Footnotes to Schedule 13G

¹ The class of securities covered by this Schedule 13G is Ordinary shares, of which 1,427,620 are represented by American Depositary Shares. The CUSIP reported is the CUSIP for the American Depositary Shares.

² Franklin Templeton Portfolio Advisors, Inc. (FTPA) may beneficially own these securities pursuant to various separately managed account investment management arrangements. Under these arrangements, underlying clients may, from time to time, delegate to FTPA the power to vote such securities, in which case FTPA has sole voting power. To the extent that the underlying client retains voting power over any securities, FTPA disclaims any power to vote or direct the vote of such securities.

³ One of the investment management contracts that relates to these securities provides that the applicable FRI affiliate share investment power over the securities held in the client's account with another unaffiliated entity. The issuer's securities held in such account are less than 5% of the outstanding shares of the class. In addition, FRI does not believe that such contract causes such client or unaffiliated entity to be part of a group with FRI or any FRI affiliate within the meaning of Rule 13d-5 under the Act.
