PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

To Be Held May 28, 2019

INTRODUCTION

This Proxy Statement is being furnished to you in connection with the solicitation of proxies by the Board of Directors of First Foundation Inc., a Delaware corporation, for its 2019 Annual Meeting of Stockholders which will be held on May 28, 2019, at 8:00 A.M. Pacific Time, at 18101 Von Karman Avenue, 2nd Floor, Irvine, California 92612. This Proxy Statement will be available to our stockholders, on the Internet at www.proxyvote.com, beginning on May 1, 2019. As a matter of convenience, in this Proxy Statement we will refer to First Foundation Inc. as “FFI” or as the “Company” or “we,” “us” or “our” and our 2019 Annual Meeting of Stockholders as the “Annual Meeting.”

All stockholders are cordially invited to attend the Annual Meeting in person. However, you do not need to attend the Annual Meeting to vote your shares. Instead, you may vote your shares by telephone, over the Internet or by completing, signing and returning the enclosed proxy card in the postage-paid return enveloped enclosed for your convenience.

YOUR VOTE IS VERY IMPORTANT. WHETHER OR NOT YOU PLAN TO ATTEND THE ANNUAL MEETING, WE ENCOURAGE YOU TO READ THIS PROXY STATEMENT AND PROVIDE US WITH YOUR PROXY OR VOTING INSTRUCTIONS AS SOON AS POSSIBLE.

Why Did You Send Me This Proxy Statement?

We sent you this Proxy Statement because you were an owner of record of shares of our common stock as of close of business on April 12, 2019, which is the record date for our Annual Meeting (“Record Date”) and, therefore, pursuant to applicable law and our bylaws, you are entitled to receive notice of and to vote your shares of common stock at the Annual Meeting. Along with this Proxy Statement, we are also sending you our 2018 Annual Report to Stockholders (the “Annual Report”).

We intend to begin mailing this Proxy Statement, the attached Notice of Annual Meeting, the enclosed proxy card and the Annual Report on or about April 29, 2019, to all stockholders of record who are entitled to vote at the Annual Meeting.

How Many Votes Do I Have?

Each share of common stock outstanding at the close of business on the Record Date is entitled to one vote on each of the matters to be voted on at the Annual Meeting. On the Record Date, a total of 44,620,831 shares of common stock were entitled to vote. We have no other class of stock outstanding.

How Can I Vote My Shares?

If you were a stockholder of record on April 12, 2019, you may vote by any of the following methods:

Voting by Telephone or over the Internet. You may vote your shares by telephone by calling, toll-free, 1-800-690-6903. Alternatively, you may vote on the Internet by following the instructions provided at www.proxyvote.com. Telephone and Internet voting are available 24 hours a day until 11:59 P.M. Pacific Time on May 27, 2019. Our telephone and Internet voting procedures are designed to authenticate each stockholder by using an individual control number that is located on your proxy card. If you vote by telephone or on the Internet, you do not need to return your proxy card.

Voting by Mail. As in past years, stockholders may vote by mail, by completing, dating and signing and then returning the enclosed proxy card in the postage-paid return envelope included with this Proxy Statement.

Voting In Person at the Annual Meeting. As always, you may vote in person if you attend the Annual Meeting.

Even if you vote by telephone, on the Internet or by mail, you may later change your vote by taking, prior to the Annual Meeting, one of the actions described in the subsection below entitled “How Can I Revoke My Proxy and Change My Vote?” or by attending the Annual Meeting and voting in person.

All shares that are properly voted by a stockholder, whether over the Internet or by telephone or mail, and not properly revoked, will be voted at the Annual Meeting in accordance with the stockholder’s voting instructions or, if a stockholder does not provide voting instructions, then in accordance with the recommendations of the Board of Directors of the Company (the “Board”).

Voting on Other Matters. If other matters are properly presented for a vote of the stockholders at the Annual Meeting, the Board will have discretion to determine how shares for which proxies have been received will be voted on such matters. As of the date of this Proxy Statement, we did not know of any other matters to be presented for a vote of the stockholders at the Annual Meeting.

However, if your shares are held in a brokerage or bank account or by a nominee holder, please read the information below under the subsection entitled “Voting Shares Held by Brokers, Banks and Other Nominee Holders” regarding how your shares may be voted in accordance with your wishes.

Voting Shares Held by Brokers, Banks and Other Nominee Holders

If your shares are held in a brokerage account, by a bank or by a nominee holder, you are deemed to be the “beneficial owner” of those shares, holding them in “street name.” In that event, the broker, bank or other nominee holder is deemed to be the record owner of your shares and, therefore, is entitled to vote your shares. However, under rules applicable to securities brokerage firms, a broker who holds shares in “street name” for the beneficial owner of the shares does not have the authority to vote those shares on any “non-routine” proposal, except in accordance with voting instructions received from the beneficial owner of the shares.

We ask brokers, banks and other nominee holders to obtain voting instructions from the beneficial owners of our common stock. Proxies that are returned to us by brokers, banks or other nominee holders on your behalf will count toward a quorum and will be voted in accordance with the voting instructions you have sent to your broker or bank or other nominee holder. If, however, you want to attend and vote your shares in person at the Annual Meeting, you will need to obtain a legal proxy or broker’s proxy card from your broker or other nominee holder and bring it with you to the Annual Meeting.

If you do not provide voting instructions to, and do not obtain a proxy from, your broker, bank or other nominee holder, your shares cannot be voted at the Annual Meeting.

4

What is the Recommendation of the Board and How Will the Board Vote My Proxy?

The Board unanimously recommends that the stockholders vote FOR the election of each of the director nominees named below (Proposal No. 1); FOR the ratification of the appointment of Vavrinek, Trine, Day & Co. LLP as the Company's independent registered public accounting firm for fiscal year 2019 (Proposal No. 2); FOR approving, by a non-binding advisory vote, the compensation of our named executive officers for the year ended December 31, 2018 (Proposal No. 3); and FOR recommending, by a non-binding advisory vote, the frequency of future advisory votes on the compensation of our named executive officers to be every three (3) years (Proposal No. 4).

If you grant us your proxy to vote your shares, and you do not revoke that proxy prior to or at the Annual Meeting, in accordance with the procedures set forth under "How Can I Revoke My Proxy and Change My Vote?" below, your shares will be voted as directed by you. If you do not provide any specific direction as to how your shares should be voted, your shares will be voted FOR :

1. The election of each of the nine director nominees named below (Proposal No. 1);
2. The ratification of the appointment of Vavrinek Trine Day & Co. LLP as the Company's independent registered public accounting firm for fiscal year 2019 (Proposal No. 2);
3. The approval, by a non-binding advisory vote, of the compensation of our named executive officers for the year ended December 31, 2018 (Proposal No. 3); and
4. The recommendation, by a non-binding advisory vote, that the frequency of future advisory votes on the compensation of our named executive officers be every three (3) years (Proposal No. 4).

If any other matter should be presented at the Annual Meeting upon which a vote may properly be taken, the shares represented by your proxy will be voted in accordance with the judgment of the holders of the proxy. However, if your shares are held in a brokerage account or by a nominee, please read the information above under the subsection entitled "Voting Shares Held by Brokers, Banks and Other Nominee Holders" regarding how your shares may be voted.

What is the Vote Required to Approve the Proposals that will be Voted on at the Annual Meeting?

Quorum Requirement. Our bylaws require that a quorum — that is, the holders of a majority of all of the shares entitled to vote at the Annual Meeting — be present, either in person or by proxy, before any business may be transacted at the Annual Meeting (other than adjourning the Annual Meeting to a later date to allow time to obtain additional proxies to satisfy the quorum requirement).

Proposal No. 1. Election of Directors. The election of director nominees requires the affirmative vote of a majority of the votes cast with respect to such director in an uncontested election (meaning the number of shares voted "for" a nominee must exceed the number of shares voted "against" such nominee). If the Corporate Secretary of the Company determines that the number of director nominees exceeds the number of director nominees to be elected as of the Record Date for the Annual Meeting, the director nominees will be elected by vote of a plurality of the shares, present in person or by proxy and entitled to vote on the election of directors. In such event, the nine director nominees receiving the greatest numbers of votes "for" will be elected as directors without regard to the number of shares voted against such director nominees. Votes cast shall include votes "for" and "against" a nominee and exclude "abstentions" and "broker non-votes" with respect to that nominee's election. A director who does not receive a majority of the votes cast in an uncontested election must tender an offer of resignation to the Board. The Nominating and Corporate Governance Committee will consider the resignation offer and make a recommendation to the Board whether to accept or reject the resignation or whether other action should be taken. If any such director's resignation offer is not accepted by the Board, the Board will publicly disclose its decision, including the reasons for not accepting the resignation offer, within four business days after reaching its decision.

Proposal No. 2. Ratification of Appointment of Vavrinek, Trine, Day & Co., LLP as the Company's independent registered public accounting firm for fiscal year 2019. The affirmative vote of a majority of the shares of common stock present in person or represented by proxy and voting at the Annual Meeting is required to approve this Proposal.

Proposal No. 3. To approve, by non-binding advisory vote, the compensation of our named executive officers for the year ended December 31, 2018. The affirmative vote of a majority of the shares of common stock present in person or represented by proxy and voting at the Annual Meeting is required to approve this Proposal. The vote with respect to this Proposal is not binding on the Company, the Board or the Compensation Committee of the Board (the "Compensation Committee"). However, the Board and the Compensation Committee will review the results of this vote and take it into consideration when making future decisions regarding executive compensation.

Proposal No. 4. To recommend, by a non-binding advisory vote, the frequency of future advisory votes on the compensation of our named executive officers. This Proposal requires the holders of shares of common stock to choose among alternatives of "three years," "two years," "one year" or "Abstain." The choice receiving the highest number of votes cast will be considered our stockholders' preference for the frequency of the stockholders' non-binding, advisory vote concerning executive compensation. The vote with respect to the frequency of future advisory votes on executive compensation is not binding on the Company, the Board or the Compensation Committee. However, the Board and the Compensation Committee will review the results of this vote and take it into consideration when making future decisions regarding the frequency of the stockholder advisory vote on executive compensation.

What are Broker Non-Votes and How Will They Affect the Voting at the Annual Meeting?

Under rules applicable to securities brokerage firms, a broker who holds your shares in “street name” does not have the authority to vote those shares on any “non-routine” proposal, except in accordance with voting instructions received from you. On the other hand, your broker may vote your shares on certain “routine” proposals (such as the ratification of the appointment of independent registered public accountants), if the broker has transmitted proxy-soliciting materials to you, as the beneficial owner of the shares, but has not received voting instructions from you on such proposals. If the broker does not receive voting instructions from you, but chooses to vote your shares on a routine matter, then your shares will be deemed to be present by proxy and will count toward a quorum at the Annual Meeting, but will not be counted as having been voted on, and as a result will be deemed to constitute “broker non-votes” with respect to, non-routine proposals. Broker non-votes will have the same effect as a vote “against” a proposal if approval of the proposal requires the affirmative vote of the holders of a majority of the outstanding shares, and will be counted as present for quorum purposes.

How Can I Revoke My Proxy and Change My Vote?

If you are a registered owner and have given us your proxy (whether by mail, by telephone or over the Internet), you may change your vote by taking any of the following actions:

- Sending a written notice to us that you are revoking your proxy, addressed to the Corporate Secretary of the Company, at 18101 Von Karman Avenue, Suite 700, Irvine, California 92612, and then voting again by one of the methods described immediately below. To be effective, the notice of revocation must be received by the Company before the Annual Meeting commences. If, however, after sending us a written notice of revocation, you fail to vote your shares by any of the following methods, then none of your shares can be voted at the Annual Meeting.
- Sending us another proxy, by mail, dated at a later date than your earlier proxy. However, to be effective, that later-dated proxy must be received by the Company before the Annual Meeting commences and must be dated and signed by you. If you fail to date or fail to sign that later-dated proxy, it will not be treated as a revocation of an earlier-dated proxy and your shares will be voted in accordance with your earlier voting instructions.
- Attending the Annual Meeting and voting in person in a manner that is different than the voting instructions contained in your earlier proxy or voting instructions.
- If you submitted your proxy by telephone or over the Internet, you may change your vote or revoke your proxy with a later telephone or Internet proxy, as the case may be.

However, if your shares are held by a broker or by a bank or other nominee holder, you will need to contact your broker, bank or nominee holder if you wish to revoke your earlier voting instructions.

CORPORATE GOVERNANCE PRINCIPLES AND POLICIES

Our Board believes that sound governance policies and practices provide an important framework to assist them in fulfilling their duties to the Company's stockholders. Our Board has adopted the following governance guidelines, which include a number of policies and practices under which our Board has operated for some time, together with concepts suggested by various authorities in corporate governance and the requirements under applicable NASDAQ rules. Our Board members believe these policies and practices are essential to the performance of the Board's oversight responsibilities and to the maintenance of the Company's integrity in the marketplace.

Corporate Governance Principles

Some of the principal subjects covered by those guidelines include:

Codes of Business and Ethical Conduct. We have adopted a Code of Business and Ethical Conduct for our directors, officers and employees and a Code of Conduct – Financial Officers ("Code of Conduct") that contains specific ethical policies and principles that apply to our principal executive officer, principal financial officer, principal accounting officer and other key accounting and financial personnel. The Code of Conduct constitutes our "code of ethics" within the meaning of Section 406 of the Sarbanes-Oxley Act and is our "code of conduct" within the meaning of the listing standards of the Nasdaq Stock Market LLC.

The Code of Conduct is available in the Investor Relations section of our website at www.ff-inc.com. To the extent required by applicable rules of the Securities and Exchange Commission ("SEC") and the Nasdaq Stock Market LLC, we will disclose on our website, any amendments to the Code of Conduct and any waivers of the requirements of the Code of Conduct that may be granted to our executive officers, including our principal executive officer, principal financial officer, principal accounting officer or persons performing similar functions.

Incentive Compensation Clawback Policy. Our Board of Directors has adopted an Incentive Compensation Clawback Policy. Under that Policy, if any of our executive officers receive incentive compensation as a result of our achievement of financial results measured on the basis of financial statements that are required to be restated, we will become entitled to recoup from those executive officers the amount by which the incentive compensation they had received based on those financial statements exceeds the incentive compensation they would have received had such incentive compensation been determined on the basis of the restated financial statements ("excess compensation"). The Policy further provides that, if the excess compensation was paid or received in shares of common stock and the officer had sold those shares within a year of the public disclosure of the financial statements that were the subject of the accounting restatement, we will be entitled to recoup the net profits realized by the officer from the sale of those shares.

Related Party Transaction Policy. Our Board of Directors has adopted a Related Party Transaction Policy, which provides that, subject to certain limited exceptions, the Company will not enter into or consummate a related party transaction that is determined by the Audit Committee to be materially less favorable from a financial standpoint to the Company than similar transactions between the Company and unaffiliated third parties. A "related party transaction" is a transaction between the Company or any of its subsidiaries and any executive officer, director or owner of more than 10% of the outstanding shares of the Company's common stock or persons related to them.

Anti-Hedging Policy. Our Insider Trading Policy prohibits our directors, named executive officers and other key executives from hedging the economic interest in the Company securities that they own and from engaging in short sales or speculative transactions with respect to our stock. That prohibition includes a procedure whereby a covered person may seek permission from the Audit Committee of the Company to pledge shares of Company stock after a showing as to their financial capacity to repay the proposed loan without the sale of any pledged shares of Company stock. As of the date of this proxy statement, the Company is aware of the following share pledges related to personal indebtedness of our executive officers: Mr. Kavanaugh has pledged 593,743 shares and Mr. Hakopian has pledged

95,000 shares. As of the date of this proxy statement, to the best of the Company's knowledge, except as set forth above, none of our executive officers have outstanding pledges with respect to any Company stock.

Board Leadership Structure. The Chairman of our Board is Ulrich E. Keller, Jr., who is a member of senior management, and our Chief Executive Officer is Scott Kavanaugh. Our Board decided to separate the positions of Chairman and Chief Executive Officer because our Board believes that doing so provides the appropriate leadership structure for us at this time, particularly since the separation of those two positions enables our Chief Executive Officer to focus on the management of our business and the development and implementation of strategic initiatives, while the Chairman leads our Board in the performance of its responsibilities.

In addition, because the office of Chairman of the Board is not held by an independent director, we have appointed Max Briggs, an independent director, to serve as Lead Director to ensure strong independent Board oversight. Our Lead Director (i) presides at all meetings of the Board at which the Chairman is not present, including executive sessions of the independent directors; (ii) has the authority to call meetings of the independent directors; (iii) serves as a liaison between the Chairman and the independent directors; (iii) approves meeting agendas, meeting schedules and information sent to the Board; (iv) ensures that matters of concern or interest of the independent directors are appropriately scheduled for discussion at Board meetings; (v) has the authority to retain outside advisors and consultants who report directly to the Board on board-wide issues; (vi) serves as a liaison for consultation and direct communication with stockholders, as appropriate; and (vii) performs such other duties, and exercise such powers, as from time to time prescribed by our Board.

Director Independence and Diversity. Our Board has evaluated the independence of its members based on the definition of independence for purpose of Board membership and membership on the Board's standing committees that are applicable to the Company because its shares are

listed on the NASDAQ Stock Market. Based on that evaluation, our Board has concluded that (i) six Board nominees are independent: Mses. Pagliarini and Rubin and Messrs. Briggs, Lake, Rosenberg and Sonenshine; and (ii) all of the members of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee are independent. Our Board believes that differences in experience, knowledge, skills and viewpoints enhance the Board's performance. Accordingly, the Nominating and Corporate Governance Committee considers such diversity in selecting, evaluating and recommending proposed Board nominees. However, our Board has not implemented a formal policy with respect to the consideration of diversity for the composition of our Board.

Director Responsibilities. Directors are expected to act in the best interests of all stockholders; develop and maintain a sound understanding of our business and the industry in which we operate; prepare for and attend Board and Board committee meetings; and provide active, objective and constructive participation at those meetings.

Director Access to Management. Directors will have access to members of management and members of management will provide Board presentations and reports regarding the functional areas of our business for which they are responsible.

Adequate Funding for the Board and its Committees. The Company will provide the funding necessary to enable our Board and each of its committees to retain independent advisors as our Board, or such committees acting independently of the full Board, deem to be necessary or appropriate.

Executive Sessions without Management. The independent directors of our Board will hold separate sessions, outside the presence of management, to consider and evaluate the performance of the Company and its management and such other matters as they deem appropriate. In addition, the Audit Committee shall meet separately with the Company's outside auditors.

Communications with the Board of Directors. Stockholders and other interested persons may communicate with the full Board, any Board committee, the independent directors as a group or any individual member of our Board in writing by mail addressed to the Corporate Secretary, First Foundation Inc. 18101 Von Karman Avenue, Suite 700, Irvine CA, 92612. All communications will be forwarded to our Board, the particular committee of our Board or the specified directors or individual director, as appropriate. The Company screens all regular mail for security purposes.

Selection and Nomination of Candidates for Election to the Board of Directors

We believe that our directors should have the highest professional and personal ethics and values, consistent with our longstanding values and standards. They should have broad experience at the policy-making level in business, banking or government or established academic credentials and achievements in fields relevant to our businesses. They should be committed to enhancing stockholder value and must represent the interests of all stockholders as opposed to any particular constituency within our stockholders. Directors also should have sufficient time to carry out their duties and to provide insight and practical wisdom, based on their experience, to management. Therefore, their service on boards of other companies should be limited to a number that permits them, given their individual circumstances, to perform responsibly their duties as directors of the Company.

The Nominating and Corporate Governance Committee recommends to our Board for selection as Board nominees persons who the members of that committee believe are best qualified to serve on our Board. That committee will consider director candidates recommended by stockholders, other members of our Board, officers and employees of the Company and other sources that the committee deems appropriate. In this regard, Ms. Rubin was recommended as a director candidate by Mr. Briggs, an independent director, and Ms. Pagliarini was recommended as a director candidate by Mr. Kavanaugh, our Vice Chairman and Chief Executive Officer. Under its charter, the Nominating and Corporate Governance Committee also has the authority to engage an executive search firm and other advisors as it deems appropriate to assist it in identifying qualified Board candidates. The Nominating and Corporate Governance Committee charter directs the committee to evaluate the candidates based upon the totality of their merits and not

based upon minimum qualifications or attributes. In considering individual director candidates, the Nominating and Corporate Governance Committee takes into account the qualifications and business experience of the other members of our Board to ensure that a broad variety of skill sets and experience beneficial to the Company and its businesses are represented on our Board. The Nominating and Corporate Governance Committee evaluates all director candidates in the same manner regardless of the source of the recommendation. The Nominating and Corporate Governance Committee will interview and, when deemed appropriate, will conduct background inquiries about, Board candidates. Some of the criteria used by the Nominating and Corporate Governance Committee to evaluate the candidates, including those selected for nomination at the 2019 Annual Meeting, include:

- personal and professional integrity;
- independence;
- absence of conflicts of interest;
- prior business experience or academic achievements and credentials, including knowledge of the banking business;
- educational record and achievements;
- skills that may be relevant to the Company's business;

8

prior board experience with the Company or other publicly traded companies; and involvement in community, business and civic affairs.

Stockholder Recommendation of Board of Directors Candidates. Any stockholder desiring to submit a recommendation for consideration by the Nominating and Corporate Governance Committee of a candidate for election to our Board may do so by submitting that recommendation in writing to our Board not later than 120 days prior to the first anniversary of the date on which the proxy materials for the prior year's annual meeting were first sent to stockholders. However, if the date of an annual meeting has been changed by more than 30 days from the anniversary date of the prior year's annual meeting, the recommendation must be received within a reasonable time before the Company begins to print and mail its proxy materials for that annual meeting. In addition, the recommendation should be accompanied by the following information: (i) the name and address of the nominating stockholder and the person that the nominating stockholder is recommending for consideration as a candidate for Board membership; (ii) the number of shares of voting stock of the Company that are owned by the nominating stockholder, his or her recommended candidate and any other stockholders known by the nominating stockholder to be supporting the nomination of that candidate; (iii) a description of any arrangements or understandings that relate to the election of directors of the Company, between the nominating stockholder, or any person that (directly or indirectly through one or more intermediaries) controls, or is controlled by, or is under common control with, such stockholder, on the one hand, and the person that the nominating stockholder is recommending for election to our Board or any other person or persons (naming each such person), on the other hand; (iv) such other information regarding the recommended candidate as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC; and (v) the written consent of the recommended candidate to be named as a nominee and, if nominated and elected, to serve as a director. Our Board and the Nominating and Corporate Governance Committee make no distinction between whether a candidate is recommended by a stockholder or by management and the Board and the Nominating and Corporate Governance Committee apply the same process and criteria in evaluating a candidate recommended by a stockholder as it would for a candidate recommended by management.

Stockholder Nominations. Our bylaws provide that any record stockholder may nominate, at any annual meeting of stockholders, one or more candidates for election to the Board, by giving the Company written notice (addressed to the Corporate Secretary of the Company at the Company's principal offices) of such stockholder's intention to do so not less than 90 days nor more than 120 days prior to the first anniversary of the date on which the Company's proxy statement for the prior year's annual meeting was first released to stockholders, provided however, that in the event that no annual meeting was held in that prior year or the date of the annual meeting has been changed by more than 30 days from the date contemplated at the time of the prior year's proxy statement, to be timely, the stockholder notice must be received by the close of business on the later of (i) the 90th day prior to such annual meeting, or (ii) the 10th day following the date on which a public announcement of the date of such annual meeting is first mailed or is first publicly announces. Such notice must be accompanied by statements and other information described in the Company's bylaws, including the following items:

- The nominating stockholder's name, address, and beneficial ownership of shares of the Company (and the same information with respect to any beneficial owner for which the nominating stockholder is acting on behalf of);
- The name, age, business address, residential address, and principal occupation or employment of the person to be nominated;
- The nominee's signed consent to serve as a director of the Company, if elected;

ELECTION OF DIRECTORS

(Proposal No. 1)

The Company's bylaws provide that the Board will consist of one or more members, which will be determined from time to time by resolution of the Board. The Board has set the authorized number of directors at nine, effective on the date of the Annual Meeting.

Accordingly, a total of nine directors will be elected at the Annual Meeting to hold office until the next annual stockholders' meeting and until their respective successors are elected and qualify to serve. The Board has nominated for election the nine persons named in the table below, seven of whom are incumbent directors. Two of our directors, James Brakke and Warren Fix, will not stand for reelection. Our Board has nominated two candidates, Elizabeth A. Pagliarini and Diane M. Rubin, who are not currently directors. Each of the nominees has consented to serve as a director if elected at the Annual Meeting. Unless authority to vote has been withheld, the named proxy holders intend to vote the shares represented by the proxies received by them "FOR" the election of all of those nine nominees. If, prior to the Annual Meeting, any of the Board's nominees becomes unable to serve, the Board either will designate a substitute nominee, in which event the proxy holders will vote the proxies received by them for his or her election, or will reduce the authorized number of directors standing for election.

Vote Required and Recommendation of the Board of Directors

The election of director nominees requires the affirmative vote of a majority of the votes cast with respect to such director in an uncontested election (meaning the number of shares voted "for" a nominee must exceed the number of shares voted "against" such nominee). If the Corporate Secretary of the Company determines that the number of director nominees exceeds the number of director nominees to be elected as of the Record Date for the Annual Meeting, the director nominees will be elected by vote of a plurality of the shares, present in person or by proxy and entitled to vote on the election of directors. In such event, the nine director nominees receiving the greatest numbers of votes "for" will be elected as directors without regard to the number of shares voted against such director nominees. Votes cast shall include votes "for" and "against" a nominee and exclude "abstentions" and "broker non-votes" with respect to that nominee's election. A director who does not receive a majority of the votes cast in an uncontested election must tender an offer of resignation to the Board. The Nominating and Corporate Governance Committee will consider the resignation offer and make a recommendation to the Board whether to accept or reject the resignation or whether other action should be taken. If any such director's resignation offer is not accepted by the Board, the Board will publicly disclose its decision, including the reasons for not accepting the resignation offer, within four business days after reaching its decision.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE " FOR "

Six of the nine director nominees listed above have been determined by the Board to be independent directors, because they have not been employed nor have they received any compensation from the Company or any of its subsidiaries during the past three years, other than compensation for their service on the Board and on committees of the Board. Those director nominees are Mses. Pagliarini and Rubin, and Messrs., Briggs, Lake, Rosenberg and Sonenshine.

On March 22, 2019, Martha Corbett submitted her resignation from the Board of Directors and from her role as Audit Committee Chair of the Company and its wholly-owned subsidiaries, First Foundation Bank and First Foundation Advisors, effective on March 22, 2019. The decision of Ms. Corbett to resign was not the result of any disagreement with the Company, First Foundation Bank or First Foundation Advisors on any matter relating to the respective operations, policies or practices of the Company, First Foundation Bank or First Foundation Advisors.

Set forth below is a summary of the business experience and qualifications of the nominees named above who are standing for election to the Board at the Annual Meeting.

Ulrich Keller, Jr., CFP. Mr. Keller is one of the founders of the Company and currently is the Executive Chairman of FFI and FFA. Mr. Keller served as Chief Executive Officer (“CEO”) of FFA from 1990, when it began operations as a fee-only investment advisor, until December 2009, at which time he became its Executive Chairman. In 2007, Mr. Keller became the Executive Chairman of FFI and from June 2007 until December 2009 he also served as the CEO of FFI. Mr. Keller earned a Bachelor of Science degree in Finance from San Diego State University and completed the financial planning program at the University of Southern California. of California Irvine (“UCI”) for 15 years. During that time he was Chair of the Foundation Finance & Investment Committee and continues to serve as a member of the Investment Committee. Mr. Keller served as Co-Chair for the Center for Investment and Wealth Management at the Paul Merage School of Business at UCI. As one of the founders of the Company, who played a key role in the development and successful implementation of our business strategy of providing high quality and personalized wealth management and investment advisory services to our clients and the expansion of the financial services we offer our clients, Mr. Keller brings to the Board considerable knowledge and valuable insights about the wealth management and investment advisory business and the Southern California financial services market.

Scott Kavanaugh. Mr. Kavanaugh is, and since December 2009 has been the CEO of FFI, and from June 2007 until December 2009, he served as President and Chief Operating Officer of FFI. Mr. Kavanaugh has been the Vice-Chairman of FFI since June 2007. He also is, and since September 2007 has been, the Chairman and CEO of FFI’s wholly-owned banking subsidiary, First Foundation Bank (“FFB”). Mr. Kavanaugh is also a director on the Lanakila Pacific’s

Foundation Board. The Board believes that Mr. Kavanaugh's extensive experience as an executive officer of banks and other financial services organizations, combined with his experience as a director of both public and private companies, qualifies him to serve as a member of our Board. In addition, because Mr. Kavanaugh is the Company's CEO, we believe that his participation as a member of the Board facilitates communication between the outside Board members and management.

Max Briggs, CFP. From 2005 to 2012, Mr. Briggs served as Chairman of the Board of Desert Commercial Bank ("DCB"). He was elected as a director of the Company following our acquisition of DCB in August 2012. From 1992 to 2007, Mr. Briggs served as CEO of Franklin Loan Center, a mortgage banking company. Mr. Briggs earned a Business Administration and Finance degree from Stetson University. We believe Mr. Briggs is a valuable member of our Board due to his knowledge of the banking business, gained from his service as Chairman of DCB, particularly as conducted in Palm Desert, California and its surrounding communities, where we have two of our wealth management offices, and his experience as President and CEO of a wealth management firm.

John Hakopian. Mr. Hakopian is, and since April 2009 has been, the President of FFA and is and since 2007 has been a member of the our Board. Mr. Hakopian was one of the founders of FFA in 1990, when it began its operations as a fee-based investment advisor and served as its Executive Vice President and Co-Portfolio Manager from 1994 through April 2009. Mr. Hakopian earned a Bachelor of Arts degree in Economics from UCI and a MBA degree in Finance from the University of Southern California. Mr. Hakopian's extensive knowledge of the Company's wealth management and investment advisory business makes him a valuable member of the Board who is able to provide the outside Board members with insight in to the operations and risks of that business.

David Lake. Mr. Lake has served as a director of FFI since June 1, 2018. Since 1993 Mr. Lake has been the Chief Executive Officer of and a co-founder of 4EARTH Farms, Inc., a grower and value-added produce company with over 400 employees in California and affiliated operations in other states. Mr. Lake served as the Chairman of the Board of Directors of PBB Bancorp, since its formation in May, 2014, and of the Board of Directors of its wholly-owned subsidiary Premier Business Bank from July 2006 until the June 2018 acquisition of PBB Bancorp by the Company. We believe Mr. Lake brings to the Board his knowledge of operating a highly successful company and his experience as an independent director of a community bank in Southern California.

Ms. Pagliarini is active in her community, serving on the Emeritus Board of Directors for Forever Footprints, a non-profit organization that provides support to families that have suffered the loss of a baby during pregnancy or infancy, and is a member of the Mission Viejo, California City Council Investment Advisory Commission. We believe that Ms. Pagliarini's educational and executive experience in managing the financial, accounting, securities filing and operations functions of several finance-oriented firms qualifies her to serve as a member of our Board of Directors.

Mitchell M. Rosenberg, Ph.D. Dr. Rosenberg has served as a director of FFI since 2007. Dr. Rosenberg is, and since 2005 has served as, President and founder of the consulting firm of M. M. Rosenberg & Associates, which provides executive and organizational development services to public and private companies in the fields of financial services, health care and technology. We believe that Dr. Rosenberg's educational and operational experience in managing the human resource and organizational development functions of a number of banking organizations and a real estate investment firm provides insight regarding the Company's human resource functions, including compensation considerations that will impact the Company's growth and expansion.

Diane M. Rubin, CPA. Ms. Rubin is continuing in a career of more than 44 years in accounting and accounting industry and practice oversight roles. Ms. Rubin is, and since January 2016 has been, a member of the Board of Trustees of the Financial Accounting Foundation, and in 2019 was elected to serve as the Vice Chair of the Board of Trustees. The Financial Accounting Foundation is the organization responsible for the oversight, administration and appointment of the Financial Accounting Standards Board and the Governmental Accounting Standards Board. From 1996 to 2012 Ms. Rubin served as an Audit Partner and Quality Control Partner with the San Francisco-based Novogradac & Company LLP. In 1989 Ms. Rubin established an independent diversified audit, accounting and tax firm with clients including small businesses, broker/dealers, non-profits and professional organizations. Ms. Rubin has experience in accounting and financial accounting roles with insurance, technology and banking firms. Ms. Rubin started her career with Price Waterhouse & Co. in 1975 in that firm's audit practice. We believe that Ms. Rubin's deep knowledge of accounting and auditing qualifies her to serve as a member of our Board of Directors.

Jacob Sonenshine, J.D., CFA. Mr. Sonenshine has served as a director of FFI since 2007. Mr. Sonenshine is, and since 2012, has served as President of Prell Restaurant Group, an operator of fast casual restaurants. The Board of Directors

Election of Directors

Our bylaws provide that our directors shall be elected at each annual meeting of stockholders but, if any such annual meeting is not held or the directors are not elected thereat, the directors may be elected at any special meeting of stockholders held for such purpose. All directors shall hold office until their respective successors are elected, subject to the Delaware General Corporation Law (the "DGCL") and our bylaws with respect to vacancies on the Board. A vacancy on the Board shall be deemed to exist in case of the death, resignation, retirement, disqualification, or removal from office. Vacancies on the Board, unless otherwise required by law or by resolution of the Board, may be filled only by a majority vote of the directors then in office, though less than a quorum or, if there is only one director then in office, by such director (and in neither case by the stockholders). No decrease in the number of authorized directors shall shorten the term of any incumbent director.

Subject to the DGCL and our bylaws, each director shall be elected by the vote of the majority of the votes cast with respect to the director at any meeting for the election of directors at which a quorum is present, provided, however, that at any meeting of stockholders for which the Corporate Secretary of the Company determines that the number of nominees exceeds the number to be elected as of the Record Date for such meeting, the directors shall be elected by vote of the plurality of the shares, present in person or represented by proxy and entitled to vote on the election of directors.

Role of the Board of Directors

In accordance with Delaware law, the Board oversees the management of the business and affairs of the Company. The members of the Board keep informed about our business primarily through discussions with management, by reviewing analyses and reports sent to them by management and outside consultants, and by participating in Board and in Board committee meetings

During 2018, our Board held a total of 10 meetings and each director attended at least 75% of the total number of those meetings and the meetings of the Board committees on which he or she served during his or her term of office as a director in 2018. We encourage our directors to attend our annual meetings of shareholders. All of our then-current directors attended our 2018 Annual Meeting of Shareholders.

The Board's Role in Risk Oversight

The Board's responsibilities in overseeing the Company's management and business include oversight of the Company's key risks and management processes and controls. Management, in turn, is responsible for the day-to-day management of risk and implementation of appropriate risk management controls and procedures.

The risk of incurring losses on the loans we make is an inherent feature of the banking business and, if not effectively managed, such risks can materially affect our results of operations. Accordingly, the Board, as a whole, exercises oversight responsibility over the processes that our management employs to manage those risks. The Board fulfills that oversight responsibility by:

- monitoring trends in the Company's loan portfolio and the Company's allowance for loan losses;
 - establishing internal limits related to the Company's lending exposure and reviewing and determining whether or not to approve loans in amounts exceeding certain specified limits;
- reviewing and discussing, at least quarterly and more frequently, if the Board deems necessary, reports from the FFB's chief credit officer relating to such matters as (i) risks in the Company's loan portfolio, (ii) economic conditions or trends that could reasonably be expected to affect (positively or negatively) the performance of the loan portfolio or require increases in the ALLL and (iii) specific loans that have been classified as "special mention," "substandard" or "doubtful" and, therefore, require increased attention from management;
- reviewing, at least quarterly, management's determinations with respect to the adequacy of, and any provisions required to be made to replenish or increase, the ALLL;
 - reviewing management reports regarding collection efforts with respect to nonperforming loans; and
- authorizing the retention of, and reviewing the reports of, external loan review consultants with respect to the risks in and the quality of the loan portfolio.

Although risk oversight permeates many elements of the work of the full Board and its committees, the Audit Committee is responsible for overseeing any other significant risk management processes.

Committees of our Board of Directors

Our Board has three standing committees: an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. The Board has adopted a written charter for each of those committees, and copies of those charters are available on the Investor Relations section of our website at www.ff-inc.com. In addition, from time to time, special committees may be established under the direction of our Board when necessary to address specific issues.

The Audit Committee. Our Board has established a standing Audit Committee, the current members of which are Mr. Briggs, its chairman, and Messrs. Fix and Sonenshine. The Board has determined that all of the members of the Audit Committee are independent within the meaning of the Listing Rules of the NASDAQ Stock Market and the enhanced independence requirements for audit committee members contained in Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Our Board also has determined that each of Messrs. Briggs and Fix meet the definition of “audit committee financial expert” adopted by the SEC.

The Audit Committee’s responsibilities include:

- overseeing the integrity of the financial statements of the Company and its subsidiaries, including the financial reporting processes and systems of internal controls regarding finance, accounting, legal and regulatory compliance;
- overseeing the independence, qualifications and performance of the Company’s independent auditors and internal audit function;
- monitoring the open communication among the independent auditor, management, the internal audit function and the Board;
- reviewing and assessing the adequacy of its formal written charter on an annual basis; and
- overseeing such other matters that may be specifically delegated to the Audit Committee by the Board.

The Audit Committee met 11 times during 2018.

The Compensation Committee. The Board has established a standing Compensation Committee, the current members of which are Dr. Rosenberg, its chairman, and Mr. Brakke. The Board has determined that all of the members of the Compensation Committee are independent within the meaning of the NASDAQ rules applicable to such committees.

The Compensation Committee’s responsibilities include:

- reviewing and approving the compensation plans, policies and programs for the Company’s CEO and other senior officers;

ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS IN 2018

(Proposal No. 3)

We are asking our stockholders to approve, at this year's Annual Meeting, an advisory resolution with respect to the compensation paid to our named executive officers for 2018.

As described in the "Compensation Discussion and Analysis" section of this Proxy Statement, the compensation committee has structured our named executive officer compensation programs in a manner designed to achieve the following objectives:

- retain and attract key executives;
- pay for performance;
- align the interests of our executives more closely with those of our stockholders; and
- provide incentives for our named executive officers to remain in the employ of the Company over multi-year periods and to focus on the Company's longer term performance.

We believe that our executive compensation practices have contributed to our success and have been effective in achieving our compensation objectives. We urge stockholders to carefully read the "Compensation Discussion and Analysis" section of this Proxy Statement, the Summary Compensation Table and the other compensation-related tables and the notes and narrative that follow those tables.

In accordance with Section 14A of the Exchange Act and the related rules of the SEC, and as a matter of good corporate governance, we are asking our stockholders to approve the following advisory resolution at the Annual Meeting:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation paid in 2018 to the Company's named executive officers, as described in the "Compensation Discussion and Analysis" section of this Proxy Statement, the Summary Compensation Table and the other compensation-related tables, and the notes and narrative in the Proxy Statement for the Company's 2019 Annual Meeting of Stockholders."

Because this vote is advisory, it will not be binding on the Board or the Compensation Committee. However, the Compensation Committee will give serious consideration to the outcome of the vote when establishing executive compensation programs in the future.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS YOU VOTE "FOR" PROPOSAL NO. 3 TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS FOR 2018 AS DESCRIBED IN THIS PROXY STATEMENT

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

FFI's executive compensation program is designed to support the following objectives:

- Design and implement comprehensive compensation programs to retain current, and attract future, named executive officers ("NEOs") and other key management personnel, and
- Through those compensation programs seek to align the interests of our NEOs and other key management personnel with the longer-term interests of our stockholders through the use equity-based compensation tools and tying a significant portion of NEO total compensation to the Company's financial performance.

You should read this section of the proxy statement in conjunction with the advisory vote that we are conducting on the compensation of our NEOs. This Compensation Discussion and Analysis contains information that is relevant to your voting decision.

The Compensation Discussion and Analysis is organized into the following sections:

- Executive Summary
- Performance and Pay
- Compensation Process and Decisions

Executive Summary

This proxy statement is the first proxy statement filed since the Company ceased to be an "emerging growth company" pursuant to applicable SEC regulations and as such we are obliged to place a non-binding "Say on Pay" proposal in its proxy statement. The Compensation Committee monitors and considers the interests of FFI's stockholders regarding executive compensation. Our Board, the Compensation Committee, and our executive team continue to review our executive compensation practices and look for opportunities to improve and strengthen its pay for performance objective and alignment with stockholders' interests. During the past year, FFI took the following actions:

- The Compensation Committee engaged McLagan, a leading human resources consulting firm, to perform a review of FFI's executive compensation program and make recommendations for enhancements. The decision to engage McLagan was made by the Compensation Committee and was not made or recommended by management.
- FFI continued to use RSUs as its primary equity incentive award for its NEOs. FFI introduced RSUs as a component of the executive incentive compensation plan for the chief executive officer and certain direct reports in 2015. The RSU design is discussed further under the Equity Compensation section below. FFI has maintained the same RSU program design and extended it further into the organization. The Compensation Committee reviewed the percentage of bonus paid in time-based RSUs in 2018. The Compensation Committee intends to revisit the program design, metrics considered, and weighting each year before issuing new grants to continuing executives.
- FFI and the Compensation Committee continue to evaluate additional policies that may further bolster or enhance FFI's commitment to true pay-for-performance.

Financial Highlights

Financial highlights for 2018 include:

- Earnings of \$43.0 million, or \$1.01 per fully diluted share for 2018, as compared to \$27.6 million, or \$0.78 per fully diluted share in 2017. This represents increases of 56% and 29%, respectively.
- Increased return on tangible equity from 8.6% in 2017 to 10.6% in 2018⁽¹⁾.
- Total revenues increased 26% from \$152 million in 2017 compared to \$191 million in 2018.
- Record loan production of \$1.84 billion in 2018.
- Tangible book value increased from \$9.46 per share at December 31, 2017 to \$10.33 per share at December 31, 2018⁽¹⁾.

(1) Tangible common equity is a non-GAAP financial measure. Tangible common equity (also referred to as tangible book value or tangible equity) and tangible assets, are equal to common equity and assets, respectively, less \$99.5 million and \$33.6 million of goodwill and intangible assets as of December 31, 2018 and 2017, respectively. Average tangible equity is equal to average common equity less \$69.2 million and \$4.5 million of average goodwill and intangible assets for the years ended December 31, 2018 and 2017, respectively. We believe that this information is consistent with the treatment by bank regulatory agencies, which exclude intangible assets from the calculation of capital ratios. Accordingly, we believe that tangible equity and tangible book value per share provide information that is important to investors and that is useful in understanding our capital position and ratios. However, these non-GAAP financial measures are supplemental and are not a substitute for an analysis based on GAAP measures. As other companies may use different calculations for these measures, this presentation may not be comparable to other similarly titled measures reported by other companies.

Summary of 2018 Compensation Decisions

The Compensation Committee made the following decisions for 2018:

- No change was made in the compensation of Messrs. Kavanaugh, Keller, DePillo or Michel in 2018.
- Messrs. Kavanaugh, Keller DePillo and Michel and Ms. Lawrence were awarded their 2018 full target bonus based on each individuals' performance and the performance of the Company, which met its goals for 2018.
- The same RSU program for executive officers that was in place for 2017 was maintained for 2018. See the Equity Compensation section below for further discussion of the RSU program in place.

Performance and Pay

FFI has a strong pay-for-performance philosophy that links executive compensation to achievement of the operating and financial goals set by the Board. FFI anticipates that growth in net earnings per share and a continued focus on maintaining a strong balance sheet will be positively reflected in FFI's stock price. In 2018, FFI achieved the following results, compared with prior periods, as of or for the years ending December 31:

(dollars in 000's)	2018	2017	2016
Income before taxes	\$60,086	\$50,599	\$38,334
Net income	\$42,958	\$27,582	\$23,303
Earnings per fully diluted share	\$1.01	\$0.78	\$0.70
Non-performing assets to total assets	0.21	% 0.31	% 0.25
Loans, including loans held for sale	\$4,801,312	\$3,818,107	\$2,806,651
Deposits	\$4,532,968	\$3,443,527	\$2,426,795
Return on tangible book value ⁽¹⁾	10.6	% 8.6	% 8.5
Tangible book value per share ⁽¹⁾	\$10.33	\$9.46	\$8.62

(1) Tangible common equity is a non-GAAP financial measure. Tangible common equity (also referred to as tangible book value or tangible equity) and tangible assets, are equal to common equity and assets, respectively, less \$99.5 million, \$33.6 million and \$2.2 million of goodwill and intangible assets as of December 31, 2018, 2017 and 2016, respectively. Average tangible equity is equal to average common equity less \$69.2 million, \$4.5 million and \$2.3 million of average goodwill and intangible assets for the years ended December 31, 2018, 2017 and 2016, respectively. We believe that this information is consistent with the treatment by bank regulatory agencies, which exclude intangible assets from the calculation of capital ratios. Accordingly, we believe that tangible common equity to tangible assets, tangible book value per share and return on average tangible equity provide information that is important to investors and that is useful in understanding our capital position and ratios. However, these non-GAAP financial measures are supplemental and are not a substitute for an analysis based on GAAP measures. As other companies may use different calculations for these measures, this presentation may not be comparable to other similarly titled measures reported by other companies.

On January 29, 2019 the Board declared an initial quarterly cash dividend of \$0.05 per common share to be paid on March 15, 2019, to stockholders of record as of the close of business on March 1, 2019.

The following graph shows a comparison from December 31, 2014 (the date our common stock commenced trading on the NASDAQ Global Market) through December 31, 2018 of the cumulative total return for our common stock, compared against (i) the Russell 2000 Index, which measures the performance of the smallest 2,000 members, by market cap, of the Russell Index; (ii) the Russell 3000 Index, which measures the performance of the smallest 3,000 members, by market cap, of the Russell Index; and (iii) an index published by SNL Securities and known as the SNL Western Bank Index, which is comprised of 47 banks and bank holding companies (including the Company), the shares of which are listed on NASDAQ or the New York Stock Exchange and most of which are based in California and the remainder of which are based in nine other western states.

	Period Ending				
	12/31/2014	12/31/2015	12/31/2016	12/31/2017	12/31/2018
First Foundation Inc. (FFWM)	100.00	130.04	157.11	204.41	141.79
Russell 2000 Index	100.00	94.29	112.65	127.46	111.94
Russell 3000 Index	100.00	98.53	108.79	129.30	120.26
SNL Western Bank Index	100.00	100.99	108.69	118.83	91.74

The stock performance graph assumes that \$100 was invested in Company common stock at the close of market on December 31, 2014, and, at that same date, in the Russell 2000 Index, the Russell 3000 Index and the SNL Western Bank Index and that any dividends paid in the indicated periods were reinvested. Stockholder returns shown in the stock performance graph are not necessarily indicative of future stock price performance.

As the chart indicates, the total stockholder return to FFI investors over the four year period ended December 31, 2018 exceeded the returns of the Russell 2000 Index, the Russell 3000 Index, and SNL Western Bank Index.

It is apparent that the growth in the financial metrics listed above have been reflected in the performance of our stock. Further, the FFI compensation program structure and committee decisions during this period reflect a strong pay-for-performance commitment.

Compensation Process and Decisions

Compensation Philosophy and Objectives

We believe that the success of our business and the creation of long term stockholder value depend to a large extent on our ability to retain and to attract superior management employees. Therefore, the Compensation Committee endeavors to ensure that the compensation of our executive officers is competitive and consistent with market conditions in order to enable us to attract and retain key executives who are critical to the Company's long-term success and the achievement of sustained increases in stock value. Therefore, when reviewing and approving both the types and amounts of compensation to be paid to our NEOs, as well as other key management employees, the Compensation Committee seeks to achieve the following objectives:

- Ensure that each NEO's cash compensation is competitive in relation to the compensation paid by our principal competitors and other companies which, although not comparable to us, may seek to recruit our NEOs and other key management employees based on their skills and experience and their record of success.
- Design compensation programs that incentivize our NEOs and other key management personnel to remain in the Company's employ and to enable us to attract additional key executives with the requisite experience, skills and record of success required for the future growth of the Company.
- Align the interests of our NEOs and other key management personnel with the longer-term interests of our stockholders by tying a significant portion of each NEO's total compensation to the Company's financial performance.
- Provide for at-risk compensation to make up a significant proportion of potential total compensation of our NEOs and other officers by means of cash or equity incentives, the payment of which depends on the achievement of pre-established Company financial performance goals.

Role of the Compensation Committee

The Compensation Committee has the primary authority to determine FFI's compensation philosophy and to establish compensation for Scott F. Kavanaugh, FFI's Chief Executive Officer, and FFI's other executive officers. Each component of compensation for FFI's executives is generally administered under the direction of the Compensation Committee and is reviewed on an annual basis to ensure that remuneration levels and benefits are competitive and reasonable using the guidelines described below. In determining each level of compensation and the total compensation package, the Compensation Committee reviews a variety of sources to determine and set compensation. Mr. Kavanaugh aids the Compensation Committee by providing annual recommendations regarding the compensation of all executive officers, other than himself. The Compensation Committee can exercise its discretion by modifying any recommended adjustments or awards to the executives. Each executive also participates in an annual performance review with Mr. Kavanaugh that includes a self-evaluation for the period being assessed. The Compensation Committee performs Mr. Kavanaugh's annual performance review.

The Compensation Committee seeks to provide salary, incentive compensation opportunities and employee benefits that fall within the range of FFI's competitors. The Compensation Committee periodically and as warranted considers compensation levels of executives with similar qualifications and experience at financial companies of similar size, complexity and business activities.

Surveys prepared by management are also used periodically to assess whether FFI is maintaining its labor market competitiveness. These surveys compare FFI's compensation programs to the compensation programs of similarly-sized bank holding companies located in the Western United States.

Role of the Compensation Consultant

To assist in its efforts to meet the objectives outlined above in 2018, the Compensation Committee retained McLagan to provide general executive compensation consulting services to the Compensation Committee and to support management's need for advice and counsel. Pursuant to the Compensation Committee's charter, the Compensation

Committee has the power to retain or terminate such consultant and engage other advisors.

McLagan, our independent compensation consultant, collaborated with our management to obtain data, clarify information, and review preliminary recommendations prior to the time they were shared with the Compensation Committee. The consultant provided data regarding market practices and worked with management to develop recommendations for changes to plan designs and policies consistent with the philosophies and objectives discussed above.

Fees billed by McLagan in 2018 for advice and services provided to the Compensation Committee were \$27,000.

Upon consideration of factors pursuant to NASDAQ compensation committee independence rules, the Compensation Committee has concluded that no conflict of interest exists that would prevent McLagan from independently representing the Compensation Committee. The Compensation Committee's conclusion was based on the following factors:

- Total fees paid in 2018 to McLagan were not material in the context of total revenues disclosed in McLagan's most recent annual report;

26

McLagan has adopted and disclosed to the Compensation Committee its executive compensation consulting protocols for client engagements and the Compensation Committee believes these protocols provide reasonable indications that conflicts of interest will not arise;

• McLagan reports directly to the Compensation Committee Chair;

• The Compensation Committee members and executive officers of the Company have no business or personal relationship with McLagan; and

• The Compensation Committee, in its discretion, determines whether to retain or terminate McLagan.

Peer Group

During 2016, the Compensation Committee retained McLagan to assist in identifying a peer group of competitive banks as a baseline comparator to which FFI would refer when establishing executive compensation. The Compensation Committee, with McLagan's assistance, developed a compensation peer group consisting of 20 publicly traded bank holding companies that the Compensation Committee believes are similar to FFI in terms of position in the market, total assets, net income, market capitalization and stockholder return. The companies are Banc of California, Inc., CVB Financial Corp., Opus Bank, HomeStreet, Inc., Pacific Premier Bancorp, Central Pacific Financial Corp., Westamerica Bancorp, Hanmi Financial Corp., National Bank Holdings, Corp., TriCo Bancshares, Heritage Financial Corp., CoBiz Financial Inc., Preferred Bank, Guaranty Bancorp, Farmers & Merchants Bancorp, CU Bancorp, Heritage Commerce Corp., Bank of Marin Bancorp, Sierra Bancorp and Heritage Oaks Bancorp. The average total assets of that peer group was \$3.8 billion (including pending acquisitions) at the time it was assembled.

In 2018 the Compensation Committee retained McLagan to prepare a new peer group based on the Company's overall growth as well as changes in the earlier peer group due to merger and acquisition activity. The new peer group consists of 24 financial institutions with total assets of between \$3 billion and \$15 billion at March 31, 2018 (including pending acquisitions) located in the Western United States, these include: Washington Federal, Inc., Cathay General Bancorp, Hope Bancorp, Inc., First Interstate BancSystem, Columbia Banking System, Inc., CVB Financial Corp., Glacier Bancorp Inc., Pacific Premier Bancorp, Banc of California, Inc., Banner Corp., BofI Holding Inc., Opus Bank, HomeStreet Inc., TriCo Bancshares, National Bank Holdings Corp., Central Pacific Financial Corp., Westamerica Bancorp, Hanmi Financial Corp., Heritage Financial Corp., CoBiz Financial Inc., Preferred Bank, Guaranty Bancorp, Farmers & Merchants Bancorp and Heritage Commerce Corp. The average total assets of the new peer group is \$7.1 billion (including pending acquisitions) at the time it was assembled.

Components of Executive Compensation

We generally allocate executive compensation among three major categories or components: (i) base salary; (ii) annual cash incentive compensation; and (iii) equity incentive compensation in the form of RSUs. Base salaries constitute the "guaranteed" portion of each NEO's compensation, while cash incentives and equity incentives constitute the "at-risk" portion of our NEOs compensation, because the payment of those incentives generally is made contingent on the financial performance of the Company and, in the case of equity incentives, on the continued employment of the NEO with the Company. We believe that the combination of the different components of executive compensation enables us to retain existing and attract new management employees in the competitive local and national markets and to balance the motivation of our NEOs and other key management employees to execute on immediate goals while remaining conscious of our longer term strategic objectives and goals.

The allocation of the individual components of executive compensation is based on a number of factors, including competitive market conditions and the positions within our organization held by our NEOs and other key management employees, which determines their ability to influence our financial performance. Generally, the percentage of compensation at risk, either in the form of bonus or equity compensation, is higher for our NEOs than for other management employees, because the performance of our NEOs has a greater impact on whether or not we achieve our financial goals and strategic objectives. For 2018, 2017 and 2016, the Compensation Committee decided that 25% of the at-risk compensation should be awarded in RSUs for our NEOs except for the Executive Chairman, for which the at-risk compensation should be comprised entirely of cash.

The Compensation Committee performs annual reviews of our executive compensation programs to evaluate their competitiveness and their consistency with our overall management compensation philosophy and objectives. To ensure that we are appropriately compensating our NEOs and other key management employees and that we have appropriate human resources to execute on our business plans, the members of our Compensation Committee review information that is available to them and use their judgment in making compensation decisions. While we consider the compensation paid by other comparable or similar companies (including the Peer Group referred to above) to their senior executives, no single factor is determinative in setting compensation structure or allocating among elements of compensation.

In addition, the Compensation Committee reviews the Company's executive and employee compensation practices to assess whether or not they create improper incentives that would result in material risks to the Company. Based on this review and analysis, the Compensation Committee has determined that none of the Company's compensation practices for its NEOs or other employees is reasonably likely to have a material adverse effect on the Company.

Base Salaries

The Compensation Committee reviews base salaries for all NEOs and other executives annually to align them with market and industry levels as appropriate and after taking into account FFI's general financial performance and the executive's role, responsibilities, experience and future potential. The Compensation Committee seeks to establish base salaries that are within the competitive range of salaries for persons holding similarly responsible positions at peer company banks and bank holding companies with an emphasis placed on those located in the Western United States. In addition, the Compensation Committee considers current and expected economic conditions in evaluating salary levels.

Specific criteria considered in CEO Kavanaugh's 2018 performance were the Company's performance in regards to income before taxes, loan growth, deposit growth and capital management, in addition to overall asset quality, and the Company's compliance with rules and regulations. In addition, the Compensation Committee considered other meaningful bank objectives and achievements including the completion of the acquisition of PBB Bancorp and the integration of the operations of Premier Business Bank and Community 1st Bank in 2018. As a result of the Compensation Committee's performance evaluation, Mr. Kavanaugh's salary for 2019 was increased to \$850,000 from \$700,000 in 2018. This increase was based on the Compensation Committee's review of the results of the competitive market analysis based on the new peer group established in 2018 as well as the fact that Mr. Kavanaugh's salary did not increase in 2018 at his request in light of economic conditions at the beginning of 2018. Mr. Kavanaugh's base salary for 2018 reflects the 53rd percentile of the applicable peer group. The Committee determined that Mr. Kavanaugh's leadership of the Company to date as well as the expertise, experience and skills required to lead the Company going forward made it appropriate to increase Mr. Kavanaugh's base salary to this market competitive level. Previously, the Compensation Committee increased Mr. Kavanaugh's salary by \$100,000 in 2017.

The annual base salaries of Messrs. Keller, DePillo and Michel and Ms. Lawrence for 2019 are \$575,000, \$700,000, \$400,000 and \$400,000, respectively. For Messrs. DePillo and Michel, this amount includes an increase of \$100,000 and \$25,000, respectively, compared to their base salary in 2018. The annual salaries of Mr. Keller and Ms. Lawrence did not change in 2019. The annual salaries of Messrs. Keller, DePillo and Michel did not change in 2018 and increased by \$25,000, \$100,000 and \$25,000, respectively in 2017.

Based upon guidance provided by McLagan and additional information captured through a variety of sources, FFI believes that it compensates its executives equitably when compared to competitive companies in that peer group.

Annual Incentive Bonuses

It is the Compensation Committee's objective to have a substantial portion of each executive's compensation contingent upon FFI's performance as well as upon the executive's own level of performance and contribution toward FFI's performance. FFI utilizes annual bonuses to align executive compensation with FFI's business objectives and FFI's performance. Placing an emphasis on incentive compensation is consistent with FFI's philosophy of rewarding executives for FFI's performance.

The annual incentive bonus award is primarily driven by the achievements of the Company. For 2016, 2017 and 2018, the primary goals set by the Compensation Committee were based on the Company's budgeted income before taxes and the Company compliance with rules and regulations. In addition, for 2018, the Compensation set a credit quality goal, the ratio of nonperforming assets (NPAs) to total assets. The following schedule sets forth the goals and actual results for the years ended December 31:

(\$ in 000's)	2016	2017	2018
Income before taxes:			

Edgar Filing: First Foundation Inc. - Form DEF 14A

Budget	\$31,499	\$46,171	\$58,596
Actual	38,334	50,599	60,086

Ratio of NPAs to total assets:

Goal	0.50	%
Actual	0.21	%

In addition, for 2016, 2017 and 2018, the Company met its subjective goals with regards to compliance with rules and regulations.

As a result of the Company's performance in relations to the goals set by the Compensation Committee, Mr. Kavanaugh was awarded 100% of his target bonus in each of 2016, 2017 and 2018. In addition to the goals set for the Company, the other NEOs must also meet individual subjective goals as part of the determination of their annual incentive bonus. Based on the Company meeting its goals in each of 2016, 2017 and 2018, and the achievement of individual subjective goals, Messrs. Keller, DePillo and Michel were awarded 100% of their target bonuses in 2016, 2017 and 2018. Based on the Company meeting its goals in 2018, and the achievement of subjective individual goals, Ms. Lawrence was awarded 100% of her target bonus in 2018.

The Compensation Committee provides long-term incentive compensation, in the form of RSUs as a component of the annual incentive bonus, to FFI's executive officers through the grant of awards under FFI's equity incentive plan. In accordance with FFI's philosophy, the use of equity compensation is intended to provide incentives to FFI's executive officers to work toward the long-term growth of FFI by providing them with an award that will increase in value only to the extent that the value of FFI's common stock increases. Because the value of awards under

FFI's equity incentive plan bear a direct relationship to FFI's stock price, the Compensation Committee believes that equity awards are an effective long-term incentive to create value for stockholders and appropriately align the interests of FFI's executives with the interest of FFI's stockholders

The payment of the annual incentive award for Messrs. Kavanaugh, DePillo and Michel and Ms. Lawrence, is split between cash and RSUs. The Compensation Committee granted 25% of Messrs. Kavanaugh, DePillo and Michel's bonus award in 2016, 2017 and 2018 in the form of RSUs, one-third of which vested immediately at grant date and one-third vests incrementally on each of the first and second anniversaries of the grant date subject to continued employment. The Compensation Committee decided not to require any portion of the bonus award for Mr. Keller to be in the form of an equity incentive award due to his substantial investment in the common stock of the Company.

Other Elements of Compensation and Perquisites

In order to attract and retain talented executives who will focus on achieving FFI's long-term goals, FFI provides to its NEOs, including Mr. Kavanaugh, the following benefits and perquisites:

• **Change of Control Agreements.** FFI has entered into the change of control agreements with its NEOs who would likely be involved in decisions regarding, and the successful implementation of, a merger or acquisition and could be at risk for a job loss if a change of control occurs. The Compensation Committee believes that such agreements are important in order to provide an incentive for executives to remain employed with FFI throughout the turmoil and uncertainty that a tender offer or merger can cause. Such continuity in leadership benefits both FFI's stockholders and employees and, ultimately, a company that would acquire FFI. These agreements are intended to allow the executives to focus on making and implementing decisions that are in the best interests of FFI's stockholders without being distracted or influenced in the exercise of their business judgment by personal concerns, such as looking for a new job. Change of control agreements are typically offered to executives in the marketplace and therefore are necessary to attract and retain executives as well as to protect stockholders' interests. A change of control would also accelerate the vesting of all of the executives' outstanding options and equity awards pursuant to the terms of such awards.

• **Defined Contribution Plan.** FFI offers a 401(k) savings plan to all eligible employees age 18 and over who complete at least 90 days of service with FFI, First Foundation Bank or First Foundation Advisors. Participants may contribute a portion of their compensation subject to certain limits based on federal tax laws. Participants may select between making regular pre-tax contributions or Roth contributions. FFI has historically made matching contributions to the plan. Effective January 1, 2018, the Company will match, each pay period, 100% of the first 3% contribution made by an eligible employee and 50% of the next 2% contribution made by an eligible employee. The employer contributions are subject to vesting requirements based on tenure with the Company. Plan assets are held in trust. Participants can direct their investment contributions into a variety of specified mutual funds.

• **Medical and Dental Insurance.** FFI provides to each NEO and their family such medical and dental coverage as FFI may from time to time make available to its employees. FFI pays a portion of the premiums for this insurance for all employees.

• **Life Insurance.** FFI provides life insurance in the amount of \$250,000 for each NEO.

Clawbacks. The Sarbanes-Oxley Act of 2002 includes a clawback provision, Section 304, which generally would require our CEO and CFO to disgorge bonuses, other incentive or equity-based compensation, and profits on sales of company stock that they receive within the 12-month period following the public release of financial information if there is a restatement because of material noncompliance, due to misconduct, with financial reporting requirements under the federal securities laws.

Role of Tax Requirements

With the repeal of the Section 162(m)'s performance-based compensation rule in connection with the Tax Cuts and Jobs Act of 2017, effective for taxable years beginning after December 31, 2017, compensation paid to our covered executive officers in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017.

The employment agreements with our NEOs provide that if the severance and change in control benefits payable to the executive would constitute an “excess parachute payment” as defined in Section 280G of the Code, such benefit payments shall be reduced to the largest amount that will result in no portion of benefit payments being subject to the excise tax imposed by Section 4999 of the Code. That agreement, as well as the change in control agreements with our NEOs also provide that if any benefit thereunder is subject to Section 409A of the Code and the executive is deemed to be a “specified employee” within the meaning of Section 409A(a)(2)(B)(i) of the Code, commencement of payment of the benefit shall be delayed for six months following the executive’s termination of employment.

Summary

The Compensation Committee believes that FFI’s philosophy of aligning compensation with FFI’s performance and individual superior performance was met and that the compensation for FFI’s executive officers has been competitive and comparable to the compensation received by executive officers of similarly-sized banks located in the Western United States. In addition, FFI’s executive compensation philosophy and programs support FFI’s overall objective to enhance stockholder value through profitable management of FFI’s operations. The Compensation Committee is firmly committed to the ongoing review and evaluation of FFI’s executive compensation program.

Ms. Lawrence entered into an employment agreement with FFB on June 1, 2015 and this agreement was subsequently amended on February 7, 2018.

Set forth below are summaries of the material terms of those employment agreements. These summaries are not intended to be complete and are qualified in their entirety by reference to the employment agreements themselves, which are included as exhibits to our Annual Report on Form 10-K filed with the SEC on March 1, 2019.

Material Terms of the Employment Agreements

Salaries. The employment agreements currently provide for the payment of base annual salaries as follows: Mr. Keller: \$575,000; Mr. Kavanaugh: \$850,000; Mr. DePillo: \$700,000, Ms. Lawrence: \$400,000, and Mr. Michel: \$400,000. Those salaries are subject to review and may be increased, but not reduced, by our Board or our Compensation Committee.

Participation in Incentive Compensation and Employee Benefit Plans. Each of the employment agreements provides that the NEO will be entitled to participate in any management bonus or incentive compensation plans adopted by our Board or our Compensation Committee and in any qualified or any other retirement plans, stock option or equity incentive plans, life, medical and disability insurance plans and other benefit plans which FFI and its subsidiaries may have in effect, from time to time, for all or most of its senior executives. Mr. DePillo's agreement provides that he will have an annual target bonus of at least 75% of his then current base annual salary.

Termination and Severance Provisions. Each employment agreement provides that the NEO's employment may be terminated by the Company with or without cause or due to his or her death or disability or by the NEO with or without good reason. In the event of a termination of the NEO's employment by the Company without cause or by the NEO for good reason, the Company will become obligated to pay severance compensation to the NEO in an amount equal to 12 months of his or her annual base salary or the aggregate annual base salary that would have been paid to the NEO for the remainder of the term of his or her employment agreement if such remaining term is shorter than 12 months (the "Termination Benefits Period"). In addition, during the Termination Benefits Period or until the NEO obtains employment with another employer that offers comparable health insurance benefits, whichever period is shorter, the Company will be obligated to continue to provide any group health plan benefits to the extent authorized by and consistent with 29 U.S.C. § 1161 et seq. (commonly known as "COBRA"), subject to payment of premiums by the NEO at the active employee's rate then in effect. The severance benefits will be reduced by severance benefits received under other severance or similar plans. Payments of the foregoing severance benefits amounts will be paid over the Termination Benefits Period in pro rata installments in accordance with our payroll practices.

The foregoing severance benefits are subject to the NEO executing an agreement that releases us and our affiliates from all legal claims. The NEO is also required to abide by customary confidentiality provisions and for eighteen months after his or her termination, the NEO may not solicit our employees or use trade secrets or confidential information to solicit current or prospective customers or to encourage customers, suppliers, vendors or service providers to terminate or modify their business relationship with us.

If the NEO's employment is terminated due to his or her death then his or her estate shall receive a lump sum payment equal to his or hers then annual base salary with payment occurring as soon as practicable after his or her death. If, during his or her employment, a NEO experiences a disability such that he or she cannot perform his or her essential job functions then we can only terminate his or her employment after the expiration of the lesser of six months or the remaining term in the employment agreement. During such period of time, the NEO shall continue to receive his or her annual base salary less any disability or sick pay that he or she is receiving along with continued participation in our employee benefits plans.

Cause/Good Reason Definitions. The employment agreements contain the following definitions with respect to determining whether/when a NEO is eligible for severance benefits.

“Cause” generally means the occurrence of any of the following by the NEO:

- acts of gross negligence, willful misconduct or insubordination and which involve us or our affiliates, or acts of fraud;
- violation of laws or government regulations which could subject us or our affiliates to disciplinary or enforcement action by a governmental agency, or which could adversely affect our or our affiliates’ reputation or goodwill;
- acts which would constitute a felony or any misdemeanor involving moral turpitude, deceit, dishonesty or fraud;
- failure to perform a substantial portion of the duties and responsibilities assigned or delegated to the NEO under this Agreement,
- breach of the material obligations under the employment agreement;
- violation by the NEO of any conflict of interest policy, ethical conduct policy or employment policy or a breach of his or her fiduciary duties;
- the issuance of an order or directive by any government agency which requires the NEO to disassociate himself or herself from us or an affiliates or which suspends his or her employment or requires him to terminate his or her employment; or

32

for Mr. Keller, the suspension or loss of, or a failure to maintain in full force and effect, any professional license or certification needed by the NEO which is needed to enable him to perform his or her responsibilities or duties; or For Messrs. Kavanaugh, Michel and DePillo, and Ms. Lawrence the issuance of an order under Section 8(e)(4) or (g)(1) of the Federal Deposit Insurance Act requiring the NEO to be removed or permanently prohibited from participating in the conduct of our business.

“Good Reason” generally means the occurrence of any of the following actions taken by us with respect to the NEO and without his or her consent:

- a material reduction in authority, duties or responsibilities;
- a material reduction in base salary or base compensation, unless such reduction is made as part of an across-the-board cost-cutting measure that is applied equally or proportionately to all senior executives;
- a relocation of the NEO’s principal place of employment to an office (other than our headquarters offices) located more than thirty (30) miles from his or hers then principal place of employment; or
- a breach of our material obligations to the NEO under the employment agreement which breach continues uncured for a period of thirty (30) days following written notice from the NEO.

The following conditions must be satisfied in order for the NEO to terminate his or her employment for Good Reason: (1) the NEO shall have given us a written notice of termination for Good Reason (a “Good Reason Termination Notice”) prior to the expiration of a period of fifteen (15) consecutive calendar days commencing on the date that the NEO is first notified in writing that we have taken a Good Reason action, (2) we have failed to rescind or cure the Good Reason action within thirty (30) consecutive calendar days following our receipt of the Good Reason Termination Notice, and (3) the Good Reason Termination Notice must expressly state that the NEO is terminating his or her employment for Good Reason and must describe in reasonable detail the Good Reason action that entitles him to terminate his or her employment for Good Reason.

Compensation Risk Assessment

The Compensation Committee has conducted an annual compensation risk assessment and concluded that the Company’s compensation policies and practices do not encourage excessive or unnecessary risk-taking and are not reasonably likely to have a material adverse effect on the Company. The Compensation Committee took into account the significant proportion of the annual compensation that is based on equity incentives that have long maturities and vesting periods, and the Company’s clawback and other corporate policies that align the NEO’s and other executive officers’ compensation with the interests of the Company’s stockholders.

Change of Control Agreements

The Company has entered into Change of Control Severance Agreements with each of its NEOs (the “CC Agreements”). Messrs. Kavanaugh, Keller, and Michel each entered into their respective CC Agreements on September 17, 2007, Mr. DePillo entered into his CC Agreement on May 11, 2015 and Ms. Lawrence entered into her CC Agreement on June 1, 2015.

The CC Agreements with each NEO are substantially the same, except with respect to the value of the potential severance payments, and can be terminated by the Company upon three years advance written notice to the NEO. A CC Agreement will also terminate (without payment of severance benefits) in the event the NEO’s employment is terminated by the Company for Cause (as defined in the NEO’s employment agreement) or due to his or her death or disability or retirement, or by the NEO without Good Reason.

Each of the CC Agreements provides that if the Company undergoes a Change of Control while the NEO is still in the employ of the Company or one of its subsidiaries and, within the succeeding 12 months, the NEO terminates his or her employment due to the occurrence of a “Good Reason Event” then the NEO will become eligible to receive the following severance compensation (in lieu of severance benefits that could be provided under the NEO’s employment agreement):

two times the sum of (1) his or her annual base salary as then in effect and (2) the maximum bonus compensation that the NEO could have earned under any bonus or incentive compensation plan in which he or she was then participating, if any;

acceleration of the vesting of any then unvested stock options or restricted stock held by the NEO, and continued participation for the NEO and his or her family members in medical, dental, vision, disability, and life insurance plans and programs through the end of the second calendar year following the calendar year of the termination.

The foregoing severance benefits are conditioned upon the NEO executing documentation that releases us and our affiliates from all legal claims. Payment of the cash amount under clause (i) above shall be paid on the first business day after the end of the sixth calendar month after the NEO's termination of employment if the Company is subject to the reporting requirements of the Securities Exchange Act of 1934 on the date of the NEO's termination of employment. In all other cases, the payment will be due on the fifth business day after the NEO's termination of employment. The severance benefits will be reduced to avoid the imposition of excise taxes under Internal Revenue Code Sections 280G and 4999 if the NEO would be better off an after-tax basis.

Change of Control/Good Reason Definitions. The CC Agreements contain the following definitions with respect to determining whether/when a NEO is eligible for severance benefits under the CC Agreements.

“Change of Control” generally means the occurrence of any of the following subject to certain exceptions:

- a person who becomes the beneficial owner, directly or indirectly, of more than twenty-five percent (25%) of the Company’s voting securities subject to certain conditions;
 - a consolidation, merger, or reorganization of the Company with or into another person, or of another person with or into the Company, in which the holders of the Company’s outstanding voting securities immediately prior to the consummation of such consolidation, merger or reorganization would not, immediately after such consummation, own beneficially, directly or indirectly, (in the aggregate) at least sixty percent (60%) of the voting securities of (1) the continuing or surviving person in such merger, consolidation or reorganization (whether or not that is the Company) or (2) the ultimate parent, if any, of that continuing or surviving person;
 - a consolidation, merger or reorganization of the Company’s subsidiary with or into another person, or of another person with or into the subsidiary, unless the persons that were the holders of the Company’s voting securities immediately prior to such consummation would have, immediately after such consolidation, merger or reorganization, substantially the same proportionate direct or indirect beneficial ownership of at least sixty (60%) of the voting securities of (1) the continuing or surviving person in such consolidation, merger or reorganization (whether or not that is the Subsidiary) or, (2) the ultimate parent, if any, of that continuing or surviving person;
 - a sale, lease, exchange or other transfer (in one transaction or a series of transactions contemplated or arranged by any party as a single plan) of all or substantially all of the assets of the Company or of its subsidiary;
 - the holders of the voting securities of the Company approve any plan or proposal for the liquidation or dissolution of the Company, unless the plan of liquidation provides for all or substantially all of the assets of the Company to be transferred to a person in which the holders of the Company’s voting securities immediately prior to such liquidation have or will have, immediately after such liquidation, substantially the same proportionate direct or indirect beneficial ownership of at least sixty percent (60%) of the voting securities of such person; or
 - during any period of two (2) consecutive years during the term of the CC Agreement, individuals who at the beginning of that two year period constituted the entire Board do not, for any reason, constitute a majority thereof, unless the election (or the nomination for election) by the holders of the Company’s voting securities, of each director who was not a member of the Board at the beginning of that two year period was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of the two year period.
- “Good Reason” generally means the occurrence of any of the following actions taken by us with respect to the NEO and without his or her consent:

- The scope of NEO’s authority or responsibilities is significantly reduced or diminished or there is an change in his or her position or title as an officer of the Company or subsidiary, or both, that constitutes or would generally be considered to constitute a demotion;
- a reduction in base salary, unless such reduction is made as part of an across-the-board cost-cutting measure that is applied equally or proportionately to all senior executives;
- a significant reduction or discontinuation in the NEO's bonus and/or incentive compensation award opportunity unless it is applied equally or proportionately to all senior executives participating in the incentive plan or program;
- a significant reduction or discontinuation in the NEO's participation in any other benefit plan subject to certain exceptions;
 - a relocation of the NEO’s principal place of employment to an office (other than our headquarters offices) located more than thirty (30) miles from his or her then principal place of employment; or
 - a breach of our material obligations to the NEO under either the employment agreement or CC Agreement which breach continues uncured for a period of thirty (30) days following written notice from the NEO.

In order to resign his or her employment for Good Reason under the CC Agreement, the NEO must provide the Company with written notice of termination for Good Reason within 45 days of the occurrence of the applicable Good Reason event.

Potential Payments upon Termination or Change in Control

The following table sets forth the potential payments that would have been payable to our NEOs upon a termination of employment in certain circumstances, including in connection with a Change in Control (“CIC”). The actual amounts payable can only be determined when an executive is terminated and can be more or less than the amounts shown below, depending on the facts and circumstances actually prevailing at the time of the executive’s termination of employment. The payments calculated below are based on the executive's salary as of December 31, 2018, and assume a qualifying termination on December 31, 2018.

- (1) The amounts in this column represent the value of unvested RSU awards that would accelerate upon a CIC as of December 31, 2018. The value is determined by multiplying the number of accelerated shares by the closing share price of \$12.86 for our common stock as of December 31, 2018.
- (2) The amounts in this column represent the premiums for medical, dental and life insurance premiums as of December 31, 2018 that the Company would be obligated to pay for the NEO for the period of time specified in the related employment or CIC agreement.
- (3) Assumes an effective date of a qualifying termination of employment of December 31, 2018. In addition to the payments provided in this row, the NEO is entitled to receive accrued benefits earned through the date of termination.
- (4) In the event of a termination of employment due to death, the NEO's estate is entitled to receive the NEO's base salary less the amount of any life insurance benefits paid under any Company provided life insurance plan. As of December 31, 2018, the Company provides to each NEO a life insurance benefit of \$250,000. This amount has been subtracted from each NEO's base salary as of December 31, 2018 to determine the amount payable in this row.

2015 Equity Incentive Plan

Purposes. The purposes of the 2015 Equity Incentive Plan (the "2015 Equity Plan") are (a) to enhance our ability to attract and retain the services of officers and other key employees, directors and outside service providers, (b) to provide additional incentives to such persons to devote their effort and skills to the advancement of the Company by providing them an opportunity to participate in the ownership of the Company, and (c) to more closely align their interests with the interests of our stockholders by rewarding performance that results in increases in

our share prices. The 2015 Equity Plan replaced incentive equity plans adopted in 2007 (the “2007 Equity Plans”). Effective upon the adoption of the 2015 Equity plan, no grants were eligible to be issued under the 2007 Equity Plans. As of December 31, 2018, there are still option grant outstanding under the 2007 Equity Plans. The 2015 Equity Plan expires in 2025.

Eligible Participants. Incentive stock options may be granted only to employees of the Company or its subsidiaries, including the NEOs. All other Awards may be granted to any of our officers, other employees and directors, and to outside service providers that render bona fide services not in connection with the offer and sale of securities in a capital-raising transaction. The Compensation Committee determines which individuals will participate in the 2015 Equity Plan.

Award Types. The 2015 Equity Plan permits the issuance of the following types of Equity Incentive Awards:

Options. Options may be non-qualified stock options or incentive stock options and may vest based on time or achievement of performance goals. Our compensation committee may provide for options to be exercised only as they vest or to be immediately exercisable with any shares issued on exercise being subject to our right of repurchase that lapses as the shares vest.

Restricted Stock. A restricted stock award is an offer by us to sell or award shares of our common stock subject to restrictions, which may vest based on time or achievement of predetermined performance goals and which may be subject to forfeiture, in whole or in part, in the event of a cessation of the participant’s service with the Company or a failure to achieve any performance goals. The price, if any, of a restricted stock award will be determined by the Compensation Committee.

Stock Appreciation Rights. SARs provide for a payment, or payments, in cash or shares of our common stock, to the holder based upon the difference between the fair market value of our common stock on the date of exercise and the stated exercise price at grant up to a maximum amount of cash or number of shares.

Restricted Stock Units. RSUs represent the right to receive shares of our common stock at a specified date in the future, subject to forfeiture of that right because of termination of employment or failure to achieve certain performance goals. Upon the vesting of an RSU, we will deliver to the holder of the RSU shares of our common stock (which may be subject to additional restrictions), cash or a combination of shares of our common stock and cash.

Performance Awards. Performance awards cover a number of shares of our common stock that may be settled upon achievement of the pre-established performance goals in cash or by issuance of the underlying shares.

Stock Bonuses. Stock bonus awards may be granted as additional compensation for past or future service or achievement of performance goals, and therefore, no payment will be required for any shares awarded under a stock bonus.

Terms applicable to Stock Options and Stock Appreciation Rights. The exercise or base price of grants made under the 2015 Plan of stock options or SARs may not be less than the closing price of our common stock on the date of grant. The term of these awards may not be longer than ten years, except in the case of incentive stock options granted to holders of more than 10% of our voting power, which may have a term no longer than five years. The compensation committee determines at the time of grant the other terms and conditions applicable to such award, including vesting and exercisability.

Terms applicable to Restricted Stock Awards, RSU Awards, Performance Awards and Stock Bonus Awards. The compensation committee determines the terms and conditions applicable to the granting of restricted stock awards, RSUs, performance awards and stock bonus awards. The compensation committee may make the grant, issuance, retention and/or vesting of such awards contingent upon continued employment or service, the passage of time, or such performance criteria or goals and the level of achievement versus such criteria as it deems appropriate.

Subject to the terms and limitations expressly set forth in the 2015 Equity Plan, the compensation committee selects the persons who receive awards, determines the number of shares covered thereby, and establishes the terms, conditions and other provisions of Incentive Awards.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

In addition to the compensation arrangements with directors and executive officers described in “Executive Compensation” above, the following is a description of each transaction since January 1, 2018, and each proposed transaction in which:

- we have been or are to be a participant;
- the amount involved exceeded or exceeds \$120,000; and
- any of our directors, executive officers or beneficial holders of more than 5% of our capital stock, or any immediate family member of or person sharing the household with any of these individuals (other than tenants or employees), had or will have a direct or indirect material interest.

David DePillo, President of FFB owns a 10% interest, in LendingLink LLC, an entity that provides software services to FFB. During 2018, FFB paid LendingLink LLC \$0.2 million for services it provided to FFB.

Ordinary Banking Relationships

FFB has had, and in the future may have, banking transactions in the ordinary course of its business with directors, principal stockholders and their associates, including the making of loans to directors and their associates. Such loans and other banking transactions were, and in the future will be, made on the same terms, including interest rates and collateral securing the loans, as those prevailing at the time for comparable

transactions with persons of comparable creditworthiness who have no affiliation with the Company, FFB or any other subsidiaries of the Company and will be made only if they do not involve more than the normal risk of collectability and do not present any other unfavorable features at the times the loans are made.

Indemnification Agreements with our Directors and Officers

As permitted by the Delaware corporate law and as provided for by the Company's bylaws, the Company has entered into indemnification agreements with its directors and executive officers. Those indemnification agreements require the Company, among other things, (i) to indemnify its directors and officers against certain liabilities that may arise by reason of their status or service as directors or officers (other than liabilities arising from actions not taken in good faith or in a manner the indemnitee believed to be opposed to the best interests of the Company), (ii) to advance the expenses such directors or executive officers may incur as a result of or in connection with the defense of any proceeding brought against them as to which they could be indemnified, subject to an undertaking by the indemnified party to repay such advances if it is ultimately determined that he or she is not entitled to indemnification, and (iii) to obtain officers' & directors' liability insurance if available on reasonable terms.

Procedures for Approval of Related Party Transactions

Transactions by FFI or FFB with related parties are subject to regulatory requirements and restrictions. These requirements and restrictions include Sections 23A and 23B of the Federal Reserve Act (which govern certain transactions by a bank with its affiliates) and the Federal Reserve's Regulation O (which governs certain loans by FFB to its executive officers, directors, and principal stockholders). We have adopted policies to comply with these regulatory requirements and restrictions.

In addition our Board has adopted a written policy governing the approval of related party transactions that complies with all applicable SEC requirements. FFI's related parties include directors (including any nominee for election as a director), executive officers, 5% stockholders and the immediate family members of these persons. Our Chief Financial Officer, in consultation with other members of management and outside counsel, as appropriate, will review potential related party transactions to determine if they are subject to the policy. If so, the transaction will be referred to the Board for approval. In determining whether to approve a related party transaction, the Board will consider, among other factors, the fairness of the proposed transaction to the Company, the direct or indirect nature of the related party's interest in the transaction, the appearance of any improper conflict of interests for any director or executive officer, taking into account the size of the transaction and the financial position of the related party, whether the transaction would impair an outside director's independence, the acceptability of the transaction to our regulators and any possible violations of other of our corporate policies.

ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES

ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

(Proposal No. 4)

Pursuant to the Dodd-Frank Act and applicable SEC rules, we also are asking our stockholders to vote, at the Annual Meeting, on whether future advisory votes on the compensation of our named executive officers should be held every year, every two years, or every three years.

After careful consideration, our Board and our Compensation Committee believe that submitting executive compensation to an advisory vote by our stockholders on a tri-annual basis is appropriate for the Company and its stockholders at this time. We view the advisory vote on the compensation of our named executive officers as an additional (although not the only) opportunity for our stockholders to communicate with us regarding their views on compensation of our named executive officers. Stockholders may vote for “one year,” “two years” or “three years,” or may abstain from voting, with respect to this proposal. The time interval that receives the highest number of votes cast on this proposal will be considered our stockholder’s preference for the frequency of the stockholders’ non-binding advisory vote concerning executive compensation.

This vote is advisory and not binding on the Company, our Board or our Compensation Committee. Our Board and our Compensation Committee will take into account the outcome of the vote, however, when considering the frequency of future advisory votes on the compensation of our named executive officers. Notwithstanding the Board’s recommendation and the outcome of the stockholder vote, the Board may decide in the future to conduct advisory votes on a more or less frequent basis and may vary its practice in this regard based on factors such as discussions with our stockholders and the adoption of material changes to our compensation programs for our named executive officers.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE TO CONDUCT FUTURE ADVISORY VOTES ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS EVERY THIRD YEAR.

STOCKHOLDER PROPOSALS

Under Rule 14a-8 promulgated by the SEC under the Exchange Act, any stockholder desiring to submit a proposal for inclusion in our proxy materials for our 2019 Annual Meeting of Stockholders must provide us with a written copy of that proposal, addressed to our Corporate Secretary at the principal executive offices of the Company at 18101 Von Karman Avenue, Suite 700, Irvine, California 92612, not less than 120 days prior to the first anniversary of the date of the Company's proxy statement for the prior year's annual meeting was first released to stockholders, provided however, that in the event that no annual meeting was held in that prior year or the date of the annual meeting has been changed by more than 30 days from the date contemplated at the time of the prior year's proxy statement, the deadline under Rule 14a-8 is a reasonable time before the Company begins to print and send its proxy materials. Any proposal received after the date or time within which such proposal is required to be submitted to us will not be considered or submitted to a vote of the stockholders. Matters pertaining to such proposals, including the number and length thereof, eligibility of persons entitled to have such proposals included and other aspects are governed by the Exchange Act, and the rules of the SEC thereunder and other laws and regulations to which interested stockholders should refer. Please also refer to the director nomination and other procedures for stockholder proposals set forth in our bylaws.

Additionally, under Rule 14a-4, as promulgated under the Exchange Act, if a stockholder fails to notify the Company of a proposal which the stockholder plans to present for a vote at the next annual meeting of stockholders at least 45 days before the first anniversary of the mailing date of the prior year's proxy statement then the Board will be permitted to exercise its discretionary authority in voting proxies received from stockholders on that proposal at the meeting.

SOLICITATION OF PROXIES

We will pay the costs of soliciting proxies from our stockholders, and plan on soliciting proxies by mail. In order to ensure adequate representation at the Annual Meeting, our directors, officers and employees and those of FFB may, without additional compensation therefor, communicate with stockholders, brokerage houses and others by telephone, email, facsimile or in person, to request that proxies be furnished. We will reimburse brokerage houses, banks, custodians, nominees and fiduciaries for their reasonable expenses in forwarding proxy materials to the beneficial owners of the Company's shares. We also may choose to retain the services of a proxy solicitation firm to assist us in soliciting proxies from stockholders for the 2019 Annual Meeting, the fees of which we expect will not exceed \$20,000.

HOUSEHOLDING

The SEC has adopted rules that permit companies and intermediaries, such as brokers, to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for stockholders and cost savings for companies. We and some brokers household proxy materials, delivering a single proxy statement to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker or nominee if your shares are held in a brokerage account or other account or our agent, Broadridge Corporate Issuer Solutions, if you hold registered shares. You can notify Broadridge Corporate Issuer Solutions by sending a written request to: Broadridge Corporate Issuer Solutions, 1155 Long Island Ave, Edgewood, NY 11717, or by calling Broadridge Corporate Issuer Solutions at (855) 449-0975.

OTHER MATTERS

We are not aware of any other matters to come before the Annual Meeting. If any other matter not mentioned in this Proxy Statement is brought before the Annual Meeting, the proxy holders named in the enclosed proxy card will have discretionary authority to vote all proxies with respect thereto in accordance with their judgment.

ANNUAL REPORT

The Company's 2018 Annual Report to Stockholders is being mailed together with this Proxy Statement to each stockholder of record as of April 12, 2019. The Annual Report is not to be regarded as proxy solicitation material.
