Report of Independent Registered Public Accounting Firm

To the Plan Administrator and Plan Participants
American Electric Power System Retirement Savings Plan

Opinion on the Financial Statements

We have audited the accompanying statement of net assets available for benefits of the American Electric Power System Retirement Savings Plan (the “Plan”) as of December 31, 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the net assets of the Plan as of December 31, 2017, and the changes in its net assets for the year ended December 31, 2017, in conformity with accounting principles generally accepted in the United States of America.

Basis of Opinion

The Plan’s management is responsible for these financial statements. Our responsibility is to express an opinion on the Plan’s financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Supplemental Information

The supplemental information in the accompanying supplemental schedule of assets (held as of end of year) and supplemental schedule of nonexempt transactions have been subjected to audit procedures performed in conjunction with the audit of the Plan’s financial statements. The supplemental information is the responsibility of the Plan’s management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with Department of Labor’s Rules and Regulations for Reporting under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

We have served as the Plan's auditor since 2018.

3

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Trustees and Participants of the American Electric Power System Retirement Savings Plan

We have audited the accompanying statement of net assets available for benefits of the American Electric Power System Retirement Savings Plan (the “Plan”) as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2016, and the changes in net assets available for benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America.

AMERICAN ELECTRIC POWER SYSTEM RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2017 and 2016

1. PLAN DESCRIPTION

The following description of the American Electric Power System Retirement Savings Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan documents for a more complete description of the Plan's information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

General

The Plan is a defined contribution plan that became effective and commenced operations on January 1, 1978. The Plan covers full-time and part-time employees of the participating subsidiaries of American Electric Power Company, Inc. (AEP or the Company) who are not excluded by the terms of the Plan, such as pursuant to a unionized collective bargaining agreement. American Electric Power Service Corporation (AEPSC) is the plan administrator (Plan Administrator) and plan sponsor (Plan Sponsor). AEPSC is a wholly-owned subsidiary of AEP. JPMorgan Chase Bank (JPMorgan) is the primary trustee for the Plan. Great West Financial Retirement Plan Services, LLC (Empower Retirement) is the plan record keeper. Effective May 23, 2016, American Electric Power Service Corporation (AEPSC) appointed Great-West Trust Company, LLC (GWTC) as a trustee/custodian for certain cash held on behalf of the Plan pending investment or disbursement.

Contributions

Newly eligible employees are automatically enrolled in the Plan with a 3% pretax deferral. Employees may opt out of the automatic enrollment or revise their elections after they are notified of their right not to have such pretax deferrals made on their behalf and how their account will be invested in the absence of their making an investment election. Generally, eligible employees participating in the Plan may make contributions (pretax, after-tax or Roth 401(k) contributions) in 1% increments up to 50% of their eligible pay (within Internal Revenue Service (IRS) limits). Participants who are age 50 and older are eligible to contribute additional pretax or Roth 401(k) amounts as catch-up contributions. The catch-up contribution limit was \$6,000 for 2017 and 2016. An employee who is eligible to participate in the Plan also may roll eligible retirement benefits into the Plan. The participating employers contribute to the Plan, on behalf of each participant, an amount equal to 100% of the participant's non-rollover contributions up to 1% of the participant's eligible compensation for each payroll period, plus 70% of the participant's contributions for the next 5% of the participant's eligible compensation for each payroll period, subject to certain limitations. All contributions that are withheld from a participant's pay or are made by the participating employers are deposited in the American Electric Power System Retirement Savings Plan Trust after each pay period. The Plan, in a manner consistent with the requirements under section 401 of the Internal Revenue Code (IRC), restricts the amount that certain participants who are deemed highly compensated may contribute to the Plan, provided that it is AEPSC's intent that the Plan include a "qualified automatic contribution arrangement" (as defined in Section 401(k)(13) of the IRC), such that only the after-tax contributions made by such highly compensated participants may be subject to such restrictions.

Dolet Hills Lignite Company, LLC (DHLC) is wholly-owned by Southwestern Electric Power Company, which is a wholly-owned Subsidiary of AEP. In January 2016, DHLC employees became eligible to participate in the Plan. In connection with that transition, DHLC and the Plan Sponsor decided that DHLC's 401(k) savings plan would be merged into the Plan and as a result, \$20.4 million in assets were transferred to the Plan in January 2016.

In November 2015, AEP sold its commercial barge transportation subsidiary, AEP River Operations (AEPRO), to American Commercial Barge Lines (ACBL), a nonaffiliated party. ACBL acquired AEPRO by purchasing all the common stock of AEP Resources, Inc., the parent company of AEPRO. AEP agreed to cause the Plan account balances of the participants who became employees of ACBL or its affiliates to be transferred to the 401(k) retirement plan in which they had become participants following the sale. As a result, \$67.6 million in assets were transferred out of the Plan and into ACBL's 401(k) plan in February 2016, including \$5.0 million in participant notes receivable.

Notes Receivable from Participants

Participants may borrow from their savings plan accounts a minimum of \$1,000 but no more than the lesser of \$50,000 or 50% of their account balance. Loan terms range from 12 months to 60 months (or up to 180 months for certain residential loans), or any monthly increment in-between. Interest rates, fixed for the life of the loan, are calculated by adding 1% to the prime rate, as reported in the Wall Street Journal as of the first business day of the calendar month in which the loan is taken. Active employees repay principal and interest payments through payroll deductions.

Participant loans and the accrued interest are collateralized by the account balance, and upon default, the outstanding balance is subject to income taxes and possible tax penalty.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's contributions and investment earnings and losses and charged with benefit payments and allocations of Plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participants may transfer the value of their cumulative contributions, in any whole percentage or dollar amount, among investments, and change their investment elections on a daily basis. Participants may change their payroll contribution elections coinciding with the Company's payroll periods.

Vesting and Distribution

Participants are immediately vested in their pretax, after-tax, Roth 401(k) and the Company contributions, including earnings thereon. Excluding participants' pretax and Roth 401(k) contributions, profit sharing contributions, and post-2008 Company matching contributions, all participants may make an unlimited number of withdrawals of their interest in the Plan at any time, including their pre-2009 Company matching contributions. Pretax, Roth 401(k) and profit sharing contributions are eligible for withdrawal by participants only after age 59-1/2, or earlier upon hardship (as defined by the Plan) or following termination of employment. Post-2008 Company matching contributions are eligible for withdrawal by participants only after age 59-1/2, or earlier following earlier termination of employment, but not upon hardship.

The AEP Stock Fund is an investment option in the Plan. Participants can elect to have dividends generated from their AEP Stock Fund holdings paid out in cash, rather than automatically reinvested in the fund. The dividend payouts are made periodically (at least annually) and are treated as ordinary income to the participants for tax purposes.

2. ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on an accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

Participants direct the investment of their plan accounts among various investment options offered by the Plan. Investments in securities are reported at fair value while fully benefit responsive investment contracts are reported at contract value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities have been recorded on a trade-date basis. Net appreciation includes the Plan's gains or losses on investments bought or sold as well as held throughout the year. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. These amounts are reinvested by the Trustee in the funds that

generated such income with the exception of the AEP Stock Fund, which pays or reinvests dividends at the direction of each participant.

Notes Receivable from Participants

Notes Receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are not recorded as distributions until actually distributed based on the terms of the Plan document.

Administrative and Management Fees

Administrative and Management Fees incurred relating to JPMorgan and Empower Retirement during 2017 and 2016 totaled \$2,652,054 and \$2,566,217, respectively. The Plan directly pays for administrative, recordkeeping and management fees.

Distributions to Participants

Distributions to participants are recorded when paid. There were no material amounts of distributions due to participants who requested distributions from the Plan as of December 31, 2017 and 2016.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets. Actual results could differ from the estimates.

Fair Value Measurements of Assets

The accounting guidance for “Fair Value Measurements and Disclosures” establishes a fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). AEPSC’s staff independently monitors valuation policies and procedures and provides members of the Benefits Finance Committee (BFC) and its Investment Subcommittee (IC) various monthly and quarterly reports, regarding compliance with policies and procedures. The BFC consists of AEPSC’s Chief Financial Officer, Treasurer, Chief Administrative Officer, Chief Risk Officer, Executive Vice President General Counsel in addition to the Executive Vice President - Energy Supply of AEP and the President of AEP Ohio. The IC consists of AEPSC’s Treasurer, Director of Trusts and Investments and two Managing Directors of Corporate Finance.

The Plan utilizes its Trustee’s external pricing service to estimate the fair value of the underlying investments held in the Plan. The Plan’s investment managers review and validate the prices utilized by the Trustee to determine fair value. The Plan Administrator performs its own valuation testing to verify the fair values of the securities, in part by reviewing audit reports of the Trustee’s operating controls and valuation processes.

Assets in the Plan are classified using the following methods. Equities are classified as Level 1 holdings if they are actively traded on exchanges. Items classified as Level 1 are investments in equity securities and registered investment companies. They are valued based on observable inputs primarily unadjusted quoted prices in active markets for identical assets. Items classified as Level 2 are primarily investments in individual fixed income securities. Fixed income securities generally do not trade on exchanges and do not have an official closing price but their valuation inputs are based on observable market data.

The Trustee uses multiple pricing vendors for the assets held in trust. The Trustee's pricing vendors calculate bond valuations using financial models and matrices. The models use observable inputs including yields on benchmark securities, quotes by securities brokers, rating agency actions, discounts or premiums on securities compared to par prices, changes in yields for U.S. Treasury securities, corporate actions by bond issuers, prepayment schedules and

histories, economic events and, for certain securities, adjustments to yields to reflect changes in the rate of inflation. Cash equivalent funds are held to provide liquidity and meet short term cash needs. The underlying holdings in the cash funds consist of commercial paper, certificates of deposit, treasury bills, and other short-term debt securities. Short-term debt securities are valued based on observable market data by the trust banks pricing vendor. Other securities with model-derived valuation inputs that are observable are also classified as Level 2 investments. Investments with unobservable valuation inputs are classified as Level 3 investments. Investments classified as "Other" are valued using Net Asset Value as a practical expedient. Items classified as Other are primarily cash equivalent funds and common collective trusts. These investments do not have a readily determinable fair value or they contain redemption restrictions which may include the right to suspend redemptions under certain circumstances. Redemption restrictions on common collective trusts may also prevent certain investments from being redeemed at the reporting date for the underlying value.

Common Collective Trusts are valued at the net asset value per share (NAV). The basis of the reported NAV is the total fair value of all underlying holdings less expenses and liabilities. The value of each unit is determined by dividing the net asset value of the fund by the number of applicable units outstanding on the valuation date.

The plan offers a self-directed brokerage account (SDB) option that allows participants to invest in thousands of retail mutual funds.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, AEPSC has the right to take such actions as will allow contributions to the Plan to be discontinued at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants remain 100 percent vested in their accounts.

4. INVESTMENT CONTRACTS

The Plan has a fully benefit responsive synthetic investment contract, the Managed Income Fund. The Managed Income Fund provides a stable value investment option that includes fully benefit-responsive wrap contracts which assure the book value of investments for plan participants. The fund's underlying assets, which are held in a trust, utilize wrap contracts issued by four financial institutions as of December 31, 2017 and 2016. The fund's underlying investment or investments, usually a portfolio, owned by the Plan, consist primarily of high quality, intermediate term fixed income securities and guaranteed investment contracts. The contracts provide that participants execute plan transactions at contract value. Contract value represents contributions made to the fund, plus credited interest, less participant withdrawals, without regard to changes in the fair value of the investments and securities underlying the fund. The rates for crediting interest are reset periodically based on market rates of other similar investments, the current yield of the underlying investments and the spread between the market value and contract value. The interest crediting rate cannot be less than 0%. Certain events initiated by the Plan Sponsor, such as plan termination or a plan merger, would limit the ability of the Plan to administer participant-level transactions at contract value or may allow for the termination of the wrap contract at market value, rather than contract value.

The Plan Sponsor does not believe that any events that may limit the ability of the plan to transact at contract value are probable as of December 31, 2017 or the date these financial statements are issued.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain transactions involving the Plan and its assets during 2016 and 2017 involved parties in interest with respect to the Plan, but most of those transactions were not prohibited transactions under ERISA because of the applicability of one or more exemptions. The exempt party-in-interest transactions involving the Plan included the following:

JPMorgan Chase Bank, N.A. has acted as trustee and custodian under the Plan, while its affiliates have acted as (a) investment managers for a number of the Plan's investment options; and (2) Great West Trust Company, LLC, has been acting as a trustee and custodian under the Plan since May 23, 2016, while its affiliates have acted as (a) the Plan's record keeper and (b) investment advisor or investment manager for a number of plan participants with respect to the amounts held in their Plan accounts.

As of December 31, 2017 and 2016, the Plan held 4,514,539 and 5,229,663 shares, respectively, of common stock of American Electric Power Company, Inc., the parent company of the Plan Sponsor, with a cost basis of \$195,026,006 and \$220,285,746, respectively. During the year ended December 31, 2017, the Plan acquired 194,158 shares of that common stock with a fair value of \$13,427,212 and disposed of 909,282 shares with a fair value of \$63,833,080. During the year ended December 31, 2016, the Plan acquired 491,724 shares of that common stock with a fair value of \$31,587,072 and disposed of 765,388 shares with a fair value of \$48,622,397. During the years ended December 31, 2017 and 2016, the Plan recorded dividend income of \$11,654,344 and \$11,775,399, respectively, related to its investment in that common stock.

The Plan entered into a non-exempt prohibited transaction when it made a series of payments to the Trustee between February 2014 and January 2017. ERISA Section 406(a)(1)(D) prohibits the use of plan assets by, or transfer of plan assets to, a party in interest (such as a fiduciary investment manager or Trustee). Although an exemption under ERISA 408(b)(2) generally is applicable to contracts with parties (such as Trustees) for services necessary for the operation of a plan where no more than reasonable compensation is paid therefor, the described payments represent the amount invoiced and paid by the Plan for services later determined not to have been applicable to the Plan.

Therefore, although the Trustee had an agreement to charge the subject fees when participating in class actions on behalf of the Plan, the amount of the subject billings related to class actions in which the Plan had no interest, resulting in the imposition of charges for which the Plan received services that were not applicable to the Plan. The erroneous charges from January 2017 were identified and almost immediately reimbursed in March 2017. Following a more thorough review of historical invoices, additional such charges were identified from February 2014 and October 2015 and reimbursed to the Plan in January 2018. The Plan received payment of its lost earnings attributable to the charges from the Trustee in June 2018 and this transaction is considered fully remediated.

The Plan entered into another non-exempt prohibited transaction when it made a series of overpayments to the Trustee between October 2006 and July 2014. The described payments represent the amount invoiced and paid by the Plan in excess of the amount required by the applicable contract.

The Trustee had agreed to apply different fee rates to different plan accounts, depending on the classification of the activity transacted in those accounts, and had agreed to waive normal fees with regard to other accounts. However, upon a review of the invoices generated by the Trustee, it was discovered that (a) for the period between July 2006 and July 2014, the Trustee had mistakenly applied incorrect fee rates applicable to certain accounts, and (b) between July 2009 and July 2014, it had mistakenly applied fees that it had agreed to waive. These resulted in an effective overcharge for their services. Following confirmation of the overpayments in 2014, the Plan secured repayment of the excess charges and the Trustee and Plan Sponsor have confirmed that the transactions were fully remediated in 2016.

The Plan also entered into a non-exempt prohibited transaction in March 2016 when Galliard Capital Management, Inc. (Galliard), a fiduciary investment manager engaged by the Plan, used its discretion to cause the Plan to purchase corporate bonds that had been issued by Berkshire Hathaway, Inc., which by then had become a 10% or more shareholder of Wells Fargo, Inc., which is the parent corporation of Galliard. ERISA Section 3(14)(H) defines the term “party in interest” to include a 10 percent or more shareholder directly or indirectly of a plan fiduciary. Therefore, when Galliard caused the Plan to purchase the bonds issued by Berkshire Hathaway, the resulting relationship between the Plan and Berkshire Hathaway may be considered an indirect use of Plan assets by a party in interest. When Galliard caused the Plan to sell the bonds approximately 6 months later at a gain of \$25,359, that put the Plan in a financial position that was no worse than it would have been had the transaction not occurred, which “corrected” the transaction per applicable tax regulations. (See Temporary Treasury Regulation Section 141.4975-13 and Treasury Regulation Section 53.4941(e)-1(c)(1).

6. FAIR VALUE MEASUREMENTS

For a discussion of fair value accounting and the classification of assets within the fair value hierarchy, see the “Fair Value Measurements of Assets” section of Note 2.

Plan Assets within the Fair Value Hierarchy as of December 31, 2017

	Level 1	Level 2	Level 3	Other	Total

Registered Investment Companies (b)	76,036,445	—	—	—	76,036,445
Cash Equivalents (a)	5,659,628	—	—	1,253,946	6,913,574
Accrued Items and Unsettled Trades (a)	4,343,118	(14,622,118)	—	(1,029,950)	(11,308,950)
Total Assets Reflecting Investments at Fair Value	\$1,121,379,301	\$29,903,941	\$	—\$2,760,051,523	\$3,911,334,765

(a) Amounts in “Other” column represent investments for which fair value is measured using net asset value per share.

The classification within the fair value hierarchy of Registered Investment Companies was changed in the current (b) year. The change was due to a change in the assessment of the valuation methodology. Previously, such investments were reported at NAV.

The underlying investments in the self-directed brokerage account, previously classified as registered investment (c) companies and cash equivalents within the leveling table are presented on a combined basis as a self-directed brokerage account. In 2016, these investments are presented as Registered Investment Companies of \$70,405,035 and Cash Equivalents of \$18,222,478.

Plan Assets within the Fair Value Hierarchy as of December 31, 2016

Total Assets	\$ 2,210,371,626		

It is the Plan's policy to record transfers in and transfers out of each level at the end of each reporting period. There have been no transfers between Level 1, Level 2, and Level 3 during the years ended December 31, 2017 and 2016.

7. RISK AND UNCERTAINTIES

The Plan invests in various investment instruments, and investment securities are exposed to various risks, such as interest rate, credit and market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

8. FEDERAL INCOME TAX

The IRS has issued a favorable determination letter dated December 8, 2017 with respect to the Plan. A favorable determination letter indicates that, in the opinion of the IRS, the terms of the Plan meets the requirements of Section 401(a) of the IRC, and thereby recognizes the exempt status of the Plan's trust pursuant to Section 501(a) of the IRC.

The Plan has been amended subsequent to the issuance of that IRS determination letter. Plan management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and that the Plan's trust continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2014.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The following tables are reconciliations of participant loans and net assets available for benefits per the financial statements to Form 5500.

Participant Loans - Schedule H, Part I, Line 1c(8), Column (a)	January 1,	
	2017	2016
Beginning Balance per Financial Statements	\$84,946,911	\$87,524,769
Less: Loans Deemed Distributed with No Post-Default Payments	(3,731,609)	(2,532,695)
Balance Reported on Form 5500	\$81,215,302	\$84,992,074
Participant Loans - Schedule H, Part I, Line 1c(8), Column (b)	December 31,	
	2017	2016
Ending Balance per Financial Statements	\$80,963,724	\$84,946,911
Less: Assets and Activity Related to Loans Deemed Distributed with No Post-Default Payments	(4,013,858)	(3,731,609)
Balance Reported on Form 5500	\$76,949,866	\$81,215,302
Net Assets - Schedule H, Part I, Line 11, Column (a)	January 1,	
	2017	2016
Beginning Balance per Financial Statements	\$4,179,621,925	\$4,014,450,673
Less: Loans Deemed Distributed with No Post-Default Payments	(3,731,609)	(2,532,695)
Beginning Balance Reported on Form 5500	\$4,175,890,316	\$4,011,917,978
Net Assets - Schedule H, Part I, Line 11, Column (b)	December 31,	
	2017	2016
Ending Balance per Financial Statements	\$4,668,151,507	\$4,179,621,925
Less: Assets and Activity Related to Loans Deemed Distributed with No Post-Default Payments	(4,013,858)	(3,731,609)
Balance Reported on Form 5500	\$4,664,137,649	\$4,175,890,316
Increase in Net Assets - Schedule H, Part II, Line 2k	December 31,	
	2017	2016
Per Financial Statements	\$488,529,582	\$212,373,520
Less: Loans Deemed Distributed	(282,249)	(1,198,914)
Reported on Form 5500	\$488,247,333	\$211,174,606

AMERICAN ELECTRIC POWER SYSTEM RETIREMENT SAVINGS PLAN
PLAN #002 EIN #13-4922641
SCHEDULE OF NONEXEMPT TRANSACTIONS
FOR YEAR ENDED DECEMBER 31, 2017

Excess Payment to Trustee/Custodian

Party Involved:

JPMorgan Chase Bank, NA

Relationship to Plan, employer or other party-in-interest:

Trustee and Custodian

Transaction:

Payment of Fee for Services Not Applicable to Plan

Dates of Payments:

Between February 2014 and January 2017

Amounts of Payments:

Amounts aggregating \$5,000

Reason Transaction is Nonexempt: ERISA Section 406(a)(1)(D) prohibits the use of plan assets by, or transfer of plan assets to, a party in interest (such as a fiduciary service provider). Although an exemption under ERISA 408(b)(2) generally is applicable to contracts with parties (such as trustees) for services necessary for the operation of a plan where no more than reasonable compensation is paid therefor, the described payments represent the amount invoiced and paid by the Plan for services later determined not to have been applicable to the Plan. Therefore, although the Trustee had an agreement to charge the subject fees when participating in class actions on behalf of the Plan, the amount of the subject billings related to class actions in which the Plan had no interest, resulting in the imposition of charges for which the Plan received services that were not applicable to the Plan. The erroneous charges from January 2017 were identified and almost immediately reimbursed in March 2017. Following a more thorough review of historical invoices, additional such charges were identified from February 2014 and October 2015 and reimbursed to the Plan in January 2018. The Plan received payment of its lost earnings attributable to the charges from the Trustee in June 2018 and this transaction is considered fully remediated.
