expected to create a stronger platform for the growth of the companies, both organically and through acquisitions. In addition to add-on acquisitions to the existing product lines, Dynabazaar and L Q Corporation believe that the combined company will have the ability to capitalize on anticipated growth opportunities by targeting acquisition candidates in other sectors of the security industry, such as:

Radio Frequency Identification

Biometrics

Fire Protection

Building Automation

Gaming Industry Security

The combined entity would have greater assets, a stronger borrowing base and a larger market capitalization. This should not only facilitate the ability to raise additional debt and equity, to the extent needed for acquisitions, growth or to fund continuing operations, but it should also facilitate the relisting of the combined company on the Nasdaq, to the extent deemed desirable in the future.

Consideration of the Merger by the Dynabazaar Board of Directors

Dynabazaar's board of directors has determined that the merger is advisable, and is fair to and in the best interests of Dynabazaar and its stockholders, and unanimously approved the merger and the amended and restated merger agreement. In reaching its decision, the Dynabazaar board of directors identified a number of reasons for, and potential benefits to Dynabazaar and its stockholders of, the merger.

In reaching its decision to approve the merger and the amended and restated merger agreement, the Dynabazaar board of directors consulted with Dynabazaar's management, internal and outside legal counsel regarding the legal terms of the merger, and financial advisors regarding the financial aspects of the merger and the fairness, from a financial point of view, of the aggregate merger consideration to Dynabazaar and the holders of Dynabazaar common stock. Such factors that the Dynabazaar board of directors considered in reaching its determination included, but were not limited to, the following:

All the reasons described above under *Rationale for the Merger* beginning on page [] including the synergies, cost savings and growth opportunities expected to be available to the combined company.

The fact that Costar, the main operating unit of Dynabazaar, is familiar with the products of L Q Corporation and has established a favorable working relationship with the management team of L Q Corporation, as evidenced by the sharing of a booth between Sielox and Costar at two security industry trade shows and the distribution agreement entered into between the companies as of July 31, 2006, pursuant to which Sielox was appointed as an authorized distributor of certain products of Costar.

The fact that the management teams of both companies support the merger following the consideration of the matter pursuant to the strategic alliance agreement entered into between Dynabazaar and L Q Corporation on September 15, 2006.

The fact that the transaction is being structured as a stock-for-stock transaction without the payment of a merger premium, thereby conserving the cash of Dynabazaar to fund growth, continued operations or further acquisitions.

The fact that the amended and restated merger agreement provides for a relatively modest breakup fee of \$200,000, which the Dynabazaar board of directors believes should not be a material disincentive to an alternative proposal from a third party.

The fact that an alternative proposal has not been presented to the Dynabazaar board of directors by a third company (nor have any inquiries been received) since the time the consideration of a strategic transaction between the companies was first publicly announced following the execution of the strategic alliance agreement in September 2006 and when the amended and restated merger agreement was approved by the Dynabazaar board of directors in February 2007, as well as the belief of the Dynabazaar board of directors that the merger would only enhance, rather than detract from, the ability of Dynabazaar to pursue any other available alternative transaction in the future.

The fact that a special committee of independent directors, with the assistance of independent legal counsel and an independent financial advisor, has reviewed and considered the merger and recommended that the merger be approved by the Board.

The fact that Susquehanna has provided a fairness opinion dated February 13, 2007, that the exchange ratio is fair, from a financial point of view, to Dynabazaar and its stockholders. See Annex C.

The fact that under the terms of the merger agreement, while Dynabazaar is prohibited from soliciting acquisition proposals from third parties, Dynabazaar may engage in discussions and negotiations with, and may furnish non-public information to, a third party that makes an unsolicited acquisition proposal, if, among other things, the board of directors determines in its reasonable judgment that the proposal is reasonably likely to lead to a superior offer, that, after consultation with outside legal counsel, the proposal constitutes a superior offer and that failure to withdraw or modify its recommendation that its stockholders adopt the amended and restated merger agreement would be reasonably likely to constitute a breach of its fiduciary obligations under applicable law.

The fact that the closing of the merger is subject to only a limited number of customary conditions, including that a majority of the outstanding shares of each company's common stock approve the amended and restated merger agreement. The board of directors further considered that to consummate the transactions, Dynabazaar would not be required to obtain any material consents, approvals or authorizations, including those required by governmental authorities. In addition, the consummation of the merger is not subject to either party obtaining financing or completing any additional due diligence.

The fact that the transaction had been structured so as to best preserve the net operating losses (NOLs) of Dynabazaar.

The agreement of Barington to vote its shares in favor of the merger in proportion to the votes of the other stockholders of Dynabazaar.

The fact that it has been agreed that the Chairman of the Board of Dynabazaar will be the Chairman of the Board of the combined company.

In addition, the Dynabazaar board of directors also identified and considered a variety of potentially negative factors in its deliberations concerning the merger, including, but not limited to:

The risk that the merger might not be completed in a timely manner or at all.

The cost and expense of closing the merger and the distraction to the management team of the company.

The fact that the operating units of L Q Corporation have been less profitable than Costar.

The requirement that Dynabazaar must pay L Q Corporation a \$200,000 termination fee should the Dynabazaar board approve or recommend to the Dynabazaar stockholders an alternative transaction or acquisition proposal.

The above discussion of the material factors considered by the Dynabazaar board of directors is not intended to be exhaustive, but does set forth the principal factors considered by the Dynabazaar board of directors. The Dynabazaar board of directors collectively reached the conclusion to approve the amended and restated merger agreement in light of the various factors described above and other factors that each member of the Dynabazaar board of directors felt were appropriate. In view of the wide variety of factors considered by the Dynabazaar board of directors in connection with its evaluation of the merger and the complexity of these matters, the Dynabazaar board of directors did not consider it practical, and did not attempt, to quantify, rank or otherwise assign relative weights to the specific factors it considered in reaching its decision. Rather, the Dynabazaar board of directors made its recommendation based on the totality of information presented to, and the investigation conducted by it. In considering the factors discussed above, individual directors may have given different weights to different factors.

Recommendation of the Dynabazaar Board of Directors

After careful consideration, the Dynabazaar board of directors has unanimously determined that the merger and the adoption of the amended and restated merger agreement are advisable to, and in the best interests of, Dynabazaar and its stockholders. Additionally, the Dynabazaar board of directors has unanimously determined that the amendments to the Dynabazaar certificate of incorporation to change the corporate name and declassify the board of directors are advisable to, and in the best interests of, Dynabazaar and its stockholders. **The Dynabazaar board of directors unanimously recommends that Dynabazaar stockholders vote FOR the adoption of the amended and restated merger agreement, FOR the amendment to Dynabazaar's certificate of incorporation to change the corporate name and FOR the amendment to Dynabazaar's certificate of incorporation to declassify the board of directors.**

Opinion of Dynabazaar's Financial Advisor

The Dynabazaar Special Committee engaged Susquehanna, LLLP to act as its exclusive financial advisor and to provide an opinion to the Dynabazaar Special Committee regarding the fairness, from a financial point of view, to Dynabazaar and the holders of Dynabazaar common stock of the exchange ratio.

On February 13, 2007, Susquehanna rendered its opinion to the Dynabazaar Special Committee to the effect that, based upon and subject to the assumptions, qualifications, limitations and other matters described in its written opinion, as of February 13, 2007, the exchange ratio was fair, from a financial point of view, to Dynabazaar and the holders of Dynabazaar common stock.

The full text of Susquehanna's written opinion, dated February 13, 2007, to the Dynabazaar Special Committee, which sets forth the procedures followed, assumptions made, qualifications and limitations on the review undertaken and other matters considered by Susquehanna in preparing its opinion, is included as Annex C to this joint proxy statement/prospectus. The summary of Susquehanna's opinion in this joint proxy statement/prospectus is qualified in its entirety by reference to the full text of its written opinion, which is incorporated by reference. You are encouraged to carefully read the full text of Susquehanna's written opinion. However, Susquehanna's opinion is not intended to be, and does not constitute, advice or a recommendation to any security holder as to how such security holder should vote or act with respect to any matter relating to the merger.

In issuing its opinion, in addition to those assumptions described below with respect to the various analyses made by Susquehanna, the following assumptions were made, or assurances of management were relied upon, by Susquehanna:

the financial, accounting and other information provided to Susquehanna by Dynabazaar and L Q Corporation or otherwise discussed with or reviewed by Susquehanna was accurate and complete, and Susquehanna did not assume any responsibility for independent verification of that information;

the information provided to Susquehanna was prepared on a reasonable basis in accordance with industry practice, and neither Dynabazaar or L Q Corporation was aware of any information or facts that would make the information provided to Susquehanna incomplete or misleading;

neither Dynabazaar nor L Q Corporation were a party to any material pending transaction, including any external financing, recapitalization, acquisition or merger, other than the merger;

the financial forecasts, pro forma adjustments, estimates of net operating loss tax benefits and other estimates and forward-looking information relating to Dynabazaar, L Q Corporation and the merger reviewed by Susquehanna reflected the best currently available estimates and judgments of Dynabazaar's and L Q Corporation's respective managements;

62

the merger will be consummated pursuant to the terms of the amended and restated merger agreement without amendment thereto and without waiver by any party of any conditions or obligations thereunder;

the merger will be treated as a tax-free reorganization for federal income tax purposes; and

all the necessary regulatory or other approvals and consents required for the merger will be obtained in a manner that would not adversely affect Dynabazaar, L Q Corporation or the contemplated benefits of the merger.

The Susquehanna opinion, in addition to those factors and limitations described below with respect to various analyses made by Susquehanna, was also subject to the following factors and limitations:

Susquehanna's written opinion addressed only the fairness of the exchange ratio, as of the date of the opinion, from a financial point of view, to Dynabazaar and the holders of Dynabazaar common stock. Susquehanna's written opinion did not address any other aspect or implication of the merger or any other terms, agreements, arrangements or understandings entered into by Dynabazaar or any other person relating to the merger or otherwise and does not constitute a recommendation to any Dynabazaar stockholder as to how such stockholder should vote with respect to the merger;

Susquehanna's written opinion did not address Dynabazaar's basic business decision to proceed with or effect the merger or the merits of the merger relative to any alternative transaction or business strategy that may have been available to Dynabazaar. Susquehanna was not requested to, nor did it, solicit or assist Dynabazaar in soliciting indications of interest from third parties for all or any part of Dynabazaar or any alternative transaction;

Susquehanna expressed no opinion as to any financial forecasts, pro forma adjustments, net operating loss or other estimates or business outlook or forward-looking information of Dynabazaar or L Q Corporation or the assumptions on which they were based;

Susquehanna relied upon the advice of the outside counsel and the independent accountants to Dynabazaar and L Q Corporation, and the assumptions of Dynabazaar's and L Q Corporation's managements, as to all accounting, legal, tax and financial reporting matters with respect to Dynabazaar, L Q Corporation and the amended and restated merger agreement, including, without limitation, the amount of the exchange ratio;

In arriving at its opinion, Susquehanna did not perform any appraisals or valuations of any assets or liabilities (fixed, contingent or other) of Dynabazaar or L Q Corporation, and was not furnished with any such appraisals or valuations. Susquehanna did not make any physical inspection of the properties or facilities of either Dynabazaar or L Q Corporation in connection with its opinion. The analyses performed in connection with its opinion were going concern analyses, and Susquehanna expressed no opinion regarding the liquidation value of any entity, including Dynabazaar or L Q Corporation. Without limiting the generality of the foregoing, Susquehanna undertook no independent analysis of any pending or threatened litigation, governmental proceedings or investigations, regulatory action, possible unasserted claims or other contingent liabilities to which Dynabazaar, L Q Corporation or any of their respective affiliates is a party or may be subject and, at the Dynabazaar Special Committee's direction and with its consent, Susquehanna's opinion made no assumption concerning, and therefore did not consider, the possible assertion of claims, outcomes, damages or recoveries arising out of any such matters;

Susquehanna expressed no opinion as to the viability of Dynabazaar following the merger, including the potential for or timing of commercialization of any product or service, the nature and extent of Dynabazaar's financing needs or the ability of Dynabazaar to satisfy any such financing needs;

the analyses of Susquehanna are not necessarily indicative of actual values or future results, which may be significantly more or less favorable than suggested by the analyses. Analyses relating to the value of companies do not purport to be appraisals or valuations or necessarily reflect the price at which companies may actually be sold. No company or transaction used in any analysis for purposes of comparison was identical to Dynabazaar, L Q Corporation or the merger. Accordingly, an analysis of the results of the comparisons was not mathematical; rather, it involved complex considerations and judgments about differences in the companies and transactions to which Dynabazaar, L Q Corporation and the merger were compared and other factors that could affect the public trading value or transaction value of the companies; and

Susquehanna's opinion was necessarily based upon the information available to Susquehanna and facts and circumstances as they existed and were subject to evaluation on the date of the opinion; events occurring after the date of the opinion could materially affect the assumptions used in preparing the opinion. Susquehanna did not express any opinion as to the price at which shares of Dynabazaar common stock or L Q Corporation common stock have traded or such stock may trade following announcement of the merger or at any other future time. Susquehanna has not undertaken to reaffirm or revise its opinion or otherwise comment upon any events occurring after the date thereof and did not have any obligation to update, revise or reaffirm its opinion.

In connection with its opinion, Susquehanna made such reviews, analyses and inquiries as it deemed necessary and appropriate under the circumstances. Among other things, Susquehanna:

reviewed the financial terms and conditions of the merger agreement as of January 5, 2007 and a draft of the amended and restated merger agreement dated February 13, 2007;

reviewed certain publicly available historical business and financial information relating to Dynabazaar and L Q Corporation;

reviewed various financial forecasts and other data provided to it by Dynabazaar and L Q Corporation relating to their businesses;

held discussions with members of the senior management of both Dynabazaar and L Q Corporation with respect to the respective businesses and prospects of Dynabazaar and L Q Corporation;

reviewed public information with respect to certain other companies in lines of businesses Susquehanna believed to be generally comparable to the businesses of Dynabazaar and L Q Corporation;

reviewed the financial terms of certain business combinations involving companies in lines of businesses Susquehanna believed to be generally comparable to that of Dynabazaar and L Q Corporation;

performed a discounted cash flow analysis of Dynabazaar on a standalone basis; and

reviewed the historical stock prices and trading volumes of Dynabazaar common stock and L Q Corporation common stock.

In addition, Susquehanna conducted such other studies, analyses and investigations and considered such other financial, economic and market criteria as Susquehanna deemed necessary or appropriate in arriving at its opinion.

Valuation Analyses

In preparing its opinion to Dynabazaar's Special Committee, Susquehanna performed a variety of analyses, including those described below. The summary of Susquehanna's valuation analyses is not a complete description

64

of the analyses underlying Susquehanna's opinion. The preparation of a fairness opinion is a complex process involving various quantitative and qualitative judgments and determinations with respect to the financial, comparative and other analytic methods employed and the adaptation and application of those analytic methods to the unique facts and circumstances presented. As a consequence, neither a fairness opinion nor its underlying analyses is readily susceptible to partial analysis or summary description. Susquehanna arrived at its opinion based on the results of all analyses undertaken by it and assessed as a whole and did not draw, in isolation, conclusions from or with regard to any individual analytic method or factor. Accordingly, Susquehanna believes that its analyses must be considered as a whole and that selecting portions of its analyses and factors or focusing on information presented in tabular format, without considering all analyses and factors or the narrative description of the analyses, could create a misleading or incomplete view of the processes underlying its analyses and opinion.

In performing its analyses, Susquehanna considered general business, economic, industry and market performance and conditions, financial and otherwise, and other matters. No company, transaction or business used in Susquehanna's analyses for comparative purposes is identical to Dynabazaar, L Q Corporation or the proposed merger, and while the results of each analysis were taken into account in reaching its overall conclusion with respect to fairness, Susquehanna did not make separate or quantifiable judgments regarding individual analyses. The estimates contained in Susquehanna's analyses and the ranges of value indicated by any particular analysis are illustrative and not necessarily indicative of actual values or predictive of future results or values, which may be significantly more or less favorable than those suggested by the analyses. In addition, analyses relating to the value of assets, businesses or securities do not purport to be appraisals or to reflect the prices at which assets, businesses or securities actually may be sold, which may depend on a variety of factors, many of which are beyond Dynabazaar's control and the control of Susquehanna. Much of the information used in, and accordingly the results of, Susquehanna's analyses are inherently subject to substantial uncertainty.

Susquehanna's opinion and analyses were provided to Dynabazaar's Special Committee in connection with its consideration of the proposed merger and were only one of many factors considered by Dynabazaar's Special Committee in evaluating the proposed merger. Neither Susquehanna's opinion nor its analyses were determinative of the exchange ratio or of the views of Dynabazaar's Special Committee with respect to the merger.

The following is a summary of the material financial analyses Susquehanna discussed with Dynabazaar's Special Committee in connection with the rendering of Susquehanna's opinion on February 13, 2007. The analyses summarized below include information presented in tabular format. The tables alone do not constitute a complete description of the analyses. Considering the data in the tables below without considering the full narrative description of the analyses, as well as the methodologies underlying and the assumptions, qualifications and limitations affecting each analysis, could create a misleading or incomplete view of Susquehanna's analyses.

For purposes of its analyses, Susquehanna reviewed a number of financial metrics including:

enterprise value – the value of the relevant company's outstanding equity securities plus the value of its net debt (the value of its outstanding indebtedness, preferred stock and capital lease obligations less the amount of cash on its balance sheet, if applicable) as of a specified date;

EBITDA – the amount of the relevant company's earnings before interest, taxes, depreciation, and amortization for a specified time period; and

Edgar Filing: DYNABAZAAR INC - Form S-4

EBIT the amount of the relevant company's earnings before interest and taxes for a specified time period.

Unless the context indicates otherwise, enterprise and equity values used in the comparable companies analysis described below were calculated using the closing prices of the common stock of the selected companies listed below as of February 2, 2007, and enterprise and equity values for the target companies used in the comparable transactions analysis described below were calculated as of the announcement date of the relevant transaction based on the purchase prices paid in the selected transactions. Estimates of 2006 and 2007 revenues, EBITDA and net income for the selected companies listed below were based on publicly available research analyst

65

estimates for those companies. Estimates of 2006 and 2007 revenues, EBITDA and net income for Dynabazaar and L Q Corporation were based on estimates provided by management.

In the ordinary course of business, Susquehanna and/or its affiliated and related entities may actively trade securities of Dynabazaar and L Q Corporation for its and/or their own account or effect transactions in such securities for the accounts of Susquehanna's customers and, accordingly, Susquehanna and/or its affiliated and related entities may at any time hold a long or short position in such securities.

Consideration of the Merger by the L Q Corporation Board of Directors

L Q Corporation's board of directors has determined that the merger is advisable, and is fair to and in the best interests of L Q Corporation and its stockholders, and unanimously approved the merger and the amended and

restated merger agreement. In reaching its decision, the L Q Corporation board of directors identified a number reasons for, and potential benefits to L Q Corporation and its stockholders of, the merger.

Edgar Filing: DYNABAZAAR INC - Form S-4

In reaching its decision to approve the merger and the amended and restated merger agreement, the L Q Corporation board of directors consulted with L Q Corporation's management, internal and outside legal counsel regarding the legal terms of the merger, and financial advisors regarding the financial aspects of the merger and the fairness, from a financial point of view, of the aggregate merger consideration to the holders of L Q Corporation common stock. Such factors that the L Q Corporation board of directors considered in reaching its determination included, but were not limited to, the following:

All the reasons described above under Rationale for the Merger beginning on page [___] including the synergies, cost savings and growth opportunities expected to be available to the combined company.

The fact that Costar, the main operating unit of Dynabazaar, is familiar with the products of L Q Corporation and has established a favorable working relationship with the management team of L Q Corporation, as evidenced by the sharing of a booth between Sielox and Costar at two security industry trade shows and the distribution agreement entered into between the companies as of July 31, 2006, pursuant to which Sielox was appointed as an authorized distributor of certain products of Costar.

The fact that the management teams of both companies support the merger following the consideration of the matter pursuant to the strategic alliance agreement entered into between Dynabazaar and L Q Corporation on September 15, 2006.

The fact that the transaction is being structured as a stock-for-stock transaction without the payment of a merger premium, thereby conserving the cash of Dynabazaar to fund growth, continued operations or further acquisitions.

The fact that the amended and restated merger agreement provides for a relatively modest breakup fee of \$200,000, which the Board of Directors of L Q Corporation believes should not be a material disincentive to an alternative proposal from a third party.

The fact that an alternative proposal has not been presented to the Board by a third company (nor have any inquiries been received) since the time the consideration of a strategic transaction between the companies was first publicly announced following the execution of the strategic alliance agreement in September 2006 and when the amended and restated merger agreement was approved by the Board in February 2007, as well as the belief of the board that the merger would only enhance, rather than detract from, the ability of L Q Corporation to pursue any other available alternative transaction in the future.

The fact that a special committee of independent directors, with the assistance of independent legal counsel and an independent financial advisor, has reviewed and considered the merger and recommended that the merger be approved by the Board.

The fact that Rodman & Renshaw has provided a fairness opinion dated February 13, 2007, that the exchange ratio is fair, from a financial point of view, to the stockholders of L Q Corporation. See Annex D.

The fact that under the terms of the amended and restated merger agreement, while L Q Corporation is prohibited from soliciting acquisition proposals from third parties, L Q Corporation may engage in discussions and negotiations with, and may furnish non-public information to, a third party that makes an unsolicited acquisition proposal, if, among other things, the board of directors determines in its reasonable judgment that the proposal is reasonably likely to lead to a superior offer, that, after consultation with outside legal counsel, the proposal constitutes a superior offer and that failure to withdraw or modify its recommendation that its stockholders adopt the amended and restated merger

69

agreement would be reasonably likely to constitute a breach of its fiduciary obligations under applicable law.

The fact that the closing of the merger is subject to only a limited number of customary conditions, including that a majority of the outstanding shares of each company's common stock approve the amended and restated merger agreement. The board of directors further considered that to consummate the transactions, the company would not be required to obtain any material consents, approvals or authorizations, including those required by governmental authorities. In addition, the consummation of the merger is not subject to either party obtaining financing or completing any additional due diligence.

The fact that the transaction had been structured so as to best preserve the net operating losses (NOLs) of L Q Corporation.

The fact that the shares of Dynabazaar common stock received by L Q Corporation stockholders for their stock in the company would be treated as a tax-free exchange.

The agreement of Barington to vote its shares in favor of the merger in proportion to the votes of the other stockholders of the company.

The fact that it has been agreed that at least three members of the Board of Directors of L Q Corporation will sit on the board of directors of the combined company.

The fact that the stockholders of LQ Corporation are entitled to appraisal rights. See The Merger Appraisal Rights on page [___].

The L Q Corporation board of directors also identified and considered a number of uncertainties, risks and potentially negative factors in its deliberations concerning the merger, including:

The risk that the merger might not be completed in a timely manner or at all.

The cost and expense of closing the merger and the distraction to the management team of the company.

The interest of Barington and L Q Corporation's executive officers and directors in the transactions. See *The Merger* *Interests of L Q Corporation Directors and Officers in the Merger* .

The requirement that L Q Corporation must pay Dynabazaar a \$200,000 termination fee should the L Q Corporation board approve or recommend to the L Q Corporation stockholders an alternative transaction or acquisition proposal.

After careful and due consideration, the L Q Corporation board of directors concluded that overall, the risks, uncertainties, restrictions and potentially negative factors associated with the merger were outweighed by the potential benefits of the transaction, and that many of these risks could be managed or mitigated prior to the merger by L Q Corporation or subsequent to the merger by the combined company or were unlikely to have a material adverse effect on the merger or the combined company.

The foregoing information and factors considered by the L Q Corporation board of directors are not intended to be exhaustive but are believed to include all of the material factors considered by the L Q Corporation board of directors. In view of the variety of factors and the amount of information considered, the L Q Corporation board of directors did not find it practicable to, and did not, quantify, rank or otherwise assign relative weights to the specific factors it considered in approving the merger and the amended and restated merger agreement. In addition, individual members of the L Q Corporation board of directors may have given different weights to different factors. The L Q Corporation board of directors considered all of these factors as a whole, and overall considered them to be favorable to and to support its determination.

70

Recommendation of the L Q Corporation Board of Directors

After careful consideration and based on the foregoing analysis, the L Q Corporation board of directors determined that the merger is advisable, and is fair to and in the best interests of L Q Corporation and its stockholders, and unanimously approved the merger and the amended and restated merger agreement. **The L Q Corporation board of directors unanimously recommends that the L Q Corporation stockholders vote FOR the proposal to adopt the amended and restated merger agreement.**

Opinion of L Q Corporation's Financial Advisor

Pursuant to a letter agreement effective as of November 30, 2006, Rodman & Renshaw was engaged to act as financial advisor to the L Q Corporation Special Committee. The L Q Corporation Special Committee selected Rodman & Renshaw based on its overall institutional strength, its reputation, and its expertise in the small and mid capitalization sectors. Rodman & Renshaw focuses on providing merger and acquisition advisory services to small and mid cap companies. In this capacity, Rodman & Renshaw is continually engaged in valuing these businesses and maintains an extensive database of small and mid capitalization mergers and acquisitions for comparative purposes. On February 13, 2007, Rodman & Renshaw rendered its opinion that, as of February 13, 2007, based upon and subject to the various factors and assumptions described in the Rodman & Renshaw opinion, the per share merger consideration to be received by holders of L Q Corporation common stock, under the amended and restated merger agreement was fair, from a financial point of view, to holders of L Q Corporation common stock.

Rodman & Renshaw's opinion, which describes the assumptions made, matters considered and limitations on the review undertaken by Rodman & Renshaw, is attached as Annex D to this joint proxy statement/prospectus. L Q Corporation stockholders are urged to, and should, read the Rodman & Renshaw opinion carefully and in its entirety. The Rodman & Renshaw opinion is directed to the board of directors and addresses only the fairness of the merger consideration from a financial point of view to holders of L Q Corporation common stock as of the date of the opinion. Rodman & Renshaw's opinion speaks only as of February 13, 2007 and is for the information of the board of directors in connection with its consideration of the merger and does not constitute a recommendation to any L Q Corporation stockholder as to how such holder should vote on the amended and restated merger agreement at the special meeting of L Q Corporation stockholders. The opinion does not address the merits of L Q Corporation's underlying decision to engage in the merger. The summary of the Rodman & Renshaw opinion set forth in this joint proxy statement/prospectus, although materially complete, is qualified in its entirety by reference to the full text of such opinion, a copy of which is attached as Annex D to this joint proxy statement/prospectus.

In arriving at its opinion, Rodman & Renshaw reviewed and considered such financial and other matters as Rodman & Renshaw has deemed relevant, including, among other things:

a draft dated February 13, 2007 of the amended and restated merger agreement;

certain publicly available financial and other information for L Q Corporation and certain other relevant financial and operating data furnished to Rodman & Renshaw by the management of L Q Corporation;

certain publicly available financial and other information for Dynabazaar and certain other relevant financial and operating data furnished to Rodman & Renshaw by the management of Dynabazaar;

certain internal financial analyses, financial forecasts, reports and other information concerning L Q Corporation, prepared by the management of L Q Corporation;

certain internal financial analyses, financial forecasts, reports and other information concerning Dynabazaar, prepared by the management of Dynabazaar;

discussions with certain members of the managements of each of L Q Corporation and Dynabazaar concerning the historical and current business operations, financial conditions and prospects of L Q Corporation and Dynabazaar, and such other matters Rodman & Renshaw deemed relevant;

71

certain operating results, the reported price and trading history of the shares of L Q Corporation common stock and Dynabazaar common stock as compared to operating results, the reported prices and trading histories of the shares of common stock of certain publicly traded companies Rodman & Renshaw deemed relevant;

certain financial terms of the merger as compared to the financial terms of certain selected recent business combinations L Q Corporation deemed relevant; and

such other information, economic and market criteria and data, financial studies, analyses and investigations and such other factors that Rodman & Renshaw deemed relevant for purposes of this opinion.

Rodman & Renshaw took into account its assessment of economic, market and financial conditions generally and within the industry in which L Q Corporation is engaged.

In rendering its opinion, Rodman & Renshaw assumed and relied upon the accuracy and completeness of all information supplied or otherwise made available to them by L Q Corporation or obtained by it from other sources, including financial information initially provided by senior management of L Q Corporation which was confirmed and supplemented with information about the operations of L Q Corporation by senior management of L Q Corporation. Rodman & Renshaw also relied upon the representations of senior management of L Q Corporation that they are unaware of any information or facts that would make the information provided to Rodman & Renshaw incomplete or misleading. Rodman & Renshaw has not independently verified such information, undertaken an independent appraisal of the assets or liabilities, contingent or otherwise, of L Q Corporation nor has it been furnished with any such appraisals.

With respect to discussions pertaining to future prospects and analysis of the available financial information of L Q Corporation that Rodman & Renshaw reviewed, it relied on the representations of the senior management of L Q Corporation that such available forecasts are reasonable, reflect the best currently available estimates and judgments of such persons as to the future financial position of L Q Corporation and that:

as to the respective information, they are unaware of any facts that would make such information incomplete, in any material respect, or misleading; and

there have been no material developments in the business, financial or otherwise, or prospects of L Q Corporation, since [____], 200[_].

Rodman & Renshaw's opinion is necessarily based on economic, market and other conditions as they existed, and the information made available to Rodman & Renshaw, as of the date of its opinion. Rodman & Renshaw disclaims any undertaking or obligation to advise any person of any change in any fact or matter affecting its opinion that may come or be brought to its attention after the date of its opinion. In the performance of its financial advisory services, Rodman & Renshaw was not engaged to solicit, and did not solicit, interest from any party with respect to the acquisition of L Q Corporation or any of its assets. No limitations were imposed upon Rodman & Renshaw by L Q Corporation with respect to the investigations to be made or procedures to be followed by it in rendering its opinion.

In accordance with customary investment banking practice, Rodman & Renshaw employed generally accepted valuation methods in reaching its opinion. The following is a summary of the material analyses utilized by Rodman & Renshaw in connection with its opinion.

Valuation of L Q Corporation

Comparable Company Analysis

Rodman & Renshaw compared certain financial and operating ratios for L Q Corporation with the corresponding financial and operating ratios for a group of publicly traded, small capitalization companies engaged

72

primarily in the security products industry that Rodman & Renshaw deemed to be comparable to L Q Corporation. For the purpose of the analyses, the following companies, which we refer to in this joint proxy statement/prospectus as the L Q Corporation comparable companies, were used as companies comparable to L Q Corporation:

Electronic Control Security, Inc.
Henry Bros. Electronics, Inc.
Integrated Security Systems, Inc.
International Electronics, Inc.
MDI, Inc.
Sentry Technology Corporation
Synergx Systems, Inc.
Vicon Industries, Inc.

For the L Q Corporation comparable companies, Rodman & Renshaw calculated the median multiple of enterprise value, which is the market value of a company's equity plus any outstanding debt less cash, to each of the latest twelve months (LTM) revenue, and LTM earnings before interest, taxes, depreciation and amortization, otherwise known as EBITDA, of 0.7x and 13.3x. To calculate the trading multiples utilized in the L Q Corporation comparable company analysis, Rodman & Renshaw used publicly available information concerning the historical financial performance of the L Q Corporation comparable companies. None of the L Q Corporation comparable companies is, of course, identical to L Q Corporation. Accordingly, a complete analysis of the results of the foregoing calculations cannot be limited to a quantitative review of such results and involves complex considerations and judgments concerning differences in financial and operating characteristics of the L Q Corporation comparable companies and other factors that could affect the public trading volume of the L Q Corporation comparable companies, as well as that of L Q Corporation.

Comparable Transaction Analysis

Using publicly available information, Rodman & Renshaw considered selected transactions in the security products industry that they deemed to be relevant. Specifically, Rodman & Renshaw reviewed the following transactions, which we refer to in this joint proxy statement/prospectus as the L Q Corporation comparable transactions:

Homeland Security Capital Corp.'s acquisition of Nexus Technologies Group, Inc.
Henry Bros. Electronics, Inc.'s acquisition of Securus, Inc.
MDI, Inc.'s acquisition of American Building Control, Inc.
Napco Security Systems, Inc.'s acquisition of Continental Instruments, LLC

These transactions were selected based on the similarity of the targets to L Q Corporation. In determining similarity, Rodman & Renshaw primarily considered the industries in which these entities operated and size of such entities based on revenues.

For the L Q Corporation comparable transactions, using publicly available information, concerning historical financial performance, Rodman & Renshaw calculated the median multiple of transaction value, which is the value paid for the target's equity plus any assumed debt less cash acquired, to the target company's revenue and

73

EBITDA for the latest twelve months immediately preceding the announcement of each of the respective transactions, resulting in medians of 0.5x and 6.2x. Typically, these multiples are compared with the multiples prevailing in the L Q Corporation contemplated transaction. No company utilized in the L Q Corporation comparable transaction analysis is identical to L Q Corporation nor is any transaction identical to the contemplated transaction between L Q Corporation and LQ Merger Corp. An analysis of the results therefore requires complex considerations and judgments regarding the financial and operating characteristics of L Q Corporation and the companies involved in the L Q Corporation comparable transactions, as well as other facts that could affect their publicly-traded and/or transaction value. The numerical results are not in themselves meaningful in analyzing the contemplated transaction as compared to L Q Corporation comparable transactions.

Discounted Cash Flow Analysis

Rodman & Renshaw performed discounted cash flow analyses, i.e., analyses of the present value of the projected cash flows, for L Q Corporation for the fiscal years ended 2007 through 2011, inclusive, using equity premiums ranging from 13.0% to 30.0% and a terminal value multiple of year 2011 revenues of 0.7x. The foregoing yielded a range for an implied value per share of L Q Corporation common stock of \$2.47 to \$3.50.

The discounted cash flow analysis is based on L Q Corporation management's projections which in turn are based on a set of discrete, subjective assumptions for revenue growth and expenses made by L Q Corporation management. The discounted cash flow analysis is intended to provide a guideline for determining a range of fair values. This fairness range may be wider or narrower than the range generated by the analysis itself. In interpreting the discounted cash flow analysis, Rodman & Renshaw made qualitative determinations regarding the likelihood of L Q Corporation failing to meet or exceeding the projections created by L Q Corporation management. In Rodman & Renshaw's view, the transaction price is within the range of fairness indicated by the discounted cash flow analysis.

The summary of the valuations set forth above does not purport to be a complete description of the analysis presented by Rodman & Renshaw. The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. Rodman & Renshaw believes that selecting any portion of their analysis or of the summary set forth above, without considering the analyses as a whole, would create an incomplete view of the process underlying Rodman & Renshaw's opinion. In arriving at its opinion, Rodman & Renshaw considered the results of all such analyses. In addition, it may have given various analyses more or less weight than other analyses, and may have deemed various assumptions more or less probable than other assumptions, so that the range of valuations resulting from any particular analysis described above should not be taken to be Rodman & Renshaw's view of the actual value of L Q Corporation. The analyses performed by Rodman & Renshaw are not necessarily indicative of actual values or actual future results, which may be significantly more or less favorable than those suggested by such analyses. The analyses do not purport to be appraisals or to reflect the prices at which L Q Corporation might actually be sold or the prices at which the shares of L Q Corporation common stock may trade at any time in the future. Such analyses were prepared solely for the purposes of Rodman & Renshaw providing its opinion to L Q Corporation as to the fairness, from a financial point of view, of the consideration to be received by holders of shares of L Q Corporation common stock pursuant to the merger. Analyses based upon forecasts or future results are not necessarily indicative of actual values or future results, which may be significantly more or less favorable than suggested by such analyses. Because such analyses are inherently subject to uncertainty, being based upon numerous factors and events, including, without limitation, factors related to general economic and competitive conditions beyond the control of the parties or their respective advisors, none of Rodman & Renshaw, L Q Corporation, LQ Merger Corp. or any other person assumes responsibility if future results or actual values are materially different from those forecast.

Fees Payable to Rodman & Renshaw

L Q Corporation paid Rodman & Renshaw a fee of \$95,000, including \$50,000 which was payable upon delivery of the fairness opinion by Rodman & Renshaw, regardless of whether or not the fairness opinion included a conclusion that the per share merger consideration is fair from a financial point of view to the L Q Corporation stockholders. In addition, L Q Corporation agreed to reimburse Rodman & Renshaw for its reasonable expenses, including fees and expenses of its counsel, and to indemnify Rodman & Renshaw and its affiliates against certain liabilities and expenses related to their engagement, including liabilities under the federal securities laws. Each of L

Q Corporation and Rodman & Renshaw had the right to terminate Rodman & Renshaw's engagement at any time upon written notice to that effect to the other party. However, in the event the engagement was terminated, Rodman & Renshaw was entitled to the fees and expenses incurred prior to termination and to indemnification. The terms of the fee arrangement with Rodman & Renshaw, which L Q Corporation and Rodman & Renshaw believe are customary in transactions of this nature, were negotiated at arm's length between L Q Corporation and Rodman

& Renshaw, and the board of directors was aware of the nature of the fee arrangement. The L Q Corporation special committee found the lack of any previous business relationship between Rodman & Renshaw and L Q Corporation or its affiliates particularly important when it decided to select Rodman & Renshaw as L Q Corporation's financial advisor.

Interests of L Q Corporation Directors and Executive Officers in the Merger

L Q Corporation stockholders considering the recommendation of the L Q Corporation board of directors regarding the merger should be aware that L Q Corporation's directors and executive officers may have interests in the merger that are different from, or in addition to, the interests of L Q Corporation stockholders generally. The board of directors of L Q Corporation was aware of and considered these potentially conflicting interests when they adopted the amended and restated merger agreement and approved the merger.

Stock Options

Options to purchase shares of L Q Corporation common stock, whether or not vested, outstanding at the effective time of the merger will be assumed by Dynabazaar and will become exercisable, subject to vesting, for shares of Dynabazaar common stock and will continue to be subject to all the same terms and conditions as in effect prior to the merger. The number of shares of Dynabazaar common stock issuable upon the exercise of these options will be equal to the product of the number of shares of L Q Corporation common stock that were issuable upon exercise of such stock option immediately prior to the effective time multiplied by the exchange ratio, rounded to the nearest whole number of shares of Dynabazaar common stock. The exercise price per share of each assumed L Q Corporation option will be equal to the quotient determined by dividing the exercise price per share of L Q Corporation common stock at which such L Q Corporation stock option was exercisable immediately prior to the effective time by the exchange ratio, rounded to the nearest whole cent.

Continued Benefits

Following the merger, Dynabazaar will either continue L Q Corporation's benefits or allow L Q Corporation employees who continue employment with Dynabazaar to participate in Dynabazaar's benefit plans (other than stock compensation plans or arrangements) on terms no less favorable than those provided to similarly situated Dynabazaar employees, or a combination of both. All of the executive officers of L Q Corporation currently participate in L Q Corporation's benefit plans, which include medical, dental, vision, life insurance, accidental death and dismemberment insurance, short term and long term disability, employee assistance plan, flexible spending accounts, 401(k) plan, bonus plans, stock option plans, employee stock purchase plans and other welfare fringe benefit plans.

Summary of Equity, Incentive and Other Awards of Directors and Executive Officers of L Q Corporation

The following table identifies, for each L Q Corporation director and executive officer, as of [_____, 2007], such person's relationship to L Q Corporation, the aggregate number of shares subject to outstanding options to purchase shares of L Q Corporation common stock, the aggregate number of shares of L Q Corporation common stock subject to vested options, the aggregate number of shares of L Q Corporation common stock subject to accelerated vesting upon the occurrence of the merger and the weighted average exercise price of all outstanding options.

At the effective time, three vacancies shall be created on the Dynabazaar board of directors through resignation or by increase in the size of the Board of Directors, and Steven Berns, Sebastian Cassetta and Dianne McKeever will be designated by the Dynabazaar board of directors to fill such vacancies.

Director and Officer Indemnification

The amended and restated merger agreement also provides the following:

For seven (7) years after the effective time, Dynabazaar shall provide officers and directors liability insurance in respect of acts or omissions occurring prior to the effective time covering each such person currently serving as an officer or director of Dynabazaar or L Q Corporation on terms with respect to coverage and amount no less favorable than those of such policy in effect on the date hereof; provided that Dynabazaar shall not be obligated to pay an aggregate premium per annum in excess of 200% of the amount per annum Dynabazaar paid in its last full fiscal year; it being understood that Dynabazaar shall nevertheless be obligated to provide such coverage as may be obtained for such amount.

The certificate of incorporation and the by-laws of Dynabazaar shall contain provisions relating to indemnification, advancement of expenses and exculpation from liabilities for acts or omissions occurring at or prior to the effective time (including, without limitation, in connection with the merger and the other transactions contemplated by the amended and restated merger agreement) no less favorable to the recipients than those set forth in the certificate of incorporation and the by-laws of Dynabazaar as in effect on the date hereof, and such provisions shall not be amended or modified, in any material respect, in any manner that would be less favorable to such recipients, for seven (7) years after the effective time.

As a result of the interests described above under each heading, L Q Corporation's executive officers and directors have interests in the merger that may have made them more likely to vote to adopt the amended and restated merger agreement and approve the merger and to recommend the same to the L Q Corporation stockholders than if they did not hold these interests.

Regulatory Approvals

There are no material U.S. Federal or state regulatory requirements which remain to be complied with in order to consummate the merger (other than approvals, filings or notices required under U.S. Federal securities laws and the filing of the certificate of merger with the Secretary of State of the State of Delaware).

Restrictions on Sales of Shares of Dynabazaar Common Stock Received in the Merger

The shares of Dynabazaar common stock to be issued in connection with the merger will be registered under the Securities Act and will be freely transferable, except for shares of Dynabazaar common stock issued to any person who is deemed to be an affiliate of L Q Corporation prior to the merger. Persons who may be deemed affiliates of L Q Corporation prior to the merger include individuals or entities that control, are controlled by, or are under common control of L Q Corporation prior to the merger, and may include officers and directors, as well as principal

stockholders of L Q Corporation prior to the merger.

Persons who may be deemed to be affiliates of L Q Corporation prior to the merger may not sell any of the shares of Dynabazaar common stock received by them in connection with the merger except pursuant to:

- an effective registration statement under the Securities Act covering the resale of those shares;
- an exemption under paragraph (d) of Rule 145 under the Securities Act; or any other applicable exemption under the Securities Act.

Dynabazaar's registration statement on Form S-4, of which this joint proxy statement/prospectus forms a part, does not cover the resale of shares of Dynabazaar common stock to be received in connection with the merger by persons who may be deemed to be affiliates of L Q Corporation prior to the merger, nor would it cover the resale of such shares by persons who may be deemed to be affiliates of Dynabazaar after the merger.

Listing on the Over-The-Counter Bulletin Board of Dynabazaar Shares Issued Pursuant to the Merger

Dynabazaar shall use its best efforts to cause the Dynabazaar common stock to be delivered to the holders of L Q Corporation common stock in the merger to be listed, upon official notice of issuance, on the Over-The-Counter Bulletin Board prior to the effective time, and to take any action reasonably required to be taken under non-U.S. securities laws in connection with the issuance of Dynabazaar common stock in the merger.

Delisting and Deregistration of L Q Corporation Common Stock After the Merger

When the merger is completed, L Q Corporation common stock will be delisted from the Over-The-Counter Bulletin Board and deregistered under the Exchange Act.

Appraisal Rights

Under Delaware law, L Q Corporation stockholders will be entitled to appraisal rights in the merger. This means that such stockholders are entitled to have the value of their shares determined by the Delaware Court of Chancery and to receive payment based on that valuation, together with a fair rate of interest, if any, as determined by the court.

Generally, to exercise appraisal rights, L Q Corporation stockholders must deliver a written demand for appraisal to L Q Corporation before the vote with respect to the amended and restated merger agreement is taken, must not vote in favor of the approval and adoption of the amended and restated merger agreement and must continuously hold their shares of L Q Corporation's common stock from the date they make their demand for appraisal through the effective date of the merger. Failure to follow the procedures specified under Delaware law,

77

as described in Section 262 of the DGCL will result in the loss of appraisal rights. A copy of Section 262 of the DGCL is attached to this proxy statement as Annex B.

Additional information about Dynabazaar and L Q Corporation may be found from reading this joint proxy statement/prospectus and the various sources described in this joint proxy statement/prospectus under the section entitled "Where You Can Find More Information" beginning on page [] of this joint proxy statement/prospectus. Stockholders are urged to read carefully this information contained prior to making any decision regarding the exercise of appraisal rights. Dynabazaar and L Q Corporation file current, quarterly and annual reports with the SEC on Forms 8-K, 10-Q, and 10-K. The SEC maintains a web site that contains reports, proxy and information statements, and other information regarding Dynabazaar and L Q Corporation that are filed electronically with the SEC at <http://www.sec.gov>. Copies of such material can be obtained from the public reference section of the SEC.

Dynabazaar stockholders are not entitled to appraisal rights in connection with the merger.

Accounting Treatment of the Merger

Dynabazaar will account for the merger using the purchase method of accounting in accordance with Statement of Financial Accounting Standards No. 141, Business Combinations, with Dynabazaar treated as the acquiring entity. Accordingly, consideration paid by Dynabazaar will be allocated to L Q Corporation's assets and liabilities based upon their estimated fair values as of the date of the closing of the merger. The results of operations of L Q Corporation will be included in Dynabazaar's results of operations from the date of the closing of the merger. In the event that the purchase price exceeds the fair value of the assets acquired less liabilities assumed, the transaction could give rise to, among other things, goodwill. The goodwill will be subject to an independent valuation.

Material United States Federal Income Tax Consequences of the Merger

The following discussion summarizes the material U.S. federal income tax considerations of the merger that are expected to apply generally to Dynabazaar, L Q Corporation and U.S. Holders (as defined below) of L Q Corporation common stock who exchange their L Q Corporation common stock for Dynabazaar common stock in the merger. This summary is based upon current provisions of the Code, existing Treasury regulations under the Code and current administrative rulings and court decisions, all of which are subject to change. Any change, which may or may not be retroactive, could alter the tax consequences to Dynabazaar, L Q Corporation or the stockholders of L Q Corporation as described in this summary. No attempt has been made to comment on all U.S. federal income tax consequences of the merger that may be relevant to particular U.S. Holders, including holders:

- who are subject to special tax rules, such as dealers in securities, foreign persons, mutual funds, regulated investment companies, real estate investment trusts, insurance companies, banks or other financial institutions or tax-exempt entities;
- who are subject to the alternative minimum tax provisions of the Code;
- who acquired their shares in connection with stock option or stock purchase plans or in other compensatory transactions;
- who hold their shares as a hedge or as part of a hedging, straddle or other risk reduction strategy;
- who are pass-through entities and investors in pass-through entities; or
- who do not hold their shares as capital assets.

In the case of a U.S. Holder that is a partnership, the U.S. federal income tax treatment of a partner in the partnership will depend upon the status of the partner and the activities of the partnership. Partnerships that are holders of L Q Corporation common stock and the partners in such partnerships are urged to consult their own tax advisors regarding the consequences to them of the merger.

78

In addition, the following discussion does not address the tax consequences of the merger under state, local and foreign tax laws. Furthermore, the following discussion does not address any of the following:

- the tax consequences of transactions effectuated before, after or at the same time as the merger, whether or not they are in connection with the merger, including, without limitation, transactions in which L Q Corporation shares are acquired or Dynabazaar shares are disposed of;
- the tax consequences to holders of options or restricted stock issued by L Q Corporation;
- the tax consequences of the receipt of Dynabazaar shares other than in exchange for L Q Corporation shares; or
- the tax implications of a failure of the merger to qualify as a reorganization.

Accordingly, holders of L Q Corporation common stock are advised and expected to consult their own tax advisors regarding the U.S. federal income tax consequences of the merger in light of their personal circumstances and the consequences of the merger under state, local and foreign tax laws.

For purposes of this discussion, a U.S. Holder means a beneficial owner of L Q Corporation common stock who is:

- an individual who is a citizen or resident of the United States for U.S. federal income tax purposes;
- a corporation (or other entity taxable as a corporation for U.S. federal income tax purposes) created or organized in the United States or under the laws of the United States or any subdivision thereof;
- an estate the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source; or

Edgar Filing: DYNABAZAAR INC - Form S-4

a trust if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust.

The merger has been structured to qualify as a reorganization within the meaning of Section 368(a) of the Code, or a Reorganization. However, no ruling from the Internal Revenue Service, or IRS, has been or will be requested in connection with the merger. In addition, no opinions of counsel have been or will be requested that the merger will constitute a Reorganization, and stockholders of L Q Corporation should be aware that the tax consequences described in this section are not binding on the IRS, the IRS could adopt a contrary position and a contrary position could be sustained by a court.

Provided the merger is treated for U.S. federal income tax purposes as a Reorganization, the following consequences will result:

U.S. Holders will not recognize any gain or loss upon the receipt of solely Dynabazaar common stock for their L Q Corporation common stock, other than with respect to cash received in lieu of fractional shares of Dynabazaar common stock;

the aggregate tax basis of the shares of Dynabazaar common stock received by U.S. Holders in the merger (including any fractional share deemed received) will be the same as the aggregate basis of the shares of L Q Corporation common stock surrendered in exchange therefor;

the holding period of the shares of Dynabazaar common stock received by U.S. Holders in the merger will include the holding period of the shares of L Q Corporation common stock surrendered in exchange therefor;

79

cash payments received by U.S. Holders in lieu of fractional shares will be treated as if such fractional shares of Dynabazaar common stock were issued in the merger and then redeemed. A U.S. Holder who receives such cash will recognize gain or loss equal to the difference, if any, between such stockholder's basis in the fractional share as determined above and the amount of cash received. Such gain or loss will be a capital gain or loss and any such capital gain will be long-term capital gain if the L Q Corporation common stock is held by such stockholder as a capital asset at the effective time of the merger and such stockholder's holding period for his, her or its L Q Corporation common stock is more than one year; and

Dynabazaar, L Q Merger Corp. and L Q Corporation will not recognize any gain or loss solely as a result of the merger.

L Q Corporation stockholders are required to attach a statement to their tax returns for the year in which the merger is consummated that contains the information listed in Treasury Regulation Section 1.368-3(b). Such statement must include the stockholder's tax basis in the stockholder's L Q Corporation common stock and a description of the Dynabazaar common stock received.

Certain stockholders of L Q Corporation may be subject to information reporting with respect to the cash received in lieu of a fractional share of L Q Corporation common stock. Holders who are subject to information reporting and who do not provide appropriate information when requested may also be subject to backup withholding. The current backup withholding rate is 28%. Any amount withheld under such rules is not an additional tax and may be refunded or credited against such stockholders' federal income tax liability, provided that the required information is properly furnished in a timely manner to the Internal Revenue Service.

THE PRECEDING DISCUSSION IS INTENDED ONLY AS A SUMMARY OF CERTAIN U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE MERGER AND DOES NOT PURPORT TO BE A COMPLETE ANALYSIS OR DISCUSSION OF ALL OF THE MERGER'S POTENTIAL TAX EFFECTS. L Q CORPORATION STOCKHOLDERS ARE URGED TO CONSULT THEIR OWN TAX ADVISORS AS TO THE SPECIFIC TAX CONSEQUENCES TO THEM OF THE MERGER, INCLUDING TAX RETURN REPORTING REQUIREMENTS, AND THE APPLICABILITY AND EFFECT OF FEDERAL, STATE, LOCAL AND OTHER APPLICABLE TAX LAWS.

AGREEMENTS RELATED TO THE MERGER

The Amended and Restated Merger Agreement

The following is a summary of the material provisions of the amended and restated merger agreement. This summary is qualified in its entirety by reference to the amended and restated merger agreement, a copy of which is attached as Annex A to this joint proxy

statement/prospectus and is incorporated into this joint proxy statement/prospectus by reference. You should read the amended and restated merger agreement in its entirety, as it is the legal document governing the merger, and the provisions of the amended and restated merger agreement are not easily summarized.

Structure of the Merger

The amended and restated merger agreement provides for the merger of LQ Merger Corp., a newly formed, wholly-owned subsidiary of Dynabazaar, with and into L Q Corporation. L Q Corporation will survive the merger as a wholly-owned subsidiary of Dynabazaar.

Merger Consideration

Upon completion of the merger, each share of L Q Corporation common stock outstanding immediately prior to the effective time of the merger will be canceled and automatically converted into the right to receive 3.68 shares of Dynabazaar common stock upon surrender of the certificate representing such share of L Q Corporation common stock in the manner provided in the amended and restated merger agreement.

The exchange ratio in the merger will be appropriately adjusted to reflect fully the effect of any reclassification, recapitalization, stock split or combination, exchange or readjustment of shares, any acquisition or retirement of shares or any stock dividend (but excluding the exercise of stock options issued and outstanding as of December 22, 2006) or other like change with respect to Dynabazaar common stock or L Q Corporation common stock having a record date on or after the date of the amended and restated merger agreement and prior to the effective time of the merger.

Based on the exchange ratio and the number of shares of L Q Corporation common stock outstanding as of [_____, 2007], and assuming the exercise of approximately [_____] outstanding options to purchase shares of L Q Corporation common stock which were in-the-money as of [_____, 2007], a total of approximately [_____] shares of Dynabazaar common stock will be issued in connection with the merger to holders of shares of L Q Corporation common stock.

Treatment of L Q Corporation Stock Options and Stock-Based Awards

Options to purchase shares of L Q Corporation common stock, whether or not vested, outstanding at the effective time of the merger will be assumed by Dynabazaar and will become exercisable, subject to vesting, for shares of Dynabazaar common stock and will continue to be subject to all the same terms and conditions as in effect prior to the merger. The number of shares of Dynabazaar common stock issuable upon the exercise of these options will be equal to the product of the number of shares of L Q Corporation common stock that were issuable upon exercise of such stock option immediately prior to the effective time multiplied by the exchange ratio, rounded to the nearest whole number of shares of Dynabazaar common stock. The exercise price per share of each assumed L Q Corporation option will be equal to the quotient determined by dividing the exercise price per share of L Q Corporation common stock at which such L Q Corporation stock option was exercisable immediately prior to the effective time by the exchange ratio, rounded to the nearest whole cent.

As of [_____, 2007], options to purchase approximately [_____] shares of L Q Corporation common stock were outstanding under L Q Corporation's stock option plans.

Following the effective date of the merger, Dynabazaar will file a registration statement on Form S-8, if available, to register the sale of shares of Dynabazaar common stock issuable in connection with the assumed

options, and to cause the registration statement to become effective and shall use reasonable best efforts to cause such registration statement to remain effective until the date on which such assumed options are no longer outstanding.

When the merger is completed, each award of shares granted under L Q Corporation benefit plans and representing the right to receive in the future shares of L Q Corporation common stock outstanding immediately before consummation of the merger shall be fully vested and converted into a right to receive shares of Dynabazaar common stock. Each such award of shares that is so converted shall convert into a right to receive 3.68 shares of Dynabazaar common stock for each share of L Q Corporation common stock awarded.

Treatment of Rights Under the L Q Corporation Stock Purchase Plan

Edgar Filing: DYNABAZAAR INC - Form S-4

Prior to the effective time of the merger, the L Q Corporation employee stock purchase plan will be terminated. No L Q Corporation employees are currently participating in such plan.

Fractional Shares

L Q Corporation stockholders will not receive a fraction of a Dynabazaar common stock in the merger. L Q Corporation stockholders who would otherwise have been entitled to a fraction of a Dynabazaar common stock will instead receive a cash payment (without interest) determined by multiplying the fractional share interest to which such holder would otherwise be entitled by the closing stock price of Dynabazaar common stock on the Over-The-Counter Bulletin Board as reported by Bloomberg Financial Markets (or if such service is unavailable, a service providing similar information selected by Dynabazaar and L Q Corporation) on the trading day immediately preceding the effective time of the merger.

Exchange of L Q Corporation Stock Certificates for Dynabazaar Stock Certificates

As soon as reasonably practicable after the consummation of the merger, Dynabazaar will instruct Computershare Investor Services, Inc., as exchange agent, to mail to each holder of record of L Q Corporation common stock a letter of transmittal and instructions as to how to surrender certificates of L Q Corporation common stock in exchange for Dynabazaar common stock and payment for any fractional Dynabazaar shares. If you hold L Q Corporation common stock through a bank, broker or other nominee, such nominee will be responsible for effecting the exchange. L Q CORPORATION STOCKHOLDERS SHOULD NOT RETURN STOCK CERTIFICATES WITH THE ENCLOSED PROXY.

Holders of certificates previously representing L Q Corporation common stock will not be paid dividends or distributions on the Dynabazaar common stock and will not be paid cash in lieu of a fractional Dynabazaar common stock until such certificates are surrendered to the exchange agent for exchange. For all other corporate purposes, certificates that represented shares of L Q Corporation common stock prior to the consummation of the merger will represent, from and after the consummation of the merger, the number of Dynabazaar common stock and cash in respect of fractional Dynabazaar shares into which such shares of L Q Corporation common stock are actually converted in the merger.

Computershare Investor Services, Inc. will deliver Dynabazaar common stock in exchange for lost, stolen or destroyed certificates if the owner of such certificates signs an affidavit of loss, theft or destruction, as appropriate. LQ Merger Corp. also may, in its discretion, require the holder of such lost, stolen or destroyed certificates to deliver a bond in a reasonable sum as indemnity against any claim that might be made against Dynabazaar, LQ Merger Corp. or Computershare Investor Services, Inc. with respect to alleged lost, stolen or destroyed certificates.

Transfers of Ownership

If shares of Dynabazaar common stock are to be issued in a name other than that in which the L Q Corporation stock certificates or book entry shares surrendered in exchange therefor are registered, it will be a condition of the issuance thereof that the certificates or book entry shares so surrendered will be properly endorsed

82

and otherwise in proper form for transfer and that the persons requesting such exchange will have paid to Dynabazaar (or any agent designated by it) any transfer fees or other taxes required by reason of the issuance of shares of Dynabazaar common stock in connection with the merger in any name other than that of the registered holder of the L Q Corporation stock certificates or book entry shares surrendered, or established to the satisfaction of Dynabazaar (or any agent designated by it) that such tax has been paid or is not payable.

Representations and Warranties

The amended and restated merger agreement contains various customary representations and warranties made by Dynabazaar, L Q Merger Corp. and L Q Corporation regarding aspects of their respective businesses, financial condition, subsidiaries and structure, as well as other facts pertinent to the merger. The representations and warranties contained in the amended and restated merger agreement will not survive the merger, but they form the basis of certain conditions to Dynabazaar's and L Q Corporation's obligations to complete the merger.

Covenants of L Q Corporation

Except as contemplated by the amended and restated merger agreement, L Q Corporation has agreed that, until completion of the merger or termination of the amended and restated merger agreement, it will (i) conduct its and its subsidiaries' business in the ordinary course of business

- issue, sell, pledge, dispose of or encumber, or authorize the issuance, sale, pledge, disposition or encumbrance of, any shares of capital stock, or any options, warrants, convertible securities or other rights of any kind to acquire any shares of capital stock, or any other ownership interest (including, without limitation, any phantom interest) in L Q Corporation or any of its subsidiaries (except for the issuance of shares of L Q Corporation common stock issuable pursuant to L Q Corporation stock options outstanding on the date of the amended and restated merger agreement);

83

-
- increase the compensation (including bonus) or severance payable to its directors, officers, employees or consultants;
 - fail to comply in all material respects with applicable laws and regulations or to timely file such documents or make such disclosures as may be required by applicable law or regulation; or
 - take any action which would make any of the representations or warranties of L Q Corporation contained in the amended and restated merger agreement untrue or incorrect or prevent L Q Corporation from performing its covenants under the amended and restated merger agreement or cause any condition to L Q Corporation's obligations to consummate the transactions contemplated under the amended and restated merger agreement not to be satisfied.

Covenants of Dynabazaar

Except as contemplated by the amended and restated merger agreement, Dynabazaar has agreed that, until completion of the merger or termination of the amended and restated merger agreement, it will (i) conduct its and its subsidiaries' business in the ordinary course of business and consistent with past practice, other than actions taken by Dynabazaar and its subsidiaries in contemplation of consummation of the merger.

Under the amended and restated merger agreement, Dynabazaar also agreed that, until the earlier of the completion of the merger or termination of the amended and restated merger agreement, or unless L Q Corporation consents in writing, neither it nor any of its subsidiaries will:

- amend Dynabazaar's charter documents;
- issue, sell, pledge, dispose of or encumber, or authorize the issuance, sale, pledge, disposition or encumbrance of, any shares of capital stock, or any options, warrants, convertible securities or other rights of any kind to acquire any shares of capital stock, or any other ownership interest (including, without limitation, any phantom interest) in Dynabazaar or any of its subsidiaries (except for the issuance of shares of Dynabazaar common stock issuable pursuant to Dynabazaar stock options outstanding on the date of the amended and restated merger agreement);
- sell, pledge, dispose of or encumber any assets (except for sales of immaterial assets not in excess of \$100,000 in the aggregate);
- declare, make or pay any dividend or other distribution in respect of any of its capital stock; split, combine or reclassify any of its capital stock or issue or authorize or propose the issuance of any other securities in respect of, in lieu of or in substitution for shares of its capital stock;

Edgar Filing: DYNABAZAAR INC - Form S-4

amend the terms or change the period of exercisability of any option, warrant or right, directly or indirectly, to acquire any such securities;

incur any indebtedness for borrowed money (other than in the ordinary course of business and consistent with past practice under any existing lines of credit) or issue any debt securities;

increase the compensation (including bonus) or severance payable to its directors, officers, employees or consultants;

fail to comply in all material respects with applicable laws and regulations or to timely file such documents or make such disclosures as may be required by applicable law or regulation; or

take any action which would make any of the representations or warranties of Dynabazaar and LQ Merger Corp. contained in the amended and restated merger agreement untrue or incorrect or prevent

Dynabazaar or LQ Merger Corp. from performing its covenants under the amended and restated merger agreement or cause any condition to Dynabazaar's obligations to consummate the transactions contemplated under the amended and restated merger agreement not to be satisfied.

Other Covenants

The amended and restated merger agreement contains a number of other covenants by Dynabazaar and L Q Corporation, including:

Preparation of Registration Statement and Joint Proxy Statement/Prospectus. Dynabazaar and L Q Corporation agreed to promptly prepare and file this joint proxy statement/prospectus included as part of the registration statement, and Dynabazaar agreed to promptly prepare and file the registration statement following the execution of the amended and restated merger agreement. Both parties also agreed to use reasonable efforts to have the registration statement declared effective by the SEC and shall mail the joint proxy statement/prospectus to their respective stockholders as soon thereafter as reasonably practicable. L Q Corporation agreed to furnish information regarding itself and its respective securityholders to Dynabazaar as reasonably required.

Meeting of Stockholders. Dynabazaar and L Q Corporation agreed to take all actions necessary to hold the special meetings of their respective stockholders to consider and vote upon, in the case of Dynabazaar, the adoption of the amended and restated merger agreement and the other proposals set forth herein, and, in the case of L Q Corporation, the adoption of the amended and restated merger agreement.

Access to Information. During the period after the execution of the amended and restated merger agreement and prior to the effective time, each party has agreed: to afford the other party's officers, employees, accountants, counsel, investment bankers and other identified representatives reasonable access to its properties, books, records and contracts and agreements of such party, its subsidiaries and joint ventures, furnish promptly to the other party all information concerning the business, properties, prospects, assets (tangible and intangible), liabilities, financial statements, regulatory compliance, risk management, books, records, contracts, agreements, commitments and personnel of such party and its subsidiaries as the other party may request, and make available to the other party the appropriate officers, employees, consultants and other individuals of such party and its subsidiaries for discussion thereof as the other party may request. Such information shall be kept confidential in accordance with the terms of the existing Confidentiality Agreement, dated October 5, 2006 between Dynabazaar and L Q Corporation.

Consent; Approvals. Dynabazaar and L Q Corporation each agreed to use its reasonable best efforts to obtain any consents, waivers, approvals or orders, and make as promptly as reasonably practicable all filings required in connection with the authorization, execution and delivery of the amended and restated merger agreement and the consummation of the transactions contemplated thereby. L Q Corporation and Dynabazaar each agreed to furnish all information required to be included in this joint proxy statement/prospectus and the registration statement, or for any application or other filing to be made pursuant to the rules and regulations of any United States or non-United States governmental body in connection with the transactions contemplated by the amended and restated merger agreement.

Notification of Certain Matters. Dynabazaar and L Q Corporation each agreed to give prompt notice to the other of any representation or warranty in the amended and restated merger agreement becoming materially untrue or inaccurate, or any failure to comply with or satisfy in any material respect any covenant or condition to be complied with or satisfied under the amended and restated merger agreement, in each case where the respective party would not satisfy the closing condition with respect to its representations or warranties.

Edgar Filing: DYNABAZAAR INC - Form S-4

Public Announcements. Dynabazaar and L Q Corporation have agreed to consult with one another before issuing any press release or otherwise making any public statements about the merger or related transactions, unless otherwise required by any applicable laws or regulations.

Stock Exchange Listing. Dynabazaar has agreed to use reasonable best efforts to authorize for listing on the Over-The-Counter Bulletin Board the shares of Dynabazaar common stock issuable, and those required to be reserved for issuance, in connection with the merger, subject to official notice of issuance.

Indemnification and Insurance

The amended and restated merger agreement provides that, for seven (7) years after the effective time, Dynabazaar shall provide officers and directors liability insurance in respect of acts or omissions occurring prior to the effective time covering each such person currently serving as an officer or director of Dynabazaar or L Q Corporation on terms with respect to coverage and amount no less favorable than those of such policy in effect on the date hereof; provided that Dynabazaar shall not be obligated to pay an aggregate premium per annum in excess of 200% of the amount per annum Dynabazaar paid in its last full fiscal year; it being understood that Dynabazaar shall nevertheless be obligated to provide such coverage as may be obtained for such amount.

The amended and restated merger agreement also provides that the certificate of incorporation and the by-laws of Dynabazaar shall contain provisions relating to indemnification, advancement of expenses and exculpation from liabilities for acts or omissions occurring at or prior to the effective time (including, without limitation, in connection with the merger and the other transactions contemplated by the amended and restated merger agreement) no less favorable to the recipients than those set forth in the certificate of incorporation and the by-laws of Dynabazaar as in effect on the date hereof, and such provisions shall not be amended or modified, in any material respect, in any manner that would be less favorable to such recipients, for seven (7) years after the effective time.

Board of Directors of Dynabazaar Following the Merger

At the effective time, three vacancies shall be created on the Dynabazaar board of directors through resignation or by increase in the size of the Board of Directors, and Steven Berns, Sebastian Cassetta and Dianne McKeever will be designated by the Dynabazaar board of directors to fill such vacancies.

Conditions to Completion of the Merger

The respective obligations of Dynabazaar and L Q Corporation to complete the merger are subject to the satisfaction of each of the following conditions before completion of the merger:

1. *Effectiveness of Registration Statement.* The registration statement of which this document is a part has become effective under the Securities Act and the SEC has not issued any stop order suspending the effectiveness of such registration statement, nor has it initiated or threatened any proceedings for that purpose or in respect of this document;
2. *Stockholder Adoption.* Both the L Q Corporation and Dynabazaar stockholders have adopted the amended and restated merger agreement;
3. *Legal Actions.* No action or proceeding has been instituted or is pending or threatened by any governmental, administrative or regulatory authority or before any governmental, administrative or regulatory authority or court of competent jurisdiction, domestic or foreign, that is reasonably likely to result in, nor is there in effect, any judgment, decree or order of any governmental, administrative or regulatory authority or court of competent jurisdiction or other legal restraint preventing the consummation of the merger, prohibiting or limiting Dynabazaar from exercising all material rights and privileges pertaining to its ownership of LQ Merger Corp. or the ownership or operation by Dynabazaar or any of its subsidiaries of all or a material portion of the business or assets of LQ Merger Corp. and its subsidiaries, or compelling Dynabazaar or any of its subsidiaries, including LQ Merger

Corp. and its subsidiaries, to dispose of or hold separate assets which are, or impose any liability which is, material to Dynabazaar or LQ Merger Corp., or material as compared against the aggregate merger consideration;

4. *Illegality.* No statute, rule, regulation, order or judicial decision is enacted, published, entered, enforced or deemed applicable to the merger which makes the consummation of the merger illegal; and

5. *Tax-Free Reorganization.* There shall not have been enacted any change in any applicable law, rule or regulation that prevents the merger from qualifying as a tax-free reorganization pursuant to Section 368(a) of the Internal Revenue Code of 1986, as amended.

In addition, the respective obligations of each of Dynabazaar and L Q Corporation to effect the merger are subject to the satisfaction of the following additional conditions:

6. *Representations and Warranties.* The representations and warranties of L Q Corporation and Dynabazaar and LQ Merger Corp. in the amended and restated merger agreement must be true and correct in all respects on and as of the date of the consummation of the merger, with the same force and effect as if made on and as of the date of the consummation of the merger, except for:
- changes contemplated in the amended and restated merger agreement;
 - those representations and warranties which address matters only as of a particular date (which shall have been true and correct as of such date); or
 - where the failure to be true and correct would not, individually or in the aggregate with all other such failures, have a material adverse effect, and both L Q Corporation and Dynabazaar will have received a certificate to such effect signed by the Chief Executive Officer or Chief Financial Officer of the other party;
7. *Agreements and Covenants.* L Q Corporation and Dynabazaar will have each performed or complied in all material respects with all agreements and covenants required by the amended and restated merger agreement to be performed or complied with by it on or prior to the date of the consummation of the merger, and both L Q Corporation and Dynabazaar will have received a certificate to such effect signed by the Chief Executive Officer or Chief Financial Officer of the other party; and
8. *Consents Obtained.* L Q Corporation and Dynabazaar will have each obtained all material consents, waivers, approvals, authorizations or orders required to be obtained, and will have made all filings required to be made, by such party for the authorization, execution and delivery of the amended and restated merger agreement and the consummation by it of the transactions contemplated by the amended and restated merger agreement, except where the failure to do so would not reasonably be expected individually or in the aggregate with all other such failures to have a material adverse effect on L Q Corporation or Dynabazaar.

In addition, the obligations of Dynabazaar to effect the merger are subject to the following additional condition:

9. *Dissenters.* Holders of no more than 10% of the L Q Corporation common stock shall have exercised dissenters' rights in accordance with the DGCL.

Non-solicitation by Dynabazaar and L Q Corporation

Dynabazaar and L Q Corporation have each agreed that it will not:

solicit, facilitate or encourage (including by way of furnishing information) or engage in negotiation with respect to any inquiries or proposals regarding any merger, sale of assets, sale of shares or capital

stock (including, without limitation, by way of a tender offer) or similar transactions involving such party or any of its subsidiaries that if consummated would constitute an alternative transaction (any of the foregoing inquiries or proposals is referred to as an acquisition proposal);

approve or recommend, or propose publicly to approve or recommend, any acquisition proposals from third parties; or
approve or recommend, or propose to approve or recommend, or enter into, any agreement (whether or not purportedly legally binding) related to any acquisition proposals from third parties.

For purposes of the amended and restated merger agreement, *Alternative Transaction* means any of:

a transaction other than the merger pursuant to which any person (or group of persons) acquires or would acquire more than 20% of the outstanding shares of any class of equity securities of such party, whether from such party or pursuant to a tender offer or exchange offer or otherwise;

a merger or other business combination other than the merger involving such party pursuant to which any person (or group of persons) acquires or would acquire more than 20% of the outstanding equity securities of such party or the entity surviving such merger or business combination;

any transaction other than the merger pursuant to which any person (or group of persons) acquires or would acquire control of assets (including for this purpose the outstanding equity securities of subsidiaries of such party and securities of the entity surviving any merger or business combination including any of such party's subsidiaries) of such party or any of its subsidiaries having a fair market value equal to more than 20% of the fair market value of all the assets of such party and its subsidiaries, taken as a whole; or

any other consolidation, business combination, recapitalization or similar transaction involving such party or any significant subsidiary of such party, other than the transactions contemplated by the amended and restated merger agreement.

Dynabazaar and L Q Corporation must promptly (but in no event later than 24 hours) notify the other party by oral and written notice if it receives any other acquisition proposals, or any modification of or amendment to such acquisition proposals, or any requests for nonpublic information or for access to the properties, books, or records from any third party that informs Dynabazaar or L Q Corporation that the third party is considering making, or has made an acquisition proposal. The party providing the notification must also provide the identity of the third party making, or intending to make, the acquisition proposal or requesting non-public information or access to the books and records of such party and the terms of any acquisition proposal or modification or amendment thereto. Each party shall keep the other fully informed, on a current basis, of any material changes in the status and any material changes or modifications in the material terms of any acquisition proposal, indication or request. Except as described below, neither L Q Corporation nor Dynabazaar nor their respective boards of directors may withdraw or modify, or publicly propose to withdraw or modify, in a manner adverse to the other party, the approval by such board of directors of the amended and restated merger agreement or the merger or the recommendation of such board of directors that such party's stockholders adopt the amended and restated merger agreement (and, in the case of Dynabazaar, approve the amendment to its certificate of incorporation to change the corporate name). Neither L Q Corporation nor Dynabazaar nor their respective boards of directors may enter into any agreement with respect to, or otherwise approve or recommend, or propose to approve or recommend, any acquisition proposal or alternative transaction.

Notwithstanding the foregoing, if Dynabazaar or L Q Corporation, as the case may be, receives an unsolicited written proposal that contains financial terms that are superior to the terms of the amended and restated merger agreement and such party's board determines in its reasonable judgment that the proposal is reasonably likely to lead to a superior offer, that, upon consultation with outside advisors, the proposal constitutes a superior offer and that failure to withdraw or modify its recommendation that its stockholders adopt the amended and restated merger agreement would be reasonably likely to constitute a breach of its fiduciary obligations under applicable law,

88

then such party's board may withhold, withdraw, amend or modify its recommendation in favor of the adoption of the amended and restated merger agreement, or approve or recommend the superior offer only if such party's board of directors complies with certain notice requirements and other conditions, including a requirement that such party negotiate with the other party in good faith and the other party does not, within ten business days of its receipt of notice of the superior offer, make an offer that the board of directors of the party that received the superior offer determines to be at least as favorable to such party's stockholders as the superior offer.

A superior offer, with respect to either L Q Corporation or Dynabazaar, means a third-party acquisition proposal on terms that the board of directors of such offeree determines in good faith, based on consultation with its outside legal counsel and financial advisor, are meaningfully more favorable to the offeree's stockholders than the merger (after giving effect to any adjustments proposed in writing by the other party in response to such third-party acquisition proposal) and is reasonably certain to be consummated, taking into account all legal, financial and regulatory aspects of, and conditions to, such third-party acquisition proposal (including any required financing).

Termination of the Amended and Restated Merger Agreement

The amended and restated merger agreement may be terminated in accordance with its terms at any time, except as set forth below, prior to completion of the merger, whether before or after adoption of the amended and restated merger agreement by L Q Corporation or Dynabazaar stockholders:

1. by mutual written consent duly authorized by the boards of directors of Dynabazaar, LQ Merger Corp. and L Q Corporation; or

Edgar Filing: DYNABAZAAR INC - Form S-4

2. by either Dynabazaar or L Q Corporation, if the merger has not been consummated by June 30, 2007 (other than for reasons set forth in 3 below); provided, however, that this right to terminate the amended and restated merger agreement is not available to any party whose failure to fulfill any obligation under the amended and restated merger agreement has been the cause of, or resulted in, the failure of the merger to be consummated on or before June 30, 2007; or
3. by either Dynabazaar or L Q Corporation, if the requisite vote of the stockholders of Dynabazaar or L Q Corporation have not been obtained by June 25, 2007, or if the stockholders of L Q Corporation have not adopted the amended and restated merger agreement at the special meeting of L Q Corporation stockholders or the stockholders of Dynabazaar have not adopted the amended and restated merger agreement or approved the amendment to Dynabazaar's certificate of incorporation providing for a change in the corporate name of Dynabazaar and the removal of the classification of the Dynabazaar Board at the special meeting of Dynabazaar stockholders; provided, however, that this right to terminate the amended and restated merger agreement is not available if either party fails to call its special meeting or fails to solicit proxies from its stockholders in favor of the merger as required by the amended and restated merger agreement; or
4. by either Dynabazaar or L Q Corporation, if a court of competent jurisdiction or a governmental, administrative or regulatory authority issues a nonappealable final order, decree or ruling or takes any other nonappealable final action which permanently restrains, enjoins or otherwise prohibits the merger; or
5. by Dynabazaar, on one hand, or L Q Corporation, on the other hand, if, whether or not permitted to do so by the amended and restated merger agreement, the board of directors of the other party or the other party:

withdraws, modifies or changes its approval, adoption or recommendation of the amended and restated merger agreement or the merger in a manner adverse to the terminating party or has resolved to do so;

approves or recommends to its stockholders an acquisition proposal or alternative transaction;

89

approves or recommends that its stockholders tender their shares in any tender or exchange offer that is an alternative transaction; or

fails either (i) to include in this proxy statement/prospectus the recommendation of its board of directors in favor of adoption of the amended and restated merger agreement, or (ii) to solicit from its stockholders proxies in favor of adoption of the amended and restated merger agreement and to take all other reasonable action necessary or advisable to secure the vote or consent of its stockholders in favor of such adoption; or

takes any public position or makes any disclosures to its stockholders, generally, that has the effect of any of the foregoing; or

6. by either Dynabazaar or L Q Corporation:

if any representation or warranty of the other party set forth in the amended and restated merger agreement was untrue when made or has become untrue; or

upon a breach by the other party of any covenant or agreement set forth in the amended and restated merger agreement;

such that, in either case, the conditions to the terminating party's obligation to complete the merger described above under "Conditions to Completion of the Merger" would not be satisfied; provided that, if such misrepresentation or breach is curable prior to the earlier of June 20, 2007 or 45 days after notice thereof and the party in breach exercises its reasonable best efforts to cure the same, the amended and restated merger agreement may not be terminated under this clause while such party continues to exercise such efforts prior to June 20, 2007.

Fee and Expenses

Except as set forth below, each of Dynabazaar and L Q Corporation will pay its own fees and expenses incurred in connection with the amended and restated merger agreement and the transactions contemplated by the amended and restated merger agreement, whether or not the merger is consummated. However, if the merger is not consummated, Dynabazaar and L Q Corporation will share equally all SEC filing fees and printing expenses incurred in connection with the printing and filing of this proxy statement/prospectus and the related registration statement

and any amendments thereto.

Under the terms of the amended and restated merger agreement, Dynabazaar and L Q Corporation must each pay a termination fee of \$200,000 to the other party upon termination of the amended and restated merger agreement and must also pay the other party's respective actual, documented and reasonable out-of-pocket expenses relating to the transactions contemplated by the amended and restated merger agreement, the preparation, printing, filing or mailing of the proxy statement/prospectus, the solicitation of stockholder approvals and other matters related to the consummation of the transaction contemplated by the amended and restated merger agreement (including, but not limited to, fees and expenses of counsel, accountants and financial advisors) in an aggregate amount not to exceed \$350,000, upon the first to occur of any of the following events:

Dynabazaar or L Q Corporation terminate the amended and restated merger agreement following the failure of either party's stockholders to adopt the amended and restated merger agreement at their respective special meetings and either party or any third party publicly announces an alternative transaction during the period beginning on the date of the amended and restated merger agreement and ending 12 months following the date of termination of the amended and restated merger agreement and such transaction is at any time thereafter consummated on terms substantially equivalent to or more favorable to the party participating in the alternative transaction, or such party's stockholders, than the terms of the alternative transaction previously announced;

90

the termination of the amended and restated merger agreement by Dynabazaar or L Q Corporation for any of the reasons described in paragraphs 5 and 6 under Termination of the Amended and Restated Merger Agreement above.

In no event will Dynabazaar or L Q Corporation be required to pay such fee and/or expenses to the other if, immediately prior to the termination of the amended and restated merger agreement, the party otherwise entitled to receive such fee and/or expenses was in material breach of its obligations under the amended and restated merger agreement.

The fees payable under certain circumstances by Dynabazaar or L Q Corporation are intended, among other things, to compensate the party entitled to receive such fee for its respective costs, including lost opportunity costs, if certain actions or inactions by the non-terminating party or its stockholders lead to the abandonment of the merger. This may have the effect of increasing the likelihood that the merger will be consummated in accordance with the terms of the amended and restated merger agreement. The fee may also have the effect of discouraging persons from making an offer to acquire all of or a significant interest in L Q Corporation by increasing the cost of any such acquisition.

Material Adverse Effect

For purposes of the amended and restated merger agreement, the term material adverse effect, when used in connection with L Q Corporation or any of its subsidiaries or Dynabazaar or any of its subsidiaries, as the case may be, means any change, effect or circumstance that (i) is materially adverse to the business, financial condition, prospects or results of operations of L Q Corporation and its subsidiaries or Dynabazaar and its subsidiaries, as the case may be, in each case taken as a whole, excluding the effects of changes to the extent related to (A) the United States or global economy or capital markets generally, (B) general changes in conditions in the industries in which L Q Corporation and Dynabazaar conduct business or (C) the amended and restated merger agreement, the announcement thereof and the transactions contemplated thereby, or (ii) materially adversely affects the ability of L Q Corporation, or LQ Merger Corp. and Dynabazaar, as the case may be, timely to perform the obligations or consummate the transactions contemplated by this agreement.

Barington Engagement Letter Agreements

On January 5, 2007, both Dynabazaar and L Q Corporation entered into separate letter agreements with Barington with respect to the engagement of Barington by each of the Dynabazaar Special Committee and the L Q Corporation Special Committee to provide assistance as such special committees may reasonably request with respect to the contemplated merger between Dynabazaar and L Q Corporation. Each of Dynabazaar and L Q Corporation agreed to pay Barington a fee of \$100,000 as compensation for its services, as well as reimburse Barington for all reasonable and documented out-of-pocket expenses incurred by Barington. For additional information on Dynabazaar's relationship with Barington, see the section entitled Information About Dynabazaar, Inc. Business of Dynabazaar

Costar Video Systems, LLC (Costar) our wholly owned subsidiary, designs, sources and distributes video and imaging products for the security and industrial markets. Video Solutions Technology Center, LLC (VSTC), a wholly owned subsidiary of Costar, provides product design and development, technical support and repair services for Costar.

Financial Information about Geographic and Business Segments

Over 97% of Costar's revenues are attributable to customers located within the United States. The remaining 3% of revenues are generated from customers found in Portugal, Canada, Singapore, South Korea and France.

Industry

We believe that the fear of terrorism and conventional crime, coupled with the increased effectiveness and affordability of available countermeasures, has contributed to the ongoing expansion of the security industry. We believe that growth of closed circuit television (CCTV) equipment will continue, driven by technological innovations such as the adoption of more efficient, low cost, networked digital technologies.

Stimulated by the demand for increased efficiency, we believe that the market for industrial vision products is growing larger as well. Industrial cameras, for example, can be employed to increase the efficiency of a diverse set of manufacturing operations including those that produce semiconductors, automobiles, pharmaceuticals, chemicals and food.

Strategy and Marketing Efforts

The security and industrial divisions will continue their analogous strategies - increasing business with systems integrators and original equipment manufacturers (OEM) while targeting independent distributors and large systems integrators to cultivate additional channels of distribution.

Costar's sales and marketing strategy is focused on measures aimed at generating both product innovations and market recognition of the Costar brand. Such innovations will likely include the continued shift from analog to digital devices.

Costar is working to merge various existing technologies in an effort to enhance the performance capabilities of its security and industrial products for its customers. Product improvements are largely driven by the needs of Costar's customers. Advancements result from integrating a multitude of existing technologies for performance in a given environment. The ensuing innovations create unique value for our customers.

Products

The security product line, comprised of cameras, lenses, digital video recorders and high speed domes, is marketed under the Costar brand name. Costar expects to introduce new products for inclusion in integrated systems and distribution to Costar's evolving customer base.

The industrial product line, consisting of cameras, monitors, cables, lenses and video printers, are distributed under brand names, such as Sony, Panasonic and Hitachi, the Costar brand name and, for OEM customers, private labels.

Customers and Seasonality

Edgar Filing: DYNABAZAAR INC - Form S-4

Our customers include traditional retailers, distributors and manufacturers. In 2006, we had two major customers that each accounted for more than 10% of revenue. We do not experience any material seasonality or backlog with respect to its sales.

Competition

In the security market, Costar competes with General Electric, Honeywell and smaller companies like Pelco, GVI Security Solutions, Mace Security International, March Networks and Vicon Industries. In the industrial market, we believe that Costar is considered one of the top three distributors (the other two being AEGIS and Industrial Vision Source), selling cameras from manufacturers such as Sony, Panasonic, Hitachi, JVC, Toshiba and JAI. In addition, Costar markets industrial products under the Costar brand name and under private labels for certain OEMs competing in this sector with other manufacturers.

Employees

Costar and VSTC currently employ seventeen people: six in development and technical support, six in sales and marketing and the remainder in administrative support. All employees are located in the United States and none are represented by a union or labor group.

Properties

Our headquarters are located in New York City, in an office maintained by Barington.

Costar's primary facilities are located in Carrollton, Texas and VSTC's primary facilities are located in Anaheim, California. Both facilities are leased.

Legal Proceedings

We are a defendant in certain purported class action lawsuits filed by individual shareholders in the U.S. District Court for the Southern District of New York against Dynabazaar, Scott Randall (former President, Chief Executive Officer and Chairman of the Board of Dynabazaar), John Belchers (former Chief Financial Officer of Dynabazaar), U.S. Bancorp Piper Jaffray Inc., DB Alex. Brown (as successor-in-interest to Deutsche Bank Securities, Inc.), Robertson Stephens, Inc. (formerly known as FleetBoston Robertson Stephens, Inc.), Banc of America Securities, LLC, Goldman Sachs & Co., Inc., Merrill Lynch, Pierce, Fenner & Smith, Incorporated, Citigroup Global Markets, Inc. (as successor-in-interest to Salomon Smith Barney, Inc.), and J.P. Morgan Securities, Inc. (as successor-in-interest to Hambrecht & Quist, LLC). The lawsuits have been filed by individual shareholders who purport to seek class action status on behalf of all other similarly situated persons who purchased the common stock of Dynabazaar between March 14, 2000 and December 6, 2000. A consolidated amended class action complaint was filed on April 19, 2002. The complaint alleges that certain underwriters of Dynabazaar's initial public offering solicited and received excessive and undisclosed fees and commissions in connection with that offering. The complaint further alleges that the defendants violated the federal securities laws by issuing a registration statement and prospectus in connection with Dynabazaar's initial public offering which failed to accurately disclose the amount and nature of the commissions and fees paid to the underwriter defendants. On or about October 8, 2002, the Court entered an Order dismissing the claims asserted against certain individual defendants in the consolidated actions, including the claims against Mr. Randall and Mr. Belchers, without any payment from these individuals or the Company. On or about February 19, 2003, the Court entered an Order dismissing with prejudice the claims asserted against the Company under Section 10(b) of the Securities Exchange Act. As a result, the only claims that remain against the Company are those arising under Section 11 of the Securities Act of 1933, as amended. The Company has accepted a proposal for the settlement and release of the remaining claims in the litigation. The proposed settlement will result in a dismissal with prejudice of all claims and will include a release of all claims that were brought or could have been brought against the Company and its present and former directors and officers. It is anticipated that any payment to the plaintiff class and their counsel will be funded by the Company's directors' and officers' liability insurance and that no direct payment will be made by the Company. The proposed settlement

provides that the class members in the class action cases brought against the participating issuer defendants will be guaranteed a recovery of \$1 billion by insurers of the participating issuer defendants. If recoveries totaling \$1 billion or more are obtained by the class members from the underwriter defendants, the monetary obligations to the class members under the proposed settlement will be satisfied. In addition, Dynabazaar and any other participating issuer defendants will be required to assign to the class members certain claims that they may have against the underwriters of their IPOs. The proposed settlement contemplates that any amounts necessary to fund the settlement or settlement-related expenses would come from participating issuers' directors and officers' liability insurance policy proceeds as opposed to funds of the participating

issuer defendants themselves. A participating issuer defendant could be required to contribute to the costs of the settlement if that issuer's insurance coverage were insufficient to pay that issuer's allocable share of the settlement costs. If ultimately approved by the Court, the proposed settlement would result in the dismissal, with prejudice, of all claims in the litigation against Dynabazaar and all of the other issuer defendants who have elected to participate in the proposed settlement, together with the current or former officers and directors of participating issuers who were named as individual defendants. The proposed settlement does not provide for the resolution of any claims against the underwriter defendants, and the litigation as against those defendants is continuing. Consummation of the proposed settlement remains conditioned upon obtaining approval by the Court. By order entered on September 1, 2005, the Court granted preliminary approval of the proposed settlement and directed that notice of the terms of the proposed settlement be provided to class members. Thereafter, the court held a fairness hearing, on April 24, 2006, at which objections to the proposed settlement were heard. The Court has yet to issue a ruling on the motion for final approval. On December 5, 2006, the Court of Appeals for the Second Circuit reversed the Court's order certifying a class in six test cases that were selected by the underwriter defendants and plaintiffs in the coordinated proceeding. On April 6, 2007, the Court of Appeals denied the plaintiffs' petition for rehearing of the Court's December 5, 2006 ruling but noted that the plaintiffs remain free to ask the District Court to certify a different class which might meet the standards for class certification that the Court of Appeals articulated in its December 5, 2006 decision. Because our proposed settlement with the plaintiffs involves the certification of the case against us as a class action for settlement purposes, it is unclear what impact, if any, the Second Circuit's class certification ruling will have on our case or the viability of the proposed settlement. In the event the settlement is not finalized, the Company believes that it has meritorious defenses to plaintiffs' claims and intends to defend the action vigorously.

Management's Discussion and Analysis of Financial Condition and Results Of Operations

Overview and Recent Events

Dynabazaar, Inc. was incorporated in the State of Delaware in February 1997 as Fairmarket, Inc. Through September 3, 2003, we were an online auction and promotions technology service provider that enabled marketers to create results-oriented rewards programs and helped commerce companies automate the process of selling their excess inventory online to wholesale and retail buyers. On September 4, 2003, we sold substantially all of our operating assets to eBay, Inc. (eBay) for consideration of \$4.5 million in cash under the terms and conditions of an asset purchase agreement we entered into with eBay on June 20, 2003. Following the closing of the asset sale, we changed our name from Fairmarket, Inc. to Dynabazaar, Inc.

In connection with the cessation of our online auction business, we relocated our principal executive offices as of January 1, 2004 to 888 Seventh Avenue, 17th Floor, New York, New York 10019, an office maintained by Barington Capital Group, L.P., a limited partnership whose general partner is a corporation of which James Mitarotonda is Chairman, President and Chief Executive Officer. Mr. Mitarotonda was previously the Company's President and Chief Executive Officer. He submitted his resignation, effective as of the close of business on April 20, 2007. He continues to serve as a director of the Company.

From January 2003 until June 20, 2006, the Company did not operate any business and was settling its remaining claims and liabilities while reviewing alternatives for the use or disposition of our remaining assets.

The Company's common stock trades on the Over-The-Counter Bulletin Board under the symbol FAIM.OB. The Company's common stock was quoted on the NASDAQ National Market, but was delisted on June 24, 2004.

As previously disclosed in a Form 8-K filed by the Company on April 23, 2007, James A. Mitarotonda delivered to the secretary of Dynabazaar notice of his resignation as President and Chief Executive Officer of the Company, effective as of the close of business on April 20, 2007. Mr. Mitarotonda, who will continue to serve as a director of the Company, had no disagreements with the Company on any matters related to the Company's operations, policies or practices.

On April 20, 2007, the Board of Directors of the Company appointed Sebastian E. Cassetta to serve as the Company's President and Chief Executive Officer, effective as of the close of business on April 20, 2007.

Mr. Cassetta, 57, has served as the Chief Executive Officer of Costar Video Systems, LLC, a wholly-owned subsidiary of the Company, since June 2006. He has also served as a director, President and Chief Executive Officer of L Q Corporation, Inc. (OTCBB:LQCI) since May 2006. Mr. Cassetta was the Chairman and Chief Executive Officer of SmartServ Online, Inc., a company specializing in the delivery of content to desktop and wireless devices, from August 1992 to July 2003. Prior to that, he was the President of Burns and Roe Securacom Inc., a company specializing in engineering and large-scale systems integration, and a director and vice president of Brinks Inc., an international security company. He is a former Special Assistant to New York Governor and Vice President Nelson A. Rockefeller. Mr. Cassetta currently

Edgar Filing: DYNABAZAAR INC - Form S-4

also serves as a Senior Managing Director and the Chief Operating Officer of Barington, a position he has held since August 2003.

Business

Costar designs, sources and distributes video and imaging products for the security and industrial markets. The product line for the security market consists primarily of closed circuit television (CCTV) cameras, while the product line for the industrial market is comprised of cameras and lenses utilized by biomedical and manufacturing companies.

The production of all units distributed by Costar is outsourced to contract manufacturers, and the majority of revenues are derived from sales of products under the Costar brand. The balance of Costar's business is generated from (a) a private label business and (b) the distribution of other companies' branded products.

VSTC provides product design and development, technical support and repair services for Costar.

Business Acquisition (\$ In Thousands)

On June 20, 2006, Costar and VSTC, the Company's direct and indirect wholly owned subsidiaries, completed the acquisition (the Acquisition) of substantially all of the assets of Southern Imaging, Inc., a Texas corporation (Southern Imaging), and Video Solutions Technology Center, Inc., a Nevada corporation (Video Solutions), pursuant to the transactions contemplated by the asset purchase agreement, dated as of June 20, 2006, by and between Southern Imaging, Video Solutions, the shareholders of Southern Imaging, Costar and VSTC. However, the acquisition is being accounted for as if it was effectively completed on June 30, 2006. Results of operations of Southern Imaging and Video Solutions are included in the consolidated financial statements since June 30, 2006.

Estimated consideration for the Acquisition is up to approximately \$9.6 million, consisting of the issuance at closing of 200,000 shares of our common stock, a cash payment of approximately \$3.8 million (including a finders fee payment of approximately \$154,000, payment of \$108,000 to Barington and the payoff of shareholder loans of approximately \$612,000) less the value of the 200,000 shares of Dynabazaar common stock, the assumption of certain liabilities of approximately \$3.5 million, and deferred consideration of up to \$4 million in cash, contingent upon Costar and VSTC achieving certain levels of sales and EBITDA after the closing, through 2009 of which \$2,225 is recorded as a long-term liability. On September 29, 2006, the 200,000 shares of Dynabazaar common stock were issued.

There were no material relationships between Registrant or its affiliates and any of the parties to the asset purchase agreement, other than in respect of such agreement.

For the year ended December 31, 2006, we had a net loss of approximately \$0.4 million. For the year ended December 31, 2005, we had net income of approximately \$1.3 million and for the year ended December 31, 2004 our net loss was approximately \$2.0 million. Our net income for 2005 is attributable to the receipt of approximately \$2.0 million, plus interest, held in escrow in accordance with an asset purchase agreement entered into with eBay to sell substantially all of our technology and business assets to eBay for \$4.5 million, and interest income of approximately \$400,000 offset by expenses of approximately \$1.1 million.

Revenue

Total revenue was approximately \$7.6 million for 2006 and \$0 for 2005 and 2004. The increase in revenues is due to the activities of Costar, our recently acquired operating company. The lack of revenue in 2005 and 2004 was due to the cessation of the Company's online auction business in September 2003.

Cost of Revenue

Cost of revenue was \$6.0 million for 2006 and \$0 for 2005 and 2004. The increase in 2006 was attributable to the activities of Costar, our recently acquired operating company. The lack of cost revenue in 2005 and 2004 was due to the cessation of the Company's online auction business.

General and administrative expenses were \$2.3 million, \$1.1 million and \$2.2 million for 2006, 2005, and 2004, respectively. The increase of over 100% in 2006 primarily reflects additional expenses relating to Costar, our recently acquired operating entity. Expenses in 2005 were primarily related to the payment of liability insurance premiums of approximately \$383,000, board of director fees of approximately \$134,000 and fees to Barington of approximately \$180,000.

Gain on Sale of Assets

On June 20, 2003, the Company entered into an asset purchase agreement with eBay to sell substantially all of the Company's technology and business assets to eBay for \$4.5 million in cash. On September 4, 2003, the Company closed on the sale of assets to eBay.

In connection with the transaction the parties entered into an escrow agreement which provided that \$2 million of the consideration be held in escrow for a two-year period in order to secure the Company's indemnification obligations. The Company estimated its potential liability under the indemnification to be \$2 million in accordance with FASB Interpretation No. 45 Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others (FIN 45) and recorded such liability as a reduction in the gain on the sale of assets.

The Company recorded a gain on the sale of assets of \$1,183,000 based on the proceeds less direct costs of \$1,338,000 and the indemnification liability noted above, which is recorded in the results of operations for the year ended December 31, 2003.

On September 6, 2005, the Company received a payment of \$2,045,982 from Zions First National Bank Pursuant to the escrow agreement. The payment represented the \$2 million held in escrow under the terms and conditions of the asset purchase agreement we entered into with eBay together with \$45,982 of accrued interest. In accordance with a stock purchase agreement entered into with former director Lloyd Miller, III and certain affiliated entities, the Company paid to Mr. Miller and certain affiliated entities a total of approximately \$278,000 from the proceeds of the escrow agreement, which was recorded as additional consideration for the stock purchase.

Interest Income, Net

Interest income was \$279,000, \$375,000 and \$265,000 in 2006, 2005 and 2004, respectively. The increase of interest income from 2004 to 2005 is a result of increasing interest rates. The decrease in interest income from 2005 to 2006 was due principally to lower average cash, cash equivalents and marketable securities balances during these periods as a result of cash used to purchase the assets of Southern Imaging and Video Solutions.

Liquidity and Capital Resources

Prior to our initial public offering in March 2000, we financed our operations primarily through private sales of capital stock, the net proceeds of which totaled \$27.1 million as of December 31, 1999. In March 2000, we sold 5,750,000 shares of common stock in our initial public offering. The proceeds to us from the initial public offering were \$89.1 million, net of offering expenses. At December 31, 2006, cash and cash equivalents totaled \$2.9 million.

Net cash used in operating activities was \$1.5 million in 2006, and \$412,000 in 2005.

Net cash used in operating activities of \$1.5 million in 2006 primarily reflects an increase in operating assets offset by an increase in accounts payable and accrued expenses, due to the purchase of the assets of Southern Imaging and Video Solutions. The purchase resulted in increases in accounts receivable and inventory. Net cash used in operating activities of \$412,000 in 2005 reflects a net profit of \$1.3 million, offset by a gain on the sale of assets of \$2.0 million plus an increase in other assets of \$332,000.

Net cash used in investing activities in 2006 was \$3.6 million and net cash provided by investing activities in 2005 was \$2.0 million.

Net cash used in investing activities of \$3.6 million in 2006 primarily reflects the acquisition of the net assets of Southern Imaging and Video Solutions. Net cash provided by investing activities of \$2.0 million in 2005 is attributable to the gain on the sale of assets.

Net cash used in financing activities in 2006 was \$1.1 million and net cash used in financing activities in 2005 was \$1.4 million.

Net cash provided by financing activities in 2006 is primarily due to the paydown of the line of credit acquired in the purchase of the net assets of Southern Imaging and Video Solutions, of \$1.9 million offset by financing acquired of approximately \$729,000.

In 2005, net cash used in financing activities was \$1.4 million. Such cash was primarily used for the purchase of treasury stock from Lloyd Miller.

We expect to fund our operating expenses for 2007 from available cash. In addition, we may utilize our cash resources to fund acquisitions or investments in complementary businesses or technologies. We believe that our current cash, cash equivalents and marketable securities will be sufficient to meet our working capital and operating expenditure requirements for the near future. Acquisitions and/or operation of any future business strategy may require us to obtain additional financing and/or capital. In the interim, we believe our cash needs will primarily relate to costs associated with operating as a public company, such as legal and accounting costs. If additional financing is required, we may not be able to raise it on acceptable terms or at all.

Critical Accounting Policies

While our significant accounting policies are more fully described in Note 2, Summary of Significant Accounting Policies, to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2006, we believe the following accounting policies to be critical:

- Revenue recognition;
- Deferred tax assets;
- Allowance for doubtful accounts;
- Accounting for contingencies;
- Accounting for income taxes;
- Business combinations;
- Impairment of long-lived assets.
- Goodwill and intangible assets.

Revenue Recognition

The financial statements are presented on the accrual basis of accounting. Sales revenues are recognized upon the shipment of merchandise to customers. Allowances for sales returns are recorded as a component of net sales in the period the allowance is recognized.

Deferred Tax Assets

Edgar Filing: DYNABAZAAR INC - Form S-4

We record a valuation allowance to reduce our deferred tax assets to the amount that is more likely than not to be realized. While we consider future taxable income and tax planning strategies in assessing the need for the valuation allowance, if management were to determine that the Company would be able to realize deferred tax assets in the future in excess of the net recorded amount, an adjustment to the deferred tax asset would affect the provision for income taxes in the period such determination was made.

Allowance for Doubtful Accounts

Accounts receivables are recorded at net realizable values. The Company maintains an allowance for estimated losses resulting from the inability of customers to make the required payments and for anticipated returns. The allowance is based on specific facts and circumstances surrounding individual customers as well as historical experience. Provisions for the losses on receivables and returns are charged to income to maintain the allowance at a level considered adequate to cover losses and future returns. Receivables are charged off against the reserve when they are deemed uncollectible and returns are charged off against the reserve when the actual returns are incurred.

Accounting for Contingencies

We are subject to various legal proceedings and claims, the outcomes of which are subject to significant uncertainty. SFAS 5, Accounting for Contingencies, requires that an estimated loss from a loss contingency should be accrued by a charge to income if it is probable that an asset has been impaired or a liability has been incurred and the amount of the loss can be reasonably estimated. Disclosure of a contingency is required if there is at least a reasonable possibility that a loss has been incurred. We evaluate, among other factors, the degree of probability of an unfavorable outcome and the ability to make a reasonable estimate of the amount of loss. Changes in these factors could materially impact our financial position or results of operations.

Accounting for Income Taxes

The Company complies with SFAS No. 109, Accounting for Income Taxes, which requires an asset and liability approach to financial reporting for income taxes. Deferred income tax assets and liabilities are computed for differences between the financial statements and tax bases of assets and liabilities that will result in future taxable or deductible amounts, based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred income tax assets to the amount expected to be realized.

Business Combinations

In accordance with the provisions of SFAS No. 141, Business Combinations (SFAS 141), the purchase price of an acquired company is allocated between intangible assets and the net tangible assets of the acquired business with the residual of the purchase price recorded as goodwill. The determination of the value of the intangible assets acquired and their expected lives involves certain judgments and estimates. These judgments can include, but are not limited to, the cash flows that an asset is expected to generate in the future and the appropriate weighted average cost of capital.

Long-lived Assets

Pursuant to SFAS No. 144 Accounting for the Impairment or Disposal of Long-lived Assets , the Company reviews property and equipment for impairment whenever events or changes in circumstances indicated

that the carrying amounts of the assets may not be recoverable. A loss is recognized on the statements of operations if it is determined that an impairment exists based on expected future undiscounted cash flows. The amount of the impairment is the excess of the carrying amount of the impaired asset over its fair value.

Intangible Assets

Pursuant to Statement of Financial Accounting Standards No. 142 (SFAS 142), Goodwill and Other Intangible Assets, effective December 31, 2001, intangible assets with indefinite lives are no longer amortized, but instead tested for impairment. Intangible assets are reviewed for impairment annually or whenever events or changes in business combinations indicate the carrying value of the assets may not be recoverable. Impairment losses are recognized if future cash flows of the related assets are less than their carrying values.

Goodwill

Pursuant to SFAS 142, effective December 31, 2001, goodwill is no longer being amortized. The Company tests goodwill for impairment on an annual basis, relying on a number of factors including operating results, business plans and future cash flows. Recoverability of goodwill is evaluated using a two-step process. The first step involves a comparison of fair value of the Company with its carrying value. If the carrying amount exceeds its fair value, the second step of the process involves a comparison of the fair value and carrying value of the goodwill. If the carrying value exceeds its fair value, an impairment loss is recognized in an amount equal to the excess.

New Accounting Pronouncements

Effective January 1, 2007, the Company adopted the provisions of the Financial Accounting Standards Board (FASB) Interpretation No. 48, Accounting for Uncertainty in Income Taxes - an interpretation of FASB Statement No. 109 (FIN 48). There were no unrecognized tax benefits as of January 1, 2007 and as of March 31, 2007. FIN 48 prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense. No amounts were accrued for the payment of interest and penalties at January 1, 2007. There was no change to this balance at March 31, 2007. Management is currently unaware of any issues under review that could result in significant payments, accruals or material deviations from its position. The adoption of the provisions of FIN 48 did not have a material impact on the Company's financial position, results of operations and cash flows.

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements (SFAS 157). SFAS 157 establishes a single authoritative definition of fair value, sets out a framework for measuring fair value, and requires additional disclosures about fair-value measurements. SFAS 157 applies only to fair value measurements that are already required or permitted by other accounting standards (except for measurements of share-based payments) and is expected to increase the consistency of those measurements. Accordingly, SFAS 157 does not require any new fair value measurements. However, for some entities, the application of SFAS 157 will change current practice. SFAS 157 is effective for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. We do not expect the adoption of SFAS 157 to have a material impact on our consolidated financial statements.

In September 2006, the SEC issued Staff Accounting Bulletin 108, Considering the Effects of Prior Year Misstatements When Quantifying Misstatements in Current Year Financial Statements (SAB 108). SAB 108 clarifies the staff's views regarding the process of quantifying financial statement misstatements. SAB 108 allows registrants to adjust prior year financial statements for immaterial errors in the carrying amount of assets and liabilities as of the beginning of this fiscal year, with an offsetting adjustment being made to the opening balance of retained earnings. SAB 108 is effective for fiscal years ending on or after November 15, 2006 with earlier adoption encouraged. We do not expect the adoption of SAB 108 to have a material impact on our consolidated financial statements.

101

In February 2007, the FASB issued SFAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities-including an amendment of FASB statement No. 115. This standard permits an entity to elect to measure many financial instruments and certain other items at fair value. Unrealized gains and losses on items for which the fair value option has been elected will be recognized in earnings at each subsequent reporting date. SFAS No. 159 is effective as of the beginning of an entity's first fiscal year that begins after November 15, 2007. Early adoption is permitted as of the beginning of the previous fiscal year provided that the entity makes that choice in the first 120 days of that fiscal year and also elects to apply the provisions of FASB Statement No. 157, Fair Value Measurement. The Company is currently evaluating the impact, if any, the adoption of SFAS No. 159 will have on our consolidated financial statements.

Executive Compensation

Compensation Discussion and Analysis

We compensate our executive management through a combination of base salaries, merit based performance bonuses and long-term equity compensation. Our executive compensation is structured to align management's incentives with the long-term interests of our shareholders, and to maximize profitability and shareholder value.

We adhere to the following compensation policies, which are designed to support the achievement of our business strategies:

Our executive compensation should strengthen the relationship between compensation, both cash and equity-based, and performance by emphasizing variable compensation that is dependent upon the successful achievement of corporate and individual performance goals.

A portion of each executive's total compensation should be comprised of long-term compensation to focus management on the long-term interests of shareholders.

An appropriately balanced mix of incentive cash and equity-based compensation aligns the interests of our executives with that of our shareholders. The equity-based component promotes a continuing focus on building profitability and shareowner value.

Total compensation should enhance our ability to attract, retain, motivate and develop knowledgeable and experienced executives upon whom, in large part, our successful operation and management depends.

A core principle of our executive compensation is the belief that compensation paid to executive officers should be closely aligned with our near- and long-term success, while simultaneously giving us the flexibility to recruit and retain qualified key executives. Our compensation program is structured so that it is related to our stock performance and other factors, direct and indirect, which may influence long-term shareholder value.

Edgar Filing: DYNABAZAAR INC - Form S-4

As a result, we have designed our executive compensation to include the following elements:

- Annual Base Salaries;
- Annual Performance-Based Cash Bonuses; and
- Long-Term Equity-Based Compensation.

We utilize each of these elements of executive compensation to ensure proper balance between our short- and long-term success as well as between our financial performance and shareholder return. In this regard, we believe that the executive compensation for our named executive officers is consistent with our financial performance and the performance of each named executive officer.

Elements of Compensation

Base Salaries

The base salaries of the Company's named executive officers are evaluated annually. In evaluating appropriate pay levels and salary increases for such officers, the Compensation Committee considers achievement of the Company's strategic goals, level of responsibility, individual performance and time commitment, and internal equity and external pay practices. In addition, the Committee considers the scope of the executives' responsibilities, taking into account to the extent deemed appropriate competitive market compensation for similar positions, the seniority of the individual, our ability to replace the individual and other primarily judgmental factors deemed

104

relevant by our Board of Directors and Compensation Committee. The Compensation Committee and our Board have also taken into account the contribution certain executive officers made to the Acquisition as well as the fact that, from September 2003 until June 2006, we did not operate any business.

In 2006, Melvyn Brunt, our Chief Financial Officer, was paid a salary of \$10,500, Sebastian Cassetta, the Chief Executive Officer of Costar, was paid a salary of \$35,000 and James Pritchett, the President of Costar, was paid a salary of \$78,978.

Bonuses

Bonus awards are designed to focus management attention on achieving key operational and performance goals for the current fiscal year. Cash bonus awards are distributed based upon the Company and the individual's performance. The final determination for all bonus payments is made by our Compensation Committee. The Compensation Committee and our Board have also taken into account the contribution certain executive officers made to the Acquisition as well as the fact that, from September 2003 until June 2006, we did not operate any business. In 2006, Melvyn Brunt, our Chief Financial Officer, was paid a bonus of \$5,000, Sebastian Cassetta, the Chief Executive Officer of Costar, was paid a bonus of \$35,000 and James Pritchett, the President of Costar, was not paid a bonus but received an incentive payment of \$2,660 under the terms of the employment agreement between him and Costar.

Equity Incentive Grants

Long-term incentives also comprise an important component of our executives' total compensation package. These incentives are designed to motivate and reward executives for maximizing shareowner value and encourage the long-term employment of key employees.

To date, stock options have been our primary long-term compensation vehicle for our executive officers. Stock options are granted at the prevailing market price on the date of grant and will have value only if our stock price increases. Grants of stock options generally are based upon our performance, the level of the executive's position, and an evaluation of the executive's past and expected future performance. In connection with the Acquisition, James Pritchett, President of Costar, was granted 37,000 options subject to four year vesting at the rate of 25% per annum. None of our other Named Executive Officers received stock option grants in their capacity as such in 2006.

No decision has been made whether or not stock options will continue to be used as the predominant form of stock-based compensation. The Compensation Committee is in the process of considering all forms of long-term equity compensation, including restricted stock grants.

Other Benefits

The 2000 Plan provides for awards in the form of ISOs, NSOs, restricted stock awards and other forms of awards to officers, directors, employees and consultants of the Company. At December 31, 2006, there were 5,385,662 shares available for issuance under the 2000 Plan.

Edgar Filing: DYNABAZAAR INC - Form S-4

The Board of Directors determines the term of each option, the option price, the number of shares for which each option is granted and the times at which each option vests. For holders of 10% or more of our outstanding common stock, ISOs may not be granted at less than 110% of the fair market value of the common stock at the date of grant.

107

2000 Employee Stock Option and Incentive Plan

In October 2000, our Board of Directors approved the 2000 Employee Stock Option and Incentive Plan (the 2000 Employee Plan), which originally provided for the issuance of up to 1,500,000 shares of common stock, under NSOs to our employees and key persons other than any member of our Board of Directors or any other individual who is subject to the reporting and other provisions of Section 16 of the Securities Exchange Act of 1934. In January 2001, in connection with the one-time employee option exchange incentive program, the Board of Directors amended this plan to increase the number of shares of common stock available for issuance under the plan to 2,654,750. At December 31, 2006, there were 2,250,374 shares available for issuance under this plan. The Board of Directors determines the term of each option, the option price, the number of shares for which each option is granted and the times at which each option vests.

The Company calculates the fair value of each option grant on the date of grant using the Black-Scholes option pricing method as set forth in SFAS No. 123(R) using the following assumptions:

	Year Ended December 31,		
	2006	2005	2004

Weighted-average expected life (in years)	10	10	10

Narrative to Director Compensation Table

In June 2004, our Board approved a plan that entitles our Chairman to cash compensation of \$20,000 upon initial election and upon the anniversary of being appointed and entitles our other non-employee directors to cash compensation of \$10,000 upon initial election and on each anniversary of becoming a director during their term of

service. The plan also provides non-employee directors with \$1,000 per meeting of the Board attended during their term of service. In addition, the plan provides that attendance at committee meetings will be compensated at the rate of \$1,000 per meeting for members and \$2,000 per meeting for the chairperson. While the Company has paid the Chairman and our other non-employee directors meeting fees during the fiscal year ended December 31, 2006, it has not paid such directors their base compensation during this time period but expects to do so in the future.

Non-employee directors are entitled to fully vested options to purchase 50,000 shares of common stock upon initial election and a fully vested option to purchase 25,000 shares of common stock on each anniversary of becoming a director during their term of service.

Certain Relationships and Related Transactions, and Director Independence

Transactions with Related Persons

In connection with the Company's cessation of its online auction business, the Company relocated its principal executive offices as of January 1, 2004 to 888 Seventh Avenue, 17th Floor, New York, New York 10019, an office maintained by Barington, a limited partnership whose general partner is a corporation of which James Mitarotonda is Chairman, President and Chief Executive Officer. Mr. Mitarotonda is a director of the Company and previously served as our President and Chief Executive Officer until April 18, 2007.

Pursuant to an administrative services agreement we entered into with Barington in December 2003 (which ran through December 31, 2004), the Company paid Barington a monthly fee of \$8,000 for performing certain administrative services on behalf of the Company. In connection with the agreement, the Company granted to Mr. Mitarotonda an option to purchase 320,000 shares of our common stock. The option is fully exercisable and was granted with an exercise price per share equal to \$0.33, the fair market value of our common stock on the grant date.

The Company entered into an amended administrative services agreement with Barington dated as of December 17, 2004. Under the amended agreement, which ran through December 31, 2006, Barington was to be paid a fee of \$15,000 per month for performing certain administrative, accounting and other services on behalf of the Company. As of March 1, 2006, the Company and Barington agreed to reduce the fee to \$7,500 per month. In addition, Barington is to be paid a fee of \$175 an hour for any legal services provided by Barington on behalf of the Company at the Company's request. The Company has also agreed that in the event that Barington identifies for the Company at its request a business transaction such as a merger, acquisition or joint venture, and/or provides the Company with financial consulting or merger and acquisition services in connection with such business transaction, the Company will pay Barington a fee to be agreed upon between Barington and the Board of Directors of the Company. In connection with the amended agreement, the Company granted options to certain designees of Barington to purchase, in the aggregate, 320,000 shares of the Company's common stock. The options were granted with an exercise price per share equal to \$0.31, the fair market value of the Company's common stock on the grant date.

On January 5, 2007, both Dynabazaar and L Q Corporation entered into separate letter agreements with Barington with respect to the engagement of Barington by each of the Dynabazaar Special Committee and the L Q Corporation Special Committee to provide assistance as such special committees may reasonably request with respect to the contemplated merger between Dynabazaar and L Q Corporation. Each of Dynabazaar and L Q Corporation agreed to pay Barington a fee of \$100,000 as compensation for its services, as well as reimburse Barington for all reasonable and documented out-of-pocket expenses incurred by Barington.

On March 30, 2007, the Company entered into an amendment to the administrative services agreement with Barington, effective as of January 1, 2007. Under the amended agreement, which runs through December 31, 2007, Barington is to continue to be paid a fee of \$7,500 per month for performing certain administrative, accounting and other services on behalf of the Company until the closing of the transactions contemplated by the merger, at which point the fee is to increase to a rate of \$10,000 per month.

On May 18, 2007, the Company entered into an amendment to the administrative services agreement with Barington. The amendment provides for the termination of the administrative services provided by Barington on behalf of the Company under the administrative services agreement (as well as the termination of the monthly payments made by the Company to Barington for such services) immediately following the closing of the transactions contemplated by the merger.

It is the belief of the Company that, following the closing of the transactions contemplated by the amended and restated merger agreement, the combined entity will have the internal resources necessary to fully perform the administrative services currently being provided to the Company by Barington. Notwithstanding the termination of the administrative services provided by Barington following the closing of the merger, the administrative services agreement would continue to run until December 31, 2007, therefore permitting the Company to continue to have access to legal and financial advisory services from Barington on an as requested basis. There is no requirement under the administrative

services agreement, however, for the Company to utilize such services of Barington.

Access Control Products Group

On September 8, 2005, the Company entered into a non-binding letter of intent with Checkpoint Systems, Inc. (Checkpoint) dated September 7, 2005 to acquire substantially all of the net assets of Checkpoint's Access Control Products Group (ACPG) division. On October 26, 2005, the Company's Board of Directors approved the transaction and on November 4, 2005 the parties entered into the Checkpoint Asset Purchase Agreement. On December 30, 2005, the Company and Checkpoint entered into a First Amendment to the Checkpoint Asset Purchase Agreement to, among other things, extend the closing of the acquisition to January 5, 2006. On January 6, 2006, the newly formed wholly owned subsidiary of the Company, Sielox, LLC, (Sielox), completed the acquisition from Checkpoint of substantially all of the assets of the ACPG division, effective as of the close of business on December 30, 2005. The cash consideration for the transaction was approximately \$2.6 million, net of post-closing adjustments. Expenses related to the transaction were approximately \$0.3 million.

The ACPG business, which operates as Sielox under the Company's management, develops, designs and distributes a complete line of open architecture access control software, programmable controllers (electronic circuit boards), and related accessories such as readers and ID cards, which can be configured to monitor, manage and control physical access to building perimeters and interior locations. The ACPG business was originally acquired by Checkpoint when Checkpoint acquired Sielox Systems, Inc. of Sunnyvale, California in 1986. At that time, the ACPG business distributed, developed and manufactured System Five and System Ten access control systems for automated access to buildings and areas within buildings. In the late eighties, ACPG introduced the Threshold series for use on DOS and QNX operating systems and in the mid-nineties developed a series of applications for use on the Windows operating systems. In March 2003, the ACPG business introduced Pinnacle, the next generation in access control software solutions. Today ACPG develops, designs and distributes a complete line of open architecture access control software, including both Pinnacle and the legacy Enterprise Threshold, programmable controllers (electronic circuit boards), and related accessories such as readers and ID cards which can be configured to monitor, manage and control physical access to building perimeters and interior locations. ACPG generally does not experience seasonality in its business and there is no single customer which constitutes 10% or more of its revenue.

SES Resources International

On January 6, 2006, the Company's newly formed wholly owned subsidiary, SES Resources International, Inc. (SES), completed the acquisition of substantially all of the assets of SES Resources, Ltd., a start up consulting venture, effective as of December 30, 2005. SES Resources, Ltd.'s assets consisted primarily of various trademarks. Consideration given in exchange for these assets was a 19.5% share in SES. The newly formed business unit specializes in delivering critical strategic security and business protection solutions based on best practices developed by accomplished retired law enforcement agents and in association with an advisory panel comprised of senior executive service level government risk assessment and law enforcement professionals (the Advisory Panel). SES primary areas of specialization include: corporate investigations (e.g. know your customer, know your employee, know your vendor reviews); due diligence reviews; forensic accounting; anti-money laundering investigatory services consistent with the requirements of the Patriot Act; anti-counterfeiting and intellectual property protection; corporate health and wellness consultancy; emergency preparedness and contingency planning; executive staffing solutions; and education and government security training services.

The Advisory Panel serves the business with advice and identifies expert talent throughout the United States and internationally to manage and staff client assignments. The Advisory Panel includes Michael J. Thomas, a senior executive service level agent from the U.S. Internal Revenue Service, Andrew J. Scott, the former Chief of Police of Boca Raton, Florida, and David Edelson MD, FACP, a medical doctor who is presently Assistant Clinical Professor at Albert Einstein College of Medicine. The Advisory Panel is chaired by one of the owners/founders of

SES Resources Ltd, and vice chaired by a former Vice President and Director of Brinks Inc. SES is in the process of adding additional members to the Advisory Panel from various law enforcement agencies.

Industry

Access Control Products Group

As security concerns continue to mount around the world, security access systems are an important component to a company's or Government Agency's complete security solution. Organizations continue to invest and upgrade such solutions and place increased reliance upon such systems. The trend towards integrating all security solutions including access control, CCTV, burglar and fire alarms into one system continues to expand.

SES Resources International

Companies and governments are faced with a variety of security concerns and risk assessment challenges including terrorism, fraud, litigation, compliance, intellectual property protection, cyber attacks, industrial espionage, regulatory issues, crisis management and executive security staffing. The security consulting industry is highly fragmented with various established firms and a large number of independent organizations with various specializations and capabilities throughout the United States and around the world.

Strategy

Access Control Products Group

The primary strategy of ACPG is to continue to invest in the Pinnacle software solution through added features and interfaces with other value added providers in order to provide enhanced physical access security and event management systems. ACPG will also continue to provide technical service and training to ACPG's dealer base and end users and where necessary upgrade its technical services.

SES Resources International

SES is distinguishing its services and positioning by its diverse services offering. SES is in the process of identifying Senior Executive Service level retired law enforcement officers and federal agents with specialization and experience related to each service offering. SES expects to utilize the relationships and advice of its Advisory Panel in connection with identifying such resources. Each resource is expected to participate in SES projects as an independent contractor on a project by project basis in an effort to match expert talent with each specific project.

Products

Access Control Products Group

ACPG develops, designs and distributes a complete line of open architecture access control software, programmable controllers (electronic circuit boards), and related accessories such as readers and ID cards which can be configured to monitor, manage and control physical access to building perimeters and interior locations.

ACPG supports both the Pinnacle software solution, introduced in March 2003 and the Threshold Enterprise solution introduced in 1997. The Pinnacle based system runs on both Windows Server 2003 and XP Professional. The system is an access control and event management system with unlimited scalability. The Threshold Enterprise runs on a Windows NT or 2000 access control platform.

The Pinnacle access control system is extremely flexible and compatible and offers added functionality including badging utility for use in the design and production of professional quality badges. The Pinnacle system also has a DVR interface with video and event management linking. Other Pinnacle utilities include standalone applications using the SDK, ever expanding libraries including n-man rule, report scheduler, door control,

EventLink and Administrative Management. The newly introduced visitor management system allows for integration with STOPware's lobby visitor management system.

ACPG designs and distributes a complete line of intelligent controllers. This state of the art technology is available as 16-bit or 32-bit controllers capable of supporting from 2 to 8 door configurations. In addition, these controllers support from 4 to 60 alarm monitored inputs and/or controlled outputs and are configurable to meet any customer requirements. The 32-bit 1200 series controller can be used in a traditional hardwired environment or LAN/WAN environment with static IP or DHCP. In addition, ACPG currently offers several readers that are all compatible with both its Pinnacle and Threshold Enterprise software solutions. Such readers include the Performa (and Legacy Mirage) readers, a 13.56 MHz reader manufactured by Checkpoint Systems, Inc., a complete line of HID's 125 KHz Prox and 13.56 MHz iClass readers and cards, AWID's long range Prox readers, BioScript's biometric fingerprint, and Panasonic's Iris Scan Readers.

SES Resources International

SES specializes in delivering critical strategic security and business protection solutions including corporate investigations (e.g. know your customer, know your employee, know your vendor reviews); due diligence reviews; forensic accounting; anti-money laundering investigatory services consistent with the requirements of the Patriot Act; anti-counterfeiting and intellectual property protection; corporate health and wellness consultancy; emergency preparedness and contingency planning; executive staffing solutions; and education and government security training services.

Intellectual Property

Access Control Products Group

ACPG is entitled to the exclusive use of certain patents and to the non-exclusive use of certain patents which were acquired in the acquisition from Checkpoint. Such patents and other intellectual property are utilized in the Performa and Mirage ID card readers. ACPG also acquired identified trademarks as well as licenses for specific intellectual properties which consist of critical components to the Pinnacle and Threshold Enterprise operating systems. ACPG also licenses two badging programs which it sells to third parties. ACPG pays royalties on these licensing contracts. SES does not own or use any patents or other material intellectual property in connection with its business.

SES Resources International

The Company has registered domain names for its key businesses including SESresources.com and Sielox.com.

Technology and Product Development

ACPG's software engineers develop proprietary code for product functionality features. Certain product features have been acquired from third parties for which ACPG pays royalties relative to the feature set embedded within certain software products.

ACPG expended approximately \$ 1.3 million, \$1 million and \$1.7 million in product development activities during 2006, 2005 and 2004, respectively. The emphasis of these activities is the continued broadening of the product lines offered by ACPG, cost reductions of the current product lines, and an expansion of the markets and applications for ACPG's products. ACPG's future growth in revenues will be dependent, in part, on the products and technologies resulting from these efforts. The Company expects to continue to invest at comparable levels in such activities in 2007 (and thereafter) in order to provide additional functionality to ACPG's offerings to meet the needs of ACPG's customer base.

Marketing Efforts

ACPG and SES use a combination of internal and subcontract marketing and public relations agencies. ACPG typically attends two trade shows a year, ISCW and ASIS International. SES typically attends the Anti-Money Laundering Conference trade show. ACPG and SES's marketing initiatives include trade advertising and company websites - www.sielox.com; www.sesresources.com. In addition, ACPG and SES distribute data sheets, marketing bulletins and brochures, and launch packages to their current and prospective clients, dealers and end-users, as appropriate for their respective businesses.

Components

ACPG purchases components from outside suppliers and assembles the electronic components for legacy controllers and proximity readers at Checkpoint's facilities in the Dominican Republic and Puerto Rico. The 32-bit controllers are manufactured to specified designs by a third party. Select readers are also manufactured in Thailand. As part of the acquisition, the Company has entered into a manufacturing agreement with Checkpoint. For non-proximity electronic access control components, ACPG subcontracts manufacturing activities. On January 27, 2006, we signed a five year lease on 8,900 square feet located at 170 Ninth Avenue, Rummel, New Jersey. Occupancy at this facility began on April 1, 2006. Accordingly, all electronic control final system assembly and testing was relocated to the Rummel facility.

Distribution

The sales personnel of the ACPG market electronic access control products to approximately 200 independent dealers, some of whom are national dealers, primarily located in the U.S. ACPG employs regional salespeople who are compensated by salary plus commissions. Under the independent dealer program, the dealer takes title to our products and sells them to the end-user customer. The dealer installs the systems and provides ongoing service to the end-user customer. The ACPG requires its dealers to be certified in our products and requires them to attend training classes on our various product offerings.

Competition

Access Control Products Group

ACPG competes with other manufacturers of electronic access control systems as well as with conventional security systems. Major competitors are GE (the Casi Rusco and Infographics divisions), Honeywell (the NexWatch and Northern divisions), United Technologies (the

Lenel Systems division), and Tyco (the Software House and Kantech divisions), as well as many other comparable sized companies such as MDI and International Electronics.

SES Resources International

SES provides services that compete with the services provided by a highly fragmented market of many firms of various sizes, including investigatory firms and full service accounting and legal services firms, which provide such services as part of a broad range of services. Some of the well recognized firms include Kroll Worldwide, a division of Marsh & McLennan Companies, Inc., and Giuliani Associates.

Employees

ACPG currently employs 20 people and SES currently employs 1 person. All employees are located in the United States and none are represented by a union or labor group.

Properties

The Company's headquarters are located in New York City, in an office maintained by Barington.

Legal Proceedings

We are a defendant in certain purported class action lawsuits filed by individual shareholders in the U.S. District Court for the Southern District of New York against certain of our former officers and directors, and various of the underwriters in our initial public offering (IPO) and secondary offering. The lawsuits have been filed by individual shareholders who purport to seek class action status on behalf of all other similarly situated persons who purchased our common stock between July 8, 1999 and December 6, 2000. A consolidated amended class action complaint was filed on April 19, 2002. The complaint alleges that certain underwriters of the IPO solicited and received excessive and undisclosed fees and commissions in connection with that offering. The complaint further alleges that the defendants violated the federal securities laws by issuing a registration statement and prospectus in connection with our IPO which failed to accurately disclose the amount and nature of the commissions and fees paid to the underwriter defendants. On or about October 8, 2002, the Court entered an Order dismissing the claims asserted against certain individual defendants in the consolidated actions without any payment from these individuals or us. On or about February 19, 2003, the Court entered an Order dismissing with prejudice the claims asserted against us under Section 10(b) of the Exchange Act. As a result, the only claims that remain against us are those arising under Section 11 of the Securities Act. The parties have negotiated and executed a definitive settlement agreement. The proposed settlement provides that the class members in the class action cases brought against the participating issuer defendants will be guaranteed a recovery of \$1 billion by insurers of the participating issuer defendants. If recoveries totaling \$1 billion or more are obtained by the class members from the underwriter defendants, however, the monetary obligations to the class members under the proposed settlement will be satisfied. In addition, we and any other participating issuer defendants will be required to assign to the class members certain claims that they may have against the underwriters of their IPO's. The proposed settlement contemplates that any amounts necessary to fund the settlement or settlement-related expenses would come from participating issuers' directors and officers' liability insurance policy proceeds as opposed to funds of the participating issuer defendants themselves. A participating issuer defendant could be required to contribute to the costs of the settlement if that issuer's insurance coverage were insufficient to pay that issuer's allocable share of the settlement costs. If ultimately approved by the Court, the proposed settlement would result in the dismissal, with prejudice, of all claims in the litigation against us and all of the other issuer defendants who have elected to participate in the proposed settlement, together with the current or former officers and directors of participating issuers who were named as individual defendants. The proposed settlement does not provide for the resolution of any claims against the underwriter defendants, and the litigation as against those defendants is continuing. Consummation of the proposed settlement remains conditioned upon obtaining approval by the Court. By order entered on September 1, 2005, the Court granted preliminary approval of the proposed settlement and directed that notice of the terms of the proposed settlement be provided to class members. Thereafter, the court held a fairness hearing, on April 24, 2006, at which objections to the proposed settlement were heard. The Court has yet to issue a ruling on the motion for final approval. On December 5, 2006, the Court of Appeals for the Second Circuit reversed the Court's order certifying a class in six test cases that were selected by the underwriter defendants and plaintiffs in the coordinated proceeding. On April 6, 2007, the Court of Appeals denied the plaintiffs' petition for rehearing of the Court's December 5, 2006 ruling but noted that the plaintiffs remain free to ask the District Court to certify a different class which might meet the standards for class certification that the Court of Appeals articulated in its December 5, 2006 decision. Because our proposed settlement with the plaintiffs involves the certification of the case against us

as a class action for settlement purposes, it is unclear what impact, if any, the Second Circuit's class certification ruling will have on our case or the viability of the proposed settlement. In the event the settlement is not finalized, the Company believes that it has meritorious defenses to plaintiffs' claims and intends to defend the action vigorously.

Results of Operations for the Three Months Ended March 31, 2007 And 2006 (\$ In Thousands)

Total Revenues

Revenue for the three month period ending March 31, 2007 was \$1,574 compared to \$1,533 for the three month period ended March 31, 2006. Revenue for the three month period ended March 31, 2007 is entirely due to

118

the activities of our subsidiaries Sielox and SES. Revenue for Sielox was \$1,563 and for SES \$11 compared to \$1,533 and \$0 respectively for the period ending March 31, 2006.

Operating Expenses

Selling, General and Administrative. Selling, general and administrative expenses decreased approximately 21% to \$722 for the three months ended March 31, 2007 from \$908 in the comparable period of 2006. Substantially all of the decrease can be attributed to a reduction in expenses relating to the business and operations of our subsidiaries Sielox and SES. Selling, general and administrative expenses consist primarily of compensation for personnel, selling commissions, marketing expenses and payments to outside contractors for general corporate functions, including finance, information systems, human resources, facilities, legal management and professional service fees, bad debt expense, occupancy and other overhead.

Technical and Engineering. Technical and engineering expenses were \$276 for the three months ended March 31, 2007, compared to \$312 for the three months ended March 31, 2006. Technical and engineering expenses consist of expenses relating to personnel costs and other expenses for software and hardware engineers and applications.

Other Income (Expense), Net. Substantially all other income is from interest received from investments in highly-liquid money market funds. Other income was \$12 for the three months ended March 31, 2007 compared to \$27 for the three months ended March 31, 2006. The decrease in other income is directly attributable to a decline in the cash balances available for investment after we purchased the ACPG division of Checkpoint. This purchase was completed on January 6, 2006 with an effective date of December 30, 2005.

Liquidity and Capital Resources (\$ In Thousands)

As of March 31, 2007, we had approximately \$1,671 of cash and cash equivalents.

Net cash used in operating activities was approximately \$267 and approximately \$283 for the three months ended March 31, 2007 and 2006, respectively. Substantially all of the decrease is attributable to the improved operations of our subsidiaries, Sielox and SES. The net loss accounted for \$229, accounts payable and accrued expenses and other current liabilities used \$88 and \$163 respectively. This decrease in cash used was reduced by an increase in inventories and accounts receivable of \$14 and \$136 respectively.

Net cash used in investing activities was approximately \$6 and \$2,700 for the three months ended March 31, 2007 and 2006, respectively. Cash used for investing activities primarily relates to the purchase of fixed assets for 2007. Cash used for March 31, 2006 primarily relates to cash paid to Checkpoint for the acquisition of ACPG.

Net cash used in financing activities was approximately \$6 and \$0 for the three months ended March 31, 2007 and 2006, respectively. Cash used for financing activities primarily relates to principal payments on a capital lease.

We also, as permitted under Delaware law and in accordance with our Bylaws, indemnify our officers and directors for certain events or occurrences, subject to certain limits, while the officer or director is or was serving at our request in such capacity. The term of the indemnification period is for the officer's or director's lifetime. The maximum amount of potential future indemnification is unlimited; however, we have a Director and Officer Insurance Policy that limits our exposure and enables us to recover a portion of any future amounts paid. As a result of our insurance policy coverage, we believe the fair value of these indemnification agreements is minimal.

We believe that our existing cash and cash equivalents will be sufficient to meet our anticipated cash needs for working capital and capital expenditures in the near future.

Results of Operations for the Years Ended December 31, 2006, 2005, and 2004

The assets are amortized over their estimated useful lives. Amortization of assets acquired under capital lease obligations are included in depreciation and amortization expense for the year ended December 31, 2006.

Critical Accounting Policies

Our critical accounting policies are as follows:

- revenue recognition;
- allowance for doubtful accounts;
- accounting for contingencies;
- accounting for income taxes;
- business combinations;
- long-lived assets;
- intangible assets; and
- goodwill.

Revenue Recognition

Revenue and related costs are recognized upon transfer of ownership, which generally coincides with the shipment of products to customers. Service revenue is recognized as services are performed. The Company records revenues net of an allowance for estimated return activities.

Allowance for Doubtful Accounts

Accounts receivable are recorded at net realizable values. The Company maintains an allowance for estimated losses resulting from the inability of customers to make the required payments. The allowance is based on specific facts and circumstances surrounding individual customers as well as historical experience. Provisions for the losses on receivables are charged to income to maintain the allowance at a level considered adequate to cover future losses. Receivables are charged off against the reserve when they are deemed uncollectible.

Accounting for Contingencies

We are subject to various legal proceedings and claims, the outcomes of which are subject to significant uncertainty. Statement of Financial Accounting Standards (SFAS) 5, Accounting for Contingencies, requires

122

that an estimated loss from a loss contingency should be accrued by a charge to income if it is probable that an asset has been impaired or a liability has been incurred and the amount of the loss can be reasonably estimated. Disclosure of a contingency is required if there is at least a reasonable possibility that a loss has been incurred. We evaluate, among other factors, the degree of probability of an unfavorable outcome and the ability to make a reasonable estimate of the amount of loss. Changes in these factors could materially impact our financial position or results of operations.

Accounting for Income Taxes

The Company complies with SFAS No. 109, Accounting for Income Taxes, which requires an asset and liability approach to financial reporting for income taxes. Deferred income tax assets and liabilities are computed for differences between the financial statements and tax bases of assets and liabilities that will result in future taxable or deductible amounts, based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred income tax assets to the amount expected to be realized.

Business Combinations

In accordance with the provisions of SFAS No. 141, Business Combinations (SFAS 141), the purchase price of an acquired company is allocated between intangible assets and the net tangible assets of the acquired business with the residual of the purchase price recorded as goodwill. The determination of the value of the intangible assets acquired and their expected lives involves certain judgments and estimates. These judgments can include, but are not limited to, the cash flows that an asset is expected to generate in the future and the appropriate weighted average cost of capital.

Long-lived Assets

Pursuant to SFAS No. 144, Accounting for the Impairment or Disposal of Long-lived Assets (SFAS 144), the Company reviews property and equipment for impairment whenever events or changes in circumstances indicated that the carrying amounts of the assets may not be recoverable. A loss is recognized on the statements of operations if it is determined that an impairment exists based on expected future undiscounted cash flows. The amount of the impairment is the excess of the carrying amount of the impaired asset over its fair value.

Intangible Assets

Pursuant to SFAS No. 142, Goodwill and Other Intangible Assets (SFAS 142), effective December 31, 2001, intangible assets with indefinite lives are no longer amortized, but instead tested for impairment. Intangible assets are reviewed for impairment annually or whenever events or changes in business circumstances indicate the carrying value of the assets may not be recoverable. Impairment losses are recognized if future cash flows of the related assets are less than their carrying values.

Goodwill

Pursuant to SFAS 142, effective December 31, 2001, goodwill is no longer being amortized. The Company tests goodwill for impairment on an annual basis, relying on a number of factors including operating results, business plans and future cash flows. Recoverability of goodwill is evaluated using a two-step process. The first step involves a comparison of fair value of the Company with its carrying value. If the carrying amount exceeds its fair value, the second step of the process involves a comparison of the fair value and carrying value of the goodwill. If the carrying value exceeds its fair value, an impairment loss is recognized in an amount equal to the excess.

New Accounting Pronouncements

Edgar Filing: DYNABAZAAR INC - Form S-4

Effective January 1, 2007, the Company adopted the provisions of the Financial Accounting Standards Board (FASB) Interpretation No. 48, Accounting for Uncertainty in Income Taxes - an interpretation of FASB Statement No. 109 (FIN 48). There were no unrecognized tax benefits as of January 1, 2007 and as of March 31,

123

2007. FIN 48 prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense. No amounts were accrued for the payment of interest and penalties at January 1, 2007. There was no change to this balance at March 31, 2007. Management is currently unaware of any issues under review that could result in significant payments, accruals or material deviations from its position. The adoption of the provisions of FIN 48 did not have a material impact on the Company's financial position, results of operations and cash flows.

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements (SFAS 157). SFAS 157 establishes a single authoritative definition of fair value, sets out a framework for measuring fair value, and requires additional disclosures about fair-value measurements. SFAS 157 applies only to fair value measurements that are already required or permitted under other accounting standards (except for measurement of share-based payments) and is expected to increase the consistency of those measurements. Accordingly, SFAS 157 does not require any new fair value measurements. However, for some entities, the application of SFAS 157 will change current practice. SFAS 157 is effective for fiscal years beginning after November 15, 2007 and interim periods within those fiscal years. We do not expect the adoption of SFAS 157 to have a material impact on our consolidated financial statements.

In September 2006, the Securities and Exchange Commission (the SEC) issued staff Accounting Bulletin 108, Considering the Effects of Prior Year Misstatement when Quantifying Misstatements in Current Year Financial Statements (SAB 108). SAB 108 clarifies the staff's views regarding the process of quantifying financial statement misstatements. SAB 108 allows registrants to adjust prior year financial statements for immaterial errors in the carrying amount of assets and liabilities as of the beginning of its fiscal year, with an offsetting adjustment being made to the opening balance of retained earnings. SAB 108 is effective for fiscal years ending on or after November 15, 2006 with earlier adoption encouraged. We do not expect the adoption of SAB 108 to have a material impact on our consolidated financial statements.

In February 2007, the FASB issued SFAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities-including an amendment of FASB statement No. 115 (SFAS 159). This standard permits an entity to elect to measure many financial instruments and certain others items at fair value. Unrealized gains and losses on items for which the fair value option has been elected will be recognized in earnings at each subsequent reporting date. SFAS 159 is effective as of the beginning of an entity's first fiscal year that begins after November 15, 2007. Early adoption is permitted as of the beginning of the previous fiscal year provided that the entity makes that choice in the first 120 days of that fiscal year and also elects to apply the provisions of FASB Statement No. 157, Fair Value Measurement . The Company is currently evaluating the impact, if any, the adoption of SFAS 159 will have on our consolidated financial statements.

Liquidity and Capital Resources

Since inception, we have financed our operations primarily through the initial and follow-on public offerings of common stock, private placements of our preferred stock, equipment financing, lines of credit and short-term loans. As of December 31, 2006, we had raised \$65.9 million and \$93.7 million through our initial and follow-on public offerings of common stock, respectively, and \$29.8 million through the sale of our preferred stock. On January 29, 2003, we distributed \$57.7 million to our common stockholders of record as of December 10, 2002. At December 31, 2005, we had approximately \$5.7 million of cash and cash equivalents. On January 6, 2006, approximately \$2.6 million of cash was paid to Checkpoint for the acquisition of Checkpoint's ACPG division. The effective date of this acquisition was December 30, 2005. As of December 31, 2006, we had approximately \$1.9 million of cash and cash equivalents.

Net cash used in operating activities was \$1.0 million, \$0.6 million and \$2.6 million in 2006, 2005 and 2004, respectively. Net cash used in operating activities in 2006 was primarily the result of net losses from operations of approximately \$1.9 million, a decrease in inventory of approximately \$0.2 million, offset by an increase in accounts receivable of approximately \$0.3 million and an increase in accounts payable and accrued expenses of approximately \$0.9 million.

Net cash used in operating activities in 2005 was primarily the result of net losses from operations of \$757,000 offset by accruals for legal and other expenses of \$375,000 and trade and accrued payables of \$199,000. Net cash used in operating activities in 2004 was primarily the result of net losses from operations of \$847,000, legal expenses of \$360,000 and the settlement in the BeMusic litigation of \$1.4 million.

Net cash used in investing activities was approximately \$2.8 million in 2006, approximately \$24,000 in 2005 and \$0 in 2004. The increase in 2006 was due to expenses relating to our acquisition activities, including approximately \$2.6 million paid to Checkpoint for the acquisition of Sielox.

Net cash used in financing activities was \$17,000, \$0 and \$67,000 in 2006, 2005 and 2004, respectively. The net cash used in financing activities in 2006 was due to principal payments on Sielox's capital lease. The net cash used in financing activities in 2004 was due to the purchase of fractional interests in connection with the implementation of the Reverse/Forward Stock Split.

We also, as permitted under Delaware law and in accordance with our Bylaws, indemnify our officers and directors for certain events or occurrences, subject to certain limits, while the officer or director is or was serving at our request in such capacity. The term of the indemnification period is for the officer's or director's lifetime. The maximum amount of potential future indemnification is unlimited; however, we have a Director and Officer Insurance Policy that limits our exposure and enables us to recover a portion of any future amounts paid. As a result of our insurance policy coverage, we believe the fair value of these indemnification agreements is minimal.

We believe that our existing cash and cash equivalents will be sufficient to meet our anticipated cash needs for working capital and capital expenditures over the next 12 months.

Executive Compensation

Compensation Discussion and Analysis

We compensate our executive management through a combination of base salaries, merit based performance bonuses and long-term equity compensation. Our executive compensation is structured to align management's incentives with the long-term interests of our shareholders, and to maximize profitability and shareholder value.

We adhere to the following compensation policies, which are designed to support the achievement of our business strategies:

Our executive compensation should strengthen the relationship between compensation, both cash and equity-based, and performance by emphasizing variable compensation that is dependent upon the successful achievement of corporate and individual performance goals.

A portion of each executive's total compensation should be comprised of long-term compensation to focus management on the long-term interests of shareholders.

An appropriately balanced mix of incentive cash and equity-based compensation aligns the interests of our executives with that of our shareholders. The equity-based component promotes a continuing focus on building profitability and shareholder value.

Total compensation should enhance our ability to attract, retain, motivate and develop knowledgeable and experienced executives upon whom, in large part, our successful operation and management depends.

A core principle of our executive compensation is the belief that compensation paid to executive officers should be closely aligned with our near- and long-term success, while simultaneously giving us the flexibility to recruit and retain qualified key executives. Our compensation program is structured so that it is related to our stock performance and other factors, direct and indirect, which may influence long-term shareholder value.

As a result, we have designed our executive compensation to include the following elements:

Annual Base Salaries;
Annual Performance-Based Cash Bonuses; and
Long-Term Equity-Based Compensation.

Edgar Filing: DYNABAZAAR INC - Form S-4

We utilize each of these elements of executive compensation to ensure proper balance between our short- and long-term success as well as between our financial performance and shareholder return. In this regard, we believe that the executive compensation for our named executive officers is consistent with our financial performance and the performance of each named executive officer.

Elements of Compensation

Base Salaries

The base salaries of the Company's named executive officers are evaluated annually. In evaluating appropriate pay levels and salary increases for such officers, the Compensation Committee considers achievement of the Company's strategic goals, level of responsibility, individual performance, internal equity and external pay practices. In addition, the Committee considers the scope of the executives' responsibilities, taking into account to the extent deemed appropriate competitive market compensation for similar positions, the seniority of the individual, our ability to replace the individual and other primarily judgmental factors deemed relevant by our Board of Directors and Compensation Committee. The Compensation Committee and our Board have also taken into account the contribution certain executive officers made to the ACPG and SES transactions as well as the fact that from January 2003 until December 2005 we did not operate any business.

Bonuses

Bonus awards are designed to focus management attention on achieving key operational and performance goals for the current fiscal year. Cash bonus awards are distributed based upon the Company and the individual's performance. The final determination for all bonus payments is made by our Compensation Committee. The Compensation Committee and our Board have also taken into account the contribution certain executive officers made to the ACPG and SES transactions as well as the fact that from January 2003 until December 2005 we did not operate any business.

Equity Incentive Grants

Long-term incentives also comprise an important component of our executives' total compensation package. These incentives are designed to motivate and reward executives for maximizing shareowner value and encourage the long-term employment of key employees.

To date, stock options have been our primary long-term compensation vehicle for our executive officers. Stock options are granted at the prevailing market price on the date of grant and will have value only if our stock price increases. Grants of stock options generally are based upon our performance, the level of the executive's position, and an evaluation of the executive's past and expected future performance.

No decision has been made whether or not stock options will continue to be used as the predominant form of stock-based compensation. The Compensation Committee is in the process of considering all forms of long-term equity compensation, including restricted stock grants.

Other Benefits

There are no other benefits provided to employees at this time, including pension, severance or change in control benefits.

None of our Named Executive Officers exercised any stock options during 2006.

1996 Equity Incentive Plan

In September 1996, the Board of Directors adopted the 1996 Equity Incentive Plan (the 1996 Plan), which initially provided for the granting of up to 1,144,000 incentive stock options and nonqualified stock options. In August 1997, October 1998 and April 1999, an additional 441,000, 88,000 and 1,600,000 shares, respectively, were authorized for grants under the 1996 Plan. Under the 1996 Plan, incentive stock options may be granted to employees of the Company and nonqualified stock options and stock purchase rights may be granted to consultants, employees, directors and officers of the Company. Options granted under the 1996 Plan are for periods not to exceed ten years, and must be issued at prices not less than 100% and 85%, for incentive and nonqualified stock options, respectively, of the fair market value of the stock on the date of grant as determined by the Board of Directors. Options granted under the 1996 Plan generally vest 25% after the first year and then 2.083% each month thereafter until 100% vested. Options granted to stockholders who own greater than 10% of the outstanding stock must be for periods not to exceed five years and must be issued at prices not less than 110% of the estimated fair market value of the stock on the date of grant as determined by the Board of Directors. In April 1999, the 1996 Plan was also amended to provide for annual increases on January 1 equal to the lesser of 1,500,000 shares, 5% of the outstanding shares on such date or a lesser amount determined by the Board of Directors. For the year ended December 31, 2006, approximately 123,000 options were granted under the 1996 Plan.

2000 Nonstatutory Stock Option Plan

In April 2000, the Board of Directors adopted the 2000 Nonstatutory Stock Option Plan (the 2000 Plan), which provided for the granting of up to 500,000 nonqualified stock options. Under the 2000 Plan, stock options may be granted to employees of the Company. Options granted under the 2000 Plan are for periods not to exceed ten years, and are issued at prices determined by the Board of Directors or any of its committees. Options granted under the 2000 Plan vest at terms and conditions determined by the Board of Directors or any of its committees. No options were granted under the 2000 Plan for the year ended December 31, 2006 and 2005, respectively.

1999 Employee Stock Purchase Plan

In April 1999, the Board of Directors adopted the 1999 Employee Stock Purchase Plan (the Purchase Plan) and reserved 500,000 shares of common stock for issuance thereunder. The Purchase Plan was approved by the stockholders in June 1999. On January 1, each year, the aggregate number of shares reserved for issuance under the Purchase Plan is increased by the lesser of 750,000 shares, 3% of the outstanding shares on such date or a lesser amount determined by the Board of Directors. The Purchase Plan became effective on the first business day on which price quotations for the Company's common stock were available on the Nasdaq National Market, which was July 8, 1999. Employees are eligible to participate if they are customarily employed by the Company or any participating subsidiary for at least 20 hours per week and more than five months in any calendar year and do not (i) immediately after grant own stock possessing 5% or more of the total combined voting capital stock, or (ii) possess rights to purchase stock under all of the employee stock purchase plans at an accrual rate which exceeds \$25,000 worth of stock for each calendar year. The Purchase Plan permits participants to purchase common stock through payroll deductions up to 15% of the participant's compensation, as defined in the Purchase Plan, but limited to 2,500 shares per participant per purchase period. Each offering period includes four six-month purchase periods, and the Purchase Plan was amended in June 2000 so that purchase periods begin on April 1 and October 1 of each year, except for the offering period which started on the first trading day on or after the effective date of the public offering. The price at which the common stock is purchased under the Purchase Plan is 85% of the lesser of the fair market value at the beginning of the offering period or at the end of the purchase period. The Purchase Plan will terminate after a period of ten years unless terminated earlier as permitted by the Purchase Plan. Common stock issued under the plan was 34,940. No shares of common stock were issued under the Purchase Plan in 2006 and 2005, respectively.

Narrative to Director Compensation Table

In February 2003, our Board approved a plan that provides our non-employee directors with cash compensation of \$10,000 upon initial election and on each anniversary of becoming a director during their term of service, and \$1,000 per meeting of the Board attended during their term of service. Attendance at committee meetings will be compensated at the rate of \$1,000 per meeting for members and \$2,000 per meeting for the chairperson. In 2006, we paid \$25,000 for Board and committee attendance. In October 2006, our Board approved the payment of an additional \$5,000 in annual cash compensation for the Chairman of the Board. While the Company has paid the Chairman and our other non-employee directors meeting fees during the fiscal year ended December 31, 2006, it has not paid such directors their base compensation during this time period (other than to Ms. McKeever, who was paid \$10,000 following her initial election to the Board) but expects to do so in the future.

Non-employee directors are granted a fully vested option to purchase 21,000 shares of common stock upon initial election and a fully vested option to purchase 1,400 shares of common stock on each anniversary of becoming a director during their term of service at an exercise price equal to the fair market value of a share of common stock as of the date of grant. While the Company has not granted its directors options in accordance with such plan in 2006, it expects to do so in the future if the merger is not completed.

Compensation Committee Interlocks and Insider Participation

The compensation committee of the Board reviews and recommends to the Board the compensation and benefits of all of our executive officers, administers our stock and option plans and establishes and reviews general policies relating to compensation and benefits. The compensation committee is currently composed of independent, non-employee directors. No interlocking relationships exist among our Board, compensation committee or executive officers and the Board, compensation committee or executive officers of any other company, nor has an interlocking relationship existed in the past.

Certain Relationships and Related Transactions, and Director Independence

Transactions with Related Persons

In July 2003, we relocated our principal executive offices to 888 Seventh Avenue, 17th Floor, New York, 10019, an office maintained by Barington, a limited partnership whose general partner is a corporation of which

James Mitarotonda is Chairman, President and Chief Executive Officer. Mr. Mitarotonda is our former Chairman and former Chief Executive Officer. Sebastian Cassetta, who serves as a director, President and Chief Executive Officer of the Company, is Senior Managing Director and the Chief Operating Officer of Barington. Mr. Cassetta also serves as President and Chief Executive Officer of Dynabazaar and its subsidiary, Costar. Dianne McKeever, a research analyst at Barington, serves as one of our directors, and Michael McManus, a director of L Q Corporation, holds an equity interest in certain affiliates of Barington. Melvyn Brunt, the Chief Financial Officer of the Company and the Chief Financial Officer of Dynabazaar, also currently serves as the Chief Financial Officer of Barington.

Edgar Filing: DYNABAZAAR INC - Form S-4

From April 2003 through May 16, 2004, we paid Barington a monthly fee of \$7,290 to perform certain administrative and accounting services on our behalf. We entered into a new services agreement with Barington dated as of November 18, 2004, which ran through June 30, 2006. Under this agreement, we agreed to pay Barington \$8,000 per month for providing certain administrative, accounting and other services on our behalf and a fee of \$125 per hour for any legal services provided by Barington at our request. We also agreed that in the event Barington identifies for us at our request a business transaction such as a merger, acquisition or joint venture, and provides us with financial consulting services in connection with such business transaction, we will pay Barington a fee of two percent of the amount of the consideration paid in the transaction. In connection with the agreement, we granted to Barington or its designees stock options to purchase 56,000 shares of our common stock. The options are fully exercisable and were granted with an exercise price per share equal to \$1.82, the fair market value of our common stock on the grant date. The option grant was reported in a Form 4 filed by Mr. Mitarotonda with the SEC on November 18, 2004, pending designation of the stock option recipients among Mr. Mitarotonda and other designees of Barington. On April 14, 2005, Barington designated Mr. Mitarotonda as a recipient of stock options to purchase 37,000 shares of the common stock.

We entered into an amended services agreement with Barington dated as of January 1, 2005. Under the amended agreement, we agreed to pay Barington a fee of \$15,000 per month for performing certain administrative, accounting and other services on our behalf and a fee of \$175 an hour for providing any legal services on our behalf at our request.

The Board of Directors of the Company approved as of May 10, 2006 an amendment to the services agreement between Barington and the Company dated as of November 18, 2004. Pursuant to the amendment, Barington agreed to continue to provide certain administrative, accounting and other services on our behalf for a fee of \$10,000 per month and legal services on our behalf at our request for a fee of \$175 per hour. Additionally, on July 12, 2006, the Board of Directors of the Company approved another amendment to the services agreement, dated as of June 30, 2006, to extend the terms of the agreement until December 31, 2007. The agreement was previously set to expire by its terms on June 30, 2006. We believe that the fees payable to Barington under the services agreement, as amended, are less than those that would be charged in arm's length transactions between unaffiliated third parties.

On January 5, 2007, both Dynabazaar and L Q Corporation entered into separate letter agreements with Barington with respect to the engagement of Barington by each of the Dynabazaar Special Committee and the L Q Corporation Special Committee to provide assistance as such special committees may reasonably request with respect to the contemplated merger between Dynabazaar and L Q Corporation. Each of Dynabazaar and L Q Corporation agreed to pay Barington a fee of \$100,000 as compensation for its services, as well as reimburse Barington for all reasonable and documented out-of-pocket expenses incurred by Barington.

We have entered into indemnification agreements with our officers and directors containing provisions which may require us, among other things, to indemnify our officers and directors against certain liabilities that may arise by reason of their status or service as officers or directors (other than liabilities arising from willful misconduct of a culpable nature) and to advance their expenses incurred as a result of any proceeding against them as to which they could be indemnified. We also intend to execute such agreements with our future directors and executive officers.

SES Resources, Ltd. (SES Resources) is a minority shareholder of SES with 19.5% of the SES equity. Mr. Bradley Schnur, one of the shareholders of the SES Resources, is serving as President of SES. Two of the other SES Resources shareholders may become members of the SES Advisory Panel in the future. Mr. Dennis Schnur, the remaining shareholder of SES Resources, is Mr. B. Schnur's father and also serves as Chairman of the SES Advisory Panel. Mr. Cassetta serves as Vice Chairman of the SES Advisory Panel. As described above, Mr. Cassetta

137

is presently the Senior Managing Director and Chief Operating Officer of Barington. As remuneration for their duties, Mr. D. Schnur and Mr. Cassetta, as well as other SES Advisory Panel members, may receive remuneration fees in connection with the gross profit earned by SES. In connection with the acquisitions of ACPG and SEC, Barington served as a transaction advisor and received a fee of approximately \$60,000 in January 2006. Such amount was approved by our independent directors at a meeting of our Board of Directors on October 26, 2005.

With respect to our merger with Dynabazaar, Barington and certain of its affiliates which have joined with Barington in the filing of a statement on Schedule 13D, collectively own greater than 10% of the outstanding common stock of both Dynabazaar and us. Pursuant to a separate letter agreement dated February 26, 2007, Barington agreed to vote, and to cause its affiliates to vote, all of our shares now owned or hereafter acquired by Barington and its affiliates in favor of the transaction, in proportion to the votes of our other stockholders.

increased and there is no public announcement naming all of the nominees for director or specifying the size of the increased board of directors made by Dynabazaar at least 85 days prior to the first anniversary of the preceding year's annual meeting, a stockholder's notice required by the bylaws shall also be considered timely, but only with respect to nominees for any new positions created by such increase, if it shall be delivered to the Secretary at Dynabazaar's principal executive offices of not later than the close of business on the 10th day following the day on which such public announcement is first made by Dynabazaar.

Only such persons who are nominated in accordance with the provisions of the bylaws shall be

eligible for election and to serve as directors and only such business shall be conducted at an annual meeting as shall have been brought before the meeting in accordance with the provisions of the bylaws. The board of directors or a designated committee thereof shall have the power to determine whether a nomination or any business proposed to be brought before the meeting was made in accordance with the provisions of the bylaws. If neither the board of directors nor such designated committee makes a determination as to whether any stockholder proposal or nomination was made in accordance with the provisions of the bylaws, the presiding officer of the annual meeting shall have the power and duty to determine whether the stockholder proposal or nomination was made in accordance with the provisions of the bylaws. Dynabazaar's bylaws also provide that notice of any meeting of Dynabazaar stockholders need not be given to a stockholder if a written waiver of notice is signed before or after such meeting by such stockholder or if such stockholder attends such meeting, unless such attendance was for the express purpose of objecting at the beginning of the meeting to the transaction of any business because the meeting was not lawfully called or convened.

L Q Corporation's bylaws provide that a special meeting of the stockholders of L Q Corporation may be called at any time by the board of directors, or by the chairman of the board, or by the chief executive officer, or by the president.

Board Quorum

L Q Corporation s bylaws provide that at all meetings of the board of directors, a majority of the authorized number of directors shall constitute a quorum for the transaction of business and the act of a majority of the directors present at any meeting at which there is a quorum shall be the act of the board of directors, except as may be otherwise specifically provided by statute, the certificate of incorporation, or these bylaws. If a quorum is not present at any meeting of the board of directors, then the directors present thereat may adjourn the meeting from time to time, without notice other than announcement at the meeting, until a quorum is present.

Dynabazaar s bylaws provide that at any meeting of the board of directors, a majority of the total number of directors shall constitute a quorum for the transaction of business, but if less than a quorum is present at a meeting, a majority of the directors present may adjourn the meeting from time to time, and the meeting may be held as adjourned without further notice, except as provided in the bylaws. Any business which might have been transacted at the meeting as originally noticed may be transacted at such adjourned meeting at which a quorum is present. For purposes of this provision of the bylaws, the total number of directors includes any unfilled vacancies on the board of directors.

A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of directors, if any action taken is approved by at least a majority of the required quorum for that meeting.

Number of Directors

L Q Corporation s certificate of incorporation provides that the number of directors which shall constitute the whole board of directors of L Q Corporation shall be determined in L Q Corporation s bylaws.

Dynabazaar s certificate of incorporation and bylaws each provide that the number of directors shall be fixed solely and exclusively by resolution duly adopted from time to time by the board of directors.

L Q Corporation s bylaws provide that the board of directors shall consist of five (5) members. The number of directors may be changed by an amendment to the bylaws, duly adopted by the board of directors or by the stockholders, or by a duly adopted amendment to the certificate of incorporation.

No reduction of the authorized number of directors shall have the effect of removing any director before that director's term of office expires.

<i>Classification of Board of Directors</i>	L Q Corporation's certificate of incorporation was amended in December 2004 to remove the classification of the board of directors.	Dynabazaar's certificate of incorporation classifies its board of directors, other than those who may be elected by the holders of any series of undesignated preferred stock, into three separate classes, as nearly equal in number as possible, with staggered three-year terms. Notwithstanding the above classification provision, whenever the holders of any one or more series or class of undesignated preferred stock shall have the right, voting separately as a series or together with holders of other such series, to elect directors at an annual or special meeting of stockholders, the election, term of office, filing of vacancies and other features of such directorships shall be governed by the terms of Dynabazaar's certificate of incorporation and any certificate of designations applicable thereto. As discussed elsewhere in this joint proxy statement/prospectus, the Dynabazaar stockholders are being asked to approve a proposal to amend Dynabazaar's certificate of incorporation to remove the classification of Dynabazaar's board of directors. If this proposal is approved, Dynabazaar's certificate of incorporation will be amended to provide that each director will thereafter be elected on an annual basis. The consummation of the merger is not dependent upon the approval of the amendment to Dynabazaar's certificate of incorporation to declassify its board of directors.

No reduction of the authorized number of directors shall have the effect of removing any director prior to the expiration of such director's term of office.

Filling of Board Vacancies

L Q Corporation's bylaws provide that any director may resign at any time upon written notice to the attention of the Secretary of L Q corporation. When one or more directors shall resign from the board of directors, effective at a future date, a majority of the directors then in office, including those who have so resigned, shall have power to fill such vacancy or vacancies, the vote thereon to take effect when such resignation or resignations shall become effective, and each director so chosen shall hold office as provided in this section in the filling of other vacancies. Unless otherwise provided in L Q Corporation's certificate of incorporation or bylaws:

(i) Vacancies and newly created directorships resulting from any increase in the authorized number of directors elected by all of the stockholders having the right to vote as a single class may be filled by a majority of the directors then in office, although less than a quorum, or by a

affirmative vote of the holders of 75% or more of the shares then entitled to vote at an election of directors. At least forty-five (45) days prior to any meeting of stockholders at which it is proposed that any director be removed from office, written notice of such proposed removal and the alleged grounds thereof, shall be sent to the director whose removal will be considered at the meeting.

Dynabazaar's certificate of incorporation provides that, subject to the rights, if any, of the holders of any series of undesignated preferred stock to elect directors and to fill vacancies in the board of directors relating thereto, any and all vacancies in the board of directors, however occurring, including, without limitation, by reason of an increase in size of the board of directors, or the death, resignation, disqualification or removal of a director, shall be filled solely and exclusively by the affirmative vote of a majority of the remaining directors then in office, even if less than a quorum of the board of directors, but not by the stockholders. Any director appointed in accordance with the preceding sentence shall hold office for the remainder of the full term of the class of directors in which the new directorship was created or the vacancy occurred and until such director's successor shall have been

If at any time, by reason of death or resignation or other cause, L Q corporation should have no directors in office, then any officer or any stockholder or an executor, administrator, trustee or guardian of a stockholder, or other fiduciary entrusted with like responsibility for the person or estate of a stockholder, may call a special meeting

Amendment of Bylaws

L Q Corporation's bylaws provide that the bylaws may be adopted, amended or repealed by the stockholders entitled to vote; provided, however, that L Q Corporation may, in its certificate of incorporation, confer the power to adopt, amend or repeal bylaws upon the board of directors. The fact that such power has been so conferred upon the directors shall not divest the stockholders of the power, nor limit their power to adopt, amend or repeal bylaws.

Dynabazaar's certificate of incorporation and bylaws provide that the bylaws may be amended as follows:

L Q Corporation's certificate of incorporation provides that, in furtherance and not in limitation of the powers conferred by statute, the board of directors is expressly authorized to make, alter, amend, or repeal the bylaws of L Q Corporation.

2. AMENDMENT BY STOCKHOLDERS. Dynabazaar's by-laws may be amended or repealed at any annual meeting of stockholders, or special meeting of stockholders called for such purpose as provided in the bylaws, by the affirmative vote of at least 75% of the shares present in person or represented by proxy at such meeting and entitled to vote on such amendment or repeal, voting together as a single class; provided, however, that if the board of directors recommends that stockholders approve such amendment or repeal at such meeting of stockholders, such amendment or repeal shall only require the affirmative vote of the majority of the shares present in person or represented by proxy at such meeting and entitled to vote on such amendment or repeal, voting together as a single class. Notwithstanding the foregoing, stockholder approval shall not be required unless mandated by L Q Corporation's certificate of incorporation, bylaws or other applicable law.

duty of loyalty to Dynabazaar or its stockholders, (b) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (c) under Section 174 of the DGCL or (d) for any transaction from which the director derived an improper personal benefit. If the DGCL is amended after the effective date of Dynabazaar's certificate of incorporation to authorize corporate action further eliminating or limiting the personal liability of directors, then the liability of a director of Dynabazaar shall be eliminated or limited to the fullest extent permitted by the DGCL, as so amended.

Any repeal or modification of the article in the certificate of incorporation providing for the aforementioned limitation of liability by either of (i) the stockholders of Dynabazaar or (ii) an amendment to the DGCL, shall not adversely affect any right or protection existing at the time of such repeal or modification with respect to any acts or omissions occurring before such repeal or modification of a person serving as a director at the time of such repeal or modification.

Appraisal Rights

Under Delaware law, L Q Corporation stockholders will be entitled to appraisal rights in the merger. This means that such stockholders are entitled to have the value of their shares determined by the Delaware Court of Chancery and to receive payment based on that valuation, together with a fair rate of interest, if any, as determined by the court.

Generally, to exercise appraisal rights, L Q Corporation stockholders must deliver a written demand for appraisal to L Q Corporation before the vote with respect to the amended and restated merger agreement is taken, must not vote in favor of the approval and adoption of the amended and restated merger agreement and must continuously hold their shares of L Q Corporation's common stock from the date they make their demand for appraisal through the effective date of the merger. Failure to follow the procedures specified under Delaware law, as described in Section 262 of the DGCL will result in the loss of appraisal rights. A copy of Section 262 of the DGCL is attached to this proxy statement as Annex B.

Dynabazaar stockholders are not entitled to appraisal rights in connection with the merger.

Anti-takeover Statute

A corporation can elect not to be governed by Section 203 of the General Corporation Law of the State of Delaware, which generally protects publicly-traded Delaware corporations from hostile takeovers, and from actions following such takeover. However, Dynabazaar and L Q Corporation have not made this election and each is therefore governed by Section 203 of the Delaware General Corporation Law.

The Delaware business combination statute provides that if a person acquires 15% or more of the voting stock of a Delaware corporation, the person is designated an interested stockholder and the corporation may not engage in certain business combinations with such person for a period of three years. However, an otherwise prohibited business combination may be permitted if one of three conditions is satisfied. First, if before the date the person became an interested stockholder, the board of directors approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder, then the business combination is permitted. Second, a business combination is permitted if the tender offer or other transaction pursuant to which the person acquires 15% stock ownership is attractive enough such that the interested stockholder is able to acquire ownership in the same transaction of at least 85% of the outstanding voting stock (excluding for purposes of determining the number of shares outstanding those shares owned by directors who are also officers and those shares owned by certain employee stock ownership plans). Finally, the business combination is permissible if approved by the board of directors and authorized at an annual or special meeting of stockholders (action by written consent is not permitted) by the affirmative vote of at least

two-thirds of the outstanding voting shares held by disinterested stockholders.

The business combinations prohibited under Delaware law include any of the following: any merger or consolidation with the interested stockholder; any sale, transfer or other disposition of assets to the interested stockholder if the assets have a market value equal to or greater than 10% of the aggregate market value of all of the corporation's assets; any transfer of stock of the corporation to the interested stockholder, except for transfers in a conversion or exchange or a pro rata distribution; and any receipt by the interested stockholder of any loans, advances, guarantees, pledges, and other financial benefits, except in connection with a pro rata transfer. The Delaware statute does not apply to any business combination in which the corporation, with the support of a majority of those directors who were serving as directors before any person became an interested stockholder, proposes a merger, sale, lease, exchange or other disposition of at least 50% of its assets, or supports (or does not oppose) a tender offer for at least 50% of its voting stock. In such a case, all interested stockholders are not required to comply with the three year prohibition and may compete with the corporation-sponsored transaction.

L Q Corporation's board of directors has approved the merger, thereby making Section 203 inapplicable to the pending merger.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of Dynabazaar, Inc.

We have audited the accompanying consolidated balance sheets of Dynabazaar, Inc. & Subsidiaries (the Company) as of December 31, 2006 and 2005, and the related consolidated statements of operations, stockholders' equity (deficit) and comprehensive income (loss), and cash flows for each of the years in the three year period ended December 31, 2006. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform our audits to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits include consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2006 and 2005, and the results of its operations and its cash flows for each of the years in the three year period ended December 31, 2006, in conformity with accounting principles generally accepted in the United States of America.

In connection with our audits of the consolidated financial statements referred to above, we audited the consolidated financial schedules listed under Item 15. In our opinion, these financial schedules, when considered in relation to the consolidated financial statements taken as a whole, present fairly, in all material respects, the information stated therein.

DYNABAZAAR, INC. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

1. THE COMPANY

Through September 3, 2003, Dynabazaar, Inc. (we, us, Dynabazaar or the Company) was an online auction and promotions technology service provider that enabled marketers to create results-oriented rewards programs and helped commerce companies automate the process of selling their excess inventory online to wholesale and retail buyers. On September 4, 2003, we sold substantially all of our operating assets to eBay, Inc. (eBay) for consideration of \$4.5 million in cash under the terms and conditions of an asset purchase agreement we entered into with eBay on June 20, 2003 (the Asset Purchase Agreement). Following the closing of the asset sale, we changed our name from Fairmarket, Inc. to Dynabazaar, Inc.

In connection with the Company's cessation of its online auction business, the Company relocated its principal executive offices as of January 1, 2004 to 888 Seventh Avenue, 17th Floor, New York, 10019, an office maintained by Barington Capital Group, LP (Barington), a limited partnership whose general partner is a corporation of which James Mitarotonda is Chairman, President and Chief Executive Officer. Mr. Mitarotonda is a director of the Company and our President and Chief Executive Officer. Pursuant to an administrative services agreement we entered into with Barington in December 2003 (which ran through December 31, 2004), we paid Barington a monthly fee of \$8,000 for performing certain administrative services on behalf of the Company. In connection with the agreement, we also granted to James Mitarotonda an option to purchase 320,000 shares of our common stock. The option is fully exercisable and was granted with an exercise price per share equal to \$0.33, the fair market value of our common stock on the grant date. The Company entered into an amended administrative services agreement with Barington dated as of December 17, 2004. Under the amended agreement, which runs through December 31, 2006, Barington is to be paid a fee of \$15,000 per month for performing certain administrative, accounting and other services on behalf of the Company. However, as of March 1, 2006 the Company and Barington agreed to reduce the monthly fee to \$7,500. In addition, Barington is to be paid a fee of \$175 an hour for any legal services provided by Barington on behalf of the Company at the Company's request. The Company has also agreed that in the event that Barington identifies for the Company, at its request, a business transaction such as a merger, acquisition or joint venture, and/or provides the Company with financial consulting or merger and acquisition services in connection with such business transaction, the Company will pay Barington a fee to be agreed upon between Barington and the Board of Directors of the Company. In connection with the amended agreement, the Company granted options to certain designees of Barington to purchase, in the aggregate, 320,000 shares of the Company's common stock at an exercise price of \$0.31 per share, the fair market value of the Company's common stock on the grant date.

On March 30, 2007, the Company entered into an amendment to the administrative services agreement with Barington, effective as of January 1, 2007. Under the amended agreement, which runs through December 31, 2007, Barington is to continue to be paid a fee of \$7,500 per month for performing certain administrative, accounting and other services on behalf of the Company until the closing of the transactions contemplated by the Amended and Restated Merger Agreement (see note 18), at which point the fee is to increase to a rate of \$10,000 per month.

From January 2003 until June 20, 2006, the Company did not operate any business and was settling its remaining claims and liabilities while reviewing alternatives for the use or disposition of its remaining assets.

DYNABAZAAR, INC. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

On June 20, 2006, Costar and VSTC completed the acquisition (the Acquisition) of substantially all of the assets of Southern Imaging and Video Solutions, pursuant to the transactions contemplated by the asset purchase agreement, dated as of June 20, 2006, by and between Southern Imaging, Video Solutions, the shareholders of Southern Imaging, Costar and VSTC. However, the acquisition is being accounted for as if it was effectively completed on June 30, 2006. Results of operations of Southern Imaging and Video Solutions are included in the consolidated financial statements since June 30, 2006.

Costar, the Company's wholly-owned subsidiary which acquired Southern Imaging's assets, designs, sources and distributes video and imaging products for the security and industrial markets. VSTC, a wholly owned subsidiary of Costar which acquired the assets of Video Solutions, provides product design and development, technical support and repair services for Costar.

The consideration for the Acquisition was up to an estimated \$9.6 million (including contingent consideration), consisting of \$73,600 through the issuance of 200,000 shares of the common stock of the Company (valued at \$0.368 per share which was the arithmetic average of the previous 10 trading days close prior to June 20, 2006) a cash payment of approximately \$3.8 million (including a finders fee payment of approximately \$154,000, payment of \$108,000 to Barington and the payoff of shareholder loans of approximately \$612,000) less the value of the 200,000 shares of Dynabazaar common stock, the assumption of certain liabilities of approximately \$3.5 million, and deferred consideration of up to \$4 million in cash, contingent upon Costar and VSTC achieving certain level of sales and EBITDA after the closing, through 2009. On September 29, 2006, the 200,000 shares of Dynabazaar common stock were issued.

There were no material relationships between the Company or its affiliates and any of the parties to the asset purchase agreement, other than in respect of such agreement.

Recent Developments

Costar entered into a strategic alliance agreement with Sielox, LLC (Sielox), a subsidiary of L Q Corporation, Inc., a Delaware corporation (L Q Corporation), dated as of September 15, 2006, pursuant to which the companies have agreed to explore mutually beneficial opportunities to work together, including, without limitation, through a joint venture, joint sales or joint marketing arrangement, or other business arrangement or strategic alliance. Sielox engages in the development, design and distribution of open architecture access control software, programmable controllers, readers and identity cards used to provide access control security to end users such as office buildings, factories, universities and hospitals. Costar and Sielox are also parties to a distribution agreement, dated July 31, 2006, pursuant to which Sielox was appointed as an authorized distributor of certain products of Costar.

On January 5, 2007, the Company entered into an agreement and plan of merger (the Merger Agreement) with L Q Corporation and LQ Merger Corp., a Delaware corporation and a wholly-owned subsidiary of Dynabazaar (LMC), which Merger Agreement was amended and restated on February 26, 2007 (the Amended and Restated Merger Agreement). The Amended and Restated Merger Agreement provides that, upon the terms and subject to the conditions set forth in the Amended and Restated Merger Agreement, LMC will merge with and into L Q Corporation, with L Q Corporation continuing as the surviving corporation as our wholly-owned subsidiary of Dynabazaar.

Under the terms of the Amended and Restated Merger Agreement, L Q Corporation stockholders will receive 3.68 shares of Dynabazaar common stock for each share of L Q Corporation common stock they hold. Upon completion of the merger, L Q Corporation stockholders will hold approximately 34% of the combined company and our stockholders will hold approximately 66% of the combined company on a fully-diluted basis. It is anticipated that the combined company's shares will continue to trade on the Over-The-Counter Bulletin Board.

Edgar Filing: DYNABAZAAR INC - Form S-4

Both the Company's and L Q Corporation's respective Board of Directors approved the Amended and Restated Merger Agreement in accordance with the recommendation of the special committees of independent directors formed by the Board of Directors of each company to evaluate the transaction.

The transaction is subject to stockholder approval and other customary conditions and is expected to be completed during the first half of 2007. A special meeting of stockholders of the Company will be announced in the near future to obtain stockholder approval of the transaction.

Barington and certain of its affiliates which have joined with Barington in the filing of a statement on Schedule 13D, collectively own greater than 10% of the outstanding common stock of both Dynabazaar and L Q Corporation. Pursuant to a letter agreement dated February 26, 2007, Barington agreed to vote, and to cause its affiliates to vote, all of our shares now owned or hereafter acquired by Barington and its affiliates in favor of the transactions contemplated by the Amended and Restated Merger Agreement, in proportion to the votes of our other stockholders.

James A. Mitarotonda, who serves as a director and our President and Chief Executive Officer, is Chairman, President and Chief Executive Officer of a corporation that is the general partner of Barington. Sebastian E. Cassetta, who serves as the Chief Executive Officer of Costar, is a Senior Managing Director and the Chief Operating Officer of Barington. Mr. Cassetta is also a director, President and Chief Executive Officer of L Q Corporation. Dianne K. McKeever, a research analyst at Barington, serves as a director of L Q Corporation, and Michael McManus, a director of L Q Corporation, holds an equity interest in certain affiliates of Barington. Barington is party to separate administrative services agreements with us and L Q Corporation, pursuant to which Barington performs certain administrative, accounting and other services on behalf of each company. Dynabazaar and L Q Corporation's principal executive offices are maintained by Barington.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES BASIS OF PRESENTATION

The accompanying consolidated financial statements include the accounts of Dynabazaar and its wholly-owned subsidiaries. All material intercompany transactions have been eliminated. Certain reclassifications of prior year amounts have been made to conform with the presentation of current year information.

USE OF ESTIMATES IN THE PREPARATION OF FINANCIAL STATEMENTS

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue and expenses during the reporting periods. Actual results could differ from those estimates.

CASH AND CASH EQUIVALENTS

The Company considers all highly liquid investment instruments purchased with an original maturity of three months or less to be cash equivalents. Cash equivalents consist of cash placed in an overnight investment account, commercial paper and money market accounts. The Company maintains cash balances in certain financial institutions that may exceed the Federal Deposit Insurance Corporation coverage of \$100,000. At December 31, 2006, and at various times during the year, balances of cash at financial institutions exceeded the federally insured limit. The Company has not experienced any losses in such accounts and believes it is not subject to any significant credit risk on cash and cash equivalents.

F-11

The following schedule summarizes the estimated fair value of the Company's cash and cash equivalents (\$ in thousands):

	December 31,	
	2006	2005
Cash and Cash equivalents:		
Cash	\$ 72	\$ 167

Money market funds	2,866	8,958
	<u> </u>	<u> </u>
	\$ 2,938	\$ 9,125
	<u> </u>	<u> </u>

RISKS AND UNCERTAINTIES

The Company has no significant concentration of credit risk such as foreign exchange contracts, option contracts or other foreign hedging arrangements. Financial instruments that potentially subject the Company to concentrations of credit risk primarily consist of cash and cash equivalents, marketable securities and trade accounts receivable. The Company places its cash, cash equivalents and marketable securities with what the Company believes are high credit quality financial institutions.

CONCENTRATION OF CUSTOMERS

Our customers include traditional retailers, distributors and manufacturers. In 2006, we had two major customers that each accounted for approximately 26% of our revenue.

As of December 31, 2006, approximately \$494,000 was receivable from these customers.

CONCENTRATION OF SUPPLIERS

The Company purchased approximately 45% of its products from two suppliers during the year ended December 31, 2006.

FAIR VALUE OF FINANCIAL INSTRUMENTS

The Company's financial instruments, including cash and cash equivalents, accounts receivable and accrued expenses payable are carried at cost. The Company's financial instruments approximate fair value due to their relatively short maturities. The Company does not hold or issue financial instruments for trading purposes.

ACCOUNTS RECEIVABLE, NET

Accounts receivable are recorded at net realizable values. The Company maintains an allowance for estimated losses resulting from the inability of customers to make required payments and for anticipated returns. The allowance is based on specific facts and circumstances surrounding individual customers as well as historical experience. Provisions for the losses on receivables and returns are charged to income to maintain the allowance at a level considered adequate to cover losses and future returns. Receivables are charged off against the reserve when they are deemed uncollectible and returns are charged off against the reserve when the actual returns are incurred. The Company's accounts receivable, net from third parties was \$2,053 and \$0 as of December 31, 2006 and December 31, 2005, respectively, net of allowances of \$10 at December 31, 2006.

INVENTORIES

Inventories are stated at the lower of cost or market. Cost is determined using the average cost method. A provision is made to reduce excess or obsolete inventories to their net realizable value. Inventories consist solely of finished goods as of December 31, 2006.

PREPAIDS

The Company has paid for a five year tail on a directors and officers insurance policy relating to the activities of the Company and its management for the period prior to 2004. The policy expires in 2008. Amounts included in long-term prepaid expenses consist solely of this insurance as of December 31, 2006 and 2005.

IMPAIRMENT OF LONG LIVED ASSETS

Edgar Filing: DYNABAZAAR INC - Form S-4

Pursuant to Statement of Financial Accounting Standards (SFAS) No. 144 Accounting for the Impairment or Disposal of Long-lived Assets (SFAS 144), the Company reviews property and equipment for impairment whenever events or changes in circumstances indicated that the carrying amount of the assets may not be recoverable. A loss is recognized on the statements of operations if it is determined that an impairment exists based on expected future undiscounted cash flows. The amount of the impairment is the excess of the carrying amount of the impaired asset over its fair value.

Pursuant to SFAS 142, Goodwill and Other Intangible Assets (SFAS 142), effective December 31, 2001, intangible assets with indefinite lives are no longer amortized, but instead tested for impairment. Intangible assets are reviewed for impairment annually or whenever events or changes in business circumstances indicate the carrying value of the assets may not be recoverable. Impairment losses are recognized if future cash flows of the related assets are less than their carrying values.

SHIPPING AND HANDLING COSTS

Shipping and handling are accounted for in revenues, and shipping and handling costs in cost of revenues.

ADVERTISING COSTS

Advertising costs are charged to operations when incurred.

REVENUE RECOGNITION

The financial statements are presented on the accrual basis of accounting. Sales revenues are recognized upon the shipment of merchandise to customers. Allowances for sales returns are recorded as a component of net sales in the period the allowance is recognized.

Research and Development Costs

Expenditures for research, development and engineering of software and hardware products are expensed as incurred.

INCOME TAXES

Deferred tax assets and liabilities are recognized based on the expected future tax consequences, using current tax rates, of temporary differences between the financial statement carrying amounts and the income tax basis of assets and liabilities. A valuation allowance is applied against any net deferred tax asset if, based on the weighted available evidence, it is more likely than not that some or all of the deferred tax assets will not be realized.

ACCOUNTING FOR STOCK-BASED COMPENSATION (\$ in thousands)

In December 2004, the Financial Accounting Standards Board (FASB) issued SFAS No. 123(R), Share-Based Payment. SFAS No. 123(R) supersedes APB No. 25 and its related implementation guidance. SFAS No. 123(R) establishes standards for the accounting for transactions in which an entity exchanges its equity instruments for goods or services. It also addresses transactions in which an entity incurs liabilities in exchange for goods or services that are based on the fair value of the entity's instruments or that may be settled by the issuance of those equity instruments. SFAS No. 123(R) focuses primarily on accounting for transactions in which an entity obtains employee services in share-based payment transactions. SFAS No. 123(R) requires a public entity to measure the cost of

F-13

employee services received in exchange for an award of equity instruments based on the grant-date fair value of the award (with limited exceptions). That cost will be recognized over the period during which an employee is required to provide service in exchange for the award during the requisite service period (usually the vesting period). No compensation costs are recognized for equity instruments for which employees do not render the requisite service. The grant-date fair value of employee share options and similar instruments will be estimated using option-pricing models adjusted for the unique characteristics of those instruments (unless observable market prices for the same or similar instruments are available). If an equity award is modified after the grant date, incremental compensation cost will be recognized in an amount equal to the excess of the fair value of the modified award over the fair value of the original immediately before the modification. The Company's adoption did not have a material effect on the financial statements.

Edgar Filing: DYNABAZAAR INC - Form S-4

Until December 31, 2005, the Company followed the disclosure provisions of SFAS No. 123 and applied APB Opinion No. 25 and related interpretations in accounting for its stock option plans. Had compensation cost for the Company's stock-based compensation plans been determined based on the fair value at the grant dates as calculated in accordance with SFAS No. 123, the Company's net income (loss) for the years ended December 31, 2005 and 2004 would have increased (decreased) to the pro forma amounts indicated below (in thousands, except per share amounts):

2005 2004

COMPREHENSIVE INCOME (LOSS)

Comprehensive income (loss) consists of net income (loss) and other comprehensive income (loss), which includes foreign currency translation adjustments and unrealized gains and losses on marketable securities classified as available for sale. The Company complies with provisions of SFAS No. 130, Reporting Comprehensive Income. SFAS No. 130 establishes standards for disclosure and financial statement presentation for reporting total comprehensive income (loss) and its individual components. Comprehensive income (loss), as defined, includes all changes in equity during a period from non-owner sources.

NEW ACCOUNTING PRONOUNCEMENTS

In May 2005, the FASB issued SFAS No. 154, Accounting Changes and Error Corrections, which replaces APB Opinion No. 20, Accounting Changes, and SFAS No. 3, Reporting Accounting Changes in Interim Financial Statements, and changes the requirements for the accounting for and reporting of a change in accounting principle. This Statement applies to all voluntary changes in accounting principle and to changes required by an accounting pronouncement in the unusual instance that the pronouncement does not include specific transition provisions. When a pronouncement includes specific transition provisions, those provisions should be followed. The Company's adoption did not have a material effect on the financial statements.

APB Opinion No. 20 previously required that most voluntary changes in accounting principle be recognized by including in net income of the period of the change the cumulative effect of changing to the new accounting principle. This Statement requires retrospective application to prior periods' financial statements of changes in accounting principle. When it is impracticable to determine the cumulative effect of applying a change in accounting principle to all prior periods, this Statement requires that the new accounting principle be applied as if it were adopted prospectively from the earliest date practicable. This Statement defines retrospective application as the application of a different accounting principle to prior accounting periods as if that principle had always been used or as the adjustment of previously issued financial statements to reflect a change in the reporting entity. This Statement also redefines restatement as the revising of previously issued financial statements to reflect the correction of an error. Finally, this Statement requires that a change in depreciation, amortization, or depletion method for long-lived, nonfinancial assets be accounted for as a change in accounting estimate affected by a change in accounting principle.

3. NET INCOME (LOSS) PER COMMON SHARE

Basic net income (loss) per common share is computed using the weighted average number of common shares outstanding during the period. Diluted net income (loss) per common share is computed using the weighted average number of common shares outstanding during the period plus the effect of any dilutive potential common shares.

F-15

Dilutive potential common equivalent shares consist of the assumed exercise of stock options, the proceeds of which are then assumed to have been used to repurchase outstanding stock using the treasury stock method, and the assumed conversion of convertible preferred stock and warrants. At December 31, 2005, the additional shares amounted to 93,980. At December 31, 2006 and 2004 the additional shares of common stock outstanding have been excluded from the calculation of diluted net loss per common share because the effect would be anti-dilutive.

4. RESTRICTED CASH AND GAIN OF SALE OF ASSETS

Pursuant to an Asset Purchase Agreement with eBay and gain of sale of assets in 2003, the Company placed \$2 million of the consideration received from the sale of substantially all of the Company's operating assets in escrow in order to secure the Company's indemnification for certain representations and warranties. The indemnification was capped at \$2 million and for a period of two years following the closing of the asset sale.

On June 20, 2003, the Company entered into an asset purchase agreement with eBay to sell substantially all of the Company's technology and business assets to eBay. Under the asset purchase agreement, the Company sold to eBay substantially all the Company's business assets for \$4.5 million in cash.

The asset purchase agreement also provided that \$2 million of the consideration be held in escrow in order to secure the Company's indemnification for certain representations and warranties. The indemnification is capped at \$2 million and is for a period of two years following the closing of the asset sale. The Company estimated its potential liability under the indemnification to be \$2 million in accordance with FASB Interpretation No. 45 Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others (FIN 45) and recorded such liability as a reduction in the gain on the sale of assets.

On September 6, 2005, the Company received a payment of \$2,045,982 from Zions First National Bank pursuant to the Escrow Agreement. The payment represented the \$2 million held in escrow under the terms and conditions of the Asset Purchase Agreement we entered into with eBay together with \$45,982 of accrued interest.

8. ACQUISITION

On June 20, 2006, Costar Video and VSTC completed the acquisition of substantially all of the assets of Southern Imaging and Video Solutions pursuant to the transactions contemplated by the asset purchase agreement dated as of June 20, 2006. However, the acquisition is being accounted for as if it was effectively completed on June 30, 2006. The Company is a former public shell which had no operations. Costar was acquired in order for the Company to have an operating business. Results of operations of Southern Imaging and Video Solutions are included in the condensed consolidated financial statements since June 30, 2006.

F-17

Costar, the Company's subsidiary which acquired Southern Imaging's assets, designs, sources and distributes video and imaging products for the security and industrial markets. VSTC, a subsidiary of Costar which acquired the assets of Video Solutions, will provide product design and development, technical support and repair services for Costar.

The consideration for the Acquisition was up to an estimated \$9.6 million (including contingent consideration), consisting of \$73,600 through the issuance of 200,000 shares of the Company's common stock (valued at \$0.368 per share which was the arithmetic average of the previous 10 trading days close prior to June 20, 2006) a cash payment of approximately \$3.8 million (including a finders fee payment of approximately \$154,000, payment of \$108,000 to Barington and the payoff of shareholder loans of approximately \$612,000) less the value of the 200,000 shares of Dynabazaar common stock, the assumption of certain liabilities of approximately \$3.5 million, and deferred consideration of up to \$4 million in cash, contingent upon Costar and VSTC achieving certain levels of sales and EBITDA after the closing, through 2009 of which \$2,225 is recorded as a long-term liability. On September 29, 2006, the 200,000 shares of Dynabazaar common stock were issued.

The Company has incorporated contingent consideration into the structure of the acquisition in June 2006. This arrangement generally results in the payment of additional consideration to the sellers upon the satisfaction of certain events.

The additional cash payments or share issuances are contingent consideration accounted for under the Emerging Issues Task Force (EITF) No. 95-8, "Accounting for Contingent Consideration Paid to the Shareholders of an Acquired Enterprise in a Purchase Business Combination", and is considered to be additional purchase consideration and will be accounted for as part of the purchase price of the firms when the outcome of the contingency is determinable beyond a reasonable doubt. The sum of the amounts assigned to assets acquired and liabilities assumed (e.g. fair values) exceeded the cost of the acquired entity by \$2,225 therefore contingent consideration was recorded for that amount. Contingent consideration in these circumstances may be recorded pursuant to paragraph 46 of Statement of Financial Accounting Standards (SFAS) No. 141 Business Combinations.

There were no material relationships between the Company or its affiliates and any of the parties to the Asset Purchase Agreement, other than in respect of such agreement.

Intangible assets arose from the Costar acquisition. The aggregate of the estimated purchase price plus acquisition costs of an estimated \$9.6 million exceeded the fair market value for all identifiable net assets. An independent appraisal was conducted of all intangible assets (including, but not limit to, distribution agreements, customer lists, patents, trademarks and trade names, etc.) received as a result of the acquisition of Costar.

Based on the results of the independent appraisal on the intangible assets acquired, the Company booked amortization of \$133 which was charged to operations for the year ended December 31, 2006.

For holders of 10% or more of the Company's outstanding common stock, ISOs may not be granted at less than 110% of the fair market value of the common stock at the date of grant.

2000 EMPLOYEE STOCK OPTION AND INCENTIVE PLAN

In October 2000, the Company's Board of Directors approved the 2000 Employee Stock Option and Incentive Plan (the "2000 Employee Plan"), which originally provided for the issuance of up to 1,500,000 shares of common stock, under NSOs to employees and key persons of the Company other than any member of the Company's Board of Directors or any other individual who is subject to the reporting and other provisions of Section 16 of the Securities Exchange Act of 1934. In January 2001, in connection with the one-time employee option exchange incentive program described below, the Board of Directors amended this plan to increase the number of shares of common stock available for issuance under the plan to 2,654,750. At December 31, 2006, there were 2,250,374 shares available for issuance under this plan. The Board of Directors determines the term of each option, the option price, the number of shares for which each option is granted and the times at which each

13. REVENUES AND LONG-LIVED ASSETS BY GEOGRAPHIC REGION

The table below presents revenues by principal geographic region for the years ended December 31, 2006, 2005 and 2004 (\$ in thousands):

	December 31,		
	2006	2005	2004

14. INCOME TAXES

The provision for income taxes consists of the following (\$ in thousands):

	Year Ended December 31,							
	2006				2005			
	Federal	State	Foreign	Total	Federal	State	Foreign	Total
Current	\$	\$	\$	\$	\$	\$	\$	\$

	Year Ended December 31,			
	2004			
	Federal	State	Foreign	Total
Current	\$	\$	\$	\$
Deferred	665	117		782
Valuation allowance	(665)	(117)		(782)
Total	\$	\$	\$	\$

The Company's effective tax rate varies from the statutory rate as follows:

	Year Ended December 31,		
	2006	2005	2004
U.S. federal income tax rate	(34.0)%	34.0%	(34.0)%
State taxes	(6.0)	6.0	(6.0)
	(40.0)	40.0	(40.0)
Valuation allowance and true-up of NOLs	40.0	(40.0)	40.0
	%	%	%

Deferred tax liabilities and assets are determined based on the difference between financial statement and tax bases using enacted tax rates in effect for the year in which the differences are expected to reverse. The components of the deferred taxes at December 31, 2006 and 2005 were as follows (in thousands):

December 31,	
2006	2005

	December 31,	
	\$	\$
Net operating loss carryforwards	5,005	4,616
Valuation allowance	(5,005)	(4,616)
Net deferred tax assets	\$	\$

In connection with ownership changes, it was determined that certain of the Company's net operating loss carryforwards (NOL) have been limited. The Company recently completed an Internal Revenue Code Section 382 evaluation that quantified the limitation of the NOL. As of December 31, 2006, the Company has approximately \$14.7 million of NOLs that can be utilized in the current tax year. These NOLs begin to expire in 2022. A valuation allowance has been established for the full amount of the deferred tax asset since it is more likely than not that the deferred tax asset will not be realized.

F-22

Ownership changes resulting from the Company's issuance of capital stock may further limit the amount of net operating loss carryforwards that can be utilized annually to offset future taxable income. The amount of the annual limitation is determined based upon the Company's value immediately prior to the ownership change. Subsequent significant changes in ownership could further affect the limitation in future years.

15. QUARTERLY FINANCIAL RESULTS (UNAUDITED)

2008	\$92,000
2009	\$77,000

17. LEGAL PROCEEDINGS

The Company is subject to legal proceedings, claims, and litigation arising in the ordinary course of business. While the outcome of these matters is currently not determinable, we do not expect that the ultimate costs to resolve these matters will have a material adverse effect on our consolidated financial position, results of operations, or cash flows.

F-23

We are a defendant in certain purported class action lawsuits filed by individual shareholders in the U.S. District Court for the Southern District of New York against Dynabazaar, Scott Randall (former President, Chief Executive Officer and Chairman of the Board of Dynabazaar), John Belchers (former Chief Financial Officer of Dynabazaar), U.S. Bancorp Piper Jaffray Inc., DB Alex. Brown (as successor-in-interest to Deutsche Bank Securities, Inc.), Robertson Stephens, Inc. (formerly known as FleetBoston Robertson Stephens, Inc.), Banc of America Securities, LLC, Goldman Sachs & Co., Inc., Merrill Lynch, Pierce, Fenner & Smith, Incorporated, Citigroup Global Markets, Inc. (as successor-in-interest to Salomon Smith Barney, Inc.), and J.P. Morgan Securities, Inc. (as successor-in-interest to Hambrecht & Quist, LLC). The lawsuits have been filed by individual shareholders who purport to seek class action status on behalf of all other similarly situated persons who purchased the common stock of Dynabazaar between March 14, 2000 and December 6, 2000. A consolidated amended class action complaint was filed on April 19, 2002. The complaint alleges that certain underwriters of Dynabazaar's initial public offering solicited and received excessive and undisclosed fees and commissions in connection with that offering. The complaint further alleges that the defendants violated the federal securities laws by issuing a registration statement and prospectus in connection with Dynabazaar's initial public offering which failed to accurately disclose the amount and nature of the commissions and fees paid to the underwriter defendants. On or about October 8, 2002, the Court entered an Order dismissing the claims asserted against certain individual defendants in the consolidated actions, including the claims against Mr. Randall and Mr. Belchers, without any payment from these individuals or the Company. On or about February 19, 2003, the Court entered an Order dismissing with prejudice the claims asserted against the Company under Section 10(b) of the Securities Exchange Act. As a result, the only claims that remain against the Company are those arising under Section 11 of the Securities Act of 1933, as amended. The Company has accepted a proposal for the settlement and release of the remaining claims in the litigation. The proposed settlement will result in a dismissal with prejudice of all claims and will include a release of all claims that were brought or could have been brought against the Company and its present and former directors and officers. It is anticipated that any payment to the plaintiff class and their counsel will be funded by the Company's directors' and officers' liability insurance and that no direct payment will be made by the Company. The proposed settlement provides that the class members in the class action cases brought against the participating issuer defendants will be guaranteed a recovery of \$1 billion by insurers of the participating issuer defendants. If recoveries totaling \$1 billion or more are obtained by the class members from the underwriter defendants, the monetary obligations to the class members under the proposed settlement will be satisfied. In addition, Dynabazaar and any other participating issuer defendants will be required to assign to the class members certain claims that they may have against the underwriters of their IPOs. The proposed settlement contemplates that any amounts necessary to fund the settlement or settlement-related expenses would come from participating issuers' directors and officers' liability insurance policy proceeds as opposed to funds of the participating issuer defendants themselves. A participating issuer defendant could be required to contribute to the costs of the settlement if that issuer's insurance coverage were insufficient to pay that issuer's allocable share of the settlement costs. If ultimately approved by the Court, the proposed settlement would result in the dismissal, with prejudice, of all claims in the litigation against Dynabazaar and all of the other issuer defendants who have elected to participate in the proposed settlement, together with the current or former officers and directors of participating issuers who were named as individual defendants. The proposed settlement does not provide for the resolution of any claims against the underwriter defendants, and the litigation as against those defendants is continuing. Consummation of the proposed settlement remains conditioned upon obtaining approval by the Court. By order entered on September 1, 2005, the Court granted preliminary approval of the proposed settlement and directed that notice of the terms of the proposed settlement be provided to class members. Thereafter, the court held a fairness hearing, on April 24, 2006, at which objections to the proposed settlement were heard. The Court has yet to issue a ruling on the motion for final approval. On December 5, 2006, the Court of Appeals for the Second Circuit reversed the Court's order certifying a class in six test cases that were selected by the underwriter defendants and plaintiffs in the coordinated proceeding. The plaintiffs have filed a petition seeking rehearing of the Second Circuit's class

certification ruling, and the District Court has ordered that all activity in the consolidated proceeding before it, including consideration of the proposed settlement, will be stayed pending the ruling on whether to entertain the petition for rehearing. Dynabazaar was not party to one of the test cases, and it is unclear what impact, if any, the Second Circuit's class certification ruling will have on our case or the viability of the proposed settlement. In the event the settlement is not finalized, the Company believes that it has meritorious defenses to plaintiffs' claims and intends to defend the action vigorously.

F-24

18. SUBSEQUENT EVENTS

On January 5, 2007, the Company entered into an agreement and plan of merger (the Merger Agreement) with LQ Merger Corp., a Delaware corporation and a wholly-owned subsidiary of Dynabazaar (LMC), which Merger Agreement was amended and restated on February 26, 2007 (the Amended and Restated Merger Agreement). The Amended and Restated Merger Agreement provides that, upon the terms and subject to the conditions set forth in the Amended and Restated Merger Agreement, LMC will merge with and into the Company, with the Company continuing as the surviving corporation and our wholly-owned subsidiary.

Under the terms of the Amended and Restated Merger Agreement, the Company's stockholders will receive 3.68 shares of Dynabazaar common stock for each share of the Company's common stock they hold. Upon completion of the merger, the Company's stockholders will hold approximately 34% of the combined company and our stockholders will hold approximately 66% of the combined company on a fully-diluted basis. It is anticipated that the combined company's shares will continue to trade on the Over-The-Counter Bulletin Board.

Both the Company's and LQ Corporation's respective Board of Directors approved the Amended and Restated Merger Agreement in accordance with the recommendation of the special committees of independent directors formed by the Board of Directors of each company to evaluate the transaction.

The transaction is subject to stockholder approval and other customary conditions and is expected to be completed during the first half of 2007. A special meeting of stockholders of the Company will be announced in the near future to obtain stockholder approval of the transaction.

DYNABAZAAR, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

NOTE 1 - THE COMPANY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

THE COMPANY

OVERVIEW

Dynabazaar, Inc. (the Company) was incorporated in the State of Delaware in February 1997 as Fairmarket, Inc. Through September 3, 2003, the Company was an online auction and promotions technology service provider that enabled marketers to create results-oriented rewards programs and helped commerce companies automate the process of selling their excess inventory online to wholesale and retail buyers. On September 4, 2003, the Company sold substantially all of its operating assets to eBay, Inc. (eBay) for consideration of \$4.5 million in cash under the terms and conditions of an asset purchase agreement the Company entered into with eBay on June 20, 2003. Following the closing of the asset sale, the Company changed its name from Fairmarket, Inc. to Dynabazaar, Inc.

In connection with the cessation of the Company's online auction business, the Company relocated its principal executive offices as of January 1, 2004 to 888 Seventh Avenue, 17th Floor, New York, New York 10019, an office maintained by Barington Capital Group, L.P. (Barington), a limited partnership whose general partner is a corporation of which James Mitarotonda is Chairman, President and Chief Executive Officer. Mr. Mitarotonda was previously the Company's President and Chief Executive Officer. He submitted his resignation, effective as of the close of business on April 20, 2007. He continues to serve as a director of the Company.

From January 2003 until June 20, 2006, the Company did not operate any business and was settling its remaining claims and liabilities while reviewing alternatives for the use or disposition of our remaining assets.

The Company's common stock trades on the NASDAQ OTC Bulletin Board under the symbol FAIM.OB. The Company's common stock was quoted on the NASDAQ National Market, but was delisted on June 24, 2004.

On March 30, 2007, the Company entered into an amendment to the administrative services agreement with Barington, effective as of January 1, 2007. Under the amended agreement, which runs through December 31, 2007, Barington is to continue to be paid a fee of \$7,500 per month for

Edgar Filing: DYNABAZAAR INC - Form S-4

performing certain administrative, accounting and other services on behalf of the Company until the closing of the transactions contemplated by the Amended and Restated Merger Agreement at which point the fee is to increase to a rate of \$10,000 per month.

As previously disclosed in a Form 8-K filed by the Company on April 23, 2007, James A. Mitarotonda delivered to the secretary of Dynabazaar, Inc. (the Company) notice of his resignation as President and Chief Executive Officer of the Company, effective as of the close of business on April 20, 2007. Mr. Mitarotonda, who will continue to serve as a director of the Company, had no disagreements with the Company on any matters related to the Company's operations, policies or practices. The Board of Directors of the Company thanks Mr. Mitarotonda for his dedicated service and valued contributions to the Company.

On April 20, 2007, the Board of Directors of the Company appointed Sebastian E. Cassetta to serve as the Company's President and Chief Executive Officer, effective as of the close of business on April 20, 2007.

On January 5, 2007, the Company entered into an agreement and plan of merger (the Merger Agreement) with L Q Corporation, Inc., a Delaware Corporation, and LQ Merger Corp., a Delaware corporation and wholly-owned subsidiary of the Company (LMC), which Merger Agreement was amended and restated on February 26, 2007 (the Amended and Restated Merger Agreement). The Amended and Restated Merger Agreement provides that, upon the terms and subject to the conditions set forth in such agreement, LMC will merge with and into L Q Corporation, Inc. with L Q Corporation, Inc. continuing as the surviving corporation and a wholly-owned subsidiary of the Company.

F-29

Under the terms of the Amended and Restated Merger Agreement, L Q Corporation stockholders will receive 3.68 shares of Dynabazaar common stock for each share of L Q Corporation common stock they hold. Upon completion of the merger, L Q Corporation stockholders will hold approximately 34% of the combined company and our stockholders will hold approximately 66% of the combined company on a fully-diluted basis. It is anticipated that the combined company's shares will continue to trade on the Over-The-Counter Bulletin Board.

Both the Company's and L Q Corporation's Board of Directors approved the Amended and Restated Merger Agreement in accordance with the recommendation of the special committees of independent directors formed by the Board of Directors of each company to evaluate the transaction.

The transaction is subject to stockholder approval and other customary conditions and is expected to be completed during the second half of 2007. A special meeting of stockholders of the Company will be announced in the near future to obtain stockholder approval of the transaction.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION (\$ IN THOUSANDS)

The accompanying condensed consolidated financial statements of the Company for the three months ended March 31, 2007 and 2006 are unaudited and have been prepared on a basis substantially consistent with our audited consolidated financial statements for the year ended December 31, 2006. The condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information. Consequently, these statements do not include all disclosures normally required by generally accepted accounting principles for annual financial statements. These condensed consolidated interim financial statements should be read in conjunction with our audited consolidated financial statements for the year ended December 31, 2006, which are contained in our Annual Report on Form 10-K filed with the Securities and Exchange Commission (the SEC) on April 4, 2007 and the amended 10-K filed on April 17, 2007. The condensed consolidated interim financial statements, in the opinion of management, reflect all adjustments (including all normal recurring accruals) necessary to present fairly the Company's financial position, results of operations and cash flows for the interim periods ended March 31, 2007 and 2006. The results of operations for the interim periods are not necessarily indicative of the results of operations to be expected for the fiscal year.

CASH AND CASH EQUIVALENTS (\$ IN THOUSANDS)

The Company considers all highly-liquid debt instruments with original maturities of three months or less to be cash equivalents, including highly rated money market funds with daily liquidity. At March 31, 2007, and throughout the three month period, balances of cash at financial institutions exceeded the federally insured limit. The Company has not experienced any losses in such accounts and believes it is not subject to any significant credit risk on cash and cash equivalents. The following schedule summarizes the estimated fair value of the Company's cash and cash equivalents:

	March 31, 2007 (unaudited)	December 31, 2006
Cash and cash equivalents:		
Cash	\$ 26	\$ 72
Money market funds	2,744	2,866
	\$ 2,770	\$ 2,938

CONCENTRATION OF CREDIT RISK (\$ IN THOUSANDS)

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist primarily of cash and cash equivalents, short term investments and accounts receivable. Substantially all of the Company's cash and cash equivalents are invested in a highly liquid money market fund.

F-30

FAIR VALUE OF FINANCIAL INSTRUMENTS (\$ IN THOUSANDS)

The Company's financial instruments, including cash and cash equivalents, accounts receivable and accrued expenses payable are carried at cost. The Company's financial instruments approximate fair value due to their relatively short maturities. The Company does not hold or issue financial instruments for trading purposes.

PRINCIPLES OF CONSOLIDATION

The condensed consolidated financial statements include the accounts of our direct and indirect wholly-owned subsidiaries Costar and VSTC. Significant intercompany transactions and balances have been eliminated.

INCOME TAXES

Effective January 1, 2007, the Company adopted the provisions of the Financial Accounting Standards Board (FASB) Interpretation No. 48, Accounting for Uncertainty in Income Taxes - an interpretation of FASB Statement No. 109 (FIN 48). There were no unrecognized tax benefits as of January 1, 2007 and as of March 31, 2007. FIN 48 prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense. No amounts were accrued for the payment of interest and penalties at January 1, 2007. There was no change to this balance at March 31, 2007. Management is currently unaware of any issues under review that could result in significant payments, accruals or material deviations from its position. The adoption of the provisions of FIN 48 did not have a material impact on the Company's financial position, results of operations and cash flows.

STOCK-BASED COMPENSATION

On January 1, 2006, the Company adopted Statement of Financial Accounting Standards (SFAS) No.123(R) Accounting for Stock-Based Compensation. Among other items, SFAS No. 123(R) requires companies to record compensation expense for share-based awards issued to employees and directors in exchange for services provided. The amount of the compensation expense is based on the estimated fair value of the awards on their grant dates and is recognized over the applicable vesting period.

The fair value of stock options is determined using an option-pricing model that takes into account the stock price at the grant date, the exercise price, the expected life of the option, the volatility of the underlying stock and the expected dividends on it, and the risk free interest rate over the expected life of the option.

The Company adopted SFAS No.123(R) using the modified prospective transition method, which requires the application of the accounting standard to all share-based awards issued on or after January 1, 2006, and any outstanding share-based awards that were issued but not vested as of January 1, 2006.

Edgar Filing: DYNABAZAAR INC - Form S-4

In the three months ended March 31, 2007 and 2006, the Company recognized stock-based compensation expense of \$0 and \$19, respectively, in its condensed consolidated financial statements. This amount includes compensation expense for fully vested stock options granted subsequent to January 1, 2006 based on the grant date fair value estimated in accordance with the provisions of SFAS No. 123(R).

NOTE 2 - ACQUISITION:

On June 20, 2006, Costar and VSTC completed the Acquisition of substantially all of the assets of Southern Imaging and Video Solutions, pursuant to the transactions contemplated by the asset purchase agreement, dated as of June 20, 2006, by and between Southern Imaging, Video Solutions, the shareholders of Southern Imaging, Costar and VSTC. However, the acquisition is being accounted for as if it was effectively completed on June 30, 2006. Results of operations of Southern Imaging and Video Solutions are included in the consolidated financial statements since June 30, 2006.

F-31

Costar, the Company's wholly-owned subsidiary which acquired Southern Imaging's assets, designs, sources and distributes video and imaging products for the security and industrial markets. VSTC, a wholly owned subsidiary of Costar which acquired the assets of Video Solutions, provides product design and development, technical support and repair services for Costar. Estimated consideration for the Acquisition is up to approximately \$9.6 million, consisting of the issuance at closing of 200,000 shares of our common stock, a cash payment of approximately \$3.8 million (including a finders fee payment of approximately \$154,000, payment of \$108,000 to Barington and the payoff of shareholder loans of approximately \$612,000) less the value of the 200,000 shares of Dynabazaar common stock, the assumption of certain liabilities of approximately \$3.5 million, and deferred consideration of up to \$4 million in cash, contingent upon Costar and VSTC achieving certain levels of sales and EBITDA after the closing, through 2009 of which \$2,225 is recorded as a long-term liability. On September 29, 2006, the 200,000 shares of Dynabazaar common stock were issued.

The Company has incorporated contingent consideration into the structure of the acquisition in June 2006. This arrangement generally results in the payment of additional consideration to the sellers upon the satisfaction of certain events.

The additional cash payments or share issuances are contingent consideration accounted for under the Emerging Issues Task Force (EITF) No. 95-8, "Accounting for Contingent Consideration Paid to the Shareholders of an Acquired Enterprise in a Purchase Business Combination", and is considered to be additional purchase consideration and will be accounted for as part of the purchase price of the firms when the outcome of the contingency is determinable beyond a reasonable doubt. The sum of the amounts assigned to assets acquired and liabilities assumed (e.g. fair values) exceeded the cost of the acquired entity by \$2,225 therefore contingent consideration was recorded for that amount. Contingent consideration in these circumstances may be recorded pursuant to paragraph 46 of Statement of Financial Accounting Standards (SFAS) No. 141 Business Combinations.

There were no material relationships between the Company or its affiliates and any of the parties to the Asset Purchase Agreement, other than in respect of such agreement.

NOTE 4 - NET INCOME (LOSS) PER SHARE:

The number of shares used to compute basic loss per share and diluted loss per share relates to additional shares to be issued upon the assumed exercise of stock options and warrants, net of shares hypothetically repurchased at the average market price with the proceeds of exercise. For the three months ended March 31, 2007 and 2006, basic and diluted net loss per common share is computed based on the weighted average number of common shares outstanding during the period because the effect of potential common equivalent shares would be anti-dilutive.

NOTE 5 - LEGAL PROCEEDINGS:

We are a defendant in certain purported class action lawsuits filed by individual shareholders in the U.S. District Court for the Southern District of New York against certain of our former officers and directors, and various of the underwriters in our initial public offering (IPO) and secondary offering. The lawsuits have been filed by individual shareholders who purport to seek class action status on behalf of all other similarly situated persons who purchased our common stock between July 8, 1999 and December 6, 2000. A consolidated amended class action complaint was filed on April 19, 2002. The complaint alleges that certain underwriters of the IPO solicited and received excessive and undisclosed fees and commissions in connection with that offering. The complaint further alleges that the defendants violated the federal securities laws by issuing a registration statement and prospectus in connection with our IPO which failed to accurately disclose the amount and nature of the commissions and fees paid to the underwriter defendants. On or about October 8, 2002, the Court entered an Order dismissing the claims asserted against certain individual defendants in the consolidated actions without any payment from these individuals or us. On or about February 19, 2003, the Court entered an Order dismissing with prejudice the claims asserted against us under Section 10(b) of the Exchange Act. As a result, the only claims that remain against us are those arising under Section 11 of the Securities Act. The parties have negotiated and executed a definitive settlement agreement. The proposed settlement provides that the class members in the class action cases brought against the participating issuer defendants will be guaranteed a recovery of \$1 billion by insurers of the participating issuer defendants. If recoveries totaling \$1 billion or more are obtained by the class members from the underwriter defendants, however, the monetary obligations to the class members under the proposed settlement will be satisfied. In addition, we and any other participating issuer defendants will be required to assign to the class members certain claims that they may have against the underwriters of their IPO s. The proposed settlement contemplates that any amounts necessary to fund the settlement or settlement-related expenses would come from participating issuers directors and officers liability insurance policy proceeds as opposed to funds of the participating issuer defendants themselves. A participating issuer defendant could be required to contribute to the costs of the settlement if that issuer s insurance coverage were insufficient to pay that issuer s allocable share of the settlement costs. If ultimately approved by the Court, the proposed settlement would result in the dismissal, with prejudice, of all claims in the litigation against us and all of the other issuer defendants who have elected to participate in the proposed settlement, together with the current or former officers and directors of participating issuers who were named as individual defendants. The proposed settlement does not provide for the resolution of any claims against the underwriter defendants, and the litigation as against those defendants is continuing. Consummation of the proposed settlement remains conditioned upon obtaining approval by the Court. By order entered on September 1, 2005, the Court granted preliminarily approval of the proposed settlement and directed that notice of the terms of the proposed settlement be provided to class members. Thereafter, the court held a fairness hearing, on April 24, 2006, at which objections to the proposed settlement were heard. The Court has yet to issue a ruling on the motion for final approval. On December 5, 2006, the Court of Appeals for the Second Circuit reversed the Court s order certifying a class in six test cases that were selected by the underwriter defendants and plaintiffs in the coordinated proceeding. On April 6, 2007, the Court of Appeals denied the plaintiffs petition for rehearing of the Court s December 5, 2006 ruling but noted that the plaintiffs remain free to ask the District Court to certify a different class which might meet the standards for class certification that the Court of Appeals

articulated in its December 5, 2006 decision. Because our proposed settlement with the plaintiffs involves the certification of the case against us as a class action for settlement purposes, it is unclear what impact, if any, the Second Circuit's class certification ruling will have on our case or the viability of the proposed settlement. In the event the settlement is not finalized, the Company believes that it has meritorious defenses to plaintiffs' claims and intends to defend the action vigorously.

The expense of defending this litigation may be significant. The amount of time to resolve these lawsuits is unpredictable and defending us may divert management's attention from the day-to-day operations of our business, which could adversely affect our business.

F-34

results of operations and cash flows. In addition, an unfavorable outcome in such litigation could have a material adverse effect on our business, results of operations and cash flows.

NOTE 6 - MAJOR CUSTOMERS AND SUPPLIERS:

For the quarter ended March 31, 2007, the Company had two customers that contributed 14.8% and 13.3% of sales revenue, for a total of \$623 and \$560 respectively. As of March 31, 2007, these same two customers owed 14.7% and 12.5% of the outstanding accounts receivable balance.

At March 31, 2007, the Company had two major suppliers that were owed approximately 51.7% of the total accounts payable, for a total of \$1,062 and \$673, respectively.

NOTE 7 - CREDIT LINE (\$ in thousands)

The Company maintains a line of credit with the Bank of Texas. The line has a limit of \$2.5 million and interest is charged on the outstanding balance at a variable rate, which was 8.25% at March 31, 2007. The line is secured by the Company's accounts receivable and inventories and the agreement requires the maintenance of financial ratios and monthly payments of accrued interest calculated on the outstanding balance. As of March 31, 2007 and December 31, 2006, \$953 and \$729 were outstanding under the line of credit.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of L Q Corporation, Inc.

We have audited the accompanying consolidated balance sheets of L Q Corporation, Inc. and subsidiaries (the Company) as of December 31, 2006 and 2005, and the related consolidated statements of operations, stockholders' equity and comprehensive income (loss) and cash flows for each of the years in the three year period ended December 31, 2006. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of L Q Corporation, Inc. and subsidiaries as of December 31, 2006 and 2005, and the results of their operations and their cash flows for each of the

years in the three year period ended December 31, 2006, in conformity with accounting principles generally accepted in the United States of America.

In connection with our audits of the consolidated financial statements referred to above, we audited the consolidated financial schedules listed under Item 15. In our opinion, these financial schedules, when considered in relation to the financial statements taken as a whole, present fairly, in all material respects, the information stated therein.

NOTE 1. THE COMPANY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Overview

L Q Corporation, Inc. (the Company) was incorporated in California as Liquid Audio, Inc. in January 1996 and reincorporated in Delaware in April 1999. In July 1999, the Company completed its initial public offering of common stock. The Company s name was formally changed to L Q Corporation, Inc. on January 7, 2004.

Through January 2003, the Company provided an open platform that enabled the digital delivery of media over the Internet.

From January 2003 until December 30, 2005, the Company did not operate any business and were settling our remaining claims and liabilities while reviewing alternatives for the use or disposition of the Company s remaining assets.

The Company s common stock is reported currently on the Over-the-Counter Bulletin Board. The Company s common stock was traded on the NASDAQ National Market, but was delisted on June 5, 2003. The market price per share of the Company s stock increased significantly following the implementation of the 1:250 reverse stock split and a 35:1 forward stock split effective as of June 8, 2004.

Checkpoint Acquisition

On September 8, 2005, the Company entered into a non-binding letter of intent with Checkpoint Systems, Inc. (Checkpoint), dated September 7, 2005, to acquire substantially all of the net assets of Checkpoint s Access Control Products Group (ACPG) division. On October 26, 2005, the Company s Board of Directors approved the transaction and on November 4, 2005 the parties entered into an asset purchase agreement. On December 30, 2005, the Company and Checkpoint entered into an amendment to the asset purchase agreement to, among other things, extend the closing of the acquisition to January 5, 2006. On January 6, 2006, the newly formed, wholly-owned subsidiary of the Company, Sielox, LLC, (Sielox), completed the acquisition from Checkpoint of substantially all of the assets of the ACPG division, effective as of the close of business on December 30, 2005. The cash consideration for the transaction was approximately \$2.6 million, subject to post-closing adjustments, an escrow, and related expenses estimated to be \$0.3 million. The acquisition of the net assets of ACPG are not included in the consolidated statement of operations, for the year ended December 31, 2005, since the acquisition was effective as of the close of business on December 30, 2005.

The ACPG business, which operates as Sielox(TM) under the Company s management, develops, designs and distributes a complete line of open architecture access control software, programmable controllers (electronic circuit boards), and related accessories such as readers and ID cards, which can be configured to monitor, manage and control physical access to building perimeters and interior locations.

SES Resources, Ltd.

On January 6, 2006, the Company s newly formed, wholly-owned subsidiary, SES Resources International, Inc. (SES), completed the acquisition of substantially all of the assets of SES Resources, Ltd., a start up consulting venture, effective as of December 30, 2005. SES Resources, Ltd. s assets consist primarily of various trademarks. It has been determined that these trademarks have a fair value of zero. Consideration given in exchange for these assets was a 19.5% share in SES. The newly formed business unit specializes in delivering critical strategic security and business protection solutions based on best practices developed by accomplished retired law enforcement agents and in association with an advisory panel comprised of senior executive service level government risk assessment and law enforcement professionals (Advisory Panel). SES primary areas of specialization include: corporate investigations (e.g. know your customer, know your employee, know your vendor reviews); due diligence reviews; forensic accounting; anti-money laundering investigatory services consistent with the requirements of the Patriot

Act; anti-counterfeiting and intellectual property protection; corporate health and wellness consultancy; emergency preparedness and contingency planning; executive staffing solutions; and education and government security training services.

The SES Advisory Panel serves the business with advice and identifies expert talent throughout the United States and internationally, to manage and staff client assignments. The Advisory Panel is in the process of formation and includes a senior executive service level agent from the U.S.

Edgar Filing: DYNABAZAAR INC - Form S-4

Internal Revenue Service, and a medical doctor who is presently Assistant Clinical Professor at Albert Einstein College of Medicine. The Advisory Panel is chaired by one of the owners/founders of SES Resources and vice chaired by the former VP and Director of Brinks Inc. SES is in the process of adding additional members to the Advisory Panel from various law enforcement agencies. For additional information, please see the section entitled "Related Parties" below.

On May 10, 2006, the Board of Directors of the Company approved an amendment to the services agreement between Barington and the Company dated as of November 18, 2004 (as amended, the "Services Agreement"). Pursuant to the amendment, Barington will continue to provide certain administrative, accounting and other services on the Company's behalf for a fee of \$10,000 per month and legal services on the Company's behalf at the Company's request for a fee of \$175 per hour. The Company believes that the fees payable to Barington are less than those that would be charged in arm's length transactions between unaffiliated third parties. Additionally, on July 12, 2006, the Board of Directors of the Company approved another amendment to the Services Agreement to extend the terms of the Services Agreement until December 31, 2007. The Services Agreement was previously set to expire by its terms on June 30, 2006.

On September 15, 2006, Sielox entered into a strategic alliance agreement with Costar Video Systems, LLC ("Costar"), a subsidiary of Dynabazaar, Inc. ("Dynabazaar"), dated as of September 15, 2006, pursuant to which the companies agreed to explore mutually beneficial opportunities to work together, including, without limitation, through a joint venture, joint sales or joint marketing arrangements, or other business arrangements or strategic alliance. Costar designs, sources and distributes video and imaging products for the security and industrial markets. Sielox and Costar are also parties to a distribution agreement, dated July 31, 2006, pursuant to which Sielox was appointed as an authorized distributor of certain products of Costar.

On October 20, 2006, James A. Mitarotonda delivered to the Secretary of the Company notice of his resignation as a director and Chairman of the Board of the Company, effective as of the close of business on October 23, 2006. Mr. Mitarotonda had no disagreements with the Company on any matter relating to the Company's operations, policies or practices, and resigned in order to ensure that he had adequate time to devote to his other professional responsibilities. On October 23, 2006, the Board of Directors of the Company appointed Steven Berns, a director of the Company, to serve as Chairman of the Board of the Company; effective as of the close of business on October 23, 2006. F-42

Liquidity

The Company has incurred losses and negative cash flows from operations for every year since inception. For the year ended December 31, 2006, the Company incurred a net loss of approximately \$1.9 million and negative cash flows from operations of approximately \$1.0 million. As of December 31, 2006, the Company had an accumulated deficit of approximately \$142.2 million. The Company feels its existing cash and cash equivalents are sufficient to fund the Company's current operations and satisfy its obligations. The Company believes these obligations will primarily relate to costs associated with the satisfaction of any potential legal judgments or settlements and the expenses associated with the operations of Sielox, LLC and SES. Such activities may have an impact on the Company's liquidity.

Reclassifications

Certain reclassifications have been made to the prior years' consolidated financial statements to conform to current period presentation.

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and its wholly-owned and majority-owned subsidiaries, Sielox, LLC and SES. Significant intercompany transactions and balances have been eliminated.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Company's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all highly-liquid debt instruments with original maturities of three months or less to be cash equivalents. At December 31, 2006, and at various times during the year, balances of cash at financial institutions exceeded the federally insured limit. The Company has not experienced any losses in such accounts and believes it is not subject to any significant credit risk on cash and cash equivalents. The following schedule summarizes the estimated fair value of the Company's cash and cash equivalents (in thousands):

	December 31,	
	2006	2005
Cash and cash equivalents:		
Cash	\$ 46	\$ 2,644
Money market funds	1,904	3,102
	\$ 1,950	\$ 5,746

Concentration of Credit Risk

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist primarily of cash and cash equivalents, short term investments and accounts receivable. Substantially all of the Company's cash and cash equivalents are invested in a highly liquid money market fund.

Fair Value of Financial Instruments

The Company's financial instruments, including cash and cash equivalents, accounts receivable and accrued expenses payable are carried at cost. The Company's financial instruments approximate fair value due to their relatively short maturities. The Company does not hold or issue financial instruments for trading purposes.

Accounts Receivable, Net

Accounts receivables are recorded at net realizable values. The Company maintains an allowance for estimated losses resulting from the inability of customers to make required payments and for anticipated returns. The allowance is based on specific facts and circumstances surrounding individual customers as well as historical experience. Provisions for the losses on receivables and returns are charged to income to maintain the allowance at a level considered adequate to cover losses and future returns. Receivables are charged off against the reserve when they are deemed uncollectible and returns are charged off against the reserve when the actual returns are incurred. Per the asset purchase agreement, Checkpoint Systems, Inc. guaranteed collection of all acquired net receivables, as of December 31, 2005.

Inventories

Inventories are stated on the first-in, first-out method, at the lower of cost or market. A provision is made to reduce excess or obsolete inventories to their net realizable value.

Concentration of Suppliers

The Company purchased approximately 63% of its inventories from three suppliers during the year ended December 31, 2006. At December 31, 2006, these suppliers were approximately 63% of accounts payable.

Property and Equipment, Net

Property and equipment are carried at cost less accumulated depreciation. Maintenance, repairs, and minor renewals are expensed as incurred. Additions, improvements, and major renewals are capitalized. Depreciation generally is provided on a straight-line basis over the estimated useful lives of the assets. Machinery and equipment estimated useful lives range from three to five years. Leasehold improvements are amortized over the life of the lease. The cost and accumulated depreciation applicable to assets retired are removed from the accounts and the gain or loss on disposition is included on the statements of operations.

Impairment of Long-Lived Assets

Pursuant to Statement of Financial Accounting Standards (SFAS) No. 144, Accounting for the Impairment or Disposal of Long-lived Assets (SFAS 144), the Company reviews property and equipment for impairment whenever events or changes in circumstances indicated that the carrying amount of the assets may not be recoverable. A loss is recognized on the statements of operations if it is determined that an impairment exists based on expected future undiscounted cash flows. The amount of the impairment is the excess of the carrying amount of the impaired asset over its fair value.

Intangible Assets

Pursuant to SFAS No. 142, Goodwill and Other Intangible Assets (SFAS 142), effective December 31, 2001, intangible assets with indefinite lives are no longer amortized, but instead tested for impairment. Intangible assets are reviewed for impairment annually or whenever events or changes in business circumstances indicate the carrying value of the assets may not be recoverable. Impairment losses are recognized if future cash flows of the related assets are less than their carrying values.

F-44

Goodwill

Pursuant to SFAS No. 142, Goodwill and Other Intangible Assets (SFAS 142), effective December 31, 2001, goodwill is no longer being amortized. The Company tests goodwill for impairment on an annual basis, relying on a number of factors including operating results, business plans and future cash flows. Recoverability of goodwill is evaluated using a two-step process. The first step involves a comparison of fair value of the Company with its carrying value. If the carrying amount exceeds its fair value, the second step of the process involves a comparison of the fair value and carrying value of the goodwill. If the carrying value exceeds its fair value, an impairment loss is recognized in an amount equal to the excess.

Accrued Warranty Costs

The Company provides product warranties for various products. The warranties vary in length depending on the product. The Company accrues warranty costs based on historical data of warranty transactions. Accrued warranties are reported under accrued expenses and other current liabilities at December 31, 2006, and 2005.

Revenue Recognition

Revenue and related costs are recognized upon transfer of ownership, which generally coincides with the shipment of products to customers. Service revenue is recognized as services are performed. The Company records revenues net of an allowance for estimated return activities.

Royalty Expenses

Edgar Filing: DYNABAZAAR INC - Form S-4

The Company pays royalties at amounts defined in each agreement based upon units sold of certain components of its software solution products to various third parties, which expire at various dates through May 2008.

Research and Development Costs

Expenditures for research, development and engineering of software and hardware products are expensed as incurred.

Advertising Costs

Advertising costs are charged to operations when incurred.

Shipping and Handling Costs

Amounts billed to a customer for shipping and handling are accounted for in revenues, and shipping and handling costs in cost of revenues.

Stock-Based Compensation (\$ in thousands)

On January 1, 2006, the Company adopted SFAS No. 123(R), Accounting for Stock-Based Compensation (Revised) (SFAS No. 123(R)) This statement requires companies to record compensation expense for share-based awards issued to employees and directors in exchange for services provided. The amount of compensation expense is based on the estimated fair value of the awards on their grant dates and is recognized, on a straight line basis, over the applicable vesting period. In addition, SFAS No. 123(R) requires forfeitures of share-based awards to be estimated at the time of grant and revised, if necessary, in subsequent periods if those estimates change based on the actual amount of forfeitures. In the pro-forma information required under SFAS No. 123 for periods prior to January 1, 2006, the Company accounted for forfeitures as they occurred.

The fair value of stock options is determined using an option-pricing model that takes into account the stock price at the grant date, the exercise price, the expected life of the option, the volatility of the underlying stock and the expected dividends on it, and the risk free interest rate over the expected life of the option.

The Company recognized compensation expense of \$21 in the Company's consolidated financial statements, all of which was for stock options. This amount includes compensation expense for stock options which were granted

F-45

prior to January 1, 2006 but were not yet vested as of that date. Such compensation expense was estimated in accordance with the provisions of SFAS No. 123(R). The compensation expense also includes the expense recognized for stock options granted subsequent to January 1, 2006. Such compensation expense was estimated based on the grant date fair value in accordance with provisions of SFAS No. 123(R). Compensation expense increased by \$19 during the year ended December 31, 2006 as result of implementing SFAS No. 123 (R).

Consistent with the disclosure provisions of SFAS No. 123, the Company's net loss and basic and diluted net loss per share would have been adjusted for the years ended December 31, 2005 and 2004 to the pro forma amounts indicated below in thousands, except per share amounts.

The Company calculated the fair value of each option grant on the date of grant using the Black-Scholes option pricing method as prescribed by the SFAS No. 123 (R) using the following assumptions:

Net Loss Per Share

Loss per common share is based on the weighted average number of common shares outstanding. The Company complies with SFAS No. 128, Earnings Per Share, which requires dual presentation of basic and diluted earnings per share on the face of the statements of operations, which the Company has adopted.

Basic and diluted net loss per share is computed by dividing the net loss available to common stockholders for the period by the weighted average number of common shares outstanding during the period. The calculation of diluted net loss per share excludes potential common shares if the effect is anti-dilutive. Potential common shares consist of

F-46

unvested restricted common stock, incremental common shares issuable upon the exercise of stock options and common shares issuable upon the exercise of stock warrants.

The following table sets forth the computation of basic and diluted net loss per share for the periods indicated (in thousands, except per share amounts):

	Year Ended December 31,		
	2006	2005	2004

Foreign Currency Translation

The functional currency of the Company's inactive foreign subsidiary was its local currency. Foreign currency assets and liabilities are translated at the current exchange rate at each balance sheet date. Revenues and expenses are translated at weighted average exchange rates in effect during the year. The related gains and losses from foreign currency translation are recorded in accumulated other comprehensive income. Realized gains and losses on foreign currency transactions are included in other income (expense), net. The subsidiary was liquidated during the year ended December 31, 2005.

Income Taxes

The Company complies with SFAS No. 109, Accounting for Income Taxes, which requires an asset and liability approach to financial reporting for income taxes. Deferred income tax assets and liabilities are computed for differences between the financial statement and tax bases of assets and liabilities that will result in future taxable or deductible amounts, based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred income tax assets to the amount expected to be realized.

Comprehensive Loss

The Company complies with the provisions of SFAS No. 130, Reporting Comprehensive Income. SFAS No. 130 establishes standards for disclosure and financial statement presentation for reporting total comprehensive income (loss) and its individual components. Comprehensive income (loss), as defined, includes all changes in equity during a period from non-owner sources. The Company's comprehensive income (loss) includes net income (loss), unrealized gains and losses on investments and foreign currency translation adjustments and is displayed in the statement of stockholders' equity.

Segment Information (\$ in thousands)

The Company complies with the provisions of SFAS No. 131, Disclosures about Segments of an Enterprise and Related Information. SFAS No. 131 establishes standards for the method companies report information about operating segments in financial statements. SFAS No. 131 focuses on the internal organization that is used by management for making operating decisions and assessing performance as the source of the Company's reportable segments. SFAS No. 131 also requires disclosures about products and services, geographic areas and major customers. The Company has determined that it operates in two operating segments. The following information related to revenues, net losses and total assets are the only measures used by chief operating decision makers of the Company to evaluate segment performance.

International revenues are based on the country in which the customer is located. The following is a summary of total net revenues by geographic area (\$ in thousands):

New Accounting Pronouncements

Edgar Filing: DYNABAZAAR INC - Form S-4

In July 2006, the Financial Accounting Standards Board (FASB) issued FASB Interpretation No. 48 (FIN 48), Accounting for Uncertainty in Income Taxes - an interpretation of FASB Statement No. 109. FIN 48 clarifies the accounting for uncertainty in income taxes recognized in a company's financial statements under SFAS No. 109, Accounting for Income Taxes. Under FIN 48, the tax effects of a position taken on a tax return should be recognized only if it is more-likely-than-not that the position would be sustained based solely on its technical merits as of the reporting date. FIN 48 also provides guidance on derecognition, measurement, classification, interest and penalties, accounting in interim periods, disclosure and transition, and also requires significant new annual disclosures in the notes to the consolidated financial statements. Differences between the amounts recognized in the statements of financial position prior to the adoption of FIN 48 and the amounts reported after adoption must be accounted for as a cumulative-effect adjustment recorded to the beginning balance of retained earnings. FIN 48 is effective for fiscal years beginning after December 15, 2006. As such, the Company is required to adopt FIN 48 at the beginning of its fiscal year 2007. The Company is currently evaluating the various requirements of FIN 48, but we have not yet determined the impact, if any, on our consolidated financial statements.

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements (SFAS 157). SFAS 157 establishes a single authoritative definition of fair value, sets out a framework for measuring fair value, and requires additional disclosures about fair-value measurements. SFAS 157 applies only to fair value measurements that are already required or permitted by other accounting standards (except for measurements of share-based payments) and is expected to increase the consistency of those measurements. Accordingly, SFAS 157 does not require any new fair value measurements. However, for some entities, the application of SFAS 157 will change current practice. SFAS 157 is effective for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. We do not expect the adoption of SFAS 157 to have a material impact on our consolidated financial statements.

In September 2006, the Securities and Exchange Commission issued Staff Accounting Bulletin 108, Considering the Effects of Prior Year Misstatements When Quantifying Misstatements in Current Year Financial Statements (SAB 108). SAB 108 clarifies the staff's views regarding the process of quantifying financial statement misstatements. SAB 108 allows registrants to adjust prior year financial statements for immaterial errors in the carrying amount of assets and liabilities as of the beginning of this fiscal year, with an offsetting adjustment being made to the opening balance of retained earnings. SAB 108 is effective for fiscal years ending on or after November 15, 2006 with earlier adoption encouraged. We do not expect the adoption of SAB 108 to have a material impact on our consolidated financial statements.

In February 2007, the FASB issued SFAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities-including an amendment of FASB statement No. 115 (SFAS 159). This standard permits an entity to elect to measure many financial instruments and certain others items at fair value. Unrealized gains and losses on items for which the fair value option has been elected will be recognized in earnings at each subsequent reporting date. SFAS 159 is effective as of the beginning of an entity's first fiscal year that begins after November 15, 2007. Early adoption is permitted as of the beginning of the previous fiscal year provided that the entity makes that choice in the first 120 days of that fiscal year and also elects to apply the provisions of FASB Statement No. 157, Fair Value Measurement. The Company is currently evaluating the impact, if any, the adoption of SFAS 159 will have on our consolidated financial statements.

NOTE 2. Business Acquisitions

ACPG Acquisition

On January 6, 2006 the Company acquired certain assets and assumed certain liabilities of the Access Control Products Group (ACPG) division of Checkpoint Systems Inc. with an effective date as of the close of business on December 30, 2005. The Company is a former public shell which had no operations. ACPG was acquired in order for the Company to have an operating business. The aggregate purchase price including acquisition costs of approximately \$0.3 million was approximately \$2.9 million.

F-49

The following table summarizes the estimated fair values of the assets acquired and liabilities assumed as of the date of acquisition.

	December 31, 2005	Amount (In thousands)
Accounts receivable		\$ 1,097

Goodwill and intangible assets arose from the ACPG acquisition. The aggregate of the purchase price plus acquisition costs of approximately \$2,900 exceeded the fair market value for all identifiable net assets. An independent appraisal was conducted of all tangible and intangible assets (including, but not limited to, inventory, fixed assets, developed software, hardware designs, customer lists, patents, trademarks and trade names, etc.) received as a result of the acquisition of ACPG. The results of this appraisal gave rise to, among other things, goodwill. Goodwill of approximately \$464 and intangible assets of approximately \$521 were recorded, net of purchase price adjustments based on the independent appraisal. Based on the results of the independent appraisal on the intangible assets acquired, the Company booked amortization of \$61 which was charged to operations for the year ended December 31, 2006.

The following unaudited pro forma information presents results of operations of L Q Corporation, Inc. as if the acquisition of ACPG occurred as of January 1, 2004. Although prepared on a basis consistent with L Q Corporation, Inc. consolidated financial statements, these unaudited pro forma results do not purport to be indicative of the actual results of operations of the combined companies which would have been achieved had these events occurred at the beginning of the periods presented nor are they indicative of future results. We also intend to execute such agreements with our future directors and executive officers.

NOTE 5. Common Stock

At a September 29, 2003 meeting, the Company's stockholders approved amendments to the Company's certificate of incorporation to effect a 1-for-250 reverse stock split, to be followed immediately by a 35-for-1 forward stock split (collectively, the Reverse/Forward Stock Split), as well as a reduction in the number of common shares authorized for issuance from 50,000,000 shares to 30,000,000 shares (the Share Reduction). On June 7, 2004, the Company filed amendments to its Certificate of Incorporation to implement the Reverse/Forward Stock Split and the Share Reduction, which took place on July 26, 2004. All weighted average and earnings per share amounts have been restated to reflect the retroactive effect of the Reverse/Forward Stock Split except for the capitalization of the Company.

On August 4, 2004, the Company retired approximately 30,000 shares of common stock.

NOTE 6. Preferred Stock Rights Agreements

On April 15, 2003, the Company's Board of Directors approved the repeal of the Preferred Stock Rights Agreement. The Preferred Stock Rights Agreement gave rights to stockholders, exercisable after a person or group announced acquisition of 10% or more of the Company's common stock or announced commencement of a tender or exchange offer the consummation of which would have resulted in ownership by the person or group of 10% or more of the Company's common stock to acquire shares of the

Company's common stock or shares of any company in which the Company was merged.

NOTE 7. Income Tax

Edgar Filing: DYNABAZAAR INC - Form S-4

Deferred taxes are comprised of the following (\$ in thousands):

	December 31,	
	2006	2005
Deferred tax assets	\$ 9,653	\$8,785
Net Operating loss and tax credit carryforwards		
Depreciation and amortization	37	41
Total deferred tax assets	9,690	8,826
Less: Valuation allowance	(9,690)	(8,826)
Total deferred tax assets	\$	\$

At December 31, 2006, the Company had approximately \$20.89 million of federal and state net operating loss carryforwards available to offset future taxable income. The federal and state net operating loss carryforwards expire beginning in 2013. At December 31, 2006, the Company had approximately \$2.0 million of federal and state research and development tax credit carryforwards available to offset future taxes. The federal tax credit carryforward expire in varying amounts beginning in 2011. The California tax credit carryforward can be carried forward indefinitely.

The total net operating loss carry-forwards (NOL) of \$138.0 million has been reduced, for financial reporting purposes by \$117.2 million for federal and \$48.9 million for state, which is unlikely ever to be utilized due to the application of the Section 382 provisions. The remainder of the NOL also likely might effectively be obviated if certain future events were to occur that would invoke additional Section 382 provisions. Future use of the NOL s therefore is extremely speculative and should not be presumed absent extensive analysis of the complex Section 382 provisions.

The Company has incurred a loss in each period since its inception. Based on the available objective evidence, including the Company s history of losses, management believes it is more likely than not that the net deferred tax assets will not be fully realizable. Accordingly, the Company has provided for a full valuation allowance against its total deferred tax assets at December 31, 2006 and 2005. The valuation allowance increased by approximately \$864,000 and \$125,000 in the year ended December 31, 2006, and 2005 respectively.

NOTE 8. Commitments and Contingencies

Obligations Under Capital Leases:

The Company leases certain equipment under a capital lease expiring in 2009. The assets and liabilities under that capital lease are recorded at the lower of the present value of the minimum payments or the fair value of the assets. The assets are amortized over their estimated useful lives. Amortization of assets under capital lease is included in depreciation and amortization expense for the year ended December 31, 2006.

At December 31, 2006 and 2005, fixed assets included \$85 and \$0 respectively, and accumulated amortization included \$21 and \$0, respectively, related to assets recorded under the capital lease.

Litigation

From time to time, the Company has been subject to litigation including the pending litigation described below. Because of the uncertainties related to both the amount and range of loss on the pending litigation, management is generally unable to make a reasonable estimate of the liability that could result from an unfavorable outcome and has therefore not recorded a liability, except as described below. As additional information becomes available, the Company will assess its potential liability and revise its estimates. Pending or future litigation could be costly, could cause the diversion of management's attention and could upon resolution, have a material adverse effect on the Company's business, results of operations, financial condition and cash flow.

In addition, the Company is engaged in certain legal and administrative proceedings incidental to its normal business activities and believes that these matters will not have a material adverse effect on its financial position, results of operations or cash flow.

On or about April 7, 2000, SightSound filed an Amended Complaint in a lawsuit in the United States District Court for the Western District of Pennsylvania (the Pennsylvania Court) alleging that certain former customers of ours, N2K, Inc., CDNow, Inc. and CDNow Online, Inc., which have since merged into BeMusic, infringed one or more of three patents of SightSound (Nos. 5,191,573; 5,675,734; and 5,996,440). In January 2002, we agreed to share evenly with CDNow Online, Inc. all legal fees incurred by CDNow Online, Inc. in defending the patent infringement action, but required BeMusic to consult in good faith with us regarding its defense and/or settlement of the patent infringement action. On February 20, 2004, an Order was entered in the Pennsylvania Court ending the lawsuit by SightSound against BeMusic. As a result of the entry of the Order and pursuant to a separate agreement between SightSound and BeMusic executed on February 12, 2004, SightSound dismissed the SightSound litigation and released all claims against us. Entry of the Order also made effective a Settlement Agreement and Mutual Release executed on February 13, 2004 by us and BeMusic (the Settlement Agreement). The Settlement Agreement finally resolves all matters between BeMusic and us relating to the SightSound litigation. Under the terms of the Settlement Agreement, we paid \$1,452,000 to BeMusic and approximately \$314,000 in legal fees relating to the SightSound litigation. These payments were in addition to \$335,827 previously paid by us for our share of attorney fees incurred in connection with this matter. As a result of the Settlement Agreement, we have no further obligation to maintain available cash on hand in connection with the SightSound litigation. Neither party to the Settlement Agreement admitted any wrongdoing or any indemnification obligations in connection with this litigation.

We are a defendant in certain purported class action lawsuits filed by individual shareholders in the U.S. District Court for the Southern District of New York against certain of our former officers and directors, and various of the underwriters in our initial public offering (IPO) and secondary offering. The lawsuits have been filed by

F-56

individual shareholders who purport to seek class action status on behalf of all other similarly situated persons who purchased the common stock of the Company between July 8, 1999 and December 6, 2000. A consolidated amended class action complaint was filed on April 19, 2002. The complaint alleges that certain underwriters of the initial public offering solicited and received excessive and undisclosed fees and commissions in connection with that offering. The complaint further alleges that the defendants violated the federal securities laws by issuing a registration statement and prospectus in connection with the Company's initial public offering which failed to accurately disclose the amount and nature of the commissions and fees paid to the underwriter defendants. On or about October 8, 2002, the Court entered an Order dismissing the claims asserted against certain individual defendants in the consolidated actions without any payment from these individuals or the Company. On or about February 19, 2003, the Court entered an Order dismissing with prejudice the claims asserted against the Company under Section 10(b) of the Securities Exchange Act of 1934, as amended. As a result, the only claims that remain against the Company are those arising under Section 11 of the Securities Act of 1933, as amended. The Company has entered into an agreement-in-principle to settle the remaining claims in the litigation. The proposed settlement will result in a dismissal with prejudice of all claims and will include a release of all claims that were brought or could have been brought against the Company and its present and former directors and officers. It is anticipated that any payment to the plaintiff class and their counsel will be funded by the Company's directors' and officers' liability insurance and that no direct payment will be made by the Company. The parties have negotiated and executed a definitive settlement agreement. The proposed settlement provides that the class members in the class action cases brought against the participating issuer defendants will be guaranteed a recovery of \$1 billion by insurers of the participating issuer defendants. If recoveries totaling \$1 billion or more are obtained by the class members from the underwriter defendants, however, the monetary obligations to the class members under the proposed settlement will be satisfied. In addition, LQ Corporation and any other participating issuer defendants will be required to assign to the class members certain claims that they may have against the underwriters of their IPO's. The proposed settlement contemplates that any amounts necessary to fund the settlement or settlement-related expenses would come from participating issuers' directors and officers' liability insurance policy proceeds as opposed to funds of the participating issuer defendants themselves. A participating issuer defendant could be required to contribute to the costs of the settlement if that issuer's insurance coverage were insufficient to pay that issuer's allocable share of the settlement costs. If ultimately approved by the Court, the proposed settlement would result in the dismissal, with prejudice, of all claims in the litigation against LQ Corporation and all of the other issuer defendants who have elected to participate in the proposed settlement, together with the current or former officers and directors of participating issuers who were named as individual defendants. The proposed settlement does not provide for the resolution of any claims against the underwriter defendants, and the litigation as against those defendants is continuing. Consummation of the proposed settlement remains conditioned upon obtaining approval by the Court. On September 1, 2005, the Court granted preliminary approval of the proposed settlement and directed that notice of the terms of the proposed settlement be provided to class members. Thereafter, the court held a fairness hearing, on April 24, 2006, at which objections to the proposed settlement were heard. The Court has yet to issue a ruling on the motion for final approval. On December 5, 2006, the Court of Appeals for the Second Circuit reversed the Court's order certifying a class in six test cases that were selected by the underwriter defendants and plaintiffs in the coordinated proceeding. The plaintiffs have filed a petition seeking rehearing of the Second Circuit's class certification ruling, and the District Court has ordered that all activity in the consolidated proceeding before it, including consideration of the proposed settlement, will be stayed pending the ruling on whether to entertain the petition for rehearing. LQ Corporation was not party to one of the test cases, and it is unclear what impact, if any, the Second Circuit's class certification ruling will have on our case or the viability of the proposed settlement. In the event the settlement is not finalized, the Company believes that it has meritorious defenses to plaintiffs' claims and intends to defend the action vigorously.

Guarantees, Warranties and Indemnification

The Company, as permitted under Delaware law and in accordance with its Bylaws, indemnifies its officers and directors for certain events or occurrences, subject to certain limits, while the officer is or was serving at the Company's request in such capacity. The term of the indemnification period is for the officer's or director's lifetime. The maximum amount of potential future indemnification is unlimited; however, the Company has a Director and Officer Insurance Policy that limits its exposure and enables it to recover a portion of any future amounts paid. As a result of the Company's insurance policy coverage it believes the fair value of these indemnification agreements is minimal.

F-57

In the Company's sales agreements, the Company typically agrees to indemnify its customers for any expenses or liability resulting from claimed infringements of patents, trademarks or copyrights of third parties. The terms of these indemnification agreements are generally perpetual any time after execution of the agreement. The maximum amount of potential future indemnification is unlimited. Except for the Sightsound legal matter (see LITIGATION above), to date the Company has not paid any amounts to settle claims or defend lawsuits related to indemnification under its sales agreements.

The Company provides product warranties for various products. These warranties vary in length depending on the product. The Company accrues warranty costs based on historical data of warranty transactions.

NOTE 11. Employee Benefits

Stock Option Plans

In September 1996, the Board of Directors adopted the 1996 Equity Incentive Plan (the 1996 Plan), which initially provided for the granting of up to 1,144,000 incentive stock options and nonqualified stock options. In August 1997, October 1998 and April 1999, an additional 441,000, 88,000 and 1,600,000 shares, respectively, were authorized for grants under the 1996 Plan. Under the 1996 Plan, incentive stock options may be granted to employees of the Company and nonqualified stock options and stock purchase rights may be granted to consultants, employees, directors and officers of the Company. Options granted under the 1996 Plan generally vest 25% after the first year and then 2.083% each month thereafter until 100% vested. Options granted to stockholders who own greater than 10% of the outstanding stock must be for periods not to exceed five years and must be issued at prices not less than 110% of the estimated fair market value of the stock on the date of grant as determined by the Board of Directors. In April 1999, the 1996 Plan was also amended to provide for annual increases on January 1 equal to the lesser of 1,500,000 shares, 5% of the outstanding shares on such date or a lesser amount determined by the Board of Directors. For the year ended December 31, 2006, approximately 123,000 options were granted under the 1996 plan.

In April 2000, the Board of Directors adopted the 2000 Nonstatutory Stock Option Plan (the 2000 Plan), which provided for the granting of up to 500,000 nonqualified stock options. Under the 2000 Plan, stock options may be

granted to employees of the Company. Options granted under the 2000 Plan are for periods not to exceed ten years, and are issued at prices determined by the Board of Directors or any of its committees. Options granted under the 2000 Plan vest at terms and conditions determined by the Board of Directors or any of its committees. Options granted for the year ended December 31, 2000 vest 25% after the first year and then 2.083% each month thereafter until 100% vested. Options granted for the year ended December 31, 2001 vest 2.083% each month until 100% vested. Employee Stock Purchase Plan

In April 1999, the Board of Directors adopted the 1999 Employee Stock Purchase Plan (the Purchase Plan) and reserved 500,000 shares of common stock for issuance thereunder. The Purchase Plan was approved by the stockholders in June 1999. On January 1, each year, the aggregate number of shares reserved for issuance under the Purchase Plan is increased by the lesser of 750,000 shares, 3% of the outstanding shares on such date or a lesser amount determined by the Board of Directors. The Purchase Plan became effective on the first business day on which price quotations for the Company's common stock were available on the Nasdaq National Market, which was July 8, 1999. Employees are eligible to participate if they are customarily employed by the Company or any participating subsidiary for at least 20 hours per week and more than five months in any calendar year and do not (i) immediately after grant own stock possessing 5% or more of the total combined voting capital stock, or (ii) possess

rights to purchase stock under all of the employee stock purchase plans at an accrual rate which exceeds \$25,000 worth of stock for each calendar year. The Purchase Plan permits participants to purchase common stock through payroll deductions up to 15% of the participant's compensation, as defined in the Purchase Plan, but limited to 2,500 shares per participant per purchase period. Each offering period includes four six-month purchase periods, and the Purchase Plan was amended in June 2000 so that purchase periods begin on April 1 and October 1 of each year, except for the offering period which started on the first trading day on or after the effective date of the public offering. The price at which the common stock is purchased under the Purchase Plan is 85% of the lesser of the fair market value at the beginning of the offering period or at the end of the purchase period. The Purchase Plan will terminate after a period of ten years unless terminated earlier as permitted by the Purchase Plan. Common stock issued under the plan was 34,940. No shares of Common Stock were issued under the Purchase Plan in 2006 and 2005 respectively.

Note 12. Subsequent Events

On January 5, 2007, the Company entered into an agreement and plan of merger (the Merger Agreement) with Dynabazaar and LQ Merger Corp., a Delaware corporation and a wholly-owned subsidiary of Dynabazaar (LMC), which Merger Agreement was amended and restated on February 26, 2007 (the Amended and Restated Merger Agreement). The Amended and Restated Merger Agreement provides that, upon the terms and subject to the conditions set forth in the Amended and Restated Merger Agreement, LMC will merge with and into the Company, with the Company continuing as the surviving corporation and our wholly-owned subsidiary.

Under the terms of the Amended and Restated Merger Agreement, the Company's stockholders will receive 3.68 shares of Dynabazaar common stock for each share of the Company's common stock they hold. Upon completion of the merger, the Company's stockholders will hold approximately 34% of the combined company and our stockholders will hold approximately 66% of the combined company on a fully-diluted basis. It is anticipated that the combined company's shares will continue to trade on the Over-The-Counter Bulletin Board.

Both the Company's and Dynabazaar's Board of Directors approved the Amended and Restated Merger Agreement in accordance with the recommendation of the special committees of independent directors formed by the Board of Directors of each company to evaluate the transaction.

The transaction is subject to stockholder approval and other customary conditions and is expected to be completed during the first half of 2007. A special meeting of stockholders of the Company will be announced in the near future to obtain stockholder approval of the transaction.

L Q CORPORATION, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

NOTE 1 - THE COMPANY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

THE COMPANY

OVERVIEW

L Q Corporation, Inc. (we or the Company) was incorporated in California as Liquid Audio, Inc. in January 1996 and reincorporated in Delaware in April 1999. In July 1999, we completed our initial public offering of common stock. Our name was formally changed to L Q Corporation, Inc. on January 7, 2004. Our principal executive offices are located at 888 Seventh Avenue, 17th Floor, New York, NY 10019 and our telephone number is (212) 974-5730.

Through January 2003, we provided an open platform that enabled the digital delivery of media over the Internet.

From January 2003 until December 30, 2005, we did not operate any business and were settling our remaining claims and liabilities while reviewing alternatives for the use or disposition of our remaining assets.

Checkpoint Acquisition

Edgar Filing: DYNABAZAAR INC - Form S-4

On January 6, 2006, the newly formed wholly-owned subsidiary of the Company, Sielox completed the acquisition from Checkpoint Systems, Inc. (Checkpoint) of substantially all of the net assets of Checkpoint s Access Control Products Group (ACPG) division, effective as of the close of business on December 30, 2005.

The ACPG business, which operates as Sielox(TM) under the Company s management, develops, designs and distributes open architecture access control software, programmable controllers (electronic circuit boards) and related accessories such as readers and ID cards, which can be configured to monitor, manage and control physical access to building perimeters and interior locations.

SES Resources, Ltd. Acquisition

On January 6, 2006, the Company s newly formed majority owned subsidiary, SES Resources International, Inc. (SES), completed the acquisition of substantially all of the assets of SES Resources, Ltd., a start up consulting venture, effective as of December 30, 2005. The assets of SES Resources, Ltd. consisted primarily of various trademarks. It was determined that these trademarks had a fair value of zero. Consideration given in exchange for these assets was a 19.5% ownership interest in SES. The newly formed business unit specializes in delivering critical strategic security and business protection solutions based on best practices developed by accomplished retired law enforcement agents and in association with an advisory panel comprised of senior executive service level government risk assessment and law enforcement professionals (Advisory Panel). SES s primary areas of specialization are expected to include: corporate investigations (e.g. know your customer, know your employee, know your vendor reviews), due diligence reviews, forensic accounting, anti-money laundering investigatory services consistent with the requirements of the Patriot Act, anti-counterfeiting and intellectual property protection, corporate health and wellness consultancy, emergency preparedness and contingency planning; executive staffing solutions; and education and government training services.

The Advisory Panel will provide SES with strategic and operational advice, identify expert talent throughout the United States and internationally, and manage and staff client assignments. The Advisory Panel is in the process of being formed and currently includes Michael J. Thomas, a senior executive service level agent from the U.S. Internal Revenue Service, the former Chief of Police of Boca Raton, Florida and David Edelson MD, FACP, a medical doctor who is presently Assistant Clinical Professor at Albert Einstein College of Medicine. The Advisory Panel is chaired by one of the owners/founders of SES Resources Ltd. and vice chaired by one of the owners/founders of SES Resources Ltd. and by Sebastian Cassetta, the President and Chief Executive officer of the

F-66

Company. Mr. Cassetta is the former Vice President and Director of Brinks, Inc. SES is in the process of adding additional members to the Advisory Panel from various law enforcement agencies.

Our common stock is reported currently on the Over-the-Counter Bulletin Board. Our common stock was traded on the NASDAQ National Market, but was delisted on June 5, 2003. The market price of our common stock as of May 10, 2007 was \$1.03 per share. The market price of our common stock as of December 31, 2006 was \$1.13 per share.

Please see our audited consolidated financial statements and the accompanying notes for information regarding our revenues, net profits or losses and total assets for each of the last three years.

RECENT DEVELOPMENTS

On January 5, 2007, we entered into an agreement and plan of merger (the Merger Agreement) with Dynabazaar, Inc., a Delaware corporation (Dynabazaar) and LQ Merger Corp., a Delaware corporation and a wholly-owned subsidiary of Dynabazaar (LMC). On February 26, 2007, we entered into an amended and restated agreement and plan of merger (the Amended and Restated Merger Agreement) with Dynabazaar and LMC, which amended and restated the Merger Agreement. The Amended and Restated Merger Agreement provides that, upon the terms and subject to the conditions set forth in such agreement, LMC will merge with and into the Company with the Company continuing as the surviving corporation and a wholly-owned subsidiary of Dynabazaar.

Under the terms of the Amended and Restated Merger Agreement, our stockholders will receive 3.68 shares of Dynabazaar common stock for each share of our common stock they hold. Upon completion of the merger, our stockholders will own approximately 34% of the combined company and Dynabazaar stockholders will own approximately 66% of the combined company on a fully-diluted basis. It is anticipated that the combined company s shares will continue to trade on the Over-The-Counter Bulletin Board.

Edgar Filing: DYNABAZAAR INC - Form S-4

The Boards of Directors of both Dynabazaar and the Company approved the Amended and Restated Merger Agreement in accordance with the recommendation of the special committees of independent directors formed by the Boards of Directors of each company to evaluate the transaction.

The transaction is subject to stockholder approval and other customary conditions and is expected to be completed during the second half of 2007. A special meeting of stockholders of the Company will be announced in the near future to obtain stockholder approval of the transaction.

LIQUIDITY (\$ IN THOUSANDS)

The Company has incurred losses and negative cash flows from operations every year since inception. For the three months ended March 31, 2007, the Company incurred a net loss of \$229 and negative cash flows from operations of \$267. As of March 31, 2007, the Company had an accumulated deficit of approximately \$142,000. The Company feels its existing cash and cash equivalents are sufficient to fund the Company's current operations and satisfy its other obligations for at least the next twelve months. The Company believes these other obligations will primarily relate to costs associated with the satisfaction of any potential legal judgments or settlements, investments in software development and engineering related to the operations of Sielox and other expenses related to the operations of SES. Such operational related expenses are expected to require the use of the Company's liquidity.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

The accompanying condensed consolidated financial statements of the Company for the three months ended March 31, 2007 (unaudited) and March 31, 2006 (unaudited) have been prepared on a basis consistent with our audited consolidated financial statements for the year ended December 31, 2006. The condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information. Consequently, these statements do not include all disclosures normally required by generally accepted accounting principles for annual financial statements. These condensed consolidated interim financial statements should be read in conjunction with our audited consolidated financial statements for the year ended December 31,

F-65

2006, which are contained in our Annual Report on Form 10-K filed with the Securities and Exchange Commission (SEC) on April 2, 2007 and the amended 10-K that was filed on April 30, 2007. The condensed consolidated interim financial statements, in the opinion of management, reflect all adjustments (including all normal recurring accruals) necessary to present fairly the Company's financial position, results of operations and cash flows for the interim periods ended March 31, 2007 and 2006. The results of operations for the interim periods are not necessarily indicative of the results of operations to be expected for the fiscal year.

PRINCIPLES OF CONSOLIDATION

The consolidated financial statements include the accounts of the Company and its wholly-owned and majority-owned subsidiaries Sielox and SES, respectively. Significant intercompany transactions and balances have been eliminated.

CASH AND CASH EQUIVALENTS (\$ IN THOUSANDS)

The Company considers all highly-liquid debt instruments with original maturities of three months or less to be cash equivalents, including highly rated money market funds with daily liquidity. At March 31, 2007, and throughout the three month period, balances of cash at financial institutions exceeded the federally insured limit. The Company has not experienced any losses in such accounts and believes it is not subject to any significant credit risk on cash and cash equivalents. The following schedule summarizes the estimated fair value of the Company's cash and cash equivalents:

	<u>March 31, 2007</u> <u>(unaudited)</u>	<u>December 31,</u> <u>2006</u>
Cash and cash equivalents:		
Cash	\$ 27	\$ 46

	<u>March 31, 2007</u> (unaudited)	<u>December 31,</u> 2006
Money market funds	1,644	1,904
	<u>\$1,671</u>	<u>\$1,950</u>

CONCENTRATION OF CREDIT RISK (\$ IN THOUSANDS)

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist primarily of cash and cash equivalents, short term investments and accounts receivable. Substantially all of the Company's cash and cash equivalents are invested in a highly liquid money market fund.

FAIR VALUE OF FINANCIAL INSTRUMENTS (\$ IN THOUSANDS)

The Company's financial instruments, including cash and cash equivalents, accounts receivable and accrued expenses payable are carried at cost. The Company's financial instruments approximate fair value due to their relatively short maturities. The Company does not hold or issue financial instruments for trading purposes.

INCOME TAXES

Effective January 1, 2007, the Company adopted the provisions of the Financial Accounting Standards Board (FASB) Interpretation No. 48, Accounting for Uncertainty in Income Taxes - an interpretation of FASB Statement No. 109 (FIN 48). There were no unrecognized tax benefits as of January 1, 2007 and as of March 31, 2007. FIN 48 prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense. No amounts were accrued for the payment of interest and penalties at January 1, 2007. There was no change to this balance at March 31, 2007. Management is currently unaware of any issues under review that could result in significant payments, accruals or material deviations from its position. The adoption of the provisions of FIN 48 did not have a material impact on the Company's financial position, results of operations and cash flows.

F-66

STOCK-BASED COMPENSATION (\$ IN THOUSANDS)

On January 1, 2006, the Company adopted Statement of Financial Accounting Standards (SFAS) No. 123(R), Accounting for Stock-Based Compensation (Revised). This statement requires companies to record compensation expense for share-based awards issued to employees and directors in exchange for services provided. The amount of compensation expense is based on the estimated fair value of the awards on their grant dates and is recognized, on a straight line basis, over the applicable vesting period. In addition, SFAS No. 123(R) requires forfeitures of share-based awards to be estimated at the time of grant and revised, if necessary, in subsequent periods if those estimates change based on the actual amount of forfeitures. In the pro-forma information required under SFAS No. 123 for periods prior to January 1, 2006, the Company accounted for forfeitures as they occurred.

The fair value of stock options is determined using an option-pricing model that takes into account the stock price at the grant date, the exercise price, the expected life of the option, the volatility of the underlying stock and the expected dividends on it, and the risk free interest rate over the expected life of the option.

In the three months ended March 31, 2007 and 2006, the Company recognized compensation expense of \$5 and \$12, respectively, in the Company's condensed consolidated financial statements, all of which was for stock options. This amount includes compensation expense for stock options which were granted prior to January 1, 2006 but were not yet vested as of that date. Such compensation expense was estimated in accordance with the provisions of SFAS No. 123(R). The compensation expense also includes the expense recognized for stock options granted subsequent to January 1, 2006. Such compensation expense was estimated based on the grant date fair value in accordance with provisions of SFAS No. 123(R). Compensation expense increased by \$1 and \$8 during the three months ended March 31, 2007 and 2006, respectively, as a result of implementing SFAS No. 123(R).

Edgar Filing: DYNABAZAAR INC - Form S-4

On January 6, 2006, in conjunction with the completion of the purchase of the ACPG division of Checkpoint and SES Resources, Ltd., the Company awarded 123,000 stock option grants. These options were granted to employees of Sielox and SES, together with members of the Advisory panel and executive officers. Due to the resignation of former CEO William Fox, 40,000 of those options were forfeited. In addition, approximately 66,000 previously outstanding options were forfeited as a result of Mr. Fox's resignation. Due to the resignation of former director and Chairman of the Board James A. Mitarotonda, approximately 160,000 previously outstanding options were forfeited.

Amortization expense for the three months ended March 31, 2007 was \$15. Estimated amortization expense applicable to amortizable intangible assets for each of the next 5 years is \$61.

All intangible assets of the Company are attributable to the Sielox, LLC reporting segment and the weighted average amortization for the Company's intangible assets is 9 years. The estimated useful life for Proprietary Technology and Existing Relationships is 8 and 15 years, respectively.

NOTE 4 - NET LOSS PER SHARE:

Basic and diluted net loss per share is computed by dividing the net loss for the period by the weighted average number of common shares outstanding during the period. The calculation of diluted net loss per share excludes potential common shares if the effect is anti-dilutive. Potential common shares consist of unvested restricted common stock and incremental common shares issuable upon the exercise of stock options. The Company had a total of 184,000 and 596,000 of such options outstanding at March 31, 2007 and 2006, respectively.

NOTE 5 - SEGMENT REPORTING (\$ IN THOUSANDS):

Effective January 1, 1998, the Company adopted the provisions of SFAS No. 131, Disclosures about Segments of an Enterprise and Related Information. SFAS No. 131 establishes standards for the method in which companies report information about operating segments in financial statements. SFAS No. 131 focuses on the internal organization that is used by management for making operating decisions and assessing performance as the source of the Company's reportable segments. SFAS No. 131 also requires disclosures about products and services, geographic areas and major customers. The Company has determined that it operated in two operating segments at March 31, 2007 and 2006, respectively. The following information related to revenues, net losses and total assets are the only measures used by chief operating decision makers of the Company to evaluate segment performance. Substantially all of the Company's assets and revenues are located in, and derived from, the United States.

The following table represents total net revenues of each of the Company's reporting segments for the three months ended March 31, 2007 and 2006:

NOTE 7 - COMMITMENTS AND CONTINGENCIES:

Legal proceedings

We are a defendant in certain purported class action lawsuits filed by individual shareholders in the U.S. District Court for the Southern District of New York against certain of our former officers and directors, and various of the underwriters in our initial public offering (IPO) and secondary offering. The lawsuits have been filed by individual shareholders who purport to seek class action status on behalf of all other similarly situated persons who purchased our common stock between July 8, 1999 and December 6, 2000. A consolidated amended class action complaint was filed on April 19, 2002. The complaint alleges that certain underwriters of the IPO solicited and received excessive and undisclosed fees and commissions in connection with that offering. The complaint further alleges that the defendants violated the federal securities laws by issuing a registration statement and prospectus in connection with our IPO which failed to accurately disclose the amount and nature of the commissions and fees paid to the underwriter defendants. On or about October 8, 2002, the Court entered an Order dismissing the claims asserted against certain individual defendants in the consolidated actions without any payment from these individuals or us. On or about February 19, 2003, the Court entered an Order dismissing with prejudice the claims

asserted against us under Section 10(b) of the Exchange Act. As a result, the only claims that remain against us are those arising under Section 11 of the Securities Act. The parties have negotiated and executed a definitive settlement agreement. The proposed settlement provides that the class members in the class action cases brought against the participating issuer defendants will be guaranteed a recovery of \$1 billion by insurers of the participating issuer defendants. If recoveries totaling \$1 billion or more are obtained by the class members from the underwriter defendants, however, the monetary obligations to the class members under the proposed settlement will be satisfied. In addition, we and any other participating issuer defendants will be required to assign to the class members certain claims that they may have against the underwriters of their IPOs. The proposed settlement contemplates that any amounts necessary to fund the settlement or settlement-related expenses would come from participating issuers' directors and officers' liability insurance policy proceeds as opposed to funds of the participating issuer defendants

themselves. A participating issuer defendant could be required to contribute to the costs of the settlement if that issuer's insurance coverage were insufficient to pay that issuer's allocable share of the settlement costs. If ultimately approved by the Court, the proposed settlement would result in the dismissal, with prejudice, of all claims in the litigation against us and all of the other issuer defendants who have elected to participate in the proposed settlement, together with the current or former officers and directors of participating issuers who were named as individual defendants. The proposed settlement does not provide for the resolution of any claims against the underwriter defendants, and the litigation as against those defendants is continuing. Consummation of the proposed settlement remains conditioned upon obtaining approval by the Court. By order entered on September 1, 2005, the Court granted preliminary approval of the proposed settlement and directed that notice of the terms of the proposed settlement be provided to class members. Thereafter, the court held a fairness hearing, on April 24, 2006, at which objections to the proposed settlement were heard. The Court has yet to issue a ruling on the motion for final approval. On December 5, 2006, the Court of Appeals for the Second Circuit reversed the Court's order certifying a class in six test cases that were selected by the underwriter defendants and plaintiffs in the coordinated proceeding. On April 6, 2007, the Court of Appeals denied the plaintiffs' petition for rehearing of the Court's December 5, 2006 ruling but noted that the plaintiffs remain free to ask the District Court to certify a different class which might meet the standards for class certification that the Court of Appeals articulated in its December 5, 2006 decision. Because our proposed settlement with the plaintiffs involves the certification of the case against us as a class action for settlement purposes, it is unclear what impact, if any, the Second Circuit's class certification ruling will have on our case or the viability of the proposed settlement. In the event the settlement is not finalized, the Company believes that it has meritorious defenses to plaintiffs' claims and intends to defend the actions vigorously.

The expense of defending this litigation may be significant. The amount of time to resolve these lawsuits is unpredictable and defending us may divert management's attention from the day-to-day operations of our business, which could adversely affect our business, results of operations and cash flows. In addition, an unfavorable outcome in such litigation could have a material adverse effect on our business, results of operations and cash flows.

Contingencies

On January 6, 2006, the Company's wholly-owned subsidiary, Sielox, acquired Checkpoint's ACPG division. The acquisition had an effective date of December 30, 2005. The total cash consideration given to Checkpoint for the transaction was approximately \$2.6 million, of which approximately \$2.5 million was paid directly to Checkpoint and \$100,000 was paid to an escrow agent on January 6, 2006.

This cash is held by the escrow agent and will be delivered by the agent to Checkpoint after a period of 18 months subsequent to the acquisition date assuming no claims for indemnification are made against Checkpoint.

Commitment

The Company is committed to make purchases of approximately \$1,398,000 from a vendor within an 18 month period starting July 1, 2007 and ending December 31, 2008. The commitment was entered into in order to obtain more favorable pricing for the Company's inventory.

NOTES TO UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL STATEMENTS

1. Basis of Presentation

The boards of directors of Dynabazaar, Inc. and L Q Corporation, Inc. have each unanimously approved a combination of the two companies pursuant to the Amended and Restated Agreement and Plan of Merger, dated as of February 26, 2007, by and among Dynabazaar, LQ Merger Corp., a Delaware corporation and a direct, wholly-owned subsidiary of Dynabazaar, and L Q Corporation, which amended and restated the Agreement and Plan of Merger entered into as of January 5, 2007 by the same parties. The proposed transaction would take the form of a merger of LQ Merger Corp. with and into L Q Corporation, with L Q Corporation continuing after the merger as the surviving corporation and a wholly-owned subsidiary of Dynabazaar, and stockholders of L Q Corporation becoming stockholders of Dynabazaar.

The unaudited pro forma condensed combined financial statements assume the issuance of approximately 11,828,000 shares of Dynabazaar common stock upon merger. Upon the completion of the proposed merger, L Q Corporation stockholders will receive 3.68 shares of Dynabazaar common stock, par value \$0.001 for each share of L Q Corporation common stock they own as of the effective time of the merger. The fixed ratio for exchange will be appropriately adjusted if any change occurs in the outstanding shares of capital stock of either company.

The estimated purchase price and allocation of the estimated purchase price discussed below are preliminary as the proposed merger has not yet been completed. The actual purchase price will be based on the number of shares of common stock outstanding of L Q Corporation at the consummation of the proposed merger and the market value of Dynabazaar's common stock at the close of business on such date. The final allocation of the purchase price will be based on the fair value of L Q Corporation's assets and liabilities at the date of merger.

Edgar Filing: DYNABAZAAR INC - Form S-4

The preliminary estimated total purchase price is based on the market value of Dynabazaar's common stock and the total number of outstanding common stock of L Q Corporation at the close of business on February 26, 2007, the date of the Amended and Restated Merger Agreement. The preliminary estimated total purchase price of the merger is as follows (\$ in thousands):

Total number of shares outstanding of L Q Corporation (approximately)	3,214,000
Estimated number of shares issued by Dynabazaar (approximately)	11,828,000
Market value of Dynabazaar's common stock	\$ 0.33
Total preliminary estimated purchase price *	\$ 3,903,000

*The estimated purchase price does not include direct transaction costs as it is not practicable to reasonably estimate them at this time. Such costs will be added to the purchase price, as appropriate, upon consummation of the merger.

Under the purchase method of accounting, the total estimated purchase price as shown above will be allocated to L Q Corporation's net tangible and intangible assets based on their estimated fair values as of the date of the completion of the merger. Estimated intangible assets resulting from the proposed merger are approximately \$859,000 if the transaction were to have taken place on February 26, 2007, the date of the Amended and Restated Merger Agreement. The estimated intangible assets resulting from the proposed merger are approximately \$276,000 if the transaction were to have taken place on January 1, 2007. The intangible assets that will ultimately be recognized will be adjusted based on the stock price of Dynabazaar and the number of shares outstanding of L Q Corporation upon the consummation of the merger. Since the estimated purchase price exceeds the fair value of the identifiable intangible assets, the transaction could result in, among other things, goodwill. These intangible assets acquired will be subject to an independent valuation subsequent to the completion of the proposed merger.

NOTES TO UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL STATEMENTS

1. Basis of Presentation (continued)

Goodwill and intangible assets (\$ in thousands)

Goodwill related to L Q Corporation of \$464 relates to the acquisition of ACPG and would be eliminated at the completion of the proposed merger. Management believes that all identifiable intangible assets of L Q Corporation will retain their fair value upon an independent appraisal. Estimated intangible assets, subject to independent appraisal, resulting from the proposed merger are \$859 given the consideration contemplated on Feb 26, 2007. The intangible assets that will ultimately be recognized will be adjusted based on the stock price of Dynabazaar and the number of shares outstanding of LQ Corporation upon the consummation of the merger. The independent appraisal could give rise to, among other things, goodwill. In accordance with SFAS No. 142, Goodwill and Other Intangible Assets, goodwill will not be amortized but instead will be tested for impairment at least annually (more frequently if certain indicators are present). In the event that management of the combined company determines that the value of goodwill has become impaired, the combined company will incur an impairment charge during the fiscal quarter in which the determination is made.

Selling, general and administrative expenses

Management believes, as a result of the proposed merger, the combined company will benefit from significant cost savings. These savings are related to overhead expenses associated with the operation of a public company. Management believes these savings will be significant. Estimated savings shown in the accompanying pro forma adjustments to the Unaudited Pro Forma Condensed Combined financial statements may not be indicative of actual results.

2. Unaudited Pro Forma Adjustments

Unaudited pro forma adjustments are necessary to reflect the estimated purchase price, estimated goodwill resulting from the proposed merger and estimated cost savings for the combined company as a result of the proposed merger.

There were no significant intercompany balances and transactions between Dynabazaar and L Q Corporation as of the dates and for the periods of these pro forma condensed combined financial statements.

The pro forma adjustments do not include an estimate for direct costs of the transaction because those costs can not be reasonably estimated at this time.

Edgar Filing: DYNABAZAAR INC - Form S-4

Dynabazaar has not identified any pre-merger contingencies where the related asset, liability or impairment is probable and the amount of the asset, liability or impairment can be reasonably estimated. Prior to the end of the purchase allocation period, if information becomes available which would indicate it is probable that such events have occurred and the amounts can be reasonably estimated, such items will be included in the purchase price allocation.

The unaudited pro forma adjustments included in the unaudited pro forma condensed combined financial statements are as follows:

Goodwill

Goodwill related to the previous acquisition of ACPG, by L Q Corporation will be eliminated upon the consummation of the merger.

Based on an estimated purchase which exceeds the fair value of L Q Corporation's net assets intangible assets will be recognized which could give rise to, among other things, goodwill.

Equity

The equity in L Q Corporation will be eliminated upon the consummation of the merger.

Estimated stock which will be distributed upon the merger will be approximately 11,828,000. This distribution will have an effect Dynabazaar's common stock as well as additional paid in capital.

Expenses

It is anticipated that the new combined entity will experience a decrease in selling, general and administrative expenses as a result of the merger. Major components of those decreases are:

A decrease in the management fees paid to Barington Capital Group LP. As a result of the termination of the Administrative Services Agreement.

A decrease in premiums paid for director and officer insurance due to being able to combine the two existing policies.

A decrease in premiums paid for general liability insurance due to being able to combine existing policies.

A decrease in fees paid to the Board of Directors due to a decrease in the number of Board members.

A decrease in fees paid for shareholder services, the combined entity will use one transfer agent.

A decrease in professional fees, both legal and accounting, due to the combined entity having to prepare and file only one annual 10K, one quarterly 10Q, one set of financial statements and tax returns.

A reduction in franchise taxes paid to the state of Delaware.

A reduction in advertising and trade show expense due to the combined entity sharing, amongst other things, participation in various trade shows.

Extraordinary gain

The extraordinary gain recognized in the pro forma adjustments for the year ended December 31, 2006 is the gain which would have been recognized if the proposed merger was consummated at January 1, 2006.

3. Pro Forma Net Income Per Share

The pro forma basic and diluted net income per share is based on the estimated number of Dynabazaar common shares outstanding upon the consummation of the proposed merger.

AMENDED AND RESTATED AGREEMENT AND PLAN OF MERGER

This Amended and Restated Agreement and Plan of Merger (this **Agreement**) is entered into as of the 26th day of February, 2007 by and among Dynabazaar, Inc., a Delaware corporation (**Dynabazaar**), LQ Merger Corp., a Delaware corporation and a direct, wholly owned subsidiary of Dynabazaar (**LMC**), and L Q Corporation, Inc., a Delaware corporation (**LQ**).

A. WITNESSETH:

1. The Boards of Directors of Dynabazaar, LMC and LQ have each approved and adopted this Agreement and determined that the merger (the **Merger**) of LMC with and into LQ, with the result that LQ, as the surviving corporation, will continue as a wholly owned subsidiary of Dynabazaar, is advisable and in the best interests of their respective stockholders. The parties intend (i) that the Merger shall constitute a reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended and the regulations promulgated thereunder (the **Code**), (ii) by approving resolutions authorizing this Agreement, to adopt this Agreement as a plan of reorganization within the meaning of Sections 354 and 361 of the Code and (iii) that the transactions contemplated by this Agreement be undertaken pursuant to such plan.

2. Pursuant to the Merger, each outstanding share of LQ's common stock, par value \$0.001 per share (the **LQ Common Stock** and each such share, a **Share**), shall be converted into the right to receive the Merger Consideration (as defined below), with the result that LQ's stockholders will receive, in the aggregate, approximately 11,829,021 shares of Dynabazaar's common stock, par value \$0.001 per share (the **Dynabazaar Common Stock**).

3. In connection with the Merger and this Agreement, Barington Capital Group, L.P. and certain of its affiliates have agreed to vote all shares of LQ Common Stock and Dynabazaar Common Stock beneficially owned by them as to the approval of the Merger, in proportion to the votes of the other stockholders of the respective corporations.

NOW, THEREFORE, in consideration of the representations, warranties, covenants and agreements contained in this Agreement and intending to be legally bound hereby, the parties hereto agree as follows:

B. THE MERGER

1. *Effective Time, etc.* As promptly as practicable (and in any event within two business days) after the satisfaction or waiver of the conditions set forth in F. below, the parties shall cause the Merger to be consummated by filing with the Secretary of State of the State of Delaware a properly executed certificate of merger (the **Certificate of Merger**) as contemplated by the Delaware General Corporation Law (the **DGCL**). The Merger shall become effective at the time of such filing or at such later time, if any, as is agreed by the parties hereto and specified in the Certificate of Merger (the **Effective Time**). At the Effective Time, LMC shall be merged with and into LQ, the separate corporate existence of LMC shall cease, and LQ shall continue as the surviving corporation (sometimes referred to as the **Surviving Corporation**). The certificate of incorporation and by-laws of LMC, as in effect immediately prior to the Effective Time, shall be the certificate of incorporation and by-laws, respectively, of the Surviving Corporation until amended as provided therein. The directors of LMC immediately prior to the Effective Time shall be the initial directors of the Surviving Corporation and the officers of LQ immediately prior to the Effective Time shall be the initial officers of the Surviving Corporation, in each case until their respective successors are duly elected or appointed and qualified.

2. *Effect on Securities, Etc.* At the Effective Time, by virtue of the Merger:

(a) *Conversion of Securities.* Each Share issued and outstanding immediately prior to the Effective Time shall be converted, subject to adjustment as provided in Section B.2(d) below, into the right to

receive 3.68 shares (the **Exchange Ratio**) of Dynabazaar Common Stock (the **Stock Consideration**). Each Share held in the treasury of LQ or owned by Dynabazaar, LMC or any direct or indirect subsidiary of LQ or Dynabazaar immediately prior to the Effective Time shall be canceled and retired without payment.

Edgar Filing: DYNABAZAAR INC - Form S-4

(b) *Stock Options.* At the Effective Time, all options (**LQ Stock Options**) to purchase LQ Common Stock then outstanding, whether under LQ's 1996 Equity Incentive Plan, or otherwise (together, the **LQ Stock Option Plans**), shall be treated in accordance with Section E.9.

(c) *Capital Stock of LMC.* Each share of common stock, \$0.01 par value per share, of LMC issued and outstanding immediately prior to the Effective Time shall constitute one validly issued, fully paid and nonassessable share of common stock, par value \$0.01 per share, of the Surviving Corporation, with the result that the Surviving Corporation shall become a wholly owned subsidiary of Dynabazaar.

(d) *Adjustments to Exchange Ratio, Etc.* If, during the period between the date of this Agreement and the Effective Time, any change in the outstanding shares of capital stock of Dynabazaar or LQ shall occur, including by reason of any reclassification, recapitalization, stock split or combination, exchange or readjustment of shares, any acquisition or retirement of shares by the issuer thereof, or any stock dividend thereon with a record date during such period (but excluding any exercise of stock options issued and outstanding as of December 22, 2006 as set forth in Section C.3.), the Exchange Ratio, the Merger Consideration and any other amounts payable pursuant to the Merger or otherwise pursuant to this Agreement shall be appropriately adjusted.

(e) *Fractional Shares.* No certificates or scrip representing less than one share of Dynabazaar Common Stock shall be issued in exchange for shares of LQ Common Stock upon the surrender for exchange of a certificate which immediately prior to the Effective Time represented outstanding shares of LQ Common Stock (the **Certificates**). In lieu of any such fractional share, each holder of LQ Common Stock who would otherwise have been entitled to a fraction of a share of Dynabazaar Common Stock upon surrender of LQ Common Stock for exchange shall be paid upon such surrender (and after taking into account all Certificates surrendered by such holder) cash (without interest) in an amount equal to such fraction multiplied by the closing price of the Dynabazaar Common Stock on the NASDAQ OTCBB as reported by Bloomberg Financial Markets (or if such service is unavailable, a service providing similar information selected by Dynabazaar and LQ) on the trading day immediately preceding the date of the Effective Time.

3. *Exchange of Shares.* (a) *Exchange Agent.* Dynabazaar shall cause to be supplied to a bank or trust company designated by Dynabazaar and reasonably acceptable to LQ (the **Exchange Agent**), in trust for the benefit of the holders of LQ Common Stock, as needed for exchange and payment in accordance with this Section through the Exchange Agent, certificates evidencing the shares of Dynabazaar Common Stock issuable pursuant to Section B.2(a), and the cash to be paid in lieu of fractional shares pursuant to Section B.2(e).

(b) *Exchange Procedures.* As soon as reasonably practicable after the Effective Time, Dynabazaar will cause the Exchange Agent to mail to each holder of record of Certificates (i) a letter of transmittal (which shall specify that delivery shall be effected, and risk of loss and title to the Certificates shall pass, only upon proper delivery of the Certificates to the Exchange Agent and shall be in such form and have such other provisions as Dynabazaar may reasonably specify) and (ii) instructions to effect the surrender of the Certificates in exchange for the certificates evidencing shares of Dynabazaar Common Stock and cash in lieu of fractional shares. Upon surrender of a Certificate for cancellation to the Exchange Agent together with such letter of transmittal, duly executed, and such other customary documents as may be required pursuant to such instructions, the holder of such Certificate shall be entitled to receive in exchange therefor solely (A) certificates evidencing that number of whole shares of Dynabazaar Common Stock which such holder has the right to receive in accordance with Section B.2.(a) and (B) cash in respect of fractional shares as provided in Section B.2.(e) (the shares of Dynabazaar Common Stock and cash in respect of fractional shares being referred to, collectively, as the **Merger Consideration**), except that Shares held at the Effective Time in book-entry form shall be exchanged for Merger Consideration in accordance with the customary procedures of the Depository Trust Company. Certificates surrendered shall be canceled as of the Effective Time. In the event of a transfer of ownership of Shares which is not registered in the transfer records of LQ as of the Effective Time, the Merger Consideration may be issued and paid in accordance with this Section to a transferee if the Certificate evidencing such Shares is presented to the Exchange Agent, accompanied by all documents required to evidence and effect such transfer pursuant to this Section and by evidence that any applicable

A-2

stock transfer taxes have been paid. Until so surrendered, each outstanding Certificate that, prior to the Effective Time, represented Shares will be deemed from and after the Effective Time, for all corporate purposes, to evidence the ownership of the number of full shares of Dynabazaar Common Stock, and cash in respect of fractional shares, into which such Shares shall have been so converted.

(c) *Distributions with Respect to Unexchanged Shares.* No dividends or other distributions declared or made after the Effective Time with respect to Dynabazaar Common Stock with a record date after the Effective Time shall be paid to the holder of any unsurrendered Certificate with respect to the Dynabazaar Common Stock such holder is entitled to receive until the holder of such Certificate shall surrender such Certificate in accordance with the provisions of Section B.3.(b).

Edgar Filing: DYNABAZAAR INC - Form S-4

(d) *Transfers of Ownership.* If any certificate for Dynabazaar Common Stock is to be issued in a name other than that in which the Certificate surrendered in exchange therefor is registered, it will be a condition of the issuance thereof that the Certificate so surrendered shall be properly endorsed and otherwise in proper form for transfer and that the person requesting such exchange shall have paid to Dynabazaar or any agent designated by it any transfer or other taxes required by reason of the issuance of a certificate for Dynabazaar Common Stock in any name other than that of the registered holder of the Certificate surrendered, or establish to the satisfaction of Dynabazaar or any agent designated by it that such tax has been paid or is not payable.

(e) *Escheat.* Neither Dynabazaar nor LQ nor any of their respective affiliates shall be liable to any holder of LQ Common Stock for any Merger Consideration delivered to a public official pursuant to any applicable abandoned property, escheat or similar law.

(f) *Withholding Rights.* The Exchange Agent shall be entitled to deduct and withhold from the Merger Consideration otherwise payable pursuant to this Agreement, such amounts as the Exchange Agent is required to deduct and withhold with respect to such payment under the Code, or any provision of state, local or non-United States tax law. To the extent that amounts are so withheld by the Exchange Agent, such portion of the Merger Consideration that is withheld shall be treated for all purposes of this Agreement as having been received by the holder of the Shares in respect of which such deduction and withholding was made by the Exchange Agent.

(g) *Undistributed Certificates.* Any portion of the certificates evidencing the Dynabazaar Common Stock or the cash to be paid in lieu of fractional shares supplied to the Exchange Agent which remains undistributed to the holders of the Certificates for one year after the Effective Time shall be delivered to the Surviving Corporation, upon demand, and any holders of the Certificates who have not theretofore complied with this Section B.3 shall thereafter look only to the Surviving Corporation for payment of their claim for Merger Consideration and any dividends or distributions with respect to Dynabazaar Common Stock.

4. *Stock Transfer Books.* At the close of business on the date of the Effective Time, the stock transfer books of LQ shall be closed, and there shall be no further registration of transfers of the LQ Common Stock thereafter on the records of LQ. The Merger Consideration delivered upon the surrender for exchange of Shares in accordance with the terms hereof shall be deemed to have been issued in full satisfaction of all rights pertaining to such Shares. If, after the Effective Time, Certificates are presented to the Surviving Corporation for any reason, they shall be canceled and exchanged as provided in this Section B.

5. *Lost, Stolen or Destroyed Certificates.* In the event any Certificates shall have been lost, stolen or destroyed, the Exchange Agent shall issue in exchange therefor, upon the making of an affidavit of that fact by the holder thereof, such Merger Consideration as may be required pursuant to this Section B; provided, however, that the Surviving Corporation may, in its discretion and as a condition precedent to the issuance thereof, require the owner of such lost, stolen or destroyed Certificates to deliver a bond in such sum as it may reasonably direct as indemnity against any claim that may be made against Dynabazaar, the Surviving Corporation or the Exchange Agent with respect to the Certificates alleged to have been lost, stolen or destroyed.

The disclosure of any fact or item in any section of the LQ Disclosure Schedule or the LMC and Dynabazaar Disclosure Schedule shall, should the existence of such fact or item be relevant to any other section, be deemed to be disclosed with respect to such other section so long as the relevance of such disclosure to such other section is reasonably apparent.

LQ hereby represents and warrants to LMC and Dynabazaar with respect to LQ and its subsidiaries, and LMC and Dynabazaar hereby represent and warrant to LQ with respect to LMC and Dynabazaar and its subsidiaries, as follows:

1. *Organization and Qualification; Subsidiaries.* Each of such party and its subsidiaries is duly organized, validly existing and in good standing under the laws of the jurisdiction of its organization and has the requisite corporate power and authority to own, lease and operate its properties and to carry on its business as it is now being conducted, except as would not have a Material Adverse Effect. Each of such party and its subsidiaries is duly qualified as a foreign corporation and is in good standing in each jurisdiction where the character of its properties or the nature of its activities makes such qualification necessary, except as would not have a Material Adverse Effect. All of LQ's subsidiaries are set forth in the reports, schedules, proxy statements and other documents filed by LQ with the Securities and Exchange Commission (**SEC**) after December 31, 2004 and prior to the date of this Agreement (the **LQ SEC Documents**), and all of Dynabazaar's subsidiaries other than LMC are

Neither such party nor any of its subsidiaries is in violation of any of the provisions of its Charter Documents except as would not materially interfere with the operations of such entity or with the transactions contemplated hereby.

3. *Capitalization.* (a) The authorized capital stock of LQ consists of 30,000,000 shares of LQ Common Stock and 5,000,000 shares of Preferred Stock, par value \$.001 per share (the **LQ Preferred Stock**). No change in such capitalization has occurred since September 30, 2006, except for changes resulting from the exercise or termination of LQ Stock Options. Except as expressly set forth in this Section or the LQ SEC Documents, there are no options, warrants or other rights, agreements, arrangements or commitments of any character binding on LQ or any of its subsidiaries relating to the issued or unissued capital stock of LQ or any of its subsidiaries or obligating LQ or any of its subsidiaries, directly or indirectly, to issue, sell or register any shares of capital stock of, or other equity interests in, LQ or any of its subsidiaries. Except as expressly set forth in the LQ SEC Documents, there are no obligations, contingent or otherwise, of LQ or any of its subsidiaries to repurchase, redeem or otherwise acquire any shares of LQ Common Stock or the capital stock of any subsidiary. All of the outstanding shares of capital stock (other than directors' qualifying shares, if any) of each of LQ's subsidiaries are duly authorized, validly issued, fully paid and nonassessable, and all such shares (other than directors' qualifying shares, if any) owned by LQ or any of its subsidiaries are free and clear of all security interests, liens, claims, pledges, agreements, limitations in LQ's voting rights, charges or other encumbrances (collectively, **LQ Encumbrances**) of any nature whatsoever, except for such LQ Encumbrances as would not, individually or in the aggregate, have a Material Adverse Effect.

There are no outstanding obligations of Dynabazaar or any of its subsidiaries to repurchase, redeem or otherwise acquire any of its equity securities.

(c) Upon completion of the actions described in 4.(a)(ii) below, the shares of Dynabazaar Common Stock to be delivered as Merger Consideration will have been duly authorized and, when issued and delivered in accordance with the terms of this Agreement, will have been validly issued and will be fully paid and nonassessable, and the issuance thereof is not subject to any preemptive or other similar right.

4. *Authority Relative to This Agreement.* (a) Such party has all necessary corporate power and authority to execute and deliver this Agreement and to perform its obligations hereunder and to consummate the transactions contemplated hereby. The execution and delivery of this Agreement by such party and the consummation by such party of the transactions contemplated hereby have been duly and validly authorized by the Board of Directors of such party, and no other corporate proceedings on the part of such party are necessary to authorize this Agreement or to consummate the transactions so contemplated, other than (i) the adoption of this Agreement by the stockholders of LQ, (ii) the adoption of this Agreement by the stockholders of Dynabazaar, and (iii) the filing and recording of the Certificate of Merger as required by the DGCL.

(b) The provisions of Section 203 of the DGCL will not apply to the Merger.

(c) As of the date hereof, the Boards of Directors of LQ, LMC and Dynabazaar, respectively, have (i) determined that it is advisable and in the best interest of such party's stockholders for such party to enter into this Agreement and to consummate the Merger upon the terms and

subject to the conditions of this Agreement, (ii) adopted this Agreement in accordance with the applicable provisions of the DGCL and (iii) recommended the adoption of this Agreement by holders of such party's common stock, and (x) in the case of LQ directed that this Agreement be submitted for consideration by LQ's stockholders at a special meeting thereof (the **LQ Stockholders Meeting**), and (y) in the case of Dynabazaar directed that (A) this Agreement, and (B) an amendment to Dynabazaar's certificate of incorporation providing for a change in the corporate name of Dynabazaar to a name mutually acceptable to the parties hereto and the removal of the classification of the Dynabazaar Board of Directors (clause (B) is herein referred to as the **Dynabazaar Proposal**) be submitted for consideration by Dynabazaar's stockholders at a special meeting thereof (the **Dynabazaar Stockholders Meeting**). This Agreement has been duly and validly executed and delivered by such party and, assuming the due authorization, execution and delivery of this Agreement by the other parties hereto, constitutes a legal, valid and binding obligation of such party, enforceable against such party in accordance with its terms.

5. No Conflicts; Required Filings and Consents. (a) The execution and delivery of this Agreement by such party does not, and the performance of this Agreement by such party will not, (i) conflict with or violate such party's Charter Documents, (ii) conflict with or violate any law, rule, regulation, order, judgment or decree applicable to such party or any of its subsidiaries or by which any of their respective properties is bound or affected, or (iii) result in any breach of or constitute a default (or an event that with notice or lapse of time or both would become a default) under, or impair such party's or any of its subsidiaries' rights or alter the rights or obligations of any third party under, or give to others any rights of termination, amendment, acceleration or

A-5

cancellation of, or result in the creation of a lien or encumbrance on any of the properties or assets of such party or any of its subsidiaries pursuant to, any note, credit facility, contract, agreement, lease, license, or other instrument or obligation to which such party or any of its subsidiaries is a party or by which such party or any of its subsidiaries or any of their respective properties is bound or affected, except, in the case of clause (ii) or (iii), as would not, individually or in the aggregate, have a Material Adverse Effect.

(b) The execution and delivery of this Agreement by such party does not, and the performance of this Agreement by such party will not, require such party or any of its subsidiaries to make or seek any consent, approval, authorization or permit of, or filing with or notification to, any governmental, administrative or regulatory authority, U.S. and non-U.S. (each, a **Governmental Authority**), except (i) (I) for applicable requirements, if any, of the Securities Act of 1933, as amended, and the rules and regulations of the SEC thereunder (the **Securities Act**), (II) for applicable requirements, if any, of the Securities Exchange Act of 1934, as amended, and the rules and regulations of the SEC thereunder (the **Exchange Act**), (III) for applicable requirements, if any, under state securities laws and of the securities commissions or similar regulatory authorities in other applicable jurisdictions, if any; and (IV) filing and recordation of appropriate merger or other documents as required by the DGCL, (ii) where the failure to obtain such consents, approvals, authorizations or permits, or to make such filings or notifications, would not prevent or materially delay consummation of the Merger, or otherwise prevent or materially delay such party from performing its material obligations under this Agreement, or would not otherwise, individually or in the aggregate, have a Material Adverse Effect, or (iii) as to which any necessary consents, approvals, authorizations, permits, filings or notifications have heretofore been obtained or filed, as the case may be, by such party.

6. SEC Filings; Financial Statements. (a) Such party has filed all reports, schedules, statements and other documents (including all exhibits thereto) required to be filed with the SEC since December 31, 2004. Except as disclosed in such party's SEC Documents, such reports, schedules, statements and other documents (i) complied in all material respects with the applicable requirements of the Securities Act or the Exchange Act, as the case may be, and (ii) did not at the time they were filed (or if amended or superseded by a filing prior to the date of this Agreement, then on the date of such filing) contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(b) Except as expressly set forth in such party's SEC Documents, each of the consolidated financial statements (including, in each case, any related notes thereto) contained in such party's SEC Documents were prepared in accordance with United States generally accepted accounting principles (**GAAP**) applied on a consistent basis throughout the periods involved (except as may be indicated in the notes thereto), and each fairly presents in all material respects the consolidated financial position of such party and its subsidiaries at the respective dates thereof and the consolidated results of its operations and cash flows for the respective periods indicated, except that for purposes of the foregoing representation, any unaudited interim financial statements (i) shall be read in conjunction with such party's most recent audited consolidated financial statements contained in the case of Dynabazaar, in Dynabazaar's 2005 Annual Report on Form 10-K, and in the case of LQ, in LQ's 2005 Annual Report on Form 10-K, and (ii) were or are subject to normal and recurring year-end adjustments which were not or are not expected to be material in amount.

8. *No Undisclosed Liabilities.* Except as expressly set forth in such party's SEC Documents, neither such party nor any of its subsidiaries has any liabilities (absolute, accrued, contingent or

A-6

otherwise), except liabilities (i) in the aggregate fully reflected and adequately provided for in such party's unaudited balance sheet (including any related notes thereto) as of September 30, 2006, included in LQ's and Dynabazaar's respective Quarterly Reports on Form 10-Q for the quarter ended September 30, 2006 (in each case, such party's **2006 Balance Sheet**), (ii) incurred in the ordinary course of business and not required under GAAP to be reflected on such party's 2006 Balance Sheet, (iii) incurred since September 30, 2006 in the ordinary course of business and consistent with past practice in an amount not exceeding \$250,000 in the aggregate, or (iv) incurred in connection with this Agreement or the Merger or the other transactions contemplated hereby.

9. *Compliance; Permits.* (a) Except as expressly set forth in such party's SEC Documents, neither such party nor any of its subsidiaries is (or has been as a result of which it could reasonably be expected now or in the future to have material liability) in conflict with, or in breach, default or violation of, (i) any law, rule, regulation, order, judgment or decree applicable to such party or any of its subsidiaries or by which its or any of their respective properties is bound or affected, (ii) any note, bond, debenture, indenture, credit agreement or facility pursuant to which such party or any of its subsidiaries has or may incur indebtedness for borrowed money (a **Financing Agreement**) or any security, pledge, mortgage or trust agreement or arrangement in respect of any Financing Agreement or (iii) any other contract, agreement, lease, license, permit, franchise or other instrument or obligation to which such party or any of its subsidiaries is a party or by which such party or any of its subsidiaries or its or any of their respective properties is bound or affected except for any such conflicts, defaults or violations which would not, individually or in the aggregate, have a Material Adverse Effect.

(b) Except as expressly set forth in such party's SEC Documents, such party and its subsidiaries hold all permits, licenses, and approvals from governmental authorities which are material to the operation of the business of such party and its subsidiaries, taken as a whole, as it is now being conducted (collectively, the **Permits**), except where the failure to hold such Permits would not individually or in the aggregate, have a Material Adverse Effect. Such party and its subsidiaries are in compliance with the terms of the Permits, except as described in such party's SEC Documents or where the failure to so comply would not, individually or in the aggregate, have a Material Adverse Effect.

10. *Absence of Litigation.* Except as expressly set forth in such party's SEC Documents or arising out of the transactions contemplated by this Agreement, there are no claims, actions, suits, arbitrations, proceedings or investigations pending or, to the knowledge of such party, threatened against such party or any of its subsidiaries, or any properties or rights of such party or any of its subsidiaries, before any court, arbitrator or Governmental Authority, that would individually or in the aggregate, have a Material Adverse Effect.

11. *Restrictions on Business Activities.* 1. Except for this Agreement or as expressly set forth in such party's SEC Documents, to such party's knowledge, there is no agreement, judgment, injunction, order or decree binding upon such party or any of its subsidiaries which has or would reasonably be expected to have the effect of prohibiting or impairing the conduct of business by such party or any of its subsidiaries, or restricting any transactions between such party and its subsidiaries, except for any prohibition or impairment as would not individually or in the aggregate, have a Material Adverse Effect.

Other than with respect to such party and its subsidiaries, neither such party nor any of its subsidiaries is liable for Taxes of any other Person, or is currently under any contractual obligation to indemnify any person with respect to Taxes or is a party to any tax sharing agreement or any other agreement providing for payments by such party or any of its subsidiaries with respect to Taxes.

(b) For purposes of this Agreement, the term **Tax** shall mean any United States federal, national, state, provincial, local or other jurisdictional income, gross receipts, property, sales, use, license, excise, franchise, employment, payroll, estimated, alternative or add-on minimum, ad valorem, transfer or excise tax, or any other tax, custom, duty, governmental fee or other like assessment or charge imposed by any Governmental Authority, together with any interest or penalty imposed thereon. 1. *Conduct of Business by LQ.* During the period from the date of this Agreement until the earlier of the termination of this Agreement or the Effective Time, unless Dynabazaar shall otherwise agree in writing, LQ shall conduct its business and the businesses of its subsidiaries only in the ordinary course of business and consistent with past practice; and LQ shall use reasonable commercial efforts to preserve substantially intact the business organization of LQ and its subsidiaries, to keep available the services of the present officers, employees and consultants of LQ and its subsidiaries and to preserve the present relationships of LQ and its subsidiaries with customers, suppliers and other persons with which LQ or any of its subsidiaries has significant business relations. During such period, neither LQ nor any of its subsidiaries shall, directly or indirectly, without the prior written consent of Dynabazaar: (a) amend LQ Charter Documents; (b) issue, sell, pledge, dispose of or encumber, or authorize the issuance, sale, pledge, disposition or encumbrance of, any shares of capital stock, or any

options, warrants, convertible securities or other rights of any kind to acquire any shares of capital stock, or any other ownership interest (including, without limitation, any phantom interest) in LQ or any of its subsidiaries (except for the issuance of shares of LQ Common Stock issuable pursuant to LQ Stock Options outstanding on the date hereof); (c) sell, pledge, dispose of or encumber any assets (except for sales of immaterial assets not in excess of \$100,000 in the aggregate); (d) (i) declare, make or pay any dividend or other distribution in respect of any of its capital stock, (ii) split, combine or reclassify any of its capital stock or issue or authorize or propose the issuance of any other securities in respect of, in lieu of or in substitution for shares of its capital stock, or (iii) amend the terms or change the period of exercisability of any option, warrant or right, directly or indirectly, to acquire any such securities; (e) incur any indebtedness for borrowed money (other than in the ordinary course of business and consistent with past practice under any existing lines of credit) or issue any debt securities; (f) increase the compensation (including bonus) or severance payable to its directors, officers, employees or consultants; (g) fail to comply in all material respects with applicable laws and regulations or to timely file such documents or make such disclosures as may be required by applicable law or regulation; or (h) take any action which would make any of the representations or warranties of LQ contained in this Agreement untrue or incorrect or prevent LQ from performing its covenants hereunder or cause any condition to LQ's obligations to consummate the transactions contemplated hereby not to be satisfied.

2. *Conduct of Business by Dynabazaar.* During the period from the date of this Agreement and until the earlier of the termination of this Agreement or the Effective Time, unless LQ shall otherwise agree in writing, Dynabazaar shall conduct its business and the businesses of its subsidiaries only in the ordinary course of business and consistent with past practice, other than actions taken by Dynabazaar or its subsidiaries in contemplation of consummation of the Merger. During such period, neither Dynabazaar nor any of its subsidiaries shall, directly or indirectly, without the prior written consent of LQ: (a) amend the Dynabazaar Charter Documents; (b) issue, sell, pledge, dispose of or encumber, or authorize the issuance, sale, pledge, disposition or encumbrance of, any shares of capital stock, or any options, warrants, convertible securities or other rights of any kind to acquire any shares of capital stock, or any other ownership interest (including, without limitation, any phantom interest) in Dynabazaar or any of its subsidiaries (except for the issuance of shares of Dynabazaar Common Stock issuable pursuant to Dynabazaar Stock Options outstanding on the date hereof); (c) sell, pledge, dispose of or encumber any assets (except sales of immaterial assets not in excess of \$100,000 in the aggregate); (d)(i) declare, make or pay any dividend or other distribution in respect of any of its capital stock, (ii) split, combine or reclassify any of its capital stock or issue or authorize or propose the issuance of any other securities in respect of, in lieu of or in substitution for shares of its capital stock, or (iii) amend the terms or change the period of exercisability of any option, warrant or right, directly or indirectly, to acquire any such securities; (e) incur any indebtedness for borrowed money (other than in the ordinary course of business and consistent with past practice under any existing lines of credit) or issue any debt securities; (f) increase the compensation (including bonus) or severance payable to its directors, officers, employees or consultants; (g) fail to comply in all material respects with applicable laws and regulations or to timely file such documents or make such disclosures as may be required by applicable law or regulation; or (h) take any action that would make any of the representations or warranties of Dynabazaar and LMC contained in this Agreement untrue or incorrect or prevent Dynabazaar and LMC from performing their covenants hereunder or cause any condition to their obligations to consummate the transactions contemplated hereby not to be satisfied.

3. *No Solicitation.* (a) Neither LQ nor Dynabazaar shall directly or indirectly through any officer, director, employee, representative or agent of such party or any of its subsidiaries, (i) solicit, facilitate or encourage (including by way of furnishing information) or engage in negotiation with respect to any inquiries or proposals regarding any merger, sale of assets, sale of shares of capital stock (including, without limitation, by way of a tender offer) or similar transactions involving such party or any of its subsidiaries that if consummated would constitute an Alternative Transaction (as defined below) (any of the foregoing inquiries or proposals being referred to herein as an **Acquisition Proposal**), (ii) approve or recommend, or propose publicly to approve or recommend, any Acquisition Proposal or (iii) approve or recommend, or propose to approve or recommend, or enter into, any agreement (whether or not purportedly legally binding) related to any Acquisition Proposal. For purposes of this Agreement, **Alternative Transaction** means any of (w) a transaction other than the Merger pursuant to which any person (or group of persons) acquires or would acquire more than 20% of the outstanding shares of any class of equity securities of such party, whether from such party or pursuant to a tender offer or exchange offer or otherwise, (x) a merger or other business combination other than the Merger involving such party pursuant to which any person (or group of persons) acquires or would acquire more than 20% of the outstanding

equity securities of such party or the entity surviving such merger or business combination, (y) any transaction other than the Merger pursuant to which any person (or group of persons) acquires or would acquire control of assets (including for this purpose the outstanding equity securities of subsidiaries of such party and securities of the entity surviving any merger or business combination including any of such party's subsidiaries) of such party or any of its subsidiaries having a fair market value equal to more than 20% of the fair market value of all the assets of such party

and its subsidiaries, taken as a whole, or (z) any other consolidation, business combination, recapitalization or similar transaction involving such party or any significant subsidiary of such party, other than the transactions contemplated by this Agreement.

(b) LQ shall notify Dynabazaar, and Dynabazaar shall notify LQ, promptly (but in no event later than 24 hours) after such party's receipt of any Acquisition Proposal with respect to such party, or any modification of or amendment to any such Acquisition Proposal, or any request for nonpublic information relating to such party or any of its subsidiaries in connection with an Acquisition Proposal or for access to the properties, books or records of such party or any of its subsidiaries by any person or entity that informs the Board of Directors of such party or such subsidiary that it is considering making, or has made, an Acquisition Proposal. Such notice shall be made orally and in writing, and shall indicate the identity of the person making the Acquisition Proposal or intending to make an Acquisition Proposal or requesting non-public information or access to the books and records of such party, and the terms of any such Acquisition Proposal or modification or amendment thereto. LQ or Dynabazaar, as the case may be, shall keep the other fully informed, on a current basis, of any material changes in the status and any material changes or modifications in the material terms of any such Acquisition Proposal, indication or request. Neither LQ nor Dynabazaar nor their respective Boards of Directors shall withdraw or modify, or publicly propose to withdraw or modify, in a manner adverse to the other party, the approval by such Board of Directors of this Agreement or the Merger or the recommendation of such Board of Directors that such party's stockholders adopt this Agreement (and, in the case of Dynabazaar, approve the Dynabazaar Proposal). Neither LQ nor Dynabazaar nor their respective Boards of Directors shall enter into any agreement with respect to, or otherwise approve or recommend, or propose to approve or recommend, any Acquisition Proposal or Alternative Transaction.

(c) Notwithstanding the foregoing, in the event that (i) prior to the date of the LQ Stockholders Meeting (in the case of LQ) or the Dynabazaar Stockholders Meeting (in the case of Dynabazaar) (x) an unsolicited, bona fide written proposal that in the reasonable judgment of the Board of Directors of the Offeree is reasonably likely to lead to a Superior Offer is submitted by a third party to LQ or Dynabazaar, as the case may be (the **Offeree**); (y) the Board of Directors of the Offeree determines in good faith, based on consultation with its outside legal counsel and financial advisor, that such offer constitutes a Superior Offer; and (z) following consultation with outside legal counsel, the Board of Directors of the Offeree determines that the withdrawal or modification of its recommendation that stockholders of the Offeree adopt this Agreement is necessary or advisable to comply with the fiduciary duties of the Board of Directors to the stockholders of the Offeree under applicable law, and (ii) (A) the Board of Directors of the Offeree provides written notice to the other party (a **Notice of Superior Offer**) that the Offeree has received a Superior Offer, specifying the material terms and conditions of such Superior Offer and identifying the person or persons making such Superior Offer, (B) the Offeree thereafter negotiates in good faith with the other party and (C) the other party does not, within ten (10) business days of the other party's receipt of the Notice of Superior Offer, make an offer that the Board of Directors of the Offeree determines in good faith, after consultation with its financial advisor, to be at least as favorable to the Offeree's stockholders as the Superior Offer; then the Board of Directors of the Offeree may thereafter (I) withdraw or modify its recommendation that the Offeree's stockholders adopt this Agreement (and, in the case of Dynabazaar, approve the Dynabazaar Proposal) and/or (II) approve or recommend such Superior Offer. A **Superior Offer** means, with respect to any Offeree, a third-party Acquisition Proposal on terms that the Board of Directors of such Offeree determines in good faith, based on consultation with its outside legal counsel and financial advisor, are meaningfully more favorable to the Offeree's stockholders than the Merger (after giving effect to any adjustments proposed in writing by the other party in response to such third-party Acquisition Proposal) and is reasonably certain to be consummated, taking into account all legal, financial and regulatory aspects of, and conditions to, such third-party Acquisition Proposal (including any required financing).

(d) Nothing contained in this Section shall prohibit either LQ or Dynabazaar from taking and disclosing to its stockholders a position expressly required by Rule 14e-2(a) promulgated under the Exchange Act or from making any disclosure to its stockholders expressly required by applicable law, rule or regulation, or (except in

A-10

connection with an Acquisition Proposal) from providing information to, or engaging in discussions with, third parties to the extent that providing such information or engaging in such discussions is expressly required by applicable law and the Board of Directors of such party has received a written opinion of independent counsel of nationally recognized standing that such action is so expressly required.

E. ADDITIONAL AGREEMENTS

1. *Proxy Statement/Prospectus; Registration Statement.* (a) As promptly as reasonably practicable after the execution of this Agreement, LQ and Dynabazaar shall prepare and file with the SEC, preliminary proxy materials which shall constitute the Joint Proxy Statement/Prospectus (the **Proxy Statement/Prospectus**) and the Registration Statement relating to the adoption of this Agreement by LQ's stockholders and Dynabazaar's stockholders and the approval of the Dynabazaar Proposal by Dynabazaar's stockholders, and shall use all reasonable efforts to cause the Registration Statement to become effective and shall mail the Proxy Statement/Prospectus to their respective stockholders as soon thereafter as reasonably practicable. LQ shall furnish to Dynabazaar all information concerning LQ and the holders of capital stock of LQ as may be reasonably requested in connection with any such action and the preparation, filing and distribution of the Proxy

Statement/Prospectus.

This Agreement shall be first publicly announced by means of a joint press release in substantially the form of Exhibit A hereto.

8. *Dynabazaar Common Stock.* Dynabazaar shall use its best efforts to cause the Dynabazaar Common Stock to be delivered to the holders of LQ Common Stock in the Merger to be listed, upon official notice of issuance, on the NASDAQ OTCBB prior to the Effective Time, and to take any action reasonably required to be taken under non-U.S. securities laws in connection with the issuance of Dynabazaar Common

(a) by mutual written consent duly authorized by the Boards of Directors of Dynabazaar, LMC and LQ; or

A-14

(b) by either Dynabazaar or LQ, if the Merger shall not have been consummated by June 30, 2007 (other than for the reasons set forth in clause (c) below); provided, however, that the right to terminate this Agreement pursuant to this clause (b) shall not be available to a party whose failure to fulfill any obligation under this Agreement has been the cause of, or resulted in, the failure of the Merger to be consummated on or prior to such date; or

(c) by either Dynabazaar or LQ, if the requisite vote of the stockholders of LQ or Dynabazaar shall not have been obtained by June 25, 2007, or if the stockholders of LQ shall not have adopted this Agreement at the LQ Stockholders Meeting or the stockholders of Dynabazaar shall not have adopted this Agreement and approved the Dynabazaar Proposal at the Dynabazaar Stockholders Meeting; provided, however, that the right to terminate this Agreement pursuant to this clause (c) shall not be available to a party which has not complied in all material respects with its obligations under Section E.1 and 2; or

(d) by either Dynabazaar or LQ, if a court of competent jurisdiction or Governmental Authority shall have issued a nonappealable final order, decree or ruling or taken any other nonappealable final action having the effect of permanently restraining, enjoining or otherwise prohibiting the Merger; or

(e) by Dynabazaar, on one hand, or LQ, on the other hand, if, whether or not permitted to do so by this Agreement, the Board of Directors of the other party or the other party shall (x) (i) withdraw, modify or change its approval of this Agreement or the Merger, or its recommendation that its stockholders approve this Agreement (and, in the case of Dynabazaar, approve the Dynabazaar Proposal), in a manner adverse to the terminating party or shall have resolved to do so; (ii) approve or recommend to its stockholders an Acquisition Proposal or Alternative Transaction; (iii) approve or recommend that its stockholders tender their shares in any tender or exchange offer that is an Alternative Transaction; or (iv) fail to include the recommendation of its Board of Directors in favor of approval of this Agreement pursuant to Section E.1.(b) or fail to take the action required by the second sentence of Section E.2.; or (y) take any public position or make any disclosures to its stockholders generally, whether or not permitted pursuant to Section D.3., which has the effect of any of the foregoing; or

(f) by Dynabazaar if any representation or warranty of LQ set forth in this Agreement, or by LQ if any representation or warranty of Dynabazaar or LMC set forth in this Agreement, (i) shall have been untrue when made, or (ii) shall have been true when made but shall have become untrue thereafter, such that the conditions set forth in Sections F.2.(a) or F.3.(a), as the case may be, would not be satisfied (a **Terminating Misrepresentation**); provided that if such Terminating Misrepresentation is reasonably curable prior to the earlier of June 20, 2007 or 45 days after notice thereof and for so long as the breaching party continues to exercise reasonable best efforts to effect such cure, neither Dynabazaar nor LQ, respectively, may terminate this Agreement under this Section G.1.(f) prior to June 20, 2007; or

2. *Effect of Termination*. In the event of the termination pursuant to Section G.1, this Agreement shall forthwith become void and there shall be no liability on the part of any party hereto or any of its affiliates, directors, officers or stockholders except as set forth in Section G.3. 3. *Fees and Expenses.* Except as set forth in this Section G.3, all fees and expenses incurred in connection with this Agreement and the transactions contemplated hereby shall be paid by the party incurring such expenses, whether or not the Merger is consummated; provided, however, that if the Merger is not consummated Dynabazaar and LQ shall share equally all SEC filing fees and printing expenses incurred in connection with the printing and filing of the Proxy Statement/Prospectus (including any preliminary materials related thereto) and the Registration Statement (including financial statements and exhibits) and any amendments or supplements thereto.

A-15

(a) LQ shall pay Dynabazaar a fee of \$200,000 (such amount, the **Termination Fee**), and shall also pay Dynabazaar's actual, documented and reasonable out-of-pocket expenses relating to the authorization, negotiation, execution and performance of the transactions contemplated by this Agreement, the preparation, printing, filing or mailing of the Proxy Statement/Prospectus, the solicitation of stockholder approvals and other matters related to the consummation of the transaction contemplated by this Agreement (including, but not limited to, fees and expenses of counsel, accountants and financial advisors) in an aggregate amount not to exceed \$350,000 (such expenses of Dynabazaar, **Dynabazaar's Expenses**, and such expenses of LQ, **LQ's Expenses**), upon the first to occur of any of the following events: (i) the termination of this Agreement by Dynabazaar or LQ pursuant to Section G.1.(c) following the LQ Stockholders Meeting at which the stockholders of LQ failed to adopt this Agreement, provided that the Alternative Transaction Condition is satisfied by a transaction with respect to LQ; and (ii) the termination of this Agreement by Dynabazaar pursuant to Section G.1.(e), (f) or (g).

(b) Dynabazaar shall pay LQ the Termination Fee and shall also pay LQ's Expenses, upon the first to occur of any of the following events: (i) the termination of this Agreement by Dynabazaar or LQ pursuant to Section G.1(c) following the Dynabazaar Stockholders Meeting at which the stockholders of Dynabazaar failed to adopt this Agreement, provided that the Alternative Transaction Condition is satisfied by a transaction with respect to Dynabazaar; and (ii) the termination of this Agreement by LQ pursuant to Section G.1.(e), (f) or (g).

ANNEX B

§ 262. Appraisal rights.

(a) Any stockholder of a corporation of this State who holds shares of stock on the date of the making of a demand pursuant to subsection (d) of this section with respect to such shares, who continuously holds such shares through the effective date of the merger or consolidation, who has otherwise complied with subsection (d) of this section and who has neither voted in favor of the merger or consolidation nor consented thereto in writing pursuant to § 228 of this title shall be entitled to an appraisal by the Court of Chancery of the fair value of the stockholder's shares of stock under the circumstances described in subsections (b) and (c) of this section. As used in this section, the word "stockholder" means a holder of record of stock in a stock corporation and also a member of record of a nonstock corporation; the words "stock" and "share" mean and include what is ordinarily meant by those words and also membership or membership interest of a member of a nonstock corporation; and the words "depository receipt" mean a receipt or other instrument issued by a depository representing an interest in one or more shares, or fractions thereof, solely of stock of a corporation, which stock is deposited with the depository.

(b) Appraisal rights shall be available for the shares of any class or series of stock of a constituent corporation in a merger or consolidation to be effected pursuant to § 251 (other than a merger effected pursuant to § 251(g) of this title), § 252, § 254, § 257, § 258, § 263 or § 264 of this title:

(1) Provided, however, that no appraisal rights under this section shall be available for the shares of any class or series of stock, which stock, or depository receipts in respect thereof, at the record date fixed to determine the stockholders entitled to receive notice of and to vote at the meeting of stockholders to act upon the agreement of merger or consolidation, were either (i) listed on a national securities exchange or designated as a national market system security on an interdealer quotation system by the National Association of

Edgar Filing: DYNABAZAAR INC - Form S-4

Securities Dealers, Inc. or (ii) held of record by more than 2,000 holders; and further provided that no appraisal rights shall be available for any shares of stock of the constituent corporation surviving a merger if the merger did not require for its approval the vote of the stockholders of the surviving corporation as provided in subsection (f) of § 251 of this title.

(2) Notwithstanding paragraph (1) of this subsection, appraisal rights under this section shall be available for the shares of any class or series of stock of a constituent corporation if the holders thereof are required by the terms of an agreement of merger or consolidation pursuant to §§ 251, 252, 254, 257, 258, 263 and 264 of this title to accept for such stock anything except:

a. Shares of stock of the corporation surviving or resulting from such merger or consolidation, or depository receipts in respect thereof;

b. Shares of stock of any other corporation, or depository receipts in respect thereof, which shares of stock (or depository receipts in respect thereof) or depository receipts at the effective date of the merger or consolidation will be either listed on a national securities exchange or designated as a national market system security on an interdealer quotation system by the National Association of Securities Dealers, Inc. or held of record by more than 2,000 holders;

c. Cash in lieu of fractional shares or fractional depository receipts described in the foregoing subparagraphs a. and b. of this paragraph; or

B-1

d. Any combination of the shares of stock, depository receipts and cash in lieu of fractional shares or fractional depository receipts described in the foregoing subparagraphs a., b. and c. of this paragraph.

(3) In the event all of the stock of a subsidiary Delaware corporation party to a merger effected under § 253 of this title is not owned by the parent corporation immediately prior to the merger, appraisal rights shall be available for the shares of the subsidiary Delaware corporation.

(c) Any corporation may provide in its certificate of incorporation that appraisal rights under this section shall be available for the shares of any class or series of its stock as a result of an amendment to its certificate of incorporation, any merger or consolidation in which the corporation is a constituent corporation or the sale of all or substantially all of the assets of the corporation. If the certificate of incorporation contains such a provision, the procedures of this section, including those set forth in subsections (d) and (e) of this section, shall apply as nearly as is practicable.

(d) Appraisal rights shall be perfected as follows:

(1) If a proposed merger or consolidation for which appraisal rights are provided under this section is to be submitted for approval at a meeting of stockholders, the corporation, not less than 20 days prior to the meeting, shall notify each of its stockholders who was such on the record date for such meeting with respect to shares for which appraisal rights are available pursuant to subsection (b) or (c) hereof that appraisal rights are available for any or all of the shares of the constituent corporations, and shall include in such notice a copy of this section. Each stockholder electing to demand the appraisal of such stockholder's shares shall deliver to the corporation, before the taking of the vote on the merger or consolidation, a written demand for appraisal of such stockholder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such stockholder's shares. A proxy or vote against the merger or consolidation shall not constitute such a demand. A stockholder electing to take such action must do so by a separate written demand as herein provided. Within 10 days after the effective date of such merger or consolidation, the surviving or resulting corporation shall notify each stockholder of each constituent corporation who has complied with this subsection and has not voted in favor of or consented to the merger or consolidation of the date that the merger or consolidation has become effective; or

(2) If the merger or consolidation was approved pursuant to § 228 or § 253 of this title, then either a constituent corporation before the effective date of the merger or consolidation or the surviving or resulting corporation within 10 days thereafter shall notify each of the holders of any class or series of stock of such constituent corporation who are entitled to appraisal rights of the approval of the merger or consolidation and that appraisal rights are available for any or all shares of such class or series of stock of such constituent corporation, and shall include in such notice a copy of this section. Such notice may, and, if given on or after the effective date of the merger or consolidation, shall, also notify such stockholders of the effective date of the merger or consolidation. Any stockholder entitled to appraisal rights may, within 20 days after the date of mailing of such notice, demand in writing from the surviving or resulting corporation the appraisal of such holder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such holder's shares. If such notice did not notify

Edgar Filing: DYNABAZAAR INC - Form S-4

stockholders of the effective date of the merger or consolidation, either (i) each such constituent corporation shall send a second notice before the effective date of the merger or consolidation notifying each of the

B-2

holders of any class or series of stock of such constituent corporation that are entitled to appraisal rights of the effective date of the merger or consolidation or (ii) the surviving or resulting corporation shall send such a second notice to all such holders on or within 10 days after such effective date; provided, however, that if such second notice is sent more than 20 days following the sending of the first notice, such second notice need only be sent to each stockholder who is entitled to appraisal rights and who has demanded appraisal of such holder's shares in accordance with this subsection. An affidavit of the secretary or assistant secretary or of the transfer agent of the corporation that is required to give either notice that such notice has been given shall, in the absence of fraud, be prima facie evidence of the facts stated therein. For purposes of determining the stockholders entitled to receive either notice, each constituent corporation may fix, in advance, a record date that shall be not more than 10 days prior to the date the notice is given, provided, that if the notice is given on or after the effective date of the merger or consolidation, the record date shall be such effective date. If no record date is fixed and the notice is given prior to the effective date, the record date shall be the close of business on the day next preceding the day on which the notice is given.

(e) Within 120 days after the effective date of the merger or consolidation, the surviving or resulting corporation or any stockholder who has complied with subsections (a) and (d) hereof and who is otherwise entitled to appraisal rights, may file a petition in the Court of Chancery demanding a determination of the value of the stock of all such stockholders. Notwithstanding the foregoing, at any time within 60 days after the effective date of the merger or consolidation, any stockholder shall have the right to withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation. Within 120 days after the effective date of the merger or consolidation, any stockholder who has complied with the requirements of subsections (a) and (d) hereof, upon written request, shall be entitled to receive from the corporation surviving the merger or resulting from the consolidation a statement setting forth the aggregate number of shares not voted in favor of the merger or consolidation and with respect to which demands for appraisal have been received and the aggregate number of holders of such shares. Such written statement shall be mailed to the stockholder within 10 days after such stockholder's written request for such a statement is received by the surviving or resulting corporation or within 10 days after expiration of the period for delivery of demands for appraisal under subsection (d) hereof, whichever is later.

(f) Upon the filing of any such petition by a stockholder, service of a copy thereof shall be made upon the surviving or resulting corporation, which shall within 20 days after such service file in the office of the Register in Chancery in which the petition was filed a duly verified list containing the names and addresses of all stockholders who have demanded payment for their shares and with whom agreements as to the value of their shares have not been reached by the surviving or resulting corporation. If the petition shall be filed by the surviving or resulting corporation, the petition shall be accompanied by such a duly verified list. The Register in Chancery, if so ordered by the Court, shall give notice of the time and place fixed for the hearing of such petition by registered or certified mail to the surviving or resulting corporation and to the stockholders shown on the list at the addresses therein stated. Such notice shall also be given by 1 or more publications at least 1 week before the day of the hearing, in a newspaper of general circulation published in the City of Wilmington, Delaware or such publication as the Court deems advisable. The forms of the notices by mail and by publication shall be approved by the Court, and the costs thereof shall be borne by the surviving or resulting corporation.

(g) At the hearing on such petition, the Court shall determine the stockholders who have complied with this section and who have become entitled to appraisal rights. The Court may require the stockholders who have demanded an appraisal for their shares and who hold stock represented by certificates to submit their certificates of stock to the Register in Chancery for notation thereon of the

B-3

pendency of the appraisal proceedings; and if any stockholder fails to comply with such direction, the Court may dismiss the proceedings as to such stockholder.

(h) After determining the stockholders entitled to an appraisal, the Court shall appraise the shares, determining their fair value exclusive of any element of value arising from the accomplishment or expectation of the merger or consolidation, together with a fair rate of interest, if any, to be paid upon the amount determined to be the fair value. In determining such fair value, the Court shall take into account all relevant factors. In determining the fair rate of interest, the Court may consider all relevant factors, including the rate of interest which the surviving or resulting corporation would have had to pay to borrow money during the pendency of the proceeding. Upon application by the surviving or resulting

Edgar Filing: DYNABAZAAR INC - Form S-4

corporation or by any stockholder entitled to participate in the appraisal proceeding, the Court may, in its discretion, permit discovery or other pretrial proceedings and may proceed to trial upon the appraisal prior to the final determination of the stockholder entitled to an appraisal. Any stockholder whose name appears on the list filed by the surviving or resulting corporation pursuant to subsection (f) of this section and who has submitted such stockholder's certificates of stock to the Register in Chancery, if such is required, may participate fully in all proceedings until it is finally determined that such stockholder is not entitled to appraisal rights under this section.

(i) The Court shall direct the payment of the fair value of the shares, together with interest, if any, by the surviving or resulting corporation to the stockholders entitled thereto. Interest may be simple or compound, as the Court may direct. Payment shall be so made to each such stockholder, in the case of holders of uncertificated stock forthwith, and the case of holders of shares represented by certificates upon the surrender to the corporation of the certificates representing such stock. The Court's decree may be enforced as other decrees in the Court of Chancery may be enforced, whether such surviving or resulting corporation be a corporation of this State or of any state.

(j) The costs of the proceeding may be determined by the Court and taxed upon the parties as the Court deems equitable in the circumstances. Upon application of a stockholder, the Court may order all or a portion of the expenses incurred by any stockholder in connection with the appraisal proceeding, including, without limitation, reasonable attorney's fees and the fees and expenses of experts, to be charged pro rata against the value of all the shares entitled to an appraisal.

(k) From and after the effective date of the merger or consolidation, no stockholder who has demanded appraisal rights as provided in subsection (d) of this section shall be entitled to vote such stock for any purpose or to receive payment of dividends or other distributions on the stock (except dividends or other distributions payable to stockholders of record at a date which is prior to the effective date of the merger or consolidation); provided, however, that if no petition for an appraisal shall be filed within the time provided in subsection (e) of this section, or if such stockholder shall deliver to the surviving or resulting corporation a written withdrawal of such stockholder's demand for an appraisal and an acceptance of the merger or consolidation, either within 60 days after the effective date of the merger or consolidation as provided in subsection (e) of this section or thereafter with the written approval of the corporation, then the right of such stockholder to an appraisal shall cease. Notwithstanding the foregoing, no appraisal proceeding in the Court of Chancery shall be dismissed as to any stockholder without the approval of the Court, and such approval may be conditioned upon such terms as the Court deems just.

(l) The shares of the surviving or resulting corporation to which the shares of such objecting stockholders would have been converted had they assented to the merger or consolidation shall have the status of authorized and unissued shares of the surviving or resulting corporation.

We express no opinion as to any financial forecasts, pro forma adjustments, net operating loss or other estimates or business outlook or forward-looking information of the Company or LQ or the assumptions on which they were based. We have relied, with your consent, on advice of the outside counsel and the independent accountants to the Company and LQ, and on the assumptions of the Company s and LQ s managements, as to all accounting, legal, tax and financial reporting matters with respect to the Company, LQ and the Agreement, including, without limitation, the amount of the Exchange Ratio.

We have made no physical inspection of the properties or facilities of either the Company or LQ in connection with this opinion. The analyses we performed in connection with this opinion were going concern analyses. We express no opinion regarding the liquidation value of any entity, including the Company or LQ. Further, for the avoidance of doubt, we express no opinion herein as to the viability of the Company following the Merger, including the potential for or timing of commercialization of any product or service, the nature and extent of the Company's financing needs or the ability of the Company to satisfy any such financing needs. comparison is identical to the Company, LQ or the Merger. Accordingly, an analysis of the results of the comparisons is not mathematical; rather, it involves complex considerations and judgments about differences in the companies and transactions to which the Company, LQ and the Merger were compared and other factors that could affect the public trading value or transaction value of the companies.

This opinion is necessarily based upon the information available to us and facts and circumstances as they exist and are subject to evaluation on the date hereof; events occurring after the date hereof could materially affect the assumptions used in preparing this opinion. We are not expressing any opinion herein as to the price at which shares of Company Common Stock or LQ Common Stock have traded or such stock may trade following the announcement or consummation of the Merger or at any other future time. We have not undertaken to reaffirm or revise this opinion or otherwise comment upon any events occurring after the date hereof and do not have any obligation to update, revise or reaffirm this opinion.

This opinion is directed to the Special Committee of the Board of Directors of the Company in connection with its consideration of the Merger and is not intended to be and does not constitute a recommendation to any stockholder of the Company as to how such stockholder should vote with respect to the Merger. Except with respect to the use of this opinion in connection with any document that is required to be filed with the Securities and Exchange Commission (SEC) and/or required to be mailed by the Company to its shareholders relating to the Merger in accordance with our engagement letter with the Company, this opinion shall not be published or otherwise used, nor shall any public references to us be made, without our prior written approval. This opinion may be relied upon by the Board of Directors of the Company.

This opinion addresses solely the fairness as of the date hereof, from a financial point of view, to the Company and holders of Company Common Stock of the proposed Exchange Ratio set forth in the Agreement and does not address any other aspect or implication of the Merger or any other terms, agreements, arrangements or understandings entered into by the Company or any other person relating to the Merger or otherwise. We were not requested to opine as to, and this opinion does not address, the basic business decision to proceed with or effect the Merger or the merits of the Merger relative to any alternative transaction or business strategy that may be available to the Company. Further, we were not requested to, nor did we, solicit or assist the Company in soliciting indications of interest from third parties for all or any part of the Company or any alternative transaction.

We received a fee upon our engagement by the Company to render an opinion to you, and we are entitled to be paid an additional fee, a portion of which is payable upon us having delivered this opinion to you, regardless of the conclusion reached by us in this opinion, and a portion of which is payable upon the earlier of (a) 90 days after the delivery of this opinion to you and (b) the consummation of the Merger. Additionally, the Company has agreed to indemnify us for certain liabilities arising out of our engagement. In the ordinary course of business, we and/or our affiliated and related entities may actively trade securities of the Company and LQ for our and/or their own account or effect transactions in such securities for the accounts of our customers and, accordingly, we and/or our affiliated and related entities may at any time hold a long or short position in such securities. Notwithstanding the foregoing, except as contemplated hereby, neither we nor any of our related or affiliated entities has in the last three years been engaged to provide any type of investment banking, financial advisory or other services (other than certain sales and trading services performed in the ordinary course of business, as previously disclosed to the Company) by the Company, LQ or any of their affiliates as of the date of our

engagement by the Company (as disclosed or otherwise identified in filings of the Company or LQ with the SEC). In connection with our engagement by the Company, we agreed not to represent or provide investment banking or financial advisory or other services (other than sales and trading services performed in the ordinary course of business consistent with past practice) on behalf of the Company, LQ or any of their affiliates until the consummation or termination of the Merger or the termination of our engagement, whichever is earlier. Following the consummation of the Merger (or other relevant event), we may seek to provide investment banking, financial advisory or other services to the Company, LQ and their respective affiliates for which we may receive compensation.

Based upon and subject to the foregoing and based upon such other factors as we consider relevant, it is our opinion that, as of the date hereof, the Exchange Ratio is fair, from a financial point of view, to the Company and holders of Company Common Stock. In furnishing this opinion, we do not admit that we are experts within the meaning of the term "experts" as used in the Securities Act of 1933, as amended (the Securities Act), and the rules and regulations promulgated thereunder, nor do we admit that this opinion constitutes a report or valuation within the meaning of Section 11 of the Securities Act.

ANNEX D

[Letterhead of Rodman & Renshaw, LLC]

February 13, 2007

The Board of Directors of
L Q Corporation, Inc.
888 Seventh Avenue
New York, NY 10019

To The Board of Directors:

Under an engagement letter dated November 30, 2006, the Special Committee of the Board of Directors (the "Special Committee") of L Q Corporation, Inc. ("LQ" or the "Company") retained Rodman & Renshaw, LLC ("RR") to provide an opinion to the Board of Directors of L Q Corporation, Inc. as to the fairness, from a financial point of view, to the shareholders of LQ of the Merger Consideration (as defined below) pursuant to the Agreement (the "Agreement") to be entered into by and among the Company, LQ Merger Corp., a wholly owned subsidiary of Dynabazaar, and Dynabazaar, Inc. ("Dynabazaar") for the Merger of L Q Corporation, Inc. with and into LQ Merger Corp.

The Agreement provides, among other things, that Dynabazaar will issue approximately 11,829,021 (the "Merger Consideration") fully paid and non assessable shares of its common stock, par value \$0.001 ("Dynabazaar Common Stock") in consideration for all of the shares of common stock, par value \$0.001 of LQ ("LQ Common Stock"), issued and outstanding immediately prior to the Closing Date (as defined in the Agreement).

At the Closing and upon the consummation of the Merger pursuant to the Agreement (the "Merger"), each LQ stockholder will surrender the certificates representing the shares of LQ Common Stock in the manner provided for in the Agreement and will receive its portion of the Merger Consideration as set forth in the Agreement. In addition, all the options to purchase LQ Common Stock shall continue in effect following the

Edgar Filing: DYNABAZAAR INC - Form S-4

Merger on the same terms and conditions except that except that (i) each LQ Stock Option will be exercisable for that number of whole shares of Dynabazaar Common Stock equal to the product of the number of shares of LQ Common Stock that were issuable upon exercise of such Stock Option immediately prior to the Merger multiplied by 3.68, rounded to the nearest whole number of shares of Dynabazaar Common Stock and (ii) the per share exercise price for the shares of Dynabazaar Common Stock issuable upon exercise of such LQ Stock Option will be equal to the quotient determined by dividing the exercise price per share of LQ Common Stock at which such LQ Stock option was exercisable immediately prior to the Merger by 3.68, rounded to the nearest whole cent.

RR, as part of its investment banking business, is engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, private placements and valuations for corporate and other purposes. We have acted as a financial advisor to the Company in connection with the Merger and will receive fees from the Company for such services. For our services in rendering this opinion, the Company will pay us a fee which is not contingent upon consummation of the Merger. The Company has also agreed to indemnify us against certain liabilities in connection with our services in rendering this opinion and to reimburse us for our out-of-pocket expenses. We may seek to provide investment banking services to the Company in the future for which we may receive compensation.

D-1

The opinion addresses the fairness of the Merger Consideration to holders of LQ Common Stock from a financial point of view, as of the date above, and does not address what the value of Dynabazaar Common Stock actually will be when issued to holders of LQ Common Stock pursuant to the Agreement, or the price at which Dynabazaar Common Stock will trade subsequent to the date above or after the Closing. This opinion is addressed to, and is for the use, information and benefit of, the Board of Directors of the Company and the Special Committee and is not a recommendation to the holders of LQ Common Stock to approve the transactions contemplated by the Agreement. RR expresses no opinion as to the merits of the underlying decision by the Company to enter into the Agreement or to consummate the transactions contemplated thereby.

In arriving at its opinion, RR reviewed and considered such financial and other matters as RR has deemed relevant, including, among other things:

- a draft dated February 13, 2007 of the Agreement;
- certain publicly available financial and other information for the Company and certain other relevant financial and operating data furnished to RR by the management of the Company;
- certain publicly available financial and other information for Dynabazaar and certain other relevant financial and operating data furnished to RR by the management of Dynabazaar;
- certain internal financial analyses, financial forecasts, reports and other information concerning the Company (the LQ Forecasts), prepared by the management of the Company;
- certain internal financial analyses, financial forecasts, reports and other information concerning the Company (the Dynabazaar Forecasts), prepared by the management of Dynabazaar;
- discussions with certain members of the managements of each of LQ and Dynabazaar concerning the historical and current business operations, financial conditions and prospects of LQ and Dynabazaar, and such other matters RR deemed relevant;
- certain operating results, the reported price and trading history of the shares of LQ Common Stock and Dynabazaar Common Stock as compared to operating results, the reported prices and trading histories of the shares of common stock of certain publicly traded companies RR deemed relevant;
- certain financial terms of the Merger as compared to the financial terms of certain selected recent business combinations we deemed relevant; and
- such other information, economic and market criteria and data, financial studies, analyses and investigations and such other factors that RR deemed relevant for purposes of this opinion.

In addition, RR has not conducted nor has RR assumed any obligation to conduct any physical inspection of the properties or facilities of LQ or Dynabazaar. RR has further relied upon the assurance of the management of LQ that they are unaware of any facts that would make the information provided to RR incomplete or misleading in any respect. In connection with its review and arriving at its opinion, RR did not assume any responsibility for the independent verification of any of the foregoing information and relied on the completeness and accuracy as represented by the Company. With respect to the LQ Forecasts and Dynabazaar Forecasts, RR assumed that they had been reasonably prepared on a basis reflecting the best currently available estimates and judgments of the management of LQ and Dynabazaar, respectively, as to the future financial performance of LQ and Dynabazaar. In addition, RR did not make

D-2

any independent evaluation or appraisal of the assets or liabilities (contingent or otherwise) of LQ or Dynabazaar, nor was RR furnished with any such evaluations or appraisals. The opinion is necessarily based upon financial, economic, market and other conditions as they existed and should be evaluated as of the date of the opinion. It should be understood that although subsequent developments may affect the opinion, RR does not have any obligation to update, revise or reaffirm the opinion and RR disclaims any responsibility to do so.

Any and all analyses performed by RR were prepared solely as part of RR's engagement to assess the fairness, from a financial point of view, to holders of LQ Common Stock in accordance with the terms of the Agreement.

For the purposes of rendering our opinion RR has assumed, in all respects material to its analysis, that the representations and warranties of each party contained in the Agreement are true and correct, that each party will perform all the covenants and agreements required to be performed by it under the Agreement and that all conditions to the consummation of the Merger will be satisfied without waiver thereof. RR has assumed that the final form of the Agreement will be substantially similar to the last draft reviewed by it. RR has also assumed that all governmental, regulatory and other consents and approvals contemplated by the Agreement will be obtained and that in the course of obtaining any of those consents no restrictions will be imposed or waivers made that would have an adverse effect on the contemplated benefits of the Merger.

The scope of RR's opinion is expressly limited to the contents herein. It is understood that this letter is not intended to confer any rights or remedies upon any other entity or persons, and may not be quoted or referred to for any other purpose without our prior written consent, except for inclusion in a proxy statement or information statement related to the Merger that we have had an opportunity to review (which such proxy statement may also be part of a registration statement filed by Dynabazaar). RR will receive a fee in connection with the delivery of this opinion. In the ordinary course of our business, RR may have actively traded the equity or debt securities of the Company and may continue to actively trade the equity or debt securities. In addition, certain individuals who are employees of or are affiliated with RR may have in the past and may currently be shareholders of either or both LQ and Dynabazaar. Notwithstanding the foregoing, RR does not have, and has not in the last three years, had any relationship with the Company or Dynabazaar or any of their affiliates.

Based upon and subject to the foregoing, including the various assumptions and limitations set forth herein, it is RR's opinion that, as of the date hereof, the Exchange Ratio of 3.68 as set forth in the Agreement is fair, from a financial point of view, to the holders of LQ Common Stock.

Very truly yours,

/s/ Rodman & Renshaw LLC

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 20. Indemnification of Directors and Officers.

Indemnification of Officers and Directors

Section 145 of the DGCL provides that a Delaware corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of such corporation) by reason of the fact that such person is or was a director, officer, employee or agent of such corporation, or is or was serving at the request of such corporation as a director, officer, employee or agent of another corporation or enterprise. The indemnity may include expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding, provided such person acted in good faith and in a manner

Edgar Filing: DYNABAZAAR INC - Form S-4

such person reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe that such person's conduct was unlawful.

Section 145 further authorizes a corporation to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation or enterprise, against any liability asserted against such person and incurred by such person in any such capacity, arising out of such person's status as such, whether or not the corporation would otherwise have the power to indemnify such person against liability under Section 145.

By-laws

Dynabazaar's by-laws require that, subject to the provisions of the by-laws, Dynabazaar will indemnify and hold harmless each Director and Officer (each as defined in the by-laws) to the fullest extent authorized by the DGCL, as the same exists or may hereafter be amended (but, in the case of any such amendment, only to the extent that such amendment permits Dynabazaar to provide broader indemnification rights than such law permitted Dynabazaar to provide prior to such amendment) against any and all Expenses (as defined in the by-laws), judgments, penalties, fines and amounts reasonably paid in settlement that are incurred by such Director or Officer or on such Director's or Officer's behalf in connection with any threatened, pending or completed Proceeding (as defined in the by-laws) or any claim, issue or matter therein, which such director or officer is, or is threatened to be made, a party to or participant in by reason of such director's or officer's Corporate Status (as defined in the by-laws), if such Director or Officer acted in good faith and in a manner such Director or Officers reasonably believed to be in or not opposed to the best interests of Dynabazaar and, with respect to any criminal proceeding, had no reasonable cause to believe his or her conduct was unlawful. The rights of indemnification provided in the by-laws will continue as to a Director or Officer after he or she has ceased to be a Director or Officer and will inure to the benefit of his or her heirs, executors, administrators and personal representatives. Notwithstanding the foregoing, Dynabazaar will indemnify any Director or Officer seeking indemnification in connection with a Proceeding initiated by such Director or Officer only if such Proceeding was authorized by the board of directors, unless such Proceeding was brought to enforce an Officer or Director's rights to indemnification or, in the case of Directors, advancement of Expenses under the by-laws in accordance with the provisions set forth therein. The Dynabazaar by-laws also provide that Dynabazaar has the power to indemnify its Non-Officer Employees (as defined in the by-laws) as set forth in the DGCL.

Any indemnification (unless ordered by a court) will be made by Dynabazaar only as authorized upon a determination that the Director, Officer or Non-Officer Employee met the good faith standard of conduct set forth in Dynabazaar's by-laws. Such determination will be made:

by a majority vote of the Disinterested Directors (as defined in the by-laws), even though less than a quorum of the board of directors;

II-1

a committee comprised of Disinterested Directors, such committee having been designated by a majority vote of the Disinterested Directors (even though less than a quorum);

If there are no such Disinterested Directors, or if a majority of Disinterested Directors so directs, by independent legal counsel in a written opinion; or

by the stockholders.

Dynabazaar will advance all Expenses incurred by or on behalf of any Director, and, at the discretion of the board, will advance any and all Expenses incurred by or on behalf of any Officer and Non-Officer Employee, in connection with any Proceeding in which such Director, Officer or Non-Officer Employee is involved by reason of such person's Corporate Status. Such expenses will be advanced within ten (10) days after the receipt by Dynabazaar of a written statement from such Director, Officer or Non-Officer Employee, as the case may be, requesting such advance or advances from time to time, whether prior to or after final disposition of such Proceeding. Such statement or statements shall reasonably evidence the Expenses incurred by such person and shall be preceded or accompanied by an undertaking by or on behalf of such person to repay any Expenses so advanced if it shall ultimately be determined that such person is not entitled to be indemnified against such Expenses.

In the case of Dynabazaar's Directors, the by-laws provide that if a claim for advancement of Expenses by a Director is not paid in full by Dynabazaar within 10 days after receipt by Dynabazaar of documentation of Expenses and the required undertaking, such Director may at any time thereafter bring suit against Dynabazaar to recover the unpaid amount of the claim and if successful in whole or in part, such Director shall also be entitled to be paid the expenses of prosecuting such claim. The failure of Dynabazaar (including its board of directors or any committee thereof, independent legal counsel, or stockholders) to make a determination concerning the permissibility of such advancement of Expenses under the by-laws shall not be a defense to the action and shall not create a presumption that such advancement is not permissible. The burden of proving that a Director is not entitled to an advancement of expenses shall be on Dynabazaar.

Edgar Filing: DYNABAZAAR INC - Form S-4

In any suit brought by Dynabazaar to recover an advancement of expenses pursuant to the terms of an undertaking, Dynabazaar will be entitled to recover such expenses upon a final adjudication that the Director, Officer or Non-Officer Employee, as the case may be, has not met any applicable standard for indemnification set and Officer entitl

The indemnification provisions of Dynabazaar s by-laws are deemed to be a contract between Dynabazaar and each Director and Officer entitled to the benefits thereof at any time while such indemnification provisions are in effect, and any repeal or modification thereof shall not affect any rights or obligations then existing with respect to any state of facts then or theretofore existing or any Proceeding theretofore or thereafter brought based in whole or in part upon any such state of facts. If a claim for indemnification of Expenses in accordance with the by-laws by a Director or Officer is not paid in full by Dynabazaar within 60 days after receipt by Dynabazaar of a written claim for indemnification, such Director or Officer may at any time thereafter bring suit against Dynabazaar to recover the unpaid amount of the claim, and if successful in whole or in part, such Director or Officer shall also be entitled to be paid the expenses of prosecuting such claim. Dynabazaar s failure (including its Board of Directors or any committee thereof, independent legal counsel, or stockholders) to make a determination concerning the permissibility of such indemnification under the by-laws shall not be a defense to the action and shall not create a presumption that such indemnification is not permissible. The burden of proving that a Director or Officer is not entitled to indemnification shall be on Dynabazaar. In any suit brought by a Director or Officer to enforce a right to indemnification hereunder, it shall be a defense that such Director or Officer has not met any applicable standard for indemnification set forth in the DGCL.

Dynabazaar s by-laws also provide that the rights to indemnification and advancement of Expenses will not be exclusive of any other right which any Director, Officer, or Non-Officer Employee may have or hereafter acquire under any statute, provision of the certificate of incorporation or by-laws, agreement, vote of stockholders or Disinterested Directors or otherwise.

II-2

The by-laws further provide that Dynabazaar may maintain insurance, at its expense, to protect itself and any Director, Officer or Non-Officer Employee against any liability of any character asserted against or incurred by Dynabazaar or any such Director, Officer or Non-Officer Employee, or arising out of any such person s Corporate Status, whether or not Dynabazaar would have the power to indemnify such person against such liability under the DGCL or the provisions of Dynabazaar s by-laws.

Item 22. Undertakings.

(a)(1) The undersigned registrant hereby undertakes:

(A) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events which, individually or together, represent a fundamental change in the information set forth in the registration statement;

(iii) To include any material information with respect to the plan of distribution.

(B) For determining liability under the Securities Act, treat each post-effective amendment as a new registration statement of the securities offered, and the offering of the securities at that time to be the initial bona fide offering.

(C) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(2) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid for by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter had been settled by controlling precedent, submit to a court of appropriate jurisdiction the question of whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(b) The undersigned registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Item 4, 10(b), 11, or 13 of this form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

(c) The undersigned registrant hereby undertakes to supply by means of a post-effective amendment all information concerning the transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.

(d) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
