**About the Board of Directors and Its Committees**

As of the date of this Proxy Statement, The First Bancorp, Inc. had a Board comprised of nine Directors. During 2008 there were six regular Board meetings, one special shareholder meeting and one Annual Meeting. After each regular Board meeting an executive session was held without management present. The Board s Attendance Policy states that all members of the Board are strongly encouraged to attend each meeting of the Board and Committees on which they serve. All Directors attended at least 75% of Board meetings and meetings held by Committees of which they were members in 2008 other than former Director Nelson who attended 50% of the Audit Committee meetings. The aggregate attendance at Board and Committee meetings by all members of the Board of Directors in 2008 was in excess of 90%. All Directors except Katherine M. Boyd are expected to attend the 2009 Annual Meeting of Shareholders, and all Directors were in attendance at the 2008 Annual Meeting.

**Audit Committee.** The members of the Company s Audit Committee for 2009 are David B. Soule, Jr., - Chairman, Robert B. Gregory and Mark N. Rosborough. This committee met four times during 2008. The Company s Audit Committee receives and reviews reports on examinations and accounting audits of the Company, and works to ensure the adequacy of operating practices, procedures and controls. The Company s Board of Directors has adopted a written charter for the Company s Audit Committee, which was published in the Company s 2004 Annual Proxy Statement and can be found on the Company s website [www.thefirstbancorp.com](http://www.thefirstbancorp.com). The 2008 report of the Audit Committee can be found on page 25 of this document.

**Nominating Committee.** The members of the Company s Nominating Committee are Mark N. Rosborough - Chairman, Carl S. Poole, Jr. and Stuart G. Smith. This committee met once during 2008. As stated in the Nominating Committee Charter adopted on February 19, 2004, the Company s Nominating Committee is responsible for the nomination of Board of Director members, establishing the tenure and the retirement policies for members of the Board of Directors and reviewing the Board of Directors overall effectiveness. The charter can be found on the Company s website [www.thefirstbancorp.com](http://www.thefirstbancorp.com). Each of the members of the Nominating Committee is independent as defined under the listing standards of the NASDAQ stock market.

**Compensation Committee.** The Company s Compensation Committee is a standing committee of the Bank s Board of Directors since all executive compensation is paid by the Bank. The Committee consists of Bruce B. Tindal - Chairman, Carl S. Poole, Jr., Mark N. Rosborough and Stuart G. Smith. This committee met six times during 2008. None of the members of this committee or Executive Officers of the Company serve on a similar committee or Board of any other public company. The function of this committee is to establish the compensation of the Chief Executive Officer and to review and approve the compensation of other Senior Executive Officers. The Compensation Committee Charter adopted in 2007 can be found in the Company s 2007 Annual Proxy Statement and on the Company s website [www.thefirstbancorp.com](http://www.thefirstbancorp.com).

In addition to the Compensation Committee, there are five other standing committees of the Bank s Board of Directors: Executive, Audit, Asset/Liability, Trust and Directors Loan. Certain members of Management also serve on some committees of the Bank. There are no family relationships among any of the Directors of the Company. Except as set forth in the merger agreement between the Company and FNB, in which it was specified that Messrs. McKim and Rosborough and one additional person to be named later will be added to the Company s Board of Directors, there are no arrangements or understandings between any Director and any other person pursuant to which that Director has been or is to be elected. No Director of the Bank or the Company serves as a Director on the board of any other corporation with a class of securities registered pursuant to Section 12 of the Securities Exchange Act of 1934 or that is subject to the reporting requirements of Section 15(d) of the Securities Exchange Act of 1934, or of any company registered as an investment company under

the Investment Company Act of 1940, as amended.

**Compensation Committee Interlocks and Insider Participation in Compensation Decisions**

During 2008 Directors, Poole, Smith, Rosborough and Tindal served as members of the Compensation Committee. No member of the Committee was, or ever has been, an officer or employee of the Company or the Bank. All Committee members are customers of and engage in transactions with the Bank in the ordinary course of business. As described in the section entitled "Certain Relationships and Related Transactions", all loans to such individuals were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and, in the opinion of Management, did not involve more than the normal risk of collectability or present other unfavorable features.

**Director Independence**

The Board reviewed the independence of the Company's Directors in January 2009 on the basis of the standards adopted by the NASDAQ. In this review, the Board considered transactions and relationships between each Director (and any member of his or her immediate family) and the Company or the Bank and between certain entities in which any Director or any immediate family member has certain interests, on the one hand, and the Company or the Bank, on the other hand. The purpose of this review was to determine which of such transactions or relationships were inconsistent with a determination that the Director is independent under the NASDAQ rules. As a result of the review, the Board affirmatively determined that as of January 2009 all of the Directors are independent of the Company and the Bank under the NASDAQ rules with the exception of President Daigneault and EVP McKim.

**Code of Ethics**

The Company's Code of Ethics for Senior Financial Officers, which was adopted by the Board of Directors on June 19, 2003, and the Company's Code of Business Conduct and Ethics, which was adopted by the Board of Directors on April 15, 2004, are incorporated in the Company's 2006 Annual Report on Form 10-K as Exhibits 14.1 and 14.2, respectively. They are available on the Company's website at [www.thefirstbancorp.com](http://www.thefirstbancorp.com), and a copy may be obtained, free of charge, by written request to the Company.

**Audit Committee Financial Expert**

Pursuant to Section 407 of the Sarbanes-Oxley Act of 2002 and Item 306 of Regulation S-K promulgated by the Securities and Exchange Commission, the Company is required to disclose whether it has at least one Financial Expert serving on its Audit Committee and if so, the name of the expert and whether the expert is independent of Management. A company that does not have an Audit Committee Financial Expert must disclose this fact and explain why it has no such expert.

At the present time, the Company's Audit Committee does not have a member who meets the Securities and Exchange Commission's complete definition of a financial expert. It is the opinion of the Company's Board of Directors, however, that the Company addresses its audit functions with a depth of penetration and rigor that meets the intent of the requirements of the Sarbanes-Oxley Act for the following reasons:

The Company is a one-bank holding company owning all of the capital stock in the Bank. All Directors of the Bank meet the requirements and qualifications imposed by the Office of the Comptroller of the Currency, the Bank's principal regulator, which conducts regular supervisory examinations of the Bank. In addition to requiring knowledge of the banking industry and financial regulatory system, these qualifications require a background, knowledge, and experience in business or another discipline to oversee the Bank. All members of the Audit Committee of the Bank and the Company are independent Directors, as defined by the Securities and Exchange Commission and NASDAQ. The three members operate their own businesses and have knowledge of accounting for both their own businesses as well as for the Bank and the Company. The members of the Audit Committee have considerable experience as Directors of the Bank and the Company.

review. Both firms provide detailed quarterly reports to the Audit Committee and the Directors Loan Committees, respectively.

The Bank is a highly regulated entity which undergoes regular and thorough examination by the Office of the Comptroller of the Currency, with additional oversight by the Federal Deposit Insurance Corporation. The Company is a Financial Holding Company as defined by the Federal Reserve Board and as such is regulated and regularly examined by the Federal Reserve Board.

The Company also continuously reviews, at its own initiative, the expertise of the members of its Board of Directors and its Audit Committee.

### **Compensation Discussion and Analysis**

#### *Executive Summary*

The Compensation Committee of the Board of Directors of The First Bancorp, Inc., oversees the Company's executive compensation program. The committee consist solely of Independent Directors, i.e., those Directors who are neither officers or employees of the Company or its subsidiaries nor have a relationship which, in the opinion of the Board, would interfere with the exercise of independent judgment to carry out the responsibilities of a Director and who are otherwise independent under the rules of the NASDAQ Stock Market, Inc.

The Committee has the direct responsibility to:

1. Review and approve corporate goals and objectives relevant to the compensation of the Company's Chief Executive Officer (CEO), evaluate the CEO's performance in light of those goals and objectives and determine the CEO's compensation level based on this evaluation. The corporate goals are established jointly between the Compensation Committee and the CEO and are driven by the Company's strategic plan and annual operating budget. In addition to the Company-wide goals, the Committee and the CEO jointly agree on individual performance goals for the CEO. Examples of these goals, which may vary from year to year, include the Company's earnings targets, and loan and deposit growth objectives and risk management analysis as well as specific individual goals such as implementing components of the approved strategic plan and leadership development.
2. Review and approve the compensation of all other Executive Officers of the Company with recommendation and input from the CEO.
3. Review and approve grants, awards and issuances under, or any material amendment of, any stock option or other similar plan.
4. In consultation with Management, oversee regulatory compliance with respect to compensation matters, including overseeing the Company's policies on structuring compensation programs to preserve tax deductibility and, as and when required, establish performance goals and certify that performance goals have been attained for purposes of Section 162(m) of the Internal Revenue Code.
5. Review and approve any severance or similar termination payments proposed to be made to any current or former Executive Officer of the Company, and any agreements providing such payments.

In 2008, as a healthy financial institution, the Company's shareholders approved the Company's participation in the Capital Purchase Program (CPP) offered by the United States Department of the Treasury. As a participant in this program, the Company is subject to certain restrictions on executive compensation. The compensation limits apply to Senior Executive Officers (SEOs) of public or private institutions that participate in the CPP. SEOs include the chief executive officer (CEO), the chief financial officer (CFO) and the three most highly compensated executive officers other than the CEO and CFO as determined by compensation at the time the

Company entered into the program. The officers affected are Messrs. Daigneault, Ward, McKim and Wootton and Ms. Norton. The specific limits and the Company's compliance with them is detailed below:

1. Limits on Incentives tied to Unnecessary and Excessive Risk: According to the program guidelines, on February 5, 2009 the Compensation Committee met with the Company's Senior Risk Officer (Mr. Daigneault) to discuss the bank's incentive compensation program. In accordance with the CPP restrictions, the compensation committee certifies that it has reviewed with the Senior Risk Officer the SEO incentive compensation arrangements and has made reasonable efforts to ensure that such arrangements do not encourage SEOs to take unnecessary and excessive risks that threaten the value of the financial institution. The Compensation Committee will meet with the SRO on an annual basis to recertify this information.
2. Clawback Provision: As required under the Capital Purchase Program, any bonus or incentive compensation paid to a SEO may be recovered if the bonus or incentive was based on financial statements or other performance metric criteria later found to be materially inaccurate. This provision applies to all SEOs.
3. Prohibition on Golden Parachute Payouts under section 280G: The Company has no agreements in place that would fit this particular restriction of the CPP. For the institutions participating in the CPP program, the term "golden parachute payout" refers to any payment in the nature of compensation made to a SEO due to applicable severance from employment or in connection with bankruptcy to the extent that the aggregate present value of such payments equals or exceeds an amount equal to three times the executives base salary.
4. Deductibility Under Section 162(m): The CPP imposes stricter rules on the tax deductibility of compensation under new Code Section 162(m)(5).

### *Philosophy of Our Executive Compensation Program*

The Company recognizes that the attraction and retention of high performing employees are the key component to the organization's past performance and future success. In support of that objective, the Compensation Committee believes that the most effective executive compensation program is one that rewards annually the achievement of established long-term and strategic goals, and aligns executives' interests with those of shareholders and the long term interests of the Company. The Committee evaluates both performance and compensation of our executives relative to the compensation paid to similar executives at comparably sized and similarly performing banks. Our goal is to maintain an appropriate relationship between the compensation of our executives and the Company's performance. The overall objectives of our compensation program are:

- a) To provide both short and long-term alignment between pay and performance;
- b) To align executive interests with those of shareholders;
- c) To remain competitive within the marketplace in terms of total compensation; and
- d) To enable the Company to retain, attract, and motivate top talent.

The elements of our compensation program are discussed in brief below, but in summary, the elements of our program are as follows:

- a) Base Pay will target the market median (50<sup>th</sup> percentile), and will reflect the executive's role, experience and contribution to the Company.
- b) Short-term incentives will reflect annual goals related to the Company's profitability and achievement and may or may not be awarded on an annual basis.
- c) Long-term incentives may also be awarded on an annual basis and are intended to promote the retention of the executive team.
- d) Other benefits will be competitive and appropriate to retain and attract talented individuals.

Total compensation is expected to vary each year, and evolve over the long-term to reflect our performance relative to our peers and the industry with corresponding returns for our shareholders.

*Considerations in Determining Executive Compensation*

In 2008, Pearl Meyer & Partners, a consulting firm specializing in compensation and benefits for financial institutions, conducted a comprehensive total compensation analysis. The peer group utilized by the Company was New England non-metropolitan banks. The results of this review were used to guide the Committee's refinement of the Company's compensation philosophy and resulting compensation programs for senior executives.

**Compensation Benchmarking:** Understanding and having a comparative analysis of senior banking executives in the banking industry is a key element considered by the Committee in making compensation decisions. Similar to past internal practices, Pearl Meyer & Partners assisted the committee with defining a peer group of institutions of similar asset size and regional location. The peer group includes the two comparable banks located in the state of Maine and other banks located in similar non-metropolitan areas in the Northeast. The comparable companies are reviewed annually and may change slightly depending on changes either in the market or in the peer group banks. The peer group targets approximately 20 institutions ranging from two-thirds to two times the Company's size. The overall objective is to position the Company at approximately the median. The peer group used for 2008 was as follows:

*Washington Trust Bancorp, Inc*  
*Brookline Bancorp, Inc.*  
*Camden National Corporation*  
*Century Bancorp, Inc.*  
*Bancorp Rhode Island, Inc.*  
*Canandaigua National Corporation*  
*United Financial Bancorp, Inc.*  
*Westfield Financial, Inc.*  
*Beacon Federal Bancorp, Inc.*  
*Bar Harbor Bankshares*  
*Chemung Financial Corporation*

*Berkshire Hills Bancorp, Inc.*  
*Tompkins Financial Corporation*  
*Financial Institutions, Inc.*  
*Arrow Financial Corporation*  
*Alliance Financial Corporation*  
*Merchants Bankshares Inc.*  
*Enterprise Bancorp Inc.*  
*Benjamin Franklin Bancorp, Inc.*  
*Legacy Bancorp, Inc.*  
*Wilber Corporation*  
*New Hampshire Thrift Bancshares, Inc.*

In addition to the peer group, the consultant included data from other industry data bases and surveys including Watson Wyatt Financial Institutions Benchmark Survey and Pearl Meyer & Partners' own annual survey. Data and competitive perspectives were assessed relative to base salary, total cash compensation, short and long-term incentives, total direct compensation, benefits and other compensation, and total compensation. The Committee reviewed data individually and in the aggregate. Data from the review was used to develop pay guidelines and as a reference for decisions for both short term and long term compensation.

*Elements of the Compensation Program – Detail*

**Base Pay:** Base salary is used to recognize the experience, skills, knowledge and responsibilities required of all our employees, including our executives. When establishing base salaries for 2008, the Compensation Committee considered peer group data for two different surveys. These surveys are compiled independently by Berry, Dunn, McNeil and Parker and SNL Financial. These reports are available in the fall of each year and break the information down into various peer groups. The peer group utilized by the Company was New England non-metropolitan banks. During 2008, as noted previously, the Compensation Committee engaged the services of Pearl Meyer & Partners to conduct a comprehensive compensation analysis. One result of this analysis was the establishment of a peer group, detailed above, and the Committee made a decision to target base salaries at the market median (50<sup>th</sup> percentile). In addition to the peer group comparison, a variety of other factors are used to determine base compensation, including: the seniority of the individual, the level of the officer's responsibility and the performance of the officer in meeting his/her annual goals. The goals of the named Executive Officers, other than the CEO, are set jointly by the CEO and the named officer, and reviewed by the Compensation Committee. These goals are aligned with the Company's goals and individualized for the area of responsibility of the named executive. For example, the Senior Loan Officer has goals on loan growth

targets and loan quality parameters, the latter being measured on the basis of loan delinquency rates, level of non-performing loans and amount of loan charge-offs for the year. The CFO has goals based on asset liability management, investment portfolio performance and quality of financial reporting. As a high-performing Company with consistent results in the upper quartile of our peer group we believe that the base salaries of our executives should be reflective of our performance within our industry. Base salaries are reviewed at least annually by the Compensation Committee.

#### *Short Term Incentives*

**Stakeholder Cash Bonus:** In 1994, the Company instituted a formal performance-based compensation program called Performance Compensation for Stakeholders. The objective of the program is to align the performance of all employees with the Company's short-term and long-term objectives. In 2008, total cash payout under this Stakeholder Performance Compensation program was 7.0% of the participating employees' base salaries paid to all eligible employees. The aggregate payout is the weighted average payout for nine key performance indicators. The weight assigned to each indicator is based on the contribution that indicator makes toward revenues and/or net income. The key performance indicators for 2008 included loan volume, core deposit volume, net interest income, non-interest income, wealth management revenues, checking account openings, past-due loan percentage, non-accrual loan levels and efficiency ratio. These indicators and weights are prepared by Management and reviewed and approved by the Board of Directors. The final payout percentage is approved by the Board.

The performance compensation program's overall objective is to maximize the long-term viability of the Company and increase shareholder value. It addresses this by tying the performance payout to multiple goals which include profitability, growth, productivity and loan quality. The guiding principle is to reach a balance of profitability, growth, productivity and loan quality which should collectively have a positive impact on maximizing long-term shareholder value. The Committee believes that this performance based program provides a reward for high levels of current performance without sacrificing the achievement of long-term goals. Each year specific key performance indicators are chosen along with company-wide financial performance trigger levels.

**Discretionary Bonus Program:** In addition to the Stakeholder Bonus Program, the Company has established a discretionary bonus program. The objective of this program is to provide additional cash bonuses to employees and named executives who have had outstanding year of performance and/or who had an extraordinary accomplishment during the year. Any cash bonus awarded to a named Executive Officer requires the approval of the Compensation Committee and bonuses may not be awarded every year. Outstanding performance recognized in prior year discretionary cash bonuses included above budget growth in net income, loan growth, and non-interest income revenue growth exceeding annual budget. In addition, bonuses may be paid for one-time events such as a successful technology conversion and, as in 2004, for successful consummation of the merger with FNB Bankshares.

#### *Long Term Incentives*

**Stock Options:** The Company has a stock option plan that is administered by the Compensation Committee of the Board of Directors. The purpose of this plan is to grant options to executives to better align their interests through equity ownership with those of the shareholders. By having a portion of the executive's compensation tied to the performance of the Company's stock, the individual will be rewarded for maximizing long term shareholder value. Stock options also focus on a mid- to long-term outlook which serves as a good balance to the short-term rewards of the stakeholder bonus program.

Stock options are also intended to encourage an executive to remain with the Company. The plan has a vesting schedule which takes up to five years before the executive is fully vested in the stock option grant. The grants do not have to be exercised until the tenth anniversary of the grant. The amount of options granted reflects the executive's position in the organization, level of responsibility, impact on the Company's performance and actual performance in meeting individual performance goals.

This stock option plan expired in April 2005. Prior to the expiration date, all of the options available under

## Edgar Filing: FIRST NATIONAL LINCOLN CORP /ME/ - Form DEF 14A

the plan were granted, with the last awards being made in January 2005. In 2008, the Company did not have an active option program and therefore no grants were awarded.

Supplemental Executive Retirement Plan: The Company also sponsors an un-funded, non-qualified supplemental retirement plan established in 1997 for certain Executive Officers. The plan provides supplemental retirement benefits payable in installments over 20 years upon retirement or death. The costs for this plan are recognized over the service lives of the participating Executive Officers. As of December 31, 2008, only two active executives (CEO Daigneault and CFO Ward) were participants in the plan. As originally adopted, the plan provides a projected retirement benefit for Mr. Daigneault, assuming he remains employed by the Bank until normal retirement age of 65, is \$169,329 per year, with such payments beginning in the year 2017. The projected retirement benefit for Mr. Ward, assuming he remains employed by the Bank until normal retirement age of 65, is \$61,127 per year, with such payments beginning in the year 2018. The benefits are capped at the above amounts. On December 30, 2008, the Company amended the plans to change the normal retirement age to receive the full benefit under the Plan from age 65 to age 63. The date on which the Executive Officer may begin to collect the retirement benefit payments does not change, however, and remains January 1 of the year in which the Executive Officer turns age 65. The plan also contains a restrictive covenant that may result in the Executive Officer forfeiting all accrued benefits should he accept employment with a competing financial institution within five years after his termination of employment with the Company.

### *Other Benefits*

401(k) and Other Benefits: The Company's primary retirement plan is the 401(k) Plan. It is available to any employee who has attained the age of 21 and completed six months of continuous service. The Company typically provides a match at 50% of employee deferrals to the extent that the deferral does not exceed 6% of eligible compensation. In addition, an annual profit sharing component of 2% to 3% may also be paid. The Board makes a determination at the end of the fiscal year as to what if any amount is to be paid based on the financial performance of the Company for the current year. Employee contributions are 100% vested at all times, while employer contributions are vested over a five-year period. Upon termination of employment for any reason, a plan participant may receive his or her contribution account and earnings allocated to it, as well as the vested portion of his or her employer-matching account and earnings allocated to it. Non-vested amounts are forfeited and are used by the Company to help defray plan administration expenses.

Stock Purchase Plan: The Company has a stock purchase plan available to all employees and Directors that provides an opportunity to purchase shares through payroll deduction. For Directors, they may elect to have up to 100% of their fees placed in the stock purchase plan. The purchase price is at the fair market value of the shares without a commission as determined by the NASDAQ closing price on the day the shares are purchased.

Severance and Change of Contract Benefits: The Company does not have any employment agreements with any of the executives of the Company. The Company also does not have a severance program for employees and executives, except for Mr. McKim, who entered into such agreement while employed by FNB Bankshares.

As a result of not having employment agreements with the Company's executives, the Company does not have any formal change-of-control benefits except for those in favor of the aforementioned FNB Bankshares executive.

Under the FNB Bankshares Continuity Agreements assumed by the Company in the merger, as subsequently amended in 2006 by agreement between the Company and the executive, a provision exists that if the executive's employment is terminated by the Company other than a) for Cause or b) upon the death of the executive or c) if the executive terminates for Good Reason as defined in the agreement, the executive shall receive a severance in a single lump sum. The amount of the severance payment is on a declining scale over a ten-year period that commenced in January 2005. Should another change of control take place under this amended Continuity Agreement, the executive shall be paid the amount set forth in his agreement based on the declining schedule.

In the event of a change of control, the non-vested portion of outstanding stock option grants will become fully vested upon the change of control. In addition, for the two active executives covered under the SERP

## Edgar Filing: FIRST NATIONAL LINCOLN CORP /ME/ - Form DEF 14A

(being CEO Daigneault and CFO Ward) their defined benefits under the SERP shall become fully vested upon a change of control.

Company Vehicle: Senior executives are provided mileage reimbursement for business travel when using their own vehicles. For certain named Executive Officers, a Company-owned vehicle may be provided subject to approval of the Compensation Committee. The non-business use of the vehicle is taxable income to the executive and is included as part of the executive's total compensation. In 2008 the four executives with company provided vehicles were CEO Daigneault, CFO Ward, EVP McKim and EVP Wootton.

Bank Owned Life Insurance: The Company may purchase a single-premium life insurance policy on the life of an executive with a split dollar benefit between the Company and the executive's estate. The Company believes that BOLI is a good investment option for the Company and also provides key man protection upon the untimely death of a senior executive. The cash surrender value is an asset of the Company.

### *Compensation of Chief Executive Officer and Named Executive Officers*

#### Base Salary

In fiscal 2008, CEO Daigneault's annual base salary was \$340,000. This represents a \$10,000 or 3.00% increase above his 2007 base of \$330,000. Mr. Daigneault's salary increase was based on a variety of factors including a comprehensive analysis of the salary surveys used by the Company to determine compensation of chief executives of peer group institutions ranges as well as the Company's performance in a difficult market. While 2008 was a challenging year for The First Bancorp given both the economic climate and interest rate environment, the Company performed well in comparison to its peers. Total loan portfolio growth in 2008 was \$59.1 million or 6.4%, which was one of the largest increases in both dollars and percentages of the publicly traded Maine-based banks. The Company saw a small increase in operating expenses despite upward trends in both the costs of energy and health care. The efficiency ratio for 2008 was 46.1%, down from 50.2% in 2007. Retaining a Company-wide focus on efficiency continues to be one of Mr. Daigneault's primary goals as CEO and an area in which The First Bancorp has excelled.

#### Stakeholder Cash Bonus

The Stakeholder Bonus Program, which is for all eligible employees, produced a bonus payout of 7.0% of pay for the year ended December 31, 2008. This payout was lower than the 8.1% paid out for the year ended 2007 and is consistent with the economic climate. The financial results for the Company were strong compared to other Maine-based banks and banks in the United States. The 7.0% payout for CEO Daigneault was also the same percentage of base paid to the other named executive officers still employed as of December 31, 2008.

#### Other Compensation

In 2008, there were no additional compensation items other than the normal ones detailed in the accompanying compensation table for CEO Daigneault, CFO Ward, EVP McKim, EVP Wootton and EVP Norton. The non-qualified retirement plan amount for President Daigneault and CFO Ward represent the required accounting accruals under the Supplemental Executive Retirement Plan and do not constitute cash payments.

**Executive Compensation**

The following Summary Compensation Table sets forth the cash and non-cash compensation for each of the last three fiscal years earned by the Principal Executive Officer, the Principal Financial Officer as well as the three other highest paid active Executive Officers in fiscal 2008. The Company made no Stock Awards and had no Non-Equity Incentive Plans in the last four fiscal years.

<sup>1</sup> Bank employees, including Executive Officers, are paid on a biweekly basis, generally resulting in 26 pay periods per year, so the officers' annual salaries are divided by 26 to determine the periodic pay. In 2008, there were 27 pay periods within the calendar year so each salaried employee of the Bank, including Executive Officers, received an additional two weeks pay above and beyond their pre-determined annual salary. This additional pay for Executive Officers was approved by the Compensation Committee.

<sup>2</sup> Bonuses are listed in the year earned and normally accrued. They may be paid in the following year. Under the Stakeholder Cash Bonus program, the named Executive Officers earned the same bonus paid to all employees, which amounted to 7.0% of base salary in 2008, 8.1% of base salary in 2007 and 8.3% of base salary in 2006. In 2007, a discretionary bonus in the amount of \$10,000 was also paid to CEO Daigneault.

<sup>3</sup> The amount shown represents the change in accrued liability in each of the years listed for the Supplemental Executive Retirement Plan detailed in the Pension Table.

<sup>4</sup> All Other Compensation is detailed in the table below and includes the following:  
*401(k) Matching and Profit Sharing Contributions.* In all years, the Company provided a match at 50% of employee deferrals to the extent that the deferral does not exceed 6% of eligible compensation. The Company also provides a profit-sharing contribution to employees who have been employed one year or more. This was 2.0% of base salary in 2008, 2007 and 2006. All 401(k) match and profit share contributions are subject to the IRS regulations that govern the maximum amount of an officer's earnings which are eligible to be considered for the match and profit share components of compensation.

*Company-Owned Vehicle.* The amounts shown represent the value of personal use for Company-Owned vehicles by the named executives.

*Economic Value of Life Insurance.* This represents the value of the named executives' portion of policies provided by Life Insurance Endorsement Split Dollar Plan agreement for Bank Owned Life Insurance.

Edgar Filing: FIRST NATIONAL LINCOLN CORP /ME/ - Form DEF 14A

*Continuity Agreement Payments.* As a result of the FNB merger, the Company assumed an Employment Continuity Agreement with Mr. McKim, which provides that if Mr. McKim's employment is terminated, or he elects to resign, within 24 months following the merger, Mr. McKim will receive a lump sum severance payment equal to 299% of his base salary as of December 31, 2004, provided that if such payment, alone or together with other payments Mr. McKim is entitled to receive on account of a change in control (as defined therein) would constitute a parachute payment under federal income tax law, the payment would be reduced to the largest amount that would not be subject to the excise tax applied to parachute payments. Under the terms of the Employment Continuity Agreement, Mr. McKim agrees that if he receives payments thereunder he will not accept employment with any financial institution which has an office or branch in any of Knox, Lincoln, Hancock or Washington counties, Maine for a period of one year from the date of his termination or resignation. On January 25, 2006, an amendment to the agreement removed his right to receive the above-stated lump sum severance payment if he elects to resign, in exchange for an amount equal to 10% of the lump sum severance payment as defined above. In addition, Mr. McKim will be entitled to a lump sum severance payment for a period of up to ten years from the January 14, 2005, if his employment is terminated by the Company. The amount of this lump sum severance payment will decrease by 10% each year until the end of the ten-year period. The amount shown for Mr. McKim in 2006 represents 10% of the lump sum severance payment as provided for in the amendment.

*Stock Options*

On December 15, 1994, the Company's Board of Directors adopted a Stock Option Plan (the "Option Plan") for the benefit of officers and other full-time employees of the Company and the Bank. This plan was approved by the Company's shareholders at the 1995 Annual Meeting. Under the Option Plan, 600,000 shares (subject to adjustment to reflect stock splits and similar events) are reserved from the authorized but unissued common stock of the Company for future issuance by the Company for exercise of stock options granted to certain key employees of the Company and the Bank from time to time. The purpose of the Option Plan is to encourage the retention of such key employees by facilitating their purchase of a stock interest in the Company. The Option Plan is intended to provide for the granting of incentive stock options under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code") to employees of the Company or the Bank.

The Option Plan is administered by the Compensation Committee of the Company's Board of Directors, which is comprised solely of Directors who are ineligible to receive grants of stock options under the Option Plan and who have not received grants of options within the 12 months preceding their appointment to the Compensation Committee. The Compensation Committee selects the employees of the Bank and the Company to whom options are to be granted and designates the number of options to be granted. The Option Plan may be amended only by the vote of the holders of a majority of the Company's outstanding common stock if such amendment would increase the number of shares available for issuance under the Option Plan, change the eligibility criteria for grants of options under the Option Plan, change the minimum option exercise price or increase the maximum term of options. Other amendments may be effected by the Compensation Committee.

Employees selected by the Compensation Committee receive, at no cost, options under the Option Plan. The option exercise prices are equal to or exceed the fair market value of the shares on the date of the grant, and no option is exercisable after the expiration of ten years from the date it is granted. The fair market value of the shares is determined by the Compensation Committee as specified in the Option Plan. The optionee cannot transfer or assign any option other than by will or in accordance with the laws of descent and distribution, and the option may be exercised only by the employee during the employee's lifetime. After an employee's death, options may be exercised by the employee's estate or heirs up to one year following the date of death. Code Section 422 limits option grants by providing that during the term of the Option Plan, no grant may be made to any employee owning more than 10% of the Company's outstanding shares unless the exercise price is at least 110% of the underlying shares' fair market value and such option is not exercisable more than five years following the option grant. The aggregate fair market value of the stock for which any employee may be granted incentive stock options which are first exercisable in any calendar year may generally not exceed \$100,000.

While generally no options may be exercisable before the second anniversary of the grant date, in the event of a change in control involving the Company all options (other than those held by officers or Directors of the Company or the Bank for less than six months) shall become immediately exercisable. Also, an employee whose employment is terminated in connection with or within two years after such a change in control event shall be entitled to exercise all options for up to three months following the date of termination; provided that options held by officers or Directors shall not be exercisable until six months after the grant date. Employees whose services are terminated, other than following a change in control as described above, shall thereupon forfeit any options held; provided, however, that following termination due to disability an employee shall be entitled to exercise options for up to one year (provided, further, that officers may exercise only with respect to options held for at least six months).

The Company receives no monetary consideration for the granting of incentive stock options. Upon exercise, the Company receives a cash payment from optionees in exchange for shares issued. No federal income tax consequences are incurred by the Company at the time incentive stock options are granted or exercised, unless the optionee incurs liability for ordinary income tax treatment upon exercise of the option, as discussed below, in which event the Company would be entitled to a deduction equal to the optionee's ordinary income attributable to the options. Provided the employee holds the shares received on exercise of a stock option for the longer of two years after the option was granted or one year after it was exercised, the optionee will realize capital gains income (or loss) in the year of sale in an amount equal to the difference between the sale price and the option exercise price paid for shares. If the employee sells the shares prior to the expiration of the period, the employee realizes ordinary income in the year of disposition equal to the difference between the fair market value of the shares on the date of exercise and the exercise price and capital gains income (or loss) equal to the difference (if any) between the sale price of the shares and the fair market value of the shares on the date

of exercise. In addition to the tax consequences discussed above, the excess of the option price over the fair market value of the optioned stock at the time of option exercise is required to be treated by an incentive optionee as an item of tax preference for purposes of the alternative minimum tax.

**Pension Plan**

Although the 401(k) Plan is the Bank's primary retirement plan, the Bank also sponsors an un-funded, non-qualified supplemental retirement plan for certain Executive Officers. The plan provides supplemental retirement benefits payable in installments over 20 years upon retirement or death. The costs for this plan are recognized over the service lives of the participating Executive Officers. The projected retirement benefit for Mr. Daigneault, assuming he remains employed by the Bank until normal retirement age of 65, is \$169,329 per year, with such payments beginning in the year 2017. The projected retirement benefit for Mr. Ward, assuming he remains employed by the Bank until normal retirement age of 65, is \$61,127 per year, with such payments beginning in the year 2018. The benefits are capped at the above amounts. On December 30, 2008, the Company amended the plans to change the normal retirement age to receive the full benefit under the Plan from age 65 to age 63. The date on which the Executive Officer may begin to collect the retirement benefit payments does not change, however, and remains January 1 of the year in which the Executive Officer turns age 65. The Plan also contains a restrictive covenant that may result in the Executive Officer forfeiting all accrued benefits should he accept employment with a competing financial institution within five years after his termination of employment with the Company.

The following table of Pension Benefits shows the present value of accumulated benefits for the named Executive Officers:

Name	Plan Name	Number of Years Credited Service	Present Value of Accumulated Benefit (\$)	Payments During Last Fiscal Year (\$)
Daniel R. Daigneault	Supplemental Executive Retirement Plan	10.25	568,000	-
F. Stephen Ward	Supplemental Executive Retirement Plan	10.25	181,000	-
Tony C. McKim	-	-	-	-
Charles A. Wootton	-	-	-	-
Susan A. Norton	-	-	-	-

The Company does not have Nonqualified Deferred Compensation as part of its compensation program.

**Other Employee Benefits**

The Bank provides all full-time employees with group life, health, and long-term-disability insurance through the Independent Bankers' Trust of Maine and Bankers Health Trust. A Flexible Benefits Plan is available to all full-time employees after satisfying eligibility requirements and to part-time employees scheduled to work 20 or more hours a week.

**Director Compensation**

In 2008, each of the outside Directors of the Bank, with the exception of the Chairman of the Board, received a Director's fee in the amount of \$700 for each meeting attended, \$400 for each meeting attended of a committee of which the Director is a member. The Chairman of the Board received an annual fee of \$30,000. In addition to meeting fees paid for meetings attended, the Chairman of the Executive Committee received a stipend of \$6,000 and the Chairman of the Audit Committee received a stipend of \$8,000. Each of the outside Directors also received a monthly retainer of \$800. Certain Board members were also paid fees for consulting services and legal services, and such fees are on terms no more favorable to the recipient than are generally paid by the Bank for such services to other providers in the area. Fees paid by the Bank to its Directors as a group totaled \$200,400.00 in 2008, but no fees are paid to Directors of the Company. Of the \$200,400 paid to the outside Directors, 42.2% of this portion was reinvested in the Company through the Employee Stock Purchase Plan. President Daigneault and EVP McKim, who are the only Directors who are also employees of the Company, receive no additional compensation for serving on the Board of Directors of the Company or the Bank. The following table of Director Compensation details compensation paid to Directors in 2008.

**Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Exchange Act requires that the Company's Directors, Executive Officers, and any person holding more than ten percent of the Company's Common Stock file with the SEC reports of ownership changes, and that such individuals furnish the Company with copies of the reports.

Based solely on a review of the reports furnished to the Company, or written representations from reporting persons that all reportable transactions were reported, the Company believes that during the fiscal year ended December 31, 2008 the Company's officers, Directors and greater than ten percent owners timely filed all reports they were required to file under Section 16(a).

---

<sup>1</sup> An issuer does not have an obligation to research or make inquiry regarding delinquent Section 16(a) filings beyond reviewing copies of the Forms 3, 4 and 5 received by the issuer. In addition, Item 405 of Regulation S-K provides that an issuer may rely on a written representation from an insider to the effect that no Form 5 was required to be filed.

***PROPOSAL 2 NON-BINDING VOTE ON THE COMPANY S EXECUTIVE COMPENSATION***

In February 2009, the United States Congress passed, and President Obama signed into law, the American Recovery and Reinvestment Act of 2009 (the Stimulus Law ). This law, which includes a number of measures aimed at stimulating the U.S. economy and addressing the ongoing financial and economic turbulence in the U.S., also includes several provisions that retroactively impose additional restrictions and legal requirements on financial institutions and financial institution holding companies, such as the Company, that have participated in the Troubled Assets Relief Program s Capital Purchase Program ( CPP ).

Among the requirements imposed on the Company by the Stimulus Law is a mandate that, in connection with any annual or other meeting of its shareholders held while the preferred stock issued by the Company under the CPP remains outstanding, the Company permit a non-binding vote by its shareholders with respect to the compensation of the Company s executives as disclosed in the proxy statement and the accompanying annual report of the Company with respect to the preceding year (in the case of this meeting, as disclosed with respect to the year ended December 31, 2008). The Stimulus Law expressly provides that any such shareholder vote shall not be binding on the Company s Board of Directors, and shall not be construed as overruling any decision by the Company s Board of Directors. In addition, the Stimulus Law states that any such vote shall not create or imply any additional fiduciary duty applicable to the Company s board of directors, nor shall any such vote be construed to restrict or limit the ability of shareholders to make proposals for inclusion in proxy materials related to the Company s executive compensation.

Approval of the Company s executive compensation policies and procedures would require that the number of votes cast in favor of the proposal exceed the number of votes cast against it. Abstentions and broker non votes will not be counted as votes cast and therefore will not affect the determination as to whether the Company s executive compensation policies and procedures are approved. Because this shareholder vote is advisory, it will not be binding upon the Company s Board of Directors

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE SHAREHOLDERS VOTE FOR PROPOSAL NO. 2.**

***PROPOSAL 3: APPOINTMENT OF AUDITORS***

Berry, Dunn, McNeil & Parker (BDMP) has served as independent auditor for the Company and the Bank since 1994. In the opinion of the Board of Directors, the reputation, qualifications and experience of the firm make its reappointment appropriate for 2009.

It is the desire of the Board of Directors Audit Committee that the appointment of BDMP as independent auditors be ratified by the shareholders at the Annual Meeting. Representatives from BDMP will be present at the Annual Meeting of shareholders and will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from shareholders.

**Under the Act, this proposal will be adopted if the number of shares voted in favor of the proposal exceeds the number of shares voted against the proposal. Broker non-votes and abstentions will not be included on either total.**

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE SHAREHOLDERS VOTE FOR PROPOSAL NO. 3**
