## **Item 8.01. Other Events**

On October 14, 2015 the Company issued a press release discussing the independence of its Board of Directors and track record of performance and value creation. A copy of the press release is attached hereto as Exhibit 99.1 and hereby incorporated by reference.

Exhibit 99.1 includes references to the Company's (i) consolidated operating income/operating margin, (ii) earnings per share, and (iii) earnings before interest, taxes, depreciation and amortization ("EBITDA"), all excluding the effects of restructuring charges as a result of the Company's previous decisions to consolidate facilities, and also excluding certain transition costs and non-operating income adjustments in fiscal 2010 through fiscal 2015. A reconciliation of these financial measures to the most directly comparable financial measure reported in accordance with generally accepted accounting principles ("GAAP") is also provided in Exhibit 99.1.

Management believes that excluding items which are deemed to be non-recurring in nature from financial measures such as operating income, operating margin, net income, and earnings per share, allows investors to more easily compare and evaluate the Company's financial performance relative to prior periods and industry comparables. These adjusted measures also aid investors in understanding the operating results of the Company absent such non-recurring or unusual events.

Management considers EBITDA an important indicator of the operational strength and performance of its business, including the ability of the Company to pay interest, service debt and fund capital expenditures. Given the nature of the Company's operations, including the tangible assets necessary to carry out its production and distribution activities, depreciation and amortization represent Ethan Allen's largest non-cash charges. As these non-cash charges do not affect the Company's ability to service debt or make capital expenditures, it is important to consider EBITDA in addition to, but not as a substitute for, operating income, net income and other measures of financial performance reported in accordance with GAAP, including cash flow measures such as operating cash flow.
