securities and exchange commission

Washington D.C. 20549

FORM 10-Q

(Mark One)

**QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE
SECURITIES EXCHANGE ACT OF 1934**

For the quarterly period ended December 31, 2017

or

**TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE
SECURITIES EXCHANGE ACT OF 1934**

For the transition period from _____ to _____

Commission file number: 000-28827

PETMED EXPRESS, INC.

(Exact name of registrant as specified in its charter)

FLORIDA **65-0680967**
(State or other jurisdiction of (I.R.S. Employer

incorporation or organization) Identification No.)

420 South Congress Avenue, Delray Beach, Florida 33445

(Address of principal executive offices, including zip code)

(561) 526-4444

(Registrant's telephone number, including area code)

N/A

(Former name, former address and former fiscal year, if changed since last report)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§ 229.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, smaller reporting company, or an emerging growth company. See definition of "large accelerated filer," "accelerated filer", "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Edgar Filing: PETMED EXPRESS INC - Form 10-Q

Large accelerated filer
Non-accelerated filer
(Do not check if smaller reporting company)

Accelerated filer
Smaller reporting company
Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (defined in Rule 12b-2 of the Exchange Act).

Yes No

Indicate the number of shares outstanding of each of the issuer's classes of common stock, as of the latest practicable date: 20,601,106 Common Shares, \$.001 par value per share at January 30, 2018.

PETMED EXPRESS, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

Note 1: Summary of Significant Accounting Policies

Organization

PetMed Express, Inc. and subsidiaries, d/b/a *1-800-PetMeds* (the “Company”), is a leading nationwide pet pharmacy. The Company markets prescription and non-prescription pet medications, health products, and supplies for dogs and cats, direct to the consumer. The Company offers consumers an attractive alternative for obtaining pet medications in terms of convenience, price, and speed of delivery. The Company markets its products through national advertising campaigns, which aim to increase the recognition of the “*1-800-PetMeds*” brand name, and “*PetMeds*” family of trademarks, increase traffic on its website at www.1800petmeds.com, acquire new customers, and maximize repeat purchases. The majority of the Company’s sales are to residents in the United States. The Company’s corporate headquarters and distribution facility are located in Delray Beach, Florida. The Company’s fiscal year end is *March 31*, and references herein to Fiscal *2018* or Fiscal *2017* refer to the Company's fiscal years ending *March 31, 2018* and *2017*, respectively.

Basis of Presentation and Consolidation

The accompanying unaudited Condensed Consolidated Financial Statements have been prepared in accordance with the instructions to Form *10-Q* and, therefore, do *not* include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. In the opinion of management, the accompanying Condensed Consolidated Financial Statements contain all adjustments, consisting of normal recurring accruals, necessary to present fairly the financial position of the Company at *December 31, 2017*, the Statements of Comprehensive Income for the *three* and *nine* months ended *December 31, 2017* and *2016*, and Cash Flows for the *nine* months ended *December 31, 2017* and *2016*. The results of operations for the *three* and *nine* months ended *December 31, 2017* are *not* necessarily indicative of the operating results expected for the fiscal year ending *March 31, 2018*. These financial statements should be read in conjunction with the financial statements and notes thereto contained in the Company’s annual report on Form *10-K* for the fiscal year ended *March 31, 2017*. The Condensed Consolidated Financial Statements include the accounts of PetMed Express, Inc. and its wholly owned subsidiaries. All significant intercompany transactions have been eliminated upon consolidation.

Use of Estimates

The preparation of Condensed Consolidated Financial Statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the Condensed Consolidated Financial Statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value of Financial Instruments

The carrying amounts of the Company's cash and cash equivalents, accounts receivable, and accounts payable approximate fair value due to the short-term nature of these instruments.

Recent Accounting Pronouncements

In *May 2014*, the Financial Accounting Standards Board (“FASB”) issued ASU 2014-09, “Revenue from Contracts with Customers.” This ASU clarifies the accounting for revenue arising from contracts with customers and specifies the disclosures that an entity should include in its financial statements. The standard was effective for annual reporting periods beginning after *December 15, 2017*. During *2016*, the FASB issued certain amendments to the standard relating to the principal versus agent guidance, accounting for licenses of intellectual property and identifying performance obligations as well as the guidance on transition, collectability, noncash consideration and the presentation of sales and other similar taxes. The effective date and transition requirements for these amendments are the same as those of the original ASU. The guidance permits *two* methods of adoption: retrospectively to each prior reporting period presented (full retrospective method), or retrospectively with the cumulative effect of initially applying the guidance recognized at the date of initial application (modified retrospective method).

The Company currently anticipates adopting the standard using the modified retrospective method. The Company has performed a high level analysis of its revenue streams and expects to complete its evaluations in FY 2018, as well as an evaluation of the impact on its business processes, controls and systems. The Company does *not* expect this standard to affect the Company materially, other than increased disclosures. We plan to complete our assessment of the impact of adoption during fiscal 2018 and finalize the adoption of the new revenue standard in fiscal 2019.

In *March 2016*, the FASB released Accounting Standards Update on Stock Compensation Improvements to Employee Share-Based Payment Accounting (Topic 718) (ASU 2016-09). ASU 2016-09 requires entities to recognize the income tax effects of share-based awards in the income statement when the awards vest or are settled. The objective of this update is to simplify several aspects of the accounting for employee share-based payment transactions, including the income tax consequences, classification of awards as either equity or liabilities, and classification on the statement of cash flows. The new standard was effective for annual and interim periods beginning *January 1, 2017*. We early adopted this standard as of *March 31, 2017*. The Company expects that this accounting pronouncement *may* have a material effect on the Company's effective tax rate in fiscal 2018, based on the Company's stock price.

The Company does *not* believe that any other recently issued, but *not* yet effective, accounting standards, if currently adopted, will have a material effect on the Company's consolidated financial position, results of operations, or cash flows.

Note 2: Net Income Per Share

In accordance with the provisions of Accounting Standards Codification (ASC) Topic 260 ("*Earnings Per Share*") basic net income per share is computed by dividing net income available to common shareholders by the weighted average number of common shares outstanding during the period. Diluted net income per common share includes the dilutive effect of potential restricted stock and the effects of the potential conversion of preferred shares, calculated using the treasury stock method. Unvested restricted stock and convertible preferred shares issued by the Company represent the only dilutive effect reflected in the diluted weighted average shares outstanding.

The following is a reconciliation of the numerators and denominators of the basic and diluted net income per share computations for the periods presented (in thousands, except for per share amounts):

Three Months Ended	Nine Months Ended
December 31,	December 31,

Edgar Filing: PETMED EXPRESS INC - Form 10-Q

	2017	2016	2017	2016
Net income (numerator):				
Net income	\$9,064	\$4,823	\$27,100	\$16,316
Shares (denominator):				
Weighted average number of common shares outstanding used in basic computation	20,368	20,253	20,337	20,223
Common shares issuable upon vesting of restricted stock	47	145	90	140
Common shares issuable upon conversion of preferred shares	10	10	10	10
Shares used in diluted computation	20,425	20,408	20,437	20,373
Net income per common share:				
Basic	\$0.45	\$0.24	\$1.33	\$0.81
Diluted	\$0.44	\$0.24	\$1.33	\$0.80

For the *three* and *nine* months ended *December 31, 2017*, 77,600 shares of common restricted stock were excluded from the computations of diluted net income per common share, as their inclusion would have had an anti-dilutive effect on diluted net income per common share. For the *three* and *nine* months ended *December 31, 2016*, all common restricted stock was included in the diluted net income per common share computation.

Note 3: Accounting for Stock-Based Compensation

The Company records compensation expense associated with restricted stock in accordance with ASC Topic 718 (“*Share Based Payment*”) (ASU 2016-09). The compensation expense related to all of the Company’s stock-based compensation arrangements is recorded as a component of general and administrative expenses. The Company had 974,860 restricted common shares issued under the 2006 Employee Equity Compensation Restricted Stock Plan (“2006 Employee Plan”), 47,600 restricted common shares issued under the 2016 Employee Equity Compensation Restricted Stock Plan (“2016 Employee Plan” and collectively referred to with the 2006 Employee Plan as the “Employee Plans”), 272,000 restricted common shares issued under the 2006 Outside Director Equity Compensation Restricted Stock Plan (“2006 Director Plan”), and 60,000 restricted common shares issued under the 2015 Outside Director Equity Compensation Restricted Stock Plan (“2015 Director Plan”, and collectively referred to with the 2006 Director Plan as the “Director Plans”) at *December 31, 2017*, all shares of which were issued subject to a restriction or forfeiture period that lapses ratably on the first, second, and *third* anniversaries of the date of grant, and the fair value of which is being amortized over the *three*-year restriction period.

For the quarters ended *December 31, 2017* and *2016*, the Company recognized \$712,000 and \$498,000, respectively, of compensation expense related to the Employee and Director Plans. For the *nine* months ended *December 31, 2017* and *2016*, the Company recognized \$1.9 million and \$1.4 million, respectively, of compensation expense related to the Employee and Director Plans. At *December 31, 2017* and *2016*, there was \$5.1 million and \$3.8 million of unrecognized compensation cost related to the non-vested restricted stock awards, respectively, which is expected to be recognized over the next *three* years. At *December 31, 2017* and *2016*, there were approximately 233,000 and 273,000 non-vested restricted shares, respectively.

Note 4: Fair Value

The Company carries various assets and liabilities at fair value in the Condensed Consolidated Balance Sheets. Fair value is defined as an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or a liability. ASC Topic 820 (“Fair Value Measurements”) establishes a *three*-tier fair value hierarchy, which prioritizes the inputs used in the valuation methodologies in measuring fair value:

Level 1 - Observable inputs that reflect quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2 - Include other inputs that are directly or indirectly observable in the marketplace.

Level 3 - Unobservable inputs which are supported by little or *no* market activity.

The fair value hierarchy also requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. At *December 31, 2017*, the Company had invested the majority of its \$81.0 million cash and cash equivalents balance in money market funds which are classified within level *1*.

Note 5: Commitments and Contingencies

In *June 2017*, the Company was served with a lawsuit by a veterinary clinic, styled Animal Medical Center of Orland Park, Inc. v. PetMed Express, Inc., d/b/a *1-800-PetMeds*, and John Does *1-10*, Circuit Court of Cook County, Illinois, Chancery Division, *2017-CH-07347*. The plaintiff alleged that the Company was sending unsolicited advertisements via facsimile in violation of the Telephone Consumer Protection Act, and also seeks class action status. On *November 13, 2017*, this matter was voluntarily dismissed by the plaintiffs, with prejudice.

On *August 25, 2017* and *September 7, 2017*, shareholders filed putative securities class action lawsuits in the United States District Court for the Southern District of Florida, which were subsequently consolidated, against PetMed Express, Inc. (the "Company") and the Company's principal executive officers, *one* of whom is also a director. Relying exclusively on a false and defamatory, anonymous "report" posted on *August 23, 2017* on the Aurelius Value website the plaintiffs alleged violations of Sections *10(b)* and *20(a)* of the Securities Exchange Act of *1934*. The Company has always denied and continues to deny the plaintiffs' unfounded accusations. The plaintiffs investigated their claims, and on or about *January 19, 2018*, the plaintiffs voluntarily dismissed the consolidated lawsuit without prejudice.

The Company has settled complaints that had been filed with various states' regulatory boards in the past. There can be *no* assurances made that other states will *not* attempt to take similar actions against the Company in the future. The Company initiates litigation to protect its trade or service marks. There can be *no* assurance that the Company will be successful in protecting its trade or service marks.

Legal costs related to the above matters are expensed as incurred.

Note 6: Changes in Shareholders' Equity and Comprehensive Income:

Changes in shareholders' equity for the *nine* months ended *December 31, 2017* are summarized below (in thousands):

	Additional Paid-In Capital	Retained Earnings
Beginning balance at March 31, 2017:	\$ 6,806	\$86,530
Share based compensation	1,858	-
Dividends declared	-	(12,343)
Net income	-	27,100
Ending balance at December 31, 2017:	\$ 8,664	\$101,287

No shares of treasury stock were purchased or retired in the *nine* months ended *December 31, 2017* and *2016*.

Note 7: Income Taxes

For the quarters ended *December 31, 2017* and *2016*, the Company recorded an income tax provision of approximately \$2.9 million and \$3.0 million, respectively, and for the *nine* months ended *December 31, 2017* and *2016*, the Company recorded an income tax provision of approximately \$12.2 million and \$9.8 million, respectively. The decrease to the income tax provision for the *three* months ended *December 31, 2017*, is related to an income tax rate reduction pursuant to the Tax Cuts and Jobs Act of 2017 ("2017 Act"), offset by an increase in operating income. The increase to the income tax provision for the *nine* months ended *December 31, 2017*, is related to an increase in operating income offset by the income tax rate reduction due to the 2017 Act. The effective tax rate for the quarter

ended *December 31, 2017* was approximately *24.0%*, compared to *38.3%* for the quarter ended *December 31, 2016*, and the effective tax rate for the *nine* months ended *December 31, 2017* was approximately *31.1%*, compared to *37.5%* for the *nine* months ended *December 31, 2016*. The decrease to the effective rate for the *three* and *nine* months ended *December 31, 2017* is due to a reduction in the Company's corporate tax rate pursuant to the *2017 Act*. In accordance with SEC Staff Bulletin *No. 118*, fiscal year end companies were required to determine the appropriate blended rate to apply based on their respective fiscal year end date. Therefore, instead of applying a *35.0%* federal tax rate for the quarter and *nine* months ended *December 31, 2017*, the Company applied a blended federal rate of *31.5%*. This blended rate was applied to the *nine* months ended *December 31, 2017*, resulting in a tax benefit of approximately *\$1.7* million, which also included a *one-time \$384,000* reduction to our deferred tax liabilities due to the federal tax rate reduction. The Company also recognized a *one-time charge of \$175,000* related to a true up of the fiscal *2017* income tax provision, which was recognized in the quarter ended *December 31, 2017*.

Note 8: Subsequent Events

On or about *January 19, 2018*, the plaintiffs voluntarily dismissed the consolidated putative securities class action lawsuit, filed in *August* and *September 2017*, without prejudice.

On *January 22, 2018* our Board of Directors declared an increased quarterly dividend of *\$0.25* per share. The Board established a *February 5, 2018* record date and a *February 16, 2018* payment date. Based on the outstanding share balance as of *January 30, 2018* the Company estimates the dividend payable to be approximately *\$5.2* million.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

Executive Summary

PetMed Express was incorporated in the state of Florida in January 1996. The Company's common stock is traded on the NASDAQ Global Select Market under the symbol "PETS." The Company began selling pet medications and other pet health products in September 1996. In March 2010, the Company started offering for sale additional pet supplies on its website, and these items are drop shipped to customers by third party vendors. Presently, the Company's product line includes approximately 3,000 of the most popular pet medications, health products, and supplies for dogs and cats.

The Company markets its products through national advertising campaigns which aim to increase the recognition of the "1-800-PetMeds" brand name, and "PetMeds" family of trademarks, increase traffic on its website at www.1800petmeds.com, acquire new customers, and maximize repeat purchases. Approximately 84% of all sales were generated via the Internet for the quarter ended December 31, 2017, compared to 83% for the quarter ended December 31, 2016. The Company's sales consist of products sold mainly to retail consumers. The three-month average purchase was approximately \$86 and \$81 per order for the quarters ended December 31, 2017 and 2016, respectively, and for the nine months ended December 31, 2017 and 2016, the average purchase was approximately \$86 and \$82 per order, respectively.

Critical Accounting Policies

Our discussion and analysis of our financial condition and the results of our operations are based upon our Condensed Consolidated Financial Statements and the data used to prepare them. The Company's Condensed Consolidated Financial Statements have been prepared in accordance with accounting principles generally accepted in the United States of America. On an ongoing basis we re-evaluate our judgments and estimates including those related to product returns, bad debts, inventories, and income taxes. We base our estimates and judgments on our historical experience, knowledge of current conditions, and our beliefs of what could occur in the future considering available information. Actual results may differ from these estimates under different assumptions or conditions. Our estimates are guided by observing the following critical accounting policies.

Revenue recognition

The Company generates revenue by selling pet medications and pet supplies primarily to retail consumers. The Company's policy is to recognize revenue from product sales upon shipment, when the rights of ownership and risk of loss have passed to the customer. Outbound shipping and handling fees are included in sales and are billed upon shipment. Shipping expenses are included in cost of sales. The majority of the Company's sales are paid by credit cards and the Company usually receives the cash settlement in two to three banking days. Credit card sales minimize accounts receivable balances relative to sales.

The Company maintains an allowance for doubtful accounts for losses that the Company estimates will arise from customers' inability to make required payments, arising from either credit card charge-backs or insufficient funds checks. The Company determines its estimates of the uncollectibility of accounts receivable by analyzing historical bad debts and current economic trends. The allowance for doubtful accounts was approximately \$26,000 at December 31, 2017 compared to \$27,000 at March 31, 2017.

Valuation of inventory

Inventories consist of prescription and non-prescription pet medications and pet supplies that are available for sale and are priced at the lower of cost or market value using a weighted average cost method. The Company writes down its inventory for estimated obsolescence. The inventory reserve was approximately \$55,000 at December 31, 2017 compared to \$51,000 at March 31, 2017.

Advertising

The Company's advertising expense consists primarily of Internet marketing and direct mail/print advertising. Internet costs are expensed in the month incurred and direct mail/print advertising costs are expensed when the related catalogs, brochures, and postcards are produced, distributed, or superseded.

Accounting for income taxes

The Company accounts for income taxes under the provisions of ASC Topic 740 (“*Accounting for Income Taxes*”), which generally requires recognition of deferred tax assets and liabilities for the expected future tax benefits or consequences of events that have been included in the Consolidated Financial Statements or tax returns. Under this method, deferred tax assets and liabilities are determined based on differences between the financial reporting carrying values and the tax bases of assets and liabilities, and are measured by applying enacted tax rates and laws for the taxable years in which those differences are expected to reverse.

Results of Operations

The following should be read in conjunction with the Company’s Condensed Consolidated Financial Statements and the related notes thereto included elsewhere herein. The following table sets forth, as a percentage of sales, certain operating data appearing in the Company’s Condensed Consolidated Statements of Comprehensive Income:

	Three Months Ended December 31, 2017		Nine Months Ended December 31, 2016	
Sales	100.0%	100.0%	100.0%	100.0%
Cost of sales	63.5	68.5	64.7	69.3
Gross profit	36.5	31.5	35.3	30.7
Operating expenses:

Three Months Ended December 31, 2017 Compared With Three Months Ended December 31, 2016, and Nine Months Ended December 31, 2017 Compared With Nine Months Ended December 31, 2016

Sales

Sales increased by approximately \$7.2 million, or 13.7%, to approximately \$60.1 million for the quarter ended December 31, 2017, from approximately \$52.9 million for the quarter ended December 31, 2016. For the nine months ended December 31, 2017, sales increased by approximately \$20.3 million, or 10.9%, to approximately \$206.5 million compared to \$186.1 million for the nine months ended December 31, 2016. The increases in sales for the three and nine months ended December 31, 2017 were primarily due to increased new order and reorder sales. The Company acquired approximately 106,000 new customers for the quarter ended December 31, 2017, compared to approximately 99,000 new customers for the same period the prior year. For the nine months ended December 31, 2017 the Company acquired approximately 408,000 new customers, compared to 388,000 new customers for the nine months ended December 31, 2016. The following chart illustrates sales by various sales classifications:

Three Months Ended December 31,

Sales (In thousands)	2017	%	2016	%	\$ Variance	% Variance		
Reorder Sales	\$50,949	84.8 %	\$44,937	85.0 %	\$ 6,012	13.4	%

Edgar Filing: PETMED EXPRESS INC - Form 10-Q

Internet Sales	\$173,175	83.9 %	\$153,161	82.3 %	\$ 20,014	13.1 %
Contact Center Sales	\$33,303	16.1 %	\$32,983	17.7 %	\$ 320	1.0 %
Total Net Sales	\$206,478	100.0%	\$186,144	100.0%	\$ 20,334	10.9 %

Going forward sales may be adversely affected due to increased competition and consumers giving more consideration to price. No guarantees can be made that sales will continue to grow in the future. The majority of our product sales are affected by the seasons, due to the seasonality of mainly heartworm, and flea and tick medications. For the quarters ended June 30, September 30, December 31, and March 31 of Fiscal 2017, the Company's sales were approximately 29%, 25%, 21%, and 25%, respectively.

Cost of sales

Cost of sales increased by approximately \$1.9 million, or 5.4%, to approximately \$38.2 million for the quarter ended December 31, 2017, from approximately \$36.2 million for the quarter ended December 31, 2016. For the nine months ended December 31, 2017, cost of sales increased by approximately \$4.6 million, or 3.6%, to approximately \$133.6 million compared to \$129.0 million for the same period in the prior year. The increase in cost of sales is directly related to the increases in sales during the quarter and nine months ended December 31, 2017. Cost of sales as a percent of sales was 63.5% and 68.5% for the quarters ended December 31, 2017 and 2016, respectively, and for the nine months ended December 31, 2017 and 2016 the cost of sales was 64.7% and 69.3%, respectively. The cost of sales percentage decreases are mainly attributed to a product mix shift to higher margin items, offset by additional discounts given to customers to increase sales during the quarter and nine months ended December 31, 2017.

Gross profit

Gross profit increased by approximately \$5.3 million, or 31.9%, to approximately \$21.9 million for the quarter ended December 31, 2017, from approximately \$16.6 million for the quarter ended December 31, 2016. For the nine months ended December 31, 2017 gross profit increased by approximately \$15.7 million, or 27.5%, to approximately \$72.9 million, compared to \$57.2 million for the same period in the prior year. The increases in gross profit are directly related to increases in sales during the quarter and nine months ended December 31, 2017. Gross profit as a percentage of sales was 36.5% and 31.5% for the three months ended December 31, 2017 and 2016, respectively, and for the nine months ended December 31, 2017 and 2016, gross profit was 35.3% and 30.7%, respectively. The gross profit percentage increases for the quarter and nine months ended December 31, 2017 are mainly attributed to a product mix shift to higher margin items, offset by additional discounts given to customers to increase sales during the quarter and nine months.

General and administrative expenses

General and administrative expenses increased by approximately \$457,000, or 8.5%, to approximately \$5.8 million for the quarter ended December 31, 2017, from approximately \$5.4 million for the quarter ended December 31, 2016. The increase in general and administrative expenses for the quarter ended December 31, 2017 was primarily due to the following: a \$496,000 increase in payroll expenses related to increased stock compensation expense; a \$164,000 increase in bank service fees; and an \$18,000 increase in professional fees. Offsetting the increase was a \$198,000 decrease to property expenses; a \$20,000 decrease to telephone expenses; and a \$3,000 net decrease in other expenses which included licenses, insurance expenses, and bad debt expenses.

For the nine months ended December 31, 2017, general and administrative expenses increased by approximately \$1.0 million, or 5.9%, to approximately \$18.2 million from approximately \$17.2 million for the nine months ended December 31, 2016. The increase in general and administrative expenses for the nine months ended December 31, 2017 was primarily due to the following: a \$1.3 million increase in payroll expenses related to increased stock compensation expense; a \$453,000 increase in bank service fees; and a \$192,000 increase in professional fees. Offsetting the increase was a \$582,000 decrease to property expenses; a \$296,000 decrease to bad debt expense relating to decreased credit card chargebacks for the period; a \$40,000 decrease in licenses and fees; and a \$25,000 net decrease in other expenses which included insurance expenses, telephone, and travel expenses.

Advertising expenses

Advertising expenses increased by approximately \$956,000, or 30.2%, to approximately \$4.1 million for the quarter ended December 31, 2017, from approximately \$3.2 million for the quarter ended December 31, 2016. For the nine

months ended December 31, 2017, advertising expenses increased by approximately \$1.6 million, or 12.3%, to approximately \$14.9 million compared to advertising expenses of approximately \$13.3 million for the nine months ended December 31, 2016. The increases in advertising expenses for the three and nine months ended December 31, 2017 was intended to stimulate sales and acquire new customers. The advertising costs of acquiring a new customer, defined as total advertising costs divided by new customers acquired, increased to \$39 for the quarter ended December 31, 2017, compared to \$32 for the quarter ended December 31, 2016. For the nine months ended December 31, 2017 and 2016 the advertising costs of acquiring a new customer were \$37 and \$34, respectively. Advertising cost of acquiring a new customer can be impacted by the advertising environment, the effectiveness of our advertising creative, advertising spending, and price competition. Historically, the advertising environment fluctuates due to supply and demand. A more favorable advertising environment may positively impact future new order sales, whereas a less favorable advertising environment may negatively impact future new order sales.

As a percentage of sales, advertising expense was 6.8% and 6.0% for the quarters ended December 31, 2017 and 2016, respectively, and for both of the nine months ended December 31, 2017 and 2016 advertising expense was 7.2%. The increase in advertising expense as a percentage of total sales for the quarter ended December 31, 2017 can be attributed to increased advertising spending to stimulate sales and acquire new customers. The Company currently anticipates advertising as a percentage of sales to be between approximately 7.0% and 8.0% for fiscal 2018. However, the advertising percentage will fluctuate quarter to quarter due to seasonality and advertising availability.

Depreciation

Depreciation expense increased by approximately \$75,000 to approximately \$532,000 for the quarter ended December 31, 2017, from approximately \$457,000 for the quarter ended December 31, 2016. For the nine months ended December 31, 2017 depreciation expense increased by approximately \$735,000 to \$1.6 million compared to \$855,000 for the same period in the prior year. The increases to depreciation expense for the quarter and nine months ended December 31, 2017 can be attributed to an increase in new property and equipment additions related to the Company's new corporate headquarters and distribution facility which were placed into service in fiscal 2017.

Other income

Other income increased by approximately \$290,000 to approximately \$456,000 for the quarter ended December 31, 2017 from approximately \$166,000 for the quarter ended December 31, 2016. For the nine months ended December 31, 2017 other income increased by approximately \$870,000 to approximately \$1.2 million compared to approximately \$302,000 for the same period in the prior year. The increases to other income for the quarter and nine months ended December 31, 2017 are related to increased rental and advertising revenue, and increased interest income. Interest income may decrease in the future as the Company utilizes its cash balances on its share repurchase plan, with approximately \$10.2 million remaining as of December 31, 2017, on any quarterly dividend payment, or on its operating activities.

Provision for income taxes

For the quarters ended December 31, 2017 and 2016, the Company recorded an income tax provision of approximately \$2.9 million and \$3.0 million, respectively, and for the nine months ended December 31, 2017 and 2016, the Company recorded an income tax provision of approximately \$12.2 million and \$9.8 million, respectively. The decrease to the income tax provision for the three months ended December 31, 2017, is related to an income tax rate reduction pursuant to the Tax Cuts and Jobs Act of 2017 ("2017 Act"), offset by an increase in operating income. The increase to the income tax provision for the nine months ended December 31, 2017, is related to an increase in operating income offset by the income tax rate reduction due to the 2017 Act. The effective tax rate for the quarter ended December 31, 2017 was approximately 24.0%, compared to 38.3% for the quarter ended December 31, 2016, and the effective tax rate for the nine months ended December 31, 2017 was approximately 31.1%, compared to 37.5% for the nine months ended December 31, 2017. The decrease to the effective rate for the three and nine months ended December 31, 2017 is due to a reduction in the Company's corporate tax rate pursuant to the 2017 Act. In accordance with SEC Staff Bulletin No. 118, fiscal year end companies were required to determine the appropriate blended rate to apply based on their respective fiscal year end dates. Therefore, instead of applying a 35.0% federal tax rate for the quarter and nine months ended December 31, 2017, the Company applied a blended federal rate of 31.5%. This blended rate was applied to the nine months ended December 31, 2017, resulting in a tax benefit of approximately \$1.7 million, which also included a one-time \$384,000 reduction to our deferred tax liabilities due to

the federal tax rate reduction. The Company also recognized a one-time charge of \$175,000 related to a true up of the fiscal 2017 income tax provision, which was recognized in the quarter ended December 31, 2017. Due to the passage of the 2017 Act the company expects an effective tax rate of approximately 34.0% for the quarter ending March 31, 2018, and an effective tax rate of approximately 24.0% for fiscal 2019.

Liquidity and Capital Resources

The Company's working capital at December 31, 2017 and March 31, 2017 was \$80.7 million and \$63.4 million, respectively. The \$17.3 million increase in working capital was primarily attributable to cash flow generated from operations, offset by dividends paid. Net cash provided by operating activities was \$35.1 million and \$31.6 million for the nine months ended December 31, 2017 and 2016, respectively. This change can be mainly attributed to an increase in the Company's net income and income taxes payable offset by increases in the Company's inventory balance, compared to the same period in the prior year. Net cash used in investing activities decreased to \$564,000 for the nine months ended December 31, 2017, compared to net cash used in investing activities of \$9.9 million for the nine months ended December 31, 2016. This change in investing activities is related to increased property and equipment additions related to the Company's new corporate headquarters and distribution facility in Delray Beach, Florida in the previous fiscal year. Net cash used in financing activities was \$12.3 million for the nine months ended December 31, 2017, compared to \$11.5 million for the same period in the prior year, which represented an increase in dividends paid in the period ended December 31, 2017.

At December 31, 2017, the Company had approximately \$10.2 million remaining under the Company's share repurchase plan. Subsequent to December 31, 2017, on January 22, 2018 our Board of Directors declared an increased quarterly dividend of \$0.25 per share. The Board established a February 5, 2018 record date and a February 16, 2018 payment date. Depending on future market conditions the Company may utilize its cash and cash equivalents on the remaining balance of its current share repurchase plan, on dividends, or on its operating activities.

At December 31, 2017, the Company had no outstanding lease commitments. We are not currently bound by any long or short term agreements for the purchase or lease of capital expenditures. Any material amounts expended for capital expenditures would be the result of an increase in the capacity needed to adequately provide for any increase in our business. To date we have paid for any needed additions to our capital equipment infrastructure from working capital funds and anticipate this being the case in the future. Presently, we have approximately \$300,000 forecasted for capital expenditures for the remainder of fiscal 2018, which will be funded through cash from operations. The Company's primary source of working capital is cash from operations. The Company presently has no need for alternative sources of working capital, and has no commitments or plans to obtain additional capital.

Off-Balance Sheet Arrangements

The Company had no off-balance sheet arrangements at December 31, 2017.

Cautionary Statement Regarding Forward-Looking Information

Certain information in this Quarterly Report on Form 10-Q includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. You can identify these forward-looking statements by the words "believes," "intends," "expects," "may," "will," "should," "plans," "projects," "contemplates," "intends," "budgets," "predicts," "estimates," "anticipates," or similar expressions. These statements are based on our beliefs, as well as assumptions we have used based upon information currently available to us. Because these statements reflect our current views concerning future events, these statements involve risks, uncertainties, and assumptions. Actual future results may differ significantly from the results discussed in the forward-looking statements. A reader, whether investing in our common stock or not, should not place undue reliance on these forward-looking statements, which apply only as of the date of this quarterly report. When used in this quarterly report on Form 10-Q, "PetMed Express," "1-800-PetMeds," "PetMeds," "PetMed," "PetMeds.com," "1800PetMeds.com," "PetMed.com," "PetMed Express.com," "the Company," "we," "our," and "us" refers to PetMed Express, Inc. and our subsidiaries.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

Market risk generally represents the risk that losses may occur in the value of financial instruments as a result of movements in interest rates, foreign currency exchange rates, and commodity prices. Our financial instruments include cash and cash equivalents, accounts receivable, and accounts payable. The book values of cash equivalents, accounts receivable, and accounts payable are considered to be representative of fair value because of the short maturity of these instruments. Interest rates affect our return on excess cash and cash equivalents. At December 31, 2017, we had \$81.0 million in cash and cash equivalents, a majority of our cash and cash equivalents generate interest income based on prevailing interest rates. A significant change in interest rates would impact the amount of interest income generated from our excess cash and cash equivalents. It would also impact the market value of our money market funds. Our investments are subject to market risk, primarily interest rate and credit risk. Our investments are managed by a limited number of outside professional managers within investment guidelines set by our Board of Directors. Such guidelines include security type, credit quality, and maturity, and are intended to limit market risk by restricting our investments to high-quality debt instruments with both short and long term maturities. We do not hold any derivative financial instruments that could expose us to significant market risk. At December 31, 2017, we had no debt obligations.

ITEM 4. CONTROLS AND PROCEDURES.

The Company's management, including our Chief Executive Officer and Chief Financial Officer, has conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15 promulgated under the Securities Exchange Act of 1934, as amended) as of the quarter ended December 31, 2017, the end of the period covered by this report (the "Evaluation Date"). Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures are effective such that the information relating to our Company, including our consolidated subsidiaries, required to be disclosed by the Company in reports that it files or submits under the Exchange Act: (1) is recorded, processed, summarized, and reported within the time periods specified in the Securities and Exchange Commission rules and forms, and (2) is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosure.

There were no changes in our internal control over financial reporting during our most recently completed fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

part ii - other information

ITEM 1. LEGAL PROCEEDINGS.

None.

ITEM 1A. RISK FACTORS.

Our operations and financial results are subject to various risks and uncertainties that could adversely affect our business, financial condition, results of operations, and trading price of our common stock. Please refer to our Annual Report on Form 10-K for Fiscal Year 2017 for additional information concerning these and other uncertainties that could negatively impact the Company.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.

The Company did not make any sales of unregistered securities during the third quarter of Fiscal 2018.

Issuer Purchases of Equity Securities

None.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES.

None.

ITEM 4. MINE SAFETY DISCLOSURES.

Not applicable.

ITEM 5. OTHER INFORMATION.

None.

ITEM 6. EXHIBITS

The following exhibits are filed as part of this report.

31.1 Certification of Principal Executive Officer Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002, promulgated under the Securities Exchange Act of 1934, as amended.

31.2 Certification of Principal Financial Officer Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002, promulgated under the Securities Exchange Act of 1934, as amended.

32.1 Certification of Principal Executive Officer and Principal Financial Officer Pursuant to 18 U.S.C. Section 1350, as adopted Pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.
