Item 8.01 Other Events

As reported in its periodic filings with the Securities and Exchange Commission, Cybergry Holdings, Inc. (the “Company”), in September 2014 through its wholly-owned subsidiary, Cybergry Partners, Inc. (“Partners”), filed a complaint in the U.S. District Court of Delaware related to the Equity Purchase Agreement used to purchase New West Technologies LLC (“New West”), alleging breach of warranties and covenants by the selling member (“Member”) of New West, as well as breach of fiduciary duty as an officer and director. The Member subsequently initiated an arbitration matter in Colorado asserting claims as a former employee.

On May 8, 2015, the Company and the selling Member of New West agreed to a settlement on the litigation initiated in September 2014 and the arbitration matter. Under the terms of the agreement, the Company has agreed to establish an ESOP for its employees before December 1, 2015. The ESOP will purchase from the Member that amount of Cybergry stock equal to a current market value of \$2,565,000 (the “settlement”). The remainder of the Cybergry stock owned by the Member will be canceled. All other amounts owed by the Company to the Member will be discharged and the Put option will be cancelled. The Member also assumes all obligations under the Management Performance Units Plan. The settlement agreement also contains non-financial terms, which are set forth in Exhibit 10.33.

The Company is assessing the financial impact of the settlement. The Company currently has short term debt and accrued interest of approximately \$4,309,000 and long term debt of \$1,898,000 due to the Member. Upon settlement, these amounts and any additional accrued interest will be removed from the Company’s books and replaced with the debt of the ESOP of \$2,565,000. Additionally, the Company currently has a derivative liability accrued of \$179,226,000 related to the Put option held by the Member. Any remaining derivative liability will also be eliminated upon the settlement.

The Member currently owns 15,451,258 shares of our Series C preferred stock, convertible into 154,512,580 shares of common stock which represents just less than 24% of our fully diluted common shares. For example, using the closing price of May 11, 2015 to approximate current market value, we would cancel approximately 152,540,000 shares of common equivalents or approximately 23.5% of our fully diluted common shares.
