Date

Explanation of Responses:

- * If the form is filed by more than one reporting person, see Instruction 4(b)(v).
- ** Intentional misstatements or omissions of facts constitute Federal Criminal Violations. See 18 U.S.C. 1001 and 15 U.S.C. 78ff(a).
 - The number of options granted effective 2/26/10 is not known at this time. The number is calculated as a function of base pay, a long-term incentive (LTI) percentage and the fair value of the option. The Binomial Lattice option valuation model will be used to
- (1) estimate the fair value of the option. This model requires the input of certain assumptions, including risk-free interest rate, volatility, dividend yield, and expected life. The formula for determining the number of options granted is: number of options = (base pay x LTI%) / option fair value. This Form 4 will be amended to report the number of options granted when that number has been calculated.
- (2) Granted under the issuer's 2004 Equity Incentive Plan, exercisable in four equal annual installments commencing on 2/26/11.

Note: File three copies of this Form, one of which must be manually signed. If space is insufficient, *see* Instruction 6 for procedure. Potential persons who are to respond to the collection of information contained in this form are not required to respond unless the form displays a currently valid OMB number.
