#### Compliance with Section 16(a) of the Exchange Act

Our shares of common stock are registered under the Exchange Act, and therefore the officers, directors and holders of more than 10% of our outstanding shares are subject to the provisions of Section 16(a), which requires them to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of common stock and our other equity securities. Officers, directors and greater than 10% beneficial owners are required by Securities and Exchange Commission regulations to furnish us with copies of all Section 16(a) reports they file.

Based solely upon review of the copies of such forms furnished to us during the year ended December 31, 2010, a Form 4 pertaining to Benno G. Sand with a September 9, 2010 due date was inadvertently untimely filed on October 14, 2010.

## Code of Ethics

We adopted a Code of Ethics for our principal executive and financial officers on or about April 14, 2009. Our Code of Ethics was filed as Exhibit 14 to our 10-K Annual Report for the year ended December 31, 2008, in Part IV, Item 15.

## Corporate Governance

Our Board of Directors held six regularly scheduled meetings and two special meetings during 2010, and acted by unanimous written consent in lieu of a meeting eight times, as permitted by the applicable state law, during 2010. During 2010, all directors attended 75% or more of the meetings of the Board of Directors and committees to which they were assigned. During 2010, our Governance and Nominating Committee and Compensation Committee each held four meetings, while our Audit Committee held five meetings. The Governance and Nominating Committee, Compensation Committee and Audit Committee each have a written charter that has been approved by the board.

### Corporate Governance and Nominating Committee

We have established a Corporate Governance and Nominating Committee and our Charter outlining our procedures is filed as an Exhibit to our 8-K Current Report dated December 16, 2008 and filed with the Securities and Exchange Commission on December 22, 2008. As of December 31, 2010, the members of the Nominating Committee were: Karen G. Larson, Chairwoman; Rick M. Rickenbach and Benno G. Sand. With the resignation of Messrs. Gilles-Larson and Rickenbach in July 2011 and Messr. Sand in August 2011, the current members of the Nominating Committee are: Kent O. Lillemoe, Kedar R. Belhe and David F. Dalvey, who serves as Chair.

The committee was established for the purpose of overseeing the identification, evaluation, and nomination of Board members for election. The committee also has the responsibility for evaluating the performance of the Board and Board committees. The committee oversees all matters of corporate governance. Currently, the committee submits nominations for election to fill vacancies on the Board to the entire Board of Director for its consideration. A copy of the Corporate Governance and Nomination Committee charter is available on our website at [www.digitiliti.com](http://www.digitiliti.com).

Our goal is to assemble a Board of Directors that brings together a diverse variety of perspectives and skills derived from high quality business and professional experience. In evaluating potential directors, the committee considers the following factors:

- the appropriate size of our Board of Directors;
- our needs with respect to the particular talents and experience of our directors;
- the knowledge, skills and experience of nominees, including experience in desirable vertical markets such as financial, legal, medical or education or public companies, in light of prevailing business conditions and the knowledge, skills and experience already possessed by other members of the Board of Directors;
- educational and practical experience;
- familiarity with the information technology industry; and
- the desire to balance the benefit of continuity with the periodic injection of a fresh perspective that can be provided by new Board members.

We will disclose any change to our procedures in our corporate governance and the recommending of nominees to our Board of Directors with an 8-K Current Report.

### Audit Committee

We have also established an Audit Committee and our Charter outlining our procedures was an Exhibit to our 8-K Current Report dated December 16, 2008 and filed with the Securities and Exchange Commission on December 22, 2008. As of December 31, 2010, the members of the Audit Committee were: Benno Sand, Chairman; and Karen Gilles-Larson and Kedar Belhe. With the resignations of Messrs. Gilles-Larson in July 2011 and Sand in August 2011, the current members of the Nominating Committee are: David F. Dalvey, Kedar R. Belhe and Kent O. Lillemoe, who serves as Chair. Although not required to have an independent financial expert on our Audit Committee by reason of being a smaller reporting company, we believe that Mr. Lillemoe and Mr. Dalvey both qualify as "audit committee financial experts," based upon their prior experience and education, which is outlined in their respected resumes in this Part III, Item 10, above. We believe that David F. Dalvey is not "independent" as defined in the Company's Audit Committee Charter, which is outlined in an Exhibit to our 8-K Current Report dated December 16, 2008 and filed with the Securities and Exchange Commission on December 22, 2008.

We will disclose any change to our procedures in recommending nominees to our Audit Committee with an 8-K Current Report.

#### Compensation Committee

We also established a Compensation Committee and our Charter outlining our procedures was an Exhibit to our 8-K Current

---

Report dated December 16, 2008 and filed with the Securities and Exchange Commission on December 22, 2008. As of December 31, 2010, the members of the Compensation Committee were: Rick Rickenbach, Benno Sand and Kedar Belhe, who served as Chairman. With the resignations of Messrs. Rickenbach in July 2011 and Messr. Sand in August 2011, the current members of the Compensation Committee are: David F. Dalvey, Kent O. Lillemoe and Kedar R. Belhe, who serves as Chair.

We will disclose any change to our procedures in recommending nominees to our Compensation Committee with an 8-K Current Report.

#### Jonathan S. Miner and Pamela J. Miner

In January 2006, we issued a \$50,000 On Demand Promissory Note to Pamela J. Miner. The note had an 10% per annum interest rate and a maturity date that was callable on demand by Mrs. Miner. This promissory note accrued interest until it was paid by us on February 28, 2011.

We issued a \$250,000 On Demand Promissory Note to a Jonathon S. Miner dated December 15, 2005. The note mirrors a promissory note between the Mr. Miner and his bank, which matured on December 15, 2009 and had an interest rate 0.5% above the bank's index rate (6.00% at December 31, 2009 and 2008). In December 2010, the note was renewed to January 31, 2011. The balance of the note was \$231,540 and \$231,540 at December 31, 2010 and 2009. Interest expense was \$13,357 and \$15,218 for 2010 and 2009, respectively.

Effective December 5, 2008, our Board of Directors approved the issuance of a convertible note to Board members, Jonathan S. Miner and Pamela J. Miner (the "Miners"), for their advance to us of the sum of \$175,000 and their agreement to advance up to an additional \$75,000 (which additional sum had been advanced to us), all to be utilized in the development of our DigiLIBE software storage product. We also executed a Security Agreement with them whereby we granted to them as collateral and security a lien for the payment of the convertible note and additional indebtedness of theirs or indebtedness they had guaranteed in the past on our behalf in the further aggregate amount of \$500,000, for a total secured amount of \$750,000. See Note 6 of our consolidated financial statements in Part II, Item 8.

On February 28, 2011, we completed the placement of \$1,182,844 Secured Convertible Promissory Note and Warrants (the "Secured Convertible Debt Offering"). All of the securities issued in conjunction with the Secured Convertible Debt Offering were made to "accredited investors" as those terms are defined on Rule 501 of Regulation D of the Securities and Exchange Commission, and each such person had prior access to all material information about the Company. The offer and a sale of these securities were exempt from the registration requirements of the Securities Act of 1933, as amended (the "Securities Act"), pursuant to, among other reasons, Section 4(2) and 4(6) thereof, and Rule 506 of Regulation D of the Securities and Exchange Commission. Registration of sales to "accredited investors" are preempted from state regulation.

The Secured Convertible Debt Offering was conducted in order to implement a previously approved repayment of debt obligations owed to the Miners, as well as provide additional working capital for the Company. The debt obligations owed to the Miners by the Company ( the “Miner Debt”) was secured by a first lien on the Company's assets and consisted of the following: a \$250,000 12% secured convertible note (\$.20 per share conversion rate). This convertible note contained a maturity date of October 16, 2009 and had been classified as past due in all public filings; a \$50,000 10% On-Demand Promissory Note that had been classified in the current maturity portion of related party debt in all public filings; and a \$231,540 6% On-Demand Promissory Note that had been classified in the current maturity portion of related party debt in all public filings. Contemporaneously with the closing of the Secured Convertible Debt Offering, the Company and the Miners executed a Repayment of Note Obligations and Release of Security Interest Agreement that provided for the repayment of \$431,540 of principal of the Miner Debt with the remaining principal balance owed of \$100,000 being rolled into a secured promissory note under the Secured Convertible Debt Offering. Correspondingly, all outstanding accrued interest owed on the Miner Debt was paid to the Miners in the form of the Company's common stock based on a rate of \$.15 per share, along with a modification in terms on 350,000 common stock purchase warrants previously issued to the Miners and the issuance of an additional 200,000 warrants reflecting a five year term and a \$.30 per share exercise price. After completion of all documentation reflecting the repayment of the Miner Debt, the Miners released their first lien in the Company's assets in preference to those Lenders associated with the Secured Convertible Debt Offering.
