#### **Note Regarding Forward-Looking Statements**

This report includes "forward-looking statements" within the meaning and protections of Section 27A of the Securities Act of 1933, as amended, or the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act. All statements other than statements of historical fact are statements that could be forward-looking statements. You can identify these forward-looking statements through our use of words such as "may," "will," "anticipate," "assume," "should," "indicate," "would," "believe," "contemplate," "expect," "estimate," "continue," "pla "intend," "target" and other similar words and expressions of the future. These forward-looking statements include, but are not limited to:

statements of our goals, intentions and expectations; statements regarding our business plans, prospects, growth and operating strategies; statements regarding the asset quality of our loan and investment portfolios; and estimates of our risks and future costs and benefits.

These forward-looking statements are based on current beliefs and expectations of the management of Eagle Bancorp Montana, Inc. (the "Company") and are inherently subject to significant business, economic and competitive uncertainties and contingencies, many of which are beyond our control. In addition, these forward-looking statements are subject to assumptions with respect to future business strategies and decisions that are subject to change.

The following factors, among others, could cause the Company's actual results to differ materially from the anticipated results or other expectations expressed in the forward-looking statements:

changes in laws or government regulations or policies affecting financial institutions, including changes in regulatory fees and capital requirements;

general economic conditions, either nationally or in our market areas;

competition among depository and other financial institutions;

changes in the prices, values and sales volume of residential and commercial real estate in Montana;

loss of customers checking and savings account deposits as customers pursue other higher-yielding investments, particularly in a rising rate environment;

inflation and changes in the interest rate environment that reduce our margins or reduce the fair value of financial instruments;

adverse changes or volatility in the securities markets;

our ability to enter new markets successfully and capitalize on growth opportunities;

our ability to successfully integrate acquired businesses;

changes in consumer spending, borrowing and savings habits;

the inability of our risk management controls to prevent or detect all errors or fraudulent acts;

our ability to continue to increase and manage our commercial and residential real estate, multi-family and commercial business loans;

possible impairments of securities held by us, including those issued by government entities and government sponsored enterprises;

changes in laws or government regulations or policies affecting financial institutions, including changes in regulatory fees and capital requirements;

the level of future deposit insurance premium assessments;

continued low interest rate environment or interest rate volatility;

the Company's ability to develop and maintain secure and reliable information technology systems, keep pace with technological changes, effectively defend itself against cyberattacks, or recover from breaches to its cybersecurity infrastructure;

the impact of the restructuring of the U.S. financial and regulatory system;

the failure of assumptions underlying the establishment of allowance for possible loan losses and other estimates; changes in the financial performance, creditworthiness and/or condition of our borrowers and their ability to repay their loans when due; and

the effect of changes in accounting policies and practices, as may be adopted by the regulatory agencies, as well as the Securities and Exchange Commission, the Public Company Accounting Oversight Board, the Financial Accounting Standards Board and other accounting standard setters.

Because of these and other uncertainties, our actual future results may be materially different from the results indicated by these forward-looking statements. For a further list and description of various risks, relevant factors and uncertainties that could cause future results or events to differ materially from those expressed or implied in our forward-looking statements, see the Item 1A, "Risk Factors" and Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations" sections contained elsewhere in this report, as well as our Annual Report on Form 10-K for the year ended December 31, 2016, any subsequent Reports on Form 10-Q and Form 8-K, and other filings with the SEC. We do not undertake any obligation to publicly update or correct any forward-looking statements to reflect events or circumstances that subsequently occur, or of which we hereafter become aware.
