**Item 2.02 Results of Operations and Financial Condition**

On November 17, 2005, Hewlett-Packard Company ("HP") issued a press release (the "Press Release") relating to its fiscal quarter and fiscal year ended October 31, 2005, entitled "HP Reports Fourth Quarter 2005 Results." The text of the Press Release, with the non-GAAP consolidated condensed statements of earnings, the consolidated condensed statements of cash flows and certain additional financial information, is furnished herewith as Exhibit 99.1. The information in Exhibit 99.1 attached hereto shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and shall not be deemed incorporated by reference into any filing under the Securities Act of 1933, as amended (the "Securities Act").

In connection with the Press Release, HP also provided the GAAP consolidated condensed quarterly financial statements for the fiscal quarter and fiscal year ended October 31, 2005 filed herewith as Exhibit 99.2. Exhibit 99.2 is filed for purposes of Section 18 of the Exchange Act, and therefore may be incorporated by reference into filings under the Securities Act.

**Item 8.01 Other Events**

The results included in the Press Release reflect updated charges relating to HP's restructuring plan announced in July 2005. Under the restructuring plan, HP expects to reduce its workforce by 15,300 employees and record pretax restructuring charges of approximately \$1.60 billion over the next five quarters starting in the fourth quarter of fiscal year 2005, in which it recorded a restructuring charge of \$1.57 billion. The workforce reduction and associated costs are higher than previous estimates due primarily to a greater number of U.S. employees participating in the enhanced early retirement program, higher costs for accelerated stock option modifications and a different job mix of terminated employees compared to original estimates. HP estimates that the additional workforce reduction will result in incremental annual savings of approximately \$150 million beginning in fiscal year 2007 in addition to the \$1.9 billion in savings estimated in July 2005. Approximately half the savings will be used to offset market forces or reinvested in the business to strengthen HP's competitiveness. The remainder is anticipated to flow through to operating profit.
