ITEM 1

Foreign utility company status is claimed by Medway Power Limited ("Medway Power"), a private limited company organized and existing under the laws of England and Wales with its business address at the Isle of Grain, Rochester, Kent, ME3, OAG in the United Kingdom (the "U.K."). Medway Power owns a 675-MW combined-cycle, gas-fired power plant located in Southeast England on the Isle of Grain.

Medway Power is a joint venture among AES Medway Electric Limited ("AES Medway"), an indirectly owned U.K. subsidiary of The AES Corporation ("AES"), SSE Generation Limited ("SSE"), an indirectly owned U.K. subsidiary of Scottish and Southern Energy plc ("S&S") and SEEBOARD (Generation) Ltd., a subsidiary of SEEBOARD Group plc ("SEEBOARD"). SEEBOARD is an indirect, wholly-owned subsidiary of Central and South West Corporation ("CSW"), which is a wholly-owned subsidiary of American Electric Power Company, Inc. ("AEP").

Each of AEP, a New York corporation, and CSW, a Delaware corporation, is a registered holding company under the Public Utility Holding Company Act of 1935 (the "Act"). AEP believes AES, a Delaware corporation, to be a public utility holding company exempt from registration under section 3(a)(5) of the Act. AEP believes S&S to be a vertically integrated energy group in the U.K.

### ITEM 2

The following domestic "public-utility companies" are "associate companies" of Medway Power: AEP Generating Company, Appalachian Power Company, Central Power and Light Company ("CPL"), Columbus Southern Power Company, Indiana-Kentucky Electric Corporation ("IKEC"), Indiana Michigan Power Company, Kentucky Power Company, Kingsport Power Company, Ohio Power Company, Ohio Valley Electric Corporation ("OVEC"), Public Service Company of Oklahoma ("PSO"), Southwestern Electric Power Company ("SWEPCO"), West Texas Utilities Company ("WTU"), and Wheeling Power Company (collectively, the "AEP Companies"); AEP believes Central Illinois Light Company ("CILCO") and Indianapolis Power and Light Company ("IPL") (collectively, the "AES Companies") to be domestic "public-utility companies" which are "associate companies" of Medway Power.

AEP is a "holding company" with respect to each of the AEP Companies. Central and South West Corporation is a registered holding company with respect to CPL, PSO, SWEPCO and WTU. In addition, OVEC is a "holding company" of IKEC. None of the AEP Companies have any relationship with Medway Power other than sharing AEP as a "holding company" and being an "associate company" of Medway Power.
