Item 1.01. Entry into a Material Definitive Agreement.

On October 4, 2005, Forest Laboratories, Inc. and its wholly-owned subsidiary, Forest Laboratories Holdings Limited (collectively, "Forest"), entered into a Settlement Agreement with Alphapharm Pty Limited ("Alphapharm") regarding the pending patent litigation between Forest, H. Lundbeck A/S ("Lundbeck"), Forest's licensor of the patent at issue, and Alphapharm arising from the filing by Alphapharm of an ANDA application to market a generic version of Forest's Lexapro® brand escitalopram oxalate product. Pursuant to the terms of the settlement, and subject to the filing of a consent judgment with the Court, Alphapharm will acknowledge the validity and enforceability of US Patent Re. No. 34,712 (the "'712 Patent"), licensed by Forest from Lundbeck on an exclusive basis in the United States, will modify its ANDA filing accordingly, and will not assert the invalidity or unenforceability of the '712 Patent or non-infringement thereof with respect to any generic equivalent to Lexapro in any proceeding or forum.

As consideration for the settlement, Forest will agree to appoint Alphapharm as its exclusive distributor of generic versions of Lexapro, provided that no such generic may be launched by Alphapharm until the earlier of the date on which a third party commercially introduces a generic version of Lexapro in the United States after obtaining a final court decision (including affirmation by an appellate court) that the '712 Patent is invalid or unenforceable, or two weeks prior to the expiration of the '712 Patent. Under the terms of the distributorship arrangement, Alphapharm will agree to pay Forest a portion of its profits from the sale of such Lexapro generic. The distributorship arrangement will have a term of five (5) years subject to Alphapharm's right to renew for successive one-year periods. In addition, Forest will agree to reimburse certain of Alphapharm's legal costs in connection with the patent infringement litigation.

The Settlement Agreement does not settle pending patent litigation by Forest and Lundbeck against Ivax Pharmaceuticals, Inc., a generic distributor which has also filed for FDA approval of a generic version of Lexapro. A trial in that litigation is currently scheduled for December 2005.

The terms of the Settlement Agreement are subject to review by the Federal Trade Commission.

Item 9.01. Financial Statements and Exhibits.

(c) Exhibit 99. Press release of Forest Laboratories, Inc. dated October 6, 2005.
