Dear Fellow Stockholders:

You are cordially invited to attend the 2015 Annual Meeting of Stockholders of Old Point Financial Corporation, the holding company for The Old Point National Bank of Phoebus and Old Point Trust & Financial Services, N.A. The meeting will be held on Tuesday, May 26, 2015 at 6:00 p.m. at The Hampton Roads Convention Center, 1610 Coliseum Drive, Hampton, Virginia. The accompanying Notice and Proxy Statement describe the matters to be presented at the meeting. Also accompanying the proxy statement is our 2014 Annual Report to Stockholders that will be reviewed at the Annual Meeting.

We are pleased to be using the Securities and Exchange Commission rule that allows companies to furnish their proxy materials over the Internet. As a result, we are mailing to many of our stockholders a Notice of Internet Availability of Proxy Materials instead of a paper copy of this Proxy Statement and our 2014 Annual Report to Stockholders. The Notice of Internet Availability of Proxy Materials contains instructions on how to access those documents over the Internet. The Notice of Internet Availability of Proxy Materials also contains instructions on how to obtain a paper copy of our proxy materials, including the Proxy Statement, our 2014 Annual Report to Stockholders and a proxy card. All stockholders who do not receive a Notice of Internet Availability of Proxy Materials will receive a paper copy of the proxy materials by mail. We believe that this process will benefit our stockholders by expediting their receipt of the proxy materials, reducing the cost of printing and distributing our proxy materials and conserving natural resources.

Please complete, sign, date, and return your proxy card or follow the instructions on your proxy card or Notice of Internet Availability of Proxy Materials to vote by telephone or over the Internet as soon as possible. Whether or not you will be able to attend the Annual Meeting, it is important that your shares be represented and your vote recorded. If you decide to attend the Annual Meeting in person, you can revoke your proxy any time before it is voted at the Annual Meeting (provided that, if your shares are held in "street name" through a bank, broker or other holder of record, and you plan to vote in person at the Annual Meeting, you should contact your bank, broker or agent to obtain a legal proxy or broker's proxy card to bring to the meeting as proof of your authority to vote the shares).

We appreciate your continuing loyalty and support of Old Point Financial Corporation.

Sincerely,

Robert F. Shuford, Sr.
Chairman of the Board and President

PROXY STATEMENT

2015 ANNUAL MEETING OF STOCKHOLDERS

To be held on May 26, 2015

General

This proxy statement is furnished to holders of the common stock of Old Point Financial Corporation (the Company) in connection with the solicitation by and on behalf of the Company's Board of Directors of proxies to be used at the Company's 2015 Annual Meeting of Stockholders (the Annual Meeting) to be held Tuesday, May 26, 2015, at 6:00 p.m. at The Hampton Roads Convention Center, 1610 Coliseum Drive, Hampton, Virginia.

Electronic Notice and Mailing; Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to be Held on May 26, 2015.

Pursuant to the rules promulgated by the Securities and Exchange Commission (the SEC), the Company has elected to make its proxy materials available to stockholders over the Internet or by delivering paper copies of these materials by mail. Accordingly, on or about April 16, 2015, the Company mailed a Notice of Internet Availability of Proxy Materials (the Notice of Internet Availability) to some stockholders and mailed paper copies of the proxy materials to some stockholders. If you received a Notice of Internet Availability by mail, you will not automatically receive a paper copy of the proxy materials by mail. Instead, the Notice of Internet Availability contains instructions on how to access and review this proxy statement, form of proxy card and our 2014 Annual Report to Stockholders and vote via the Internet. If you received a Notice of Internet Availability by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Notice of Internet Availability. As of April 16, 2015, and for a period through the date of the Annual Meeting, all stockholders will have the ability to access all of the proxy materials at www.envisionreports.com/opof.

The proxy materials include:

- * Our proxy statement for the Annual Meeting;
- * Our 2014 Annual Report to Stockholders, which includes our Annual Report on Form 10-K for the fiscal year ended December 31, 2014; and
- * Our proxy card.

Voting and Revocation of Proxies

If you are a stockholder of record, you may vote in person at the Annual Meeting or by proxy. You may vote your shares by proxy in one of the following ways: (1) use the toll-free number on the proxy card to submit your proxy via telephone; (2) visit the website shown on your proxy card or Notice of Internet Availability to submit your proxy via the Internet; or (3) if you have received a printed copy of our proxy materials, complete, sign, date and return the proxy card in the postage paid envelope provided with such printed materials.

If your shares are held in "street name," through a broker or other nominee, that institution will send you separate instructions describing the procedure for voting your shares and you will need to follow those instructions in order to vote your shares. Many brokers also offer the option of voting over the Internet or by telephone, instructions for which would be provided by your brokerage firm on your vote instruction form. As the record holder of your shares, your broker is required to vote your shares according to your instructions. Under the current rules of the New York Stock Exchange, or NYSE, if you do not give instructions to your broker, it will still be able to vote your shares with respect to "routine" items, but will not be allowed to vote your shares with respect to "non-routine" items. The ratification of Yount, Hyde & Barbour, P.C. as our independent registered public accounting firm (proposal three) is considered to be a routine item under the NYSE rules and your broker will be able to vote on that item even if it does not receive instructions from you, so long as it holds your shares in its name. The election of directors (proposal one), and the advisory vote on the compensation of the Company's named executive officers (proposal two), are "non-routine" items. If you do not instruct your broker how to vote with respect to these items, your broker may not vote your shares with respect to these proposals. "Broker non-votes" are shares held by customers that may not be voted on certain matters because the broker has not received specific instructions from the customers.

If you are a stockholder of record, you may change or revoke your proxy at any time before your shares are voted at the Annual Meeting, by any of the following methods: (1) submit a written notice of revocation to the Secretary of the Company by the close of business on May 25, 2015; (2) submit a completed proxy card bearing a later date than your original proxy card by the close of business on May 25, 2015; (3) use the toll-free number shown on the proxy card to submit your proxy via telephone, by 6:00 p.m., Eastern time, May 26, 2015; (4) visit the website shown on your proxy card or Notice of Internet Availability and follow the instructions to submit your proxy via the Internet, by 6:00 p.m., Eastern time, May 26, 2015; or (5) attend the Annual Meeting and request to vote in person.

If your shares are held in "street name" through a bank, broker or other holder of record, you should follow the instructions from your bank, broker or agent to revoke your proxy or change your vote.

Voting your shares via telephone or via the Internet, or sending in a proxy card will not affect your right to attend the Annual Meeting and to vote in person. If your shares are held in "street name" through a bank, broker or other holder of record, and you plan to vote in person at the Annual Meeting, you should contact your bank, broker or agent to obtain a legal proxy or broker's proxy card to bring to the meeting as proof of your authority to vote the shares.

Proxies will extend to, and will be voted at, any properly adjourned session of the Annual Meeting. If a stockholder specifies how the proxy is to be voted with respect to any proposals for which a choice is provided, the proxy will be voted in accordance with such specifications. If a stockholder fails to specify with respect to such proposals, the proxy will be voted FOR the election of the director nominees in proposal one; FOR approval of the compensation of the Company's named executive officers in proposal two; and FOR the ratification of the appointment of Yount, Hyde & Barbour, P.C. as the Company's independent registered public accounting firm in proposal three, as set forth in the accompanying notice and further described herein.

Voting Rights of Stockholders

Only those stockholders of record at the close of business on March 17, 2015, are entitled to notice of and to vote at the Annual Meeting, or any adjournments thereof. The number of shares of common stock of the Company outstanding and entitled to vote at the Annual Meeting is 4,519,398. The Company has no other class of stock outstanding. The presence of a majority of the shares entitled to be voted, represented in person or by proxy, will constitute a quorum for the transaction of business.

Each share of Company common stock entitles the record holder thereof to one vote for each matter to be voted upon at the Annual Meeting, except that in the election of directors cumulative voting entitles a stockholder to give one nominee as many votes as is equal to the number of directors to be elected, multiplied by the number of shares owned by such stockholder or to distribute his or her votes on the same principle between two or more nominees as he or she sees fit. The Board of Directors will instruct the proxies to use cumulative voting, if necessary, to elect all or as many of the nominees as possible. Shares for which the holder has elected to abstain or to withhold the proxies' authority to vote (including broker non-votes) on a matter will count toward a quorum, but will not be included in determining the number of votes cast with respect to a matter.

With regard to the election of directors, votes may be cast in favor or withheld. If a quorum is present, the nominees receiving the greatest number of affirmative votes cast at the Annual Meeting, even though less than a majority, will be elected directors; therefore, votes withheld and broker non-votes will have no effect.

For all other proposals, votes may be cast in favor or against, or stockholders may abstain from voting. Approval of these other proposals (including the advisory vote to approve executive compensation and the ratification of the Company's independent registered public accounting firm) requires an affirmative vote of a majority of the votes cast on the matter. Thus, although abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum, they are generally not counted for purposes of determining whether such a matter has been approved and will have no effect.

Directions to Annual Meeting

To obtain directions to attend the Annual Meeting and vote in person, please contact Sandra Routten, the Company's Corporate Administrative Officer, at (757) 728-1231.

Solicitation of Proxies

The cost of solicitation of proxies will be borne by the Company. Solicitations will be made only by the use of the mail, except that officers and regular employees of the Company, The Old Point National Bank of Phoebus (the Bank) and Old Point Trust & Financial Services, N.A. (the Trust Company) may make solicitations of proxies in person or by telephone or mail, acting without compensation other than their regular compensation. We anticipate that brokerage houses and other nominees, custodians, and fiduciaries will be requested to forward the proxy soliciting material to the beneficial owners of the stock held of record by such persons, and the Company will reimburse them for their charges and expenses in this connection.

The Board of Directors recommends that stockholders vote "FOR" the individuals nominated above to serve as Directors.

Corporate Governance

The Board of Directors is elected by the Company's stockholders; the Board, in turn, is the Company's governing body, responsible for hiring, overseeing and evaluating management. Management is charged with the day to day operations of the Company and its affiliates.

The Board's primary responsibility is to provide oversight, counseling and direction to management in their efforts to fulfill the corporate strategy in maximizing opportunities, while addressing related business risks. The Board has delegated various responsibilities and authority to different Board committees, which include the Executive Committee, Audit Committee, Directors Loan Committee, Directors Loan Review Committee, Compensation and Benefits Committee and Board Risk Committee.

Management has been delegated the authority and responsibility for managing the Company's lines of businesses in a manner consistent with the Company's Strategic Plan and Code of Ethics, and in accordance with any specific plan, instructions or direction of the Board of Directors or one of the Board's committees. The Chief Executive Officer and management are required to seek the advice and, in appropriate situations, the approval, of the Board with respect to extraordinary actions to be undertaken by the Company.

The Company currently combines the role of Chairman with the role of CEO because it believes that Mr. Shuford, Sr., is most familiar with the Company's business and industry and best suited to lead the Board discussions and execution of strategy. At this time, having one person serve as both Chairman and CEO demonstrates to the Company's employees, stockholders and customers that the Company is under strong leadership. At this time, this structure promotes accountability and effective decision-making. The Company's independent directors bring experience, oversight and expertise from outside the company and industry, while the CEO brings company-specific experience and expertise. The Board believes that the combined role of Chairman and CEO promotes strategy development and execution, and facilitates information flow between management and the Board, which are essential to effective governance. Mr. Shuford, Sr. also serves as Chairman of the Bank Board of Directors. Mr. Morris serves as President & CEO of the Bank and Mr. Jordan, II serves as President & CEO of the Trust Company. The Board believes that this leadership structure is currently the most appropriate for the Company.

In addition, Dr. Greene serves as Chairman of the independent directors and presides over executive sessions quarterly with independent directors to discuss matters that they would bring back to management for further discussion. Dr. Greene also presides over executive sessions with independent directors whenever director elections are to be discussed and this information is brought back for discussion and a vote by the full Board. Dr. Greene's professional background, experience and education make him instrumental in serving as Chairman of the independent directors for the Board of Directors. The Board periodically reviews its leadership structure to determine if it is still the most appropriate for the Company.

Board Role in Oversight of Risk

The Board of Directors has responsibility for oversight of the Company's risk. The Board of Directors manages risk through representative participation on the Company's committees. Minutes and reports of committee meetings are reviewed by the Board. Policies for all major risk areas are approved annually by the Board. Independent review and monitoring functions within the Company report to respective committees addressing areas of financial, liquidity, operational, credit, fiduciary, and compliance risks. Committees with a major role in risk oversight are the Audit Committee, Directors Loan Committee, Directors Loan Review Committee, Asset and Liability Committee, Compensation and Benefits Committee, Strategic Planning Committee and Board Risk Committee.

The Audit Committee, composed of independent directors, oversees the Company's management of significant risks by reviewing the scope of work and reports from the Company's independent registered public accounting firm, internal audit, and the regulatory management function. The Senior Loan Review Officer periodically reports to the Audit Committee on the quality of the loan portfolio.

The Directors Loan Committee and Directors Loan Review Committee analyze lending activities, significant credits, and evaluate credit risk. The Directors Loan Review Committee reviews the scope of and reports, from the Loan Review function.

The Asset and Liability Committee and subcommittee thereof monitor and report to the Board on the management of the asset and liability risk of the Company.

The Compensation and Benefits Committee assesses the fairness of, and the risks associated with, the compensation and benefits structure.

The Strategic Planning Committee evaluates global risks in the development of the Company's strategic plan.

The Board Risk Committee oversees the management of the Company's Enterprise Risk Management Program.

As circumstances warrant, the Committees present reports to the Board of Directors regarding the respective committee's analysis of the risks and steps the committee recommends that the Board and management take to address these risks.

Board Committees and Attendance

The Board of Directors is comprised of a majority of "independent directors," as defined by the listing standards of the NASDAQ Stock Market. Independent directors do not receive consulting, legal or other fees from the Company other than Board and committee compensation. Although companies affiliated with certain of these directors provide goods and services to the Company, the Board of Directors has determined in accordance with the NASDAQ listing standards that these independent directors have no relationships with the Company that would interfere with the exercise of their independent judgment in carrying out the responsibilities of a director. The independent directors are Messrs. Adams, Chisman, Evans, Glasser, Langley, Morgan (who will not stand for re-election to the Board at the Annual Meeting), Dr. Greene and Mrs. Thacker. Mr. Harris, who served until the 2014 Annual Meeting, was also independent.

The Board reviews each director's independence status on an annual basis to ensure compliance with NASDAQ listing standards. In addition to reviewing the relationships and transactions disclosed under "Compensation and Benefits Committee Interlocks and Insider Participation" and under "Interest of Management in Certain Transactions" below, the Board also considered the relationships discussed below in determining each director's independence status.

The Board considered the relationship between the Company and the law firm of Glasser & Glasser, of which Mr. Glasser is a partner, which law firm received fees of approximately \$56 thousand for performance of legal services for one of the Company's subsidiaries in 2014. The Board also considered the relationship of Mr. Glasser and Crown Center Associates with the Company (discussed under Interest of Management in Certain Transactions). The Board has determined that these relationships do not interfere with Mr. Glasser's ability to act in an independent manner. The Board considered the relationship between the Company and J. R. Chisman Development Company of which Mr. Chisman is owner, which has received fees from the Company in prior years but received no fees in 2014 from the Company. The Board has determined that the relationship does not interfere with Mr. Chisman's ability to act in an independent manner.

The Board also considered the relationship of Mr. Morgan and Morgan-Marrow Insurance with the Company (discussed under Interest of Management in Certain Transactions). The Board has determined that this relationship does not interfere with Mr. Morgan's ability to act in an independent manner.

During 2014 there were 13 meetings of the Board of Directors of the Company. Each director attended at least 75% of all meetings of the Board and committees on which he or she served.

The independent directors also met in regularly scheduled executive sessions in January, June, and December of 2014.

The Company has not adopted a formal policy on Board members' attendance at its annual meetings of stockholders, although all Board members are invited and encouraged to attend and, historically, most have done so. All 13 Board members attended the Company's 2014 Annual Meeting of Stockholders.

The Board of Directors of the Company has standing Executive, Audit and Compensation and Benefits Committees.

Executive Committee. Current members of the Executive Committee are Messrs. Shuford, Sr. (Chairman), Morris, Glasser and Dr. Greene and Mrs. Thacker. The Executive Committee serves in an advisory capacity, reviewing matters and making recommendations to the Board of Directors. The Executive Committee met four times in 2014.

Compensation and Benefits Committee. The Compensation and Benefits Committee currently consists of four non-employee directors, Dr. Greene, (Chairman), Messrs. Chisman, and Evans, and Mrs. Thacker. The Board of Directors has determined that the members of the Committee are "non-employee directors" (within the meaning of Rule 16b-3 of the Exchange Act) and "independent directors" (within the meaning of Rule 5605(a)(2) of the NASDAQ Listing Rules). In addition, no Committee member is a current or former employee of the Company or any subsidiary or affiliate. While the Committee members are not required to have certain qualifications or special knowledge, they each have held or currently hold high-level management and employee supervisory positions in their respective fields that include duties relating to compensation of employees at multiple levels.

The Committee reviews and recommends compensation adjustments for all exempt employees (including senior management). The Committee submits its recommendations to the full Board for final approval. The Committee met two times in 2014. The dates, meeting times and agenda items for committee meetings are set in accordance with the subject matter to be discussed and are determined by the Committee Chairman and the Human Resources Director.

The Compensation and Benefits Committee operates under a written charter adopted by the Board of Directors. The Committee reviews and reassesses the charter annually and recommends any changes to the Board for approval. The Compensation and Benefits Committee Charter is posted on the Company's website of www.oldpoint.com under the "Community" link, then the "Investor Relations" link and then under the "Governance Documents" link.

Audit Committee. Current members of the Audit Committee are Mrs. Thacker (Chairman), Messrs. Adams, Evans, and Dr. Greene. The Board of Directors has determined that all of the members of the Audit Committee satisfy the independence and financial literacy requirements for audit committee members under the NASDAQ listing standards and applicable SEC regulations. In addition, at least one member of the Audit Committee has past employment experience in finance or accounting or comparable experience which results in the individual's financial sophistication. The Board of Directors has also determined that Mr. Adams qualifies as an "audit committee financial expert" within the meaning of applicable regulations of the SEC promulgated pursuant to the Sarbanes-Oxley Act of 2002.

The Audit Committee assists the Board in its financial reporting oversight duties, internal controls, audit function, whistleblower policy, and other matters relating to corporate governance. The Audit Committee is responsible for the appointment, compensation, and oversight of the work of the Company's independent registered public accounting firm. The Audit Committee reviews on a regular basis the work of the Company's internal audit department. It also reviews and approves the scope and detail of the continuous audit program, which is conducted by the internal audit staff to protect against improper and unsound practices and to furnish adequate protection for all assets and records. During 2014, the Audit Committee met four times.

The Audit Committee operates under a written charter adopted by the Board of Directors. The Committee reviews and reassesses the charter annually and recommends any changes to the Board for approval. The Audit Committee Charter is posted on the Company's website of www.oldpoint.com under the "Community" link, then the "Investor Relations" link and then under the "Governance Documents" link.

Nominations. The Board of Directors does not have a standing nominating committee or nominating committee charter because it believes it can have an independent nominating process without a separate nominating committee. Pursuant to a resolution passed by the Board of Directors and consistent with NASDAQ Listing Rules, director nominees are selected and recommended for consideration to the full Board of Directors by a majority of the directors who are independent according to the NASDAQ listing standards. For this purpose, the following directors are or during 2014 were independent: Messrs. Adams, Chisman, Evans, Glasser, Harris (who served until the 2014 Annual Meeting), Morgan (who will not stand for re-election to the Board at the Annual Meeting), Dr. Greene and Mrs. Thacker. Mr. Langley, who was elected to the Board as of January 2015, is also an independent director.

In addition to recommending to the full Board whether or not current directors should be nominated for reelection, the independent directors also identify new candidates in the event of a vacancy on the Board. The independent directors identify potential director candidates from a variety of sources, including management, consultants and other individuals likely to possess an understanding of the Company's business and knowledge of suitable candidates. The independent directors evaluate the qualifications of candidates for membership to the Board of Directors. Following this evaluation process, candidates are selected by a majority of the independent directors to be recommended for nomination by the full Board of Directors. The full Board then selects nominees to recommend to the Company's stockholders in the annual election process or appoints new directors to serve until the next annual election.

Qualifications for consideration as a Board nominee may vary according to the particular areas of expertise being sought to complement the existing Board composition. However, in making their nomination recommendations to the Board of Directors, the independent directors consider, among other things, an individual's business experience, industry experience, financial background, geographic representation, breadth of knowledge about issues affecting the Company, time available for meetings and consultation regarding Company matters and other particular skills and experience possessed by the individual. Also, while the Company does not have a formal diversity policy, the independent directors believe that the Board should include directors with diverse experience and backgrounds that reflect the needs of the Board. In addition, the independent directors seek director candidates that will result in the Board of Directors consisting of a majority of independent directors at all times.

The specific experience, qualifications, attributes and/or skills that led the Board to conclude that the director candidates should serve as directors are discussed further in proposal one.

While there are no formal procedures for stockholders to submit director candidate recommendations, the independent directors will consider candidates recommended in writing by stockholders entitled to vote in the election of directors. Such written submissions should include the name, address, and telephone number of the recommended candidate, along with a brief statement of the candidate's qualifications to serve as a director. All such stockholder recommendations should be submitted to the attention of the Company's Secretary at the Company's principal office located at 1 West Mellen Street, Hampton, Virginia 23663 and must be received by January 4, 2016 in order to be

considered by the independent directors for the next annual election of directors. Any director candidate recommended by a stockholder will be reviewed and considered by the independent directors in the same manner as all other director candidates based on the qualifications described above.

- 15 -

In addition, in accordance with the Company's bylaws, any stockholder entitled to vote in the election of directors may nominate an individual for director. Notice of the intent to make any such stockholder nomination must be in writing and must include sufficient background information with respect to the nominee, including his or her name, address, principal occupation, and a discussion of the specific experience, qualifications, attributes or skills that led to the conclusion that the nominee should serve as a director, sufficient identification of the nominating stockholder, including his or her name, address and principal occupation and a representation by the stockholder of his or her eligibility and intention to appear at the annual meeting (in person or by proxy) to nominate the individual specified in the notice, a description of any arrangements or understandings between the stockholder and the nominee or others regarding the nomination, an indication of the total number of shares expected to be voted for the nominee, and the nominee's written consent to the nomination. Notice of any stockholder nomination must be received by the Company's Secretary at the Company's principal office in Hampton, Virginia, no later than March 2, 2016 for the 2016 Annual Meeting; provided, however, that such notice will not be required to be given more than 90 days prior to the 2016 Annual Meeting.

As a result, approval of the proposed business is denied if the Board believes that the director's or executive officer's interest in such business could influence decisions relative to the Company's business, or have the potential to adversely affect the Company's business or the objective performance of the director's function or executive officer's work. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview of Compensation Program

The Compensation and Benefits Committee (for purposes of this discussion, the Committee) of the Board of Directors has responsibility for establishing, implementing and monitoring adherence with the Company's compensation philosophy. The Committee ensures that the total compensation paid to the Company's executive management is fair and reasonable.

Throughout this proxy statement, the individuals who served as the Company's Chief Executive Officer (CEO) and Chief Financial Officer (CFO) during 2014, as well as the other executive officers included in the Summary Compensation Table on page 24, are referred to as the named executive officers or NEOs. The Company's senior management includes its NEOs.

General Philosophy

The Company compensates its senior management through a mix of base salary, bonus and, in some years, equity compensation, designed to retain executive talent and to align management's incentives with the long-term interests of stockholders. The process of determining compensation consists of establishing targeted overall compensation of each senior manager and then allocating that compensation between base salary and incentive compensation. At the officer level, the Committee designs the incentive compensation to reward company-wide performance through tying awards primarily to earnings and asset growth. During 2014, the Committee did not tie officer incentive compensation to individual performance, but it has included an individual performance component for certain officers in the new incentive compensation plan the Board approved beginning in 2015. Generally, the types of compensation and benefits provided to the Company's senior management are intended to be similar to those provided to other executive officers in comparable institutions in Virginia. The Committee believes it is important to have the most capable

managers in place and that it would be a disservice if executives were not adequately rewarded.

- 17 -

2014 Say on Pay Vote

In connection with the 2014 annual meeting of stockholders, the Company asked its stockholders to approve the compensation of the Company's named executive officers as disclosed in the proxy statement. Although the advisory vote on executive compensation was non-binding, the Committee considered the outcome of this vote when making subsequent compensation decisions for the CEO and other executive officers. At the Company's 2014 annual meeting of stockholders held on May 27, 2014, approximately 95% of the stockholders who voted on the "say-on-pay" proposal approved the compensation of the Company's named executive officers, while approximately 5% voted against. In light of such strong stockholder support, the Committee did not make any significant changes to the Company's executive compensation practices in 2014 compared to 2013, other than the changes discussed below relating to incentive compensation.

Board Process

Compensation adjustments and monetary awards to executive officers are recommended by the Committee for approval by the full Board of Directors, which makes the final decisions. Mr. Shuford, Sr., CEO (Company), hereafter referred to as CEO, Mr. Morris, President & CEO (Bank), Mr. Shuford, Jr., Senior Executive Vice President and Chief Operations Officer (COO) and Mr. Witt, Senior Executive Vice President and Chief Administrative Officer (CAO), all of whom serve on the Company's Board of Directors, are not present during deliberations or voting with respect to their compensation.

Generally, on its own initiative, the Committee reviews the individual performance for Mr. Shuford, Sr. and Mr. Morris, and following discussions with those individuals, recommends their compensation levels to the full Board of Directors (excluding Mr. Shuford, Sr. and Mr. Morris). For the remaining NEOs, the CEO and the President & CEO (Bank) make recommendations to the Committee that generally, with minor adjustments, are accepted by the Committee and presented to the full Board of Directors for approval annually during the month of February.

In years when it grants equity compensation to executive officers, the Committee recommends to the full Board of Directors equity grants to the CEO based on the Committee's evaluation of his performance and to other executive officers based on the recommendation of the CEO.

Until 2014, the Committee had not used a compensation consultant for establishing executive compensation. In 2014 the Committee engaged Pearl Meyer & Partners (PM&P), an independent compensation consultant, to assist the Committee in revising the Company's incentive compensation for officers. The new incentive plan is in effect for 2015.

During 2014, PM&P did not provide any consulting services to the Company other than in connection with the incentive compensation for officers, and it maintains no other economic relationship with the Company. The Committee assessed the independence of PM&P pursuant to SEC and NASDAQ rules and concluded that the advice it receives from PM&P is objective and not influenced by other relationships that could be viewed as conflicts of interest.

Targeted Overall Compensation

To assist in establishing the aggregate level of compensation that the Company will pay, the Committee utilizes a peer group analysis prepared by SNL Financial of all financial institutions in Virginia with assets ranging from \$600 million to \$1.5 billion. The 19 companies comprising the peer group for 2014 were: Access National Corporation; American National Bankshares Inc.; C&F Financial Corporation; Chesapeake Financial Shares, Inc.; Community Bankers Trust Corporation; Eagle Financial Services, Inc.; Eastern Virginia Bankshares, Inc.; First Capital Bancorp Inc.; Highlands Bankshares, Inc.; John Marshall Bank; Middleburg Financial Corporation; Monarch Financial Holdings, Inc.; National Bankshares, Inc.; New Peoples Bankshares, Inc.; Old Point Financial Corporation; Southern National Bankcorp of Virginia, Inc.; Valley Financial Corporation; WashingtonFirst Bankshares, Inc. and Xenith Bankshares, Inc. Generally, targeted overall compensation correlates to what these financial institutions would offer individuals to fill executive management positions with similar skills and backgrounds to those the Company employs. Additionally, total compensation is established relative to the Company's performance and internal/external peer comparisons.

Based on the peer compensation analysis and review of Company and individual performance during 2014, the targeted overall cash compensation of the CEO in 2014 was established at \$300,000, which is \$19,000 lower than the targeted cash compensation for 2013. This level of compensation is below the \$423,014 average of the CEO compensation levels of the Company's peer institutions. While the Company's long-term goal is to bring the CEO's compensation level more in line with the average compensation levels of chief executive officers of the Company's peer institutions, over the past few years, the Company's performance has not warranted this action.

The Committee follows the same process with respect to establishing targeted overall compensation for the other NEOs. While the Committee considers the peer compensation analysis, the responsibilities of the Company's NEOs vary widely and the direct comparisons with the peer group are less helpful. Based upon the Committee's review of the peer compensation analysis and review of Company and individual performance during 2014, the Committee set the overall targeted compensation for the other NEOs at levels that are in the mid-range for positions among the peer group with similar scope of responsibility and required skill level.

Allocation Among Components

In 2014, the Committee changed the structure of the Company's incentive plan, from a tiered plan based on the accomplishment of certain pre-defined goals to bonuses granted completely at the discretion of the Board of Directors at year end if the Company achieved its budgeted return on average assets for the year. The Company did not achieve its budgeted return on average assets for 2014, and as a result, the Company's mix of base salary, incentive compensation and equity compensation for 2014 consisted entirely of base salary, as follows:

	Base Salary	Incentive Compensation	Equity Compensation
Chief Executive Officer	100%	0%	0%
President & CEO (Bank)	100%	0%	0%
Senior Executive Vice Presidents	100%	0%	0%
Executive Vice Presidents	100%	0%	0%

In allocating compensation among base salary, annual bonus compensation and equity compensation, the Committee believes that the compensation of senior-most levels of management should begin with a base level. Bonuses and equity compensation, in years when such are granted, are awarded based on Company performance and are designed to encourage good behavior and best practices rather than to encourage risk-based behaviors. Base salaries generally represent a large portion of the executive officers' total cash compensation and are generally considered to be average

relative to the Company's peer financial institutions. Base salaries are also based on individual performance components.

- 19 -

The Committee believes that the top levels of management have the greatest ability to influence Company performance. Therefore, the Committee bases annual bonus compensation on Company performance. When the Bank's performance is above budgeted goals, the top levels of management are rewarded. Likewise when the Company's performance does not meet budgeted expectations, the top levels of management receive a lower or no bonus.

The executives did not receive any incentive compensation for 2014 because the Company did not achieve its budgeted return on average assets for 2014. As noted above, the Committee believed that the annual bonus compensation plan that had been in place for several years needed revision. The revision was accomplished during the last half of 2014, with the Old Point Financial Corporation Incentive Plan put into place in 2015. For details about the plan, see the Company's Form 8-K filed on March 12, 2015.

In 2014, the overall compensation for executives did not include equity compensation awards because the Company's stock option plan expired in 2008 and has not been replaced. The Company may consider in future years whether to institute a new stock option plan. This will depend on the economic environment and costs associated with establishing a new plan.

Base Salaries

The Committee strives to provide executive management with a fair and reasonable level of assured cash compensation in the form of base salary given their professional status and accomplishments. The Company has a compensation structure with salary ranges for management including the CEO and other executive managers. These ranges are based on the peer compensation analysis discussed above. The last adjustments to the ranges were made in July 2008 in an effort to remain fair and reasonable within the Company's marketplace. The structure is designed to recruit and retain qualified personnel and is reviewed on an annual basis by the Committee to determine if adjustments to the ranges are appropriate. For 2014, the base salary ranges used for setting salaries were \$175 thousand to \$350 thousand for the CEO and from \$120 thousand to \$350 thousand for the other NEOs.

In years prior to 2015, each February, the Committee recommended the base salary of the CEO within the established range to the Board of Directors. Within this range, the CEO's base salary is determined using the peer compensation analysis in addition to the CEO's individual and Company performance during the prior year. The base salary of the CEO as of March 1, 2014 was \$300,000, which reflected no change in base salary since 2009. This decision reflected the Committee's and the Board's views, that the CEO's base compensation should remain stationary until the earnings of the Company improve. In 2015, the Committee recommended the base salary of the CEO in March.

For the executive officers other than the CEO, in years prior to 2015 each February the Committee recommends the executive's base salary within the established range to the Board of Directors, based on the recommendation of the CEO, President & CEO (Bank), and President & CEO (Trust). The base salaries of other officers including the other executive officers are determined using the peer compensation analysis in addition to the officer's individual performance during the prior year and the Company's performance during the prior year, based on the same performance objectives used for the CEO. In 2015, the base salaries of the executive officers were recommended in March.

Bonuses

CEO Bonus

In years prior to 2014, the bonus award for the CEO had both an objective and a subjective component and was based on the general performance of the Company. In 2014, the Committee believed that the annual bonus compensation plan for the CEO and the bonus plan for the other executive officers needed revision. In order to allow time to develop a revised incentive compensation plan, the Committee decided that for 2014 the bonus paid to the CEO would be determined in the Committee's discretion if the Company achieved its budgeted return on average assets for the year. The budgeted return on average assets of 0.53% was not achieved. Therefore, no bonus was paid to the CEO for 2014.

Management Incentive Plan

In years prior to 2014, the bonus incentive plan, which was referred to as the Management Incentive Plan, was designed to motivate and reward participants for the achievement of fiscal year financial and non-financial objectives that directly contribute to the overall success of the Company. Non-commissioned exempt employees, except the CEO, were eligible to participate.

In 2014, the Committee believed that the Management Incentive Plan needed to be revised. In order to allow time to develop a revised incentive compensation plan, the Committee decided that for 2014 the bonus paid to all officers, including the named executive officers, would be determined in the Committee's discretion if the Company achieved its budgeted return on average assets. The budgeted return on average assets was not achieved. Therefore, no bonus was paid to any named executive officer for 2014.

Profit Sharing Plan

In years prior to 2014, an additional plan, which was referred to as the Profit Sharing Plan, was designed to motivate and reward participants for the achievements of the fiscal year based on the same criteria as the Management Incentive Plan. All employees, including commissioned employees and the named executive officers were eligible for this plan.

Although the plan is still active for non-exempt employees and some lower level exempt employees, in 2014, the Committee believed that the participation of the executive officers in the Profit Sharing Plan also needed to be revised. No bonus was paid to the executive officers under the Profit Sharing Plan for 2014.

For details about the new incentive compensation plan applicable to the Company's executive officers beginning in 2015, see the Company's Form 8-K filed on March 12, 2015.

Equity Compensation

Historically, the primary form of equity compensation has been incentive stock options. The Company used stock options because of the favorable accounting treatment and the near universal expectation by employees in the industry that they would receive stock options. Beginning in 2006 the accounting treatment for stock options changed and became less attractive to the Company; however, with the Committee's approval, the Company issued stock options using a multi-year vesting approach which spread the financial impact to the Company over a five-year period. No incentive stock options were granted from 2008 through 2014 because the Company's stock option plan expired in 2008. No additional equity awards may be granted until the Company establishes a new stock incentive plan, which will require stockholder approval.

Severance Pay

The Company does not have any employment contracts with our NEOs. Therefore, their severance pay is determined on a case-by-case basis by Management and the Board of Directors.

Perquisites and Other Compensation

One NEO received perquisites or other personal benefits in excess of \$10,000 in 2014. These benefits are detailed in the table entitled "All Other Compensation".

The Committee reviews any perquisites that the CEO and the other NEOs may receive on an annual basis. In general, the Company does not provide its executives with many of the types of perquisites that other companies offer their executives, such as personal use of a company vehicle or vehicle allowances. Exceptions are made when an NEO has responsibilities, such as sales and customer relationship management that require certain allowances to be paid. In addition to the base salary and incentive compensation described above, the Company provides its NEOs with the same benefit package available to all of its salaried employees. This package includes:

Medical and dental insurance (portion of costs);

Medical/dependent care reimbursement plan;

Health Savings Plan;

Life insurance;

Short and long-term disability insurance; and

Participation in the Company's 401(k) plan, including the Company match.

Until September 30, 2006, the Company maintained a traditional defined benefit pension plan (the Employee Retirement Plan). However, since September 30, 2006, no new participants are being added to the plan, and the benefits under the plan for existing participants have been frozen. As a counterbalance, the Committee enhanced the 401(k) plan effective January 1, 2007. The Company provides an immediately vested safe harbor match of 100% up to 4% of an employee's deferral contribution.

The Company also offers post-retirement life insurance benefits to senior management in the form of a split dollar plan and a Management Section 162 Life Insurance Plan (162 Plan). For the split dollar plan, the Company owns the policy and cash values provide an annual return to the Company while providing a term insurance benefit to the individual employee, utilizing Bank Owned Life Insurance (BOLI) with a portion of the death benefit endorsed to the insured officer through a split dollar agreement. The amount endorsed under the BOLI equaled 300% of the current base salary, with the amount to increase 4% each year through termination or retirement. If the officer remains in the Company's employment through retirement, and has not elected to participate in the 162 Plan discussed below, the officer would receive a post-retirement benefit equal to 50% of the pre-retirement benefit.

Due to the accounting rules issued by The Emerging Issues Task Force of the Financial Accounting Standards Board, the economics of the BOLI have changed for the Company. Beginning in 2008, in lieu of the BOLI, the NEOs that are fully vested in the split dollar plan are eligible to participate in the 162 Plan which offers key executives permanent life insurance protection which they own and maintain from inception of the policy. For any NEO electing to participate in the 162 Plan, the Company pays annual premiums until the individual reaches retirement age. The Company also grosses up the NEO's income with respect to taxes owed in connection with the 162 Plan premiums. During the period leading up to retirement age, the BOLI benefit to the NEO decreases in the same proportion that the 162 Plan benefit increases. As of the end of 2014, all the NEOs took advantage of one or both of these benefits.

- 22 -

Relocation Benefits

The Company does not have a policy providing relocation benefits.

Deductibility of Executive Compensation

As part of its role, the Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which provides that the Company generally may not deduct annual compensation of more than \$1 million that is paid to certain individuals. To date, the Company's compensation practices have not caused this limit to be reached or exceeded.

Stock Ownership Guidelines

Although the Committee believes that significant levels of stock ownership will assist in retaining qualified and motivated executive officers, the Committee has not established stock ownership guidelines for any of its officers.

The following table summarizes the total compensation for the years ended December 31, 2014, December 31, 2013, and December 31, 2012 of the Company's CEO, Executive Vice President and CFO (Bank), and each of the Company's next three most highly compensated officers.

(1) The amounts in this column for Mr. Shuford, Sr. for 2012 and 2013 reflect his CEO bonuses of \$16,000 and \$12,000, respectively, which do not satisfy the criteria for non-equity incentive plan compensation.

- 24 -

The amounts in this column reflect the bonus amounts paid under the Management Incentive Plan and under the Profit Sharing Plan for 2012 and 2013, based on the performance levels determined under those plans, except that (2) the amounts for Mr. Shuford, Sr. only reflect his bonus amount paid under the Profit Sharing Plan for those years. In the case of the Profit Sharing Plan, the amounts reflect amounts paid in cash as well as amounts paid in the form of a Company contribution to the 401(k) plan.

The amounts in this column reflect the change in the actuarial present value of the named executive officer's benefits under the Employee Retirement Plan determined using interest rate and mortality rate assumptions consistent with those used in Note 13 in the Company's Annual Report on Form 10-K to the Company's audited financial statements for the year ended December 31, 2014, and include amounts which the named executive officer may not currently be entitled to receive because such amounts are not vested. The change in pension value (3) for Mr. Shuford, Sr. includes a required in-service distribution of \$78,108 in each year presented. For certain of the named executive officers, the change in pension values were negative in 2013, which was driven largely by an increase in the discount rate applied to calculate the present value of future pension payments. For such named executive officers, the 2013 changes in pension values were as follows: Mrs. Grabow --\$(10,887), Mr. Morris --\$(19,029), Mr. Shuford, Jr. --\$(3,641). The Company does not offer any nonqualified deferred compensation plans.

(4) Amounts for 2014 shown in the "All Other Compensation" column are detailed in the chart below.

(1) Only one NEO received perquisites or other personal benefits in excess of \$10,000 in 2014. Mr. Witt received a \$9,000 Car Allowance and \$6,000 in Club Dues.

(2) The amounts in this column reflect the tax gross-ups for the premiums paid for the 162 Plan for Mrs. Grabow and Mr. Morris.

(3) The amounts in this column reflect the Company's match of 401(k) plan contributions.

The amounts in this column reflect the premiums paid for the 162 Plan as follows: Mrs. Grabow, \$4,994, and Mr. (4) Morris, \$7,130. No amounts are included with respect to the BOLI because the Company had no incremental cost attributable to the BOLI in 2014.

Grants of Plan-Based Awards

The Company did not offer any incentive plan compensation to the executive officers in 2014 or grant any equity awards in 2014.

The following table includes certain information with respect to all unexercised options held by the NEOs at December 31, 2014. None of the NEOs held any unvested restricted stock at December 31, 2014.

- 27 -

The following table shows the present value of accumulated benefits payable to each of the NEOs, including the number of years of service credited to each NEO under the Employee Retirement Plan, which is described in more detail in the "Compensation Discussion and Analysis."

The Employee Retirement Plan, which covers substantially all full-time employees of the Company and its subsidiaries who had completed one year of service as of September 30, 2006, was frozen as of September 30, 2006. The present value of the accumulated benefit is the value that the officer will receive at retirement or termination of the plan whichever comes first. A participant's monthly retirement benefit (if he or she has 25 years of benefit service at his normal retirement date) is 20% of his or her final five-year's average salary plus 15% of final five-year's average salary in excess of the participant's Social Security Covered Pay. The Social Security Covered Pay is the average pay of the calendar year prior to the year the participant attains his or her Social Security Retirement Age. If the participant has less than 25 years of benefit service at his or her normal retirement date, the participant's monthly retirement benefit will be actuarially reduced by 1/25 for each year of benefit service less than 25 years. Cash benefits under the plan generally commence on retirement, death or other termination of employment and are payable in various forms at the election of the participant.

Pension Benefits
Fiscal 2014

Name	Plan Name	Number of Years Credited Service (#) (1)	Present Value of Accumulated Benefit (\$) (2)	Payments During Last Fiscal Year (\$) (3)
Robert F. Shuford, Sr.	Employee Retirement Plan	42	\$ 710,476	\$ 78,108

Robert F. Shuford, Jr.	Employee Retirement Plan	8	\$ 44,479	--
Joseph R. Witt	Employee Retirement Plan	--	--	--

Due to the September 30, 2006 freeze, the years of credited service under the Employee Retirement Plan were (1) frozen in 2006 and do not match the NEOs' actual years of service, which are as follows: Mr. Shuford, Sr., 49 years, Mrs. Grabow, 28 years, Mr. Morris, 32 years, Mr. Shuford, Jr., 15 years, and Mr. Witt 6 years.

The amounts in this column reflect the actuarial present value of each NEO's accumulated benefit under the Employee Retirement Plan determined using interest rate and mortality rate assumptions consistent with those used (2) in Note 13 to the Company's audited financial statements for the year ended December 31, 2014, and include amounts which the named executive officer may not currently be entitled to receive because such amounts are not vested. Mr. Witt does not meet the qualifications to participate in this plan due to joining the Company after the plan was frozen.

(3) Due to the requirements of Internal Revenue Code Section 401(a) (9) (C), Mr. Shuford, Sr. was required to take annual distributions from the Employee Retirement Plan beginning in 2009.

Nonqualified Deferred Compensation

The Company does not offer any nonqualified deferred compensation plans.

Potential Payments upon Termination or Change-in-Control

The Company has not entered into employment agreements with any of its executive officers. Therefore, the only payments upon termination that the NEOs would have received, assuming a termination as of December 31, 2014, would have been salary earned through December 31, 2014 and any vested 401(k) Plan or Employee Retirement Plan payouts, which payments would not have been increased or accelerated due to the termination. The Company's stock option agreements provide that upon a change-in-control, all unvested stock options will immediately vest provided they were granted not less than six months prior to a change-in-control public announcement. This accelerated vesting occurs with respect to all stock option awards granted by the Company, and not only those granted to the named executive officers. If the change-in-control had occurred on December 31, 2014, our named executive officers would not have received any value from this accelerated vesting because all of their options were already vested as of December 31, 2014.

The following table provides compensation information for the year ended December 31, 2014 for each non-employee member of the Company's Board of Directors.

Compensation Risk Disclosure

The Company's senior management has assessed the Company's compensation practices in light of the risks in the Company's operations. The Company's senior management has identified the key enterprise risks to which the Company is subject, including credit, liquidity, market/interest rate, compliance, operational, technology, strategic, reputational and other risks, and focused their review on the compensation arrangements most likely to implicate those risks and has determined that the Company does not participate in risk-based compensation practices. The Compensation and Benefits Committee has discussed this review with senior management and concurs with senior management's position that the Company does not engage in compensation practices that encourage excessive risk taking.

In a few cases, commissions are paid as a portion of an individual's compensation; however, the majority of the total compensation is base pay. In these cases, commissions are paid to reward the sale of products and services, however, these individuals have no lending authority/approval/influence. Nominal referral fees are paid to employees from time-to-time as a reward for referring mortgage loans and/or other types of deposit gathering. In addition, a referral program for the Trust business is also in place, which rewards employees monetarily for referring closed sales and

retaining current customers for Trust services. The CEO and NEOs do not participate in any commission or referral based compensation

The Company believes that risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on the Company.

PROPOSAL TWO
ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

Section 14A of the Exchange Act requires that the Company's stockholders have the opportunity to provide an advisory, non-binding vote to approve the Company's executive compensation as disclosed in this proxy statement pursuant to the SEC's compensation disclosure rules. Accordingly, the Company's stockholders are hereby given the opportunity to cast an advisory vote to approve or not approve the compensation of the Company's named executive officers as described above, by voting for or against this proposal.

The Compensation and Benefits Committee of the Board of Directors has designed the Company's executive compensation to recruit, retain and motivate employees who play a significant role in the organization's current and future success. The Compensation and Benefits Committee and the Board structure executive compensation to motivate these employees to maximize stockholder value by achieving performance goals while limiting risk appropriately and maintaining the safety and soundness of the organization. For a full description of these executive compensation practices, please see the description provided under the heading "Executive Compensation," including the "Compensation Discussion and Analysis".

The Company believes that its executive compensation and compensation practices and policies are reasonable in comparison to its peer group, are focused on pay-for-performance principles, are strongly aligned with the long-term interest of stockholders and are necessary to attract and retain experienced, highly qualified executives important to the Company's long-term success and the enhancement of stockholder value. The Board of Directors believes that the Company's executive compensation achieves these objectives, and, therefore, recommends that stockholders vote "for" the proposal.

Because this vote is advisory, it will not be binding on the Board of Directors and will not be construed as overruling any decision made by the Board of Directors. The Compensation and Benefits Committee and the Board of Directors will take into account the outcome of this advisory vote when considering future executive compensation arrangements, but they are not required to do so.

Pursuant to the vote of our stockholders at the 2013 Annual Meeting of Stockholders, we will conduct an advisory and non-binding vote to approve the compensation of the Company's named executive officers on an annual basis. The next advisory and non-binding vote to approve the compensation of the Company's named executive officers will occur at the 2016 Annual Meeting of Stockholders.

The Board of Directors recommends that stockholders vote "FOR" this proposal to provide advisory approval of the compensation of the Company's named executive officers.

Audit Committee Report

The Audit Committee of the Board of Directors (for purposes of this report, the Committee) is composed of four non-employee directors, each of whom satisfies the requirements of FDICIA for Audit Committee members and the independence requirements of the SEC and the NASDAQ Stock Market's listing standards. In addition, the Board of Directors has also determined that Mr. Adams qualifies as an "audit committee financial expert" within the meaning of applicable regulations of the SEC, promulgated pursuant to the Sarbanes-Oxley Act of 2002.

The Committee oversees the Company's financial reporting process on behalf of the Board. Management is responsible for the Company's internal controls, financial reporting process and compliance with applicable laws and regulations and ethical business standards. The independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with Generally Accepted Accounting Principles (GAAP) and for issuing a report thereon. The Committee monitors and oversees

these processes and has sole responsibility for the appointment, compensation and evaluation of the Company's independent registered public accounting firm.

- 31 -

In this context, the Committee met and held discussions with management and the independent registered public accounting firm. Management represented to the Committee that the Company's audited consolidated financial statements were prepared in accordance with GAAP, and the Committee has reviewed and discussed the audited consolidated financial statements with management and the independent registered public accounting firm. The Committee also discussed with management, the independent registered public accounting firm and the Company's internal auditors the adequacy of the Company's system of internal controls.

The Committee discussed with the independent registered public accounting firm matters required to be discussed under the auditing standards of the Public Company Accounting Oversight Board, including Auditing Standard No. 16. Matters discussed include the independent registered public accounting firm's judgments about the quality, not just the acceptability, of the Company's accounting principles and underlying estimates in the Company's consolidated financial statements; all critical accounting policies and practices to be used; all alternative treatments within GAAP for policies and practices related to material items that have been discussed with management of the Company; and other material written communication between the independent registered public accounting firm and the management of the Company, such as any management letter or schedule of unadjusted differences.

The Company's independent registered public accounting firm also provided to the Committee the written disclosures and letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Committee concerning independence, and the Committee discussed with the independent registered public accounting firm that firm's independence.

The Committee also discussed with the Company's internal auditors and independent registered public accounting firm the overall scope and plans for their respective audits. The Committee met with the internal auditors and independent registered public accounting firm, with and without management present, to discuss the results of their examinations, the evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

Based upon the Committee's discussions with management and the independent registered public accounting firm and the Committee's review of the representation of management and the written disclosures and report of the independent registered public accounting firm to the Committee, the Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2014, for filing with the SEC.

The Audit Committee has adopted, and the Board of Directors has ratified, an Audit Committee Pre-Approval Policy, which sets forth the procedures and the conditions pursuant to which services proposed to be performed by the independent auditors may be pre-approved. The Audit Committee has delegated interim pre-approval authority to Mrs. Thacker, Chairman of the Audit Committee. Any interim pre-approval of permitted non-audit services is required to be reported to the Audit Committee at its next scheduled meeting. Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires directors, executive officers, and 10% beneficial owners of the Company's common stock to file reports concerning their ownership of and transactions in the Company's common stock. Based on a review of the reports of changes in beneficial ownership of Company common stock and written representations made to the Company, the Company believes that its officers, directors and 10% beneficial owners complied with all filing requirements under Section 16(a) during 2014, with the exception of Mr. Adams whose initial report on Form 3 is considered late due to the inadvertent omission of shares held by his spouse, which was subsequently corrected and Ms. Melissa Burroughs, an executive officer during 2014, who reported one late transaction on a Form 4.
