**CLEAR CHANNEL OUTDOOR HOLDINGS, INC. AND SUBSIDIARIES**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

**(UNAUDITED)**

**Note 1: BASIS OF PRESENTATION AND NEW ACCOUNTING STANDARDS**

**Preparation of Interim Financial Statements**

The consolidated financial statements were prepared by Clear Channel Outdoor Holdings, Inc. (the Company) pursuant to the rules and regulations of the Securities and Exchange Commission (SEC) and, in the opinion of management, include all adjustments (consisting of normal recurring accruals and adjustments necessary for adoption of new accounting standards) necessary to present fairly the results of the interim periods shown. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles in the United States have been condensed or omitted pursuant to such SEC rules and regulations. Management believes that the disclosures made are adequate to make the information presented not misleading. Due to seasonality and other factors, the results for the interim periods are not necessarily indicative of results for the full year. The financial statements contained herein should be read in conjunction with the consolidated and combined financial statements and notes thereto included in the Company's 2007 Annual Report on Form 10-K.

The consolidated financial statements include the accounts of the Company and its subsidiaries and give effect to allocations of expenses from Clear Channel Communications. These allocations were made on a specifically identifiable basis or using relative percentages of headcount or other methods management considered to be a reasonable reflection of the utilization of services provided. Significant intercompany transactions have been eliminated in consolidation. Investments in nonconsolidated affiliates are accounted for using the equity method of accounting.

**New Accounting Standards**

The Company adopted Financial Accounting Standards Board Statement No. 157, *Fair Value Measurements* (Statement 157) on January 1, 2008, and began to apply its recognition and disclosure provisions to its financial assets and financial liabilities that are remeasured at fair value at least annually. Statement 157 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include: Level 1, defined as observable inputs such as quoted prices in active markets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions.

The Company holds available-for-sale marketable equity securities classified in accordance with Statement of Financial Accounting Standards No. 115, *Accounting for Certain Investments in Debt and Equity Securities* (Statement 115). These equity securities are measured at fair value on each reporting date using quoted prices in active markets. Due to the fact that the inputs used to measure the equity securities at fair value are observable, the Company has categorized the securities as Level 1. The fair value of these securities at March 31, 2008 was \$128.5 million.

The Company adopted Financial Accounting Standards Board Statement No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities* (Statement 159), which permits entities to measure many financial instruments and certain other items at fair value at specified election dates that are not currently required to be measured at fair value. Unrealized gains and losses on items for which the fair value option has been elected should be reported in earnings at each subsequent reporting date. The provisions of Statement 159 were effective as of January 1, 2008. The Company did not elect the fair value option under this standard upon adoption.

## Note 2: INTANGIBLE ASSETS AND GOODWILL

Definite-lived Intangibles

The Company has definite-lived intangible assets which consist primarily of transit and street furniture contracts and other contractual rights. Definite-lived intangible assets are amortized over the shorter of either the respective lives of the agreements or over the period of time the assets are expected to contribute to the Company's future cash flows. The following table presents the gross carrying amount and accumulated amortization for each major class of definite-lived intangible assets at March 31, 2008 and December 31, 2007:

<i>(In thousands)</i>	March 31, 2008		December 31, 2007	
	Gross Carrying Amount	Accumulated Amortization	Gross Carrying Amount	Accumulated Amortization
Transit, street furniture, and other contractual rights	\$ 918,456	\$ 654,343	\$ 867,283	\$ 613,897
Other	10,639	9,465	10,719	9,618
<b>Total</b>	<b>\$ 929,095</b>	<b>\$ 663,808</b>	<b>\$ 878,002</b>	<b>\$ 623,515</b>

Total amortization expense from definite-lived intangible assets for the three months ended March 31, 2008 and for the year ended December 31, 2007 was \$13.0 million and \$53.2 million, respectively. The following table presents the Company's estimate of amortization expense for each of the five succeeding fiscal years for definite-lived intangible assets:

<i>(In thousands)</i>	
2009	\$ 48,538
2010	37,278
2011	26,721
2012	18,458
2013	17,554

As acquisitions and dispositions occur in the future and as purchase price allocations are finalized, amortization expense may vary.

Indefinite-lived Intangibles

The Company's indefinite-lived intangibles consist of billboard permits. The Company's billboard permits are issued in perpetuity by state and local governments and are transferable or renewable at little or no cost. Permits typically include the location which allows the Company the right to operate an advertising structure. The Company's permits are located on either owned or leased land. In cases where the Company's permits are located on leased land, the leases are typically from 10 to 20 years and renew indefinitely, with rental payments generally escalating at an inflation based index. If the Company loses its lease, the Company will typically obtain permission to relocate the permit or bank it with the municipality for future use.

The Company does not amortize its billboard permits. The Company tests these indefinite-lived intangible assets for impairment at least annually using a direct method. This direct method assumes that rather than acquiring indefinite-lived intangible assets as a part of a going concern business, the buyer hypothetically obtains indefinite-lived intangible assets and builds a new operation with similar attributes from scratch. Thus, the buyer incurs start-up costs during the build-up phase which are normally associated with going concern value. Initial capital costs are deducted from the discounted cash flows model which results in value that is directly attributable to the indefinite-lived intangible assets.

Under the direct method, the Company aggregates its indefinite-lived intangible assets at the market level for purposes of impairment testing as prescribed by Emerging Issues Task Force issue 02-07, *Unit of Accounting for Testing Impairment of Indefinite-Lived Intangible Assets*. The Company's key assumptions using the direct method are market revenue growth rates, market share, profit margin, duration and profile of the build-up period, estimated start-up capital costs and losses incurred during the build-up period, the risk-adjusted discount rate and terminal values. This data is populated using industry normalized information.

## Edgar Filing: WisdomTree Trust - Form NSAR-B

The carrying amounts for billboard permits at March 31, 2008 and December 31, 2007 were \$251.7 million and \$251.1 million, respectively.

### Goodwill

The Company tests goodwill for impairment using a two-step process. The first step, used to screen for potential impairment, compares the fair value of the reporting unit with its carrying amount, including goodwill. The second step, used to measure the

**Table of Contents**

amount of the impairment loss, compares the implied fair value of the reporting unit goodwill with the carrying amount of that goodwill. The Company's reporting unit for Americas is the reportable segment. The Company determined that each country in its International segment constitutes a reporting unit. The following table presents the changes in the carrying amount of goodwill in each of the Company's reportable segments for the three-month period ended March 31, 2008:

<i>(In thousands)</i>	Americas	International	Total
Balance as of December 31, 2007	\$ 688,336	\$ 474,253	\$ 1,162,589
Acquisitions	25	18,465	18,490
Foreign currency	(276)	39,902	39,626
Balance as of March 31, 2008	\$ 688,085	\$ 532,620	\$ 1,220,705

## Note 3: OTHER DEVELOPMENTS

Acquisitions

During the three months ended March 31, 2008, the Company's Americas segment paid \$34.4 million for the acquisition of advertising structures and the final earnout payments for Interspace Airport Advertising, which the Company acquired in July 2006. The Company's International segment paid \$34.2 million primarily related to the acquisition of additional equity interests in outdoor companies and the acquisition of advertising structures.

Disposition of Assets

During the first quarter of 2008, the Company exchanged assets in one of its Americas markets for assets located in a different market and recognized a gain of \$2.6 million in Gain on disposition of assets net. In addition, the Company sold its 50% interest in Clear Channel Independent, a South African outdoor advertising company, and recognized a gain of \$75.6 million in Equity in earnings of nonconsolidated affiliates based on the fair value of the equity securities received as consideration. The Company has classified these equity securities as available-for-sale on its consolidated balance sheet in accordance with Statement 115. The sale of Clear Channel Independent was structured as a tax free disposition, thereby resulting in no current tax expense recognized on the sale. As a result, the Company's effective tax rate for the first quarter of 2008 was 8.3%.

Legal Proceedings

On October 20, 1998, Jorge Luis Cabrera, Sr. and Martha Serrano, as personal representatives of the Estate of Jorge Luis Cabrera, Jr., filed a lawsuit against the Company in the 11th Judicial Circuit in and for Miami-Dade County, Florida. The plaintiff alleged the Company negligently constructed, installed or maintained the electrical system in a bus shelter, which resulted in the death of Jorge Luis Cabrera, Jr. Martha Serrano settled her claims with the Company. On June 24, 2005, the jury rendered a verdict in favor of the plaintiff, and awarded the plaintiff \$4.1 million in actual damages and \$61.0 million in punitive damages. The Company filed a motion to have the punitive damages award reduced. The trial judge granted the Company's motion. A final judgment in the amount of \$4.1 million in compensatory damages and \$12.3 million in punitive damages was signed on January 23, 2006. The Company has insurance coverage for up to approximately \$50.0 million in damages for this matter. The Company has settled this lawsuit with the plaintiff.

The Company is currently involved in certain other legal proceedings and, as required, has accrued its estimate of the probable costs for the resolution of these claims, inclusive of those discussed above. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in the Company's assumptions or the effectiveness of its strategies related to these proceedings.

## Note 4: COMMITMENTS AND CONTINGENCIES

Certain agreements relating to acquisitions provide for purchase price adjustments and other future contingent payments based on the financial performance of the acquired companies. The Company will continue to accrue additional amounts related to such contingent payments if and when it is determinable that the applicable financial performance targets will be met. The aggregate of these contingent payments, if

## Edgar Filing: WisdomTree Trust - Form NSAR-B

performance targets are met, would not significantly impact the financial position or results of operations of the Company.

As discussed in Note 3, there are various lawsuits and claims pending against the Company. Based on current assumptions, the Company has accrued its estimate of the probable costs for the resolution of these claims. It is possible, however, that future results of operations for any particular period could be materially affected by changes in the Company's assumptions or the effectiveness of its strategies related to these proceedings.

Note 5: RELATED PARTY TRANSACTIONS

The Company records net amounts due to or from Clear Channel Communications as Due from/to Clear Channel Communications on the consolidated balance sheets. The accounts represent the revolving promissory note issued by the Company to Clear Channel Communications and the revolving promissory note issued by Clear Channel Communications to the Company, up to a maximum of \$1.0 billion. The accounts accrue interest pursuant to the Master Agreement based upon LIBOR plus a margin and are generally payable on demand. Included in the accounts are the net activities resulting from day-to-day cash management services provided by Clear Channel Communications. As a part of these services, the Company maintains collection bank accounts swept daily by Clear Channel Communications. In return, Clear Channel Communications funds the Company's controlled disbursement accounts as checks or electronic payments are presented for payment. The Company's claim in relation to cash transferred from its concentration account is on an unsecured basis and is limited to the balance of the Due from Clear Channel Communications account. At March 31, 2008 and December 31, 2007, the asset recorded in Due from Clear Channel Communications on the consolidated balance sheet was \$151.9 million and \$265.4 million, respectively. The net interest income for the three months ended March 31, 2008 and 2007 was \$1.5 million and \$0.5 million, respectively. At March 31, 2008, the interest rate on the Due from Clear Channel Communications account was 1.7%.

The Company has a note in the original principal amount of \$2.5 billion to Clear Channel Communications which matures on August 2, 2010, and may be prepaid in whole at any time, or in part from time to time. This note accrues interest at a variable per annum rate equal to the weighted average cost of debt for Clear Channel Communications, calculated on a monthly basis. This note is mandatorily payable upon a change of control of the Company and, subject to certain exceptions, all proceeds from debt or equity raised by the Company must be used to prepay such note. At March 31, 2008, the interest rate on the \$2.5 billion note was 5.8%.

Clear Channel Communications has a five-year, multi-currency revolving credit facility in the amount of \$1.75 billion. Certain of the Company's International subsidiaries may borrow under a \$150.0 million sub-limit within this credit facility to the extent Clear Channel Communications has not already borrowed against this capacity. This sub-limit allows for borrowings in various foreign currencies, which are used to hedge net assets in those currencies and provide funds to the Company's International operations for certain working capital needs. Certain of the Company's International subsidiary borrowings under this sub-limit are guaranteed by Clear Channel Communications. The interest rate is based upon LIBOR or, for Euro denominated borrowings, EURIBOR, plus a margin. At March 31, 2008, there was no outstanding balance on this sublimit, and \$150.0 million was available for future borrowings, with the entire balance to be paid on July 12, 2009.

The Company provides advertising space on its billboards for radio stations owned by Clear Channel Communications. For the three months ended March 31, 2008 and 2007, the Company recorded \$1.7 million and \$1.9 million, respectively, in revenue for these advertisements.

Under the Corporate Services Agreement between Clear Channel Communications and the Company, Clear Channel Communications provides management services to the Company, which include, among other things: (i) treasury, payroll and other financial related services; (ii) executive officer services; (iii) human resources and employee benefits services; (iv) legal and related services; (v) information systems, network and related services; (vi) investment services; (vii) procurement and sourcing support services; and (viii) other general corporate services. These services are charged to the Company based on actual direct costs incurred or allocated by Clear Channel Communications based on headcount, revenue or other factors on a pro rata basis. For the three months ended March 31, 2008 and 2007, the Company recorded \$6.5 million and \$5.9 million, respectively, as a component of corporate expenses for these services.

Pursuant to the Tax Matters Agreement between Clear Channel Communications and the Company, the operations of the Company are included in a consolidated federal income tax return filed by Clear Channel Communications. The Company's provision for income taxes has been computed on the basis that the Company files separate consolidated federal income tax returns with its subsidiaries. Tax payments are made to Clear Channel Communications on the basis of the Company's separate taxable income. Tax benefits recognized on the Company's employee stock option exercises are retained by the Company.

The Company computes its deferred income tax provision using the liability method in accordance with Statement of Financial Accounting Standards No. 109, *Accounting for Income Taxes*, as if the Company was a separate taxpayer. Deferred tax assets and liabilities are determined based on differences between financial reporting bases and tax bases of assets and liabilities and are measured using the enacted tax rates expected to apply to taxable income in the periods in which the deferred tax asset or liability is expected to be realized or settled. Deferred tax assets are reduced by valuation allowances if the Company believes it is more likely than not that some portion or all of the asset will not be realized.

**Table of Contents**

Pursuant to the Employee Matters Agreement, the Company's employees participate in Clear Channel Communications' employee benefit plans, including employee medical insurance and a 401(k) retirement benefit plan. These costs are recorded as a component of selling, general and administrative expenses and were approximately \$2.9 million and \$2.5 million for the three months ended March 31, 2008 and 2007, respectively.

## Note 6: SEGMENT DATA

The Company has two reportable segments - Americas and International. The Americas segment primarily includes operations in the United States, Canada and Latin America, and the International segment includes operations in Europe, Asia and Australia. Share-based payments are recorded by each segment in direct operating and selling, general and administrative expenses.

### **Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS INTRODUCTION**

Management's discussion and analysis of our financial condition and results of operations is provided as a supplement to the unaudited interim financial statements and accompanying notes thereto to help provide an understanding of our financial condition, changes in our financial condition and results of our operations. The information included herein should be read in conjunction with the quarterly and annual financial statements.

#### **Description of Business**

Our revenue is derived from selling advertising space on displays owned or operated, consisting primarily of billboards, street furniture and transit displays. We own the majority of our advertising displays, which typically are located on sites that we either lease or own or for which we have acquired permanent easements. Our advertising contracts with clients typically outline the number of displays reserved, the duration of the advertising campaign and the unit price per display.

Our advertising rates are based on a number of different factors including location, competition, size of display, illumination, market and gross ratings points. Gross ratings points is the total number of impressions delivered by a display or group of displays, expressed as a percentage of a market population. The number of impressions delivered by a display is measured by the number of people passing the site during a defined period of time and, in some International markets, is weighted to account for such factors as illumination, proximity to other displays and the speed and viewing angle of approaching traffic. Management typically monitors our business by reviewing the average rates, average revenue per display, or yield, occupancy and inventory levels of each of our display types by market. In addition, because a significant portion of our advertising operations are conducted in foreign markets, the largest being France and the United Kingdom, management reviews the operating results from our foreign operations on a constant dollar basis. A constant dollar basis allows for comparison of operations independent of foreign exchange movements.

The significant expenses associated with our operations include (i) direct production, maintenance and installation expenses, (ii) site lease expenses for land under our displays and (iii) revenue-sharing or minimum guaranteed amounts payable under our billboard, street furniture and transit display contracts. Our direct production, maintenance and installation expenses include costs for printing, transporting and changing the advertising copy on our displays, the related labor costs, the vinyl and paper costs and the costs for cleaning and maintaining our displays. Vinyl and paper costs vary according to the complexity of the advertising copy and the quantity of displays. Our site lease expenses include lease payments for use of the land under our displays, as well as any revenue-sharing arrangements or minimum guaranteed amounts payable we may have with the landlords. The terms of our site leases and revenue-sharing or minimum guaranteed contracts generally range from 1 to 20 years.

In our International business, normal market practice is to sell billboards and street furniture as network packages with contract terms typically ranging from one to two weeks, compared to contract terms typically ranging from 4 weeks to one year in the United States. In addition, competitive bidding for street furniture and transit contracts, which constitute a larger portion of our International business, and a different regulatory environment for billboards, result in higher site lease cost in our International business compared to our Americas business. As a result, our margins are typically less in our International business than in the Americas.

Our street furniture and transit display contracts, the terms of which range from 3 to 20 years, generally require us to make upfront investments in property, plant and equipment. These contracts may also include upfront lease payments and/or minimum annual guaranteed lease payments. We can give no assurance that our cash flows from operations over the terms of these contracts will exceed the upfront and minimum required payments.

#### **Relationship with Clear Channel Communications**

On September 25, 2007, Clear Channel Communications' shareholders approved the Merger Agreement with a group of equity funds sponsored by Bain Capital Partners, LLC and Thomas H. Lee Partners, L.P. Clear Channel Communications anticipated the merger would close by the end of the first quarter of 2008. However, on March 26, 2008, Clear Channel Communications, joined by CC Media Holdings, Inc., sued the banks who had committed to financing the debt connected to the merger for tortious interference. A trial date is set for June 2, 2008. Clear Channel Communications is unable to estimate a closing date at this time and is not certain that a closing will occur.

There are several agreements which govern our relationship with Clear Channel Communications including the Corporate Services Agreement, Employee Matters Agreement and Tax Matters Agreement. Clear Channel Communications has the right to terminate these agreements in various circumstances. As of the date of the filing of this report, no notice of termination of any of these agreements has been received from Clear Channel Communications.

**Table of Contents**

Under the Corporate Services Agreement, Clear Channel Communications allocates to us our share of costs for services provided on our behalf based on actual direct costs incurred by Clear Channel Communications or an estimate of Clear Channel Communications' expenses incurred on our behalf. For the three months ended March 31, 2008 and 2007, we recorded approximately \$6.5 million and \$5.9 million, respectively, as a component of corporate expenses for these services.

**Share-Based Payments**

As of March 31, 2008, there was \$18.6 million of total unrecognized compensation cost, net of estimated forfeitures, related to unvested share-based compensation arrangements. This cost is expected to be recognized over a weighted average period of approximately three years. The following table details compensation costs related to share-based payments for the three months ended March 31, 2008 and 2007:

### ***Revenue***

Our revenue increased \$84.7 million during the first quarter of 2008 compared to the same period of 2007. Our International revenue increased \$68.4 million, with roughly \$46.4 million from movements in foreign exchange. The remainder of our International revenue growth was mostly associated with increases in China, Italy, Spain and Australia. Our Americas revenue grew \$16.3 million primarily from increases in airport and street furniture revenues as well as digital display revenue.

### ***Direct Operating Expenses***

Direct operating expenses increased \$76.6 million during the first quarter of 2008 compared to the same period of 2007. Our International segment contributed \$55.3 million of the increase, of which \$31.7 million related to movements in foreign exchange and the remainder of the increase was associated with an increase in site lease expenses. Americas direct operating expenses increased \$21.3 million driven by increased site lease expenses associated with new contracts and the increase in airport, street furniture and digital display revenues.

### ***Selling, General and Administrative Expenses (SG&A)***

SG&A increased \$17.1 million during the first quarter of 2008 compared to the same period of 2007. Our international SG&A expenses increased \$12.9 million primarily attributable to \$8.9 million from movements in foreign exchange. SG&A increased \$4.1 million in our Americas segment principally related to an increase in commission expenses associated with increased revenue.

### ***Depreciation and Amortization***

Depreciation and amortization increased \$9.4 million during the three months ended March 31, 2008 as compared to the same period of 2007. The increase was primarily due to foreign exchange.

### ***Gain on Disposition of Assets Net***

The gain on disposition of assets net for the three months ended March 31, 2008 decreased \$4.7 million from \$7.1 million in 2007 to \$2.4 million in 2008. During the first quarter of 2008, we exchanged assets in one of our Americas markets for assets located in a different market and recognized a gain of \$2.6 million in Gain on disposition of assets net. The gain in 2007 primarily related to \$5.5 million for the sale of International street furniture assets.

### ***Interest Expense (Including Interest on Debt with Clear Channel Communications)***

Interest expense decreased \$3.4 million during the three months ended March 31, 2008 as compared to the same period of 2007. The decrease was mainly due to a decline in the interest rate on the \$2.5 billion note to Clear Channel Communications. If the proposed merger transaction between Clear Channel Communications and private equity funds sponsored by Bain Capital Partners, LLC and Thomas H. Lee Partners L.P. is consummated, we expect interest expense will increase.

### ***Equity in Earnings of Nonconsolidated Affiliates***

Equity in earnings of nonconsolidated affiliates increased \$77.9 million during the three months ended March 31, 2008 as compared to the same period of 2007. In the first quarter of 2008, we sold our 50% interest in Clear Channel Independent, a South African outdoor advertising company, and recognized a gain of \$75.6 million.

### ***Other Income (Expense) Net***

Other income of \$12.5 million during the three months ended March 31, 2008 primarily relates to foreign exchange transaction gains on short-term intercompany accounts.

### ***Income Taxes***

Our operations are included in a consolidated income tax return filed by Clear Channel Communications. However, for our financial statements, our provision for income taxes was computed on the basis that we file separate consolidated income tax returns with our subsidiaries.

## Edgar Filing: WisdomTree Trust - Form NSAR-B

Current tax expense decreased \$11.8 million for the three months ended March 31, 2008 as compared to the three months ended March 31, 2007 primarily due to current tax benefits of approximately \$8.6 million recorded in 2008 related to additional tax depreciation deductions as a result of the bonus depreciation provisions enacted as part of the Economic Stimulus Act of 2008. Additionally, we sold our 50% interest in Clear Channel Independent, which was structured as a tax free disposition. The sale resulted in a gain of \$75.6 million with no current tax expense.

**Table of Contents**

Deferred tax expense increased \$9.0 million for the three months ended March 31, 2008 as compared to the three months ended March 31, 2007 primarily due to the additional tax depreciation deductions in 2008 mentioned above.

**Americas Results of Operations**

<i>(In thousands)</i>	Three Months Ended		% Change

	2008	2007	
Revenue	\$ 333,362	\$ 317,023	5%

Depreciation and amortization	50,099	46,561	8%
Operating income	\$ 68,643	\$ 81,305	(16)%

Revenue increased approximately \$16.3 million during the first quarter of 2008 compared to the first quarter of 2007 primarily from increases in airport and street furniture revenues as well as digital display revenue. The increase in street furniture revenue was primarily the result of a new contract in San Francisco while the increase in airport revenue was due to increased rates and occupancy. We benefited from contract wins in our airport business as well. Digital display revenue growth was primarily attributable to an increase in digital displays. Partially offsetting the revenue increase was a decline in bulletin and poster revenue of approximately \$4.5 million. The decline in bulletin revenue was primarily attributable to decreased occupancy while the decline in poster revenue was primarily attributable to a decrease in rate. Leading advertising categories during the quarter were telecommunications, retail, automotive, financial services and amusements. Revenue growth was led by Los Angeles, San Francisco, Seattle and Milwaukee and the Americas' international markets of Canada, Mexico and Peru.

Our Americas direct operating expenses increased \$21.3 million primarily from higher site lease expenses of \$18.9 million. Approximately \$8.9 million of this increase was associated with new airport and street furniture contracts and the remainder was primarily associated with the increase in airport, street furniture and digital revenue. Our SG&A expenses increased \$4.1 million primarily from commission expenses associated with the increase in revenue.

Operating income	\$ (13,598)	\$ (7,857)	NA

Revenue increased approximately \$68.4 million, with roughly \$46.4 million from movements in foreign exchange. The remainder of the revenue growth was primarily attributable to growth in China, Italy, Spain, Romania and Australia, partially offset by a revenue decline in the United Kingdom. We experienced weak advertising markets in both France and the United Kingdom during the quarter. China, Italy, Spain and Australia all benefited from strong advertising environments. We acquired operations in Romania at the end of the second quarter of 2007, which contributed to the revenue growth in 2008. We also benefited from political spending for the national elections in Italy. The revenue growth in Spain was primarily a result of our Barcelona bike contract, which we began operating during the first quarter of 2007.

Direct operating expenses increased \$55.3 million. Included in the increase is approximately \$31.7 million related to movements in foreign exchange. The remaining increase in direct operating expenses was primarily attributable to an increase in site lease expenses and other direct operating expenses associated with the increase in revenue. SG&A expenses increased \$12.9 million in 2008 over 2007 from approximately \$8.9 million related to movements in foreign exchange and an increase in selling expenses associated with the increase in revenue.

**LIQUIDITY AND CAPITAL RESOURCES****Clear Channel Communications Agreement and Plan of Merger**

Clear Channel Communications' capitalization, liquidity and capital resources will change substantially if their Agreement and Plan of Merger is consummated. Upon the closing of the merger, Clear Channel Communications will be highly leveraged. A deterioration in the financial condition of Clear Channel Communications could increase our borrowing costs or impair our access to the capital markets because of our reliance on Clear Channel Communications for availability under its revolving credit facility. If the merger is consummated we may no longer be able to access Clear Channel Communications' revolving credit facility, in which event we may enter into a new credit facility. Under our Master Agreement with Clear Channel Communications and the \$2.5 billion note payable to Clear Channel Communications, we are limited in our borrowing from third parties to no more than \$400.0 million. We expect the interest rate associated with a new facility would be greater than the rate we currently are charged. In addition, the interest rate we pay on our \$2.5 billion promissory note is based on the weighted average cost of debt for Clear Channel Communications which we expect to increase if the proposed merger transaction is consummated. If that cost increases, whether as a result of the consummation of the merger or a deterioration in the financial condition of Clear Channel Communications, our borrowing costs also will increase. To the extent we cannot pass on our increased borrowing costs to our clients, our profitability, and potentially our ability to raise capital, could be materially affected.

Also, so long as Clear Channel Communications maintains a significant interest in us, pursuant to the Master Agreement between Clear Channel Communications and us, Clear Channel Communications will have the option to limit our ability to incur debt or issue equity securities, which could adversely affect our ability to meet our liquidity needs.

**Cash Flows**

The following table summarizes our historical cash flows:

<i>(In thousands)</i>	Three Months Ended March 31,	
	2008	2007
Cash provided by (used in):		
Operating activities	\$ 55,193	\$ 86,449
Investing activities	\$ (126,880)	\$ (49,441)
Financing activities	\$ 44,079	\$ (33,568)

**Operating Activities:**

Net cash provided by operating activities of \$55.2 million for the three months ended March 31, 2008 principally reflected net income of \$88.9 million and depreciation and amortization of \$105.1 million. In addition, we recorded a \$75.6 million gain in equity in earnings of nonconsolidated affiliates related to the sale of our 50% interest in Clear Channel Independent based on the fair value of the equity securities received as consideration. Also offsetting the net cash provided by operating activities was a negative change in working capital of \$74.4 million. Net cash provided by operating activities of \$86.4 million for the three months ended March 31, 2007 principally reflected net income of \$16.1 million and depreciation and amortization of \$95.7 million. Net cash flow provided by operating activities was partially offset by a

negative change in working capital of \$24.3 million.

**Investing Activities:**

Net cash used in investing activities of \$126.9 million for the three months ended March 31, 2008 mainly reflected capital expenditures of \$73.3 million related to purchases of property, plant and equipment and \$68.6 million related to acquisitions of

operating assets. Net cash used in investing activities of \$49.4 million for the three months ended March 31, 2007 principally reflected capital expenditures of \$47.3 million related to purchases of property, plant and equipment and \$12.2 million related to acquisitions of operating assets.

**Financing Activities:**

Net cash provided by financing activities of \$44.1 million for the three months ended March 31, 2008 reflected net transfers from Clear Channel Communications of \$113.5 million, partially offset by a net reduction in debt of \$71.1 million. Net cash used in financing activities of \$33.6 million for the three months ended March 31, 2007 principally related to net reductions in debt of \$31.1 million and a net transfer of cash from Clear Channel Communications of \$7.8 million.

**Anticipated Cash Requirements:**

We expect to fund anticipated cash requirements (including payments of principal and interest on outstanding indebtedness and commitments, acquisitions and anticipated capital expenditures) for the foreseeable future with cash flows from operations, borrowing under the cash management note with Clear Channel Communications, and various externally generated funds.

**SOURCES OF CAPITAL**

As of March 31, 2008 and December 31, 2007, we had the following debt outstanding, cash and cash equivalents and amounts due from Clear Channel Communications:

<i>(In millions)</i>	<b>March 31, 2008</b>	<b>December 31, 2007</b>
Bank credit facility	\$	\$ 80.0
Debt with Clear Channel Communications	2,500.0	2,500.0
Other borrowings	114.4	102.0
 Total debt	 2,614.4	 2,682.0
Less: Cash and cash equivalents	108.6	134.9
Less: Due from Clear Channel Communications	151.9	265.4
	 \$ 2,353.9	 \$ 2,281.7

**Bank Credit Facility**

In addition to net cash flows from operations, another source of liquidity is through borrowings under a \$150.0 million sub-limit included in Clear Channel Communications five-year, multicurrency \$1.75 billion revolving credit facility. Certain of our International subsidiaries may borrow under the sub-limit to the extent Clear Channel Communications has not already borrowed against this capacity and is in compliance with its covenants under the credit facility. The interest rate on outstanding balances under the credit facility is based upon LIBOR or, for Euro denominated borrowings, EURIBOR, plus, in each case, a margin. At March 31, 2008 and May 7, 2008, there was no outstanding balance on the sub-limit, and \$150.0 million was available for future borrowings, with the entire balance to be paid on July 12, 2009.

**Debt With Clear Channel Communications**

As part of the day-to-day cash management services provided by Clear Channel Communications, we maintain accounts that represent net amounts, up to a maximum of \$1.0 billion, due to or from Clear Channel Communications, which is recorded as Due from/to Clear Channel Communications on the consolidated balance sheets. The accounts represent our revolving promissory note issued by us to Clear Channel Communications and the revolving promissory note issued by Clear Channel Communications to us. The accounts accrue interest pursuant to the Master Agreement based upon LIBOR plus a margin and are generally payable on demand. Included in the account are the net activities resulting from day-to-day cash management services provided by Clear Channel Communications. As a part of these services, we maintain collection bank accounts swept daily by Clear Channel Communications. In return, Clear Channel Communications funds our controlled disbursement accounts as checks or electronic payments are presented for payment. Our claim in relation to cash transferred from our concentration account is on an unsecured basis and is limited to the balance of the Due from Clear Channel Communications account. At

## Edgar Filing: WisdomTree Trust - Form NSAR-B

March 31, 2008 and December 31, 2007, the asset recorded in Due from Clear Channel Communications on the consolidated balance sheets was \$151.9 million and \$265.4 million, respectively. The net interest income for the three months ended March 31, 2008 and 2007 was \$1.5 million and \$0.5 million, respectively. At March 31, 2008, the interest rate on the Due from Clear Channel Communications account was 1.7%.

Unlike the management of cash from our U.S. based operations, the amount of cash, if any, which is transferred from our foreign operations to Clear Channel Communications is determined on a basis mutually agreeable to us and Clear Channel

Communications, and not on a pre-determined basis. In arriving at such mutual agreement, the reasonably foreseeable cash needs of our foreign operations are evaluated before a cash amount is considered as an excess or surplus amount for transfer to Clear Channel Communications.

We have a note in the original principal amount of \$2.5 billion to Clear Channel Communications which matures on August 2, 2010, and may be prepaid in whole at any time, or in part from time to time. The note accrues interest at a variable per annum rate equal to the weighted average cost of debt for Clear Channel Communications, calculated on a monthly basis. This note is mandatorily payable upon a change of control of us and, subject to certain exceptions, all proceeds from debt or equity raised by us must be used to prepay such note. At March 31, 2008, the interest rate on the \$2.5 billion note was 5.8%.

Our working capital requirements and capital for general corporate purposes, including acquisitions and capital expenditures, may be provided to us by Clear Channel Communications, in its sole discretion, pursuant to a cash management note issued by us to Clear Channel Communications. Without the opportunity to obtain financing from Clear Channel Communications, we may need to obtain additional financing from banks, or through public offerings or private placements of debt, strategic relationships or other arrangements at some future date. Management currently believes we could raise the funds if needed given our credit profile. Additionally, management believes our publicly traded stock could be used as a source to raise capital through public or private placements of our equity securities.

As long as Clear Channel Communications maintains a significant interest in us, pursuant to the Master Agreement between Clear Channel Communications and us, Clear Channel Communications will have the option to limit our ability to incur debt or issue equity securities, which could adversely affect our ability to meet our liquidity needs. In addition, the \$2.5 billion note requires us to prepay it in full upon a change of control (as defined in the note), and, upon our issuances of equity and incurrence of debt, subject to certain exceptions, to prepay the note in the amount of net proceeds received from such events. Under the Master Agreement with Clear Channel Communications and the \$2.5 billion note, we are limited in our borrowing from third parties to no more than \$400.0 million.

## **Debt Covenants**

The \$2.5 billion note requires us to comply with various negative covenants, including restrictions on the following activities: incurring consolidated funded indebtedness (as defined in the note), excluding intercompany indebtedness, in a principal amount in excess of \$400.0 million at any one time outstanding; creating liens; making investments; entering into sale and leaseback transactions (as defined in the note), which when aggregated with consolidated funded indebtedness secured by liens, will not exceed an amount equal to 10% of our total consolidated shareholders' equity (as defined in the note) as shown on our most recently reported annual audited consolidated financial statements; disposing of all or substantially all of our assets; entering into mergers and consolidations; declaring or making dividends or other distributions; repurchasing our equity; and entering into transactions with our affiliates.

In addition, the note requires us to prepay it in full upon a change of control. The note defines a change of control to occur when Clear Channel Communications ceases to control (i) directly or indirectly, more than 50% of the aggregate voting equity interests of us, our operating subsidiary or our respective successors or assigns, or (ii) the ability to elect a majority of the Board of Directors of us, our operating subsidiary or our respective successors or assigns. Upon our issuances of equity and incurrences of debt, subject to certain exceptions, we are also required to prepay the note in the amount of the net proceeds received by us from such events.

The significant covenants contained in the Clear Channel Communications \$1.75 billion revolving credit facility relate to leverage and interest coverage (as defined in the credit facility). The leverage ratio covenant requires Clear Channel Communications to maintain a ratio of consolidated funded indebtedness to operating cash flow (as defined by the credit facility) of less than 5.25x. The interest coverage covenant requires Clear Channel Communications to maintain a minimum ratio of operating cash flow to interest expense (as defined by the credit facility) of 2.50x. At March 31, 2008, Clear Channel Communications' leverage and interest coverage ratios were 2.4x and 5.6x, respectively.

There are no significant covenants or events of default contained in the cash management note issued by Clear Channel Communications to us or the cash management note issued by us to Clear Channel Communications.

At March 31, 2008, we and Clear Channel Communications were in compliance with all debt covenants.

**Table of Contents****USES OF CAPITAL****Acquisitions**

During the three months ended March 31, 2008, our Americas segment paid \$34.4 million for the acquisition of advertising structures and the final earnout payments for Interspace Airport Advertising, which we acquired in July 2006. Our International segment paid \$34.2 million primarily related to the acquisition of additional equity interests in outdoor companies and the acquisition of advertising structures.

During 2008, we exchanged assets in one of our Americas markets for assets located in a different market and recognized a gain of \$2.6 million in Gain on disposition of assets net. In addition, we sold our 50% interest in Clear Channel Independent and recognized a gain of \$75.6 million in Equity in earnings of nonconsolidated affiliates based on the fair value of the equity securities received.

**Capital Expenditures**

Our capital expenditures have consisted of the following:

<i>(In millions)</i>	<b>Three Months Ended March 31,</b>	
	<b>2008</b>	<b>2007</b>
Non-revenue producing	\$ 23.0	\$ 17.9
Revenue producing	50.3	29.4
<b>Total capital expenditures</b>	<b>\$ 73.3</b>	<b>\$ 47.3</b>

**Commitments, Contingencies and Guarantees**

From time to time, we are involved in legal proceedings arising in the ordinary course of business. Under our agreements with Clear Channel Communications, we have assumed and will indemnify Clear Channel Communications for liabilities related to our business. Other than as described in our Annual Report on Form 10-K for the year ended December 31, 2007 and Note 3 of the Notes to the Consolidated Financial Statements, we do not believe there is any litigation pending that would have, individually or in the aggregate, a material adverse effect on our financial position, results of operations or cash flow.

Certain agreements relating to acquisitions provide for purchase price adjustments and other future contingent payments based on the financial performance of the acquired company generally over a one to five year period. We will continue to accrue additional amounts related to such contingent payments if and when it is determinable that the applicable financial performance targets will be met. The aggregate of these contingent payments, if performance targets are met, would not significantly impact our financial position or results of operations.

**MARKET RISK****Interest Rate Risk**

We had approximately \$2.6 billion total debt outstanding as of March 31, 2008, of which \$2.5 billion is debt with Clear Channel Communications, \$84.9 million is variable based on market interest rates and the remainder is fixed rate debt. The debt with Clear Channel Communications accrues interest at a variable per annum rate equal to the weighted average cost of debt for Clear Channel Communications, calculated on a monthly basis. At March 31, 2008, 19% of Clear Channel Communications' debt was variable based on market interest rates. Each 50 basis point increase or decrease in interest rates would increase or decrease our interest expense and cash outlay for the three months ended March 31, 2008 by approximately \$0.7 million. This potential increase or decrease is based on the simplified assumption that the level of floating rate debt remains constant with an immediate across-the-board increase or decrease as of March 31, 2008, with no subsequent change in rates for the remainder of the period. This potential increase or decrease does not include any adjustment for a change in the fixed rate debt of Clear Channel Communications, which currently constitutes 81% of its total debt. The cost of Clear Channel Communications' fixed rate debt is likely to increase in the event of the consummation of the currently pending merger which would increase our interest expense on our \$2.5 billion of debt with Clear Channel Communications.

**Foreign Currency Risk**

## Edgar Filing: WisdomTree Trust - Form NSAR-B

We have operations in countries throughout the world. The financial results of our foreign operations are measured in their local currencies, except in the hyperinflationary countries in which we operate. As a result, our financial results could be affected by

- 19 -

## **Table of Contents**

factors such as changes in foreign currency exchange rates or weak economic conditions in the foreign markets in which we operate. We believe we mitigate a small portion of our exposure to foreign currency fluctuations with a natural hedge through borrowings in currencies other than the U.S. dollar. Our foreign operations reported net income of approximately \$75.8 million for the three months ended March 31, 2008. We estimate a 10% change in the value of the U.S. dollar relative to foreign currencies would have changed our net income for the three months ended March 31, 2008, by approximately \$7.6 million.

This analysis does not consider the implication such currency fluctuations could have on the overall economic activity that could exist in such an environment in the United States or the foreign countries or on the results of operations of these foreign entities.

## **Risks Regarding Forward-Looking Statements**

The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements made by us or on our behalf. Except for the historical information, this report contains various forward-looking statements which represent our expectations or beliefs concerning future events, including the future levels of cash flow from operations. There can be no assurance, however, that management's expectations will necessarily come to pass. We do not intend to update any forward-looking statements.
