COMMITTEES OF THE BOARD OF DIRECTORS

The Risk Oversight and Audit Committee, Independent Compensation Committee and Credit Committee are described below.

Edgar Filing: BOK FINANCIAL CORP ET AL - Form DEF 14A

Risk Oversight and Audit Committee

During 2003, the Board of Directors of BOK Financial Corporation had a standing Risk Oversight and Audit Committee (the "Audit Committee") comprised solely of independent directors. The Board of Directors adopted a revised Audit Committee charter that complies with Rule 4350(d)(1) of the NASD listing standards which is attached hereto as Appendix A. The Audit Committee will have the responsibility and authority set forth in Rule 4350(d)(3) of the NASD listing standards under the revised charter. Among other things, the Audit Committee will be responsible for overseeing the accounting and financial reporting processes of the Company and the audits of the financial statements of the Company. The Audit Committee will also be directly responsible for the appointment, compensation, retention and oversight of the work of the Company's independent auditors, including the resolution of disagreements between management and the auditors regarding financial reporting. Additionally, the Audit Committee will approve all related party transactions that are required to be disclosed pursuant to Item 404 of Regulation S-K.

The current members of the Audit Committee are Messrs. Joullian (Chairman), Goodwin, Kyle, LaFortune and Lauinger. The Board of Directors has designated Mr. Joullian as its "audit committee financial expert," as defined in Item 401(h)(2) of Regulation S-K. Mr. Joullian is an "independent director" as defined in Rule 4200(a)(15) of the NASD listing standards. The Audit Committee held five meetings in fiscal 2003 and intends to meet at least five times in fiscal 2004. The Report of the Audit Committee is on page 10 of this proxy statement.

Independent Compensation Committee

In December 2002, the Board of Directors established an Independent Compensation Committee, consisting of five independent directors, to administer a performance based compensation plan for senior executives in accordance with the provisions of Section 162(m) of the Internal Revenue Code. The Independent Compensation Committee consists of Messrs. Cappy (Chairman), Corbett, Kyle, Robinson and Rooney. The

Independent Compensation Committee met four times in fiscal 2003 and plans to meet at least four times in fiscal 2004. Except for performance based compensation which is intended to comply with the requirements of Section 162(m), incentive compensation is administered by the Chief Executive Officer and senior management as described in the Report on Executive Compensation found on page 19 of this proxy statement.

Credit Committee

The purpose of the Credit Committee is to review and report to the Board of Directors regarding the quality of the Company's credit portfolio and trends affecting the credit portfolio. It also oversees the effectiveness and administration of credit-related policies and reviews the adequacy of the allowance for loan losses. The members of the Credit Committee are Messrs. Rooney (Chairman), Cappy, Griffin, Hargis, Harris, Kaiser, Lybarger, Malcolm and Zarrow. The Credit Committee met eleven times during fiscal 2003 and plans to meet at least eleven times in fiscal 2004.

DIRECTOR NOMINATIONS

While the Board of Directors does not have a standing nomination committee, director candidates identified by management and members of the Board of Directors are discussed at virtually every Board of Directors meeting. The Board has no written policy on qualifications of directors; however, the

Edgar Filing: BOK FINANCIAL CORP ET AL - Form DEF 14A

understood expectation is that directors will have all of the following characteristics: (i) Impeccable integrity; (ii) Strong sense of professionalism; and, (iii) Capability of serving the interests of stockholders, and several of the following characteristics: (i) Prominence in the community; (ii) Significant relations with one of the Company's subsidiary banks; (iii) Ability to represent the views of under-represented constituencies in the Company's market areas; (iv) Financial analytical skill and expertise; and, (v) Vision for social trends.

The Board of Directors will consider director candidates recommended by stockholders if provided with the following: (i) evidence in accordance with Rule 14a-8 of compliance with stockholder eligibility requirements; (ii) the written consent of the candidate(s) for nomination as a director and verification as to the accuracy of the biographical and other information submitted in support of the candidate; (iii) a resume or other written statement of the qualifications of the candidate(s) for nomination as a director; and, (iv) all information regarding the candidate(s) and the submitting stockholder that would be required to be disclosed in a proxy statement filed with the SEC if the candidate(s) were nominated for election to the Board of Directors. Any recommendations received from stockholders will be evaluated in the same manner that potential nominees suggested by board members, management or other parties are evaluated. The Board of Directors encourages shareholder director candidate recommendations.

Any stockholder that wishes to present a director candidate for consideration should submit the information identified above pursuant to the procedures set forth below under "Communication with the Board of Directors."

ATTENDANCE OF MEETINGS

The entire Board of Directors of BOK Financial met four times during 2003. All directors of BOK Financial attended 75% of all meetings of the Board of Directors and committees on which they served, except Messrs. Kyle, Lopez, McPherson and Moore who were unable to attend 75% of the meetings due to business conflicts. Although BOK Financial does not have a policy with respect to attendance by the Directors at the Annual Meeting of Stockholders, Directors are encouraged to attend. Twenty-two of the twenty-four members of the Board of Directors attended the 2003 Annual Meeting of Stockholders. The Board of Directors intends to meet at least four times in 2004.

INDEPENDENT DIRECTOR MEETINGS

The Board of Directors has adopted a policy of regularly scheduled executive sessions where independent directors will meet separate from management. The independent directors plan to meet in executive session after all regularly scheduled Board of Director meetings. The independent Directors held no executive sessions during 2003. The presiding Director at the executive sessions is Mr. Kaiser. Shareholders of the Company may communicate their concerns to the non-management Directors in accordance with the procedures described below under "Communications with the Board of Directors."

COMMUNICATION WITH THE BOARD OF DIRECTORS

The Board of Directors of BOK Financial believes that it is important for stockholders to have a process to send communications to the Board. Accordingly, stockholders who wish to communicate with the Board of Directors, or a particular Director, may do so by sending a letter to the Investor Relations Manager of BOK Financial at P.O. Box 2300, Tulsa, Oklahoma 74192. The mailing envelope should contain a clear notation indicating that the enclosed letter is a "Stockholder-Board Communication" or "Stockholder-Director

Edgar Filing: BOK FINANCIAL CORP ET AL - Form DEF 14A

Communication." Such letters should identify the author as a stockholder and state whether the intended recipients are all members of the Board of Directors or certain specified individual Directors. The Investor Relations Manager and the General Counsel will independently review the content of the letters. Communications which are constructive suggestions for the conduct of the business or policies of the Company will be promptly delivered to the identified Director or Directors. Communications which are complaints about specific incidents involving banking or brokerage service will be directed to the appropriate business unit for review. Director nominations will be reviewed for compliance with the requirements identified in the section of this proxy entitled "Director Nominations", and if meeting such requirements, promptly forwarded to the Director or Directors identified in the communication.

REPORT OF THE RISK OVERSIGHT AND AUDIT COMMITTEE

The Risk Oversight and Audit Committee (the "Audit Committee") oversees BOK Financial Corporation's (the Company's) financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee discussed and reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements.

The Committee discussed and reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under auditing standards generally accepted in the United States, including Statement of Auditing Standards No. 61, Communications with Audit Committees. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company including the matters in the written disclosures required by the Independence Standards Board as required by Independence Standards Board Standard No. 1. The Committee has also considered whether any non-audit services performed by the independent auditors is compatible with maintaining the auditor's independence.

The Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee meets with the internal and independent auditors with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the results of the Company's financial reporting.

Each of the members of the Audit Committee qualifies as an "independent" Director under the current listing standards of the National Association of Securities Dealers (NASD). The Board of Directors appointed E. Carey Joullian IV as the "audit committee financial expert."

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2003, for filing with the Securities and Exchange Commission. The Committee and the Board have also recommended the selection of the Company's independent auditors.

The number of performance shares issued in any one year may be increased or decreased based upon two performance measures: 1) Company earnings per share measured against peer group earnings per share and 2) business unit actual controllable value added measured against business unit planned controllable value added and attainment of individually established goals; provided however, that the performance measure for the Chief Executive Officer is based solely on the earnings per share measure. Pre-established performance targets and goals are determined by the Independent Compensation Committee and target achievement measure is based upon a trailing three year average. Individual executive performance shares may be increased in an amount not to exceed 50% of target compensation and decreased to 0% of target compensation based upon a Long Term Incentive matrix established by the Independent Compensation Committee. The determination of whether the number of shares will be increased or decreased for any fiscal year will be

determined on the second anniversary of the end of the year in respect of which the performance shares were issued. The value of the performance shares is based upon the market price of BOK Financial common stock on the date of grant.

(1) Grant #5, which relates to compensation for 2002, was awarded on March 25, 2003 as a result of the timing of the formation of the Independent Compensation Committee. Options related to compensation for services rendered in 2003 were awarded on four occasions: November 3, 2003 ("Grant #1"); December 2, 2003 ("Grant #2"); December 23, 2003 ("Grant #3"); and, January 7, 2004 ("Grant #4"). All grants were awarded pursuant to the BOKF 2003 Stock Option Plan.

- (2) o All Grant #1 options vest and become exercisable on November 3, 2005 and expire 45 days after vesting.
- o All Grant #2 options vest and become exercisable on December 2, 2005 and expire 45 days after vesting.
- o All Grant #3 options vest and become exercisable on December 23, 2005 and expire 45 days after vesting.
- o One-seventh of the Grant #4 options vest and become exercisable on January 7 of each year, commencing on January 7, 2005; provided, however, that no options may be exercised until the performance period ends and the Independent Compensation Committee certifies that the pre-established goals were met. Grant #4 vested options expire three years after vesting.
- o One-seventh of the Grant #5 options vest and become exercisable on March 25 of each year, commencing March 25, 2004; provided, however, that no options may be exercised until the performance period ends and the Independent Compensation Committee certifies that the pre-established goals were met. Grant #5 vested options expire three years after vesting.

(3) Present value at date of grant is based on the Black-Scholes Option Pricing Model adopted for use in valuing exercise stock options based on the following assumptions:

- o Grant #1: 17.8 volatility factor, 1.98% risk free rate of return, \$38.33 underlying price, no dividends;
- o Grant #2: 17.8 volatility factor, 2.13% risk free rate of return,

Edgar Filing: BOK FINANCIAL CORP ET AL - Form DEF 14A

\$38.78 underlying price, no dividends;

- o Grant #3: 17.8 volatility factor, 2.13% risk free rate of return, \$38.55 underlying price, no dividends;
- o Grant #4: 17.8 volatility factor, weighted average 3.33% risk free rate of return, \$38.87 underlying price, no dividends.
- o Grant #5: 17.8 volatility factor, weighted average 2.78% risk free rate of return, \$31.41 underlying price, no dividends.

The actual value, if any, an executive may realize will depend on the excess of the stock price over the exercise price on the date the option is exercised, so there is no assurance the value realized by the named executive will be at or near the value estimated by the Black-Scholes Model.

- (4) Grant # 4 Options may be increased or decreased based upon two performance measures: 1) Company earnings per share measured against peer group earnings per share and 2) business unit actual controllable value added measured against business unit planned controllable value added and attainment of individually established goals; provided, however, that the only performance measure for the Chief Executive Officer is the earnings per share measure. Pre-established performance targets and goals are determined by the Independent Compensation Committee and target achievement measure is based upon a trailing three year average. Grant #4 options may be increased in an amount not to exceed 50% of target long term compensation and decreased in amounts to 0% of target long term compensation based upon a Long Term Incentive matrix established by the Independent Compensation Committee. The determination of whether the number of options will be increased or decreased for any fiscal year will be determined on the second anniversary of the end of the year in respect of which the options were issued.
- (5) Grant #5 vested options expire three years after vesting. Grant # 5 Options may be increased or decreased based upon Company earnings per share measured against peer group earnings per share. Pre-established performance targets and goals are established by the Independent Compensation Committee and target achievement measure is based upon a trailing three year average. Grant #5 options may be increased in an amount not to exceed 50% of target compensation and decreased in amounts to 0% of target long term compensation based upon a Long Term Incentive matrix established by the Independent Compensation Committee. The determination of whether the number of options will be increased or decreased for any fiscal year will be determined on the second anniversary of the end of the year in respect of which the options were issued.

The following table sets forth certain information concerning the exercise of stock options by the Named Executive Officers during fiscal year 2003 and the 2003 fiscal year-end value of unexercised options.

Defined Benefits Plan

Certain executives of the Company participate in the BOK Financial Pension Plan (the "Pension Plan"). This plan was established in 1987 as a cash balance defined benefit pension plan and has remained substantially unchanged since its inception. Pension Plan benefits are determined based on a hypothetical account balance that accumulates over time. The account balance grows each year based on a 5.25% interest credit on prior balances plus an annual account addition based on the executive's covered pay, age at plan entry and years of service. The percentage of pay that is added to the executive's account each year, in addition to the 5.25% interest credit on the prior balance, is based on the schedule shown below:

ANNUAL ADDITION SCHEDULE

Entry Age	Years of Service		
	Less than 4	4 but less than 10	10 but less than 15
Under 30	2.5%	3.0%	3.5%
30 to 34	3.0%	3.5%	4.0%
35 to 39	4.0%	4.5%	5.0%
40 to 44	5.5%	6.0%	6.5%
45 to 49	6.5%	7.0%	7.5%
50 to 54	7.5%	8.0%	8.5%
55 to 59	8.0%	8.5%	9.0%
60 and over	8.5%	9.0%	9.5%

Covered pay generally includes base salary, shift differential and commissions, but does not include incentive pay and management bonuses. In addition, covered pay is limited by government regulations to no more than \$200,000. This \$200,000 limit is indexed and will be \$205,000 in 2004. All five

Edgar Filing: BOK FINANCIAL CORP ET AL - Form DEF 14A

named executives had their covered pay restricted by this government limit. There is no supplemental plan to make-up benefits lost due to this government restriction.

The normal retirement age under the plan is age 65. At that time, a participant may receive a lump sum equal to their hypothetical account or an annuity. Various annuity forms are available, but the basic monthly annuity is equal to the hypothetical account divided by 200. This annuity amount increases 5.25% each year and continues for the participant's life. Other actuarially equivalent annuity payment forms are also available.

The table below indicates the estimated annual basic annuity that will be payable to each executive if they retire at age 65. These amounts are the age 65 value and will increase 5.25% per year for as long as the executive remains alive. The estimates assume that government limits and each executive's pay will increase by 3.5% per year until age 65 and that each executive will remain employed by the Company and covered by the plan until their retirement.

Executive	Estimated Annual Basic Benefit at Age 65
Stanley A. Lybarger	\$45,236
C. Fred Ball, Jr.	\$13,947
Steven G. Bradshaw	\$43,734
V. Burns Hargis	\$15,875
W. Jeffrey Pickryl	\$30,900

BOK Thrift Plan

Employee contributions to the BOK Thrift Plan are matched by the Company up to 5% of base compensation, based on years of service. Participants may direct the investments of their accounts to a variety of options, including BOK Financial common stock.

Employment Agreements

A perpetual employment agreement is in effect between BOK and Mr. Lybarger. Generally, the agreement provides that Mr. Lybarger will continue to be employed in his present position and at his current rate of compensation. BOK may terminate the employment agreement and be liable for termination benefits not to exceed regular compensation and benefit coverage for twelve months (with termination benefits to be reduced by the amount of compensation received by Mr. Lybarger from other sources during the seventh through twelfth months after termination). In the event of a change of control of BOK, as defined in the employment agreement, Mr. Lybarger has the option, for a period of six months after the change of control, to resign and receive the same termination benefits as described in the preceding sentence in the event of termination by BOK.

An employment agreement is in effect between BOK Financial and Mr. Hargis. Generally, the agreement provides that Mr. Hargis will be employed by BOK Financial in the position of Vice Chairman for five years from December 1, 2003. BOK Financial may terminate the agreement without cause subject to payment of the agreed annual compensation and benefits for the remaining contract term. If such termination results within one year of a change of control, as defined in the agreement, Mr. Hargis shall receive his current monthly salary times the

Edgar Filing: BOK FINANCIAL CORP ET AL - Form DEF 14A

remaining months in the term of his contract divided by two. If such termination is not within one year of a change of control, Mr. Hargis shall receive salary and benefits for three months from the date of termination.

An employment agreement between BOT and Mr. Ball provides that Mr. Ball will be employed by BOT as its Chairman and Chief Executive Officer until the agreement is terminated by either BOT or Mr. Ball. BOK Financial may terminate without cause subject to payment of agreed annual compensation and benefits for a period not exceeding twelve months. Mr. Ball may terminate the agreement upon twenty-six days prior written notice.

REPORT ON EXECUTIVE COMPENSATION

Independent Compensation Committee

In December 2002, the Board of Directors established an Independent Compensation Committee consisting of five independent directors, to administer a performance based compensation plan for senior executives in accordance with the provisions of Section 162(m) of the Internal Revenue Code. The current members of the committee are Messrs. Cappy (Chairman), Kyle, Rooney, Robinson and Corbett.

The purpose of the Independent Compensation Committee is to establish performance goals at the beginning of each fiscal year and award incentive compensation under the BOK Financial Corporation 2003 Executive Incentive Plan, approved by shareholders at the 2003 Annual Meeting of Shareholders. The goals of the Independent Compensation Committee are to help the Company compete with peer institutions in attracting and retaining highly qualified individuals as executive officers, to pay executive officers based upon their contributions to the Company's performance, and to comply with Section 162(m) of the Internal Revenue Code.

Section 162(m) of the Internal Revenue Code limits deductibility for federal income tax purposes of compensation in excess of \$1,000,000 annually paid to individual executive officers unless certain exceptions, including compensation based on performance goals, are satisfied. The BOK Financial Corporation 2003 Executive Incentive Plan was established and is maintained to comply with the performance-based exception to limits on deductibility of executive officer compensation. The Chief Executive Officer, executives who report directly to the Chief Executive Officer and other selected officers approved by the Independent Compensation Committee may participate.

During 2003, the Independent Compensation Committee engaged an executive compensation consulting firm to review senior executive management compensation as compared to peer group. This report, along with recommendations from Mr. Lybarger, the Chief Executive Officer, was used by the Independent Compensation Committee to set target compensation, annual performance goals for bonus and long term incentive compensation and manner of payment of long term incentive compensation for each participant on an individual basis. The performance goals for 2003 were based on a combination of (i) Company earnings per share measured against peer group earnings per share and (ii) business unit performance and attainment of individual goals. The Independent Compensation Committee believes that basing executive compensation on earnings per share performance strengthens the alignment of the interests of the executive officers with those of all stockholders, while business unit performance measures promote individual productivity and leadership.

The Independent Compensation Committee feels that the Company performed exceptionally well as it recorded record earnings in 2003. The Committee believes that the compensation paid during 2003 was fair and reasonable and served the long term interests of the Company.

Informal Compensation Committee

In addition to the performance-based compensation which is intended to comply with the requirements of Section 162(m), the Company employs a wide range of other incentive compensation for its employees including a combination of annual salary, bonuses, pension plans and stock options. Such compensation is designed to attract and retain quality management and reward long term performance of the company. Compensation of the executive officers, other than Mr. Lybarger, has in practice been determined by Mr. Lybarger, the President and Chief Executive Officer, and Mr. Kaiser, the Chairman of the Board. Messrs. Kaiser and Lybarger are directors of the Company and are herein sometimes referred to collectively as the "Informal Compensation Committee." All compensation for fiscal 2003 for Mr. Lybarger was determined by the Independent Compensation Committee.

With respect to the 2003 fiscal year, the compensation paid to executive officers (other than performance based long term incentive compensation and Mr. Lybarger's compensation) was based on the evaluation by the Informal Compensation Committee of the performance of the Company and the performance of the individual officer. The cash and noncash compensation awarded the executive officers was based on the performance of the Company in meeting the corporate goals established for business development, expansion of market coverage, financial achievement and other areas. The responsibility of each executive officer for the various established corporate goals and the performance in meeting those goals were considered in establishing executive compensation. For fiscal year 2004, the salary, bonus and long term incentive compensation for Mr. Lybarger, and executives that report directly to Mr. Lybarger, will be determined by the Independent Compensation Committee.

The foregoing report of the Independent Compensation Committee is made by Messrs. Kaiser and Lybarger.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of the members of the Independent Compensation Committee were at any time officers or employees of the Company or any of its subsidiaries or had any relationship with the Company requiring disclosure under the Securities and Exchange Commission regulations. Messrs. Kaiser and Lybarger, who make up the Informal Compensation Committee which administers all compensation not intended to comply with Section 162(m), determine the majority of the compensation of the executive officers. See "Report of Executive Compensation" and "Certain Transactions."

and the financial reporting process, the systems of internal accounting and financial controls, the risk management function, the loan review function, the appraisal review function, the internal audit function, the annual independent audit of the Company's financial statements, and the legal compliance and ethics programs as established by management and the board. In so doing, it is the responsibility of the Committee to maintain free and open communication between the Committee, independent auditors, the internal auditors, risk management, loan review, appraisal review, compliance and management of the Company. In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Company. RESPONSIBILITIES AND PROCESSES

Management is responsible for preparing the Company's financial statements, and the independent auditors are responsible for auditing those financial statements and for reviewing the Company's unaudited interim financial statements. One of the responsibilities of the Committee is to oversee the Company's financial reporting process on behalf of the board and report the results of their activities to the board. The Committee in carrying out its responsibilities believes its policies and procedures should remain flexible, in order to best react to changing conditions and circumstances. It is also the responsibility of the Committee to oversee the Company's risk management, loan review, appraisal review, and compliance processes. In fulfilling their responsibilities hereunder, it is recognized that members of the Committee are not full-time employees of the Company and are not, and do not represent themselves to be, accountants or auditors by profession or experts in the fields of accounting or auditing. As such, it is not the duty or responsibility of the Committee or its members to conduct "field work" or other types of auditing or accounting reviews or procedures. In performing the duties of a director, a director shall be entitled

to rely on information, opinions, reports, or statements, including financial statements and other financial data in each case, prepared or presented by:

The Committee shall ascertain annually from the independent auditors whether the Company has issues under Section 10A(b) of the Exchange Act.
- o The Committee shall discuss with the internal auditors, risk management, loan review, appraisal review, compliance and the independent auditors the overall scope and plans for their respective work. Also, the Committee shall discuss with management, risk management, loan review, appraisal review, compliance, the internal auditors, and the independent auditors the adequacy and effectiveness of the accounting and financial controls, including the Company's system to monitor and manage business risk, and legal and ethical compliance programs.
- o The Committee or its designate shall discuss and review the interim financial statements with management and the independent auditors prior to the filing of the Company's Quarterly Report on Form 10-Q. Also, the Committee shall discuss the results of the quarterly review and any other matters required to be communicated to the Committee by the independent auditors under auditing standards generally accepted in the United States. The chair of the Committee may represent the entire Committee for the purposes of this review. Additionally, the chair of the Committee will represent the entire Committee for the purpose of discussing and reviewing the Company's "earnings release" information with the independent auditors, internal auditor, and management prior to the actual release of earnings to the public. Edgar Filing: BOK FINANCIAL CORP ET AL - Form DEF 14A

- o The Committee shall discuss and review with management and the independent auditors the financial statements to be included in the Company's Annual Report on Form 10-K (or the annual report to shareholders if distributed prior to the filing of Form 10-K), including their judgment about the quality, not just acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. Also, the Committee shall discuss the results of the annual audit and any other matters communicated to the Committee by the independent auditors under auditing standards generally accepted in the United States.
- o The Committee shall establish procedures for the receipt, retention, and treatment of complaints received by the issuer regarding accounting, internal accounting controls, or auditing matters, and the confidential, anonymous submission by employees of the issuer of concerns regarding questionable accounting or auditing matters.
