Minerco, Inc.
Consolidated Notes to the Financial Statements
(unaudited)

1. Basis of Presentation

The accompanying unaudited interim financial statements of Minerco, Inc. ("Minerco" or the "Company"), have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the Securities and Exchange Commission (the "SEC"), and should be read in conjunction with the audited financial statements and notes thereto contained in Minerco's Annual Report filed with the SEC on Form 10-K. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the results of operations for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year. Consolidated Notes to the Financial Statements which substantially duplicate the disclosure contained in the audited financial statements for fiscal 2015 as reported in Minerco's Form 10-K have been omitted.

On October 24, 2014, through its subsidiary, Athena Brands, Inc. ("Athena"), the Company entered into an Agreement (the "Membership Interest Purchase Agreement") with Avanzar Sales and Distribution, LLC, a California Limited Liability Company ("Avanzar") to acquire an initial thirty percent (30%) equity position and fifty-one percent (51%) voting interest of Avanzar for the Purchase Price of \$500,000 with an option to acquire an additional twenty-one percent (21%) interest and Second Option to acquire up to seventy-five percent (75%) of Avanzar (the "Acquisition"). The Acquisition broadens the Company's base in the consumer packaged goods industry through vertical integration. The acquisition was accounted for in accordance with ASC 805, Business Combinations.

The Acquisition has been accounted for in accordance with accounting principles generally accepted in the United States ("U.S. GAAP") for business combinations and accordingly, the Company's assets and liabilities, excluding deferred income taxes, were recorded using their fair value as of October 24, 2014. Under SEC rules, Avanzar is considered the predecessor business to Minerco given Avanzar's significant size compared to Minerco at the date of acquisition

The basis of presentation is not consistent between the successor and predecessor entities and the financial statements are not presented on a comparable basis. As a result, the accompanying consolidated statements of operations, cash flows and comprehensive income (loss) are presented for two different reporting entities:

Successor — relates to the financial periods and balance sheets succeeding the Membership Interest Purchase Agreement; and

Predecessor — relates to the financial periods preceding the Acquisition (prior to October 24, 2014).

Unless otherwise indicated, the "Company" as used throughout the remainder of the notes, refers to both the Successor and Predecessor.

2. Going Concern

These financial statements have been prepared on a going concern basis, which implies the Company will continue to realize its assets and discharge its liabilities in the normal course of business. During the six months ended January 31, 2016, the Company has an accumulated deficit of \$31,140,648, net loss of \$2,843,703 and revenue of \$516,534. The continuation of the Company as a going concern is dependent upon the Company's continued financial support from its shareholders, the ability of the Company to obtain necessary equity financing to continue operations, and the attainment of profitable operations. These factors raise substantial doubt regarding the Company's ability to continue

as a going concern. These financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

The Company intends to fund operations through revenue from operations and equity and debt financing arrangements, which may be insufficient to fund its capital expenditures, working capital and other cash requirements for the year ending July 31, 2016.

On June 25, 2014, we amended the agreement, through our subsidiary, Athena ("Licensee"), we entered into an Agreement with the licensor where the Licensee acquires the exclusive worldwide rights to use VitaminFIZZ® on and in connection with the marketing, distribution and sale of the Brand. The difference of \$35,874 was capitalized into Brands and the last installment of \$50,000 was paid on February 3, 2016 and the acquisition was completed. Upon acquisition of the Brand, the brand licensing agreement dated November 21, 2013, as amended June 25, 2014 was terminated. Pursuant to this transaction we reclassified \$250,000 from originally classified under Prepaid Expenses, Noncurrent under the Licensing Agreement to Intangible Assets.

6. Fair Value of Financial Instruments

ASC 820, “Fair Value Measurements”, requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. ASC 820 establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument’s categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. ASC 820 prioritizes the inputs into three levels that may be used to measure fair value:

Level 1 applies to assets or liabilities for which there are quoted prices in active markets for identical assets or liabilities.

Level 2 applies to assets or liabilities for which there are inputs other than quoted prices that are observable for the asset or liability such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which significant inputs are observable or can be derived principally from, or corroborated by, observable market data.

Level 3 applies to assets or liabilities for which there are unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of the assets or liabilities.

The Company’s financial instruments consist principally of cash, accounts payable and accrued liabilities, and due to related party. Pursuant to ASC 820, the fair value of the Company's cash equivalents is determined based on “Level 1” inputs, which consist of quoted prices in active markets for identical assets. The Company believes that the recorded values of all of the other financial instruments approximate their current fair values because of their nature and respective maturity dates or durations.

The following table sets forth by level with the fair value hierarchy the Company's financial assets and liabilities measured at fair value on January 31, 2016.

	Level 1	Level 2	Level 3	Total
Assets	\$—	\$—	\$—	\$—
Liabilities				
Derivative Financial Instruments	\$—	\$—	\$1,300,242	\$1,300,242

	Level 1	Level 2	Level 3	Total

Liabilities				
Derivative Financial Instruments	\$—	\$—	\$352,587	\$352,587

7. Convertible note payable and derivative liabilities

During the six months ended January 31, 2016, the Company exchanged \$380,363 in principal and accrued interest under its line of credit with Post Oak for two convertible promissory notes in the amount of \$380,363. The notes carry an interest rate of 8%. The notes are convertible at a variable conversion price of 50% of the market price and calculated using the lowest trading days during the preceding 20 days before conversion. Results of Operations for the Six months ended January 31, 2016

The six months ended January 31, 2016 represent Successor results and the six months ended January 31, 2015 represent mostly Predecessor results so any comparisons between the six months ended January 31, 2016 and 2015 may not be meaningful.

Revenues

During the six months ended January 31, 2016, total revenue decreased 58% to \$516,534 compared to total revenue of \$1,244,412 during the same period in fiscal 2015. The decrease was due a decrease in service related revenue and decrease in capital invested into the distribution business due to a reallocation of capital into our beverage business.

Gross Profit

During the six months ended January 31, 2016, gross profit decreased 76% to \$67,449 compared to gross profit of \$283,064 during the same period in fiscal 2015. The decrease was due the Athena's promotion sales during the first quarter to launch new retailers. Gross margin were 22.7% in the six months ended January 31, 2015 compared to 13.1% in the three months ended January 31, 2016.

Operating Expenses

Our total operating expenses for the six months ended January 31, 2016 were \$1,729,394, compared to operating expenses of \$1,439,750 during the same period in fiscal 2015. The 18% increase was due an increase in business activity of as we launched our products to retailers and due to an increase in infrastructure for our beverage business during the first quarter.

Our general and administrative expenses consist of professional fees, transfer agent fees, investor relations expenses and general office expenses. Our professional fees include legal, accounting and auditing fees.

During the six months ended January 31, 2016 we incurred a net loss of \$2,843,703 compared to a net loss of \$2,290,569 during the same period in fiscal 2015. The increase in our net loss during the six months ended January 31, 2016 was primarily due to the launch of our products to several major key retailers and due to an increase in infrastructure for our beverage business during the first quarter.

Liquidity and Capital Resources

As of January 31, 2016, we had \$345 in cash, \$148,197 in accounts receivable, \$4,896 in current prepaid assets, and \$187,875 in inventory and \$1,574,519 in total assets, \$6,967,898 in total liabilities and a working capital deficit of \$6,626,585. Our accumulated deficit from our inception on June 21, 2007 to January 31, 2016 is \$31,140,648 and was funded primarily through equity and debt financing.

We are dependent on our net revenues and funds raised through our equity and debt financing.

During the six months ended January 31, 2016 our monthly cash requirements to fund our operating activities was approximately \$918,959. Our cash on hand of \$345, as of January 31, 2016, will not allow us to continue to operate until we receive Athena revenue proceeds and additional financings. We estimate our planned expenses for the next 24 months (beginning March, 2016) to be approximately \$6,369,000, as summarized in the tables below assuming revenue from our beverage sales will exceed \$3,000,000 over the next 12 months and \$5,000,000 in fiscal 2017. If revenue is not as anticipated as, we will be forced to scale our expenses according to our business requirements which will negatively impact our ability to increase revenue.

Our general and administrative expenses for the year are expected to consist primarily of salaries, transfer agent fees, investor relations expenses and general office expenses. The professional fees are related to our regulatory filings throughout the year.

Athena has started generating revenues for us; however, there can be no assurances that enough sales or revenues will be received to support our capital needs.

Future Financings

Our financial statements for the three months ended January 31, 2016 have been prepared on a going concern basis and contain an additional explanatory paragraph in Note 2 which identifies issues that raise substantial doubt about our ability to continue as a going concern. Our financial statements do not include any minimal adjustments that might result from the outcome of this uncertainty.

As of January 31, 2016, we have generated \$516,534 of revenues for the six months ended January 31, 2016, have achieved losses since inception, and rely upon the sale of our securities to fund our operations. As a new competitor in the beverage line of business, there can be no assurance we will generate any significant revenue from the sale of any such products and our future cash needs vary from those estimated. Accordingly, we are dependent upon obtaining outside financing to carry out our operations and pursue any acquisition and exploration activities. In addition, we require funds to meet our current operating needs and to repay certain demand note obligations and other convertible

debt obligations that will mature shortly.

We had \$345 in cash as of January 31, 2016. We intend to raise the balance of our cash requirements for the next 12 months from revenues received from Athena, private placements, shareholder loans or possibly a registered public offering (either self-underwritten or through a broker-dealer). If we are unsuccessful in raising enough money through such efforts, we may review other financing possibilities such as bank loans. At this time we have a three million dollar line of credit with Post Oak, LLC which has an outstanding balance of \$1,990,308, as of January 31, 2016, but there is no guarantee that any additional financing will be available to us or if available, on terms that will be acceptable to us. We intend to negotiate with our management and

any consultants we may hire to pay parts of their salaries and fees with stock and stock options instead of cash. If we are unable to obtain the necessary additional financing, then we plan to reduce the amounts spent on our acquisition and development activities and our general and administrative expenses so as not to exceed the amount of capital resources that are available to us. Specifically, we anticipate deferring development, expansion and certain acquisitions pending the receipt of additional financing. Still, if we do not secure additional financing, our current cash reserves and working capital will be not be sufficient to enable us to sustain our operations for the next 12 months unless revenue increases dramatically, even if the Company does decide to scale back its operations.

Acquisition of Plants and Equipment and Other Assets

We do not anticipate selling or acquiring any material properties, plants or equipment during the next 12 months.

Off-Balance Sheet Arrangements

The Company has no significant off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to stockholders.

Inflation

The amounts presented in the financial statements do not provide for the effect of inflation on our operations or financial position. The net operating losses shown would be greater than reported if the effects of inflation were reflected either by charging operations with amounts that represent replacement costs or by using other inflation adjustments.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Not applicable.

ITEM 4. CONTROLS AND PROCEDURES

Disclosure Controls

We maintain disclosure controls and procedures (as defined in Rule 13a-15(e) and Rule 15d-15(e) under the Securities Exchange Act of 1934, as amended the "Exchange Act") designed to provide reasonable assurance that the information required to be reported in our Exchange Act filings is recorded, processed, summarized and reported within the time periods specified and pursuant to Securities and Exchange Commission rules and forms, including controls and procedures designed to ensure that this information is accumulated and communicated to our management, including our Principal Executive Officer, as appropriate, to allow timely decisions regarding required disclosure.

As of the end of the period covered by this report, our management, with the participation of our Principal Executive Officer and our Principal Financial Officer, carried out an evaluation of the effectiveness of our disclosure controls and procedures. Inasmuch as we only have two individuals serving as officers, directors and employees we have determined that the Company has, per se, inadequate controls and procedures over financial reporting due to the lack of segregation of duties despite the fact that the duties of the Chief Executive Officer and Chief Financial Officer are performed by two individuals. Management recognizes that its controls and procedures would be substantially improved if there was a greater segregation of the duties and as such is actively seeking to remediate this issue. Management believes that the material weakness in its controls and procedures referenced did not have an effect on our financial results. Based upon this evaluation, our Principal Executive Officer and Principal Financial Officer concluded that our disclosure controls and procedures were ineffective.

Changes in Internal Control

There were no changes in our internal control over financial reporting (as defined in Rule 13a-15(e) and Rule 15d-15(e) under the Exchange Act) during the three months ended January 31, 2016 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

On April 15, 2014, we filed a complaint and sued JMJ Financial ("JMJ") relating to an alleged illegal conversion pursuant to a Promissory Note dated November 19, 2013 (the "Note") in the Circuit Court of 11th Judicial Circuit in and for Miami-Dade County. The suit alleges that the Note violates Florida's usury laws and is, therefore, unenforceable. Minerco sought (a) a declaratory judgment that the Note is null and void ab initio, and (b) preliminary and permanent injunctive relief prohibiting JMJ from converting any purported amounts owed pursuant to the Note into shares of our common stock. In May 2014, the injunctive relief bond was set at \$2,500,000, cash, which we did not satisfy. Therefore, we did not receive injunctive relief from the court at that time. On June 24, 2014, JMJ filed its Answer and Affirmative Defenses, in which it denied that the Note is usurious, and set forth multiple affirmative defenses,

including failure to state a claim upon which relief can be granted and estoppel. On December 12, 2014, we filed a Motion for Leave to File Amended Complaint (the “Motion”) against JMJ Financial relating to the same Note, seeking in its amended complaint the following relief: (a) a declaratory judgment that the Note violates Florida’s usury laws, and thus is null and void ab initio; (b) damages for JMJ’s conversions of the entire purported outstanding balance of the Note that have occurred subsequent to the commencement of the lawsuit; and (c) reasonable attorney’s fees and costs. The Motion was granted, and the Amended Complaint was deemed filed, on January 17, 2015. Discovery is ongoing. The outcome is uncertain.
