THE COMPANY

We are a global, diversified producer of high-technology specialty chemical products. Our business involves the formulation of a broad range of solutions-oriented specialty chemicals, which are sold into multiple industries, including agricultural, animal health, electronics, graphic arts, plating, and offshore oil and gas production and drilling. We refer to our products as "dynamic chemistries" due to their intricate chemical compositions. Our dynamic chemistries are used in a wide variety of attractive niche markets and we believe that the majority of our operations hold strong positions in the product markets they serve.

Our strategy is to acquire and maintain leading positions in niche sectors of high-growth markets. As our name "Platform Specialty Products Corporation" implies, we continually seek opportunities to acquire and consolidate specialty chemical businesses on a global basis, particularly those meeting our "Asset-Lite, High-Touch" philosophy which involves prioritizing extensive resources to research and development and highly technical customer service, while managing conservatively our investments in fixed assets and capital expenditures. We regularly review acquisition opportunities and may acquire businesses that meet our acquisition criteria when we deem it to be financially prudent. To date, we have completed seven acquisitions: MacDermid, Incorporated on October 31, 2013; Percival S.A., including Percival S.A.'s agrochemical business, Agriphar, on October 1, 2014; the Chemtura AgroSolutions business of Chemtura Corporation on November 3, 2014; Arysta LifeScience Limited ("Arysta") on February 13, 2015; the Electronic Chemicals and Photomasks businesses of OM Group, Inc. (collectively, "OMG") on October 28, 2015; Alent plc ("Alent") on December 1, 2015; and OMG Electronic Chemicals (M) Sdn Bhd, a subsidiary of OM Group, Inc. located in Malaysia, on January 31, 2016.

We believe that the fragmented nature of the specialty chemical products market will continue to provide significant opportunities for growth. We also believe that our combined company provides a strong platform on which to grow our business and expand our market shares in key geographic markets, particularly in emerging markets. We expect that our past and future acquisitions will enhance our growth by extending our products breadth, developing higher-margin products and growing internationally. We intend to extend many of our product offerings through the development of new applications for our existing products or through synergistic combinations. Our goal is to target those geographies with attractive market fundamentals where our strengths in marketing, portfolio development, registration and customer education can add value for our customers.

As of the date of this prospectus, we operate our business in two reportable business segments, Performance Solutions and Agricultural Solutions, as described below:

Performance Solutions - Our Performance Solutions segment formulates and markets dynamic chemistry solutions that are used in electronics, automotive production, oil and gas production, drilling, and commercial packaging and printing. Our products include surface and coating materials, functional conversion coatings, electronic assembly materials, water-based hydraulic control fluids and photopolymers. In conjunction with the sale of these products, we provide extensive technical service and support when necessary to ensure superior performance of their application. The regional sales mix in this segment has shifted over the past several years from more industrialized nations towards emerging markets, such as those in Asia and South America. Our Performance Solutions segment employs approximately 4,800 personnel which operate mainly in the Americas, Asia/Pacific region and Europe.

Agricultural Solutions - Our Agricultural Solutions segment is based on a solutions-oriented business model that focuses on product innovation to address an ever-increasing need for higher crop yield and quality. We offer to growers diverse crop protection solutions from weeds (herbicides), insects (insecticides) and diseases (fungicides), in foliar and seed treatment applications. We also offer a wide variety of proven biosolutions, including biostimulants, innovative nutrition and biocontrol products. We emphasize farmer economics and food safety by combining, when possible, biosolutions with crop protection and seed treatment agrochemicals. Our Global Value Added Portfolio ("GVAP") consists of agrochemicals in the herbicides, insecticides, fungicides and seed treatment categories, based on patented or proprietary off-patent active ingredients ("AIs"). Our Global BioSolutions Portfolio ("GBP") includes biostimulants, innovative nutrition and biocontrol products. We consider our GVAP and GBP to be key pillars for our sustainable growth. In addition, we offer regional off-patent AIs and certain non-crop products, including animal health products, such as honey bee protective miticides and certain veterinary vaccines. We employ approximately

Before making an investment decision, you should carefully consider these risks as well as other information we include or incorporate by reference in this prospectus or include in any applicable prospectus supplement. These risks could materially affect our business, results of operations or financial condition and cause the value of our securities to decline. As a result, you could lose all or part of your investment.

USE OF PROCEEDS

Unless stated otherwise in a prospectus supplement, the net proceeds from the sale of securities described in this prospectus will be used for general corporate purposes.

Ratio of Earnings to Combined Fixed Charges and Preferred Stock Dividends	(2) —	—	—	—	1.5	2.3	1.2	

(1) The ratio of earnings to fixed charges is not presented for the years that the ratio is less than 1:1. The deficiency of earnings was \$116.0 million for the three months ended March 31, 2016 and \$229.3 million, \$30.9 million and \$201.4 million for the years ended December 31, 2015, 2014 and the Period from Inception through December 31, 2013, respectively.

(2) The ratio of earnings to combined fixed charges and preferred stock dividends is not presented for the years that the ratio is less than 1:1. The ratio of earnings to fixed charges equals earnings before fixed charges divided by fixed charges. The ratio of earnings to combined fixed charges and preferred stock dividends equals earnings before fixed charges and preferred stock dividends divided by fixed charges and preferred stock dividends. For purposes of calculating these ratios, earnings before fixed charges (and earnings before combined fixed charges and preferred stock dividends) consist of earnings from continuing operations before income taxes, non-controlling interests, dividends on preferred shares and

accrued payment-in-kind dividends on cumulative preferred shares, plus fixed charges. Fixed charges consist of interest expense (including amortization of debt expense and discount or premium relating to any indebtedness) and that portion of rental expense representative of the interest factor.

A X B, where:

A = an amount equal to 20% of the increase (if any) in the value of a share of our common stock, such increase calculated as being the difference between (i) the Average Price (as defined in our certificate of incorporation, as amended) per share of our common stock over the last ten days of the relevant calendar year for such annual dividend (the "Dividend Price") and (ii) (x) if no Annual Dividend Amount has previously been paid, a price of \$10.00 per share of our common stock, or (y) if an Annual Dividend Amount has previously been paid, the highest Dividend Price for any prior Dividend Year (provided in each case such amount is subject to such adjustment either as the board in its absolute discretion determine to be fair and reasonable in the event of a subdivision, combination or similar reclassification or recapitalization of our outstanding common stock or otherwise as determined in accordance with our certificate of incorporation, as amended, in each case without a corresponding subdivision, combination or similar reclassification or recapitalization of the outstanding shares of Series A Preferred Stock); and

B = 90,529,500 (based on the number of shares issued in our initial public offering plus the number of shares of our common stock issuable upon conversion of our outstanding shares of Series A Preferred Stock), which such amount is subject to such adjustment either as the board in its absolute discretion determine to be fair and reasonable in the event of a subdivision, combination or similar reclassification or recapitalization of the outstanding our common stock or otherwise as determined in accordance with our certificate of incorporation, as amended, in each case without a corresponding subdivision, combination or similar reclassification or recapitalization of the outstanding shares of Series A Preferred Stock.

Each Annual Dividend Amount shall be divided between the holders pro rata to the number of Series A Preferred Stock held by them on the relevant Dividend Date (as defined in our certificate of incorporation, as amended). The Annual Dividend Amount will be paid no later than ten trading days from the Dividend Date by the issue to each holder of Series A Preferred Stock of such number of shares of common stock as is equal to the pro rata amount of the Annual Dividend Amount to which they are entitled divided by the average closing price per share of our common stock on the relevant Dividend Date.

Conversion

Automatic Conversion. The Series A Preferred Stock will be automatically converted (the "Automatic Conversion") into shares of our common stock on a one-for-one basis (subject to adjustment in accordance with our certificate of incorporation, as amended) (i) in the event of a Change of Control (as defined in our certificate of incorporation, as amended) or (ii) upon the last day of our seventh full financial year following October 31, 2013, or the last day of such subsequent financial year (not exceeding our tenth full financial year following October 31, 2013) as agreed

Upon notice in writing from the holders of a majority of the Series A Preferred Stock to us to be received not less than ten business days prior to the last day of our seventh full financial year after October 31, 2013, such holder(s) may request that the date of automatic conversion be deferred to the last day of our eighth full financial year following October 31, 2013. If a majority of the independent directors determine in their discretion to defer the relevant date of Automatic Conversion as requested then (i) the date of Automatic Conversion shall be such deferred date; and (ii) the holders of a majority of the Series A Preferred Stock will have the right to make a further request in writing no later than ten business days prior to the last day of our eighth full financial year following October 31, 2013 for the deferral of the relevant date of Automatic Conversion by a further year. In the event a majority of our independent directors approve any such further request for a deferral of the relevant

date of Automatic Conversion then (i) the date of Automatic Conversion shall be such deferred date and (ii) the holders of a majority of Series A Preferred Stock will have the right to make one further request on the same basis as referenced above no later than ten business days prior to the last day of our ninth full financial year following October 31, 2013 for the deferral of the relevant date of Automatic Conversion by a further year. In the event that a majority of our independent directors approve any such further request for a deferral of the relevant date of Automatic Conversion then the date of Automatic Conversion shall be such deferred date. In no circumstances shall the date of Automatic Conversion be deferred beyond the last day of our tenth full financial year following October 31, 2013 (or, if such date is not a trading day, on the first trading day immediately following such date).

Optional Conversion. A holder of Series A Preferred Stock may require some or all of his, her or its Series A Preferred Stock to be converted (the "Optional Conversion") into an equal number of shares of our common stock (subject to adjustment in accordance with our certificate of incorporation, as amended) by written notice to us, and in such circumstances those Series A Preferred Stock the subject of such conversion request shall be converted into shares of our common stock five trading days after our receipt of the written notice. In the event of an Optional Conversion, no Annual Dividend Amount shall be payable in respect of those Series A Preferred Stock for the Dividend Year in which the date of the Optional Conversion. A holder of Series A Preferred Stock may exercise its rights independently of the other holders of Series A Preferred Stock.

Voting Rights

The Series A Preferred Stock do not carry voting rights except in respect of any amendment to our certificate of incorporation, as amended, that alters or changes the rights, preferences or privileges of the Series A Preferred Stock.

Series B Convertible Preferred Stock

The special rights, preferences and privileges of the Series B Convertible Preferred Stock are set forth in our certificate of incorporation, as amended.

Dividends

Subject to applicable law, for so long as any shares of Series B Convertible Preferred Stock shall be outstanding, no dividend or distribution shall be declared or paid or set aside for payment on all or substantially all the outstanding shares of any series of our preferred stock, other than the Series A Preferred Stock, or all or substantially all the outstanding shares of our common stock without the prior vote or written consent of the holders of at least a majority of the shares of Series B Convertible Preferred Stock then outstanding, voting separately as a single class.

Conversion

Each share of Series B Convertible Preferred Stock is convertible into such number of shares of our common stock as is determined by dividing a \$1,000 liquidation preference by a conversion price of \$27.14, at the option of the holder.

Automatic Redemption

Each share of Series B Convertible Preferred Stock that is not previously converted to common stock will be subject to automatic redemption on either (a) April 20, 2017 (the "Maturity Date") or (b) the occurrence of (i) a merger of Platform or a subsidiary of Platform where more than 50% of the voting power of the surviving corporation is held by persons other than the stockholders of Platform, (ii) the sale of all or substantially all of our assets or subsidiaries in a single transaction or series of related transactions or (iii) our stockholders approve a plan for the Company's

liquidation, dissolution or termination (each of clauses (i), (ii) and (iii), a "Triggering Event"). The redemption price for each share of Series B Convertible Preferred Stock will be \$1,000, which must be paid in cash in the event of redemption upon a Triggering Event. The redemption price must be paid in shares of common stock (valued at \$27.14 per share) in the event of redemption at the Maturity Date. However, we may not issue more than 22,107,590 shares of common stock in connection with a redemption at the Maturity Date. To the extent that the aggregate value of such 22,107,590 shares of common stock is less than \$600 million (based on a 10-day volume weighted average price), then such shortfall would be payable by us in cash. Any holder of then outstanding Series B Convertible Preferred Stock is also entitled to an incremental payment equal to \$4.0 million per month from October 20, 2016 to April 20, 2017, or such earlier date after October 20, 2016 that the then outstanding shares of Series B Convertible Preferred Stock are converted into shares of common stock or automatically redeemed by Platform.

Voting Rights

The Series B Convertible Preferred Stock do not carry voting rights except in respect of any amendment to our certificate of incorporation, as amended, that alters or changes the powers, preferences, rights, qualifications, limitations or restrictions of the Series B Convertible Preferred Stock. In addition, we may not, without the prior written consent of a majority of the holders of Series B Convertible Preferred Stock, authorize, create or designate any series of preferred stock that would rank pari passu or senior to the Series B Convertible Preferred Stock with respect to dividends or liquidation, or declare, pay or set aside for payment a dividend on the outstanding shares of any series of preferred stock that would rank pari passu to the Series B Convertible Preferred Stock.

Liquidation Preference

The holders of shares of Series B Convertible Preferred Stock have priority over the holders of shares of our common stock in the event of any liquidation, dissolution or winding up of Platform. Upon the liquidation, dissolution or winding up, whether voluntary or involuntary, before any distribution or payment is made to the holders of our common stock, the holders of shares of Series B Convertible Preferred Stock are entitled to be paid out of our assets an amount equal the stated value of their shares of Series B Convertible Preferred Stock, which is initially \$1,000 per share, plus any accrued but unpaid dividends.

Blank Check Preferred

Our certificate of incorporation, as amended, authorizes our board of directors to issue additional series of preferred stock without further stockholder action, unless stockholder approval is required by applicable law or by the rules of a stock exchange or quotation system on which any series of our stock may be listed or quoted.

Prior to issuance of shares of additional series of our undesignated preferred stock, our board of directors is required by the Delaware General Corporate Law ("DGCL") and our certificate of incorporation, as amended, to adopt resolutions and file a certificate of designation with the Secretary of State of the State of Delaware, fixing for each such series the designations, powers, preferences, rights, qualifications, limitations and restrictions of the shares of such series. Our board of directors could authorize the issuance of shares of preferred stock with terms and conditions which could have the effect of discouraging a takeover or other transaction which holders of some, or a majority, of such shares might believe to be in their best interests or in which holders of some, or a majority, of such shares might receive a premium for their shares over the then-market price of such shares.

Subject to limitations prescribed by the DGCL, our certificate of incorporation, as amended, and our amended and restated by-laws, our board of directors is authorized to fix the number of shares constituting each series of preferred stock and the designation of such series, powers (including voting powers), preferences, rights, qualifications, limitations and restrictions of the shares of such series, including such provisions as may be desired concerning voting, redemption, dividends, dissolution or the distribution of assets, conversion or exchange, and such other subjects or matters as may be fixed by resolution of the board of directors. Each series of preferred stock that we offer under this prospectus will, when issued, be fully paid and nonassessable and will not have, or be subject to, any preemptive or similar rights.

The applicable prospectus supplement(s) will describe the following terms of the series of preferred stock in respect of which this prospectus is being delivered:

- the title and stated value of the preferred stock;
- the number of shares of the preferred stock offered, the liquidation preference per share and the purchase price of the preferred stock;
- the dividend rate(s), period(s) and/or payment date(s) or the method(s) of calculation for dividends, when, as and if declared by our board of directors;
- whether dividends shall be cumulative or non-cumulative and, if cumulative, the date from which dividends on the preferred stock shall accumulate;

- the procedures for any auction and remarketing, if any, for the preferred stock;
- the provisions for a sinking fund, if any, for the preferred stock;
- the provisions for redemption, if applicable, of the preferred stock;
- any listing of the preferred stock on any securities exchange or market;

7

the terms and conditions, if applicable, upon which the preferred stock will be convertible into common stock or another series of our preferred stock, including the conversion price (or its manner of calculation) and conversion period;

the terms and conditions, if applicable, upon which preferred stock will be exchangeable into our debt securities, including the exchange price, or its manner of calculation, and exchange period;

voting rights, if any, of the preferred stock;

a discussion of any material and/or special U.S. federal income tax considerations applicable to the preferred stock;

whether interests in the preferred stock will be represented by depositary shares;

the relative ranking and preferences of the preferred stock as to dividend rights and rights upon liquidation,

dissolution or winding up of our affairs; and

any other specific terms, preferences, rights, limitations or restrictions on the preferred stock.

Liquidation

In the event we voluntarily or involuntarily liquidate, dissolve or wind up our affairs, the holders of our preferred stock will be entitled to receive the liquidation preference per share specified in the certificate of designation applicable to such preferred stock before any distribution to the holders of our common stock.

Transfer Agent and Registrar

The transfer agent and registrar for any series of preferred stock will be determined upon the issuance of any such shares of preferred stock and described in the applicable prospectus supplement.

Certificate of Incorporation, as Amended, and Amended and Restated By-laws Anti-Takeover Provisions

Our certificate of incorporation, as amended, and amended and restated by-laws contain several provisions which could delay, defer or prevent a change of control from occurring. These provisions provide the following:

our board has the authority to issue preferred stock without stockholder approval with any rights or preferences the board determines;

special meetings of stockholders may only be called by our board or our Chief Executive Officer; and

there is no cumulative voting in the election of directors.

These and other provisions may have the effect of deferring hostile takeovers or delaying changes in control or management.

Delaware Law Anti-Takeover Provision

As a Delaware corporation, we are subject to Section 203 of the DGCL which restricts certain "business combinations" with "interested stockholders" for three years following the date that a person becomes an interested stockholder unless: (1) the "business combination" or the transaction which caused the person or entity to become an interested stockholder is approved by the board prior to such business combination or transactions; (2) upon the completion of the transaction in which the person or entity becomes an "interested stockholder," such interested stockholder holds at least 85% of the voting stock of Platform not including (x) shares held by officers and directors and (y) shares held by employee benefit plans under certain circumstances; or (3) at or after the person or entity becomes an "interested stockholder," the "business combination" is approved by the board and holders of at least 66 2/3% of the outstanding voting stock, excluding shares held by such interested stockholder. A Delaware corporation may elect not to be governed by Section 203. Platform has not made such an election.

DESCRIPTION OF DEBT SECURITIES

The following description, together with the additional information we include in any applicable prospectus supplement, summarizes certain general terms and provisions of the debt securities that we may offer under this prospectus. When we offer to sell a particular series of debt securities, we will describe the specific terms of the series in a supplement to this prospectus. We will also indicate in the prospectus supplement the extent to which the general terms and provisions described in this prospectus apply to a particular series of debt securities.

We may issue debt securities either separately, or together with, or upon the conversion or exercise of or in exchange for, other securities described in this prospectus. Debt securities may be our senior, senior subordinated or subordinated obligations and, unless otherwise specified in a supplement to this prospectus, the debt securities will be our direct, unsecured obligations and may be issued in one or more series.

The debt securities will be issued under an indenture between us and a trustee to be identified in the applicable prospectus supplement. We have summarized select portions of the indenture below. The summary is not complete. The form of the indenture has been filed as an exhibit to the registration statement of which this prospectus forms a part and you should read the indenture for provisions that may be important to you. In the summary below, we have included references to the section numbers of the indenture so that you can easily locate these provisions. Capitalized terms used in the summary and not defined herein have the meanings specified in the indenture.

As used in this section only, "Platform," "we," "our" or "us" refer to Platform Specialty Products Corporation, excluding its subsidiaries, unless expressly stated or the context otherwise requires.

conditions upon which, debt securities of the series shall be redeemed or purchased, in whole or in part, pursuant to such obligation;

We may issue debt securities that provide for an amount less than their stated principal amount to be due and payable upon declaration of acceleration of their maturity pursuant to the terms of the indenture. We will provide you with information on the federal income tax considerations and other special considerations applicable to any of these debt securities in the applicable prospectus supplement.

If we denominate the purchase price of any of the debt securities in a foreign currency or currencies or a foreign currency unit or units, or if the principal of and any premium and interest on any series of debt securities is payable in a foreign currency or currencies or a foreign currency unit or units, we will provide you with information on the restrictions, elections, general tax considerations, specific terms and other information with respect to that issue of debt securities and such foreign currency or currencies or foreign currency unit or units in the applicable prospectus supplement.

Transfer and Exchange

Each debt security will be represented by either one or more global securities registered in the name of The Depository Trust Company, or the Depository, or a nominee of the Depository (we will refer to any debt security represented by a global debt security as a "book-entry debt security"), or a certificate issued in definitive registered form (we will refer to

10

any debt security represented by a certificated security as a "certificated debt security") as set forth in the applicable prospectus supplement. Except as set forth under the heading "Global Debt Securities and Book-Entry System" below, book-entry debt securities will not be issuable in certificated form.

Certificated Debt Securities. You may transfer or exchange certificated debt securities at any office we maintain for this purpose in accordance with the terms of the indenture. No service charge will be made for any transfer or exchange of certificated debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with a transfer or exchange.

You may effect the transfer of certificated debt securities and the right to receive the principal of, premium and interest on certificated debt securities only by surrendering the certificate representing those certificated debt securities and either reissuance by us or the trustee of the certificate to the new holder or the issuance by us or the trustee of a new certificate to the new holder.

Global Debt Securities and Book-Entry System. Each global debt security representing book-entry debt securities will be deposited with, or on behalf of, the Depositary, and registered in the name of the Depositary or a nominee of the Depositary.

Covenants

We will set forth in the applicable prospectus supplement any restrictive covenants applicable to any issue of debt securities.

No Protection In the Event of a Change of Control

Unless we state otherwise in the applicable prospectus supplement, the debt securities will not contain any provisions which may afford holders of the debt securities protection in the event we have a change in control or in the event of a highly leveraged transaction (whether or not such transaction results in a change in control) which could adversely affect holders of debt securities.

Consolidation, Merger and Sale of Assets

We may not consolidate with or merge with or into, or convey, transfer or lease all or substantially all of our properties and assets to any person (a "successor person") unless:

we are the surviving corporation or the successor person (if other than us) is a corporation organized and validly existing under the laws of any U.S. domestic jurisdiction and expressly assumes our obligations on the debt securities and under the indenture; and immediately after giving effect to the transaction, no Default or Event of Default, shall have occurred and be continuing.

Notwithstanding the above, any of our subsidiaries may consolidate with, merge into or transfer all or part of its properties to us.

Events of Default

"Event of Default" means with respect to any series of debt securities, any of the following:

default in the payment of any interest upon any debt security of that series when it becomes due and payable, and continuance of that default for a period of 30 days (unless the entire amount of the payment is deposited by us with the trustee or with a paying agent prior to the expiration of the 30-day period);

default in the payment of principal of any debt security of that series at its maturity;

default in the performance or breach of any other covenant or warranty by us in the indenture (other than a covenant or warranty that has been included in the indenture solely for the benefit of a series of debt securities other than that series), which default continues uncured for a period of 60 days after we receive written notice from the trustee or Platform and the trustee receive written notice from the holders of not less than 25% in principal amount of the outstanding debt securities of that series as provided in the indenture;

certain voluntary or involuntary events of bankruptcy, insolvency or reorganization of Platform; or

any other Event of Default provided with respect to debt securities of that series that is described in the applicable prospectus supplement.

No Event of Default with respect to a particular series of debt securities (except as to certain events of bankruptcy, insolvency or reorganization) necessarily constitutes an Event of Default with respect to any other series of debt securities. The occurrence of certain Events of Default or an acceleration under the indenture may constitute an event of default under certain of our indebtedness or that of our subsidiaries outstanding from time to time.

If an Event of Default with respect to debt securities of any series at the time outstanding occurs and is continuing, then the trustee or the holders of not less than 25% in principal amount of the outstanding debt securities of that series may, by a notice in writing to us (and to the trustee if given by the holders), declare to be due and payable immediately the principal of (or, if the debt securities of that series are discount securities, that portion of the principal amount as may be specified in the terms of that series) and accrued and unpaid interest, if any, on all debt securities of that series. Such acceleration will not be effective until the earlier of (1) the acceleration of indebtedness under our senior secured credit facilities or (2) five business Days after receipt by us of written notice of such acceleration, at which time the principal, premium, if any, interest and any other monetary obligations on all the then outstanding series of debt securities will become due and payable immediately. In the case of an Event of Default resulting from certain events of bankruptcy, insolvency or reorganization, the principal (or such specified amount) of and accrued and unpaid interest, if any, on all outstanding debt securities will become and be immediately due and payable without any declaration or other act on the part of the trustee or any holder of outstanding debt securities. At any time after a declaration of acceleration with respect to debt securities of any series has been made, but before a judgment or decree for payment of the money due has been obtained by the trustee, the holders of a majority in principal amount of the outstanding debt securities of that series may rescind and annul the acceleration if all Events of Default, other than the non-payment of accelerated principal and interest, if any, with respect to debt securities of that series, have been cured or waived as provided in the indenture. We refer you to the prospectus supplement relating to any series of debt securities that are discount securities for the particular provisions relating to acceleration of a portion of the principal amount of such discount securities upon the occurrence of an Event of Default.

The indenture provides that the trustee will be under no obligation to exercise any of its rights or powers under the indenture unless the trustee receives indemnity satisfactory to it against any cost, liability or expense which might be incurred by it in exercising such right of power. Subject to certain rights of the trustee, the holders of a majority in principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to the debt securities of that series.

No holder of any debt security of any series will have any right to institute any proceeding, judicial or otherwise, with respect to the indenture or for the appointment of a receiver or trustee, or for any remedy under the indenture, unless: that holder has previously given to the trustee written notice of a continuing Event of Default with respect to debt securities of that series; and

the holders of not less than 25% in principal amount of the outstanding debt securities of that series have made written request, and offered reasonable indemnity or security, to the trustee to institute the proceeding as trustee, and the trustee has not received from the holders of not less than a majority in principal amount of the outstanding debt securities of that series a direction inconsistent with that request and has failed to institute the proceeding within 60 days.

Notwithstanding any other provision in the indenture, the holder of any debt security will have an absolute and unconditional right to receive payment of the principal of, premium and any interest on that debt security on or after the due dates expressed in that debt security and to institute suit for the enforcement of payment.

The indenture requires us, within 120 days after the end of our fiscal year, to furnish to the trustee a statement as to compliance with the indenture. If a Default or Event of Default occurs and is continuing with respect to the debt securities of any series and if it is known to a responsible officer of the trustee, the trustee shall mail to each holder of the debt securities of that series notice of a Default or Event of Default within 90 days after it occurs. The indenture provides that the trustee may withhold notice to the holders of debt securities of any series of any Default or Event of

Default (except in payment on any debt securities of that series) with respect to debt securities of that series if the trustee determines in good faith that withholding notice is in the interest of the holders of those debt securities.

Modification and Waiver

We and the trustee may modify and amend the indenture or the debt securities of any series without the consent of any holder of any debt security:

- to cure any ambiguity, defect or inconsistency;
- to comply with covenants in the indenture described above under the heading "Consolidation, Merger and Sale of Assets;"
- to provide for uncertificated securities in addition to or in place of certificated securities;
- to make any change that does not adversely affect the rights of any holder of debt securities;
- to provide for the issuance of and establish the form and terms and conditions of debt securities of any series as permitted by the indenture;
- to add covenants for the benefit of the holders or to surrender any right or power conferred upon Platform;
- to effect the appointment of a successor trustee with respect to the debt securities of any series and to add to or change any of the provisions of the indenture to provide for or facilitate administration by more than one trustee; or
- to comply with requirements of the SEC in order to effect or maintain the qualification of the indenture under the Trust Indenture Act of 1939, as amended.

We may also modify and amend the indenture with the consent of the holders of at least a majority in principal amount of the outstanding debt securities of each series affected by the modifications or amendments.

We may not make any modification or amendment without the consent of the holders of each affected debt security then outstanding if that amendment will:

- reduce the amount of debt securities whose holders must consent to an amendment, supplement or waiver;
- reduce the rate of or extend the time for payment of interest (including default interest) on any debt security;
- reduce the principal of or premium on or change the fixed maturity of any debt security or reduce the amount of, or postpone the date fixed for, the payment of any sinking fund or analogous obligation with respect to any series of debt securities;
- reduce the principal amount of discount securities payable upon acceleration of maturity;
- waive a default in the payment of the principal of, premium or interest on any debt security (except a rescission of acceleration of the debt securities of any series by the holders of at least a majority in aggregate principal amount of the then outstanding debt securities of that series and a waiver of the payment default that resulted from such acceleration);
- make the principal of or premium or interest on any debt security payable in currency other than that stated in the debt security;
- make any change to certain provisions of the indenture relating to, among other things, the right of holders of debt securities to receive payment of the principal of, premium and interest on those debt securities and to institute suit for the enforcement of any such payment and to waivers or amendments; and
- waive a redemption payment with respect to any debt security.

Except for certain specified provisions, the holders of at least a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive our compliance with provisions of the indenture. The holders of a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all the debt securities of such series waive any past default under the indenture with respect to that series and its consequences, except a default in the payment of the principal of, premium or any interest on any debt security of that series; provided, however, that the holders of a majority in principal amount of the outstanding debt securities of any series may rescind an acceleration and its consequences, including any related payment default that resulted from the acceleration.

Defeasance of Debt Securities and Certain Covenants in Certain Circumstances

Legal Defeasance. The indenture provides that, unless otherwise provided by the terms of the applicable series of debt securities, we may be discharged from any and all obligations in respect of the debt securities of any series (subject to certain exceptions). We will be so discharged upon the deposit with the trustee, in trust, of money and/or U.S. government

obligations or, in the case of debt securities denominated in a single currency other than U.S. Dollars, government obligations of the government that issued or caused to be issued such currency, that, through the payment of interest and principal in accordance with their terms, will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent public accountants or investment bank to pay and discharge each installment of principal, premium and interest on and any mandatory sinking fund payments in respect of the debt securities of that series on the stated maturity of those payments in accordance with the terms of the indenture and those debt securities. This discharge may occur only if, among other things, we have delivered to the trustee an opinion of counsel stating that we have received from, or there has been published by, the United States Internal Revenue Service a ruling or, since the date of execution of the indenture, there has been a change in the applicable United States federal income tax law, in either case to the effect that, and based thereon such opinion shall confirm that, the holders of the debt securities of that series will not recognize income, gain or loss for United States federal income tax purposes as a result of the deposit, defeasance and discharge and will be subject to United States federal income tax on the same amounts and in the same manner and at the same times as would have been the case if the deposit, defeasance and discharge had not occurred.

Defeasance of Certain Covenants. The indenture provides that, unless otherwise provided by the terms of the applicable series of debt securities, upon compliance with certain conditions:

we may omit to comply with the covenant described under the heading "Consolidation, Merger and Sale of Assets" and certain other covenants set forth in the indenture, as well as any additional covenants which may be set forth in the applicable prospectus supplement; and
any omission to comply with those covenants will not constitute a Default or an Event of Default with respect to the debt securities of that series ("covenant defeasance").

The conditions include:

depositing with the trustee money and/or U.S. government obligations or, in the case of debt securities denominated in a single currency other than U.S. Dollars, government obligations of the government that issued or caused to be issued such currency, that, through the payment of interest and principal in accordance with their terms, will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent public accountants or investment bank to pay and discharge each installment of principal of, premium and interest on and any mandatory sinking fund payments in respect of the debt securities of that series on the stated maturity of those payments in accordance with the terms of the indenture and those debt securities; and
delivering to the trustee an opinion of counsel to the effect that the holders of the debt securities of that series will not recognize income, gain or loss for United States federal income tax purposes as a result of the deposit and related covenant defeasance and will be subject to United States federal income tax on the same amounts and in the same manner and at the same times as would have been the case if the deposit and related covenant defeasance had not occurred.

Covenant Defeasance and Events of Default. In the event we exercise our option to effect covenant defeasance with respect to any series of debt securities and the debt securities of that series are declared due and payable because of the occurrence of any Event of Default, the amount of money and/or U.S. government obligations or foreign government obligations on deposit with the trustee will be sufficient to pay amounts due on the debt securities of that series at the time of their stated maturity but may not be sufficient to pay amounts due on the debt securities of that series at the time of the acceleration resulting from the Event of Default. However, we shall remain liable for those payments.

Governing Law

The indenture and the debt securities will be governed by, and construed in accordance with, the laws of the State of New York without regard to conflict of law principles that would result in the application of any law other than the law of the State of New York.

PLAN OF DISTRIBUTION

We may from time to time offer and/or sell some or all of the securities covered by this prospectus. Registration of securities covered by this prospectus does not mean, however, that those securities necessarily will be offered or sold. We may sell the securities in any of three ways (or in any combination) from time to time:

- to or through underwriters or dealers for resale;
- directly to a limited number of purchasers or to a single purchaser; or
- through agents.

The applicable prospectus supplement will set forth the terms of the offering of such securities, including:

- the name or names of any underwriters, dealers or agents and the amounts of shares underwritten or purchased by each of them;
- the public offering price of the shares;
- the net proceeds to us;
- any discounts, commissions or concessions or other compensation allowed or reallocated or paid to underwriters, dealers or agents; and
- any exchange or market on which the securities are listed or to which application will be made to list the securities.

We may designate agents to solicit purchases for the period of their appointment and to sell securities on a continuing basis, including pursuant to "at the market offerings."

We may offer these securities to the public through underwriting syndicates represented by managing underwriters or through underwriters without a syndicate. If underwriters are used, the securities will be acquired by the underwriters for their own account. The underwriters may resell the securities in one or more transactions, including negotiated transactions at a fixed public offering price or at varying prices determined at the time of sale. Unless otherwise indicated in the related prospectus supplement, the obligations of the underwriters to purchase the securities will be subject to customary conditions precedent and the underwriters will be obligated to purchase all the securities offered if any of the securities are purchased. Underwriters may sell securities to or through dealers, and the dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agent. Any public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

Underwriters and agents may from time to time purchase and sell the securities described in this prospectus and the relevant prospectus supplement in the secondary market, but are not obligated to do so. No assurance can be given that there will be a secondary market for the securities or liquidity in the secondary market if one develops. From time to time, underwriters and agents may make a market in the securities.

In order to facilitate the offering of the securities, the underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of these securities or any other securities the prices of which may be used to determine payments on these securities. Specifically, the underwriters may over-allot in connection with the offering, creating a short position in the securities for their own accounts. In addition, to cover over-allotments or to stabilize the price of the securities or of any other securities, the underwriters may bid for, and purchase, the securities or any other securities in the open market. Finally, in any offering of the securities through a syndicate of underwriters, the underwriting syndicate may reclaim selling concessions allowed to an underwriter or a dealer for distributing the securities in the offering, if the syndicate repurchases previously distributed securities in transactions to cover syndicate short positions, in stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of the securities above independent market levels. The underwriters are not required to engage in these activities, and may end any of these activities at any time.

Underwriters named in a prospectus supplement are, and dealers and agents named in a prospectus supplement may be, deemed to be "underwriters" within the meaning of the Securities Act in connection with the securities offered thereby, and any discounts or commissions they receive from us and any profit on their resale of the securities may be deemed to be underwriting discounts and commissions under the Securities Act. We may have agreements with the underwriters, agents and dealers to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute to payments they may be required to make in respect of these liabilities. Underwriters,

agents and dealers may engage in transactions with or perform services for Platform or our subsidiaries and affiliates in the ordinary course of business.

15

One or more firms, referred to as "remarketing firms," may also offer or sell the securities, if the prospectus supplement so indicates, in connection with a remarketing arrangement upon their purchase. Remarketing firms will act as principals for their own accounts or as agents for us. These remarketing firms will offer or sell the securities in accordance with a redemption or repayment pursuant to the terms of the securities. The prospectus supplement will identify any remarketing firm and the terms of its agreement, if any, with us and will describe the remarketing firm's compensation. Remarketing firms may be deemed to be underwriters in connection with the securities they remarket. Remarketing firms may be entitled under agreements that may be entered into with us to indemnification by us against certain civil liabilities, including liabilities under the Securities Act and may be customers of, engage in transactions with or perform services for us in the ordinary course of business.

Unless indicated in the applicable prospectus supplement, we do not expect to apply to list the securities on a securities exchange.

LEGAL MATTERS

The validity of the securities offered by this prospectus will be passed upon for us by Greenberg Traurig, P.A., Ft. Lauderdale, Florida, and counsel for any underwriters or agents, if any, will be named in the applicable prospectus supplement.

Item 14. Other Expenses of Issuance and Distribution.

The following table sets forth the fees and expenses, other than underwriting discounts and commissions, payable by us in connection with the sale of the securities being registered hereby:

	Amount to be paid
SEC Registration Fee	\$100,700
FINRA Registration Fee	*
Accounting Fees and Expenses	*

Miscellaneous	*
Total	*

* The foregoing sets forth the general categories of fees and expenses (other than underwriting discounts and commissions) that we anticipate we will incur in connection with the offering of securities under this registration statement. Because an indeterminate amount of securities is covered by this registration statement, certain expenses in connection with the issuance and distribution of securities are not currently determinable. An estimate of the aggregate fees and expenses in connection with each sale of securities being offered will be included in the applicable prospectus supplement.

Item 15. Indemnification of Directors and Officers.

Section 102(b)(7) of the DGCL permits a corporation, in its certificate of incorporation, to limit or eliminate the personal liability of a director to the corporation or its stockholders for monetary damages for breaches of fiduciary duty as a director, except for liability (a) for any breach of the director's duty of loyalty to the corporation or its stockholders, (b) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (c) under Section 174 of the DGCL (regarding, among other things, the payment of unlawful dividends) or (d) for any transaction from which the director derived an improper personal benefit.

Under Section 145(a) of the DGCL, a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, employee or agent of the corporation (or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise) against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding, provided that such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful.

Under Section 145(b) of the DGCL, a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending, or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that such person is or was a director, officer, employee, or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee, or agent of another enterprise, against expenses (including attorneys' fees) actually and reasonably incurred in connection with the defense or settlement of such action or suit, provided that such person acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification may be made in respect of any claim, issue, or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Delaware Court of Chancery or the court in which such action or suit was

brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the court shall deem proper. Notwithstanding the preceding sentence, except as otherwise provided in our amended and restated bylaws, we shall be required to indemnify any such person in connection with a proceeding (or part thereof) commenced by such person only if the commencement of such proceeding (or part thereof) by any such person was authorized by our board of directors.

II - 1

As permitted by Section 102(b)(7) of the DGCL, our certificate of incorporation, as amended, provides that no director shall be liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director except to the extent that such exemption from liability or limitation thereof is not permitted under the DGCL as currently in effect or as the same may be amended. This provision of our certificate of incorporation, as amended, does not eliminate the directors' fiduciary duties, and in appropriate circumstances, equitable remedies such as injunctive or other forms of nonmonetary relief, which will remain available under Delaware law. In addition, each director will be subject to liability for breach of the director's duty of loyalty to us, including for actions leading to improper personal benefit to the director, for acts or omissions not in good faith or involving intentional misconduct, for knowing violations of law and for payment of dividends or approval of stock repurchases or redemptions that are unlawful under Delaware law. This provision also does not affect a director's responsibilities under any other law, such as the federal securities laws or state or federal environmental laws.

Our amended and restated by-laws also provide that we shall indemnify and advance expenses to our officers and directors to the fullest extent permitted by applicable law as currently in effect or as the same may be amended. We have entered into director and officer indemnification agreements with each of our current directors and officers which, in certain respects, are broader than the specific indemnification and advancement provisions contained in our amended and restated by-laws. Specifically, such indemnification agreements provide our directors and officers with specific contractual assurances of such persons' rights to indemnification and advancement of expenses to protect against litigation risks and expenses (regardless, among other things, of any change in our ownership or the composition of our board).

Additionally, we maintain directors' and officers' liability insurance for each of our directors and officers.

Item 17. Undertakings.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act;

to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(ii) to include any material information with respect to the plan of distribution not previously disclosed in this registration statement or any material change to such information in this registration statement;

(iii) provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in this registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of this registration statement.

That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment (2) shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of this registration statement as of the date the filed prospectus was deemed part of and included in this registration statement; and Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in this registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such

(ii) date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which the prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof; provided, however, that no statement made in a registration statement or prospectus that is part of this registration statement or made in a document incorporated or deemed incorporated by reference into this registration statement or prospectus that is part of this registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in this registration statement or prospectus that was part of this registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to

offer or sell such securities to such purchaser:

II - 3

- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in this registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
- (c) The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act of 1939, as amended, in accordance with the rules and regulations prescribed by the SEC under Section 305(b)(2) of the Trust Indenture Act of 1939, as amended.
 - (d)
