Item 3.01. Notice of Delisting or Failure to Satisfy a Continued Listing Rule or Standard; Transfer of Listing.

Research Frontiers Incorporated received a letter from The NASDAQ Stock Market on July 5, 2005, indicating that the Company's market value of listed securities is below the minimum \$50 million requirement for continued listing on the NASDAQ National Market System. The letter states that if the Company's market

value of listed securities does not exceed \$50 million for a minimum of 10 consecutive business days prior to August 4, 2005, NASDAQ will notify the Company that the Company's securities will be delisted from the NASDAQ National Market.

Research Frontiers received a Staff Determination Letter on August 8, 2005 indicating that Research Frontiers common stock is no longer eligible for continued listing on the Nasdaq National Market System because the market value of the Company's listed securities was below the minimum \$50 million requirement for continued listing on the NASDAQ National Market System under Nasdaq Marketplace Rule 4450(b)(1)(A) .

Research Frontiers is filing a request for a hearing before the Nasdaq Listing Qualifications Panel to appeal the Staff Determination Letter. There can be no assurance that the Panel will grant the Company's request for continued listing. While the appeals process is underway, the delisting process will be stayed, and the Company's common stock will continue to trade on the Nasdaq National Market under the symbol "REFR" until the panel makes a final decision. If the appeal by Research Frontiers is unsuccessful, the Company will apply to transfer the listing of its common stock to the Nasdaq SmallCap Market where it previously traded. Research Frontiers currently meets the requirements for listing on the Nasdaq SmallCap Market.

Item 9.01. Financial Statements and Exhibits.
